

## A Killer 721

Chapter 721: Kill it

When Duanmu Heiming suddenly saw that his subordinates came in carrying a person, his complexion changed drastically.

"What's going on?" Duanmu Heiming suddenly asked angrily, and at the same time walked over here quickly.

The Duanmu family member with his head down was pale and ugly, and said in a low voice, "The clan master...It's the Wind Demon... The Wind Demon was seriously injured."

Duanmu Heiming had already seen the Wind Demon lying on the stretcher.

But seeing Feng Mo's entire face was as gray as death, and the blood in the corners of his mouth seemed to be completely dry. Although there was still a little breath at the moment, it was not far from death.

Looking at the severely injured Wind Demon, Duanmu Heiming's black air flow suddenly spread all over his body.

He sent Feng Mo to follow Li Tian and others.

He thought that a person like Wind Demon could track Li Tian's whereabouts, but he never expected that the current Wind Demon was dying.

At this moment, I saw the wind demon lying on the stretcher, still making a deep hissing sound... His two hands were holding one end of the stretcher tightly, and his eyes were full of unwilling...anger.

"Who hurt you?" Duanmu Heiming asked angrily at the wind demon.

The Wind Demon was hailed as a monster of the Duanmu family since he was a child, and he rarely talked to people. He spent almost his entire childhood in darkness, so his ability to express has already regressed... at this moment he can no longer speak.

He just roared hoarsely, grabbing the black clothes on his chest with one hand.

That Duanmu Hei knew what Wind Demon meant, and pulled Feng Demon's chest open.

However, there was a blood-red palm print on Feng Demon's chest.

The palm print had turned purple, and the entire heavy palm hit the heart of Wind Demon.

"Phantom palm!"

When Duanmu Heiming saw the blood red palm print, he only felt that his back was cold and bitter.

Because he knows whose hand it is.

Perhaps only the "Shadow Ghost Servant" can perform such a fast and deadly heavy palm in the world.

So Duanmu Hei knew that Feng Mo seemed to be beaten like this by a ghost servant.

The ghost servant's phantom palm is even more terrifying than the broken heart palm of the Duanmu Black Dragon.

The horror of his hand is quick and heavy.

Originally, the body of the ghost servant is unparalleled in the world... More than 20 years ago, it was said that as long as the ghost servant wanted to track someone, there would be no one in the world that he could not chase. You can imagine the body of the ghost servant. How fast the law should be.

With this coupled with his pungent phantom palm technique, how could Wind Demon withstand such a heavy blow?

So even though the Wind Demon at this moment can still breathe and scream... But Duanmu Heiming already knew that the Wind Demon was dead.

How many people can still live with this ghost servant's phantom palm?

It is estimated that the entire heart of the Wind Demon in this meeting has already been shattered alive.

"Hey... they are really here." Duanmu Heiming suddenly sighed long, his tone of voice filled with worry and despair.

"Patriarch, who is it?"

"Yeah, Patriarch, who is it that wound the wind devil like this?"

Those members of the Duanmu family didn't know at this moment that the catastrophe had already reached their heads, and they asked inexplicably there.

These formerly vicious and cruel members of the Duanmu family have never been able to kill people, but now their family members are seriously injured like this? Of course they are angry and of course unwilling.

Duanmu Heiming didn't answer their words, but a pair of gloomy eyes looked at the dying Feng Mo who was still screaming in pain.

Suddenly took a step forward and looked at Feng Mo and said, "You have been with me for so many years... you are loyal to me... I can't think of this end now."

Hearing what Duan Mu Heiming said, the wind demon whispered in a hoarse and unpleasant voice, and no one knew what he was saying in his mouth.

"The phantom palm of your ghost servant, his heart veins have all been shattered... Hey! Even the gods will not be able to heal you..."

Although the wind demon could not speak in his mouth, his ears could hear him. When Duanmu Heiming said so, his eyes showed a look of despair.

The members of the Duanmu family around him were all stunned.

"I will send you peace of mind on the road..."

After Duanmu Heiming suddenly finished saying a word, he suddenly raised one hand, and directly grabbed the Wind Demon's Sky Spirit Cover... and then used his five fingers to force.

But seeing Feng Mo's entire face twisted and deformed instantly, a mouthful of blood came out of his mouth, and even his whole body began to cramp violently... Then his body suddenly stiffened in less than a few seconds. Up...

Five fingers clasped the stretcher tightly and turned purple, his head tilted and he died.

Duanmu Heiming actually killed his personal bodyguard himself.

The family members in front of them were all completely stunned after seeing the clan master kill the wind demon by himself, but no one dared to say a word.

After Duanmu Heiming killed the Wind Demon, he slowly retracted his hand.

Then he strode forward with an ugly face.

After walking a few steps forward, he turned his head abruptly, looked at the subordinates and shouted sharply, "Pass the order, notify all family members, and prepare to fight."

"Tell them, no matter who breaks into our family at this moment, I will be killed, and no one will be left alive."

After Duanmu Heiming said violently, the family members who were standing there were stunned for a moment, and then quickly reacted and said in his mouth: "Yes", then quickly retreated. Go down.

Duanmu Heiming was really anxious this time, and really angry.

Because he knows that what should come has come after all...

What kind of disaster will the Duanmu family face this time? Who will know?

In the end, will the Duanmu family be annihilated again like more than 20 years ago? Who knows!

Maybe it's already doomed in the future.

Twenty years ago, it was the Cthulhu who brought Duguxie and shadow ghost servants, which made the Duanmu family almost suffered an extinction.

Unexpectedly, twenty years later, Li Tian, the son of Cthulhu, once again plunged the Duanmu family into such a desperate place.

It's a curse, but I can't hide it after all.

Will the Duanmu family perish this time? It seems to be known soon.

When Duanmu Heiming's order was passed on to the entire Duanmu family, the entire family panicked for a moment.

Maybe at this moment, apart from the four elders, no one knows what the enemy they are facing is.

The only thing they know is that the enemies they face this time must be unprecedented.

Chapter 722: Improve your skills

The day before yesterday, the death knell of the Duanmu family suddenly sounded strangely. Today, the whole family issued a killing order. What kind of opponent is the family facing this time? They still don't know the clue.

The only thing they know is to obey the order. If anyone breaks into the Duanmu family at this moment, they will kill.

Not only did the members of the Duanmu family prepare all the preparations, but even the people under the four elders began to prepare.

Such news spread like bacteria in the entire Duanmu family.

"Miss, miss..."

In Duanmuying's boudoir, the girl Xiaohuan ran into Duanmuying's room with an anxious voice.

When I walked in quickly, I saw Duanmu Sakura in the room at a glance.

"Miss... it's not good, something big happened in the family... I heard that our family may be coming to an enemy, and it is a very powerful enemy... Now the family members outside are panic, and I also heard that the head of the family is him A killing order has been issued, and anyone who breaks into our family will be killed."

Xiaohuan said to Duanmu Ying with a pale face.

But what about Duanki Sakura? When I heard these words, I didn't even move, but stood there quietly, a pair of beautiful Danfeng eyes staring at the beautiful poppies outside without blinking, as if she hadn't heard it at all.

The girl Xiaohuan saw how the eldest lady heard herself talking like this? Suddenly he was taken aback.

Quickly stepped forward and looked at Duanmu Ying and asked, "Miss, what's the matter with you?"

