A Killer 701

Chapter 701: Dealing with the Duanmu Family

And Li Tian still has so much hatred to report, so many people are waiting for him to protect... But now?

"Forget it, don't worry everyone!"

"I think Li Tian should be fine!" Chen Qiaozhi said comfortingly there.

Although everyone knows that Chen Qiaozhi's words are words of comfort, but everyone still prefers to believe his words.

While the brothers were talking about Li Tian's arms, they saw that Li Tian happened to come in from outside.

Behind him was Duguxie and the ghost servant.

After seeing Tang Xiaolong and Ah Qiu who were already able to get out of bed and walk, Li Tian was of course extremely happy.

"Xiaolong, Aqiu, are your injuries all right?" Li Tian walked over quickly, looking at them with a happy expression on his face and asked.

But seeing that Tang Xiaolong and A Qiu hurriedly greeted Li Tian after seeing Li Tian.

"We are all right."

Tang Xiaolong looked at Li Tian, his eyes were full of sentimentality, and he couldn't help looking at Li Tian's arm with a pair of eyes.

Li Tian saw the weird expression on Tang Xiaolong's face and couldn't help asking, "What's the matter? Xiaolong?"

"Hey! Little boss... I'm sorry, it's all brothers incompetent!" Tang Xiaolong suddenly sighed.

"Why do you say that?" Li Tian asked curiously.

Tang Xiaolong hesitated to say something, but after thinking about it, he finally said it.

"Little boss, your arm... is your arm real..."

When Li Tian heard Tang Xiaolong say this, a wry smile suddenly appeared at the corner of his mouth. It turned out that Tang Xiaolong and his brothers were worried about this.

But seeing Li Tian stretched out his arms, he looked at them and said, "Hmm!"

"My arm is useless." A word came out flatly from Li Tian's mouth.

Although he said it was extremely relaxed, but who can understand his inner suffering?

"Little boss..." Tang Xiaolong cried out in pain.

A Qiu and Old Monster Ge on one side also stood there with sad expressions.

Li Tian looked at his brothers with a smile. The last thing he didn't want was his weakness and incompetence in front of his brothers.

So even if he feels distressed, he can only endure it, but seeing Li Tian smiled and stretched out his hand and gently patted Tang Xiaolong's shoulder in front of him and said, "Don't worry about me... I believe that my arms always I will recover in one day."

"Yes! Our young master is right!"

"One day, the young master's arm will not only heal, but the skill will also increase to the next level!" The ghost servant wearing a grimace mask also suddenly stood up and said.

Listening to the ghost servants and Li Tian all saying this, although the brothers were still a little sad in their hearts, no one spoke any more.

"Little boss, I heard that the Yuwen family's Xuanyuanjian was robbed?" Tang Xiaolong suddenly remembered and asked Li Tian there.

"Yeah." Hearing Tang Xiaolong's words, Li Tian frowned depressed.

Now he is also worried about this matter.

"Who is so courageous as his uncle? He dared to grab Xuanyuan Sword? It's simply impatient." Tang Xiaolong said angrily.

Li Tianchang sighed and said, "The enemy!"

"And also a bunch of extremely powerful enemies in martial arts."

Li Tian thinks of the few masters currently born in the gate of hell, he has a headache!

Because he still doesn't know how mysterious the gate of **** he will deal with in the future, and how many masters like Ouyang Longyan are there in the gate of hell?

Wanting to avenge the blood and deep revenge, with his current strength, it is impossible at all.

When Li Tian said that he was an enemy, the brothers were all startled slightly.

They could feel the aura of revenge emanating from Li Tian's whole body... the aura was very strong, as if he was about to do this right away, but he still resisted it!

Because he knows himself.

After being silent for a while, Li Tian finally slowly raised his head with a smile on his face and looked at the brothers.

"But don't worry, everyone...Though I will definitely repay those hatreds in my life, but I don't seem to be able to repay them now...because I am really capable." Li Tian said with a wry smile.

When Tang Xiaolong and Chen Qiaozhi heard Li Tian say this, there was not only a little sentiment in their hearts, especially when they thought of Li Tian's two dead arms.

"Then what should we do now? Continue to help Mr. Yuwen find their family's Xuanyuanjian?"

"Little boss, I don't want to help that **** find their family's Xuanyuan sword." Tang Xiaolong said angrily, thinking of that Yuwen Emperor broke Li Tian's arm, Tang Xiaolong wanted to pull that Yuwen Emperor Skin, twitched his muscles.

Li Tian also smiled and shook his head.

Because he didn't plan to find the lost Xuanyuan Sword now, besides, even if Li Tian wanted to help the Yuwen family find Xuanyuan Sword, he still had to have that time?

But does he have it?

He didn't!

The Sanshengmen Poison in his body has penetrated into his chest... If he does not look for the antidote for the Sanshengmen Poison of the Duanmu family, he will undoubtedly die.

So at this moment Li Tian said slowly: "Now we are going to deal with Duanmu family."

Duanmu family?

When the brothers heard the words of the Duanmu family, there would be flames of revenge all over their bodies.

There is no way, the Duanmu family is insidious behind the road. If it were not for the Duanmu family, how could Li Tian's arm be broken? If it weren't for the Duanmu family, how could Li Tian be forced into that?

So all this hatred comes from the real behind-the-scenes, Duanmu family!

But what Li Tian had to do now was to take his brothers with him, but to find the Duanmu family to settle accounts, new hatred and old hatred, this time Li Tian wanted to figure it all out.

"it is good!"

"Mother, the reason why our brothers have done so many things is actually because of the insidious **** of the Duanmu family. If I don't slaughter some of their family members this time, I am sorry to myself." Tang Xiaolong Roared.

The ghost servant looked at Tang Xiaolong and laughed.

"Young Master, your brother is quite interesting, I like it better." The ghost servant said with a hoarse voice, looking at Tang Xiaolong with a face wearing a grimace.

Tang Xiaolong didn't know who this scary man wearing a grimace mask was before? In his heart, he may only feel that this character may be a little uncomfortable.

But since he woke up, Chen Qiaozhi told him the identity of Duguxie and ghost servant.

Tang Xiaolong now knows that the man wearing a grimace mask standing in front of him is not an ordinary character. He is a famous figure in the world, the shadow ghost servant!

Chapter 702: Apprentice

Then Tang Xiaolong heard the famous shadow ghost servant complimenting him, and he suddenly felt excited.

To be praised by such a senior expert, he is of course a cheerful Pidianpidian.

Excited and extremely shameless, he said, "Senior ghost...Actually, I still think your old thief has vision, and I also think I am pretty good."

Listening to Tang Xiaolong's words, the ghost servant suddenly laughed.

Li Tian and his brothers all laughed.

This is the first time the brothers laughed so happily after going through hardships.

"Ghost servant, what do you think of this brother of mine?" Li Tian suddenly felt a thought in his heart, looking at the ghost servant and asked.

Ghost servant blinked his eyes and smiled and said, "It's okay."

"Hey, how about letting Xiaolong worship you as a teacher?" I just heard Li Tian suddenly say there.

After the words came out of Li Tian's mouth, all the brothers were taken aback.

What about Tang Xiaolong? I was even more shocked there, and then that face suddenly showed great excitement.

Gosh!

Tang Xiaolong worships ghost servants as his teacher?

Does the famous shadow ghost servant really want to accept disciples?

"Ghost servant, what do you think?" Li Tian asked while looking at the ghost servant with a smile.

