

A Killer 781

Chapter 781: Li Tianqing

When Li Tian's eyes were looking at the familiar surroundings and the nearby campfire, a disappointed look suddenly appeared in his eyes. He knew in his heart that the expert from last night had completely left... Li Tian, who wanted to see his face clearly, seemed endlessly lost at this moment...

"Li Tian, what's the matter with you?" Situ Ningbing said, looking at his lover there with eyes full of concern.

The brothers around me also asked: "Little boss, what's wrong with you? Why did you disappear suddenly last night?"

"Also, little boss, your body is not injured... how did you pass out? Did you meet the enemy?" A series of questions came out from the brothers. ,

But seeing Li Tian slowly turning his head and looking at his brothers, he suddenly sighed slightly: "Did you find me this morning?"

"Yeah! After we woke up this morning, we found that you were missing, so we hurried to find you. We found you not far from here... You were in a coma in the bushes at the time!" That said.

"Little boss, what happened last night? How could you be unconscious in the bushes? Did an enemy attack you?" Tang Xiaolong asked in shock.

Li Tian waved his hand slightly.

"No! Not the enemy!"

Listening to Li Tian saying that it was not an enemy, the brothers finally let go of their worry.

At this moment, looking at Li Tian in surprise,

"Actually, last night... he greeted me... he let me pass!" Li Tian suddenly said strangely.

Listening to Li Tian saying that he greeted Li Tian over? The brothers were all horrified.

"Who?"

"Little boss, who greeted you?"

Li Tiandao: "It's the mysterious expert who helped us secretly along the way!"

what?

Hearing what Li Tian said, the brothers were stunned!

Only the Duguxie over there and the strange eyes gleaming in the eyes of the ghost servant.

The dull Duguxie suddenly opened his mouth and couldn't help asking, "Young Master, then? Then why did you faint?"

Li Tian continued and said, "Well, I will tell you everything!"

"Actually, last night, when I suddenly heard him call me over with the Secret Technique of Thousand Miles of Sound Transmission, I couldn't even believe it... But I did hear his voice... So I

didn't want to disturb you. A person followed the voice slowly forward...slowly approached him! Then I saw him in the front place!"

When Li Tian suddenly said that he saw the mysterious expert, Duguxie and the ghost servant almost asked in unison, "Young Master, do you see who he is? What does he look like? "

Unfortunately, Li Tian shook his head slightly.

"I can't see him! Because he has always turned his back to me!" Li Tiandao said.

Listening to Li Tian's words, the faces of Duguxie and the ghost servant became slightly ugly. In fact, they both wanted to know who the mysterious expert is? At the same time, I also want to know whether the two of them knew each other, but now when they heard Li Tian said that they didn't see each other's face clearly, they both seemed a little disappointed.

"The little boss, why are you fainting? It was the mysterious expert who knocked you out?" Tang Xiaolong couldn't help but curiously asked. The brothers were also puzzled by Li Tian's coma, and they were all watching there. Li Tian.

Li Tian smiled slightly: "No! You are wrong...I was not knocked out!"

Thinking of everything that happened last night, Li Tian still remembered all the scenes in his mind.

He can clearly recall the words of that mysterious expert...

So Li Tian in front of him told his brothers what happened last night.

After Li Tianyi told his brothers about the whole process of last night, they heard the waves in their hearts and their faces were dull.

"I actually don't know what the predecessor said... but I can feel that after he has opened up my body veins, my body feels more comfortable than ever... and I feel like I am The whole person has changed!" Li Tian said there.

Listening to Li Tian's words, the Duguxie and the ghost servant were not only slightly shocked in their hearts.

With that said, the mysterious expert from last night was teaching Li Tian martial arts?

"Young Master, what else did that mysterious expert say?" Ghost servants and Duguxie both looked at Li Tian and asked cautiously.

Li Tian thought for a while, then looked at his handicapped hands, slowly raised his eyes and said: "That senior told me...he said: The world and all things are not born and restrained, but the way of Yin and Yang is mutually compatible. Zhang, the gate of life is auspicious, and the gate of death is also fierce. The gate of life and death is the gate of ten thousand shadows. If it is broken, then stand! If it is not broken, then die... I also say that as long as I understand this, plus my cultivation mentality The formula can open the mysterious door of life and death in my body with good luck!"

Profound gate of life and death?

When Li Tian suddenly said these words, the ghost servant and Duguxie were shocked at the same time.

The brothers were at a loss and didn't know what their little boss meant.

It is estimated that among all the people present, except the Shadow Ghost Servant and the evil sword Duguxie, no one knows what the Profound Gate of Life and Death is?

Isn't this?

When the Duguxie and the ghost servants in front of them heard the four words of life and death, their expressions changed suddenly.

"Young Master, that mysterious expert really told you this? He also asked you to open the life and death door of your body?" Suddenly, Du Guxie's tone became extremely weird and said Li Tiandao, who was looking in front of him.

Li Tian was not only a little surprised at Duguxie's tone, he nodded slowly there.

"Well, yeah. What's wrong?"

Listening to Li Tian confessing these words, Duguxie's face suddenly became weird.

"how is this possible?"

"How can a person open the door to life and death of the human body?" Duguxie said blankly.

Li Tian couldn't understand the meaning of Duguxie's words.

The ghost servant over there then explained: "Young Master, you may not know...Second Brother's words are actually right, there are eight sects in the human body! The profound sect calls these eight sects Dunjia, These eight gates are divided into human hands, feet, head, and body. They are called eight gates of Dunjia. They are Xiu, Sheng, Injury, Du, Jing, Death, Shock, and Open!"

"Among the eight gates, life is good, and death is bad, and they are also the most important two gates of the human body! Legend has it that these two gates are the most extreme of the human body. If these two gates are touched, the consequences will basically die. "

Chapter 782: Alive

"Among the eight gates, life is good, and death is bad, and they are also the most important two gates of the human body! Legend has it that these two gates are the most extreme of the human body. If these two gates are touched, the consequences will basically die. "

"So Young Master, you just said that the mysterious expert actually let you open the door to life and death... We think... I think something is really unreasonable!" The ghost servant told the truth.

Listening to the ghost servant in front of him saying so suddenly, Li Tian not only frowned slightly.

Not only did the old words of the predecessor last night come into my mind...

"Once you pass through the Profound Gate of Life and Death, you will be reborn, and your arms will be better..."

After all these words were recalled in Li Tian's mind at once, Li Tian turned his eyes to look at the Duguxie and the ghost servant in front of him.

"The life door in the human body, the dead door is so important?" Li Tian couldn't help asking.

The ghost servant and Duguxie looked at each other, and then nodded together.

"Yes, Young Master!"

"So please think twice, young master, don't temper unprovoked kungfu... and don't try to open your own life and death door!" The ghost servant said worriedly.

In fact, this ghost servant and that Duguxie are not unreasonable, both of them are telling the truth!

Yes, once the door of life and death is opened, the danger is extremely great!

Either rebirth or death.

Listening to worry about his ghost servants and Duguxie around him, Li Tian dignified his brows and thought about it, then slowly said to comfort the two: "Don't worry!"

"Actually, I just talked casually... I don't even know where the gate of life and death is in me." Li Tian said with a faint smile.

Listening to Li Tian's words, the Duguxie and the ghost servant nodded in doubt.

The gate of life and death is really difficult to break through!

