

## A Killer 791

Chapter 791: Stubborn silly girl

"Little boss is back!" After seeing Li Tian, Tang Xiaolong was the first to yell from his mouth.

The brothers all stood up at this moment, blinking at the figure in the distance.

"It's not right, why the little boss is still following people...it seems...it seems that there are still two women." Tang Xiaolong said in confusion, because he did see that Li Tian was not coming back alone, but Two Qianli figures followed behind her.

The brothers here also saw that the figure was indeed Li Tian, and indeed he brought two girls behind Li Tian.

When they saw this, they were all depressed.

What's going on?

Why did Li Tian take two girls inexplicably?

And the glamorous Situ Ningbing standing here suddenly trembled slightly in his heart.

Looking at that Li Tian, and Duanmuying behind him...

When Li Tian and the others approached, they could clearly see a coquettish and fairy-like beauty behind him. She was as glamorous as a poppy, especially the extremely \*\*\*\* red lips... ...Although I didn't wear a bit of lipstick, it was so red that I couldn't help but kiss it hard.

It's just that this beauty's eye sockets are a little red and swollen... as if she had just cried!

Of course she is the big daughter of the Duanmu family, Diaoman, Duanmuying!

A woman who is as elusive as cherry blossoms, but cute and ghostly.

There is another girl, although not so good-looking, but a round face looks extremely cute, following the glamorous girl.

After these two women followed Li Tian, the Duguxie, the ghost servant, and the brothers in front of him were all wondering one by one, and they couldn't help but secretly lining up: Hey, who are these two girls? what? How to follow the young master?

Maybe all the brothers present didn't know that Duan Muying and Xiaohuan, except for Situ Ningbing.

However, when the brothers looked at Duanmuying and Xiaohuan with surprised eyes, Li Tian had already walked over with a smile.

"Brothers, I'm back."

"Little boss... Are these two...?" The brothers couldn't help asking.

"Young Master, who are these two girls?" The ghost servant over there couldn't help asking curiously.

Before Li Tian started to introduce him, he heard a nice voice and it rang first.

"Let me introduce it..." The glamorous Situ Ningbing was speaking.

Situ Ningbing walked over generously and pointed to Duanmu Ying in front of him and said, "This is Miss Duanmu..."

"I betrayed their family to save me... and I also saved Li Tian!" A word came out of her mouth.

After Situ Ningbing suddenly revealed the identity of Duan Muying, the brothers froze decisively. what.

Her name is Duanmuying?

Are they from the Duanmu family?

The ghost servants and Duguxie over there also frowned slightly, looking at Li Tian with puzzled eyes, and they didn't understand why Li Tian would save a girl from the Duanmu family.

After listening to Situ Ningbing's introduction, Li Tian also looked a little embarrassed, and quickly said there: "Yes, yes! She is the eldest lady of the Duanmu family..."

After Li Tian also revealed the identity of Duanmuying, everyone's eyes were now on Duanmuying and the small ring.

The girl next to Xiaohuan, being watched by so many strangers, not only seemed a little scared, she was leaning against Duanmuying in front of her.

Duanmuying raised her eyebrows and glanced coldly at Li Tian's brothers.

"Yes! I am from the Duanmu family!"

"You don't need to look at us in that way... I know that you despise me as a member of the Duanmu family, and you also know that you look down on me... In that case... Then we go now!"

"Little ring, let's go!"

The angry Duanmu Ying grabbed the little girl next to Xiaohuan to leave here.

When Li Tian saw Duanmuying leaving, he was depressed...

But before Li Tian could comfort him, Situ Ningbing ran over quickly.

"Sister Duanmu... don't be angry!"

"In fact, everyone didn't look at you with strange eyes... It's just that you just met you... I believe it won't be long before everyone will understand you and know who you are." Situ Ningbing pulled the Duanmu Sakura's arm said softly.

It's like a big sister at the moment.

That Duan Muying was so pulled by Situ Ningbing... She also felt embarrassed, and stood there suddenly.

The brothers here are also slightly taken aback. Although they don't know who this Duanmuying is, they clearly know the sorrow that Duanmu family suffered last night... So this will not only feel a little sorry.

"Miss Duanmu...you have thought about it, brothers didn't look at you with strange eyes...really!"

"Yes, Miss Duanmu! Since you are our little boss's friend, then you must be our friend..."

Listening to what Li Tian's brothers said, the girl next to Xiaohuan turned her head slightly and glanced at Tang Xiaolong and the others, and then gently pulled her sleeves.

"Miss... let's follow Li Tian...or else we two really have no way to go..."

Duanmuying whitened the small ring in front of her eyes, and did not speak.

Situ Ningbing knew that Duanmuying had a stubborn temper. At this moment, she smiled and pulled Duanmuying's arm and said, "Don't be angry! Follow us."

Listening to what Situ Ningbing said, Duanmuying finally chose to compromise, because the two of them really had nowhere to go... Moreover, Duanmuying, who had just encountered such a sad thing, would definitely die of heartache if she left Li Tian now. , So she finally nodded.

Then slowly turned around.

The ghost servants and Duguxie over there watched all the scenes, but there was a weird smile in their eyes when they saw the ghost servants, and they whispered to the Duguxie in front of them, "Second brother, did you find that? Our young master is really like a big brother... Hey, there are always beautiful women around!"

At this moment, Duguxie's silent face also showed a slight smile.

"Do you know why there are so many confidantes around Big Brother and Young Master?"

The ghost servant was taken aback and shook his head.

"That's because they are all heroes, and that's because what they do is to make every woman willing to entrust her heart to them!! And they are people who can entrust their lives!" Du Guxie said.

In this way, there were two more girls in Li Tian's team, Miss Duanmuying, and that girl Xiaohuan.

Chapter 792: Restart

The road has to go step by step!

The trip of the Duanmu family is finally over.

Although this business was thrilling for Li Tian and the others, it turned out to be good.

Not only did Li Tian get the antidote for his Sanshengmen poison, but he also unexpectedly got the help of a mysterious expert. Not only did he now learn the supreme mental formula, but he also knew that his next step was to break through life and death. Xuanmen!

I heard Duguxie and the ghost servant say that if a person wants to break through the profound door of life and death, there will be great danger, but Li Tian feels that the more dangerous he is, the more he has to test himself...because he remembers that mysterious expert came. Some words spoken to him when he left. A person can only be truly reborn in death.

So he wants to be born again, he wants to change his two arms back...

Now there are Duanmuying and that Xiaohuan in his team. Although Li Tian is afraid of the conflict between Duanmuying and Situ Ningbing, judging from the current state, the two seem not to say how far apart they are. .

The brothers are also happy and happy.

Finally helped the little boss get the antidote to Sanshengmen poison.

Perhaps the only two people who are worried about the future journey are that: Duguxie, and there are ghost servants!

Although Li Tian has been able to turn bad luck into good luck and meet nobles... but what about in the future?

Now Duguxie and the ghost servants already know that many demon heads have already been born... Not only that, even the Hell Gate of the terrorist organization that once had blood feuds with them more than 20 years ago has reappeared.

How dangerous will the road in the future be? Don't think they both know.

So they worry about Li Tian.

"Miss...I think that Miss Situ is very good! She is also very beautiful." Following Li Tian, they walked towards the small ring outside of the Wild Wolf Valley, blinking their mellow eyes and looking at the front Situ Ningbing. Say.

