

A Killer 731

Chapter 731: Li Tian is angry

No one doubts that the ghost servant will kill these two beautiful girls in one move, not because of anything else, just because he is the shadow ghost servant.

Isn't this? Seeing that those two beauties were about to be killed alive by the ghost servants, and the people around them couldn't help even if they wanted to help, they could only watch them tragically die by the hands of the ghost servants, could it be said that those two beautiful little girls really be slaughtered by a ghost servant?

Lianxiangxiyu!

Just at this critical moment, suddenly a voice called out.

Maybe he was the only one who could stop the ghost servant.

"Ghost servant... don't kill them!"

A word suddenly came out from Li Tian's mouth.

When Li Tian's voice reached the ghost servant's ears from the air, the ghost servant's two hands had already reached the front door of the two beautiful girls...

The black horror that emerged from both hands, with a feeling of death, just stopped in front of the two little beauties.

If the ghost servant's two terrifying hands were a little further away... then there is no doubt that these two little beauties will definitely die here today.

So now, the two little girls are completely stunned.

The two flower-like pretty faces are as gray as death at this moment...The pupils of the eyes are about to bulge out, looking at the scary man with ghost faces in front of him in disbelief.

Yes, they almost died!

Because they had smelled the black death breath just now.

But they are still alive now.

Who saved them? Li Tian rescued the enemy they wanted to stop.

No, even the misty ghost girl looked at Li Tian who looked at that side with questioning, and then looked at her two family members, feeling the difference.

Sun Tian'er, the cute little beauty next to her, was even more excited and excited when she saw that Li Tian had saved her sister. Her big round eyes looked at Li Tian like an idiot.

She knew in her heart that Li Tian was a good person.

But she couldn't figure out why her master would kill a good person?

Lan Ruoer, who was standing on the other side, had a peerless face, but her heart was nervous about it just now. She was afraid that the man wearing the grimace mask would really kill her two sisters...

...

But fortunately...fortunately...he stopped it.

Besides, when Li Tian stopped the ghost servant suddenly, the ghost servant's stern eyes glared fiercely at the two little beauties in front of him, and then the two palms that originally carried the black killing aura slightly Received it back.

Turning his head and looking at Li Tian: "Young Master...why didn't you kill them?" The ghost servant looked a little angry, but he said in a calm tone.

I saw Li Tian come over.

"Don't kill them... they are innocent!"

"They may not even know anything... hate only the insidious Duanmu Heiming." Li Tiandao said.

Hearing what his Young Master said, the Ghost Servant was slightly unhappy.

For the ghost servant, he doesn't care who is right and who is wrong!

The only thing he cares about is the person who blocks his young master... whoever blocks, he will kill someone!

"Ghost servant...Listen to the young master!"

Duguxie, who had rarely spoken, suddenly said in a deep voice.

When the ghost servant heard Duguxie's words, he nodded silently, and then glanced at the dozen or so girls of the misty family in front of him with cold eyes, and then slowly retreated.

"Yingying...are you all right."

After seeing the ghost servants retreating, the girls of the Wuyin clan over there quickly helped the two Qianli who had insulted the ghost servants, but the two girls with a dead gray expression on their faces quickly helped back.

The two glamorous girls seemed to be stupid, did not speak or move, as if dull, they were taken behind the girls of the Wuyin clan.

The scene at the moment became a confrontation.

Li Tian didn't want to kill these beautiful girls by mistake, but the misty ghost girl had a "donkey" temper and had to stop Li Tian... so the situation in front of her seemed a little stiff.

I saw Li Tian once again persuaded the misty ghost girl and said: "Three Elders, Li Tian has already told you everything I should say... I hope you can let us pass today."

The misty ghost girl looked at Li Tian and snorted coldly and said: "Don't think you don't kill my two disciples, I will be grateful to you!"

Li Tian listened to this misty ghost girl saying this, not only looked at her with a bitter smile in his mouth and said, "Then what do you want? Stop me?"

"If you want to die by yourself, then I will fulfill you...but don't hurt your apprentices!" Li Tian originally wanted to persuade her with kind words, but this woman is helpless because of too many things... Like a donkey, he couldn't communicate at all, so Li Tian said angrily at the moment.

"You have to know that your apprentices are all innocent... If you kill so many apprentices because of you alone, then I'm afraid it's not good."

Li Tian said again.

Listening to Li Tian's words like this, the ghost girl in the mist shivered suddenly.

Does she really want to go head-to-head today? Do you really want to die today? No one knows.

At this moment, the misty ghost girl suddenly turned her head and looked at her teenage apprentices... She knew in her heart that what Li Tian said just now was true. If she insisted on stopping Li Tian and the ghost servants here today, no doubt It will be a ***** battle.

But can they really stop Li Tian and the others with their strength?

Do not!

Can't! Absolutely not

Perhaps they will all die here in the first battle today.

Who knows what she is thinking at the moment?

After she was silent for a while, she saw the Wuyin Ghost Girl suddenly raised her face and looked at that Lan Ruo'er and said, "Let's go..."

Listening to the ghost girl in the fog suddenly saying this, Lan Ruoer and a group of girls were unbelievable and said: "Master...we will not leave! Even if we die, we will be with your old man."

The Wuyin Ghost Girl sighed softly and said, "No need...why do you need to die here with me!"

"Today's battle, I know that I am not their opponent... But in order to maintain the Duanmu family, I can only fight with them." Wuyin Ghost Girl said.

"Master, we will not leave! We are not afraid of death!" Lan Ruoer said while waiting for the girl.

"go....."

"If you don't leave anymore, you will be angry as a teacher." Just listen to the Wu Yin Ghost Girl roaring.

She seldom lost her temper to her apprentices, but she didn't expect to growl at this moment.

But what about the beauties of the misty clan? How could they lose their master and escape?

Chapter 732: Luohe Buddha is here

"Master, we have always listened to your old man's words, but today we can't listen to it!"

"Since the master said to stop them, even if we die, we must stop!"

Lan Ruoer said cruelly there.

After saying this, she suddenly raised her eyes, looking at Li Tian, her eyes were full of complicated emotions...Even her heart could not help trembling... But she still said a word .

"Sisters, today is death, and stop them!"

The words fell, but Lan Ruoer was the first to attack the Li Tian and others.

The fierce women behind them attacked the ghost servants and others without fear of life and death. However, when Li Tian saw that they were really going to stop him, his brows couldn't help but frowned deeply.

The ghost servants next to them had already felt extremely disgusted with these women. At this moment, the girls of the Wuyin clan rushed towards him unconsciously... Now he coldly hummed and said, "Young Master, I think they are Toast and not eat, eat fine wine! Let me go and kill them all!"

Ghost servant is now waiting for Li Tian's order!

As long as Li Tian said it, he would really kill him! He doesn't care if these girls are beautiful or not, and he doesn't care if these people are innocent. In his mind, anyone who dares to stop Li Tian is a **** person!

Li Tian did not give an order.

Because he really didn't want that Lan Ruo'er and that innocent girl like Sun Tian'er to die.

But seeing these girls rushing up, what can he do? Do you still let your brother sit and wait for death?

Just when Li Tian hesitated, the Duguxie who had been standing next to him suddenly muttered and said, "Let me come!"

The moment the voice was exported, a dragon chanted from the warehouse!

A cold light was like the swordsmanship of flying immortals outside the sky, and it slashed at the girls of the misty clan!

The extremely mighty sword aura carried a strong wind, slashed vigorously, and slashed forward.

A loud bang!

But seeing that this fatal slash did not slash at the bodies of the girls, it slashed in front of them.