Of course Li Tian knew the excitement in Tang Xiaolong's heart, so there was no need to ask him at all, he knew that he must have a million willingness in his heart, and now he only looked at the thoughts of the ghost servant.

Besides, after hearing Li Tian say this, the ghost servant blinked.

Then he didn't express his position directly, because a mysterious master like him would normally not teach his unique martial arts to others.

After the ghost servant blinked, he looked at Tang Xiaolong who was all excited in front of him, looked up and down for a few times, and then murmured: "The bones, the body is not bad...but My ghost servant has never accepted an apprentice in my life! If I really want to accept an apprentice, I must never accept a stupid apprentice...In that case, I would not teach him martial arts if I was killed."

After listening to the hoarse voice of the ghost servant saying this, Tang Xiaolong's whole body was beaten with blood, and he was suddenly excited.

"Senior ghost, I'm not stupid, I'm really smart, I'm really not bragging, a few of our brothers, besides the little boss, I'm the smartest, really, don't believe you ask the sick ghosts, their heads They are all low IQs. Compared with me, they are not of the same grade..." Tang Xiaolong said shamelessly.

Chen Qiaozhi on the other side was immediately full of contempt when he heard this man talking, but the corner of his mouth showed a smile, because today if the famous ghost servant can really accept Tang Xiaolong as an apprentice, then that really counts as yes. A very happy thing.

You must know that not everyone has such an opportunity, and not everyone can meet such a peerless person.

Then Li Tian, the ghost servant and Du Guxie standing there laughed.

"Really? Is it really smart?" said the ghost servant, smiling at that Tang Xiaolong.

"Really, really." Tang Xiaolong said with a smirk.

"Haha, well, since our young master has already spoken, then you should follow me to experiment for a while. If I find you stupid by then, I won't teach you again." Ghost servant said.

Hearing what the ghost servant said, Tang Xiaolong flopped and knelt on the ground with both legs directly, with infinite excitement on his face, and thumped his head three times in a row.

"Master..." a word came out of Tang Xiaolong's mouth.

The ghost servant smiled, and nodded silently: "Get up."

In this way, Tang Xiaolong later became the apprentice of the shadow ghost servant.

Maybe it was a coincidence, maybe it was fate, but no matter what, Tang Xiaolong had officially worshipped the shadow ghost servant as his teacher.

I think in front of the evil gods back then, there were: Immortal servants, how powerful is the ghost servant? I guess I asked those old people 20 years ago, maybe they will know, maybe they will remember.

No matter what, the shadow ghost servant can be regarded as a man of the first generation!

Although Tang Xiaolong was born in the special forces and has the title of invincible king, he was in the special forces after all.

After he came out, Tang Xiaolong followed Li Tian all the way. To tell the truth, he finally knew what it means to be someone outside. There is a sky outside, and there are so many masters in the outside world.

So now with his strength, he is just a small crab and shrimp in the big river, what he has to do before him is to quickly improve his strength.

Because only in this way can he follow Li Tian and protect Li Tian, who "has not recovered his arms".

And this was actually the final thought of the ghost servant.

To be honest, when the ghost servant first saw the martial arts of Li Tian's brothers, he not only frowned, but couldn't help thinking in his heart that if they wanted to follow Li Tian into the world in the future, it would be tens of thousands. No...so he moved a little compassionately.

Now no matter what, Tang Xiaolong has really become the apprentice of the ghost servant, presumably under the careful training of the ghost servant, Tang Xiaolong's strength should be improved quickly.

After Li Tian arranged everything, he was ready to leave the Ouyang family.

Originally, he wanted to find Feng Lao and ask about the Tianshu Danjuan, but Feng Lao Quren left the Ouyang family early... So although Li Tiantian still had doubts in his heart, he had to do it immediately. The most important thing for yourself.

And the most important thing is the Sanshengmen poison in his body.

Now Li Tian, who has been poisoned by the Duanmu Family Sanshengmen, has black silk all over his chest. At night, Li Tian will look at the black lines on his chest in the mirror alone. To be honest, even he himself is scared.

He didn't expect that the Sanshengmen Poison would spread so quickly. Now it has soaked his entire chest. Hearing from the ghost servant said, once the Sanshengmen Poison invades Li Tian's head, he will definitely die by then, So Li Tian was worried in his heart.

Isn't this? Li Tian now put aside everything, put aside the matter of the missing Xuanyuan Sword, and also put aside the matter of the mysterious door of hell, and turned around to prepare to go to the Duanmu family to avenge his blood.

Li Tian, his brothers, and Situ Ningbing are now ready to bid farewell to the Ouyang family.

In the main hall, but seeing Ouyang Zhengtian, the Patriarch of the Ouyang Family, was sitting there, when he saw Li Tian and all of them came, he was not only slightly startled.

"Patriarch Ouyang." After Li Tian arrived, he said with a smile.

Then Ouyang Zhengtian also smiled faintly, looking at Li Tian and all the people he had brought, and asked quite surprised, "You are...?"

Chapter 703: I won't be jealous

Li Tian smiled and said, "It's true that we have been in Ouyang's house for so long, so I am embarrassed, so today we came here to say goodbye to the owner of the house.

Listening to Li Tian saying that he was leaving, Ouyang Zhengtian was taken aback for a while, staring at Li Tian and his brothers with a pair of eyes in surprise.

"what?"

"You want to go too?"

Li Tian nodded silently.

"Why? Isn't it good to live here?" Ouyang Zhengtian asked.

Li Tian hurriedly said, "No, no, don't get me wrong, Patriarch... The reason why I want to leave is because I have my own business to do... Besides, I have the poisonous Sanshengmen from the Duanmu family in my body."

Hearing what Li Tian said, then Ouyang Zhengtian understood.

"Oh. I see."

"I have forgotten about Sanshengmen poison in your body." Ouyang Zhengtian suddenly sighed.

Ouyang Lie, the youngest third of the Ouyang clan next to him, said in a loud voice, "Yes, the Sanshengmen Poison thing can't be delayed! You must ask the dark Duanmu clan for a cure as soon as possible... It would be unthinkable not to succeed."

That Ouyang Lie knows the poison of Sanshengmen very well, his sauce-red face...why is it like this? It was because of the three-life poison of the Duanmu family during the battle of the four major families ten years ago!

"Yeah! Well, since you are going to do business, then I am not ashamed to stop you..."

"I just hope that after you finish this matter, if you still stay in Jinghai City, you must have our Ouyang family sit down." Ouyang Zhengtian said politely.

Li Tian smiled and said, "Then I will take my brothers here to thank the Patriarch...If there is time in the future, we will definitely come again."

"Ok."

"By the way, let's say goodbye to your old man for our two brothers." The ghost servant suddenly said in a hoarse voice.

Ghost servants and Duguxie were originally peerless figures who became famous with Old Man Ouyang. At this moment, the two of them are leaving here and should say goodbye.

When Ouyang Zhengtian heard the ghost servant say this, he smiled: "Senior ghost's words, I must pass on to my father."

But the ghost servant suddenly smiled strangely: "Also, tell the old man for me, after we help the young master get the antidote to the Sanshengmen, we will find him soon!"

"Because we still have a lot of things to say with the old man."

Listening to the ghost servant's words, Ouyang Zhengtian's face turned slightly ugly, but he still smiled awkwardly: "Okay, okay, okay, I must pass this to my father."

