

A Killer 76

Chapter 76: Don't find that security

On the streets of Kyoto City, a Buick GL8 commercial vehicle was driving fast at this moment.

Of course, sitting in the car were the yellow hairs and the scar faces with their ears bitten off.

The scream of Scarface was still ringing, and the ear was wrapped in a handkerchief, but it was dripping with blood.

The Huang Mao turned his head and glanced at the painful groan of Scarface, quickly took out the phone from his arms, and then quickly dialed a call.

The call was quickly connected.

"Hey."

"Hey, Shao Wang, I'm Huang Mao." Huang Mao who answered the phone quickly said respectfully.

"How's the matter going? Have you disabled the **** security guard?" Wang Shao asked over there.

After he asked, the yellow hair in front of him glanced at the scar face next to him, and stammered: "I was hit, and I also cut a few times, but..."

"What's the matter, hurry up?" Wang Feng over there said angrily.

Just listen to Huang Mao stuttering: "But that kid bit Scarface's ear off."

"Huh?" Wang Feng over there was obviously surprised.

Then I heard Wang Feng laughing on the other side of the phone.

"You 5-6 people hit one, and you got your ears bitten off... Are you **** trash?" Wang Feng suddenly shouted.

The yellow hair here has an ugly face and dare not speak.

"Young Master Wang, that kid is really not a person, just a beast."

"I care if he is a beast or something. If you don't hurt him, I will hurt you."

After Wang Shao finished speaking, he hung up the phone severely, but left the yellow hair in front of him, but he froze there with a look of embarrassment.

Down Enterprise.

Feifei's boudoir was filled with a faint smell of tulips.

And Feifei? In front of the dressing table, she wore a light red dress and took photos there.

The dress with lace reveals soft and white shoulders, and the two slender legs are wearing black stockings, which is very attractive.

There was also a touch of rouge on the face of the pink melon seeds, which looked sweet and sexy.

It can be seen that Feifei is in a very good mood today. It turns out that Feifei, who was drunk last night, did not wake up like a dream until 11 o'clock in the morning.

Her head was a little dizzy, and she was better after the nanny gave her a bowl of oozing soup.

Feifei sat in the bedroom thinking about everything last night. Although Feifei was drunk at the time, it was not awake, but the memory was still clearly remembered. Regarding the scene where Li Tian rescued her last night, and finally embraced Li Tian, Feifei's face is still slightly hot when she thinks about it.

"How could I, Don Feifei, hold a big idiot? Really." Feifei thought, her face flushed.

"That big idiot is smart sometimes, knowing where I was drunk, come and save me."

"Smelly Li Tian, you have a conscience."

Feifei looked at herself in the mirror while thinking.

"That big idiot, what are you doing now? Is it still standing guard at the company?" Feifei thought, grabbing her Hermes bag and opening the door to go to the company to find Li Tian.

Feifei, who just got up, knew that Li Tian had already been ordered to resign by her father himself.

Isn't this? With a little excitement in her heart, Feifei, who had some expectations, went downstairs happily.

In the hall, Tang is looking at the morning paper as always.

"Dad, I'm out." Feifei smiled and greeted her dad, and then walked towards the parking lot.

Feifei, who had just stepped out, heard her father's voice coming from behind.

"Feifei." Tang Zheng closed the newspaper in his hand and looked at his daughter with strange eyes.

Feifei heard her father's voice, turned her head quickly, and looked at her dad with a smile on her pretty face: "Dad, what's the matter?"

"Feifei, are you going there?"

"Go to the company?" Feifei said with a smile.

Hearing what Feifei said, Tang Zheng's face slowly became heavy, and he looked at his daughter: "Why are you always running to the company these past two days? Is there anyone there you want to meet?"

Feifei flushed when she heard Tang Zheng say this suddenly.

"Dad, don't worry about people's affairs."

"I'm leaving now."

Speaking of Feifei, she happily prepared to walk towards the parking lot.

"Stop." Tang Zheng suddenly roared with a loud voice.

After Tang Zheng's voice changed from the solemnity at the beginning to a roar, Feifei was stunned.

Turning his head to look at his somewhat weird father today: "Dad, what's the matter?"

"Don't go out." Tang Zheng said angrily.

"Why?" Feifei suddenly became stubborn and looked at her father unconvinced.

"Feifei, look at what you are like now? A dignified lady who mixes with some small security guards all day long. If this is spread out, what should they say to you? Besides, you are still a girl, how can you do this?" Tang Zheng roared.

After hearing his father say this, Feifei suddenly understood what happened. Dad definitely didn't want to let himself go to Li Tian.

"Dad, how can you say that? What's wrong with the security? Isn't the security a human? Whoever stipulates the identity of the security is low?"

Facing Feifei's defense, Tang Zheng was angry.

"Naughty!" A loud roar came out from Tang Zheng's mouth.

Feifei was taken aback and looked at her father in disbelief.

For so many years, Tang Zheng has rarely lost his temper in front of his daughter. Moreover, the Tang family is just such an eldest lady, he is too late to love, and there has been too much talk.

But now? Tang Zheng yelled at Feifei rudely.

This makes Feifei very sad.

"I tell you, starting today, you will never see that little security guard again."

"Why?" Feifei asked stubbornly, her pretty face flushed.

"Nothing else, just because you are my Tang Zheng's daughter. My Tang Zheng's daughter must never be mixed with a small security guard." Tang Zhengdao said.

Hearing Tang Zheng's unreasonable words, Feifei felt very wronged.

"Dad, why do you look down on other people's security? Although they are in your company, they are not your slaves. They also rely on both hands to make money. What's wrong? Besides, Li Tian saved me, why can't I find him? "

"I said no, I just can't!" Tang Zheng banged and slapped a palm on the wooden table next to the red sandalwood.

The entire table swayed slightly with Tang Zheng's palm, and it could be felt that Tang was really angry.