The hard ground was cut by the mighty sword of the Duguxie with a deep and deep sword mark... and the mighty sword spirit spreading in the air forced the girls who were about to rush back one by one. go with.

The power of this sword is really too great!

Too tough.

The girls of the Wuyin clan were completely stunned when they saw such a domineering sword.

Who is he?

Who is this man with a broken arm?

So amazing!

It was so terrifying, he was even more powerful than the man wearing the grimace mask just now... His sword was even more terrifying than the grimace of the man wearing the grimace mask just now!

Who is he?

Of course, they would not know that the one standing in front of them was the first sword in Uchi 20 years ago: the evil sword Duguxie!

The sword of Duguxie just now, if it were a little one centimeter away, maybe there were already a few more corpses on the ground...but he didn't kill him!

"If you don't want to die, retreat to me!"

"My sword can't kill people the first time...but don't let me use it the second time..." Duguxie said with a sword in his hand, looking coldly at the girls of the misty clan.

Yes!

Duguxie's sword will see blood when it is out of its sheath.

The girls of the Wuyin clan, although they are not afraid of life and death, how can they not be afraid when they see such a powerful sword move?

Even the ghost girl in the fog was stunned.

Looking at the deep sword marks on the hard ground, she murmured: "Could this be the famous evil sword Duguxie...Could this be his sword..."

There was shock and fear in her eyes!

It was also when Duguxie used this sword, he thought he could make these misty hidden girls retreat, but never expected that at this moment, an old and strong voice suddenly came from the narrow mountain road. Came out.

"What a powerful sword!"

"What a strong sword spirit..."

With this sound of dragon jiong, suddenly came out from the narrow mountain road.

Duguxie's silent face suddenly wrinkled slightly.

"It's him?"

"Is he here?" Duguxie said in a slightly surprised heart.

Tang Xiaolong here is full of depression, and they don't know who the thick and old voice was just now!

But Li Tian heard it.

He knows who the person is here, and he knows why this person is here.

"he came!"

"He will finally be born...He is the elder of the Duanmu family."

As soon as Luohe came out, the Luohe Buddha of the Buddha!

However, when this voice came, the misty ghost girl also had a surprise on her face for an instant.

"It's the Great Elder, the Great Elder is here..." The Wuyin Ghost Girl said excitedly.

At the moment everyone is looking at the narrow mountain crossing.

But seeing the narrow mountain pass finally came out two figures slowly.

One is an old man with a childlike face. His hair is gray, and even his beard is mostly gray. He is holding a walking stick with a dragon head in his hand...

Looking at his face, vicissitudes and embarrassment, like an ancient book, it is full of vicissitudes.

His eyes are white and blind!

But this didn't seem to affect his life. He just walked vigorously at the moment with a slight smile on his face and walked out of the mountain pass.

Following him is a handsome young man of about 2,728 years.

Jian Mei Xingmu looked quite heroic.

But who are these two people? Isn't it the great elder of the Duanmu family, Luohe Buddha, and his nephew Luo Changfeng?

When the two came out, Li Tian recognized them at a glance.

To be honest, the Luohe Futu and Luo Changfeng are not bad in his mind... But now they are here... Are they also here to stop themselves?

Thinking of this, Li Tian not only frowned slightly.

The ghost servant and Duguxie also saw Luohe Futu at a glance.

However, the ghost servant also showed a slightly surprised look on his face, but he still looked at the Luohe Buddha with a relaxed smile on his face and said with a hoarse smile: "Who am I? So it's you, blind old man..."

"You haven't died for so many years:?" The ghost servant said in an unpleasant voice.

Hearing the ghost servant speaking like this as soon as he came up, Luo Changfeng, who was next to Luohe Futu, was suddenly unhappy.

"You..." As soon as he said a word, Luohe Buddha put out his hand to stop it.

But seeing Luohe Buddha's heroic laugh...

"Haha... the old man is coming soon, coming soon! It's just that before I die, I can still see your old friends. To be honest, even if I die now, I'm content.

Chapter 733: Evil Sword vs Luohe Buddha

Listening to Luohe Buddha's words, the ghost servant snorted coldly: "Blind old man, don't talk coldly."

"I ask you, why did you suddenly appear here? How did you appear in the Duanmu family? If I remember correctly, haven't you been in the South China Sea all the time?" Only the ghost servant continued to ask.

The ghost servant is right!

The Luohe Futu that was truthful more than 20 years ago is indeed not in the Duanmu family!

He is in the South China Sea!

The Luohe Buddha who once dominated the South China Sea, who does not know, who does not know? That's why Luohe came out, the nickname of the Buddha.

For more than 20 years, the ghost servants and Duguxie have not been born. Of course, I don't know that the Luohe Buddha in front of me has already become the elder of the Duanmu family.

After hearing what the ghost servant said, Na Luohe Buddha smiled slightly, and turned his blind eyes slightly.

"Hey... the old man is no longer in the South China Sea."

"Then tell me, why do you appear in this Duanmu family?" Ghost servant continued to ask in a cold voice.

Luohe Futu slowly said, "This is a long story... In fact, I said intermittently that I promised someone! That's why I came to the Duanmu family!"

"Promise someone? Who?"

"Who can instruct you, the old blind man?" the ghost servant asked questioningly.

Luohe Futu smiled slightly and said, "He is my good friend! Duanmu Jingzang!"

"Oh! It turned out to be that guy!" Only the ghost servant said.

Duanmu Jingzang!

The master of the Duanmu family of the previous generation, the ghost servant certainly recognizes it!

Twenty years ago, the Cthulhu brought his brothers to destroy the Duanmu family. It was because of the Duanmu Jingzang's sake. At that time, his men were merciful and did not destroy this dark family. This Duanmu family had already been destroyed by Cthulhu.

Now suddenly talking about the Duanmu Jingzang, the ghost servant in front of him certainly knows this person.

The only thing that the ghost servant didn't understand was why Duanmu Jingzang wanted the old guy Luohe Futu to come to the Duanmu family.

The ghost servant then asked, "The old guy asked you to come to the Duanmu family, what's the so-called? As far as I know, it seems that the old Duanmu has been dead for many years."

Suddenly hearing the ghost servant say so, there was a trace of sadness on the smiling face of Luohe Buddha.

But Li Tian, who was standing over there, trembled uncontrollably.

Duanmu Jingzang!

In the Duanmu Scriptures, four words suddenly flashed clearly in his mind.

Then the poor old man in the cave flashed into his mind... His seven orifices were almost completely destroyed...

The ears failed part of the hearing, and even the voice was almost destroyed...

Li Tian still clearly remembered the words the poor old man said to him.

"Vengeance! Revenge for me!"

The **** words filled Li Tian's heart little by little!

Now Li Tianxin has begun to doubt the identity of the poor old man... He guessed that the poor old man is Duanmu Jingzang... But Li Tian still has no real evidence to prove all this.

Therefore, Li Tian at this meeting was stunned, but he did not speak, but quietly listened to the conversation between the ghost servant and Naluo River Buddha in front of him.

"Hey! Brother Jingzang has indeed disappeared for many years...but the old man always thinks that he is not dead! This is also the important reason why I stayed in the Duanmu family." Luohe Futu sighed slightly.

"Are you staying in the Duanmu family?"

"Are you already a member of the Duanmu family?" The ghost servant suddenly said coldly.

Luohe Buddha smiled helplessly, and did not answer these words.

"Ghost servant, listen, he is the great elder of our Duanmu family!" The Wuyin ghost girl over there suddenly called out.