Listening to her own girl complimenting that Situ Ningbing, Duanmuying was full of fire.

"What are you talking about? You die girl!"

Xiaohuan, who was scolded by her own lady, suddenly felt that she had made a mistake, and quickly closed her mouth.

"You tell me, I compare her, who is beautiful? Who is better?" Duanmuying suddenly lowered her voice and asked her girl there.

Girl Xiaohuan suddenly stiffened when she heard this from her lady.

Said embarrassingly: "Miss...I can't compare it!"

"You are stupid! Don't you even know how to watch it?"

"You said, compared to Situ Ningbing, who is the two of us beautiful? Who is better?" Duanmuying asked her girl reluctantly.

As soon as her eldest temperament came up, no one could hold her back!

So Xiaohuan at this meeting could only look at Situ Ningbing who was walking in front of him in embarrassment... Then he looked at the beautiful lady next to her... Depressed and said, "Miss... I dare not say anything. !"

"I dare not say anything! Tell me, I won't eat you..." Duanmuying was slightly angry, staring at Xiaohuan.

Xiaohuan heard what the eldest lady said, and finally thought about it helplessly: "Miss...Then I can say it, I have to say it, you must not be angry with me."

"Go ahead!"

"Yeah! I think if it's just about beauty... you two are evenly divided... both are beautiful... She has her arrogant beauty, miss you, you have your charming beauty... So I don't think this can compare. But in terms of who is good and who is bad, I think you are not as gentle as Miss Situ!"

As soon as Xiaohuan said it, Duan Kio squeezed Xiaohuan's arm vigorously.

Xiaohuan was suddenly twisted and yelled... his face was aggrieved.

"Bad girl, why am I not being gentle... This lady doesn't want to be gentle, if I become gentle and scare you to death! Do you know?" Duanmuying said with her red lips pouting, she looked pretentious Both hate and love.

Xiaohuan had long been accustomed to the "torture" of this pretty eldest lady, and smiled helplessly and said, "I know! Miss is the gentlest person in the world! Hehe!"

"Stop my flattering...huh!" Duanmuying also laughed.

"Actually, you don't know, that Situ Ningbing is no better than me, she is not gentle..." Duanmuying suddenly looked at Situ Ningbing walking in front and said.

Xiaohuan was taken aback for a moment, then blinked her round eyes and said, "Why do you say that, Miss?"

"You don't know her, let me tell you, that woman was a killer before, even worse than me..." Duanmuying said.

Duanmuying still remembers the time she spent with the previous Situ Ningbing... When that Situ Ningbing became cold and beautiful, she really felt scared sometimes, so Duanmuying would say that.

When Na Xiaohuan heard Duanmuying say this, she was obviously shocked: "Huh? Is she a killer?"

"What do you think!"

"Huh, so I said, she is not gentle! She is colder than me, more poisonous than me... So don't be confused by her surface..." Duanmuying reminded her girl.

Xiaohuan nodded slightly if he knew something: "Oh! Miss, I know!"

The master and servant in the back were saying this, while Li Tian in front was walking with the brothers.

Soon, when it was almost noon, they had already left the bottom of the Wolf Valley.

And what is coming is the bustling city!

Standing above the Wild Wolf Valley, looking at the once glorious Duanmu family, Duanmuying's eyes were slightly red!

After all, she has lived there for so many years...After all, there are so many people she knows there... But now? Everything has become a cloud of the past... Everything has become a ruin!

Those who were familiar with before are dead... missing...

Only a pile of tile ash remained, and her eyes became ruddy when she thought about Duanmuying.

And the girl Xiaohuan beside her cried even more.

She was originally a weak girl. She has followed Duanmu Ying since she was a child... and she rarely goes out of the Wild Wolf Valley... She knows very little about the outside world of flowers and flowers... She only knows that she is with her young lady. Make her happy, make her happy,

now that she is suddenly leaving the place where she has been living for so long, of course she is a little bit lost in her heart... a little sad.

Li Tian and his brothers standing in front looked at the two girls, not only feeling pity.

I saw Li Tian slowly walking over, looking at Duanmuying and the little ring road and said: "Let's go... don't think about it, everything has passed... I believe tomorrow should be your brand new day!"

Duanmuying and Xiaohuan didn't speak. After looking at the direction of the Duanmu family reluctantly, the two slowly turned around, and then left here with Li Tian and others!

After leaving the Wild Wolf Valley, Li Tian and his brothers finally returned to the big city after a long absence!

Everything has to start again!

Jinghai City, in this prosperous metropolis, is still busy.

The dj sound filled with depraved music rang throughout the street, and skyscrapers resembled ferocious beasts, revealing the breath of a steel city.

Those pedestrians who come and go with bags and talking on the phone are busy doing their lives little by little.

From a distance, I saw two awesome vehicles driving far away like Jaguar.

The first is the ground ferry, known as the Grancabrio Maserati, the queen of the ground.

The red car led the way like a sharp arrow, followed by 4 black domineering bentleys!

In a metropolis like Jinghai, there are not without such luxury cars, but it is rare that 5 luxury cars with a value of nearly ten million like today drive on the highway together.

At the very least, the passing vehicles have begun to give way.

But seeing these five priceless luxury cars finally stopped in the most important villa group in the golden zone of Jinghai City.

Look carefully at this villa area...

The villa area of the Ouyang family!

Yes, with such an arrogant aura, the Ouyang family, the best of the four families, can possess the ability to cover the sky with one hand in Jinghai City.

After five luxury cars rolled into the Ouyang family's villas, they drove quickly towards the inside.

After arriving in front of the largest villa of the Ouyang family, he slowly stopped.

I saw the front red Grand Grancabrio Maserati, the first car door opened.

After the car door was opened, two slender legs appeared from inside...

Those two legs were slender and attractive. As the two beautiful legs were revealed, she was then seen walking out of the Grancabrio Maserati.

A small professional suit with a waist fit highlights her almost perfect figure to the fullest, where the protruding area is convex and the area that should be warped is warped.

If you just look at her body, you will imagine how \*\*\*\* she should be... a black professional short skirt with a pair of fuchsia high heels underneath, she is simply the goddess in a man's mind!

Looking at her exquisite face again, it is beautiful and heartbreaking.

People only look far away but dare not go near.

A pair of black glasses slung on the bridge of her straight nose...makes her look even more beautiful, her black hair is draped over her shoulders, and she smells of gilo perfume.

She is Ouyang Shiqing!

A woman who was noble to the bones, a beautiful woman who was almost heartbreaking, but when she got out of the car, her pretty face looked a little tired, as if she had gone out to do something big.

However, after Ouyang Shiqing got out of the car, the cars behind them also walked down. Several members of the Ouyang family in suits followed her vigorously.

Ouyang Shiqing turned around and walked into the mansion.

"Dad...I'm back!"

With a soft cry, she saw that Ouyang Shiqing had walked in quickly from the outside, followed by a few strong men in black suits.

Inside the luxurious hall, but seeing the Patriarch of the Ouyang family, Ouyang Zhengtian was chatting with someone next to him, and when he saw his daughter walk in, he slightly waved to that person.

"You go down first... the contract, I'll talk about it then!"