Of course Ouyang Zhengtian didn't know why the ghost servants and Duguxie looked back to the old man again... Although he was puzzled, he couldn't ask again.

But he said that after the ghost servant finished speaking, he turned to Li Tiandao in front of him and said: "Young Master, we have said everything that should be said, let's go."

After speaking, he followed Li Tian to the outside of the main hall of the Ouyang family.

After they walked out of the main hall, Ouyang Zhengtian's face slowly wrinkled.

Ouyang Lie next to him was full of curiosity and asked Ouyang Zhengtian in a loud voice, "Big Brother, what did the ghost servant mean? Why did he still look for our father?"

Ouyang Zhengtian shook his head slightly, sighed softly and said, "I don't know, but I can feel it. This should not be a trivial matter."

"Remember the last time the two of them looked for our father? His father has been depressed since then... So I guess that ghost servant and Duguxie must have some contradiction with his father."

Hearing the words contradiction, Ouyang Lie's expression became extremely ugly: "What should I do?"

Ouyang Zhengtian sighed slightly and said, "Wait, now we only have to wait for my father to tell us the truth."

In this way, Li Tian prepared to leave the Ouyang family in front of him.

After he took his brothers out of the main hall of the Ouyang Family, Li Tian felt a little reluctant in his heart for some unknown reason.

That feeling seemed to have a faint loss...and it seemed that I had overlooked something...someone...

Who did he ignore? Maybe only he knows.

Isn't this? Li Tian couldn't help looking back at the Ouyang family in front of him...

When he looked back, Situ Ningbing next to him saw Li Tian's mind.

"Li Tian." Situ Ningbing whispered to Li Tian softly.

Her glamorous and exquisite face was being raised there, blinking at her beautiful eyes.

Li Tian turned his head to look at his lover, his heart was warm, stretched out his hand, and gently took Situ Ningbing's jade-like hand and said slightly, "What's wrong? Ningbing?"

But seeing Situ Ningbing looking at Li Tian's eyes, and then silently said, "Do you miss her?" A word suddenly came out of Situ Ningbing's mouth.

It is said that a woman knows a man best? Is this true or false? No matter what, it seems that Situ Ningbing has a deep understanding of Li Tian.

Yes, Li Tiantian still couldn't put a person in his heart.

Can't let go of her!

The woman he once liked, the stubborn and arrogant woman who used her body to block her in front of her to die for herself...

Ouyang Shiqing.

Although Li Tian has been in the Ouyang family for a while, he hasn't seen the poetic side of Ouyang so far, let alone speak.

So how can Li Tian not lose?

He is not a cold-blooded animal, how can a man be ruthless?

So Situ Ningbing in front of him could see through Li Tian's mind at a glance.

Hearing what Situ Ningbing said in front of him, Li Tian was embarrassed, but he nodded slowly.

He is a person who doesn't like to lie, especially in front of his favorite woman.

"To be honest, I haven't seen her since I came here... I don't know what happened to her?" Li Tianyouyou said.

When Situ Ningbing heard Li Tian say this, she asked, "Do you want to see her now?"

Li Tian thought for a while and said, "Forget it, no need."

"I think you'd better meet..." Situ Ningbing said.

"You may not know her friendship for you, but as a woman, I know." Situ Ning Bing Ying's lips slowly spit out these words.

Listening to Situ Ningbing's words, Li Tian hesitated.

"Go, go and meet her, to be honest, Sister Shiqing is a good girl... and she is so pretty." Situ Ningbing said sincerely.

When Li Tianyi heard this, he not only said, "Then you..."

Situ Ningbing smiled and said: "Don't worry, I won't be jealous. Before I met her, I might be jealous, but from her there is still Muying's body. I think I might be wrong before. Up!"

Chapter 704: I like you

"They are really nice to you... so I am also very relieved, after all, my man is so good."

Listening to his favorite woman being able to say such a thing, then Li Tian is of course happy.

"Go and see her, you have been to the Ouyang family for so long, and you haven't seen her once." The last Situ Ningbing urged Li Tiandao there.

Li Tian thought for a while and nodded.

"it is good!"

Then he turned his head and said to the brothers: "You go first, I'll do something for myself... and then meet you right away."

Hearing what Li Tian said, the ghost servants, Duguxie and others glanced at Li Tian, thought about it and said, "All right.

"Young Master, we will be waiting for you in the front place."

After Li Tian nodded, then glanced at his favorite Situ Ningbing, then turned and walked quickly towards the mansion of the Ouyang family.

Ouyang Shiqing's boudoir is on the right side of the Ouyang family's mansion.

In front of her boudoir was a beautiful garden with all kinds of flowers and fragrance.

Looking from a distance, a beautiful and lonely figure is sitting quietly on a white chair in front of the boudoir, her hands are squeezed with her exquisite chin, and the perfect matte face is sad. Looking at the flowers and plants in the garden.

Although the flower is beautiful, no one appreciates it and loses its color.

Those flowers are blooming there as lonely and quietly as her.

A waterfall of black hair draped over her tender shoulders, and she was sitting motionless in a light blue dress.

If someone can take this shot with a camera at this moment, it will definitely become a lonely beauty.

While Ouyang Shiqing was alone and quietly squeezing his chin with both hands, a slight sound of footsteps suddenly sounded behind.

Although Ouyang Shiqing was immersed in a person's loneliness, she still heard the footsteps behind.

"Who?" But seeing a crisp voice yelled out of her mouth, and then her glamorous melon face turned around in an instant.

The moment she turned around, she saw him who was thinking about it.

Her eyes were filled with deep shock and astonishment. After so many days and so long, she was thinking of him all the time? But now? When she saw him with her own eyes, she stood there blankly.

He is still like him, but Li Tian looks thinner after the illness, his face is a little yellowish.

And her? She is still so beautiful, but that beauty is slightly sad, just like Lin Daiyu in Cao Xueqin's book.

"Poetry..." The name came out from Li Tian's mouth.

He looked at her there with a smile on his face.

What about Ouyang Shiqing? At this moment, he was a little at a loss, his delicate face was flushed, looking at him.

"You... why are you here?" A word came out of her mouth.

Li Tian walked to her and looked at her beautiful eyes: "I may be leaving your family... so I want to come and see you."

"Are you going?" When Li Tian said that he was leaving the Ouyang family, sadness suddenly appeared in Ouyang's poetic eyes.

Li Tian sighed helplessly and nodded.

"Yes."

"Because I have the Duanmu family's Sanshengmen poison in my body...so I must go to the Duanmu family and get the antidote." Li Tian told her the truth.

After listening to Ouyang Shiqing, he looked at Li Tian with concern: "Then is your poison getting in the way now? Will you hurt?"

Listening to her worry, Li Tian smiled and said, "I'm fine! The Sanshengmen poison in me is a chronic poison. Only when the poison is on, it will be painful. It is all well now.

"Oh, that's good, then I can rest assured." Ouyang Shiqing said.

Finished speaking, but seeing her slowly turning around and walking gently, she said: "I thought you would never see me again..."

"How come, you are so good to me! I, Li Tian, won't miss you no matter how bad-hearted I am." Li Tiandao.

"Besides..."

Ouyang Shi, who was in front, smiled leisurely.

"Besides what?" After saying this, Ouyang Shiqing suddenly raised her beautiful eyes and looked at Li Tian in front of her.

Li Tian hesitated there, that sentence was held in his mouth, wondering whether he should say it or

He slowly raised his eyes to look at her in front of him, and finally made up his mind to say: "Besides, I like you."