But seeing Duanmu Ying turned her head slightly, that although she didn't put on lipstick, she moved slightly and said, "Oh, I already knew it."

Xiaohuan was slightly startled when the eldest lady said that she already knew.

"Miss, you actually know?"

Duanmuying didn't speak, and turned her head again.

"Miss, aren't you worried?" Xiaohuan looked at Duanmu Ying in surprise.

A very strange smile appeared at the corner of Duanmuying's mouth.

"Worry? Why should I worry?"

Listening to the eldest lady's words, Xiaohuan was speechless.

Why did the eldest become like this? This is completely different from the old lady

You must know that Duanmuying in the past protected her family very much. If anyone dared to do something that was sorry for her family, she would definitely be the first to stand up and refuse to agree.

But now, why is the eldest lady not at all concerned about the safety of the family? Just like a stranger, this situation certainly made the girl Xiaohuan depressed.

"Miss...you... why are you different from before?" Xiaohuan asked in a low voice, looking at Duanmu Ying there.

Duanmuying turned her head suddenly and said, "Really?"

"Am I different?"

"Hehe, maybe!"

"I tell you, I became like this because of my father! I respected and admired him before, but I didn't expect that he did so many evil things..." Duanmuying said angrily.

She was telling the truth.

She did worship her father before, but from Li Tian's incident, she finally figured out what her father was. It turned out that her father was so vicious.

So now she is full of resentment towards her father.

Xiaohuan didn't dare to speak too much when she heard the eldest lady say so, she knew her own lady's temper.

Since the young lady is extremely angry now, it is better not to provoke her.

After Na Duan Kakura finished speaking, she was no longer willing to mention this matter, but turned around and continued to walk into the sea of poppies, silently looking at the beautiful poppies, and continued in a daze.

"Master, how do you feel that the ugly guy was following us just now? Why can't I feel it." On the way, Tang Xiaolong was chasing the ghost servant with a bitter expression.

The ghost servant really doesn't bother to take care of his "stupid apprentice."

"Hey! I thought I had accepted a clever apprentice, but I didn't expect you to be so stupid!" Gui servant sighed.

Hearing the ghost servant said that he was stupid, Tang Xiaolong smiled awkwardly, scratched his head with his hand, and said there, "I am stupid occasionally. I usually hate cleverness."

His shameless words made the brothers laugh.

The old monster Ge behind that smiled and cursed and said, "Smart your sister, can you still be smart with your elm Gada head?"

When Tang Xiaolong heard that old monster Ge was hurting him, of course he was 10,000 unwilling. He went up and cursed, "Old monster, you shut up for me. We are talking to the master and apprentice. You don't have to interrupt."

Old Monster Ge laughed and said, "Okay, okay."

While the ghost servants and Tang Xiaolong were talking, the Duguxie slowly walked behind Li Tian.

"Young Master, did you have already noticed that someone was following us just now, right?" Li Tian asked the Duguxie who was suddenly calm and prestigious.

Suddenly hearing this Duguxie say so, Li Tian smiled and turned his head.

"How did you see it?" Li Tian said suspiciously.

To be honest, Li Tian did notice the following Wind Demon's tracking, but he didn't say it at the time.

Li Tian hasn't practiced since his arm was abolished, but when he was suddenly taught an inexplicable mental formula by that mysterious expert, he didn't know why, Li Tian could feel that he was better than his hearing and vision. It was better before.

Especially his own sensory ability and the surrounding wind and grass, he can also judge carefully. Although Li Tian still doesn't know that all these factors are due to the improvement of his skill, Li Tian can still feel that he is different from before.

Especially the energy of his whole body, if not for the current Li Tian's two arms have not fully recovered, it is estimated that he would have been eager to find a logarithm, there is no way to fill his body with the surging energy that is too active and active It's as if Li Tian took stimulants.

Having said that, after Li Tian admitted, that Duguxie smiled slightly.

"Congratulations, Young Master, your skill has improved!" Du Guxie said sincerely.

To be honest, the tracking of the Wind Demon just now has indeed reached a perfect state...If ordinary people can't detect the trace of the Wind Demon at all, just like Tang Xiaolong, and Aqiu and the others...

Unless the extremely master is able to judge the tracking of the wind demon.

Just now, when Duguxie discovered that he was being followed, he accidentally rolled his eyes. He saw that Li Tian also suddenly stopped at that time, so he thought that Li Tian might have found the person behind at that time. track.....

Chapter 723: Kill without mercy

It's just that Duguxie didn't dare to be too sure at the time. He knew that his Young Master's arm had been abolished, so he didn't practice Kung Fu anymore... and Duguxie also knew that Li Tian's previous kung fu couldn't detect that Wind Demon's tracking. So he also asked Li Tian with a questioning mentality.

But he didn't expect that Li Tian really heard the follow of the wind demon behind, so it seemed that his young master's kung fu was progressing at a speed.

So Duguxie congratulated Li Tian.

When Li Tian heard Duguxie say this, he smiled slightly and said: "Actually, I don't know what happened to me in the past two days. I always feel that since I heard the secret formula taught to me by that mysterious person. After that, I felt that my whole body was bloodied like chicken blood, excited! Always full of energy..."

"Hey, if it weren't for my arm has been abolished, I really want to try my current ability." Li Tian said bitterly.

Thinking of his own hands, Li Tian felt sad.

After all, even if he has cultivated the highest level of martial arts, but his hands are useless, doesn't that mean that he is a useless person?

On one side, Duguxie heard Li Tian's sad words, and hurriedly said in comfort, "Young Master, don't worry!"

"I believe Young Master's arm will recover soon..."

Li Tian smiled bitterly: "Hope."

The brothers followed Li Tian to the Wild Wolf Valley. Li Tian pointed to a dangerous mountain road on the left side of the Wild Wolf Valley and said, "If you go down here to the bottom of the Wild Wolf Valley, you will reach the Duanmu Family."

"okay!"

"The \*\*\*\* Duanmu family, the young men came to you to settle the accounts this time." Tang Xiaolong yelled loudly there.

The brothers are also ready for everything.

Although they were accompanied by two masters, the evil sword Duguxie, and the shadow ghost servant, the strength of the Duanmu family should not be underestimated.

Didn't they have never played against the masters of the Duanmu family before, knowing that there are also many masters of the Duanmu family!

And there are the four great elders, so they dare not take it lightly.

Li Tian walked to his lover Situ Ningbing at this moment, and stretched out his hand to hold Situ Ningbing's soft hand.

Looking at Situ Ningbing with a deep love on his face, he said, "Ningbing...you must be careful to protect yourself later."

Situ Ningbing also held Li Tian's fingers tightly and gave a smile on that pretty face: "Well! I will."

"It's just you..." Situ Ningbing glanced worriedly at Li Tian's two arms.

She knew that after Li Tian's arm was abolished, she could not use martial arts...so she was now worried for Li Tian.

When Li Tian heard Situ Ningbing say this, a helpless smile appeared on his face... Originally, as a man, he should protect the woman he loves, but now? He can't do anything, and he might be protected by the woman he loves...

How could this make Li Tian stand it?

I saw Li Tian smiled bitterly and said, "I'm fine! For a useless person like me, as long as it doesn't cause you trouble..."

As soon as he said this, Situ Ningbing quickly covered Li Tian's mouth with distress.

"Fool, don't say that!"

"You have done enough for me... You have done enough for me... I will not allow you to say such things in the future..."