When the man heard Patriarch Ouyang say this, he nodded quickly, then took another look at Ouyang Shiqing and then quickly retreated.

Only their father and daughter were left in the hall at this moment.

"Shiqing, how is the investigation?" After Ouyang Zhengtian turned his face, he looked at Ouyang Shiqing and asked, as if there was something extremely important.

But seeing that Ouyang Shiqing gently held her black glasses on the bridge of her nose with her hand, and then said: "Dad, I have arranged for the corpse of Feng Lao to be sent to Kunlun Mountain!"

"It's just that you can see from the corpse... Feng Lao was killed with a sword! And it was an extremely thin sword... Not only that, we also found that Feng Lao had other serious injuries on his body. The back part was shattered by a strong palm... and the deadly sword seemed to be added later!" Ouyang Shiqing said word by word.

There was a little sadness in the words.

Old wind?

Feng Lao's body?

What they were talking about was the old Kunlun man, Feng Qingzi, who was killed by the ecstasy of the \*\*\*\* gate in the wilderness and the drunkard and Ouyang Longyan!

Yes!

It turned out that three days ago, the police found the old corpse in the wilderness, and then posted a missing person notice, and it was broadcast continuously on major TV stations.

When the Ouyang family suddenly discovered that the poster was actually Kunlun Fengqingzi, they were all stunned.

Especially, Mr. Ouyang, who is best to follow the trend, Qingzi, is really furious.

He has not slept for two days and two nights after hearing that his old friend of many years had been killed in the wilderness.

Ouyang Zhengtian is worried about his father's safety, isn't this? Only then sent all the family members to track down the mastermind murderer Feng Qingzi killed.

But so far they haven't found it!

Now they have sent Feng Qingzi's corpse back to Kunlun Mountain in a safe and secure way. They did not think that the predecessor of the first generation: Xuanmen Fengqingzi would end up like this.

Having said that, when Ouyang Shiqing said how Feng always died, Ouyang Zhengtian's face became gloomy, and at the same time, he could see from his eyes that there was a deep feeling in his heart. Uncomfortable.

"Hey!!"

"Who is so vicious who wants to harm Feng Lao!" Ouyang Zhengtian roared and slammed a fist on a wooden chair next to him.

The wind is so old, and this time he came out of Kunlun and didn't provoke anyone. Why, why would anyone harm the old man?

The current Ouyang family doesn't know all this!

So they are angry, they are angry.

"Dad, I think it must be a powerful person who killed Feng Lao... Otherwise, with Feng Lao's strength, ordinary people would definitely not be able to kill him!" Ouyang Shiqing said slightly.

From the corpse of Feng Qingzi, Ouyang Shiqing observed that although Feng Lao died under the sword, she could still see that the last sword was only a redundant one, because Feng Lao was here. Prior to this, the back was hit by a vicious palm, and that palm had already shook Feng Qingzi's entire heart pulse. Even if the sword was not repaired at the end, Feng Qingzi would be killed by the palm of his back... ..So Ouyang Shiqing feels that the opponent is definitely a master of masters!

Chapter 794: Consoling old man

When Ouyang Shiqing said this, Ouyang Zhengtian's expression became extremely difficult to look.

"Feng Lao is also a well-known figure... the person who can break his heartbeat from behind with a palm is indeed a master of masters! It's just that I really don't understand, what kind of character is actually against Feng Lao? Such a poisonous hand! And what are they doing... to kill such an old man!"

Ouyang Shiqing also stood blankly on the side.

After a long time, Ouyang Shiqing slowly raised her beautiful eyes and looked at her father and said, "Dad, how is Grandpa? Still not eating or drinking?"

Ouyang Zhengtian sighed.

"The old man hasn't eaten for more than two days, no one said he won't eat."

"You know that Feng is always your grandfather's best friend... Now Feng Lao is suddenly murdered by an adulterer... Of course the old man is heartbroken!" Ouyang Zhengtian said helplessly.

Ouyang Shiqing thought for a while and said, "Well, let me see Grandpa!"

Ouyang Zhengtian thought for a while, and the granddaughter that the old man loved most in the past, so he nodded.

"Alright! Go and persuade your grandpa... to make him take care of his health... and eat something!"

"Yeah!" Ouyang Shiqing nodded, then turned and left the hall in front of her, and walked quickly towards the old mansion at the back of the Ouyang family.

Since the news of Feng Qingzi's murder reached Old Man Ouyang's ears, Old Man Ouyang hadn't been out for several days and nights.

And no one is seen.

The old man Ouyang who had been meditating on Buddhism became irritable and fierce in an instant. At the same time, he felt deeply guilty for the death of Feng Lao.

When Feng Lao decided to leave the Ouyang family, why didn't he send someone to send Feng Lao? Why let him go back alone?

If someone was sent to protect Feng Lao back to Kunlun, would Feng Qingzi not die?

For all of this, the old man Ouyang turned into a deep regret and punishment for himself.

He has not eaten for two days and nights.

I locked myself in that old mansion all day, and no one was allowed in.

At this time, when Ouyang Shiqing came to this old man's old mansion, she saw the family members standing at the door at a glance.

When the members guarding the door of the old man's room saw Ouyang Shiqing, they all called respectfully: Miss!

"How's the old man?" Ouyang Shiqing asked the guards in front of her slightly.

The guards suddenly showed ugly expressions on their faces, and said silently, "Master still doesn't eat or drink... Don't let us go in alone!"

"I see!" Ouyang Shiqing nodded.

"You should withdraw first!" Ouyang Shiqing said again.

When the members in suits at the door heard Ouyang Shiqing say this, they all stepped back one by one.

After they retreated, Ouyang Shiqing glanced at the bronze-colored door that was tightly closed, then sighed softly, raised his delicate hand and slightly pushed the door open.

After pushing away, but seeing that the dead leaves in the courtyard have fallen all over the ground...

Ouyang Shiqing walked gently towards the middle house.

"Get out of here...no one is allowed to come in!"

As soon as Ouyang Shiqing took two steps, he suddenly heard an old roar from inside... the voice revealed a sense of sadness and anger.

Ouyang Shiqing was shocked when she heard her grandfather's anger, but still stood there.

"Grandpa...it's me! It's me who came to see you!" she shouted while standing in the courtyard.

I heard that it was my most distressed granddaughter. There was no sound in the dark room...

After a few seconds of silence, suddenly a rickety figure slowly walked out of the room.

It's him!

It was the old man who used to eat tea, Ouyang Wujiang!

It's just that the current old man Ouyang and the old old man Ouyang look like two people...

Because it can be clearly seen that his gray hair is more... and his rickety back is getting more and more curved... as if he was getting older in two days.

His twin-dragon eyes are still covered with scarlet bloodshot eyes...The wrinkled face also has many wrinkles from the vicissitudes of life.

Ouyang Shiqing felt a pain in her heart when she saw that her grandfather was so old all of a sudden.

"grandfather....."

Ouyang Shiqing screamed and ran towards her grandfather.

But seeing the old man Ouyang also holding his most distressed granddaughter tightly, he muttered: "Girl, why are you here...?"

"Grandpa, I want to see your old man...I miss you!" Ouyang Shiqing said coquettishly there.

Old man Ouyang gave a bleak smile.

"Grandpa, why don't you eat or drink? Why do you want to torture yourself?" Ouyang Shiqing looked at him and said.