How much friendship does a sentence like you contain?

Maybe only the two of them can know.

When Ouyang Shiqing heard this belated liking, she was both excited and happy in her heart.

Her heart was pounding, and her face slowly turned flush, and the eyes that Li Tian was looking at were moved away embarrassedly.

"You... are you telling the truth?" Ouyang Shiqing turned around with shame.

Looking at her Qianli's back, Li Tian wanted to go up and hug her and tell her that what she said was true.

But he stopped his "devil" thoughts and stood behind her silently and said: "What I said is true!"

"From the first time I saw you, I liked it... It's a pity that my status was too low at that time to be worthy!"

"You are so good and so beautiful! Sometimes I don't even dare to like you." Li Tian said silently, so far he is the opposite.

Ouyang Shiqing is indeed very good.

She not only has the beauty of a peerless city, but also has a prominent family background. What's more, this big beauty was once known as a talented girl. She obtained an emba business doctor at the age of 19, and she has been studying abroad for two years. Only in business, or in all aspects, she is a leader.

Such a beautiful talented person, is there still in this world?

So so far, Ouyang Shiqing's position in Li Tian's heart is unattainable.

When Ouyang Shiqing heard Li Tian say this, a smile appeared on her face.

"fool!"

"Don't you have to worry so much about loving someone?"

"I think as long as you truly love... everything will not hinder you, what do you say?" The clear words came out from her cherry lips.

Li Tian stood there thinking for a while, then nodded.

"you're right!"

"Then how do you treat me now? Do you still like it?" Ouyang Shiqing suddenly raised her beautiful eyes and stared at Li Tian there.

She said to a man for the first time: Love! This word made her pretty face blush.

The big intellectual beauty in the past is like a little woman wrapped in happy love at this moment...

I saw Li Tian looking at her peerless face... looking at her clear eyes.

"I like you!" a happy word came out of his mouth.

Chapter 705: I tell you

After Ouyang Shiqing said these words, Li Tian, who was in front of him, moved slightly in his heart.

Looking at the beautiful Ouyang Shiqing in front of him, he couldn't help but stretched out a hand to hold Ouyang Shiqing's tender fingers.

When I touched Ouyang Shiqing's soft hand, I could clearly feel the touch-like tremor from her fingers.

She stood there blushing, motionless.

The two held hands together.

"Are you leaving our family soon?" Ouyang Shiqing asked Li Tian with her crystal clear water-like eyes suddenly raised.

After he asked, Li Tian nodded.

"Ok!"

"I'm going to deal with the Duanmu family..." Li Tiandao.

Ouyang Shiqing was silent for a while without speaking.

After a while, he slowly raised that exquisite face to look at Li Tiandao and said, "Will you come back?"

Hearing Ouyang Shiqing's words, Li Tian's heart throbbed, and the hand holding Ouyang Shiqing became tighter.

"I will! I will come back." Li Tian said word by word.

When Ouyang Shiqing heard Li Tian say this, a sweet feeling rose in her heart.

"I'm waiting for you." A word of oath also slowly came out of her mouth.

She will wait for him, even if she waits until the end of the world, she will continue to wait for him.

Two people, two hands, are tightly connected at this moment...like their hearts.

Duguxie and the ghost servants have brought their brothers out of the Ouyang family in front of them.

At this moment, they were sitting in a coffee shop waiting for Li Tian.

Because the ghost servant wore a grimace mask on his face, when he entered this Starbucks, the waiters in the coffee shop all had horrified eyes.

But they did not dare to speak.

After a short while, the waiter came up with a few cups of coffee, then looked at the ghost servant with a weird look, and said: Please use it slowly, after which, he quickly retreated.

The ghost servants here and Du Guxie were waiting for Li Tian while drinking coffee.

"Master, I don't know if I should ask if I have a question." Tang Xiaolong asked with a smile at the ghost servant who was slowly drinking coffee.

Hearing Tang Xiaolong's words, the ghost servant raised his eyes and looked at him and said, "What's the matter?"

"Hey, I want to ask, what is the relationship between the master and Senior Dugu and our little boss?" Tang Xiaolong in front of him asked in surprise.

In fact, this is not only Tang Xiaolong's most depressing question, even Old Monster Ge, Chen Qiaozhi, and Situ Ningbing don't know why this famous Duguxie and that ghost servant suddenly treat Li Tian so well?

And they really couldn't understand why these two senior-level seniors would call Li Tian a young master?

Isn't this? After Tang Xiaolong asked, Situ Ningbing, Chen Qiaozhi and Old Monster Ge also blinked and looked at the ghost servants and Duguxie in front of them.

But the ghost servant blinked his sharp eyes, then looked at Tang Xiaolong and Li Tian's brothers in front of them and said, "What? You don't know yet?"

Then Tang Xiaolong was taken aback.

Then decisively shook his head: "I don't know."

"To be honest, we have all heard of the master's name before, and the name of Senior Dugu... but we really can't understand, what is your relationship with our little boss, and why did you help us before?"

Listening to Tang Xiaolong's words, the ghost servant laughed strangely with a hoarse voice.

"It seems that you really don't know anything." Ghost servant said.

"Master, tell me, tell us the truth." Tang Xiaolong asked.

The ghost servant turned his face and glanced at Duguxie over there, and said, "Second brother, do you want to tell them?"

Duguxie groaned for a while, and then said silently: "Well, it's okay to tell them! Anyway, they are good brothers of our Young Master from birth to death."

After Duguxie said this, the ghost servant slowly turned his face, then looked at Tang Xiaolong in front of him and said, "You really want to know?"

"Of course I did, Master." Tang Xiaolong said excitedly.

"Okay, then I'll tell you."

So the ghost servant said, "Do you know why my second brother and I call him the young master?"

After the ghost servant in front of him said this, Tang Xiaolong and Chen Qiaozhi both shook their heads slightly, saying that they didn't know. In fact, they were also very puzzled as to why this Duguxie and the ghost servant would treat Li. How about Tianbai obedience?

The ghost servant said: "Because his father is our master and our best and closest elder brother."

After the ghost servant spoke a word, Tang Xiaolong and the capital of Chen Qiao in front of him were stunned. Even Situ Ningbing over there blinked at the ghost servant in confusion.

Interrupted and said, "I heard Li Tian say that he really wanted to be an orphan since he was a child...how could it happen, how could there be a parent suddenly?"

When Situ Ningbing met Li Tian in the small Liaocheng, Li Tian did say that he was an orphan at that time. At this moment, Situ Ningbing suddenly heard the ghost servant in front of him saying that they were Li Tian's father's brother.

Tang Xiaolong next to him also raised his eyes and said, "Yes, Master, our little boss did tell us before that he is an orphan, why are his parents now out?"

The ghost servant groaned when they heard them asking.

"You don't know these."

"Do you know who the father of your older brother is?"

Hearing the sudden cold voice of the ghost servant in front of him, Tang Xiaolong, Chen Qiaozhi and Old Monster Ge beside him were all taken aback.

"Who?"

"Your eldest brother's father was a man who shocked the entire Chinese and foreign countries more than 20 years ago, and he is a hero of the first generation. As long as he is there, no one in the world dares to win him!"

Hearing the ghost servants in front of them say this, Tang Xiaolong, Old Monster Ge and Situ Ningbing were completely shocked.