It takes a certain degree of skill to have a chance to break through, so the current Duguxie and ghost servants are too worried! Because they both felt that Li Tian didn't have that strength yet.

But they were obviously wrong.

Li Tian is no longer who he was before. The energy in his body is not even clear to him... The only thing Li Tian can feel now is that the energy in his body is like a pot of boiling water, constantly boiling. Generally speaking, if it weren't for his two arms were completely useless at the moment, he really wants to find someone to try how good he is...

Having said that, after Li Tian told the brothers all the things last night, the brothers no longer worry too much.

Only Li Tian hid some secrets deeply in his mind.

The reason why Li Tian didn't want to tell those secrets was because he didn't even know what those secrets meant, let alone why the mysterious senior did it.

He still clearly remembered a few words that the mysterious senior said when he was in a coma.

He said: I hope he can get through the profound door of life and death of his body... and he said that only this way can he be stopped!

After thinking about this in Li Tian's mind, he felt incredible!

Why, why did the predecessor say this, why when he said this sentence, he felt that he had some weird past?

And Li Tian also felt that in his words, there was a sustenance, and a sustenance for him to defeat him!

Who is he?

Why didn't the mysterious senior himself subdue him? Why go by yourself?

Could it be that even that senior can't subdue himself?

Li Tian thought about all this in his mind.

This time, Li Tian's trip to the Wild Wolf Valley finally did what he should do.

Not only got the antidote to his Sanshengmen poison, but the entire dark Duanmu family was destroyed in this great change.

Although Li Tian didn't want the result to be like this...After all, there are still many innocent people in the Duanmu family, but none of this has much to do with him.

After all, the blazing fire was not set by their people.

Moreover, the entire Duanmu family was destroyed, and the responsibility is not Li Tian and the others.

Looking in the direction of the Duanmu family, one can still see thick smoke from the fire that had burned all night... billowing smoke burst into the sky.

"Hey... I really didn't expect the dark Duanmu family to be destroyed like this!" The brothers on one side sighed slightly while looking at the place where the smoke billowed.

Tang Xiaolong said, "Evil is rewarded, and this is their own responsibility!"

"I really don't understand, how could the huge Duanmu family be bombed like that for no reason? Who do you think did this? Why do you do this?"

Chen Qiaozhi over there frowned and asked.

In fact, this problem is also a problem that Li Tian has been depressed.

He is also most puzzled, who on earth has such a deep hatred with the Duanmu family? Ruined the entire Duanmu family?

Of course, Li Tian and his brothers don't know that the man behind the scenes who did all this is the head of the Duanmu family!

Duanmu Heiming, who joined the mysterious organization Hell Gate, did it himself!

How vicious and cruel!

"Let's go and take a look, and see what other survivors of the Duanmu family are!" Li Tian said with a kind heart after all.

There was a big fire yesterday, and no one could break into the fire. Now that the fire is burnt out, Li Tian feels that he should go and see if there are any people who have survived. If there is, he will try to rescue those innocent people.

After hearing Li Tian say this, the brothers all nodded, so they followed Li Tian towards the ruined Duanmu family place.

Along the dense jungle, when Li Tian and the others arrived at the site of the Duanmu family, they looked around and saw a ruin.

Some ruins were still smoking thickly, while others were burned to a pile of ashes.

There are also some hard stone walls standing upright there... but they were also completely burnt black.

Looking at the huge Duanmu family home, it was burned to such an appearance, the brothers all stood there a little sad.

Li Tian stepped forward step by step...

After passing through the ruins below, there was a thick smokey area in front, and the crackling sound of the burning charcoal could still be heard.

Just as Li Tian was about to walk forward, he suddenly heard a girl's cry from the side.

"Yingying...you hold on, you must hold on!"

After Li Tian in front of him heard the sound all of a sudden, he was stunned, someone! There are still people alive! This was his first thought.

"Quickly, there are still survivors over there!" Li Tian exclaimed.

Chapter 783: misunderstanding

Then he took the lead and ran to the sound place quickly, and the Duguxie behind him, the ghost servant and his brothers also quickly ran over.

After Li Tian and his brothers ran over all of a sudden, they saw that in a ruin, three girls with dirty bodies and shaggy faces were squatting there, surrounded by a dying girl. Shouted loudly.

"Yingying...you hold on...don't die! Don't die..."

Because the three girls had their backs to Li Tian and others, Li Tian didn't know who they were, but the voice Li Tian just sounded so familiar!

It seems, it seems to be Sun Tianer under the banner of Wuyin Guinu!

Just when Li Tian was shocked, their footsteps were already heard by the girls who were squatting in front of them, who were dirty and burned in some places.

"Who?"

Then there was an exclamation, but the three girls suddenly turned their heads.

"It's you?" Li Tian was shocked.

It turns out that the three girls in front of me are the frosty and glamorous beauty, Lan Ruoer, and Sun Tianer, under the banner of Wuyin who escaped in the sea of fire, and there is another girl who is familiar, but Li Tian can't be named. , At a glance, Li Tian didn't mention how happy he was when he saw that these three people were still alive in the fire.

It was said that in Li Tian, there were brothers who were kind enough to help, but when Lan Ruo'er and Sun Tian'er suddenly saw that it was Li Tian and others, they were suddenly shocked there!

Then without saying a word, Cang drew out the rapier from his waist with a cry.

"Evil thief, return my master's order..." Lan Ruoer suddenly drew out the long sword with a roar, and stabbed Li Tian and Du Guxie with a sword.

Li Tian and the brothers around him were stunned for a moment, and Li Tian was stunned before he even had time to fight back.

Seeing that Lan Ruoer's vicious sword move was about to pierce Li Tian's body, Situ Ningbing next to him, in order to protect his lover, shot it all at once!

The life-threatening silk in his hand swished out, and then suddenly wrapped around Lan Ruo'er's rapier...

Clang!

Stop that Lan Ruoer.

What's going on?

What's the situation?

Why was Lan Ruo'er so angry when he saw Li Tian and the Duguxie, as if the two of them were her enemies of blood.

Sun Tian'er, the girl who had originally liked Li Tian, was standing there now, with red eyes and a sword in her hand... She looked at Li Tian with a weird look.

"Lady Blue...what are you doing?"

"Why hate me so much? My brother and I want to help you!" Li Tian couldn't help wondering.

But what about Lan Ruoer? At this moment, Situ Ningbing used the life-threatening silk to entangle the long sword in his hand, and his eyes were red from excessive anger.

"You thieves...killing my family members...and ruining my family...and destroying my master! I will kill you even if I die today!" The roaring Lan Ruoer desperately broke away from Situ Ningbing. The life-threatening silk, once again used a spicy sword move to attack.

But Situ Ningbing's skill is not a vegetarian, how could she let Lan Ruoer hurt Li Tian?

Isn't this? Suddenly Situ Ningbing fought with that Lan Ruoer.

As for Li Tian, after hearing Lan Ruoer's words just now, he suddenly understood in his heart.

It turned out that Lan Ruoer thought that the Duanmu family was destroyed, and it was all their responsibility!

And it seems that her master Wuyin Guinu also died in this fire.

No wonder Lan Ruoer hates Li Tian so much.

Thinking of this, Li Tian frowned.

"Lady Lan, you misunderstood... Your Duanmu family was not destroyed by us... We didn't do all this!" Li Tian tried to explain.