But seeing the old man Ouyang sighed deeply, at the same time a silent sorrow appeared on his face.

"Girl! Grandpa is old... Grandpa is useless... Grandpa didn't even protect his best old friend... He was killed by an adulterer! Grandpa was useless..." Grandpa Ouyang said suddenly in pain .

Then Ouyang Shiqing quickly comforted the old man and said, "Grandpa, this is not your responsibility! Really!"

"Feng Lao's death, to be honest, we are all very sad, but it's really not your responsibility, Grandpa..."

"It's true that Grandpa, I have checked the body of Senior Feng... His body was killed by an expert! And there is definitely more than one person..." Ouyang Shiqing said to Grandpa there.

When Ouyang Wujiang heard the murder of Feng Qingzi's murderer, a vicious and violent air suddenly appeared all over his body.

Sen Han's murderous aura was revealed in his eyes, and he roared: "No matter who it is this time who killed Feng Lao... I must let him pay for it!"

"Grandpa, don't worry! We will definitely find out the murderer who murdered Senior Feng!" Ouyang Shiqing said.

Old man Ouyang looked at the sky outside, and he felt sorry when he thought of the old man.

"Grandpa, you can eat something... It's really bad for your health if you don't eat or drink like this!"

"I'll get you some of your favorite steamed fish, okay?" Ouyang Shiqing said there.

But listening to the old man Ouyang shook his head slightly.

"Girl, Grandpa doesn't want to eat... Grandpa is not hungry!"

"How can it work? Grandpa, you can take good care of your health only if you eat. In that case, you can take revenge with the old man, don't you think? If you don't eat or drink, once your body is over... ..Then who will avenge Feng Lao?"

Chapter 795: Worried about Li Tian

Listening to the words of his granddaughter, Father Ouyang finally chose to compromise.

"it is good!"

"I listen to you girl!" Father Ouyang agreed.

Of course Ouyang Shiqing was extremely happy to hear that her grandfather finally had something to eat.

So Ouyang Shiqing hurriedly ran outside and ordered his servant to cook the two vegetarian dishes that Mr. Ouyang liked the most, as well as a portion of steamed fish.

Father Ouyang hadn't eaten for two days and nights, so he was obviously hungry!

Looking at her most respected grandfather while eating, Ouyang Shiqing was standing there smiling.

While eating, the old man turned his head and asked Ouyang Shiqing in front of him: "Girl, I haven't asked you about something..."

Ouyang Shiqing was taken aback for a moment, blinking beautiful eyes and looking at the old man Ouyang in front of him and asked, "What's the matter? Grandpa."

"About that Li Tian." A word came out of the mouth of the old man Ouyang.

Li Tian?

After Ouyang Shiqing heard Li Tian's name, her heart became a little choked in an instant.

An awkward look appeared on his face for an instant, and he said: "Grandpa... why did you suddenly talk about him?"

It has only been a few days since Li Tian left, but I don't know why, but Ouyang Shiqing seems to have passed for a long time...as if she would miss Li Tian deeply if she didn't see Li Tian for a day.

But sometimes, she would hesitate. She didn't know if he would think of himself when she was thinking of him. After all, there is already such a beautiful woman beside him...with such a person who loves him.

I saw that after Ouyang Shiqing said that with an embarrassing expression, the old man Ouyang lifted Long Jiong's eyes slightly to look at his granddaughter's eyes, and slowly said: "Girl, do you like the surname Li? Boy?"

"No...no..." Ouyang Shiqing didn't expect her grandpa would say this suddenly, and her pretty face suddenly turned red and shy.

Although she said no, deep down in her heart? That old man Ouyang has been in the rivers and lakes for so many years, how can he not even see this little daughter.

At this moment, he smiled and said: "Girl, like is like, there is nothing wrong with that!"

"In front of Grandpa, it doesn't matter, just say what you have!" Ouyang Wujiang said with a smile.

Ouyang Shiqingqiao blushed, lowered his head, and said nothing.

After a while, I heard Ouyang Shiqing slowly say: "Actually...actually...I think others are good!"

"Yes! That kid has a nice heart... and nothing bad!"

"Hey! I'm only afraid of one thing!" Father Ouyang suddenly sighed.

When Ouyang Shiqing heard her grandfather suddenly say this, she was stunned and asked: "Grandpa, what's the matter? What are you afraid of?"

"I'm afraid of his identity!" Father Ouyang suddenly raised his eyes and said with a long voice.

"Identity? What do you mean?" Ouyang Shiqing said in a puzzled way.

"Do you know who Li Tian is? Do you know why the famous evil sword Duguxie, who has been attacking the situation more than 20 years ago, and the shadow ghost servants will call him the young master one by one?" Old man Ouyang Suddenly said.

When it comes to this, Ouyang Shiqing is indeed depressed!

Because for her, she really didn't know.

To be honest, she was also curious about these issues at the time, but for her family as a girl, she didn't care about Li Tian's identity, she only cared about Li Tian's person.

Hearing what his grandfather said at this moment, Ouyang Shiqing not only asked in surprise: "Grandpa, to be honest, I really don't know Li Tian's identity...but he seems to have told me before that he is in a remote area. Grew up in the small county town of... and seems to be an orphan...no father and no mother!"

Ouyang Shiqing is telling the truth, Li Tian was indeed an orphan before!

Grew up in the remote Liaocheng,

But what about Mr. Ouyang? After hearing what Shiqing said, he burst into laughter.

"Girl, who said he has no father and no mother?"

"He told me himself!" Ouyang Shiqing said suspiciously.

Father Ouyang smiled.

"It seems that this kid really doesn't know many things, but he must know it now. I believe Duguxie and the ghost servant should have told him a long time ago." Old man Ouyang said slightly.

"Grandpa, what's going on? Could it be that Li Tian was lying to me?" Ouyang Shi asked inexplicably.

"No, no, he didn't lie to you!"

"That's because there are so many things that he doesn't even know." Old man Ouyang said slowly.

"I'm telling you, that child's father and mother are incredible characters! Once his life experience is said...I Ouyang Wujiang can't guarantee anything else, but I can definitely guarantee that it will definitely cause chaos in the world!" Say.

what?

Hearing what his grandfather said so serious, Ouyang Shiqing in front of him was suddenly stunned.

"How could this be? Grandpa, why do you say that?" Ouyang Shiqing asked, worried about Li Tian there.

I just listened to Old Man Ouyang continuing to say: "Girl, let me tell you... Li Tian's father, do you know who it is? He is a figure who once had the legend of the evil \*\*\*\* on the rivers and lakes... More than twenty years ago, the name of the evil \*\*\*\* was early It has overshadowed the four major families, and they are all famous internationally..."

"That legendary character is the only one with the most talented person Ouyang Wujiang I have ever seen in my life! It is also the most powerful and terrifying person..." Old man Ouyang murmured with praise in his voice. .

Ouyang Shiqing had never heard her grandfather compliment a person like this before, and she didn't expect to compliment a person like this today. Not only was she stunned.

"It's just that he is too mad... he is too powerful... he never puts anyone in his eyes! How many masters in the world were defeated by him more than 20 years ago... he was humiliated by him!"