Only that Chen Qiaozhi slightly held the golden glasses on the bridge of his nose and suddenly said in shock: "The person that Senior Ghost said is the evil **** that dominated the world more than 20 years ago?"

After the words Cthulhu uttered, they were all speechless, and there was nothing else on their faces except extreme shock.

The ghost servant suddenly laughed and said, "Not bad!"

"That is our young master's father and our elder brother, the evil **** who was above one person and under ten thousand twenty years ago."

"Unexpectedly, my eldest brother has disappeared for more than 20 years. You still remember his name." The ghost servant said with a wild laugh.

After the ghost servant admitted, Chen Qiaozhi was completely shocked there.

Chapter 706: Our enemy

My God, Li Tian's father turned out to be the famous evil **** twenty years ago?

That peerless figure that many people wanted to defeat, but was unbeatable, Cthulhu.

Although Tang Xiaolong and Old Monster Ge in front of them had never seen the evil god, they had heard about the deeds of the rivers and lakes that year.

The legend of Cthulhu has long been legendary by the characters on the Tao... Now the character of Cthulhu is not simply a simple name in the hearts of some Taoists... but a symbol, a kind of contempt. Symbol of the world.

So when the brothers heard that Li Tian's father was the evil **** who was once invincible, of course they would be extremely shocked.

Even Situ Ningbing stood there blankly.

"Li Tian's father is really the evil **** who once dominated the world?"

"Oh my god? That's how it is!"

"No wonder even the ghost servants and the super masters like the evil sword Duguxie who have not been born in twenty years will suddenly appear... and follow him? So everything turned out to be like this?"

Then Tang Xiaolong was excited and excited again.

"I rub, it turns out that our little boss's father is so awesome!"

"It turns out that Cthulhu is the father of our boss! My God, I'm so honored..." Tang Xiaolong said incoherently.

Then Chen Qiaozhi and Old Monster Ge were also shocked.

To be honest, the reason why Chen Qiaozhi and Old Monster Ge followed Li Tian before is because Li Tian is extremely loyal.

Moreover, the clever Chen Qiaozhi always felt that Li Tian had a unique breath, what exactly was that breath? He actually couldn't feel it before.

But now, when he heard the ghost servant suddenly tell the truth about Li Tian's life experience, Chen Qiaozhi suddenly understood what Li Tian had given him before!

Is domineering!

Is a domineering domineering hidden in the body!

It's just that Li Tian has not yet brought out the aura hidden in his whole body. Once he can do it out, he is definitely a very human!

"I am also happy for our young master to have a group of good brothers like you." The ghost servant said hoarsely.

"Thank you, Master, for saying that!"

"To be honest, a few of us have already given our lives to our little boss. For so long, we have been following the little boss from birth to death. Moreover, the little boss does a lot of things for our brothers... So, no matter what our life is. We are all set up with our little boss." Tang Xiaolong said with a smile.

Chen Qiaozhi, Old Monster Ge, and A Qiu who didn't like talking all nodded silently.

"it is good!"

"In this life, apart from brothers, what is more important!" the ghost servant said boldly.

On the contrary, Situ Ningbing over there didn't know why when she heard Li Tian's true identity, her pretty face seemed a little hesitant.

But her hesitation was only a fleeting thing, and the brothers in front of her and the ghost servant didn't notice the change in her face.

After the ghost servant told Li Tian's father's true identity, Tang Xiaolong couldn't help but ask: "By the way, Master, where is the evil uncle now?"

"Why a world-famous person like him hasn't been born for more than 20 years?

"Also, why didn't Uncle Cthulhu see our little boss?" Tang Xiaolong couldn't help but ask.

How could a character like them know the disappearance of the evil **** back then? So at this moment Tang Xiaolong couldn't help but ask.

After hearing Tang Xiaolong's question in front of him, the ghost servant hesitated.

At the same time, those gloomy eyes became ugly in an instant.

That Chen Qiaozhi and Old Monster Ge were all turning their heads to look at the ghost servant at the moment, and they all felt something was wrong with the atmosphere.

He said that after the ghost servant was silent, he slowly raised his eyes and looked at Tang Xiaolong and the others, saying, "That's because our big brother disappeared..."

"He disappeared for almost twenty years... That is, when our young master was just 1 year old, our elder brother disappeared... For so many years, my second brother and I have been searching for elder brother all over the world. The trail...but I haven't found it so far."

what?

When the brothers heard the ghost servant say this, they all looked at him in shock.

Especially Tang Xiaolong in front of him, blinking a pair of eyes and asked: "Master...How can Uncle Evil God disappear?"

"Should someone like him not know how to do it?" Tang Xiaolong asked in surprise.

The ghost servant said: "You don't understand the grievances and hatred here!"

"Twenty years ago, our eldest brother offended a group of people because he was too famous, and that gang of **** did everything possible to avenge us... On that night more than 20 years ago, our eldest brother was Besieged by a group of masked masters... Our eldest brother resisted those masked masters on his own, and saved us... and the young master, but since then our elder brother disappeared... for so many years, For almost 20 years, no one knows what is going on with Big Brother now!"

Speaking of these past grievances, the ghost servant's voice became slightly trembling.

And the brothers in front of you? After hearing about the night twenty years ago, I was stunned.

The impatient Tang Xiaolong immediately looked ugly and yelled: "Master, what kind of **** dares to deal with you like this?"

"Why do those **** do this?"

The ghost servant suddenly filled his body with a cold breath, and said coldly: "They are our enemies! They are our enemies for life."

"The name of their organization is Hellgate."

"This organization used to recruit experts from all over the world to deal with us and our eldest brother... On the night 20 years ago, they finally besieged us... At that time, we and our eldest brother totaled 7 people, but the experts we faced had Dozens...Our eldest brother... disappeared that night."

Hearing what the ghost servant said, Tang Xiaolong clenched his fists tightly together, and said with hatred burst into his eyes: "Asshole! Asshole!"

"So many people bully the masters and several people... These **** are just a bunch of craps!" Tang Xiaolong said angrily.

The ghost servant chuckled.

"The gate of hell?"

"What a weird organization name." Chen Qiaozhi murmured.

The old monster Ge beside him was also listening to this weird name in his ears with blinking eyes...To be honest, this name really sounds scary.

"What about after the gate of **** besieged you that night?" Situ Ningbing suddenly interrupted and asked.

Chapter 707: Weird sound

The ghost servant snorted coldly: "The gate of hell, like the elder brother, suddenly disappeared after besieging us back then... My second brother, and the third sister had been searching for enemies all over the world, but we didn't find them!"

"However, now we have finally found it, our enemy is from the gate of hell!"

"Moreover, in the past few years, we have also killed the masters who participated in that night... It's a pity that there were too many masters who besieged us that night 20 years ago, and we don't know whether there are any. How many enemies... But we deeply understand that our enemy is the gate of hell."

"Do you know? Now the people at the gate of **** have come out."

"Do you know the Xuanyuan sword of the Yuwen family that we lost a few days ago? That Xuanyuan sword was snatched by a master in the gate of hell... and the people who assassinated Feng Lao were also done by the people of **** gate." Tell all the brothers of Li Tian in front of him.

When the brothers heard the ghost servant say so, they all stayed there.

One by one with confused faces you look at me, and I look at you.

"So that the **** gate of the evil organization that once besieged you, has now returned?" Chen Qiaozhi frowned and asked.

"Yeah!" said the ghost servant.