Suddenly, after hearing the ghost girl of Wuyin say the identity of the Luohe Buddha, the ghost servant's face suddenly became ugly.

Gloomily turned around and looked at the Luohe Buddha.

"So you are the elder of the Duanmu family?"

"How can I say you, the blind old man, appeared here for no reason? It is probably your despicable and shameless clan master who asked you to stop us?" The ghost servant said hoarsely.

Hearing what the ghost servant said, Na Luohe Buddha sighed slightly.

In fact, who knows his difficulties?

He actually didn't want to get involved in this matter, but he was a person who was born with extremely high credit, and Duanmu Heiming took advantage of the Luohe Buddha statue, so he threatened him.

Of course they didn't know Li Tian and the ghost servant before all this.

"Blind old man, I will ask you a word, are you trying to stop us today?" The ghost servant said in an unpleasant voice.

At the same time, a terrifying killing intent appeared immediately all over his body.

Na Luohe Buddha's blind eyes were glowing, and he sighed softly.

"The old man actually doesn't want to stop you... It's a pity that I have my own difficulties..."

"I only hope for one thing now, that is, we all sit down calmly and settle this matter properly..." Luohe Futu said slightly.

In fact, he doesn't want to fight today!

"Stop talking!"

"Lao Luohe, it seems that you are really preparing us to break into the Duanmu family today? If so, let's see the truth in kung fu!"

The ghost servant who roared out suddenly wanted to do it!

The horror banner that permeated him suddenly covered the entire audience like a huge barrier.

"stop!"

But seeing the evil sword Duguxie who had not spoken, suddenly shouted coldly.

After he roared out the words, the ghost servant stopped and looked at the Luohe Buddha with a cold snort.

Everyone's eyes at this meeting were all on Duguxie's body.

Even Luo Changfeng over there is the first time he has seen this legendary fierce... evil sword!

"Uncle...he...he...is the number one sword in the world, the evil sword Duguxie?" Luo Changfeng said with a shocked tone as he stared at the broken arm Duguxie.

Although Luohe Futu had lost his eyesight, he had already sensed who was just able to use such a domineering sword.

At that moment, he nodded slightly, with a smile on his face.

"Brother Luohe... long time no see!" After Duguxie walked up, he looked at Luohe Buddha's mouth with a cold face and said indifferently.

The Luohe Buddha in front of him also smiled and said, "Yes! It's been more than 20 years... Hey! I didn't expect that the old man would see you evil sword before he died!"

Duguxie sneered and looked at Luohe Buddha: "I heard from Brother Luohe just now that you have now become the elder of the Duanmu family? Is this true?"

But seeing a helpless smile at the corner of Naluo River's Futu's mouth, he nodded slightly.

"It's true!"

Chapter 734: Who wins and who loses?

Listening to Duguxie suddenly saying this coldly, Luohe Futu's old face showed a helpless smile.

He is indeed the elder of the Duanmu family. He can't avoid this fact, so he nodded there.

Seeing Luohe Buddha's identity, Du Guxie coldly spit out a word: "Okay!"

"Let me ask you again, do you want to prevent me from entering the Duanmu family today?" Du Guxie continued to ask in a cold voice.

At the same time, the sword in his left hand had already begun to exude a terrifying sword aura.

What can Luohe Buddha do?

What should he do if he is forced?

At this moment, Luohe Futu sighed slightly, and then looked up at that old face like an ancient book... After a long silence, he suddenly said: "Hey! The old man intended to persuade both parties... ...It seems that I can't persuade you!"

"Okay, very good!" Duguxie said suddenly in a cold voice.

"Twenty-five years ago, you and I didn't tell the winner... Today it seems that we should make a decision!" A sentence suddenly came out of Du Guxie's mouth.

After Duguxie said that sentence, the bronze sword in his hand slowly lifted up.

A battle that didn't tell the outcome 25 years ago? What do you mean?

It turns out that this Duguxie and Luohe Buddha had already fought once 25 years ago! At that time, the two of them didn't have a winner or loser in that battle, and no one won? Unexpectedly, the two would meet again after 25 years!

Is it fate? Still evil?

The buzzing sword sound echoed in the air... a terrible and cold sword aura quickly filled his body.

Is he really going to fight the Naluo River Buddha?

At this moment, everyone looked at the broken limb Duguxie and the blind Luohe Buddha over there with horrified eyes.

Li Tian was also stunned.

He really didn't want to fight against that great elder Luohe Buddha, but what should he do now?

He couldn't help it. Since Luohe Futu insisted on preventing them from entering the Duanmu family, all he could do was to break through.

Luohe Buddha was forced to be helpless! For a credibility, for a pledge.

And the ghost servants and Duguxie here are for their young master's life... Since peace talks cannot be reached now, it seems that there is only one battle!

Duguxie's three-foot bronze sword has been raised, and the sharp sword aura has gradually enveloped his entire body, and those sword auras are still expanding, expanding, and spreading to the surrounding enemies.

And what about the Luohe Buddha over there? Since he couldn't avoid this this time, it seemed that there was only one battle at the moment!

Luohe Futu has never made a move, at least after he joined the Duanmu family and became the elder, he never made another move. No one knows how powerful his martial arts is, and no one knows how powerful Luohe Futu is. The only thing I know is that this old man can't afford to offend others.

The only thing that can be seen at this moment is a looming golden light suddenly appeared around the body of Luohe Buddha.

Luo Changfeng, who was standing next to him, had slowly retreated to the side... a pair of eyes were carefully staring at his uncle Yu Duguxie.

And here Li Tian was also the first time that he saw the Luohe Buddha making a move, not only frowned and looked at the scene.

The scene is quiet!

Quiet seems to be able to hear people's heartbeat.

The only thing that can be felt is that the energy radiating from the two people on the field began to collide in the air...

The war is about to start!

Far above the Wolf Valley!

No one had seen three black figures standing motionless at the top of the Wolf Valley, looking down at what was happening below.

The actions of Li Tian and the brothers and the Naluo River Buddha and others below were all in their eyes!

Who are they?

How could it appear here for no reason.

Look at the three figures carefully.

One of them standing in the middle was a masked man with a slender figure.

A black cloth wrapped his entire face, and the only thing he could see was the pair of cold and violent eyes that he exposed, looking at everything under the wolf valley in that gloom.

Next to him was a short, fat man.

One of his blushes flushed, and his eyes were lazy, as if he wanted to sleep. At the same time, he had a huge wine gourd slung around his waist, squinting at the bottom of the Wolf Valley.

The man on the far right was dressed in purple and had a handsome face.

It's just that his face is like a cold winter, standing with his hands on his back, standing there silently.

They are not others, but the three masters from the mysterious organization Hell Gate!

Ecstasy! Drinkers, and Ouyang Longyan!

No one knows when these three people came here... and no one knows what they are doing here... The only thing I can see is these three mysterious characters standing on top of the wild wolf, watching what is happening below .

"Evil Sword vs. Luohe Buddha... Ha ha, this battle is a bit worth seeing!"

The words suddenly came out of the blushing drunkard's mouth playfully. As he spoke, he squinted his eyes and looked at the triggering battle below.

"You said, who will win the two of them?" The ecstasy standing in the middle made the voice strange and unpleasant like a baby.

I saw the alcoholic stretched lazily, squinted at the situation below, and muttered: "One is Duguxie, known as the number one evil sword in the world, and the other is dozens of people in the South China Sea. The undefeated old Luohe...hey, to be honest, the two of them are facing each other, it's really hard to tell who wins and who loses!"