Although all of this he It's an unintentional fault, but girl, you have to know that this person has lived all his life for the sake of face and glory...So when the world's masters are defeated by him, they will hate him! I hate him from the bottom of my heart, I can't wait for him dead!"

"So much so that the most shocking murder happened on that night more than 20 years ago!" Father Ouyang suddenly sighed.

Of course, Ouyang Shiqing deeply understands what her grandpa said.

Many people can kill for the sake of face, and can do nothing, especially those who are famous...Thinking that those who are famous are defeated by evil gods, they will naturally hate them.

"Grandpa, do you mean that Li Tian's father Cthulhu was killed more than 20 years ago?" Ouyang Shiqing suddenly asked in surprise.

Old man Ouyang shook his head slightly.

"No!"

Chapter 796: The only one who can help Li Tian

"In fact, this has always been the biggest question on the rivers and lakes... No one knows whether the evil \*\*\*\* died that night, and no one knows what happened that night... But the only thing I know is that night at the very least. No less than fifty masters besieged the evil god, and they are fifty extremely masters..."

Listening to Grandpa's words, Ouyang Shiqing was completely shocked there.

My God, so many people besieged Li Tian's father? why? Why are those people so cruel? Why do those people treat him like this?

"But, I don't think the evil \*\*\*\* died that night!" Father Ouyang said suddenly.

"Why? Grandpa, why do you say that?" Ouyang Shi asked inexplicably.

"Because that night, Li Tian had just passed his 2nd birthday, and he was still in his infancy...If the Cthulhu really died, then Li Tian would definitely die too! Those people will definitely not leave behind the Cthulhu... ...Will never leave alive...Li Tian is still alive now, and still alive in the remote Liaocheng, so I don't think the Cthulhu will die! It must have not died back then!"

"What about now? Where did Li Tian's father go? Why didn't you come to Li Tian?" Ouyang Shiqing asked curiously.

The old man laughed haha.

"I don't know!"

"Hey... Twenty years, it's been twenty years... I thought these long-standing characters were all overwhelmed by the mundane things... I didn't expect Duguxie and ghost servants in twenty years. Renew the arena... and also found the descendants of the evil god!"

"If the old man didn't guess wrong, the world will start from this time, the demons will dance in a wild, the world will be in chaos... Many demon heads will be born again!" Father Ouyang suddenly said in his voice worried.

Ouyang Shiqing heard the grandfather say this and asked: "Grandpa, is it all because of Li Tian? Because Li Tian is the son of a famous evil god?"

"Yes!"

"So, girl, do you know? Why do I worry about him, that's why!"

"How many demons his father defeated more than 20 years ago...how many masters in the world...the hatred of those people towards his father is so deep! I hope to kill his whole family...It's a pity that the evil \*\*\*\*\* is alive. , They don't have that ability, and now more than 20 years have passed, and the evil \*\*\*\*\* has disappeared...If they know that the descendants of the evil \*\*\*\*\* are still alive, can you say they can trouble Li Tian?"

After Master Ouyang analyzed this way, Ouyang Shiqing was stunned for an instant.

"Doesn't that mean that Li Tian will be in great danger in the future?" Ouyang Shiqing suddenly worried about the one she loved.

Ouyang Wujiang sighed deeply: "Not bad!"

"I am also worried about him because of this..."

"And it's not just that... Now there is also a terrorist organization that has existed mysteriously more than 20 years ago... It is the gate of hell, and the people on the Internet in that organization are all masters in the world... They are also now Dealing with Li Tian... hey... the world is changing, and now he can only ask for more blessings."

Listening to what her grandfather said, Ouyang Shiqing only now knows how much danger her loved one will face next.

Although Ouyang Shiqing has always liked Li Tian, she never thought that Li Tian was about to endure so much trouble...so many dangerous things, she couldn't help but feel pain in her heart when she thought of this.

"What should I do? Grandpa, isn't Li Tian going to be dangerous every step of the way?"

"Who can help him? Who can help him?"

Old man Ouyang wrinkled his old face deeply, thought about it, and said slightly: "The only one who can save him now and who can help him, there must be only one person!"

"A person? Who? Who can help Li Tian?" Ouyang Shiqing asked quickly.

"His pro-grandfather!" A word suddenly came out of Old Man Ouyang's mouth.

Grandpa?

Who is Li Tian's grandfather?

Ouyang Shiqing not only looked at her grandfather questioningly.

"His grandfather is an incredible figure! He is the commander-in-chief of the North China Field Military Command, Mu Yunlong, who is known as the Iron-faced Commander!"

The chief of the North China Field Army? Mu Yunlong?

Good deed, Li Tian's grandpa is so amazing!

Hearing Ouyang Shiqing here was also shocked.

No wonder his grandfather said that his grandpa could help Li Tian. It turned out that his grandpa was the commander-in-chief of the North China Field Army.

The North China Field Army has always been the most courageous military region in the Central Plains. Together with the Liaoshen Military Region, the Pingjin Military Region, and the Huai Navy Region, they are called the four major military regions.

As the commander-in-chief of the North China Field Army, Mu Yunlong is extremely tough.

In the North China Field Army, everyone knows the glorious history of Mu Yunlong. He was a figure who crawled out of the dead in the Yue battle...

So if Li Tian could really have his grandfather blessed, it is estimated that few people would dare to move him.

Ouyang Shiqing finally relaxed when her grandfather said this.

"Such words, as long as Li Tian's grandfather can help him, no one will dare to trouble him!" Ouyang Shiqing said with joy.

"Well! According to reason, it should be like this!"

"It's just that I'm afraid that his grandpa will deny him! Don't help him." He just listened to the old man Ouyang suddenly said.

what?

"Grandpa, why did you say that? Why would his pro-maternal guild not recognize Li Tian?" Ouyang Shiqing originally thought that Li Tian can be helped, and she relaxed a little, but she did not expect her grandpa to say such a sentence.

I just listened to Old Man Ouyang saying slightly: "Girl, you all know too little about these dusty past events!"

"Hey, I think about Li Tian's mother and his father's union... Actually, do you know how many ups and downs it went through? The evil \*\*\*\* had a bad reputation back then... He was so arrogant and too arrogant that he never looked at anyone Inside... so even the black and white people hate him!"

"Of course it also includes Li Tian's grandfather... that iron-faced commander in chief, Mu Yunlong!"

"Mu Yunlong's biggest regret in this life is that he married his precious daughter to the Cthulhu, because if it were not for the Cthulhu, his precious daughter would not disappear. He has been missing for twenty years, and now his daughter is dead. Live, he doesn't know yet! So Mu Yunlong hates...hates Li Tian's father...hates himself for agreeing to marry his daughter to Li Tian's father!"

"So I don't know if the current General Mu is still hating Li Tian's father... If he still hates... He will definitely not help Li Tian." Father Ouyang said slightly.

"But, Li Tian is his grandson after all? How could he not help?" Ouyang Shiqing is really hard to understand.

I only heard Old Man Ouyang shook his head and said, "How else could he be called the Commander of the Iron Mask... Hey..."

## Chapter 797: Looking for Cthulhu

Listening to his grandfather's words, the Ouyang poetry in front of him was not only deeply worried for Li Tian.

How could this be? Why did Li Tian return to such a bumpy road?

As Mr. Ouyang said, now that Li Tian's identity has been known, the world will soon dance the demons around. By then, those masters who have been offended by Li Tian's father will definitely put the account on Li Tian. If that is the case, then The trouble is big.