"Li Tian believes in me, your arm will be good! Don't forget, you said that you want to protect me forever and marry me."

When Situ Ningbing talked about marrying her, that pretty face suddenly blushed.

This glamorous female assassin of the old days finally met her most true love, even her person, even her character changed for it!

It seems that there is a saying that love can change a person. This is indeed true.

Listening to the sweet words spoken by the person he loves most, Li Tian couldn't help but gently took Situ Ningbing into his arms.

The hand touched her soft fragrant shoulder, the body fragrance of Situ Ningbing came from her nose... Li Tian seemed to feel like a drunk dream.

But Li Tian quickly woke up again.

Because he knew he was not the time for lingering, he was the time for revenge.

So he gently left her warm body, looked at Situ Ningbing and said, "Let's go."

Situ Ningbing nodded, and then the two followed their brothers towards the most dangerous cliff in the Wild Wolf Valley.

Going down from here to the bottom of the Wild Wolf Valley is indeed extremely dangerous. Not only are there thorny thorns on the cliffs, but the mountain roads are extremely rugged. If you are not careful, you may be in danger of falling off the cliff.

The brothers can only cross the mountain road cautiously and walk down slowly.

Along the way, Tang Xiaolong couldn't help muttering in his mouth: "My mother's bear, what kind of shit, are the gangsters of the Duanmu family a bunch of mice? It's such a secret place...what a \*\*\*\* sinister. "

A Qiu, Old Monster Ge and Chen Qiaozhi behind are slowly following.

The one leading the way is Duguxie and the shadow ghost servant.

Their two peerless characters walked up this rugged and dangerous mountain road as if they were walking on the ground, and could not detect any danger at all.

Especially the ghost servant.

He is already extremely agile, isn't this? After walking up this mountain road, the figure moved quickly, and he could only see his black figure wandering among the cliffs like a flash of light.

Suddenly, when the brothers were slowly walking towards the bottom of the Wild Wolf Valley, a white wolf smoke suddenly appeared from the bottom of the Wild Wolf Valley.

Thick white smoke swept over them like a waterfall.

When the brothers suddenly saw the white smoke below, they suddenly felt bad.

"It seems that the Duanmu family has already prepared."

The ghost servant who was walking fast in front suddenly stopped and said hoarsely.

Duguxie also raised that indifferent face and glanced at the dense smoke below.

Now the brothers are all on the mountainside, if the white smoke fills them, they will not see the road below...A careless one will most likely fall under the wolf valley and die alive. ... You know, the brothers are still several feet away from the bottom of the wild wolf valley!

Therefore, at this moment, there is not only a slight worry on their faces.

Besides, when the brothers were hesitating, the clamor of Duanmu family members suddenly came from below the wild wolf valley.

"Those who trespass into the Wild Wolf Valley, kill without mercy!" The cold voice suddenly came up from below.

As the words fell, then I heard the puff, puff, and puff sound of strong wind slamming up from the bottom of the wolf valley below.

Chapter 724: Slaughter

After hearing the sound of such strong wind all of a sudden, but seeing the bronze sword in Duguxie's hand, the dragon yin out of its sheath with a loud sound.

The sharp sword light suddenly slashed in the air.

Bang, bang, bang.

I saw that the poisonous arrows that were slashed down by Duguxie's strong sword aura turned out to be flying up.

Unexpectedly, the members of the Duanmu family were so vicious. They first blocked Li Tian and others' sight with the thick smoke, and then released poisoned arrows... And it was at the moment when the brothers were on the mountainside and couldn't fight back...

It is also fortunate that Li Tian and the others are surrounded by peerless masters like Duguxie and Ghost Servant.

Isn't this? After Duguxie blocked the poisonous arrows with his sharp sword aura, Duguxie suddenly turned his head and said to Li Tian and the others: "Young Master...you protect yourself first...I will solve them first. ."

Following Duguxie's words, his body suddenly rose and fell towards the bottom of the Wild Wolf Valley like a Dapeng.

At the moment when his body rises and falls, the bronze sword in his hand is quickly swung in the air...The cold sword aura in the air, even Li Tian and others on the mountainside can deeply feel the feeling of cold and suffocation.

"What a strong sword spirit... It's really worthy of a famous evil sword." Chen Qiaozhi said sincerely in admiration.

However, when the Duguxie here suddenly plunged into the wolf valley, the ghost servant suddenly screamed, and his body was like lightning, and he quickly followed.

His figure was so fast that he couldn't see clearly with the naked eye. The only thing he could see clearly was his shadow.

The poisonous arrows that swish, swish, swish, are still shooting up from below, but none of them can shoot up.

No way, their poisonous arrows were all blocked by Duguxie's vigorous sword aura in midair.

His sword aura was like a huge barrier protecting Li Tian and others.

Because of the white smoke, Li Tian couldn't see clearly the situation at the bottom of the Wild Wolf Valley.

The only thing they could hear was the strong wind and the sound of sword energy breaking through the air.

Suddenly, a terrible scream came from the bottom of the Wolf Valley...

As this screaming scream was made, another scream of pain was heard...the voices were full of fear, full of terror...

But after it sounded, they disappeared again in an instant.

died!

Maybe it's dead.

Li Tian knew that Duguxie also had the strength of a ghost servant, and once the two of them got below the wild wolf valley, they would definitely kill.

The tragic cry came from below the Wild Wolf Valley... Brothers could hear that it was the voice of a member of the Duanmu family.

In the end, in less than two minutes, those screams disappeared one by one.

The Wild Wolf Valley, which was still full of blood and brutal screams just now, instantly returned to deathly silence.

Thick white smoke came up from the bottom of the Wild Wolf Valley. Li Tian and the others didn't know what happened below... let alone how many people were killed by Duguxie and the ghost servant...

"Go, let's go down." Li Tian couldn't help saying at this moment.

The brothers nodded one by one.

Then he held the cliff in front of him with his hand, and walked quickly towards the bottom of the Wolf Valley little by little.

Finally, under the unremitting efforts of the brothers and Li Tian, they walked down the cliff of the Wild Wolf Valley.

When I walked down, the white smoke finally disappeared... It turned out that the white smoke just now was an obstacle specially created by the Duanmu family... Now the white smoke has gradually disappeared.

"Where is the master?" Tang Xiaolong and his brothers not only said in surprise there after they got down to the Wild Wolf Valley.

Because there is no Duguxie and the shadow of the ghost servant under this wild wolf valley.

I don't know where the two went.

"Corps... a lot of corpses..."

Old Monster Na Ge glanced at the ground and suddenly screamed.

But seeing that there are indeed many corpses on the ground... Those corpses are all wearing black robes, and they are holding crossbows used to release poisonous arrows.

These people are undoubtedly all members of the Duanmu family...

Their deaths were extremely ugly, and they were basically killed by swords.

Some of them had their throats directly cut by the sword, while others had their limbs severed...and even more so, they were killed by the sharp sword energy.

There are not as many as a dozen dead bodies on the ground...

Looking at these \*\*\*\* bodies, Li Tian's eyes suddenly became blood red.

It was a fiery desire. I don't know why, his whole blood started to boil, as if he would make him enthusiastic when he saw such a brutal scene.

Looking at these corpses, Tang Xiaolong said, "Master should be in front."

"Go, let's go find them."

Speaking of Tang Xiaolong, he walked quickly to the front, Li Tian and Situ Ningbing also quickly followed.