The ecstasy messenger smiled strangely, then turned his head slightly to look at Ouyang Longyan on his right: "What about you? Who do you think will win and who will lose?"

Listening to the ecstasy, ask.

Then Ouyang Longyan's voice was extremely cold and said, "It has nothing to do with me who wins or loses!"

His words are as cold and harsh as his people.

Hearing Ouyang Longyan's words so coldly, the ecstasy didn't care, he laughed.

"Indeed, indeed!"

"No matter what, today's battle between the two of them... will become our paving stones!" The Ecstasy said unpleasantly.

What does he mean by paving stones?

Could it be said that the gate of **** also wants to blend into this matter this time? What do the people at the gate of **** want to do?

"Hehe, too!"

"At that time, when they lose both sides... it will be easy to kill the boy named Li." The alcoholic said with a wicked smile.

The three of them stood above the wolf valley and looked at Li Tian under the wolf valley insidiously...

Chapter 735: Peerless battle!

And Li Tian, who was under the Wild Wolf Valley, certainly didn't know that there were three pairs of eyes above them watching their every move... All their attention at the moment was on Naluo River Buddha and Duguxie.

The sword aura of Duguxie's body has completely filled the air, and anyone present can feel the oppressive feeling brought by the sword in his hand...it is a suffocating oppressive feeling!

Some girls of the Wuyin clan with weaker skills couldn't even stand the powerful sword aura, and began to retreat uncontrollably, and an uncomfortable expression appeared on their pretty faces.

What a powerful sword spirit!

And even the ghost servant standing next to Duguxie stepped back slightly.

"The next site... The second brother's sword is too powerful... If I am not mistaken, the second brother will use his peerless sword!" The ghost servant stepped back and faced Li Tian and Tang behind him. Xiaolong and others said.

Although Tang Xiaolong and Li Tian didn't know what sword trick the "peerless sword" said by the ghost servant would be! But they still couldn't help going back! Because if you stand beside Duguxie, the sword aura is too powerful...

The cold sword air scraped on his face like a needle stick with a tingling sensation.

And what about the Luohe Buddha over there?

The faint golden light on his body has gradually enveloped his body!

What kind of kung fu is it? Can it emit a golden weird light?

"Great Maitreya Prajna Gong!" The ghost servant stared at the Luohe Buddha and suddenly said coldly.

Next to him, Tang Xiaolong looked at the golden light radiating from the Luohe Buddha, then looked at the ghost servant in front of him in surprise, and couldn't help asking, "Master, what is the Great Maitreya Prajna Gong?"

The ghost servant didn't look back, but said directly in his mouth: "That's a kind of peerless martial arts in Tantric Buddhism!"

"Once this kind of kung fu is used, it will emit golden light all over the body like a **** and Buddha... and it's powerful!" The ghost servant said seriously.

"Once in the South China Sea, Luo He Lao Er used the Great Maitreya Prajna Kung fu to rampage the South China Sea, and he became famous throughout his life.

Hearing what his master said, Tang Xiaolong frowned and couldn't help but ask: "Then...Can Senior Dugu fight the blind old man?"

"nonsense!"

"Second brother's evil sword, the world is invincible... Except for the young master's father, who can compete with him in the world?" said the ghost servant angrily.

Tang Xiaolong knew that he had said something wrong, and quickly closed his mouth.

On the other side, Li Tian didn't say a word from beginning to end. His eyes just stared at the two seriously and carefully watched their movements bit by bit.

I saw that the sword energy of Duguxie's body had reached a certain level, and the Luohe Buddha over there was also filled with golden light.

it has started!

Time to start!

Everyone in the audience stared at the two of them with their own breath... Whether it was Li Tian and his brothers, or the girls of the misty ghost girl clan over there, they all focused their eyes on the two. People...waiting for their trigger!

suddenly!

A sword sound broke the deadly air first!

But seeing that Duguxie finally took the first move, the bronze sword in his hand suddenly swung slightly in the air, and then the tip of the sword suddenly slashed forward, brushing, and several sword lights quickly and absolutely pointed towards the body of the Luohe Buddha. Cut off.

This sword is like a flying fairy!

Fast, ruthless, and accurate!

When the terrible Jianguang slashed towards the top of the Luohe Buddha, the Luohe Buddha suddenly moved.

Originally, his eyes were completely blind, but he was able to discern the movement of the sword energy with his ears...

Although he is old, his movements are so vigorous and steady.

puff!

The sound.

The sword light of Duguxie slashed on the hard ground, and the entire ground was marked with deep sword marks.

Everyone looked at a deep sword mark on the ground, except for shock and fear.

How can a person use such a powerful sword? And it's just relying on sword energy...

Luo Changfeng looked at the deep sword marks on the ground, and finally knew in his heart why in his uncle's mind, this evil sword Duguxie would be a person he respected...

Moreover, after Duguxie's rapid attack, Luohe Buddha suddenly grabbed an old finger towards Duguxie's body strangely.

The speed is getting more and more amazing, and his grasping moves are extremely strange, like the weird moves of the dragon and Buddha.

The golden light accompanying his body also began to skyrocket at this moment.

Except for Duguxie, they were the first time to see the real shot of the Luohe Buddha!

How many people sighed with this move... what a great skill! What a powerful catch... It is indeed the Luohe Buddha!

Think about the power and speed of this catch... Except for the ghost servants and Duguxie, no one can escape this trick! Even if Li Tian recovers his hands, it is impossible to hide.

So when they saw Luohe Buddha's move, they were completely shocked there!

No wonder when the Luohe Buddha was in the South China Sea, there would be people saying that the Luohe came out.

But he said that the Luohe Buddha had already shocked the audience with one move.

The catch is fierce towards that Duguxie.

Duguxie saw that Luohe Buddha was grabbed, and the bronze sword in his hand suddenly slammed. With a brush, the horizontal sword pierced out!

Luohe Buddha's grasping move was blocked, and the other hand was extremely strong and it was another grasping move toward that Duguxie.

Due to a broken limb, Duguxie had to retreat at this moment!

The body suddenly flew up and down, avoiding the fierce catch of Luohe Buddha.

The audience couldn't help being shocked when they saw that Luohe Buddha actually forced Duguxie back.

Especially those of the Duanmu family over there, all of them were excited.

Just after Duguxie was forced to retreat, Luohe Buddha's old body like an eagle rushed forward again, and his terrifying moves accompanied the golden light all over his body to attack that Duguxie!

At this moment, only a golden shadow and the black figure of Duguxie could be seen in the sky... As for the two men's moves and their body skills, no one could see clearly!

Master!

The real masterpiece!

This is the real master showdown.

Whether it's Li Tian and his brothers, or the girls on the other side of the misty female ghost, they are deeply shocked to see such wonderful martial arts, and they sigh in their hearts. Own smallness.

After two or three minutes of fighting in a swift manner, the two made a loud noise!

The two separated instantly...

Take a closer look at the Luohe Buddha Statue of the two of them with their hands clasped together, their bodies full of golden light, calm and relaxed!

Look at that Duguxie again? At this moment, he was fiercely attacked by the Naluo River Buddha, and his face was obviously a little ugly, but he still held his sword like one...

Chapter 736: Great Maitreya Prajna Gong

Didn't expect this Luohe Buddha to be so powerful, Duguxie was forced to retreat again and again?

It turned out that Duguxie had only one hand left, and it was used to deal with masters like Luohe Buddha. It had its own flaws. You must know that Duguxie used a right-hand sword before! His left-handed sword was a left-handed sword that he began to practice after he broke his arm, so to a certain extent, Duguxie had already prevailed from this point!