Lan Ruoer fought fiercely with that Situ Ningbing, and couldn't help but angrily said: "I thought you were an upright and kind person, but I didn't expect you to be so vicious... and so quibble!"

"I saw with my own eyes that the evil thief became a demon and killed my sister... and wounded my master... Do you dare to quibble here?" Lan Ruoer said as he raised his eyes angrily and looked there. Dugu heresy on one side.

The face of Duguxie who had been said so by her suddenly became gloomy...a black breath immediately filled him.

Li Tian was also struggling!

Listening to that Lan Ruoer's words, she should be talking about Duguxie killing members of the Duanmu clan after being enchanted last night... But that was Duguxie enchanting after all!

Besides, Duguxie, who was engulfed at the time, did not personally kill the Ghost Girl in the Fog...but after using the Tyrant Sword Art to shock the Ghost Girl in the Fog, he was attracted away by the mysterious expert...

So it seems that the misunderstanding of this meeting will not be resolved for a while.

There are still surviving members of Lan Ruo'er over there, obviously thinking that the people who burned the entire Duanmu family and killed the Wuyin Ghost Girl were Li Tian and the others.

Now it was useless for Li Tian to explain, but Lan Ruoer was desperately fighting with Situ Ningbing. Faced with all this, Li Tian was speechless.

"Miss Lan, listen to me... Your master is really not our victim! We don't know who caused everything Duanmu family suffered!" Just listen to Li Tian again.

"A ghost listens to your words!" Lan Ruoer said angrily.

The sword moves he attacked became more and more sharp.

Just as Lan Ruoer was desperately trying to defeat that Situ Ningbing, the poor girl in black robe Yingying was lying on the ground over there, her face was burned, suddenly her body trembled stiffly... There was a tragic death.

"Yingying..."

A cry came out of the Sun Tianer's mouth.

She and the other girl next to her squatted down to look at the poor girl who had burned so much.

It's a pity that the girl named Yingying could not be saved, she died.

Lan Ruoer was in a fierce battle with Situ Ningbing. After hearing the screaming cry from behind, she was stunned for a moment, and then did not make any more moves, but walked quickly over, watching her sister die tragically. Stand there in grief for a moment.

Situ Ningbing watched that Lan Ruoer stopped fighting, and slowly put away his life-threatening silk and stood aside.

Li Tian and his brothers here looked at the three girls crying bitterly...Although they were sympathetic in their hearts, they didn't know what to do! Besides, what to do about this misunderstanding.

"Evil thief, return the life of my master and my sister..." Lan Ruoer, who roared like crazy, rushed towards the Duguxie.

Chapter 784: The truth

Duguxie stood there without even moving.

Just as Lan Ruoer became irrational due to the tragic death of her sister, and suddenly attacked the Duguxie, an old voice suddenly came from behind.

"Don't do it..."

After the deep voice came, Lan Ruo'er who stabbed the sword was taken aback, and the long sword in his hand stopped in the air.

Because she saw at a glance that it was the great elder of the Duanmu family that came slowly: Luohe Futu.

Next to Luohe Futu were Na Luo Changfeng and several surviving members of the Duanmu family behind him.

It's just that those Duanmu family members who survived, their clothes all seemed to have been burned by the fire, their faces were covered in black stains, and they looked exhausted and followed behind the elder.

Luohe Buddha?

When Li Tian and the brothers saw it at a glance, the brothers were stunned for a moment when it was the Great Elder Luohe Futu who was talking.

Li Tian had a good impression of the Luohe Buddha. After the Duanmu family was burned by the fire, to be honest, Li Tian was also worried about the safety of the Luohe Buddha. At this moment, when he saw the Luohe Buddha come safe and sound, his heart I finally let go of my heart, and there are some small surprises at the same time.

"Oh it's you?"

"Blind old man, can't you think you are still alive?" the ghost servant said strangely.

I thought that Luohe Buddha was also dead in the fire, but he didn't expect that Luohe Buddha was still alive at this moment, and there were still alive Duanmu family members beside him.

But seeing that Luohe Buddha did a sad smile, those blind eyes blinked slightly, and suddenly he let out a long sigh: "The old man is fortune-telling..."

"The other party didn't blow me to death with a bomb. My old fellow killed me in vain." Only Luohe Buddha said there.

Explosives?

"What kind of explosives?" The brothers who heard Luohe Futu say so suddenly looked at the Luohe Futu who had said this with puzzled faces.

But when I saw the Luohe Buddha, I walked over slowly, and then he sighed and said: "It's the explosives buried around the Duanmu family..."

"Although I don't know who did this...who hated the Duanmu family so much...but I know that the other party must want the entire Duanmu family to die!" Luohe Buddha said silently.

"Unexpectedly, the Duanmu family, one of the four ancient families, really perished today." Luohe Buddha sighed.

Listening to Luohe Buddha's words, Li Tian, Du Guxie and others were completely stunned.

It seems that the Duanmu family was really ruined by outsiders!

"Who destroyed the Duanmu family? Who razed the Duanmu family to the ground with explosives?" The ghost servant over there suddenly asked.

Luohe Buddha shook his head slightly, saying that he didn't know.

"That Duan Mu Heiming... and other members of the family are all dead?" The ghost servant said in shock.

Just after the ghost servant uttered this sentence, he heard a low voice suddenly came over.

"No, our patriarch is not dead!"

"He left with two strangers and left our family!"

After the words came, Li Tian, the ghost servants and others couldn't help but froze, then turned their heads to see who said this.

Where they turned their eyes, they saw that it was a surviving member of the Duanmu family who was speaking.

His face was stained with smudges, and his black robe was burnt all over his body. He stood there in fear at the moment, looking at the ghost servants and others in a low voice.

"What? Your clan leader is not dead? He left?" The ghost servant asked in an unpleasant voice.

Here Li Tian and Du Guxie also felt that things were getting more and more weird, and they not only looked at the surviving Duanmu family member with horrified eyes.

Just listen to the family member slowly saying: "Yes!"

"The patriarch left the family with the two strangers ten minutes before the explosion... I was guarding at the door, and I still remember clearly that a brother asked the patriarch at the time, what is he going to do? But the patriarch told us , Don't worry about us, and say let us continue to stay there."

Hearing the words of the surviving members of the Duanmu family, Li Tian and Duguxie were immediately stunned.

They took a relative glance and felt that this matter was becoming more and more strange.

Li Tian couldn't help but asked, "What you said just now, did your clan leader leave with two strangers?"

The member of the Duanmu family nodded slightly and said honestly: "Well, yes!"

"Strangers?" Hearing that the surviving members of the Duanmu family said that strangers came to the Duanmu family, Li Tian and others were of course puzzled!

Is everything that Duanmu family has encountered with those two strangers?

"Who is the stranger? Do you know?" Ghost servant asked quickly.

He felt that the destruction of the Duanmu family this time became more and more strange.

"We don't know... but we know that those two people are extremely powerful! When they came, they killed several members of our family... and they killed people for their moves."

Hearing what the surviving family members said, Li Tian suddenly frowned.

"Then do you remember what the two strangers looked like?"

The surviving member of the Duanmu family thought for a while and said: "One of them is a fat man with a huge wine gourd around his waist, and the other is an extremely indifferent man with a long and narrow sword mark on his face."

"Hell Gate!"

