Chapter 7: Something big

"But I can tell you that now there are two awesome cars in Liaocheng, and everyone in the car is looking for you. I just met them on the street." Li Tian suddenly remembered the two cars I met just now. Said the car.

After Li Tian suddenly said this, the woman's eyes became murderous in an instant.

"what did you say?"

"They came after so soon?" A word came out strangely from the mysterious woman's mouth.

When Li Tian heard her say this, he thought about it and said, "Do you know them?"

"Of course I do." Her voice was full of murderous intent.

"Is it your friend?" Li Tian asked again.

I saw the mysterious woman, suddenly turned her face to look at Li Tian: "What matters to you?"

"You'd better stay away from me as soon as possible, or you will definitely die." The woman said suddenly.

Hearing this woman say that, Li Tian was really angry and angry. He didn't expect this woman to be so unsure of what is good or bad? Curse yourself to die again and again? As if she was not dead, she was unhappy, shit.

He knew that what women said had other meanings.

"Well, since you don't want me to take care of you, this is my room. From last night to now, I've been considered my own bad luck, and I'm all considered to be looking for things by myself. Now you are also awake, shouldn't it be time to leave my room?" Li Tian said coldly.

The woman heard Li Tian's eviction order, and her face suddenly became cold and said, "You think Miss Ben likes to live in a broken house like you?"

As she said, she walked off the bed really hard, and walked out of the small iron door step by step, covering her wound, as if she really wanted to leave the room in front of her.

Just as she was about to reach the door of the room, the woman who was still glamorous just now suddenly softened her legs and fell to the ground.

Li Tian stood by, watching her fall down and said, "Pretend, continue to pretend?"

After staying for a while, Li Tian found that the glamorous woman didn't respond at all. He was immediately puzzled, and said anxiously: Is it really dizzy?

After thinking about it, Li Tian hurried to help the woman.

"Hey, hello, are you okay?" Li Tian looked at her worriedly.

But as for the glamorous woman, there was no reaction at all, her eyes were tightly closed, her face extremely pale.

Li Tian took a look at her wound, but saw that the purple and black color had extended to her body more and more, and the surrounding area had also begun to become swollen.

"What should I do?" Li Tian said depressed.

But in the end he slowly put the woman on his bed and continued to give her medicine.

"I hit someone, killed someone..."

A yelling sound was heard in Liaocheng in an instant. Liaocheng was very small, and the small scream that had been made just now spread almost everywhere in this small city.

Some people who like to watch the excitement can't help walking out of the house, looking at the place where the sound is coming from.

Some people ran directly to the location of the accident.

Even Li Tian is no exception, fighting on the street? There is a good show.

Thinking of this, Li Tian hurriedly went out to see who was fighting. Three types of fights often occurred in Liaocheng. One was the wife fighting with the husband, the other was the mother-in-law and the daughter-in-law, and the other was Fights between neighbors in the neighborhood.

These kinds of fights can be described as colorful, so Li Tian at this meeting wanted to go out and see what was going on. Whose family was fighting again?

When he ran out, many people were already standing outside.

"Aunt Wang, are you fighting?" Li Tian asked a woman in her 30s.

The woman called Aunt Wang pointed to the front place and said, "Front."

After listening, Li Tian let his legs go to watch the excitement. When he ran here, he suddenly realized that the scene of the fight today was far from a fight with neighbors in the neighborhood, let alone the fight between the mother-in-law and the daughter-in-law, but there were people. Beating in broad daylight,

The shot was a man in a black suit, with two cars parked next to him, one was a Land Rover and the other was an Audi.

When seeing these people, Li Tian was slightly startled, it turned out to be them.

Who was beaten? It turned out to be Li Tian's original restaurant owner, that fat man?

It turns out that those guys with unknown origins just went to Fat Wang Qiang's shop to ask for clues to a woman, but Wang Qiang offended these people with unknown origins, isn't it? The one who was beaten at the moment wailed on the ground.

The man in the black suit kicked and beat, and the fat man Wang Qiang fell to the ground with a blue nose and face, without any strength to fight back.

None of the neighbors in the neighborhood dared to say a word, because everyone could tell that these people who came to Liaocheng suddenly from unknown origins were definitely not easy roles.

Li Tian was also standing there, not daring to move forward.

He knew in his heart that these people of unknown origin were looking for the woman lying in his room, but he could not say that Li Tian was not stupid. He could hear the words in front of her looking for her from the words of that woman. The person is definitely not her friend.

"Forget it..."

Suddenly a sharp voice came out of the car, and then the car door slowly opened, and walked out of the car, a man who was slightly shorter but had a pair of venomous snake eyes.

The man was pale, injured and wearing a weird viper ring.

Isn't this person just that gangster? After the poison came down, walked down from the other side of the car a burly man like an Arhat. He was more than 190 cm tall, with red hair and strong muscles that tightened his clothes.

Looking at such a person gives people a feeling of oppression. When they walked out, the neighbors who were onlookers couldn't help taking a step back.