Some people may say that Luohe Buddha is also disabled and blind, but don't forget that Luohe Buddha has been blind for more than 20 years... He has been accustomed to the darkness and has already trained his ears to be able to. Listening to the position, so being blind or blind at the moment does not actually have much impact on Luohe Buddha!

But Duguxie was different. His right hand was only cut off by himself a few months ago, and he only practiced his left hand sword in a hurry... That's why the Luohe Buddha would be forced to retreat again and again!

Having said that, when everyone saw such a peerless battle, they were completely shocked!

The two great masters' moves and such terrifying martial arts were beyond their reach before... Especially the Duanmu family and others over there, all of them were extremely happy when they saw Duguxie being pushed back.

And here Li Tian and the brothers are extremely ugly...

"What kind of tricks did the blind old man use to catch the trick so fiercely?" Tang Xiaolong couldn't help but said in astonishment.

"Catch Tianlong!" the ghost servant said in a hoarse and unpleasant voice.

Hearing what the ghost servant said, Tang Xiaolong's eyes widened.

"Catch Tianlong?"

"Yes! Heavenly Dragon Claw is also a secret in Tantric Buddhism, and the dragon beckoning with the same name as the rivers and lakes can be called the master of grasping! Twenty years ago this blind old man relied on Heavenly Dragon Claw and Maitreya Prajna to become famous in the South China Sea." Say word by word.

Tang Xiaolong's eyes widened as he listened.

But what about Li Tian? Although he heard the ghost servant and Tang Xiaolong's words in his ears, his eyes never left the two figures from beginning to end!

I don't know why, now Li Tian always has an urge to memorize other people's kung fu moves!

Especially after he got the superior mental method that the mysterious person taught him, Li Tian was eager to remember more moves in his heart. Like a hungry person, he urgently needs energy...

As long as those other people's moves are used, Li Tian can now remember them skillfully. He doesn't know why his memory suddenly advances so quickly, even he himself is surprised! Now he needs to know that as long as he reads those moves, he can write down all of them one by one.

If it weren't for the fact that Li Tian's hands are now "abolished", Li Tianzhen wants to try and see how the moves he has in his heart are like?

Right now, he stared at the Luohe Buddha's tricks without blinking, and at the same time wrote down all of them clearly in his mind.

However, the "Tianlong Catch" of the Luohe Buddha is really powerful, the catching moves are very strong, and every move and every style seems to be able to break the world.

The golden light that permeated Luohe Buddha's body became more and more exuberant as his skill strengthened.

Although Luohe Buddha's eyes went blind, he was still extremely capable of offense and defense.

"broken!"

A roar!

But seeing Duguxie holding his sword like one, the bronze sword in his hand suddenly slashed in the air!

The mighty sword aura spreading in the air was cut invisibly towards the body of the Luohe Buddha.

He is angry!

Duguxie was really angry.

He had obviously suffered a big loss when he fought in close hands just now, and now he has to use his sword for a real contest.

Na Luohe Buddha also felt the sharp sword aura attacking, frowning suddenly, and then retreating all over his body. The golden light of the whole body covered his whole body like a defensive cover!

The golden defensive gas shield faced Duguxie's fierce and mighty sword.

boom,

A loud noise!

The fierce sword aura hit the golden defensive cover of the Naluo River Buddha...

The smashed sword energy spread violently to the surroundings... the surrounding sand was suddenly rolled up... and flew into the air.

And even the people standing around were shocked by this domineering sword aura and couldn't help but back!

And the Luohe Buddha with a golden defensive cover was shaken by the huge sword aura, and his body couldn't help shaking slightly, and even the golden light began to slowly fade away.

"What a powerful sword!"

Luohe Buddha suddenly roared.

"Unexpectedly, your evil sword has been trained to such an extent..." Luohe Futu said in disbelief.

Duguxie said with an indifferent face: "Your Tianlong Catch is also very good!"

"Unexpectedly, it can force me back..."

Twenty-five years ago, both of them fought once. At that time, Luohe Buddha had already seen the power of Duguxie's evil sword, but what he didn't expect was that after twenty years, Duguxie's sword became even more powerful. It's amazing.

With a sword in his hand, Duguxie looked cold.

As if the whole sky and the earth only had his sword, only his people!

The bronze sword in his hand seems to have been mixed with his whole person. Others are like swords and swords are like people, standing there with sharp edges.

Worthy of being an evil sword!

It's worthy of being the world's number one sword!

"The evil sword is indeed a well-deserved reputation!" The ecstasy who stood at the gate of **** far above the wild wolf valley suddenly sighed and counted down.

The alcoholic with a smile on his face, when he saw Duguxie's sword just now, his eyes also showed shock.

"Yes!"

"His evil sword is really powerful... mad enough..."

"In this way, it is estimated that the old man Luohe is terribly invincible?" The drunkard suddenly said again.

The ecstatic messenger next to him shook his head suddenly: "That's not necessarily!"

"Look below!"

As the two spoke in their mouths, the situation below the Wolf Valley had changed.

But seeing the Naluo River Buddha, suddenly his hands were round like one, and the whole person was like a Buddha statue.

"Great Maitreya Prajna Gong?"

After Luohe Buddha suddenly took this pose, the ghost servant suddenly said.

Li Tian and the brothers around him were all slightly shocked looking at the Luohe Buddha, which was full of golden light, and was even more surprised at his posture...

His posture is like the Buddha of the Western Heaven, and the whole person is like the invincible holy Buddha.

Is this the so-called tantric jerk?

Li Tian was deeply shocked there.

When Luo Changfeng over there saw his uncle performing the "Great Maitreya Prajna Kung", he also stood there in amazement.

He remembers that his uncle never used this skill, but why is he using a trick now? Could it be said that Luohe Futu was really pressed?

Chapter 737: Domineering

Everyone knows that a person can only use a real trick when he is desperate!

Could it be that the Luohe Futu was really forced? That's why he used his real jerkiness?

Great Maitreya Prajna Gong!

After the Naluo River Buddha suddenly used the Great Maitreya Prajna Gong, his whole body turned into golden light, and then his whole body suddenly stood up, like a holy Buddha leaning over.

With a bang, the golden figure shot towards that Duguxie like a sharp arrow!

I can't see his figure clearly, nor can I see his arm clearly, because his hands are too fast...The Great Maitreya Prajna Kung fu itself is a tantric school, and once it is displayed at this moment, it is truly like a thousand-hand Rakshasa.

The shadowless arm, which was filled with golden light, swiftly attacked the Duguxie!

According to legend, the tantric unique knowledge was created by the thousand-hand raksha in the nine nine-nine rakshas in the West. When the tantric unique knowledge was displayed, it was really like the thousand-hand raksha, and the terrifying moves accompanied by the golden light of the holy buddha slammed towards it. That Duguxie took a heavy hit.

The howling wind and the dazzling golden light completely made Li Tian and the people around him unable to open his eyes.

But he said that just when Luohe Buddha really used his trick.

The evil sword Duguxie can't avoid it!

The human sword is one, the Qi Yun Dantian, a layer of strange sword aura for no reason suddenly appeared on the body...The reason why this sword aura is weird is because it is different from the sword aura at any time before!

It was a kind of domineering and awe-inspiring feeling, like the attitude of a king over the world.

After this extremely powerful and weird sword aura suddenly appeared on him, the surrounding sandstones suddenly rotated with his sword aura...It turned out to be a giant for no reason at his side. The whirlpool!