"It's from the gate of hell!"

When they heard the surviving family members say this all of a sudden, Duguxie, Li Tian, and the ghost servant were shocked. Of course, they suddenly guessed that the two were alcoholics and Ouyang Longyan.

"So it was them..."

"It turns out that all this is done by the gate of hell!" Li Tian said with hatred eyes.

He originally thought that the people at the gate of **** would not be so happy to leave the wolf valley, but now everything is enough to show that the current Duanmu family is destroyed should have a great relationship with the gate of hell.

"The gate of hell?" When Luohe Buddha heard the three words for the gate of hell, a sense of shock that had never been seen before appeared on the old face.

Then he suddenly blinked twice with his blind eyes.

"Unexpectedly, the mysterious organization that has been depressed for more than 20 years is now reappearing in the world!" Luohe Buddha suddenly muttered to himself.

Luohe Buddha of course knows the mysterious organization Hell Gate more than 20 years ago.

You must know that many years ago, this organization sent people to serve as lobbyists to persuade Luohe Futu, but it was a pity that Luohe Futu did not agree!

Chapter 785: Gone, gone

"Speaking of which, isn't the destruction of the Duanmu family done by the people at the gate of hell?" Just listen to the doubts of the brothers.

"But why do I feel that something is wrong more and more! Since it is said that the Duanmu family was bombed by the people of the **** gate... Then how can Duanmu Heiming walk with the people of the **** gate?" Just listen to Li Tianzai's doubts. Said.

"How could he watch his family members be blown up by the gate of hell?"

Yes, the surviving member of the Duanmu family said clearly that he had seen their clan leader follow the drunkard, and Ouyang Longyan left the Duanmu family!

What is going on?

After Li Tian said so, everyone frowned.

"I guess, maybe Duanmu Heiming joined the gate of hell!" The ghost servant suddenly said a word. what? Duanmu Heiming joined the gate of hell?

The shocked sentence made all the people present stand there in shock.

The Luohe Buddha over there was stunned, not to mention the members of the Duanmu family that he was carrying behind...

Duguxie also stood there with an ugly face.

"Think about it if Duanmu Heiming hadn't joined the gate of hell, how could he watch his family die? So I think that treacherous villain must be afraid of death, so he joined the gate of hell." Ghost servant continued Say.

"Actually, the ghost servant is right!" Du Guxie also said slowly there.

Luohe Buddha looked up at the extremely vicissitudes of face...looked at the distant sky silently, silent without any words...

Lan Ruo'er, Sun Tian'er and other girls who had originally hated Li Tian and Dugu and others over there were also standing there in shock when they heard their conversation.

They don't know who the people at the gate of **** are, let alone everything they just said... But they still feel that this time the Duanmu family was destroyed, it shouldn't be Li Tian and Duguxie who did it. I really misunderstood Li Tian and others.

Now Lan Ruo'er, Sun Tian'er and another poor girl stood silently among the ruins.

The burnt-down house of the Duanmu family is still in black smoke...All you can see in the ruins are broken walls.

"Hey! The grievance is finally over!" Luohe Buddha suddenly sighed there.

After he suddenly sighed, he turned his head silently, that old face faced Li Tian and Duguxie and others: "The big event is over...you have also seen the destruction of the Duanmu family today. ...I don't know if there is anything unfinished by the few?"

Listening to Luohe Buddha's words, Li Tian thought for a while and said, "No more!"

"We have done everything we should do! Coming here today is just to see if there are any survivors here... I just want to do a little bit of effort!"

"Yes, Not Bad!"

"I have always felt that I didn't misunderstand you... Now it still seems like that!" The Luohe Buddha suddenly said with relief.

After Luohe Futu finished speaking, he turned and walked towards Lan Ruo'er and the others under the banner of the ghost girl in the fog.

"Great Elder..." Lan Ruo'er and the girls around him saw Luohe Buddha coming over, crying in sad voice.

Luohe Buddha sighed softly.

"Your master...Master...go away?" Luohe Buddha finally asked.

Lan Ruo'er and the girls around him thought of their master and all of a sudden the eyes turned red.

I saw Lan Ruo'er nodded slowly: "Yes! Master, her old man... was burned to death by the fire!"

"Hey!"

"Then what are your plans?" Luohe Buddha asked the girls in front of them.

Lan Ruor and others stood silently among the ruins, yes, what will they do in the future?

The entire Duanmu family has been ruined, and their master is also dead...what should they do now

Li Tian and the brothers around him looked at Lan Ruor and the other girls in front of them, and a sympathy rose in their hearts.

But seeing that Lan Ruor and other girls smiled bitterly, looking at the ruined Duanmu family, silently said: "We don't actually know...but I think it's time to start again!"

Luohe Buddha paused: "Good too!"

"Everything should start again!"

After Luohe Futu said these words, he suddenly turned around and walked towards the distance with vigorous steps.

Luo Changfeng hurriedly followed the old man behind him... and then he supported the blind Luohe Buddha with his hands and walked towards the Wild Wolf Valley step by step.

"Senior Luohe... are you going there?" Li Tian couldn't help but curiously asked from behind, while staring at the old man's desolate back in surprise.

Behind Luohe Futu were two surviving members of the Duanmu clan... But when he saw Luohe Futu without looking back, he said in a loud voice, "The old man is old... it's time to go... it's time to retreat... .."

"This river and lake is no longer my river and lake!"

The words carry endless desolation...

In this way, he was gently supported by Luo Changfeng by his side, and then gradually walked towards the depths of the Wild Wolf Valley.

He's gone, just like that!

The old man who had been in trouble for decades chose to retire!

Although Li Tian and the brothers carried a trace of sadness in their hearts, they understood what the old man did.

At the moment, there were only Li Tian and other brothers, and the three poor girls, Lan Ruor.

After the Naluo River Futu left, Li Tian not only slowly focused his attention on Lan Ruor and Sun Tian'er.

"Lady Lan... I hope you understand that your master is really not our victim!" Li Tian said sincerely.

Lan Ruor did not speak, nor did she look at Li Tian again... as if her heart had died at this moment, and had been frozen by ice.

She just stubbornly held back the tears in her eyes that were about to stand out, then turned slightly, and together with Sun Tian'er beside her, lifted up the dead sister... just like this silently towards the wolf Go to the other end of the valley.

The three Fanghua Zhengmao, the three most beautiful girls at the same time have to choose to go...

Where are they going?

Without the master, without the relatives... How should they go in the future?

"Lady Blue..." Li Tian still wanted to keep it, because he was softhearted.

But the glamorous beauty Lan Ruo'er never looked back... Only the silly girl who once liked Li Tian deeply, Sun Tian'er slowly looked back at Li Tian... But there was something in her eyes So much helplessness... So many sighs... Finally she turned and left!

Watching them go away... Li Tian stood there silently, as if he had lost something... sad.

I'm gone, I'm gone, maybe I won't see the face I used to be when I turn around... Isn't life like this sometimes?

Chapter 786: Determined

Everything should have an end, just like the Duanmu family this time.

It's just that the ending was unexpected by Li Tian and his brothers.

They really didn't expect that the ending would completely destroy the entire Duanmu family...completely razed to the ground.

And the people at the gate of **** will also step in.

But this time the ending is always good. After all, Li Tian got the antidote to the Sanshengmen he should get, and he also met the mysterious expert.