Chen Qiaozhi blinked slightly.

"That's weird, why this organization has disappeared for twenty years, and now it suddenly popped up... To be honest, I have walked this way for so many years, and I have never heard of this organization called Hell Gate... ... If it weren't for what Senior Ghost said today, I guess I'm still in the dark."

The ghost servant smiled: "You are right! The hells have disappeared for twenty years, and now they suddenly reappear, it must be for something."

"If we are not mistaken, they are now born as the three ancient relics left over from the ancient times." said the ghost servant.

"For this?"

"Could it be Xuanyuan Sword, Heavenly Book Pill Scroll, and Fiery Phoenix Picture?" the brothers asked in horror.

"Ok!"

"Now they have obtained the Xuanyuan Sword... Presumably what the assassination of Feng Lao should have done was the Heavenly Book Pill scroll, but they never thought that this Heavenly Book Pill scroll was in our Young Master's hands." The ghost servant said with relief.

When Tang Xiaolong and his brothers heard the ghost servants say this, a smile appeared on their faces.

"Master, let me put it this way, now our little boss's enemies, and your enemies are all the organization called Hell Gate, right?" Tang Xiaolong asked.

"Ok!"

"Mother! Master, don't worry... As long as I Tang Xiaolong is alive, I will definitely help the master and our little boss deal with those bastards!"

Hearing Tang Xiaolong's words, the ghost servant and Duguxie laughed.

"I'll take your mind first...but you should follow your master and learn kungfu first! Otherwise, with your current skills, you won't be able to help your elder brother Li Tian at all." Dugu has been silent. Xie spoke suddenly.

Tang Xiaolong scratched his head awkwardly and said with a smile: "Master, don't worry, I will work hard to learn the martial arts you taught me. I will definitely help you get revenge."

After saying goodbye to Ouyang Shiqing, Li Tian left the Ouyang family.

When he left, although he was still a little bit down, he was generally happy.

Because he finally told all the words buried in his heart, and also exchanged her words: I am waiting for you!

This is enough for Li Tian!

He is glad that he is happy.

When he left the door of the Ouyang family, his heart opened up in an instant.

He now has his own goals and what he should do.

And the first thing to do right now is to deal with the Duanmu family.

This time Li Tian must get rid of the Sanshengmen poison in his body, because only after his own poison is removed can he take revenge wholeheartedly! Take revenge on the **** sea of blood twenty years ago.

At the gate of hell, those masters who besieged his father back then, Li Tian is going to pick them out one by one... No matter they hide in the end of the world, Li Tian will have to figure out the blood.

After exiting the door of the Ouyang family, Li Tian walked directly along the road to the cafe where the ghost servants stayed.

They had said it before, waiting for Li Tian in the front place.

Cars came and went on the highway, crowded with people, Li Tian walked quickly to the front.

Just as Li Tian was walking forward quickly, a weird voice suddenly came from his ears...

What kind of sound is that?

It was a voice that came straight into Li Tian's heart from the air.

If Li Tian knew that there was a skill called Qianli Sound Transmission, he would definitely understand that at this moment, there were experts around him using this extinct Qianli Sound Transmission technique.

This kind of sound transmission technique, no matter how noisy and noisy the outside sound is, it can still be heard carefully, and every word can be heard just like others speaking in his ear.

Isn't this? When this weird sound came into Li Tian's ears, Li Tian was stunned.

Because he felt as if he was in his ear, as if someone was about to speak.

When he suddenly felt this weird feeling, he immediately stopped on the crowded road.

Then quickly turned his head and looked at the place behind...

He wants to see who was talking to him just now?

But when he turned his head abruptly, there were hurried pedestrians behind... a man walking with a briefcase in his hand, wearing glasses while making a phone call, and a few others were passersby...

Li Tian frowned and glanced at these people. He knew in his heart that the voice just now was definitely not what these ordinary people said.

At this moment, he just looked around in amazement, but besides the crowds of people coming and going, and those vehicles that honked the horns, what suspicious people were there?

Li Tian was stunned when he carefully determined that no one was speaking to him around him.

Did I get it wrong just now? Li Tianxin secretly said, on such a noisy road...how could someone's voice be so clear into his ears? It's impossible!

After Li Tian felt this way, he laughed at himself at the corner of his mouth, then turned his head, and continued to walk forward.

But he said that when Li Tian turned around and was about to meet Tang Xiaolong and Duguxie and the others, suddenly the voice came from his ears again...

And this time, Li Tian could even hear clearly what the voice was saying. It was a vicissitudes of life, and the voice revealed a sense of sadness in the world, word by word passed into his mind.

"The ancient and modern way of practicing qi is nothing but a guide, vague and too imaginary, the world is clear and turbid, and people are born. The practice of human qi is nothing but the practice of imaginary spirits to cleanse the turbidity, the qi is the master of life, the shape is the body Use, the heaven and the earth can be reversed, the qi is born from the dantian, through the right kidney, rotates down the right foot, and the qi enters the dantian, it needs to be transformed into force, up to the meridians of the whole body, penetrate the whole body, the force is turned into strength, and out of the palm..."

This weird word was passed to Li Tian's mind bit by bit.

Chapter 708: Mysterious master

When these weird sounds came into Li Tian's ears bit by bit, Li Tian was shocked there again.

What is going on? Why is there such a weird sound in my ears?

Isn't this? After turning his head around with doubts again, Li Tian looked at the crowd behind him... The clear voice in his ears just disappeared instantly?

Li Tian was stunned!

Completely stunned.

why? Why is there such a clear voice in my ears?

There is no one around me, but why do my ears hear such a clear sound? Is this totally unscientific!

But before he had time to think about it, the deep and powerful voice in his ear repeated the weird words just now in his ears again.

"Heaven and earth distinguish the turbidity and give birth to human beings. The training of human qi is nothing more than the practice of virtual spirit to cleanse the turbidity..."

At first, Li Tian didn't care about the meaning of these words, but when he calmed down suddenly and carefully thought about the words and words that were repeated over and over in his ears, Li Tian's head "banged" completely. Suddenly realized.

Because he felt the clear and weird voice "in his own ear", not words, but some martial arts formula!

A formula that can refine divine energy.

Just when Li Tian suddenly felt the shocking truth, his mind suddenly fell silent, and then began to listen carefully to the "mantra" repeated in his ears.

"Qi is the lord of life, shape and body are used, heaven and earth are reversible, Qi is born from the pubic area, the right kidney rotates down the right foot, and the qi enters the pubic area, it needs to be transformed into force..."

Li Tian also silently chanted these formulas at this moment.

After silently thinking in his mouth, he couldn't help but slowly began to accumulate energy in his body.

Because his body has absorbed the strength of the Tianshu Danjuan, it has been suppressed in his body. Although the strength is very powerful, Li Tianzong can feel that the strength accumulated in his body is very messy, sometimes even He could feel the powerful energy in his body colliding together, but what about this moment? After he went through the mantra of thinking just now, and then slowly combed the energy accumulated in his body, he suddenly banged his left shoulder acupuncture point violently.

At the moment of this beating, he could only feel that his body blood seemed to be boiling, and the messy energy that had accumulated in his body suddenly seemed to be guided into the blood, and then followed his blood slowly. Slowly flowed into Li Tian's body bit by bit. After slowly guiding in this way, Li Tian suddenly felt that his whole body seemed to be soaked in the comfort of a hot spring, and that kind of comfort was a new energy. Comfortable.