I thought Li Tian could count on his pro-grandfather to help, but what does it look like now?

Hope is very small!

How should the road go? What should I do in the future? Presumably only he Li Tian knew about it.

Situ Ningbing looked at the gloomy sky outside without words, and Li Tian's desolate back gradually emerged in her mind... Gradually, a heartache that she had never experienced before rose in her heart gradually.

On the busy streets of Jinghai City, two taxis slowly stopped in front of a hotel.

After the two taxis stopped, the waiter at the entrance of the hotel hurried to meet them.

After opening the car door, I was about to say hello with a smile, but when I saw a scary man wearing a ghost mask walking down, his face suddenly changed color and he couldn't help backing...At the same time, I couldn't help but secretly line up: Mom, this guy What is it for? Wear a face mask during the day to be scary!

But he said that the man wearing the grimace mask was of course not someone else. It was the ghost servant who had just come out of the wolf valley. When he saw that waiter showed that look, the ghost servant gave a cold snort.

After the ghost servant got out of the car, the indifferent Duguxie behind him also gradually got out of the car.

After that, Li Tian and his brothers, and Situ Ningbing also slowly got off the other car.

When the waiter in that hotel saw Li Tian and the others getting off the car, he not only glanced at the ghost servant again...then he dared not speak timidly.

Li Tian and his brothers didn't bother to take care of the waiter, and walked towards the interior of the hotel with strides.

The girl Xiaohuan, who had been living in the Wild Wolf Valley before, was obviously a little strange when she first entered Jinghai City. She blinked her mellow eyes while looking at the hotel building in front of her, and muttered, "It's so tall. So grand..."

"Miss... the outside world is so fun!" Xiaohuan said excitedly.

Duanmu Yingliu in front of her eyebrows squinted, and Xiaohuan glared fiercely: "Really? Do you like it very much?"

Xiaohuan listened to her own lady's voice with a different smell, and quickly closed her mouth, but she opened a pair of round eyes and looked around curiously.

"Several bosses... please here!" The waiter in front said to Li Tian and the others with a smile.

Li Tian and his brothers walked over to the counter.

Standing at the front counter was a girl with a delicate face, her hair slightly tucked, and a gentle smile appeared on her face when she saw Li Tian and others approaching.

But when she suddenly saw the ghost servant, she also showed a surprised and scared look.

But it was broad daylight after all, although she was shocked in her heart: Is the guy wearing the grimace mask a neurotic... But she calmly said to Li Tian and others, "How many rooms are the bosses going to open?"

Li Tian looked at his brother beside him, then smiled and said, "Let's open 5 rooms first!"

The waiter smiled, then asked for some relevant documents from Li Tian and others, and then gave the key to the room to Li Tian and others.

"Please take the elevator here!" the waiter said politely.

Li Tian and the others quickly walked towards the elevator.

The room they live in is on the 6th floor.

As soon as they left Li Tian, the waiter's expression changed: "What is this group of people doing? Is it weird to be so strange during the day?"

"I think it's a pervert!" another waiter said disdainfully.

Fortunately, their words were not heard by the ghost servant. It is estimated that if they heard the words, they would suffer.

After the brothers quickly went up to the sixth floor, they simply arranged the living situation. Among them, Situ Ningbing was alone, Xiaohuan and her lady Duanmuying had a room, and the ghost servant and Dugu The evil is also one, and the rest is the brothers and Li Tian.

After the brothers simply settled down, they finally returned to real urban life.

Now they come back from the Wild Wolf Valley, they all just want to take a good rest. The experience of the past few days makes them really tired...they are so tired that they hardly even have a rest!

So the brothers in this society quickly settled down on their own beds and fell asleep.

Li Tian also gradually rested because he was very tired.

When the brothers are resting, maybe the only two who are not sleeping are Duguxie and the ghost servant.

The two of them lived in a standard suite.

But Duguxie, who saw this meeting, has always had a gloomy face since entering Jinghai City, and now he is sitting on the side in a dull place.

The ghost servant also sat down quietly, glanced at the window with sharp eyes, and then slowly turned his eyes around.

"Second brother...what shall we do next?" Ghost servant asked suddenly.

Yes, the current Duanmu family matter has been completely resolved! What should they do for the remaining next step?

I saw Duguxie on one side with a calm face. After thinking about it, he suddenly said, "I want to find the trace of Big Brother!"

Looking for the trace of Big Brother? Looking for Cthulhu?

The ghost servant was taken aback, and then a surprised look appeared in his eyes.

"Second brother, did you really decide to find your eldest brother?" Ghost servant asked happily.

Duguxie nodded silently.

"Yes! This trip to the Wild Wolf Valley, you must have seen it too... Many demon heads have reappeared... and the gate of \*\*\*\* has been secretly against us! Now the young master's arm is still that. It looks like...so I am worried! I am worried about the safety of Young Master!"

"So I think the only person in this world who can protect the young master's safety is our big brother and only the young master's father!" Du Guxie said.

In fact, what he said is pretty good. For example, although it looks peaceful today, the real danger has just arrived. Now Li Tian himself can't protect himself at all. If Duguxie and ghost servants are alone to protect him, once they meet If you are a real expert, you will probably have no time to take care of Li Tian... In case something unexpected happens to Li Tian, they will regret it for a lifetime!

Chapter 798: Who is she?

Therefore, the Duguxie of this society finally made up his mind to find the evil \*\*\*\* who had been missing for more than 20 years! That is Li Tian's father.

"But, second brother... we have been searching for big brother for so many years... we haven't found any clues to big brother... now how do we find?" Only the ghost servant asked suspiciously.

Duguxie thought for a while, raised his eyes and said: "We used to search aimlessly because we didn't see Young Master! Now I see Young Master...I think I know where to find it. "

When Duguxie said this, the ghost servant was obviously startled.

Quickly asked, "Second brother, do you know where to find it?"

Duguxie said: "Look for it from the first place!"

"The original place? What do you mean?" Ghost servant asked curiously.

"I mean to find it from the original place where the young master came!"

"Ghost servant, think about it, if the eldest brother was not taken down by the master of the gate of \*\*\*\* twenty years ago... he must have sent the young master to a safe place, and this place is where our young master stayed since childhood. The place."

"So I think that if you follow the young master back to the original place, you must be able to find some clues!" said Duguxie.

What he said is not wrong at all!

Twenty years, for a full twenty years, to be honest, sometimes even Duguxie doubted whether the Cthulhu was really dead... But when he saw Li Tian, he was stunned! From that time, he knew in his heart that he had hope...because when the evil \*\*\*\* was fighting against the masters in the gate of \*\*\*\* twenty years ago, he was still holding the infant Li Tian in his arms... if the evil \*\*\*\* was there. If he died that night, Li Tian in the swaddling clothes would definitely die! The masked masters in the \*\*\*\* gate will never let go of the descendants of Cthulhu!

But what was unexpected was that Li Tian was still alive, and he had lived steadily in that remote town for more than 20 years... So Du Guxie felt that his eldest brother was definitely not dead! It will definitely not die! Maybe the person who sent Li Tian to that remote place back then was the Cthulhu himself... Maybe it was.