Although everything is now a mystery, Li Tian believes that one day everything will be revealed to the world.

Looking at the Luohe Buddha Temple and the departure of Lan Ruoer and others, an unprecedented feeling of parting came to Li Tian's heart.

He stood among the ruins of the Duanmu family, looking at everything destroyed in front of him...with a soft sigh.

"Little boss, should we leave this ghost place?" Tang Xiaolong on one side looked at Li Tiandao and said.

The eyes of the brothers were all staring at him.

Li Tian stood in the ruins for a long time... then slowly turned his head and said, "Well! It's time to go..."

After speaking, he turned around silently and took the brothers away.

On the way, the brothers didn't talk too much. They thought it was a happy thing for Li Tian to get the antidote to Sanshengmen's poison, but judging from the state of their expressions, they didn't seem to think so much. Happy.

What about Li Tian? There is always something in my heart.

As he walked, he looked back at the destroyed place of the Duanmu family from time to time... with a little worry in his heart...

Situ Ningbing is her daughter's family after all, and she understands men's thoughts best. When she sees Li Tian looking back from time to time, she can't help looking at Li Tian and whispered, "Li Tian, what are you thinking?"

Li Tian looked at the favorite around him and smiled softly: "No!"

Really? Did Li Tianzhen not think about anything?

Situ Ningbing knew that Li Tian would not lie, he could tell it in his eyes.

So this can't help but say: "Really? Are you worried about her?"

she was?

Who is she?

In fact, Situ Ningbing knew Li Tian better than anyone else, and at the same time he knew the person he was worried about in his heart.

She, the eldest lady of the Duanmu family, Duanmuying.

The eldest lady who used to be like a poisonous snake, the girl who smiles as beautiful as a flower but looks like a poisonous snake when she is cruel, Duanmuying.

Yes, Li Tian did worry about her in his heart. From the first day he entered the Duanmu family, Li Tian thought of the once savage and weird eldest lady Duanmuying!

That girl gave Li Tian the feeling of hate and love.

Sometimes Li Tian hates her, sometimes Li Tian wants to see her.

And now when the entire Duanmu family was destroyed, Li Tian suddenly thought of the weird girl in his mind.

Now that Situ Ningbing guessed it all of a sudden, Li Tian not only seemed a little embarrassed: "Ningbing...I..."

Li Tian tried to explain something, but saw Situ Ningbing with a slight smile.

"it does not matter!"

"Actually, do you know? I'm also worried about her... After all, she once saved me by betraying her family!" Situ Ningbing said truthfully.

When Li Tian heard Situ Ningbing say this, not only did he feel much better, he said, "Actually, I am a little worried about her!"

"After the last time she left, she returned to the family... This time the Duanmu family is facing such a disaster. I don't know what happened to her?" Li Tian said while looking worriedly at the Duanmu family site behind.

Is she dead?

Was she also burned to death by the fire like everyone else in the family?

Thinking of this, Li Tian suddenly felt as if there was a knife in his heart cutting his flesh deeply.

So he worried.

"Li Tian, if you are worried about her, go back and find her!"

"We can wait for you here!" Situ Ningbing said suddenly.

Li Tian looked at Situ Ningbing, did not speak, just stood there silently.

"What's the matter? Little boss?" Tang Xiaolong, who was walking forward, was not only taken aback when he saw Li Tian and Situ Ningbing talking behind them, he wanted to come over and ask.

But he was held back by Chen Qiaozhi beside him.

"What are you doing in the past? What are you talking about! You, what a fool!" Chen Qiaozhi cursed at Tang Xiaolong.

Tang Xiaolong looked at the situation, was startled, and scratched his head with his hand: "Hey, I am wrong, I am wrong! The little boss is talking to his sister-in-law... I shouldn't go there!"

"It's good to know! You idiot!" Chen Qiaozhi said with a smile.

I saw Li Tian still standing there in silence, while Situ Ningbing was looking at Li Tian with her beautiful eyes.

Turn around?

Do you really look back to the girl who once made Li Tian hate and love?

"Go! Li Tian!" Situ Ningbing looked at Li Tiandao again.

Li Tian finally summoned his courage, and then looked at Situ Ningbing in front of him, and suddenly stretched out his hand to grab her delicate hand.

"Ningbing... Thank you for understanding me! Thank you for being my favorite person!"

Situ Ningbing smiled slightly, and red lips said slightly: "Fool, as long as you feel at ease, I will be happy."

"Yeah! Then I'll look for Duanmuying... to see if something happened to her!" Li Tian finally made up his mind and said.

In your lifetime, there will always be a few people in your life that can't be erased or forgotten... And Duanmuying may be one of them!

So Li Tian finally made up his mind!

He knows that maybe if he doesn't look back this time, he will be upset for the rest of his life... He will dream of her in his sleep in the middle of the night, so instead of making himself upset, he might as well look for her this time!

After Li Tian decided to go, he quickly ran towards the Duanmu family ruins behind without saying a word.

The brothers in front of them, Du Guxie and the ghost servants couldn't help being stunned when they saw Li Tian suddenly running towards the back.

"Young Master, why did you go?"

"Yeah, why did the little boss go back again?" The ghost servants and the brothers in front of them couldn't help asking in surprise.

Situ Ningbing slowly walked over and said lightly, "It's okay!"

"He just went to find someone!"

Find someone?

Hearing Situ Ningbing's words, the brothers and the ghost servants in front of him were taken aback.

Situ Ningbing clicked on the picture silently.

"Correct!"

"Find someone with his charm...find someone who can let you go on the road with peace of mind in the future!" A word came out of Situ Ningbing's mouth again.

Although the brothers didn't understand Situ Ningbing's meaning, they could still hear that Li Tian was definitely for the love of his children, so they didn't ask too much.

Chapter 787: Friendship

Now Li Tian has quickly ran towards the ruins of the Duanmu family.

While running, while worrying.

How is she? Will she really be killed?

Thinking of these Li Tian couldn't help feeling distressed, so the pace quickened.

After reaching the ruins of the Duanmu family, he immediately ran towards the place where Duanmuying's boudoir was once... After passing through the ruins that were still blazing with smoke, Li Tian quickly reached the former boudoir of Duanmuying.

It's a pity that when he arrived, he found that the house where Duanki Ying once lived had also been blown up... and was razed to the ground by the same burning.

Looking at everything in front of him, Li Tian was blankly stunned.

Gosh? Could that girl really be buried under the fire?

Looking at the ruins of the burning fire in front of him, Li Tian suddenly felt a heartache he had never felt before.

Just when Li Tian thought that Duanmuying had been buried in the sea of flames, suddenly a girl's cry came from a far away...

It could be vaguely distinguished that it was a girl's call, but Li Tian couldn't hear it because of the distance.

The moment he heard the sound in his ears, Li Tian was taken aback, then quickly turned and ran towards the sound.

He wants to see who is yelling there...

As he quickly ran towards the voice, the voice had become more and more careful.

"Miss...Miss..."

Calling Miss?

When Li Tian suddenly heard this voice, he suddenly felt so familiar.

Is it?

Could it be that little maid?

Not bad!

After hearing the sound carefully, Li Tian recognized it all at once.

It was really her, the girl who followed Duanmuying all the time, Xiaohuan.

Just after Li Tian heard the voice of that girl Xiaohuan, he couldn't help feeling excited, and hurried to the place of that voice.

