

A Killer 79

Chapter 79: go

Li Tian sneered and said, "Does this still need to be said? Is this something unclear?"

Feifei had come to see Li Tian with passion, and for the first time this stupid boy had a loud quarrel with her father, but she did not expect that after seeing Li Tian, he would say so, tears of anger almost flowed down and stood over there.

"Ms. Tang, Li Tian is a poor person. Could you please do not provoke me in the future? Also, go back and tell your dad for me, let him remember, if I, Li Tian, enter your Tang company again in this life, I will thunder and strike." His voice was cold.

Listening to Li Tian's words, Feifei was stunned.

"My surname is Li, I don't care what my father did to you or what they said about you, but I never said you, and I never looked down on you. If you insist on doing this, insist that I don't bother you. Well, I, Tang Feifei, will never find you again from today, and will never bother you again."

After speaking, Feifei suddenly turned her slightly trembling body, and then stepped out of Ward 302 step by step with desperate steps.

Watching Feifei walk out of her ward, Li Tian suddenly felt a sense of loss for no reason.

He knew in his heart that what Feifei said was true. Feifei had never looked down upon herself or said anything else, but what else could Li Tian do?

After all, he is just a little security guard.

Now Tang Feifei's father definitely doesn't want his daughter to be mixed with a small security guard like himself, so instead of letting Feifei be in a dilemma, it is better for Li Tian to cut the mess with a knife and cut this relationship with one knife.

Whether Feifei hates or misunderstands herself in the future, these are no longer important.

The important thing is that Li Tianzhen has decided not to see Feifei again from today, at least until he becomes a master, he will never see the Tang family again.

Li Tian was lying quietly on the hospital bed with a feeling of immense loss and pain. The sunlight coming in from the window lightly spilled on Li Tian's body, and he just lay down quietly, motionless.

And what does Feifei's departure mean? It means that her heart was ruthlessly hurt by a man for the first time, and she refused nakedly. Perhaps for a girl like her who is both proud and self-esteem, this time it was really with Li Tian the last meeting of the day.

Although Li Tian's body had been chopped several times, his body recovered much faster than usual.

Nothing else, just because he now has a "very abnormal" body.

In these two days, Yu Dahai still came to see him from time to time, and Xiao Zhao also took the time to come over.

But because the hospital is far away from the Tang company, and Yu Dahai and the others still have to go to work, Li Tian feels very grateful every time when Dahai and them come over.

In two days, the stab wound on his body no longer hurts much, but the scar is still more obvious, especially the deep scar on his back.

However, Li Tian was determined to leave the hospital. The nurses and doctors in the hospital persuaded Li Tian to rest for two more days. It is best to stay in the hospital for observation during these two days to avoid inflammation of the wound, but he was still stubborn on the third day. I was discharged from the hospital at the time.

On the day of discharge, there was a drizzle.

The cloudy sky looked like the face of a witch, ugly and gloomy.

Li Tian and Yu Dahai stood at the gate of the hospital.

With the cigarette in his right hand, Yu Dahai helped Li Tian with his broken travel bag in his left hand, frowning at the drizzle falling from the sky.

"This ghostly weather." Yu Dahai complained.

Li Tian stood to help, holding a cigarette in his hand, smoking there.

"Brother Yu, I'm leaving." Li Tian turned his head and looked at Yu Dahai.

Yu Dahai did not speak, and after a pause, he threw the cigarette **** in his hand on the ground outside. When the cigarette **** touched the bottom of the water, it quickly went out.

"Yeah," Yu Dahai spit out a word.

He stretched out his hand and patted Li Tian on the shoulder: "Remember, Xiao Li, the road is under my own feet, you have to look at yourself how you go."

After saying this sentence, Li Tian showed a smile on his face.

"Brother Yu, in my lifetime, I will never forget your kindness to me, Li Tian."

Yu Dahai waved his hand and smiled.

"I am leaving."

After the short three words came out of Li Tian's mouth, he took the broken bag that was in the hands of the sea, and then slung it on his body, walking towards the drizzle alone.

No words, no turning back, only his slightly heavy back was left in the rain.

From this moment on, Li Tian was looking for his own way. He decided to stop letting anyone look down on him from today. Those who looked down on him in the past, those who look down on him are low, one day he will let them know, what It's called humiliation.

The rain is still falling.

And from the beginning of the drizzle, it became bigger and bigger, and there was a thunder in the sky with a click.

The entire sky brightened a bit, but Li Tian didn't move like a bell. He was walking slowly in the rain with his bag on his back. The increasing rain hit his handsome cheeks and body.

He did not find a place to hide from the rain, but let the cold rain pour on him, drop by drop.

If someone saw him on the street at this time, he would definitely think that he was insane, so heavy rain, even walking in the rain casually.

It's a pity that no people can be seen on the empty streets. Occasionally, the water splashed by a car that rushes past all hits him, he doesn't mind, just walking slowly and walking alone like that.

Where is he going? Nobody knows.

Maybe even he himself didn't know where he was going, in the huge city of Kyoto, where should he have a place to stay?

The rain has been falling, and he has been walking.

The heavy rain that lasted for more than two hours finally started to stop gradually, but he was still walking aimlessly.
