

## **Read Picked a Killer as My Wife PAKAMW**

### **Chapter 8: The farther you are from me, the better**

But he said that after the drug lord's voice said "Forget it", the man in the suit over there stopped.

What about Wang Qiang? He was already unable to get up on the ground at this moment, and tears fell from his aching body, but he did not dare to say a word.

"Dear folks and elders, we are here today just to find someone. If that elder sees such a person, then this wad of money belongs to him."

As Xiao Du said so, he smiled and took out a wad of 100 yuan bills from his arms.

At a glance, this wad of money is at least several thousand yuan.

When the neighbors in the neighborhood saw that the other party was such a rich master, they couldn't help but be stunned.

Among them, some people who are greedy for money hurriedly asked, "Who are you looking for? If we find it for you, do you really give us your money?"

"Yes, is the money given or not?"

...

Those neighbours in the neighborhood were all talking there.

Even Li Tian couldn't help being jealous when he saw the wad of 100 yuan bills.

"Nima, if I tell you, would the thousands of dollars really be given to me?" Li Tian wondered.

The drug heroes and the red-haired men over there heard their talking voices, and only listened to the red-haired fierce man with big eyes and said fiercely, "Of course we speak, what is the broken money?" If you can find the person we are looking for, let alone the money, we will give you twice as much."

The neighbours in the neighbourhood who heard the red-haired hunk say this suddenly became excited. Some people said that if you want money, you don't want your life.

"Then who do you want to find?"

"Yeah, who are you looking for."

Neighbors in the neighborhood were talking excitedly, as if the wad of money had already been put in their pockets.

This Liaocheng was originally small. It only took an hour to walk from west to east of Liaocheng. Can you imagine that such a small city can hide people? How could these people who live in Liaocheng all the year find it?

"Look for a woman about 20 years old, wearing a black leather jacket, looking very beautiful, and sick." Only listen to Xiao Du said in that gloomy voice.

As his voice uttered, the neighbors in the neighborhood said, "Speaking counts, as long as she is in Liaocheng, we will find 10,000% for you."

Looking at these neighbours who regarded money as fate, the gangster smiled.

"Chihu, it seems we will find her soon." He turned to face the red-haired man and said.

That long hunk like Luohan has a veritable name, Chihu.

Chihu widened his eyes and said.

And what about Li Tian at this time? Has quickly ran towards his room.

He didn't look at the few people from unknown origins, and didn't care about the neighbours who saw the money, but walked straight to his small room.

I kept wondering: "Who are these people? Why are you looking for her?"

"Is it an enemy?" Li Tian wondered.

While pondering, he quickly walked towards his home.

After returning, Li Tian quickly closed the small iron door, turned his head and almost sat on the ground with a scared "Mom".

It turned out that the mysterious woman was sober, and she was sitting on the bed in a daze, staring at him coldly.

"Are you afraid of me?" The mysterious woman suddenly looked at Li Tian and said coldly.

Li Tian patted his thumping heart, and said there, "Can you not be afraid? You guy is like a ghost. You suddenly got up and suddenly fainted."

Li Tian said and sat down next to him.

I glanced at her and said, "How are you? What should I do if I was so injured?"

When the woman heard Li Tian say this, she seemed to be cared for for the first time, and she was slightly startled, "I am poisoned!"

"I'll just say it, it's probably poisoned." Li Tiandao said.

"By the way, how could you be poisoned?" Li Tian asked in confusion.

Who knows that when a woman said that she turned her face, she turned her face and said coldly, "You better not ask if you shouldn't."

Seeing the mysterious woman suddenly said fiercely, Li Tian frowned secretly: Damn, why is this woman's face gloomy while her face is clear?

"Can you do me a favor?" The woman suddenly looked at Li Tian and said.

Li Tian was taken aback for a moment, looked at the mysterious woman in front of him, and said, "What is busy?"

"Can you book me a ticket to Kyoto?"

Hearing the word ticket, Li Tian almost vented.

"Air tickets?"

"What's the matter?" The woman looked at Li Tian and asked.

"Beauty, don't be funny, this is Liaocheng, Liaocheng where the birds don't shit, the airport? We don't even drive to the railway station sometimes. How can you book a plane ticket?" Li Tian said.

After Li Tian said this all of a sudden, the woman suddenly showed disappointment in her eyes, and she muttered in her heart: "Is it true that I will be trapped and die here?"

"What's wrong with you?" Li Tian asked, looking at the mysterious woman with a disappointment in her eyes suddenly.

"Is it because of your injury?"

The woman didn't speak, she threw her autumn eyes out the window and glanced at it.

Turning his head and looking at Li Tian, he said, "No matter what, I have to thank you for saving me this time, but I tell you the truth, you'd better stay as far away as possible from me, otherwise you will face a great deal. Danger."

Seeing this mysterious woman suddenly say this, Li Tian suddenly became puzzled.

"Is it because of those people who are looking for you?" Li Tian asked smartly.

The mysterious woman glanced at Li Tian, without nodding or shaking her head.

"Don't worry, how can I, Li Tiantangtang, a big master, let you go? Although those people are looking for you now, you can rest assured, I promise not to say anything."

"Even if you don't speak out, they will find me." The woman's voice suddenly said coldly.

Li Tian felt that what the woman said was right. Liao Cheng is so small that it is okay for this Tibetan to stay here for a day or two days alone. If it is said that the time to hide is really long, it is impossible.

"I want to ask, what the \*\*\*\* is going on with that group of people? Why are we afraid of them?" Li Tian asked.

As soon as she exited, she saw a woman's face suddenly cold.

"You shut up, I tell you, you'd better stay as far as possible from me now, otherwise I will kill you first." The woman suddenly looked at Li Tian with murderous expression.