When Li Tian hurried over, he really saw the little ring of the girl in a light blue dress in front of him.

She seemed to be looking for Duanmu Sakura, her voice revealed extreme anxiety and a slight crying, and she shouted: Miss... Miss...

"Xiaohuan!" Li Tian yelled when he saw the girl Xiaohuan.

After Li Tian yelled, the little girl who was facing her back was startled in shock, and then turned her head in panic.

The round face looked at Li Tian with a look of fear.

After seeing Li Tian's face clearly, Xiaohuan screamed in excitement.

"It's you...you...Li Tian?" Xiaohuan said, looking at Li Tiandao in disbelief.

Li Tian smiled, looked at the little girl in front of him and nodded vigorously: "It's me! It's me!"

"Gosh, why are you here?"

"Why are you here?"

Xiaohuan exclaimed in excitement suddenly.

Li Tian was taken aback for a moment, and he secretly said: Why can't I be here?

"You...you... won't you be here to kill me, right?" The little ring in front of her suddenly said in fear.

Listening to Xiaohuan's words, Li Tian was suddenly depressed.

"How could I kill you?"

Xiaohuan blinked her round eyes and said, "But...but...everyone said...you ruined our family...you ruined everything about us!"

Listening to Xiaohuan's words, Li Tian knew that they had misunderstood themselves again.

He explained at the moment: "Xiaohuan, listen to me, I didn't do everything in the Duanmu family! I didn't destroy it either!"

"The reason why I came here is that I actually only want the antidote to Sanshengmen's poison! I have no plans to destroy the Duanmu family!"

Xiaohuan was stunned when he heard it, and blinked his eyes and said, "Then...why was our family bombed...why was it destroyed?"

"Someone else did it!"

"Although I don't know who it is, I assure you that this is definitely not what I did!"

"I'm here now just to know your eldest... Duanmuying, how is she? Is she injured?" Li Tian said worriedly.

Hearing Li Tianwen Duanmuying, Xiaohuan showed disappointment on her face.

"I don't know where Missy went... I only know Missy was looking for you!" Xiaohuan said in a sad voice.

what?

"Look for me?" Li Tian was stunned.

Just listen to Xiaohuandao: "Yes!"

"Do you know? The eldest lady has always cared about you... In order to ask the clan leader to help you with the antidote to the Sanshengmen poison... the eldest lady was also put into the dungeon by the clan lord... Later the eldest lady was released Came out... but she was worried about you all the time..."

"This time I heard that you brought someone into the Duanmu family and wanted the antidote to the Sanshengmen... So the eldest lady desperately went to you!" Xiaohuan said there.

Listening to the words of the girl Xiaohuan, Li Tian suddenly felt like a knife!

He knew that Duanmuying cared about him, but didn't expect that girl would do so many things for herself.

"What about now? What about her now?" Li Tian couldn't help asking suddenly.

That girl Xiaohuan said, "I don't know either!"

"The whole family was destroyed last night... the explosion... the eldest lady's house was also blown up... At that time, I was lucky to find the eldest lady outside and escaped a disaster..." Xiaohuan said as tears came from her eyes. The inside flowed out bit by bit.

Looking at Xiaohuan and crying, Li Tian didn't know how to comfort her.

Xiaohuan wiped the tears in his eyes, and then continued: "Later I saw a sea of fire in the family...Many family members were burned alive in the fire... I was afraid, I wanted to find Miss... But I can't find it!"

"I searched all night and didn't find the trace of the eldest lady..." Xiaohuan said sadly there.

When Li Tian heard this, he suddenly felt a bit in his heart.

"Will that... Duanmu Ying... Duanmu Ying... in the sea of fire?" Li Tian said suddenly there in fear.

Xiaohuan shook his head quickly and said, "No, no!"

"I once heard a surviving family member tell me... he personally saw the eldest lady leave the family before the explosion... so the eldest lady could not have an accident..." said Xiaohuan in front of him.

Hearing what Xiaohuan said, Li Tian finally let go of his heart!

Knowing in his heart that as long as Duanmuying is okay, he will feel more at ease.

"Then why are you looking for her here now?" Li Tian couldn't help but curiously asked that girl Xiaohuan.

Xiaohuan said: "In the past, when the eldest lady was unhappy or sad, she would always come here...so I came here to find the lady...hope to find her!"

Listening to Xiaohuan, Li Tian thought about it, and then said: "Okay! Then I will go to your eldest lady with you!"

Chapter 788: Knife and blood

Listening to Li Tian going to find the eldest lady with herself, Xiaohuan was stunned for a moment, and then nodded happily!

"Okay! Missy would be very happy if you see you looking for her in person!" Xiaohuan said with a smile.

Li Tian then followed the small ring and walked forward while looking for the wooden cherry tree.

Where did Duanmuying go?

Since the last quarrel with her own father last night, who knows where she is? Is it really here?

"Miss... Miss... where are you?"

While Xiaohuan looked around, she couldn't help yelling there,

But there was no sound in the empty Wolf Valley.

After walking for a while, I saw the little ring pointing to the bright flowers in front and said: "In the past, the lady would come here when she was unhappy!"

Li Tian raised his eyes to look, but saw that there were many beautiful flowers growing there, each of which was so bright and beautiful, standing here can make the bad mood disappear.

"But today I don't see the lady..." Xiaohuan said with a sigh suddenly.

As he spoke, his eyes were red again.

Looking at the small ring in front of her, Li Tian didn't know how to comfort her.

Li Tian looked at the dense jungle around him and shouted loudly, "Duanmuying... where are you?"

"I'm looking for you!"

The heroic voice seemed to penetrate the entire jungle.

With endless echoes, it echoed in the wild wolf valley.

Just when Li Tian was about to continue shouting, a strong wind suddenly struck him from the side.

Although Li Tian's arm has been abolished, it doesn't mean that his perception ability has declined, doesn't it? When I suddenly felt a strong wind hitting him, his steps quickly turned... and then he dodged.

If you look carefully, the thing that is coming towards you turned out to be a sharp little head!

Just when Li Tian and Xiaohuan were shocked that they didn't know who the enemy was, he suddenly heard a furious voice and said, "Damn...you dare to come here...I'm going to kill you!"

With the roar of the voice, he saw a slender figure suddenly attacking Li Tian with a thunderous attack.

Look carefully at who is that slender figure?

Who is so angry with Li Tian?

is her!

It's Duanmu Sakura!

My God, it turned out to be Miss Duanmu Ying?

Is she crazy or something? As soon as he saw Li Tian, he was ready to kill Li Tian.

And Li Tian was also stunned. The moment he saw that it was Duanmuying, he was first happy, and then depressed. What happened to this girl? How do you see yourself as if you see an enemy?

"Duanmuying...what are you doing?"

Li Tian dodged with the flexible steps under his feet, while avoiding the offensive of Duan Kiyong.

The little ring on one side also saw the eldest lady and exclaimed excitedly: "Miss...Miss...you finally appeared."

But she couldn't understand why her young lady saw her favorite person and started fighting. At this moment, Xiaohuan was also depressed, and she couldn't help thinking: Missy obviously likes Li Tian, why should she do it now?

But what about Duanmu Ying over there? The tactics being attacked at the moment are getting more and more sharp.

The sharp blade held in Qian's thin hand stabbed fatally towards Li Tian's body.

