

A Killer 80

Chapter 80: Beaten

In more than two hours, Li Tian didn't know where he was.

When the heavy rain slowly stopped, he suddenly realized that he had reached a place he didn't recognize at all.

He was soaked and looked like a duck that just came out of the water. Walking on such a street has undoubtedly become a hot spot for everyone to laugh and watch.

Those people looked at this with curious eyes, Li Tian, who was like a fool on the street and didn't know how to hide from the rain, was pointing there.

Li Tian subconsciously quickly turned his face hot, and quickly walked forward.

Although he lowered his head as much as possible, he still could see that this block was quite prosperous, much more prosperous than the block of Tang's enterprise where he had stayed before.

And he found that there were a lot of women in this place, and one of them was more prettier than the other, standing in the doorways with lights and wine.

Of course he would not notice that he was in the "Nine Districts".

It turned out that Li Tian, who had been walking for more than two hours, unknowingly reached the nine districts, the most prosperous neighborhood in Kyoto, and of course the most chaotic neighborhood.

And this neighborhood with the most women? It is the famous red light district in the Ninth District.

The women here are charming and charming. You can do it for 300 yuan each time. Of course, there are also high-end ones. If the woman in the previous room named (Guangdong Club) wants to sleep, at least it will cost 1,000.

Li Tian, who had been in Kyoto for less than a month, certainly didn't know what these women were selling, let alone what it meant to be looking at him with delicate eyes.

After two laps, Li Tian suddenly felt that these nine districts are really not suitable for him, because it is so prosperous. He has a month's security salary in his pocket and adds up to only 2,000 yuan. He estimated that he would rent one here. The houses are not enough.

So Li Tian was very depressed, he was about to turn around and leave here.

Just as he was about to turn around and leave this block, suddenly there was a yelling sound in front of him.

"Damn, catch that **** for me."

"Hit him."

When the sound came out, Li Tian was taken aback for a moment and turned to look.

But seeing a man covered in blood rushing out of a high-end clubhouse, the suit he was wearing had been torn apart.

Running towards Li Tian desperately.

And what about the back? Three young men in black clothes chased after him.

One of them also held a glass wine bottle in his hand.

fight?

Li Tianyi didn't look right, so he hurried to hide from the side. He didn't want this thing to mix with him, but when he was hiding to the side, the guy covered in blood ran towards him in a daze.

Li Tian was shocked and wanted to retreat. Unfortunately, the blood-covered guy ran too fast, and immediately grabbed Li Tian's shoulders with both hands.

Only then did Li Tian see his face clearly, he was 23-24 years old, his face was bruised, his body was full of alcohol, and his eyes were bloodshot.

"Help me, help me." The man grabbed Li Tian's shoulder and shouted.

A strong alcohol squirted from his mouth, making Li Tian startled slightly.

Subconsciously Li Tian shook off the man in front of him.

"What are you doing?" Li Tian backed away in shock.

The man who seemed to be drunk was thrown away by Li Tian and fell to the ground.

Then the three guys behind followed ferociously, punching and kicking the drunk who fell to the ground.

Fighting and cursing: "You fucking, dare to run?"

"court death!"

"Beat me, beat me to death, grandma's, dare you come to our clubhouse to eat the king's meal, are you **** looking for death?"

The three young men yelled at the guy while punching and kicking.

The beaten guy held his head in his hands, curled up, and screamed on the ground.

What about Li Tian? Standing next to him was completely stunned. Hearing the curses of those people, Li Tian suddenly understood what happened?

It turns out that this guy who was beaten in his 20s was eating Bawang's meal? Presumably these people should be waiters in that club or something.

Seeing how the guy was beaten, Li Tian was a little unbearable to tell the truth, but seeing the evil appearance of the three opponents, Li Tian also did not dare to step forward to stop it, and could only stand there.

It was only after the three young men beat up the guy severely.

"Fuck, dare to show up in the Ninth District in the future, we see you once and beat you once." The three young men said fiercely.

The 20-something guy who was beaten fell to the ground without saying a word or screaming, but with his hands tightly guarding his head.

After the three young men had finished fighting, they were considered to be deflated, turning their heads slightly to look at Li Tian standing next to him with a voice of anger, and glaring at Li Tian fiercely: "Damn, what are you looking at?"

Li Tian heard the voices of the three, and did not want to cause trouble, stepped back.

The three people turned around and walked back cursingly towards the clubhouse where they had just ran out.

After they left, Li Tian slowly walked forward and looked at the guy who fell on the ground.

"Hey, are you okay?"

Li Tian curiously asked the guy lying on the ground.

To be honest, the kid was beaten not lightly, the blood stains all over his body, and even the suit he was wearing were torn to pieces.

At the moment when Li Tian asked curiously, the guy slowly raised his head and glanced at Li Tian with his bloodshot eyes.

Then he turned his head and looked at the disappearing shadows of the three guys who had just hit him. A Guru actually got up from the ground again.

Li Tian was depressed right now. He originally thought that this kid was being beaten in an unnatural manner. Who knows, judging from the posture where he just got up, he actually seemed to be all right.

The man with some bruises on his face and blood on the corners of his mouth, after he got up, he slapped the dirty water all over his body with a cool hand, and then used the **** one. He brushed his hair, then looked at Li Tian.

Li Tian's brows furrowed, and he said, what is this guy's background? He was beaten up like this, and he was still in the mood to fix his hair and clothes.

"Damn, isn't it just a meal? As for chasing this far?" The man whispered while turning around.

After speaking, he slowly cast his eyes to Li Tian.

Only then did Li Tian see his face clearly. A 178 cm tall man with broad shoulders and a pair of piercing eyes on his sharply contoured face, but at the moment, his eyes are covered with bloodshot eyes, like a few It's like not sleeping for days and nights.

If he hadn't been bloodied at the moment, he looked like he was definitely a handsome man in the blink of an eye, and he revealed a distinctive temperament. When he stood up, Li Tian would Can feel it.