He only feels that his body has been injected with fresh energy...

After suddenly feeling this vigor, Li Tian was shocked.

"Who?"

"What kind of character is it? Suddenly teach yourself such a supreme martial arts mentality?"

"And can you guide the messy energy in your body?"

After Li Tian suddenly thought this, he stared at him all of a sudden.

He wanted to find out who was secretly helping him?

But when he turned his head too far, he was disappointed because he couldn't see the characters behind.

Although there were many pedestrians on the street, Li Tian knew that these people were not the people he was looking for.

Suddenly he was puzzled over there, and wanted to shout loudly: Senior, where are you? Why should you help me?

But he was embarrassed to shout when the words reached his lips, because he was afraid that so many pedestrians on the street would think he was a lunatic.

Just when Li Tiantian was really trying to find the "mysterious person who speaks clearly in his ears", suddenly the voice came into his mind clearly, word by word.

"Don't find me... you can't find me..."

When this sentence reached Li Tian's ears clearly, Li Tian was really confused right now!

He just told the truth and thought it was his own illusion, but now?

After hearing that voice suddenly said this sentence, Li Tian stood there in a daze, because he knew that there was really an expert nearby... and what an expert he was, Li Tian now I don't know.

The only thing he knew was that this expert's ability had reached the realm of heaven.

Otherwise, how could it be possible to tell oneself the formula with such a "secret technique" How could it be possible for Li Tian to hear so clearly on such a messy street? It is incredible.

When he heard the "mysterious expert" say not to look for him, Li Tian also slowly turned around.

He understood that since the expert didn't want to see himself, even if he wanted to find something, he couldn't do it, so he had to turn around quietly and continue to watch what the "mysterious man" was doing.

After Li Tian slowly turned his body, a few more voices rang in his ears.

"Not bad...not bad...obedient enough."

"You don't have to look for me deliberately... You don't need to ask who I am... Although I know you have doubts and doubts in your heart, I can't tell you. You only need to know, and you will understand and understand everything. Everything."

"And now you only need to remember one thing...that is, keep in mind the formula I have just taught you."

Listening to the clear voice in his ears, Li Tian wanted to speak, and wanted to ask, what is the formula he taught himself?

But he still closed his mouth, because even if Li Tian shouted, the other party might not be able to hear it.

On such a noisy street, how can there be any mysterious master?

So Li Tian could only passively listen to the mysterious words coming from his ears.

Just when Li Tian was about to continue listening to the clear voice, a harsh car horn suddenly came from his ears... After a buzzing sound, Li Tian was stunned.

Because the mysterious and clear voice in his ear just now disappeared.

It seems to have disappeared completely...

"How could this happen? Did the mysterious expert just leave like this?" Li Tian said in astonishment.

He concentrated all the attention of his body to listen to the mysterious sound just now, but in the noisy street, besides the vehicles passing by and the loud music all over the street, there are other sounds there?

Chapter 709: baffling

Li Tian, who stood quietly on the road and listened for a few minutes, stood there completely depressed.

Because he really can no longer hear the mysterious voice just now, that mysterious voice has indeed disappeared.

Is it because the expert who was hiding nearby has gone? Or does he not want to tell himself?

Li Tian didn't know, he just stood on the road blankly, watching the crowds and the fast-moving vehicles coming and going, and finally Li Tian touched his nose with his hand.

"What happened today is really weird! Who is that mysterious voice just now?"

"Why should he teach his mantras? And what are the effects of the mantras he taught him? Why should he make himself remember those mantras?"

Although the current Li Tian doesn't know why this is, he can feel that the other party doesn't seem to have any malicious intent towards him!

If that mysterious expert is really malicious towards him, I'm afraid I didn't even have any room to fight back just now.

So Li Tian felt that although the mysterious expert was weird, he did not seem to be a bad person.

After the clear voice disappeared from his ears, he frowned and continued walking along the road step by step.

As he walked, he was thinking of the secret formula that the mysterious expert just said in his ear.

Li Tian felt that the mental formula was weird...because as long as he slowly guided the energy in his body according to the formula just now, Li Tian felt that his body parts seemed to have suddenly changed.

In the past, the Qi Jin in Li Tian's body was always erratic. Although Li Tian could accumulate Qi Qi all over his body as long as he worked, the Qi Qi was blind and chaotic... It was as if a pot of boiling water was held in his body, and now I don't know why? When Li Tian slowly guided his body qi according to that mental method, the messy qi in his body began to slowly enter all parts of his body.

When Li Tian suddenly felt such a weird change, Li Tian was excited.

He suddenly felt that the mental formula that the mysterious expert told him just now is so important.

Not only the mental formula can help him clear the messy qi in his body, but it also further strengthens the changes in his body.

Although Li Tian just felt his blood boil, he still didn't know that his strength was rapidly increasing step by step.

Does he know that the mental formula is to help him guide his body's energy changes?

And what made Li Tian feel most strange was that even the two arms he had scrapped began to feel itchy.

You should know that in addition to the pain and weakness of Li Tian's two abandoned arms, now suddenly there is an itchy sensation on his shoulders... the feeling is like the growth of muscles and veins.

In addition to being full of gratitude to the mysterious expert in Li Tian's heart, he was thinking about the mental formula over and over in his mind along the way.

Then, according to the essentials of the mental formula, slowly dredge the messy energy accumulated in his body to all parts of the body.

In this way, Li Tian, who was full of mental formulas in his mind along the way, almost forgot that he had arrived at the coffee shop that he had arranged with the ghost servants.

Isn't this? Now Li Tian is like a nerd scholar, he has already reached the front of the coffee shop, and he is still walking forward.

Fortunately, the brothers were sitting at the window.

Chen Qiao, who had just turned his head, saw that Li Tian, who was bowing his head, seemed to be thinking about going forward.

Now Chen Qiaozhi was stunned.

"Hey, isn't that Li Tian?"

Hearing his words, the brothers quickly turned to look.

"Yes, it's the little boss."

"Young Master, don't you know that we are meeting here? Why are you still going forward?"

"Get out and have a look."

The brothers who were talking and Situ Ningbing in front of them hurriedly walked to the outside of the cafe.

"Little Lord!"

After walking out quickly, the ghost servant shouted from behind.

Li Tian, who had been concentrating on the mental formula in his mind, was taken aback after hearing the ghost servant's voice suddenly, and then turned around.

Surprised, said: "Ghost servant?"

Then a pair of eyes saw the brothers behind him, they were all here.

"Hey, didn't I mean to let you wait for me in the coffee shop? Why did you come over to find me?" Li Tian said curiously.

He didn't think that just now because he was attentively thinking about the mental formula in his mind, he almost forgot the time and how far he had traveled. At this moment, he didn't even know that he had reached the coffee shop.

The brothers who heard Li Tian's words frowned slightly.

"Little boss, this is the cafe where you told us to meet."

"Have you forgotten?" Tang Xiaolong in front of him blinked and said, and the Duguxie and the ghost servants beside him also looked at Li Tian with doubts.

Li Tian looked up, and the sign on the cafe was suddenly stunned.

"I walk so fast? It's already here." Li Tian muttered embarrassedly there.

Hearing Li Tian's words, the brothers in front of them were slightly depressed, and couldn't help but darken: What happened to the little boss? How dazed?

"Young Master, are you okay?" The ghost servant took a step forward and said in a caring way.

Li Tian smiled and said, "It's okay, it's okay, I was just... thinking about something... so I even forgot that I was here."