Li Tian's hands were abandoned, and he could only rely on his body skills to dodge...While retreating, he exclaimed: "Duanmuying...you are crazy...I am Li Tian!"

"I killed you! It was you Li Tian!" Duanmuying said with her eyes blood red while biting her teeth.

Li Tian was blinded all of a sudden, and couldn't help thinking that this side of Mu Ying is really crazy, completely crazy!

"Miss...Miss...what's the matter?" Xiaohuan stomped anxiously and shouted.

But Duanmuying didn't mean to give up at all, instead, her attacking tactics became more and more sharp.

After all, Li Tian had already lost his hands and couldn't resist, he didn't pay attention at the moment!

Hearing a flutter, the sharp blade held by Duan Muying's hand suddenly struck Li Tian's chest!

Fortunately, Li Tian dodged fast enough, otherwise a huge hole would be drawn in his chest! But this is the case, Li Tian's clothes were still torn...Even a blood-red mark was drawn on his skin!

Duanmuying succeeded and stopped, not knowing whether it was because of her distress or something else!

"You... why don't you fight back?" Duanmuying's slender body stood there, pointing her fingers at Li Tian and said with red eyes.

Li Tian looked at the injury on his chest...Although he was angry in his heart, when he saw Duanmuying's crying appearance and her peerless face, he instantly softened again!

"Why should I fight back,"

"Hey, besides, I can't pay back if I want to fight back!" Li Tian suddenly sighed.

Yes! His hands have been abolished, even if he wants to do it, it is impossible.

But Duanmuying didn't know all this. Her beautiful eyes were filled with endless hatred, and her body was trembling slightly, and she said angrily: "Don't think you don't fight back, I won't kill you... You destroy me The family... Kill my innocent people... Today I must let you pay for my life and avenge all my family members!"

Duanmuying originally thought that Li Tian destroyed her Duanmu family!

Thought Li Tian razed the Duanmu family to the ground!

No, Duanmuying screamed, and the sharp blade in her hand really hit Li Tian's neck.

Unexpectedly, Li Tian didn't even dodge this time. He just stood and stood there quietly, looking at Duanmu Ying with unblinking eyes.

Seeing that Mu Ying had already gone crazy, if this fatal blow really hit Li Tian's neck, he wouldn't be able to cut Li Tian's neck directly.

The girl next to Xiaohuan was shocked... exclaimed: "Miss... don't..."

But Duanmuying shot too fast, it was too late.

Where is Li Tian? But standing there like a silly, motionless! He could hide, but this time he didn't hide. He just looked at Duanmuying and Duanmuying's eyes...

The sharp blade struck Li Tian's neck like lightning.

Will he be killed by the woman who loves him?

Will he die under Duanmuying's hands?

Seeing that Duanmuying was about to pierce Li Tian's throat, the blade in Duanmuying's hand suddenly changed its direction!

Flop!

The blade was so fast that although it didn't hit Li Tian's neck, it hit Li Tian's chin... Suddenly a long and narrow bloodstain appeared from Li Tian's chin...

She was stunned!

The girl Xiaohuan was also stunned.

The sharp and cold blade was dripping with blood... but he stood there like a stone, and the blood from his chin also appeared instantly...

"You...you... why don't you hide?" Duanmuying cried out all of a sudden.

She cried so sad, so heartache.

Chapter 789: Love and pain

This end of Mu Ying cut Li Tian's chin with a knife, and at this moment she started crying.

Squatting on the ground, crying with grief, and crying makes people unable to help but feel pity.

The little ring on the other side looked at her young lady, completely stunned, but seeing her so sad that she cried all of a sudden, her eyes turned red, and she walked towards Duanmu Ying.

"Miss...Miss..."

At this moment, only Li Tian stood there quietly, with blood still on his chin, standing there motionless, just looking at Duanmuying with pitying eyes.

He knew that this girl misunderstood him!

But he is reluctant to say anything now. He knows in his heart that Duanmuying has experienced the saddest scene in her life... Her family was destroyed, all her relatives, and her friends were killed in the fire. As a female How can the child not feel hurt? So Li Tian didn't say anything, didn't complain, didn't scold, just stood there quietly.

"Why don't you hide? Why?" Duanmuying raised her blood-red eyes, and roared at Li Tian with tears.

Li Tian looked at Duanmuying's eyes and slowly said, "If you kill me, you will feel better...I would rather die in front of you!"

"you....."

When Duanmuying heard Li Tian say this, tears flowed even more.

"Why are you so cruel... Why are you so poisonous... Why do you want to blow up my entire family... Don't you know that there are my relatives here? There are many innocent people here!" Duanmuying cried.

Li Tian smiled bitterly.

"I told you that I didn't do all this!" Li Tian said slowly.

"You lied to me... You didn't do all this, who else could it be?" Duanmuying said with tears in her eyes.

Li Tian didn't know how to explain, so he could only say there, "I don't know who it is, but please believe me, I really didn't do all this!"

"I have been with you for so long, do you think Li Tian is such a cruel person?"

"Furthermore, I came to your Duanmu family just to find my antidote... nothing more than to find you!" Li Tian said slowly.

When Li Tian suddenly said that he was looking for herself, Duanmuying's heart instantly heated up.

Xiaohuan, the **** the other side who has not spoken, also said slightly at this time: "Miss...I don't think he is such a cruel person!"

"Miss, you are thinking, if it is really him, why does he come back to you like this? Are you right?" Xiaohuan said there too.

Listening to Xiaohuan's words, Duanmuying sat there blankly, tears streaming down her delicate face, looking so heartache and pathetic.

Seeing her crying in front of her, Li Tian couldn't help but walked over slowly.

Walked to her side, then stretched out a pair of arms, and suddenly hugged her trembling body tightly.

"Fool, believe me! Your family really wasn't mine! I Li Tian would not do such a cruel thing..."

"I came here just to find you and find my antidote...!"

Li Tian said truthfully.

And what about Duanmu Ying? The weak body seemed to have found a strong shoulder in an instant, and suddenly rushed into Li Tian's arms and wept loudly.

While crying, he gently beat Li Tian's chest with two powder fists.

"Little bastard...dead bastard... why are you just looking for me now?"

"why?"

Listening to Duanmuying crying like this, Li Tian only felt a heartache, but he held the Duanmuying in his arms tightly, letting her beat herself, letting her cry.

He knew in his heart that this girl had too many grievances and too much pain in her heart...

In everything, he hoped that she would cry out all at once, maybe it would be better if she cried out.

The girl next to Xiaohuan watched her young lady finally get into Li Tian's arms... She was also excited and happy, tears of joy flowed out.

Li Tian held the crying Duanmuying and held her quietly.

The wind is still blowing here... it is blowing the woods next to it, but her crying is still there.

I don't know how long she had been crying, maybe it was because she cried all the pain in her heart... She finally stopped crying.

Slowly left Li Tian's embrace.

Her eyes are a little puffy and look teary...

Looking at Li Tian in front of him.

"You tell me, didn't you really blow up my family?" Duanmuying asked cryingly for the last time.

Li Tian sighed, then nodded silently.

"Yes, not me!"

"Although I hate your family...I hate your father...but I definitely did not blow up your family..." Li Tiandao said.

Listening to Li Tian's words, Duanmuying finally believed in her heart.

