

A Killer 78

Chapter 78: misunderstanding

With astonishment and illusion, Li Tian quickly looked at Yu Dahai and asked, "Brother Yu, me, why am I here?"

Standing in front of him, Yu Dahai was still wearing a rustic safety harness. He smiled and said, "Xiao Li, you are in the hospital, don't worry."

It turned out that when Li Tian was chopped by the yellow hair and Scarface, he was unconscious.

But just at this moment, a security guard from a Tang company walking by the roadside passed by and saw Li Tian covered in blood.

Li Tian was in the Tang company. Because of the rumors about the eldest lady, most of the security guards knew Li Tian, doesn't it? After seeing Li Tian, the security guard was stunned, and then hurried back to the Tang company to call for someone, and met Yu Dahai.

So he told Yu Dahai what had happened, and when Yu Dahai heard it, he ran over like crazy, and then he saw Li Tian fainted on the ground covered in blood.

Finally it was sent to the hospital.

"Brother Yu, did you save me?" Li Tian wanted to move his body, but it was a pity that he couldn't move a bit after a lot of effort.

"It was a security guard who saw you, so I will rush you to the hospital." Yu Dahai said.

After hearing what Yu Dahai said, Li Tian understood what was going on.

"Xiao Li, what happened? How did you get cut like this?" Yu Dahai looked at Li Tian and asked.

Li Tian thought of those bastards, his whole body couldn't help trembling, his fists clenched tightly, and his eyes were blood-red and said, "Nothing. Yu, I just provoke others."

Li Tian didn't say very clearly, but he knew in his heart who caused all the consequences of this.

That bastard, Wang Feng... and those swordsmen, their appearance was deeply burned in Li Tian's heart like a soldering iron.

One day I have to personally give everything back. He swears.

When Yu Dahai saw Li Tian, he didn't want to talk, so he couldn't ask again.

"You have a lot of blood, the doctor said you better take a rest, there is no major problem otherwise." Yu Dahai said to Li Tian.

Li Tian nodded gratefully.

"Little Li, no matter what, I have to be careful in the future. In this kind of society, it is better for the poor to provoke less people." Yu Dahai said painfully.

Li Tian nodded there.

"Brother Yu, don't worry, I know what to do in the future."

"By the way, Xiao Li, didn't you mean to work for two days in the company? Why are you leaving suddenly?" Yu Dahai asked in confusion.

Of course, they would not know the conversation between Xiao Zhou and Li Tian, and they would not understand that Tang Zheng was about to resign from Li Tian.

But Li Tian knew it well. With wireless hatred in his eyes, he looked at Yu Dahai and said, "Brother Yu, I have to force some things. You also know that we are just poor people, just a small Security, it's only natural for others to let you go if they see you as unpleasant."

"What? Did someone say about you?" Yu Dahai said in surprise.

Li Tian did not deny or admit it.

"Since people don't want me to be a security guard there, I won't do it."

"I, Li Tian, don't believe me. I can't do anything except the security guard in this life."

The two big men were talking like that.

While they were talking, Na Feifei drove her Lotus sports car quickly to the door of the hospital.

After stopping with a hiss, he quickly ran towards the hospital.

"Please help me find a patient named Li Tian, who is in that room now." Feifei asked quickly when she ran to the front desk of the hospital.

The nurse at the front desk glanced at Feifei, and then checked it on the computer.

"In the care of patients, 302."

After hearing 302, Feifei hurried to the ward over there. She couldn't help but worry about it: Li Tian won't have an accident, right?

When it was 302, Feifei opened the door of the room at once, and then saw Li Tian and Yu Dahai on the other side of the bed.

When he saw Feifei running, Yu Dahai was stunned for a moment, and then quickly stood up, screaming respectfully, "Big, Miss."

Feifei didn't have the time to take care of the sea. Li Tian, who was looking at the hospital bed with a thick bandage, quickly asked, "Li Tian, are you okay?"

Then he ran over quickly.

To be honest, when Li Tian saw Feifei for the first time, his heart burst into warmth, but when he recalled what Xiao Zhou said to him, his warm heart instantly changed again. It's cold.

Na Yu Dahai stood there, obviously a little embarrassed.

"Xiao Li, I'm going out first, and I'll see you later."

While talking about Yu Dahai, he hurriedly withdrew from the room door and shut the door of 302's ward tightly.

At this moment, only Li Tian and Tang Feifei were left in the room.

Tang Feifei walked to Li Tian's side and looked at Li Tian distressedly with a caring look: "How could this be? Who hurt you?"

Li Tian raised his cold eyes and looked at Tang Feifei without saying a word.

"What's wrong with you? Is the body hurt?" Feifei continued to ask with concern.

Who knows, after Feifei said it, Li Tian suddenly said in a cold tone, "Why did your Miss Tang suddenly come here?"

Feifei was taken aback when Li Tian said this, with an awkward smile on her face.

"I came to see you."

"I heard Xiao Zhou say that after you were chopped, I will come to see you quickly." Feifei said.

When Xiao Zhou's name was mentioned, Li Tian's anger suddenly rose.

You know, in the previous step, Xiao Zhou still said that Li Tian was a small security guard, and he was not worthy to be friends with Feifei, not worthy to be with Feifei. Now that he heard Xiao Zhou's name, Li Tian was of course extremely angry.

"Do you want to see if I am dead?" Li Tian continued to sneer.

Feifei suddenly felt a little stunned in her heart.

Secretly, he worked so hard to see him, his words are so hurtful.

"What's the matter with you? I just care about you, come and see you... but you..." Feifei was aggrieved.

But Li Tian sneered and said sarcastically: "Care about me? You can get it, right."

"Who are you? Miss Qianjin, the wealthy and powerful young lady of the Tang family? You care about me, a poor security guard? Hmph, I am really lucky, Li Tian."

Feifei heard Li Tian say this and tried to suppress the anger in her heart.

"The surname is Li, I came here to look at you hard, you don't need to appreciate it, you wouldn't say that to me, right?"

"When did I say that you were a little security guard? When did I say that you were the eldest lady?" Feifei said angrily.