The bronze sword in his hand suddenly picked up the sword...like a sword that lifted the sky, the blue light of the sword soared...as if it had doubled in an instant.

The terrible sword aura mixed with the sand and rocks around him... spinning, spinning fast, and then thinking of a huge vortex around him, like a tornado hurricane.

That domineering and exposed sword aura gradually diffused, diffused... quickly expanded, and quickly filled the entire audience with an extremely exaggerated posture!

What a mad sword spirit!

What a domineering sword spirit!

Suddenly two extremely powerful energies began to collide with each other in the air...and rub each other.

Then Li Tian looked at Duguxie's sword, completely shocked!

Because he now feels why Duguxie is called the number one sword in the world... His sword is so strange... so powerful!

And the people around looked at that Duguxie sword, the evil sword that quickly soared several times... all of them were shocked and couldn't believe it.

"Back!"

"Quickly step back...Second brother has used Tyrant Sword Art!"

When the ghost servant saw that Du Guxie was using this sword at once, his face suddenly changed and Li Tian and the others retreated!

Li Tian and Tang Xiaolong were completely stunned because they watched Luohe Float and Duguxie's peerless moves. At this moment, they suddenly heard the ghost servant say so. The two of them were stunned and hurried back.

The old monster Ge, Chen Qiaozhi, and Situ Ningbing also backed away in an instant...

Overlord Sword Jue!

What is Ba Jian Jue?

Li Tian doesn't understand, even the brothers around him don't understand!

The only thing they understand is that the sword energy that reigns over the world doesn't seem to come from this world, but from hell... from the Hell of Abi under the nine heavens.

Because only the people of **** can use such a domineering and killing sword technique!
collision!

The collision of peerless masters!

One is the Luohe Buddha, which has all the living beings of Luohe, and the other is Duguxie, who is the only one with evil swords.

Esoteric Buddhism: Great Maitreya Prajna Gong and Duguxie's strongest sword: Tyrant Sword Jue. In the collision, who wins and who loses?

"Overlord Sword Art? It is said that more than a hundred years ago, there was actually a lonely family in the country, that is, the lonely family known as the ancestor of the sword! Only the number of this family is very small, and it has always been a single pass. Everyone in the Dugu family learns swords! Everyone has their own unique understanding of swords. It's just that this sword-using family began to disappear very early... and because they were very few in number, so soon The family was covered by the rolling history. But the sword of the Dugu family has never been forgotten by the world! Because everyone knows that the sword of the Dugu family is cruel and domineering. The most powerful sword trick is called Ba Jian Jue. According to legend, to learn the Overlord Sword Art, you must be ruthless and unsympathetic... and extremely cold-blooded, because only such a person can be as cold-blooded and ruthless as Jianfeng."

"I heard that more than 20 years ago, the 23 members of the Dugu family, large and small, were all killed overnight... From then on, the entire Dugu family was left with only Duguxie... Do you know who is the one who will Did you kill all the 23 people in the family?"

An unpleasant voice like a baby suddenly looked at the Tyrant Sword Art that was used by Duguxie over the Wild Wolf Valley and said slightly.

He is no one else, but the ecstatic messenger in the gate of hell!

Besides, after the strange words of the ecstatic messenger were uttered, the alcoholic around him and the indifferent Ouyang Longyan were all slightly startled!

Of course they don't know!

The Dugu family was originally extremely mysterious, and they knew little about these past events about Duguxie.

"who is it?"

"Who killed all the members of the Dugu Family?" the alcoholic asked, blinking doubtful eyes.

Because the drunkard had also heard about the Dugu family, he knew that everyone in that family was good at using swords, and all of them were outstanding sword masters! It is definitely not a simple matter for anyone to kill such a mysterious and terrifying family with extremely sophisticated swords overnight.

So the alcoholic at this moment can't help but ask.

But seeing that ecstasy smiled strangely and said: "The one who killed the 23 members of the Dugu family was a sword...a sword of the Weeping Ghost!"

"What? Sword?"

"The Dugu family was originally a master of the sword, how could it be killed by the other party with a sword?" The alcoholic said in astonishment. At this moment, he couldn't believe the words of the masked seducer.

"Could it be that there are people in this world who use swords better than the Dugu Family?" The alcoholic continued to say depressed.

The Ecstasy smiled hoarsely and said, "No! No one knows how to use a sword more than the Dugu Family..."

"Then I don't understand. Since you said that no one knows how to use a sword more than the Dugu family, how could the other party be able to kill everyone in the Dugu family with a sword?" The drinker continued to ask.

"Because the brutal figure who killed everyone in the Dugu family is a member of the Dugu family! And he is the only man who has trained the Tyrant Sword Art!"

Chapter 738: Peerless sword

"what?"

When the masked and weird ecstasy was telling the truth, it not only shocked the alcoholic.

Even Ouyang Longyan, with his indifferent face over there, frowned slightly, and slowly turned his head to look at the ecstasy in front of him.

"You mean that the person who killed the Dugu family is also a member of the Dugu family? And also used the Tyrant Sword Art?" The drinker's eyes widened and he couldn't believe it.

"Hmm!" The Ecstasy smiled weirdly.

"Among the sword arts of the Dugu family, only the Tyrant Sword Arts is the most powerful and the most supreme sword arts of the Dugu Family. However, if you practice Tyrant Sword Arts, you must be ruthless, cold-blooded and ruthless, because only in this way can you Unleash the truly powerful power of Tyrant Sword Art."

The drunkard heard the Ecstasy in front of him say so, and he stared at the evil sword Duguxie below the wild wolf valley...

Suddenly his mind suddenly opened up.

"You...you...you mean the person who killed all 23 members of the Dugu family, could it be...could it be...that is Duguxie himself?" The drinker suddenly said in his voice with boundless shock.

The ecstasy suddenly smiled grimly.

"Yes!"

"He killed it!"

"Because he can only be ruthless and unrighteous if he kills his own relatives... Only in this way can he practice the Tyrant Sword Art!" Ecstasy said with a weird smile.

Listening to the ecstasy, the drunkard and Ouyang Longyan both looked terrified and ugly!

My God, one person killed all of his family... just to practice the swordsmanship of Jazz? This is real? Still fake?

Is the Ecstasy's words worthy of being believed? Nobody knows.

The two never said a word, but stared at the peerless battle below the wolf valley.

What about ecstasy? He didn't give too much explanation, but he also carried his hands on his back, with stern eyes betting on the battle below the Wolf Valley.

it is true? Still fake?

Did Duguxie really kill all his family members in order to practice the highest sword art of the Dugu family?

No, it is unlikely!

Because Duguxie's friendship with Li Tian and his elder brother Cthulhu fully demonstrated that he is a man of affection and righteousness, how could he do such a cruel thing?

But now Duguxie has clearly used the highest sword art of the Dugu family, he used the sword art, what is going on?

In fact, the ecstasy messenger was right. To practice Tyrant Sword Art must be ruthless and unjust, because after being ruthless and unjust, his Tyrant Sword Art will exert its greatest ability.

Could it be said that everything that the ecstasy said is true:? Did Duguxie really kill 23 members of his family? Is it to practice masterful sword art?

Having said that, let's look at the bottom of the Wolf Valley.

Everyone was shocked.

Their eyes looked at the two people fighting to the death on the court.

Luohe Buddha's Great Maitreya Prajna power has been exerted to the extreme, and the ghost figure like a thousand-hand Rakshasa accompanied the golden light of his whole body to shoot at that Duguxie with a crash.

And what about Duguxie?