She always thought that Li Tian was a good person...If she was not too distressed, she would definitely not lose her mind just now.

Now I finally heard Li Tian say that he did not do all this, and her heart suddenly became regretful.

"I wronged you..." Duanmuying said in tears suddenly.

Li Tian smiled slightly: "Fool, I'm fine!"

"Do you know? From the first day I entered the Wild Wolf Valley, I was worried about you... Until last night, I was afraid, and at the same time, that something might happen to you... So I desperately wanted to come to you... ..Now that you are all right...I finally feel relieved."

Duanmuying was deeply moved by Li Tian's words.

Lifting his teary and hazy face, he walked slowly over: "You are so stupid... Why didn't you explain, why didn't you dodge just now..."

Duanmuying looked at the scar she had accidentally injured Li Tian's chin and said with regret.

Li Tian smiled slightly: "I know you won't do it!"

"fool!"

When Duanmuying heard Li Tian say this, she couldn't help being excited anymore, and she reached out and hugged Li Tian in front of her.

Her delicate body was close to Li Tian, and Li Tian also gently put her in his arms, just like that, and held her tightly.

"My family is dead... My father is also dead... There is nothing... nothing!" Duan Muying remembered the destruction of her family, and finally she cried again.

"No! Your father is not dead!" Suddenly a word came out of Li Tian's mouth.

After Li Tian said so all of a sudden, Duan Muying was stunned, and then suddenly raised a pair of teary eyes, looking at Li Tian in front of her.

Chapter 790: Follow me

"What are you talking about? You said my father was not dead?" Duanmuying looked at Li Tian in horror.

"how do you know,"

Just listen to Li Tiandao said: "Your family members saw it! They also said that your father had left the Duanmu family with two strangers ten minutes before the Duanmu family exploded..."

Duanmuying was stunned when she heard Li Tian say this.

"How could this be?"

"So my father is not dead?" Duanmuying said in horror.

The girl next to Xiaohuan blinked her round eyes and couldn't help but wondered in her heart, and asked, "The clan master left with two strangers? Why?"

"Does it mean that the clan owner knows that the family is going to explode?" After saying this, Xiaohuan suddenly felt wrong, and quickly closed his mouth.

But this sentence was heard by Duanmuying. She stood there in a daze, silently looking at the sky in the distance...I don't know what was thinking in her heart.

To be honest, Li Tian is not sure why Duanmu Heiming left the Duanmu family?

Did Duanmu Heiming know the doom of the Duanmu family? Or is it because it happens? Li Tian is only guessing now, so he dare not draw conclusions easily.

Knowing that he might have said something wrong, the little ring over there said to Duanmu Yingdao: "Miss...I was wrong...I'm sorry..."

But seeing Duanmu Ying turned her head slightly, shook her head.

"No!"

"Since my father is not dead, I believe I will find him one day! Ask him clearly!"

"I don't know what he did... I don't know why he left... But I believe that he should not be so poisonous! Give up the whole family so cruelly." Duanmuying still refuses to believe that her father will. Do such a cruel thing.

After Duanmuying finished speaking, she looked at the once glorious Duanmu family with a sad heart...What a pity now? There was a ruin, a burnt ruin, and a sense of unwarranted sadness surged from the depths of her heart.

"Miss, what should we do now?" The little ring in front of me suddenly looked at that side of Ki Ying and asked.

"Where shall we go now?"

After Xiaohuan suddenly asked this question, Duanmuying was there all of a sudden.

Yeah, what should they do now?

The Duanmu family has now been completely destroyed, and even the boudoir of the front end of the wood cherry has been burned down!

The cruel facts faced the two of them, where should they go now?

Looking at Duanmu Ying and Xiaohuan, Li Tian stepped forward and suddenly said, "Follow me!"

"Let me protect you from now on!" A promise came from Li Tian's mouth.

After Li Tian said this all at once, Duanmuying looked at Li Tian with her watery eyes, and the girl Xiaohuan couldn't help being excited!

Of course she was happy. She knew in her heart that her young lady liked that Li Tian, and now Li Tian said she wanted them to be with him, of course she would be happy.

But Duanmuying hesitated.

"If I follow you, wouldn't you be afraid of your jealousy?" Duan Muying suddenly stared at Li Tian's eyes and said.

Li Tian knew that she was Situ Ningbing in Duanmuying's mouth, and at the moment he also looked a little depressed.

But he still said, "It's okay!"

"You know, actually Ning Bing is always worried about you! She also said that you saved her desperately...she has not forgotten the kindness now."

"Huh, what a kindness is!"

"You are so affectionate even her name is now...you are still freezing...I guess I would be a burden even if I follow you!" Duanmuying said angrily.

Is that woman not jealous?

Is that woman jealous?

So when this unruly girl Duan Muying heard Li Tian call Situ Ningbing Ningbing, she suddenly became jealous, and she was very jealous.

Li Tian was depressed. He had known for a long time that if Duanmuying and Situ Ningbing were together, there would be conflicts because of this matter.

But what can he do now?

He must protect Duanmu Ying.

The current Duanmuying is undoubtedly pitiful. The family was destroyed and her relatives were blown up... Now even her closest father is missing... If Li Tian doesn't stand up to help her at this time, will he still be a human?

So Li Tiandao said: "No! Absolutely not!"

"I believe you two will become good friends together!"

Listening to Li Tian's comfort here, the little **** the other side was also there and said to Duanmu Ying, "Miss... let's follow Li Tian..."

"Miss, didn't you want to see him the most before? Do you want to stay with him the most? Now it's finally possible...Why didn't you agree?" said Xiaohuan.

As soon as Xiaohuan said it, Duanmuying in front of her blushed.

"Bad girl, how can I say those things..."

Xiaohuan quickly closed his mouth.

Li Tian walked over there slowly, and then stretched out his hand to gently pull Duanmuying's soft hand... but was suddenly rejected by Duanmuying... Li Tian pulled it again... this time He finally caught her delicate hand!

After catching her slender hand, Duanmuying became shy.

Li Tian gently shook her hand and said softly: "Follow me! I will take care of you from now on!"

Duanmuying's heart felt an unprecedented sweetness for no reason.

Then he turned around and ran a few steps to the side... Then he turned his head and said, "That... That... Then if you dare to bully me in the future... I'll kill you!"

Listening to the ghost girl Duanmuying talking like this, Li Tian could only smile wryly.

"Good, good!"

So just like that, Li Tian decided to take Duanmuying and the little girl ring in front of him.

He originally liked this savage and vicious Duanmuying... Now that she saw her in such a situation, how could Li Tian not feel distressed? How could he watch them wandering like this?

So he made up his mind to take them both master and servant in the future!

And what about Duanmu Ying? Although she experienced the saddest scene in her life yesterday, but fortunately she saw her favorite...Having her favorite is currently comforting her, so her sad mood has temporarily and slowly declined...

"Hey, why didn't the little boss come back? Why did you go?" At the end of the Wild Wolf Valley, I saw my brothers sitting on the bluestone waiting for Li Tian there.

They don't even know why Li Tian went there.

Although they wanted to ask Situ Ningbing in their hearts, they saw that Situ Ningbing seemed to have something on their minds. When they sat silently and didn't say a word, they didn't dare to ask too much.

Just after the brothers waited for ten minutes, Tang Xiaolong was the first to see Li Tian and the others.