"Oh! It turned out to be like this." Hearing Li Tian's words, the ghost servant breathed a sigh of relief.

Li Tian also smiled.

"Go, go in and sit back."

Li Tian, who was talking, led his brothers to the cafe in front of him.

Li Tian did not intend to tell Duguxie and the ghost servants of his "adventure" situation just now...because he is not even sure whether the scene that happened just now is true or an illusion!

If it is true? How could Li Tian not see people, but only heard clear voices? This is totally unscientific! He knew that the opponent's superior was using a martial arts such as Qianli Transmission, which had long been lost in the arena.

If it is fake? Li Tian also felt depressed. Just listening clearly to the mental formula in his ears, Li Tian really found it extremely useful. Even at this moment, he could feel the boiling and swelling of his blood...It was like a sudden in the body. He was filled with inexplicable strength just like injecting a strong heart needle.

But no matter what, Li Tian now feels very good.

Especially after the brothers reunited, he was even more happy.

Although the Duguxie and the ghost servant felt that their young master looked a little weird at the moment, because Li Tian had never had such a happy fruit in front of them, so the two felt a little weird, but no matter what, as long as their young master The Lord is happy, and of course the two of them are happy too.

Chapter 710: Lonely Man

After the brothers entered the coffee shop, they began to discuss the next step.

Now everyone knows that Li Tian will blatantly deal with the dark Duanmu family.

Although the Duanmu family is sinister and vicious, and there are many masters, there are two more first-class people around Li Tian now, that is the evil sword Duguxie, and the shadow ghost servant.

With such two people by his side, Li Tian would not be afraid of anyone in the Duanmu family.

"Little boss, when shall we do it?" Tang Xiaolong asked Li Tian, clenching his fists tightly.

He had always held great prejudice against the dark Duanmu family members, and at this moment, it was even more because of the three-life poison on his elder brother Li Tian. Of course, Tang Xiaolong was prepared to fight it out.

But seeing Li Tiandao in front of him said: "We will leave soon."

"However, there is still a problem." Chen Qiaozhi said with a frown suddenly.

"Sick ghost, what's the problem? Don't hesitate, say quickly." Tang Xiaolong said to Chen Qiaozhi.

Chen Qiaozhi did not pay attention to Tang Xiaolong. He blinked his eyes and said to Li Tiandao: "It is said that the dark Duanmu family is extremely mysterious. Few people know the position of their general rudder... Li Tian, I am thinking, you know the general rudder of the Duanmu family. Location?"

Chen Qiaozhi is actually right.

If Li Tian had not joined the Duanmu family before, he would have never known that Duanmu family would actually live in the Wild Wolf Valley in Jinghai City, below the bottom of the valley!

The Duanmu family has been erratic... and their rudder is extremely mysterious, so they are famous.

But Li Tian smiled: "I know the position of their general rudder."

"Don't forget, I once joined the Duanmu family and served as the fifth elder of their family."

Listening to Li Tian's words, Chen Qiaozhi smiled and nodded: "That's fine."

"Actually, the general rudder of the Duanmu family is indeed extremely mysterious...you would never expect their general rudder to be there." Li Tian looked at the brothers and said.

The impatient Tang Xiaolong in front of him asked impatiently, "Where is the rudder of the Duanmu family? Is it also in Jinghai City?"

"Of course! In fact, the Duanmu family is currently in Jinghai City! It's just that the place where they live is beyond your imagination..."

"Because their lair lives below the bottom of the Wolf Valley."

what?

Hearing Li Tian suddenly telling the location of the Duanmu family's lair, Tang Xiaolong and his brothers were all stunned for an instant.

"Wolf Valley, the bottom of the valley?"

"Impossible... It is said that the Wild Wolf Valley is a national level one protected forest area... How could the Duanmu family live at the bottom of the Wild Wolf Valley?" Tang Xiaolong asked excitedly with his horrified eyes open and unbelievable.

Chen Qiaozhi on the other side was also full of horror to tell the truth, he never thought that the Duanmu family would actually live in such a place.

If what Li Tian said was true, then it would be exactly the same as what he said just now. Even if Tang Xiaolong was killed and the brothers could not guess the location of the Duanmu family's lair.

"Hehe, I didn't believe it at the beginning. If it wasn't for what I saw with my own eyes, I would not dare to say that." Li Tiandao said.

Suddenly, Situ Ningbing, who had been quietly silent, also said, "Li Tian said it right."

"The Dark Duanmu Family currently lives in the bottom of the Wild Wolf Valley!"

"And as far as I know, in order to prevent outsiders from knowing the location of their lair, the Duanmu family once killed all those who built the Duanmu family residence... In order to find Li Tian, I finally found the place where Duanmu was built. One of the members of the family... he told me everything."

Listening to Situ Ningbing and Li Tian saying this, my brothers believed it.

"Very ruthless Duanmu family, poisonous Duanmu family." Chen Qiaozhi said with a slight sigh.

"The Duanmu family members in black clothes are a bunch of out-and-out bastards. Not only are they vicious, but they are also exceptional! nn, this time I must repair these bastards." Tang Xiaolong cursed there with swear words in his mouth.

Li Tian suddenly remembered his previous thoughts.

I remembered the first encounter in my life...

He still remembers the poor old man he once met in the cave... the poor old man who was bulging and blind, and whose voice was ruined...

Duanmu Jingzang!

Although Li Tian has never known his surname, after Li Tian has gone through so many things, Li Tian already knew that the poor old man is the current Duanmu family clan leader, Duanmu Heiming's brother, Duanmu Jingzang.

Li Tianwan didn't expect that poor Duanmu Jingzang would have such a vicious brother!

He could feel the hatred of Duanmu Jingzang... He destroyed his eyes and deafened his ears... and almost destroyed his voice in order to kill his biological brother...

But Duanmu Heiming would never have thought that Duanmu Sutra survived the catastrophe and was still alive.

He also passed on all the nine styles of Rashomon to Li Tian, which he had worked so hard to research out of the Duanmu family back then. Not only that, Duanmu Jingzang wanted to avenge his blood and blood.

Although the previous Duanmu family had always been known for their mystery, they were not vicious and did not do many evil things... But after that Duanmu Heiming harmed his brother Duanmu Jingzang, he became a clan of Duanmu family Lord... the entire Duanmu family has changed!

It became the most evil family of the four big families, and the one that hated the most by means.

All outsiders who don't listen to their family's words can't escape their chase...no matter who it is.

Now Li Tian's opportunity has finally come, he wants to **** his own antidote... and to avenge the poor old man.

The old man's kindness to Li Tian is equivalent to the kindness of a master.

Although the old man did not promise to accept Li Tian as his apprentice at the time, in Li Tian's mind, he already regarded that old man as his elder.

So in any case, the Duanmu family has a **** revenge for Li Tian.

"Young Master, don't worry, my second brother and I will definitely help you get the antidote to the Sanshengmen..."

"Huh, let alone a little Duanmu Heiming... Even if his elder brother Duanmu Jingzang is alive, my ghost servant is not afraid of him, let alone him?" The ghost servant said murderously.

The gloomy Duguxie also said in a cold voice, "The ghost servant is right."

"This trip to the Duanmu family...If anyone dares to stop him, I will let him fall under my bronze sword... and leave none."

Words are like swords, and people are like killing gods.

This is him, the lonely madman who once wielded the evil sword in the world.