When he was about to reach the front, he saw the Duguxie standing with the sword at a glance.

With a sword in his hand, he stood coldly in the wind.

His three-foot bronze sword is still dripping blood...

With a sword in hand, the world is invincible!

Standing nearby was the shadow ghost servant.

He was already wearing a terrifying grimace mask, and now coupled with his terrifying martial arts, it is even more frightening and frightening.

Several \*\*\*\* corpses had already fallen down beside Duguxie and the ghost servant.

In front of them, there are more than a dozen members of the Duanmu family wearing black robes and holding sharp blades...

It's just that the fearful gazes in their eyes seemed to be the same as seeing a ghost, looking at the Duguxie and the ghost servant.

None of the dozen people dared to rush up.

Who rushes to death.

There is no suspense... They didn't rush through just now... but what about after rushing?

The sword of that one-armed scary man is so powerful! It's weird!

When the sharp sword aura rubbed on a person's face from far away, there was a fiery pain...not to mention getting close to him...so they didn't dare, no one dared to charge again.

"master!"

But seeing that Tang Xiaolong ran over after seeing the ghost servant.

Then Li Tian and the others also ran over quickly.

Originally, the dozen or so members of the Duanmu family faced this terrifying Duguxie and the ghost servants were already terrified, and no one dared to rush forward.

This will see Li Tian and others rushing, even more afraid to step back.

They knew that they were not the opponent of Duguxie and others, and no one wanted to come up to die at this moment.

#### Chapter 725: Bloodbath Duanmu Family

"Unexpectedly, the Duanmu family members are all gangs of turtles with their heads shrunk. The older ones dare not come out. They sent some shrimp soldiers and crabs to come out to die... Hey! It seems I really overestimated this dark family." The ghost servant said hoarse Talking.

With a sound of the bronze sword warehouse in Duguxie's hand, it plunged into the hard ground, one foot into the ground.

"If you don't want to die, get out of here!" A cold word roared from Du Guxie's mouth.

After Duguxie screamed, the members of the Duanmu family were so frightened that their legs became weak.

They just saw the power of the Duguxie sword with their own eyes.

Fatal!

So they are eager to run quickly...

Isn't this? These Duanmu family members hurriedly prepared to flee after hearing Duguxie's roar.

Just as they were about to run away, Duguxie suddenly shouted angrily: "Wait!"

The members of the Duanmu family suddenly felt weak and stood there again, looking at the Duguxie in front of them with pale faces, with extreme fear in their hearts...

They were afraid that this one-armed fierce man would suddenly change his mind and kill them all.

At this moment, they all looked at Duguxie with fear in their eyes.

But seeing Duguxie holding his indifferent eyes, he coldly glanced at the members of the Duanmu family in front of him, and then said: "Go back and tell your clan master, it is best for him to obediently give me the antidote to the Sanshengmen poison. Hand it over honestly...or else, my Duguxie will bloodbath your Duanmu family!"

Bloodbath the Duanmu family!

What a mad tone.

What a terrifying tone.

Even the dark Duanmu family was going to bloodbath.

This can only be said by an awesome character like the evil sword Duguxie.

No, when the members of those families heard the Dugu Xie in front of them saying that they were going to bloodbath their Duanmu family, they were all dumbfounded and stunned, and then they didn't know whose head was the first to open up. Ran back...then the Duanmu family members who were behind also hurriedly followed one by one quickly...fleeing desperately.

Looking at the more than a dozen members of the Duanmu family, one by one, like a escaping rat generation, Tang Xiaolong smiled and said, "This bunch of Duanmu family \*\*\*\*\* must be scared this time..."

"In my opinion, it is estimated that the patriarch of the Duanmu family will surrender the little boss's Sanshengmen poison to obediently after a while." Tang Xiaolong said in his heart dreaming.

Chen Qiaozhi next to him looked at Tang Xiaolong contemptuously.

"You kid, think about it all in my mind! Don't you see that all those people just now are Xiaolou of the Duanmu family?"

"There are so many masters in the Duanmu family, so far none of them have come out... I am afraid it is too early to say this."

Listening to Chen Qiaozhi's words, Tang Xiaolong thought about the truth, so he closed his mouth tightly.

Li Tian here glanced at the Duanmu family's corpse on the ground, and then at their current location.

They still have brothers who haven't really entered the Duanmu family's territory, they have just left the Wild Wolf Valley.

Only after walking a further distance can he truly step into the territory of the Duanmu family.

Li Tian knew in his heart that there were many masters hidden in the Duanmu family... Now the members of the Duanmu family killed by Duguxie were nothing more than the little ones of the Duanmu family... none of the real masters behind the scenes have appeared.

Therefore, what Chen Qiaozhi said just now is not bad.

"Young Master, should we be coming to the Duanmu family soon?" The ghost servant on one side walked to Li Tian's side and asked.

Li Tian pointed his finger at the place in front and said: "Quickly, the place in front will reach the Duanmu family's site."

"Okay, very good!" The ghost servant said in a weird voice.

"Ghost servant...The Duanmu family's master hasn't appeared yet. Please remember to be more careful later." Li Tian said while looking at the ghost servant and Duguxie.

I saw that the ghost servant smiled slightly after hearing the young master say so.

"Young Master, don't worry... My second brother and I will be fine, and a small Duanmu family can't help us both."

Listening to the ghost servant saying this, Li Tian didn't talk too much.

Then, under the leadership of Li Tian, the brothers in front of them began to rush towards the Duanmu family's territory.

Who dares to stop?

Who dares to die?

The Duanmu family members who were forced to retreat certainly did not dare to seek death again.

They had already fled back to the Duanmu family hastily.

I saw the dozens of panic-faced members in the Duanmu family's territory, and the members who saw ghosts and charms ran towards this side.

"Patriarch..."

They screamed in surprise while running wildly.

Duanmu Heiming could no longer sit in his hall at this moment, and was already standing outside the Duanmu family at this moment.

Behind him were the second elder Duanmu Heilong, the third elder, the ghost girl in the mist, and the fourth elder blood monk.

After Duanmu Heiming and the three elders behind him saw the members of the Duanmu clan who had originally tried to block them, but had fled back hastily at the moment, his face suddenly showed an extremely ugly look.

"Asshole...who asked you to come back?"

"Didn't you say that you should stop those who break in?" Duanmu Heiming said in angrily that his subordinates were extremely angry when they returned from fleeing.

The members of those families suddenly bowed their heads in shame.

"The patriarch...those people...those people...it's simply not people...too powerful...too terrible." One of the bolder guys said with a pale face upturned.

Suddenly hearing that the family members would take advantage of others to destroy their morale, Duanmu Heiming suddenly appeared cold and murderous.

"what did you say?"

As soon as the cold words came out, Duanmu Heiming's five fingers suddenly grabbed forward, grabbing the throat of the member who spoke just now.

That member was suddenly caught by Duanmu Heiming with blood in his mouth... His mouth was still hoarse: Patriarch...

There was a deep disbelief in his eyes, which meant that Duanmu Heiming was looking at him to kill him.

But Duanmu Heiming had already killed himself at this moment.

With a click, five fingers squeezed fiercely, and the member's neck was suddenly squeezed alive.

Then the body fell to the ground with a bang.

died!

So he was personally killed by Duanmu Heiming.

When the rest of the family members saw that Duanmu Heiming killed his comrades in this way, they didn't dare to say a word one by one...the air filled the audience like death...No one dared to say anything anymore. One sentence.