Since using his Overlord Sword Art, the bronze sword in his left hand seems to have skyrocketed several times in an instant...The surrounding tornado-like sand and rocks are spinning around his whole body with the rapid flow of his sword aura.

The other person and the sword have long been merged into one, and the indifferent person on the bronze face is completely a stone man, as if he has no feelings,

Only the gaze from his eyes was with a cold killing intent.

Ba Jian Jue?

Overlord Sword Jue!

Everyone looked at Duguxie's sword, and Naluo River Buddha's Great Maitreya Prajna Gong.

The sword is a domineering and natural sword, and the trick is the trick of the sacred Buddha in the tantric school.

With a boom, they collided together!

Amidst the sky of sword and gang energy, I saw Duguxie's Tyrant Sword suddenly slashed in the air. When the bronze sword that had already skyrocketed several times was slashed, the whole world seemed to have changed... In the midst of the changes, it seems that the sky has been dimmed for a while, is it an illusion? Or was it caused by the power of the Duguxie Overlord Sword?

With a sword coming, everything is burnt!

This is the ultimate meaning of Ba Jian Jue.

No matter what Naluo River Buddha used was the esoteric genius, no matter his whole body was blessed by the golden light of the Holy Buddha... but it was still difficult to resist his overlord sword.

The sword aura of the sky filled the sky with a feeling of suffocation and terror pressing towards the Luohe Buddha on the ground... The horrible sword body is like a bloodthirsty demon at the moment, coming from hell... In the sword curtain, it seems to see a struggling monster facing it. Luohe Futu rushed.

The golden light of Luohe Buddha's body was weakened by the suffocating sword aura, and his old face also changed greatly in an instant.

"cut!"

The Tyrant Sword carrying thousands of sword auras slashed towards the Luohe Buddha on the ground with a crash.

The sky seemed to be full of strong sword aura, and even the surrounding Li Tian and others were shocked by the domineering sword aura and backed away...

What kind of power, what kind of overlord sword?

Bang with a bang!

It was the collision explosion between Jian Qi and the Gang Qi on the Naluo River Float, and the spread of the explosion widened the terrifying distance of the entire surrounding by a foot.

The surrounding sand and stones were suddenly shaken by the explosion, as if a heavy bomb had been dropped into the entire space.

The invisible sword aura began to spread horribly around...Even the surrounding trees were shaken by the cold sword aura so that all the leaves fell.

It was impossible to see the figure of Duguxie and Luohe Buddha in the sky of sword aura and dust.

No one can see around, the only thing they can see is the dust and sand flying in the sky...

How's it going?

Who knows how it turned out?

Facing the Tyrant Sword that Duguxie Tiandi was shocked just now, what would happen to Luohe Buddha?

The surrounding Li Tian and the people of the misty ghost girl clan over there quickly raised their eyes and looked towards the center of the court after the explosion just now.

As the dust and the shaken sands slowly fell, they were finally seen on the court.

He, like a killer in hell, stood there with a sword in his hand and his face extremely cold.

And if you look closely, you will see the killing intent in his eyes as if to destroy everything...

Look at the Luohe Buddha on the field, he is also standing there, but the golden light on his body has long since disappeared, and the blind eyes are also slightly turned...If you look carefully, You will see his old body trembling slightly...

Could it be that?

Could it be that Luohe Buddha was defeated?

Chapter 739: Weird murderous

Looking at the two people on the court, Li Tian and others around him did not see what was going on for a long time.

Quiet!

Death-like silence permeated the air, and the air seemed to contain the cold sword aura brought by Tyrant Sword just now, and everyone's eyes were on Duguxie and Naluo River Buddha...

No one knows the answer, nor dare to say a word at this time.

The surrounding ground that was just destroyed by Duguxie's Tyrant Sword Art and was deeply blown into a huge pit.

That was a huge pit cut out by Duguxie forcibly with the Overlord Sword!

After everyone didn't know the situation and was silent for about ten seconds, finally his old and weak voice slowly came out of his mouth.

"What a sword... What a great skill, a master sword and a sword technique..."

Naturally, it was the Luohe Buddha who was talking, and Duguxie was motionless listening to the Luohe Buddha.

"I lost!"

After Luohe Futu said these three characters in that weird and weak voice, suddenly his body began to tremble violently, and at the same time, he wowed, and a mouthful of blood spurted out of his mouth.

he got hurt!

He lost?

Gosh!

Who can imagine that the Luohe Buddha, which has been fighting for so many years, has been defeated!

When Luohe Futu suddenly vomited blood from the corner of his mouth, Luo Changfeng over there screamed, "Uncle!"

Then he desperately ran towards the Luohe Buddha.

Suddenly he supported the old trembling body of the Luohe Buddha...The voice trembling and worried exclaimed: "Uncle, how are you? Are you okay?"

But seeing Luohe Buddha raised his arm and gently wiped the blood on the corner of his mouth... Slowly he squatted and stood up.

At this moment, Luohe Buddha statue seemed to be much older...

Looking at his figure at this moment, he doesn't look like the person who used to smash the wind and the wind, but just an old man with a stalemate.

When the people around looked at the Luohe Buddha Statue, they felt sadness in their hearts.

However, after Luohe Buddha stood up slightly, he faced the Duguxie.

"What was not done twenty-five years ago is finally done today..." There is no sorrow or sorrow in his voice, on the contrary it does have a color of joy.

Yes, he had a battle with Du Guxie 25 years ago, but they didn't have a victory or defeat back then! Unexpectedly, after twenty-five years, the two of them would get together again... This time he finally decided the winner and finally finished his wish.

Luo Changfeng next to him looked at his uncle suspiciously, what he wanted to say, but he didn't know how to say it.

Duguxie was still standing there, his face was cold, and he didn't say a word. He just raised his left hand slightly, and with a loud noise, the bronze sword in his hand fell into the scabbard...

After the bronze sword entered the scabbard, the sword aura in the air began to slowly disappear...

As long as Duguxie's sword is out of its sheath, there will be a surging sword energy.

Besides, after Naluo River Buddha finished that sentence, he suddenly turned around slowly, and then took a relieved look at Li Tian... He had no words, but Long Jiong's eyes had a weird look. Glancing at Li Tian, those blind eyes seemed to be able to see Li Tian's true face.

Li Tian didn't know how to face the Luohe Buddha, his eyes were not only embarrassed, after all, the man he brought hurt the old man in front of him.

Let's also say that the Luohe Buddha after taking a weird look at Li Tian, he turned slightly, his blind eyes looked in the direction of the Duanmu family... He sighed slightly and said: "Hey, what should be done, the old man has already All done... The remaining old man is also helpless... If you are still alive, old ghost... that would be great!"

His voice was full of lament.

The words seemed to be speaking to the Duanmu family over there.

Who is he saying these things to?

Could it be that Duanmu Heiming?

Yes! Luohe Futu was indeed speaking to Duanmu Heiming. This old man said that one is one for his whole life, and that two is two, so he will do what he promises in a while!

He really didn't want to take care of the Duanmu family's nostalgia, but he had promised a person, a figure who had become an old ghost, Duanmu Jingzang, so he came to stop Li Tian and others today for that vow.

Helplessly, Luohe Buddha was defeated by Duguxie's Overlord Sword Art.

Although Luohe Futu was defeated, he didn't seem to be sad, nor regrettable... After all, it is not ashamed to lose alone under the Peerless Swordsmanship Sword Art.

He just looks a little old...

After Luohe Buddha had finished speaking those words, the ghost girl in the mist was stunned.

"Grand Elder..." she yelled.

