

A Killer 71

Chapter 71: I want to go

There seemed to be a bomb in the air, as if it was about to explode at any time.

There was a silent silence for about two minutes, during which Xiao Zhou didn't even dare to lift his head, standing there quietly.

"Hey!"

Tang Zheng sighed suddenly, a feeling of helplessness in his voice, walked forward slowly, and patted Xiao Zhou's shoulder with his head lowered.

"You kid dare to say that to me, whoever changes, I have to let him go out from here sideways today." Tang Zheng put a big hand on Xiao Zhou's immovable shoulder.

Xiao Zhou raised his head and held the golden glasses on his eye sockets with a smile in his eyes.

"President Tang, actually I can see that you feel good about that surname Li... Why?"

Before Xiao Zhou had spoken, Tang Zheng gave him a cold stare, and then shut up.

As the saying goes, a companion is like a tiger. It seems that sometimes this sentence is true.

Tang Zhengdao said, "Did you know? Your biggest weakness is that your heart is sometimes too soft."

"But what you said is really good. I, Tang, got up from the bottom step by step, but I relied on my own efforts. I relied on my hands working hard in the blood, water and sweat in the mall. I, Tang Zheng Knowing how much blood does a civic citizen have to pay to achieve my position? How much sweat he shed, Xiao Zhou, tell me, can that kid with the surname Li do it? He can do it step by step Come on? If I can, I will marry Feifei! If not? He is a trash. Do you think Tang Zheng will marry his daughter to a trash?"

After Tang Zheng finished his dynamic words, Xiao Zhou did not speak.

Because he knew that what Mr. Tang said was not wrong at all. The fact is that this is indeed the case. How can a child from a rural area fight for a position in a big city? How much does it cost!

How much blood has Tang been fighting all the way in the mall for so many years? How much sweat has been spread, who can understand this hardship?

Xiao Zhou in front of him did not dare to make this guarantee. Although he now thinks that Li Tian is a talent, what will happen in the future? There is no definite number for the future. Who can really know?

So he was silent.

"Hey, the kid surnamed Li is actually good to Feifei, at least he saved Feifei this time." Tang Zhengdao said.

"However, Feifei likes his affairs. I think this matter should be resolved as soon as possible. After all, Feifei has already made an appointment with the Wang family. Tang Zheng is not the kind of person who doesn't believe in words. This marriage contract is me. It was settled twenty years ago.

If Feifei is really interesting to the poor boy then, it will be a big trouble. Therefore, before the fire is burning, it should be put out sooner or later," Tang Zhengdao said.

Xiao Zhou nodded silently.

"Well, Mr. Tang, I know."

Tang Zhengdao said, "But don't drive them out of Kyoto City. In that case, Tang Zheng, I'm too sorry for the children, so let's give him some money to keep him in Kyoto, but don't let him. Be a security in the company again."

"Feifei goes to find a security guard all day long. If this matter is spread out, where will my face go?"

"This matter is left to you. You will deal with it as soon as possible." Tang Zheng said to Xiao Zhou.

Xiao Zhou nodded helplessly: "Okay."

"Everyone has great ambitions, but how many people really work hard from the bottom in this society? If Xiao Zhou is true to you, maybe I will let you let him leave this position as a security guard this time. It's better for him, to be a security guard who can stand there all day long? Do you think there is a future? So, whether it is a blessing or a curse, it is for his good."

Tang was right and honest. He stood on guard all day, except eating and sleeping. What could he learn? How can you get ahead?

Although Tang Zheng's words are right, does he really believe that Li Tian will make a breakthrough in Kyoto City? What about his sincerity? It seems that what he said was just a comfort excuse for himself. After all, Li Tian helped Feifei, but he wanted to get them out of the company?

The world is changing, who can really know what will happen to Li Tian in the future? Is it flying soaring into the sky, soaring to Kyushu, or continue to be a hard man in a mountain village.

Li Tian told Yu Dahai that he wanted to resign.

Because Li Tian understood deeply, why did he come to Kyoto City? Why did you come to this bustling metropolis?

Not because of anything else, but because of an agreement, a lifetime commitment.

"I, Li Tian, must become stronger, and must be able to marry Situ Ningbing (the killer)."

That's why Li Tian came to the bustling city and will come here.

But can Li Tian become stronger as a security guard? Can his wish be realized? Can't! He deeply understands that being a security guard is only driven by his own interests. He had no money at the time and even food was a problem, but he is better now, at least he has a month's salary.

Although it is only 1,800 yuan, it is already a large sum for Li Tian.

So after the salary was paid today, Li Tian told Yu Dahai again about his resignation idea. He resigned before he waited until the boss of the Tang company dismissed him.

In the dormitory, Yu Dahai and Xiao Zhao, who were sitting and smoking cigarettes with their brows curled, had been seldom talking to Li Tian in the past two days, but when he heard that Li

Tian was about to resign, Xiao Zhao didn't know why. There was a huge sense of loss, as if something had dropped, making him uncomfortable.

Sitting next to him, Xiao Zhao's right index finger and **** sandwiched a half-burning cigarette butt, and suddenly threw the cigarette on the ground, then took another cigarette out of his pocket, stuffed it into his mouth, lit it again, and continued to smoke.

"Fuck, just leave? What brother?" Xiao Zhao muttered.

Li Tian smiled.

Reached out and patted Xiao Zhao on the shoulder.

"Xiao Zhao, although I am no longer a security guard, am I still in Kyoto? I will come to see you and Brother Yu in the future. To be honest, Li Tian has no relatives since I was a child. I was an orphan. When I was in Liaocheng, a small county. , I don't have any friends. I made your two friends only when I got here. To be honest, you are my relatives and I will definitely come back to see you." Li Tian said sincerely.

After he finished speaking, Yu Dahai over there took a deep cigarette.

"Hey, Xiao Li, did you really decide to leave?" Yu Dahai asked again to stay.

Li Tian nodded decisively, without hesitation.

Yu Dahai sighed, knowing that no matter how he tried to persuade him, it would be useless.

"Okay! Okay."

"People say that the dragon lives in the Dragon Palace and the phoenix lives in the Phoenix nest. Maybe this security job is really not suitable for you. Maybe you do something better than this, but Brother Yu must tell you when you are leaving. Next, remember to never be too aggressive in this flowery city. It's the old saying, we can bear it, sometimes it's a blessing to suffer a loss, and we are still a rural person. In this kind of flowery society, we have no bottom line. , In case someone should be offended someday, Xiao Li will be in trouble."

Listening to Yu Dahai's words, Li Tian nodded heartily.

"Brother Yu, I remember."

p: It is scientifically proven that more recommended votes and more collections are good for physical and mental health! Of course, if you give more rewards, it will prolong your life, wow quack