Chapter 726: Who dares to stop?

But after seeing that Duanmu Heiming pinched one of the family members to death, he looked at the family members who had escaped and said angrily: "Whoever dares to betray my orders... is to die!"

"Especially those who are greedy of life and fear of death, even more so!"

Those family members nodded silently while listening to Duanmu Heiming's cold voice.

"I ask you, why did you escape?" Duanmu Heiming looked at the dozen or so family members who had escaped with murderous expression.

The dozen or so family members who had fled back heard Duanmu Heiming's question at this moment... They couldn't help taking a step back, and their faces showed panic and fear.

No one dared to speak rashly, because all of them were afraid that if they made a mistake, the consequences would be the same as the guy just now! Directly killed.

Facing the silence of these subordinates, Duanmu Heiming was furious.

"talk!"

After Duanmu Heiming roared out, these family members finally summoned their courage and said there: "The lord...the reason we escaped...because, because they wanted me to live and give you a message... "

Hearing these guys who fled back to say so, Duanmu Hei Ming was taken aback, and his face was ugly and asked, "Passing a message? What are you talking about?"

"They said... they said... I want you to hand over the clan lord... to hand over the antidote to the Sanshengmen poison...or...or we must bloodbath our Duanmu family." A family member tremblingly told the truth. Said it.

"Asshole!"

After listening to these words, Duanmu Heiming was furious. Not only was he furious, but he also felt a little scared in his heart.

Bloodbath their entire Duanmu family!

What a terrible tone.

Even the three elders behind him were all uneasy at the moment.

"Who said such a big thing?" Duanmu Heiming asked angrily.

The family member quickly replied: "We don't know him either... we only know that he has only one hand, and he used a sword, a bronze sword..."

"The clan lord... the little ones are not afraid of death... we have been with you for so many years, we have already put life and death out, but do you know that the clan lord? That man's sword is indeed too powerful... too evil... we simply Unable to reach him... Every brother who rushed up was dead! Even without being close to his body, he was stabbed to death by that vicious sword energy..."

After these family members who had escaped said these words one to one, Duanmu Heiming was shocked.

Because he knew that members of his family were telling the truth.

Because that fierce man with a bronze sword was once famous: the evil sword Duguxie.

"The evil sword Duguxie!"

The three elders of the Duanmu family at the back also guessed the identity of the other party.

Because there can't be another person in the sky and the ground who can use such a vicious sword, and can use such an evil sword...So when the members of these families say that the other party uses a bronze evil sword At that time, they knew that Duguxie was here.

When hearing Duguxie's name, the three elders not only changed their faces.

"The patriarch, there is also a terrifying guy wearing a grimace mask... Although this person didn't make a move, but the younger ones can feel that he is also a first-class master... His strange aura is just like the devil in \*\*\*\* ...It looks scary."

"Duguxie and ghost servants are here!"

Duanmu Heiming suddenly sighed in an unpleasant voice.

The three elders behind that were also standing there blankly... They indeed already knew that the people who came were once famous masters!

Evil sword, Duguxie, and shadow ghost servant.

When Duanmu Heiming finally knew who the other party was, he didn't complain about his subordinates anymore.

Because he knew that the characters he had sent to face the famous Duguxie and the shadow ghost servant were purely seeking death.

Isn't this? After trying to understand this question, Duanmu Heiming helplessly waved his hand at these family members: "Forget it... you go down!"

Hearing what the clan owner said, the members of those clan were slightly taken aback.

"The patriarch... the little ones did not intend to escape back..."

"Yeah, Patriarch, we will go and resist those characters now...Even if it is dead, we will never allow these people to break into our family for half a step."

These members of the Duanmu family are not bad, and at this moment they are not afraid of life and death.

Duanmu Heiming looked at his family members, and finally a relieved expression appeared on his face.

But he still waved his hand slightly at his subordinates: "Forget it... Go down! Those characters are not something you can deal with... Even if you go, it's just to die."

"Listen to the clan leader, you can withdraw." Duanmu Heilong standing behind also stood up and said to the family members at this moment.

A heavy sorrow appeared on the faces of the members of those families, but they had to listen to the words of the second elder and the clan leader.

So one by one they retreated like a rooster that had been defeated in a fight.

After the members of these families retreated one by one, Duanmu Heiming sighed deeply.

Now the disaster is approaching, what should he do?

The three elders behind him were also blank, who would dare to risk his death to stop the evil sword Duguxie and the famous shadow ghost servant? Isn't anyone going to die for nothing?

Let's say that Duan Mu Heiming slowly turned his head after a meaningful sigh, looking at the three elders behind him.

"Now if I am not mistaken, then Duguxie and the ghost servants should have reached the territory of our Duanmu family."

A word came out silently from Duanmu Heiming's mouth.

The three elders did not speak, and continued to listen to the words of Duanmu Heiming in front of them.

Just listen to Duanmu Heiming continue to look at the three elders and say: "Now that the enemy is currently, I don't know the three elders, which one is willing to stop them..."

After Duanmu Heiming said so, not only did the three elders not say anything.

Who dare? Who dares to stop the evil sword Duguxie? Also with the shadow ghost servant.

Duanmu Heiming looked at the three of them, and none of them dared to say anything.

Because he also understands that the entire Duanmu family, except for the great elder Luohe Futu who has this ability to block, the other three people are probably going to be bad luck even if they go...

What should he do now?

Seeing that Li Tian, Duguxie, and the ghost servants have already killed them in, but there is no expert in the Duanmu family who dares to stop them...

Chapter 727: The Ghost Girl of the Mist

Could it be said that the Duanmu family will really lose themselves without a fight this time?

Just as Duanmu Heiming's expression was extremely decadent, a woman's voice came out.

It is the three elders, the ghost girl in the mist.

"Huh...In the past, when the family was okay, they all talked about how good they were. Now that the family has finally had an accident, I can't think of some people turning into turtles!"

"Patriarch, no one dares to go, I will go!"

The ghost girl of Wuyin with ironic words finally said it.

Unexpectedly, the three elders would personally fight the Duguxie and Li Tian and others.

After the Wuyin Ghost Girl's words, the fourth elder blood monk and the second elder Duanmu Heilong groaned deeply, but none of them dared to speak.

Because the two of them really dare not go...

How about the heroes of the world? Who dares to face the evil sword Duguxie in an upright manner? And the shadow ghost servant?

So even if it was the irony of the misty ghost girl, the two of them pretended not to hear nothing.

But he said that Duanmu Heiming immediately became happy when he heard that the three elders finally volunteered to stop the Duguxie and the ghost servant.

"The three elders should be considerate of me!"

The misty ghost girl looked at the second elder Duanmu Heilong and the fourth elder blood monk in front of her, she not only said coldly in her mouth, "Yes, unlike some people, I used to only talk with my mouth. Real things come out." At that time, it became a tortoise with a shrunken head!

After being said by the ghost girl in the fog, the two of them continued to be silent with a muffled hum.

But after seeing the Wuyin Ghost Girl taking the initiative to fight, she turned her head and said to the Duanmu Heiming in front of her: "Then I will stop them! I don't believe that our huge Duanmu family is really facing annihilation this time!"

After speaking, the ghost girl in the fog turned and walked forward.

The disciples of the misty ghost girl who followed behind also followed one by one.

Her banner is not weak!