But seeing the old figure of Luohe Buddha after hearing her voice, he turned his head slightly, then smiled, and then said nothing, being supported by Luo Changfeng by his side, and then step by step towards it. Walking in the direction of the Duanmu family...

The back of this old man is so desolate and sad... Looking at the person, he feels uncomfortable.

Li Tian looked at the figure of Luohe Buddha, wondering why a feeling of loss suddenly appeared in his heart...

But Luohe Buddha still left!

After his old figure slowly disappeared into the narrow mountain pass, the brothers on Li Tian's side were of course extremely happy. After all, the biggest master who blocked them has gone...

Just listen to Tang Xiaolong saying excitedly: "Senior Dugu's swordsmanship is really the most powerful swordsmanship I have seen in Tang Xiaolong's life... and he is the strongest person!" He said sincerely.

Even Old Monster Ge and Chen Qiaozhi in the back nodded involuntarily.

Yes!

The power of the Overlord Sword Art is powerful enough to achieve the power to destroy the world!

This is also the top secret that Luohe Buddha could not resist the overlord sword of Duguxie just now.

When everyone here was happy for the Duguxie's victory, only the ghost servant suddenly ran towards the Duguxie with a strange expression.

After running to Duguxie's side, he hurriedly stretched out a hand that held Duguxie's arm, looked at Duguxie in a panic and said, "Second brother, how are you?"

What's going on?

What happened?

Only at this moment, Li Tian noticed something abnormal. A pair of star eyes looked at that Duguxie and the ghost servant. He suddenly felt something wrong with the nervousness of the ghost servant and Duguxie's expression, because he could smell the air. There seems to be a trace of suffocating death breath!

It was a gloomy and strong murderous aura... and this gloomy and latent murderous aura came from that Duguxie's body.

Chapter 740: Enchanted

why?

Why is the enemy already gone, and Duguxie still has such a gloomy murderous aura?

This makes Li Tian not understand.

At this moment, he just looked at the ghost servant and Duguxie over there with horrified eyes.

But he said that after the ghost servant over there ran over, he took Duguxie's arm and asked: Brother, how are you doing?

Duguxie didn't speak, nor did he have any words, the only thing he could see was his pair of cold eyes exuding fiery light.

At the same time, if you look carefully, you will see that his face is slightly distorted...The hand holding the bronze sword tightly seems to be holding something very hard...Five fingers clasp the bronze in the hand The sword rattled.

What's the matter?

What happened? Who knows?

"Second brother...you calm down! Don't let the demon in your heart control you..."

As the ghost servant talked, his eyes were full of fear in the Duguxie who looked in front of him, and at the same time, he kept holding onto the Duguxie's left hand tightly...

What does the ghost servant mean?

Why is there a demon in Duguxie's heart?

Just when he finished saying these words, Duguxie suddenly exuded a terrifying and fierce aura... Then his arm, which held the bronze sword tightly, began to struggle violently, trembling, and even his eyes began to change. Become a fierce killing eyes.

As soon as the ghost servant saw the situation, he hurriedly exclaimed in that fear: "Second brother...you calm down! You must suppress it, never let it out...you need to know the young master and brothers We are all here!"

But his words that Duguxie didn't seem to have heard it at all, the black aura that filled his body began to become more and more solemn... more and more intense... The left hand that was holding the bronze sword tightly also began to tremble violently. At the same time, the face began to violently twist!

"Second brother..." When the ghost servant screamed for the last time, he suddenly saw Duguxie who he was holding tightly to the sky and roaring.

The sound is like **** from Abi under the nine heavens, terrifying and terrifying!

Then he saw his whole body suddenly shook, and the huge energy directly shook the unsuspecting ghost servant around him and quit.

"what happened?"

"What happened to Senior Dugu?"

When Li Tian and his brothers over there saw Duguxie suddenly seem to be crazy, they were completely taken aback.

But what about Duguxie? At this moment, the whole person suddenly lowered his head, and the black aura slowly began to evaporate on him...Slowly, it appeared like water vapor from all over his body... and his bronze sword in the scabbard It also seemed to feel the master's killing aura, and began to buzz in the scabbard...

"It's coming out... it's coming out..." After the ghost servant was shaken back, he murmured in surprise.

What is coming out? Could it be the demon that the ghost servant just mentioned?

How could this be?

Let's say that Li Tian and the brothers over there, after seeing this happening to Duguxie all of a sudden, they all hurriedly wanted to go over to see what happened. They were about to go, and suddenly they heard that ghost servant was surprised. Exclaimed: "Stop, don't go over... don't go over..."

Facing the ghost servant's sudden weird scream, Li Tian, Tang Xiaolong and the others who stepped forward were all stunned.

"Ghost, what's the matter? What happened?" Li Tian said with an extremely ugly expression.

The brothers around him are also full of panic, because anyone can see the strong killing aura of that Duguxie at this moment...

The ghost servant did not directly answer Li Tian's words, but nervously said to Li Tian and the others: "Young Master...don't go over...don't go over..."

Just after the ghost servant's words fell, he suddenly raised his head and screamed, and Duguxie's originally lowered head suddenly lifted up like a wolf on the grassland. Then I saw Duguxie's twisted face just now. Turned into black... that face became terrifying and scary in an instant!

The eyes were **** and dazzling like a burning flame.

Li Tian and the brothers around him were immediately stunned, looking at the transforming Demon-like Duguxie with unbelievable eyes.

What's the matter? How could Duguxie become like this in an instant?

Maybe only the ghost servant knows at this moment.

When Duguxie suddenly became like a demon, suddenly his **** eyes were placed on Li Tian's side, and his cold and stern killing intent immediately spread to Li Tian and the others.

As if Duguxie was going to kill Li Tian and the others?

Endless murderous intent radiated from those fierce and fierce eyes. When he looked at Li Tian and the others, Li Tian and his brothers were completely stunned.

Ah scream!

The bronze sword in Duguxie's hand was pulled out in a hurry. When the bronze sword that was already hungry and thirsty like drinking human blood was pulled out all of a sudden... The brothers stabbed.

He really is crazy! Crazy even Li Tian will kill.

"Second brother, no, he is the young master... he is our elder brother's son!" The ghost servant screamed out in surprise. At the moment his voice screamed out, his figure suddenly slammed toward him with a swift and unparalleled body. Duguxie pounced.

There is no doubt that the ghost servant's body is really fast enough, and almost no one can beat it.

The black shadow flashed, and suddenly grabbed Duguxie's arm...Duguxie's black face was full of fiery killing. After being grabbed by the ghost servant in front of him by Chuan's left hand, he suddenly roared in anger...

"Second brother, you can see clearly, he is our young master." The ghost servant said in shock.

But Li Tian, Tang Xiaolong and others were all stunned...No one knew what was wrong with this Duguxie? Why did it suddenly become like this.

However, after the ghost servant's voice called out, that Duguxie seemed to have a clear consciousness, and then the black face began to twist for no reason... as if struggling to get rid of something...

Little Lord?

Little Lord?

It seemed that these two words evoked something in Duguxie's heart?

Then, just as he evoked these two words in his mind, his people suddenly screamed, with a weird and fast way, a person suddenly ran towards the end of the wolf valley... and disappeared in an instant.

"Second brother..." The ghost servant screamed from behind, but unfortunately he did not catch up.

But Li Tian, Tang Xiaolong and others in front of them were completely astonished.

What happened to Duguxie just now? How could that happen? who knows?

Why does he suddenly seem to be in a demon?

Why did Duguxie make such a shock? Presumably the people present had no idea except the ghost servant.