"Second brother, what do you mean is that it was our elder brother who sent the young master to such a remote place himself... in order to protect the young master?" the ghost servant said in shock.

Duguxie thought for a while and said, "I think it should be!"

"It's just that I'm not sure...I think everything, Young Master should know!"

"Young Master knows?" The ghost servant said in surprise.

"Yes! As long as we ask what was the name of the orphanage he lived in back then... and who discovered the young master back then, I must be able to find some clues." Duguxie said.

"Second brother is right! It seems that as long as we can get to the orphanage where the young master used to be in childhood, we must really be able to ask something."

"Well, that's the decision! After the young master wakes up, we two will ask him!"

After making this decision, the two slowly lay down quietly to one side of each other.

It seems that they are really planning to go to the small remote county where Li Tian came out to find clues.

Li Tian, Tang Xiaolong and Ah Qiu lived in the same room.

Tang Xiaolong snored like a pig when he was asleep, almost like thunder.

And that Ah Qiu is extremely quiet lying there quietly...

Where is Li Tian over here? At the beginning, there was not much sleepiness, but after all, he didn't sleep much in the past two days, and finally got sleepy, so he slowly fell asleep!

Not knowing how long he slept, suddenly a strange dream appeared in his mind.

Is that dream...or that dream.

It's a weird dream that I have been having since I was a child!

In his dream, he saw endless fires... Among those raging fires, he saw a tall and burly man with blood stains on his body... He was standing in the flames with a sword in one hand... There are also enemies rushing towards him...

He is holding a long sword, standing in the blood, looking like a \*\*\*\* of murder! As if he was the only person in the whole sky and earth,

The sound of killing, screaming, and the sound of burning fire all filled Li Tian's ears.

Li Tian couldn't see exactly who the man who held the sword in the flames was, but he could see his heroic spirit... and the heroic spirit of his life!

Li Tian was in a dream, looking at everything in front of him, he wanted to shout more, wanted to ask who the man standing in front of the fire was... wanted to go up and help... but he didn't know why, he shouted no There was a sound... He wanted to run over but found that he was so weak...

He could only put his voice in his throat and screamed... watching the man in the fire desperately resisting.

He is like a god, a \*\*\*\*\* who can never be defeated. The enemies around him rushed up, and fell down one after another. He was covered with blood all over his body... The blood had already filled his whole body, but he But still did not fall!

Suddenly, drops of tears flowed out of his eye sockets inexplicably... He felt that his eye sockets were moist, why would I cry? Why did I cry for a moment when I saw that man? Maybe even Li Tian didn't know all of this.

"My God..."

"Tianer... remember to take care of yourself! Remember to take care of yourself!"

Suddenly a gentle voice rang in his ears in the dream... That voice was so beautiful and so beautiful! He is also the best voice Li Tian has heard in his life,

Who is she?

Who is calling his own heaven in such a sweet and loving voice? Why is the voice so kind?

But just after the sound rang, red blood suddenly appeared in front of him...the blood instantly filled his eyes...red...red blood...

Those terrifying and hideous blood all poured toward him.

Ah screamed, and suddenly screamed out of his mouth.

Then Li Tian suddenly woke up from the bed. After waking up, Li Tian realized that everything was a dream again! A dream exactly the same as before, except that this dream is slightly different from the previous one. It is the last loving, beautiful woman's voice...

Who is she? Why does she call herself Tianer so affectionately?

Is she her own?

Suddenly a strange idea suddenly rose from the depths of Li Tian's heart.

Chapter 799: Practice

At the moment when Li Tian was awakened by his cranky thoughts, Tang Xiaolong and A Qiu over there heard Li Tian's scream and quickly got up from the Simmons bed.

"What happened to the little boss?" Tang Xiaolong hurried over and looked at Li Tiandao with a worried expression.

Then Ah Qiu walked over quickly, looking at Li Tian, who was covered in cold sweat.

"Little boss, why are you all in a cold sweat? Have you had a nightmare?" Tang Xiaolong couldn't help asking as he looked at Li Tian with sweaty face in front of him.

Only then did Li Tian signal that his palm, forehead, and shirt he was wearing had all been wetted by his cold sweat!

I saw Li Tian lifted his arm and gently wiped the sweat on his face, then nodded slightly: "Hmm! I did have a nightmare!"

"What nightmare? It scared you like this?" Tang Xiaolong couldn't help asking curiously.

Li Tian didn't want to say it, but shook his head slightly: "Nothing... Don't worry, I'm fine!"

Then Tang Xiaolong and Ah Qiu looked at Li Tian worriedly, only to hear Tang Xiaolong say: "Little boss, don't think about it...you haven't had a good rest these days...I think maybe it's because you are too tired. That's why I have a nightmare!"

Li Tian smiled faintly and nodded at the brothers: "Maybe!"

"Hurry up and go to sleep...I'm fine!"

Hearing Li Tian said that he was okay, Tang Xiaolong and Ah Qiu returned to their bed.

At this moment, Li Tian wiped the sweat from his forehead and slowly lay down on the bed again... But after lying down this time, he couldn't sleep anymore!

The strange dream just now appeared in my mind... why? Why did I start having this weird dream since I was young? And who is the domineering man in the dream? Why do you feel so cordial when you see him? Why did I shed tears when I saw him covered in blood... And who was that gentle and loving beautiful voice just now?

All of this has become a mystery in my heart!

Li Tian sometimes fantasized... Could it be that the two people in his dream are his mother? And father?

Could it be them?

But when he thinks of this, Li Tian feels heartache inexplicably...because he has never seen his parents since he started to remember! He has lived in that lonely orphanage since he was a child...Since he was a child, he thought he had no father and no mother!

After meeting Duguxie and telling his parents the truth, Li Tian once thought about hating them... But later thinking about him still hurts! After all, how can his own son really resent his parents? How can parents not love their children?

So Li Tian still wanted to find his parents!

In this way, with endless heartache and all the doubts, Li Tian quietly lay on the bed tossing and turning, unable to sleep.

He wanted to get himself a good night's sleep, but as long as he came down, the strange dream just now appeared in his mind... so Li Tian was depressed.

But suddenly he thought of another thing!

That is the nameless mental formula taught to him by that mysterious senior!

I remember that in the earliest days when Li Tian practiced the nameless mind mantra, he would completely calm down...At this moment, in order to stop himself from thinking about it, Li Tian began to recall the mind mantra in his mind... ..

After Li Tian devoted himself to the mental formula, a slight cold air suddenly surged up in his dantian.

When he suddenly felt this cold air, Li Tian was stunned!

Could this be the cold air that the mysterious senior said?

He still remembered that the mysterious senior expert told him that once the body was able to gather the cold energy, he could use this cold energy to open the body's life and death profound door? Li Tianli couldn't care much about this thought, so he began to concentrate his energy!

Slowly guided by the formulas, the cold air in his abdomen gradually spread all over his body, like a cold current injected. After the cold air injected, his body began to inexplicably evaporate. , The blood in the whole body also began to expand rapidly... as if all the muscles and bones of the whole body were relieved.

In this way, he meditated back and forth silently on the mental formulas in his heart... Suddenly, there was a slight tingling in the center of his chest. At first, the tingling was not very obvious, but the body After the cold current became stronger and stronger, his chest gradually began to feel tingling, and not only that, but even the lower part of his dantian began to feel tingling...