There are Lan Ruo'er, who has received almost the truth from the ghost girl in the fog, and Sun Tian'er and other girls.

Although the disciples under the banner of Wuyin Guinu are all delicate girls, don't underestimate these beautiful girls.

Their skills are definitely not weaker than the Duanmu family men.

In this way, Wuyin Ghost Girl personally took her disciples to prepare to stop the Duguxie and the ghost servant.

Li Tian, Duguxie and his brothers have reached the position of the ladder of the Duanmu family at this moment.

The cloud ladder is the ladder for the Duanmu family to go out from the bottom of the wild wolf valley to the outside world.

This is also the only way to enter the Duanmu family.

At this moment, you can see several members of the Duanmu family standing at the location of the Duanmu family's ladder.

"Here, I have entered the Duanmu family's territory in the past." Li Tian said in front of him, pointing to the place in front.

With sharp eyes, Tang Xiaolong saw several Duanmu family members who were guarding the ladder.

Pointing to the front and said: "Little boss, there are people from the Duanmu family in front."

"Well, I saw it."

"I will clean them up."

Tang Xiaolong quickly ran forward with excitement, as if he had a deep hatred of the Duanmu family.

Li Tian and Duguxie also followed quickly.

However, when the Duanmu family members who guarded the ladder over there suddenly saw the stranger here suddenly running towards them, they were all ready.

"stop!"

"Don't go any further... If anyone dares to trespass our Duanmu family, let's kill him!"

Over there, 45 members of the Duanmu family, who were guarding the ladder and wearing black robes, showed their weapons and spoke to Tang Xiaolong and the others.

But Tang Xiaolong didn't even pay attention to them, and rushed straight to the Duanmu family's territory.

"You go one step further, and we will do it!" Those members of the Duanmu family saw Tang Xiaolong followed by Li Tian and so many people, not only a little guilty.

But seeing that Tang Xiaolong did provoke a smile with a smile on his mouth, "Come on, am I afraid that you won't make it?"

Listening to Tang Xiaolong insulting them, these members of the Duanmu family were extremely angry.

"kill him!"

There was an anger, but seeing the guys in the hands of the four or five Duanmu family members fatally slashed towards Tang Xiaolong.

Since Tang Xiaolong recovered from his body, he has never said to exercise his muscles and bones well. This time he finally caught the opportunity to vent, of course he was extremely happy.

Isn't this? Before the members of the Duanmu family rushed over, Tang Xiaolong rushed over like a wild wolf who was extremely hungry.

The heavy punch was the first to directly hit the left cheek of one of the Duanmu family members who did not react.

With a cry of pain, the member of the Duanmu family who was hit on the left cheek was knocked down and flew out...with a scream and thumped to the ground.

And when the three Duanmu family members saw Tang Xiaolong's move, they rushed over and surrounded Tang Xiaolong.

Tang Xiaolong played one enemy against three, he didn't seem to waste his strength, but he used his fighting fist flexibly.

But after seeing him kicking one of the Duanmu family members with his leg raised, he went backhand to grab the neckline of the other Duanmu family member...

The guy quickly backed away, slashing with the bright knife in his hand.

Tang Xiaolong could only close his hand, cursing, "Your uncle, bullying me with bare hands, right?"

While cursing in his mouth, he kicked the member of the Duanmu family with a chain of legs.

The member couldn't avoid it, his chest was banged and kicked three times... His mouth flew upside down... and fell to the ground.

The ghost servant here looked at his Tang Xiaolong, not only frowned and said depressed, "Hey! I didn't expect this kid to have such poor skills..."

"It seems that I have been able to train him well afterwards."

Listening to the words of the ghost servant, Du Guxie next to him smiled slightly.

"Is it okay?"

"At least there is still fighting passion!"

Listening to the words of the two of them, the old monster Ge and the capital of Chen Qiao laughed.

But he said that Tang Xiaolong didn't take much effort to deal with the members of the Duanmu clan, and the four of them had been beaten to the ground without blinking an eye.

After knocking those guys down to the ground, it was difficult to get up, Tang Xiaolong clapped his hands in relief and ran towards Li Tian and the others with a smile on his face.

He saw his master, ghost servant and old monster Ge, all smiling, and thought that his fight just now was very exciting, and said shamelessly: "Master, what is it? I didn't shame you. Hey, the apprentice is still a little capable."

As soon as the servant finished speaking, the ghost servant almost sprayed out.

"To be honest, I have no other skills as a disciple, but this thick-skinned skill is really incomparable to ordinary people!" The ghost servant who said that didn't bother to pay attention to the guy and walked forward.

Tang Xiaolong originally thought that his master would compliment him, but who knew this, he scratched his head depressedly and said, "What happened to me...Master, what happened to me?"

His question caused Li Tian and the other brothers to burst out laughing.

Chapter 728: Are they?

Tang Xiaolong thought that the master would compliment him with a few words, but he didn't expect the ghost servant to hurt him a few words. He was a little depressed, but he was born with an extremely thick face, how could he be so shy?

Isn't this? After an extremely shameless smile, he continued to follow Li Tian and the others vigorously.

After Tang Xiaolong's "brilliant bravery" just now brought down the Duanmu family members who guarded the cloud ladder, it was not Li Tian that they began to rush towards the Duanmu family's territory directly!

"It's the Duanmu family." Li Tian said as he walked forward.

The brothers followed behind him, all faces cautious.

They knew that the masters of the Duanmu family hadn't come out... so they didn't dare to be too careless.

The place in front is a very narrow mountain road. After passing this mountain road, you can see the house of the Duanmu family.

Li Tian and his brothers started to cross the narrow mountain road in front of them.

But just as the brothers were about to cross this narrow mountain road, they suddenly heard a sweet drink at the entrance of the mountain road.

"Who fanatic, dare to trespass into the forbidden land of my Duanmu family...find death!"

After the voice fell, I suddenly saw a cloud of mist rising from the narrow mountain crossing for no reason...

Those clouds and mist filled with water vapor.

Just when Li Tian and others didn't know what was going on, the whizzing wind suddenly shot at them.

"Young Master, be careful!"

When the strong wind was coming, the ghost servant and Duguxie's first worry was of course Li Tian, whose hands have now been "abolished". No, the two figures suddenly flashed. He went to the front of Li Tian, and then the ghost servant's palms shot out in an instant, and a palm was suddenly blown out, and the violent wind slammed into the hidden weapon that was shooting over.

Bang!

The extremely strong palm wind collided with the hidden weapon in the air... there was a thud.

Then I heard a crash, and the smashed hidden weapons fell to the ground one by one.

I took a closer look, but I saw that the ice that fell to the ground turned out to be a fast and small ice cube...

Ice cubes?

Could it be said that the hidden weapon shot just now turned out to be ice?

How could it be ice? Use ice as a hidden weapon?

When the ghost servant saw that the hidden weapon on the ground that was shot down by his own palm was actually an ice block, his brows couldn't help but wrinkle slightly.

Then he lifted up the scary grimace mask and shouted, "Who is it?"

"Get out of here!"

With a roar, he once again accumulated the fierce energy in his body, and with a bang, he slammed into the misty corridor.

This palm is more powerful and domineering than the previous palm.

Even the sand and rocks on the ground were shaken by this huge palm strength.

Boom!

The sky full of palm wind slammed into the diffuse clouds.

How can those unprovoked clouds and mist resist the brave and domineering palm of the ghost servant?

Isn't this?

The narrow mountain road that was originally surrounded by clouds was suddenly shaken by the wind of the ghost servant's palm, and the mountain crossing, which was not clear just now, instantly recovered its clear state.

And the brothers not only saw the narrow mountain road entrance, but also saw people!

I saw many women guarding the mountain crossing.

When Li Tian and his brothers first saw some women guarding here, they were stunned.

Especially Li Tian.

Because he recognized at a glance who the other party was blocking him.

"Fog hidden ghost girl! The third elder of the Duanmu family..." Li Tian said blankly, standing there looking at her in front.

I looked closely, but I saw that the figure standing at the narrow mountain crossing was the misty ghost girl with a black robe and a black veil on her face.

The disciples standing behind her were all graceful and extremely beautiful women.

Lan Ruor, and the Sun Tianer everyone...

However, when the cold beauty Lan Ruor saw that the "enemy" turned out to be Li Tian, her cold and ruthless pretty face became weird and ugly in an instant.

And the other cute girl next to my son Tian'er, her eyes widened and her mouth screamed...

"Li Tian..."

"Is it Li Tian?"

"How could this be? How could it be him?"

Sun Tian'er looked at this scene incredibly.

Suddenly the other person saw each other clearly, everyone was shocked there.

"Master... how could it be him? How could it be our Fifth Elder?" Sun Tian'er looked at the misty ghost girl in front of her with an unbelievable question.

The other girls around were also stunned, because they also knew Li Tian.

Since Li Tian performed in the Duanmu Family Raksha Conference, he has already become the idol in the hearts of the Wuyin clan beauty, so no matter his name or his appearance, the beauties under the Wuyin ghost girl are all Recognize clearly.

So when they saw Li Tian at first glance, they were completely stunned.

I didn't expect that the first person in the Duanmu Family Raksha Conference would now become the enemy against the Duanmu Family. What happened?

However, the ghost girl in the mist had already known that her enemy was Li Tian.

At this moment, after hearing that Sun Tian'er ask, the misty ghost girl said coldly: "He is no longer a member of our Duanmu family! He is our enemy..."

"But the master..." Sun Tian'er is a kind girl, she has a good impression of Li Tian, and she also likes Li Tian, but she dare not say it! Remember the time when Li Tian rescued her during the last Raksha Conference? Sun Tian'er has been in love with Li Tian since then... but girls are always so shy in their minds, sometimes even if they like them, she dare not say.

Now she still wanted to ask exactly what happened, because she really didn't want to be an enemy with Li Tian... But her words were interrupted by the misty ghost girl before she said it.

"Tian'er, don't you understand what the situation is now? He is our enemy, understand?"

Listening to the misty ghost girl saying so coldly, that Sun Tian'er suddenly became pale, and she dared not say another word there.

It's just that her big watery eyes are blinking and looking at Li Tian regretfully...

And Lan Ruor, the glamorous beauty who had been standing beside Sun Tian'er, looked at everything in front of her with extreme shock.

But he said that after the misty ghost girl organized Li Tian and the others, Li Tian also looked at this scene with embarrassment.

When Tang Xiaolong next to him heard the ghost girl talking over there, he was not only taken aback, turned his head and looked at Li Tian in front of him and asked, "Hey, little boss, these people seem to know you? "

Chapter 729: The misty ghost girl is angry

Chen Qiaozhi and Old Monster Ge beside him were also looking at Li Tian in surprise.

Li Tian was silent for a while, then raised his head and looked at the misty ghost girl.

"Three elders!" Li Tian still politely shouted to the misty ghost girl after all.

To be honest, the only thing Li Tian doesn't hate in the entire Duanmu family is this Wuyin family! Especially the girls under the banner of Wuyin Guinu.

Because Li Tian felt that they were all innocent...They had nothing to do with his revenge this time. After Li Tian yelled out the three elders politely, he saw a cold snort from the misty ghost girl over there.

"Unexpectedly, the best in our Duanmu family nowadays betrayed our family... and they want to bloodbath our Duanmu family without shame! I want to see if you Li Tian have this ability..." Li said sarcastically.

Hearing the misty ghost girl's remarks.

The violent ghost servant on the other side suddenly roared.

"You'd better show me your attention when you speak in front of our young master, or I will kill you..." A hoarse and unpleasant voice called out from the ghost servant's mouth.

He looked terrified because he was wearing a grimace mask, and now he said such cold words, which not only shocked the girls of the Wuyin clan.

They all set their sights on him.

"Who is that guy?"

"It looks so scary..."

"Yes! And you see that he still wears such a grimace mask..."

Of course, the girls of the Wuyin clan didn't know, standing in front of them was a peerless figure who had been famous for more than 20 years, the shadow ghost servant!

But the ghost girl in Wuyin does know the identity of the ghost servant.

When she heard the ghost servant say so, she slowly turned her face and glanced at the ghost servant.

"Are you the Shadow Ghost Servant?" The Wuyin Ghost Girl said coldly, and she didn't seem to be afraid of the Ghost Servant.

The ghost servant suddenly laughed hoarsely.

"Unexpectedly, there are people who know me! Since you know me, then quickly get out of me... My ghost servant doesn't like killing women all my life... But today, for the sake of the young master, people stop me from killing people, and the demons stop me from killing demons!"

The domineering and revealing words came out of the ghost servant's mouth.

So crazy! So cruel!

But to the misty ghost girl, this is really not an exaggeration at all, she knows the strength of the ghost servant... and knows the power of the ghost servant.

Wuyin Guinu laughed suddenly, her voice sounding like a silver bell.

Although she is wearing a black veil, she can still be heard from her slender figure and sweet voice, she is definitely a beautiful woman.

"It really is the shadow ghost servant!"

"It's a pity that I have never been afraid of death in my life..." the misty ghost girl said coldly.

It can be seen from the words that she must stop Li Tian and others today.

The ghost servant was about to lose his temper, but Li Tianji slowly reached out his hand to stop him.

But seeing that Li Tian still maintained a polite attitude towards the misty ghost girl, he said, "The third elder...I came to the Duanmu family today only because there are a lot of old accounts that need to be settled with Duanmu Heiming... a lot during this period. I'm sure you don't know anything."

"And I also believe that Duanmu Heiming has never told you the truth... if his treacherous and despicable villains do the bad things, if you let you know, I believe the third elders will definitely not stop me today."

"Nonsense!" Before Li Tian finished speaking, he was stopped by the misty ghost girl.

"You kid is full of lies...!"

"Let me ask you, were you in our Duanmu family that day?" The Wuyin ghost girl asked coldly.

Li Tian smiled bitterly and nodded slowly.

"Yes!"

"It's good for you to admit it! Since you took refuge in our Duanmu family that day, why did you betray our family?" said Wuyin Ghost Girl.

Li Tian said helplessly: "If I said that I joined the Duanmu family because I was forced by Duanmu Hei Ming, do you believe it?"

"Do you think I will believe you, the lunatic's nonsense?" The misty ghost girl said awkwardly.

Then Tang Xiaolong listened to this masked woman talking aggressively, and immediately said angrily: "Hey, how can you speak unreasonably as a bitch? Our little boss speaks good words to you, how are you compelling... ..I'm telling you, the patriarch of your Duanmu family is a bastard! Just a despicable and shameless bastard! I didn't dare to come out... even sent you women out... What a shame!" Tang Xiaolong laughed and scolded, looking very happy.