The pain is getting stronger and stronger, just like a needle stick!

After Li Tian felt the tingling pain, he hurriedly meditated on his mind to accumulate the cold air in his body... didn't dare to release it into his body at will... At the same time, he also fell silent.

"What's going on?" He suddenly became surprised.

"Why do I suddenly feel such pain in my chest? And even the abdomen is so tingling? And the pain is so strange?"

"Could it be that these two places are the life and death doors of the human body?"

Yes, because Li Tian's hastily extradition touched the life gate and death gate in his body... Once touched, his body will have piercing pain.

After Li Tian thought this way in horror, he was suddenly shocked.

No wonder Duguxie told herself not to try to break through the profound gate of life and death, because in that case, she would definitely be in danger. Li Tian then thought about the piercing pain in the two places he had just now. After thinking about it, he stopped.

So he didn't dare to guide the cold air in his body anymore, but began to concentrate on practicing the nameless mind.

After starting to practice the mental formula, he found that the mental formula was extremely profound... and the more he practiced it, the more incredible it became! It's so incredible that it can be combined with the strength of the first Tian Shu Dan scroll that Li Tian practiced!

It seemed that this mental method was used to guide the Tianshu Danju that Li Tian had previously practiced.

When he felt this, Li Tian practiced frantically...Crazy specializing in his own mental mantra, and this mental mantra gradually integrated all the strength of the Tianshu Danjuan that Li Tian had previously cultivated. Here we are!

Just like this...I don't know how long it took...He has been addicted to it!

Time passed quietly like that... and he was still cultivating indulged in it.

Chapter 800: Strength becomes stronger

When the early morning sun rose the next day, the ghost servant and Duguxie walked out of the room.

The two of them decided yesterday, they have to talk to Li Tian quickly today, because they want to quickly find the evil \*\*\*\* who has been missing for more than 20 years.

Isn't this? The two people now opened the door and walked towards Li Tian's room.

When the ghost servants and Du Guxie gently pushed open the door of Li Tianfang, they were stunned!

Because all the brothers, including Situ Ningbing and Duanmuying, are here...and they are all here quietly...no one speaks loudly, on the contrary, their eyes are full of horror. Looking at someone there,

That is Li Tian!

What's going on?

Why are everyone's expressions so strange?

When Duguxie and the ghost servant were wondering, the two of them couldn't help turning their heads and looking at them, but saw that Li Tianzheng was sitting still on the bed.

Crossed his hands on his chest, sitting cross-legged, the action looks extremely weird...More importantly, his face became red all over, as if the fire was roasting him... and it was even more shocking. The shocking thing was that his whole body was faintly emitting white steam...Those steam came out little by little from the top and back of his head.

What is going on? What is Li Tian doing?

It turned out that when Tang Xiaolong and Ah Qiu woke up early in the morning, they saw Li Tian look like this. The two of them were shocked right now, but they didn't know what Li Tian was doing? So the two of them didn't dare to provoke Li Tian... They didn't even dare to speak loudly, and hurried to find the brothers. No, when all the brothers came over, they were all stunned. No one knew Li Tian was there. doing what?

"Oh my God! What the \*\*\*\* is the little boss doing?" Tang Xiaolong whispered suddenly in shock.

Looking at the white gas steaming from Li Tian's body, he was puzzled and worried for Li Tian.

"When did this happen?" Situ Ningbing looked worriedly at Tang Xiaolong and Aqiu who lived in the same room with Li Tian!

The two of them were suddenly depressed, because even they didn't know when Li Tian became like this!

No, Tang Xiaolong shook his head depressed, and said with a bitter face, "I...I don't know!"

Situ Ningbing beside him sighed suddenly.

"Wake him up and ask him, don't you know?" Duanmuying on the other side suddenly said!

"Do not!"

"No!" Suddenly Duguxie said with a calm face.

When the brothers, Tang Xiaolong and others saw the arrival of Duguxie and the ghost servant, they suddenly felt like they had found a savior.

"Master, Senior Dugu...you are here..."

"Come and see, what's going on with Little Boss? Why is there such a strange situation on his body?" Just listen to Tang Xiaolong's quick words.

The brothers in front of them all gave up a way, letting the ghost servant and Duguxie slowly walk over.

But after Duguxie and the ghost servant came over, that Duguxie's sharp eyes suddenly brightened.

"What a powerful technique!" A weird word suddenly came out of Duguxie's mouth.

what?

Exercises?

"Senior Dugu, what do you mean? Do you mean that our little boss is practicing?" Tang Xiaolong couldn't help but curiously asked.

"Yes! Young Master is indeed practicing the exercises!" Du Guxie said silently.

"Moreover, it is a superior martial arts mental method. Although I can't see what the young master is cultivating... But it can flow through the muscles and veins all over the body, and the Qi can go out. This level of kung fu is definitely not something ordinary people can practice!" Du Guxie's voice He said that with a sense of comfort.

Hearing Duguxie's words like this, the brothers were worried about Li Tian's safety, and suddenly they were relieved.

"Scared me! I thought it was the little boss because of the nightmare last night... which led to this situation... It turns out that the little boss is practicing Kung Fu!" Tang Xiaolong sighed slightly, and said slightly. Say.

"The young master had a nightmare last night?" Du Guxie and the ghost servant asked, frowning.

Tang Xiaolong said truthfully: "Yes! In the middle of the night, the little boss suddenly woke up from his sleep. Although we don't know what nightmares the little boss had, I think it should be quite scary...because of the little boss's complexion. It was extremely ugly at the time, and the whole body was completely wet with cold sweat..."

"Nightmare?" After hearing Tang Xiaolong's words, Duguxie and the ghost servant looked at each other in doubt, and then looked at Li Tian.

Although the two of them were puzzled, they still thought about it and said, "Let's go out first, don't disturb the young master!"

"The most taboo thing when practicing is interference... so let's go outside and wait for him first!" Du Guxie said there.

The brothers nodded one by one, and then all walked out.

Outside, the brothers were standing on the corridor and talking, and there was only Li Tian who was still practicing attentively... Now he has reached a state of selflessness! The whole mind has been merged into one with his practice...

"Second brother, Young Master's strength is getting stronger and stronger!" The ghost servant on the corridor outside suddenly said with satisfaction.

A smile finally appeared on Duguxie's cold bronze face.

"Yes!"

"Young Master's hands have been abolished, and it is really rare that such a miracle can happen now... it surprised me too much!" said Duguxie.

He has traveled north and south for so many years, and he has indeed never seen a person who can increase his skill to such a level in such a short period of time... and it is still in the case of Li Tian's arms being destroyed!

You have to know that people who practice until the whole body is dredged, and those who go out of qi are already considered masters!

But how could Li Tian be able to cultivate to such a situation in such a short time?

Did Duguxie never fight Li Tian before, he knew Li Tian's strength...

Even if Li Tian was taught the unknown mind mantra by that mysterious expert...but that mind mantra has only been taught for less than ten days now...how can his skill be achieved in such a short time? Such a rapid improvement?

Of course, the Duguxie and the ghost servant in front of them would not know the strange things that happened to Li Tian.

That's because the mental method Li Tian cultivated was precisely to guide the first-level zhenqi of the Tianshu Danjuan he had previously practiced in his body, that is, those tadpoles,