"You thieves, look for death!"

The misty ghost girl heard Tang Xiaolong insult her, and she was furious at the moment.

After all, she is one of the four elders of the Duanmu family!

Isn't this? After uttering a vicious word, the slender figure suddenly flashed a lightning strike at Tang Xiaolong like a huge light.

She originally belonged to the Wuyin clan!

At this moment, the whole body was filled with a misty atmosphere...No, after the vicious move hit Tang Xiaolong, the careless Tang Xiaolong realized that the lady on the opposite side was really not easy.

Quickly step back...

But it was a little late.

Isn't this? The misty ghost girl had a white, slender hand, and suddenly her five fingers made a grasp, and a fierce grasp towards Tang Xiaolong's throat.

Tang Xiaolong was shocked, and quickly backed away...

It's a pity to retreat too fast, and the one at his feet was accidentally thrown down by a stone.

Ah scream...

Someone fell into a \*\*\*\* all at once.

But it happened to be in this falling position, avoiding the vicious move of the misty ghost girl.

Looking at Tang Xiaolong's embarrassing appearance... the ghost servant frowned secretly, and muttered in his mouth: "My apprentice... hey, it seems that I need to be well trained in the future."

It was said that after Tang Xiaolong fell to the ground, he fortunately avoided the vicious move of the misty ghost girl, isn't it? He turned over and got up from the ground.

"Hey, stinky lady...you can do it anyway, Xiaoye, I'm not ready yet!" Tang Xiaolong said angrily after getting up.

That Wuyin Ghost Girl was already hot by nature, but at this moment, she was insulted by this Tang Xiaolong again. She couldn't wait to pull Tang Xiaolong's muscles and bones out of his skin!

"I want you to die!"

The misty ghost girl who roared wildly has now become the image of a "shrew".

The misty ghost girl who suddenly shot at this moment was covered in mist, her body turned into a cloud and attacked Tang Xiaolong.

Don't underestimate this woman, she is the third elder of the Duanmu family.

If there is no strength, how can it be the third elder of the Duanmu family?

Chapter 730: Kill them

At this moment, you can see that her strength is definitely far higher than Tang Xiaolong!

Moreover, due to the overly angry ghost girl in the mist, all his killers were revealed at this moment, leaving no room for Tang Xiaolong at all.

Isn't this?

Tang Xiaolong, who insulted the misty ghost girl just now, only felt that his body was filled with a layer of mist, making his eyes a little unclear...

He was shocked, his body kept retreating, and at the same time he punched the clouds and mist in front of him... but the punches were all in the air, and he couldn't hit the opponent at all.

Suddenly screamed.

The figure of the misty ghost girl suddenly flashed out of the clouds.

A ghostly finger that was thin like a poisonous snake grabbed Tang Xiaolong's eyes in an instant, and the other hand locked Tang Xiaolong's throat like an ecstasy.

Facing the strange body of the ghost girl in the fog, Tang Xiaolong was completely shocked.

Not only does he regret a little now, he regrets that he insulted this old lady just now.

And Li Tian and his brothers were not only shocked

Seeing that Tang Xiaolong was about to be hit by this misty ghost girl, but he didn't have the power to fight back at all, what could be done?

Li Tian was anxious, but his hands couldn't accumulate any energy.

That Chen Qiaozhi, Old Monster Ge, and A Qiu didn't have time to stop the misty ghost girl.

At this critical moment, a black shadow suddenly rushed towards the body of the misty ghost girl like an electric shot.

The speed is so fast, it seems to have surpassed the speed of light.

Who is he?

The ghost girl in the fog had killed Tang Xiaolong in anger, but she would suddenly feel the strong wind coming from behind her.

I had to close my hand, my right grasp suddenly changed into a palm, and at the same time my left leg quickly swept towards the back.

The dark shadow deceived like a ghost and suddenly slapped it.

The strong wind carried by the thick palm Jin... thickly swept toward the misty ghost girl.

Boom!

The thousand palms of the misty ghost girl collided with the sturdy palm of the dark shadow, and the huge energy from the two palms exploded directly in the air.

With a bang, the beautiful body of the misty ghost girl was stunned by the strong palm strength...

Deng Deng stared and retreated three steps before squeezing the footsteps.

Look here again? Where is the black shadow like lightning just now?

It's a ghost servant!

It was the shadow ghost servant wearing a grimace mask.

After he and the misty ghost girl fought each other's palms, they stood there calmly, their feet still motionless.

Let's say that the ghost servant shook the misty ghost girl three steps back. Although the black veil of the misty ghost girl blocked her face and people could not see the look on her face, it was still vaguely She could see her delicate body trembling slightly.

"master....."

As soon as the girls under the banner of Wuyin Guinu saw their master being shaken back by the ghost servant wearing the grimace mask, they quickly ran over in worry one by one.

Among them, Tian Tian'er and Lan Ruo'er supported the misty ghost girl.

The misty ghost girl took a deep breath...

Muttered in his mouth: "As expected, he is a shadow ghost servant... terrible strength!"

Although she had heard about the deeds of the shadow ghost servant before, she had never seen a real person. When she saw it today, she was completely convinced.

You know that the ghost girl in the mist under the anger has already exerted her whole body energy, but she was still shaken like this by the fierce palm of the ghost servant. Can you imagine how overbearing the strength of that ghost servant is?

"Master, how are you?"

Sun Tian'er looked at the misty ghost girl worriedly and asked, but when she saw the misty ghost girl, she waved her hand slightly.

"I'm fine."

The girls under the banner were relieved when they heard the ghost girl said she was okay.

And over there? Tang Xiaolong, who was almost dead just now, looked embarrassed, especially when facing his master, lowered his head, and never dared to say how awesome he was.

The ghost servant looked at Tang Xiaolong, who had his head down, and said, "Apprentice, apprentice, you can't do this anymore, you almost were defeated by a woman... hey... shame! I know! Huh?"

Tang Xiaolong scratched his head in embarrassment with his hand, and said with a smile, "Master, I remember, I will never shame you again in the future."

"Ah That's good!"

"If you are defeated by a woman in the future, don't tell others that my ghost servant is your master... hey..." the ghost servant said there.

Listening to the ghost servants talking like this, how can the beauties under the ghost girl of the mist bear it!

Originally, the girls under the banner of Wuyin Guinu had been indoctrinated by Wuyin Guinu since they were young. Women are also humans, and they are no worse than men! But now I heard the ghost servant say: I look down on their women and I feel angry right now.

Isn't this? Two of them were beautiful and dressed in black robes and stood up suddenly, pointed their fingers at the ghost servant wearing a grimace mask and said, "What do you mean, the evil thief?"

Hearing the ghost servant being insulted by two little girls, he suddenly roared, and the black murderous aura instantly filled his whole body.

"Little girl, dare to be rude in front of me, don't blame my ruthless men!" The murderous ghost servant said coldly.

But no one dared to doubt that he dared not kill!

He is a peerless figure who has become famous twenty years ago!

If you really want to kill these two little beauties, wouldn't it be like playing?

The two little beauties didn't know whether they lived or died, and they dared to reply again: "You thief, hurt my master... and insult our woman, what are you?"

"court death!"

With a roar, the ghost servant suddenly flicked and rushed towards the two little beauties.

The ghost servant is angry!

Li Tian, who had never seen the ghost servant angry, was shocked at this moment.
