

A Killer 811

Chapter 811 Abandoned Station

But he said that Tang Xiaolong didn't believe Li Tian and that the driver was a little anxious.

"Two gentlemen, I can tell you that everything I say is true!"

"If you don't believe it, you can find someone to inquire about it... You can ask them, is the Liaotang Expressway still open to traffic?" The driver said to Tang Xiaolong, his expression serious as if what he said was all true same.

Li Tian listened to the driver and said so, he was taken aback for a moment, and he looked at the driver's serious expression, and couldn't help but lining up in his heart: Hey, is this driver still saying the truth?

Could it be said that something strange happened on the Liaotang Expressway?

But Tang Xiaolong obviously didn't believe it. He smiled and said, "Oh, I'm going... even if the Liaotang Expressway is closed to traffic... That doesn't necessarily mean there is something dirty, right? Oh, yes, you just What is the dirty thing?"

Listening to Tang Xiaolong's words, the driver seemed a little impatient.

Tao said: "I can tell you...I'm telling the truth!"

"That road is really evil...really problematic..."

Listening to the driver in front of him, Tang Xiaolong chuckled and asked: "Then tell us, what is the problem? What is the problem with a broken road?"

The driver blinked his eyes and said, "I'm missing!"

"What's missing?"

"The people who drove down that road... all disappeared somehow!"

"And not just one person, but many people have disappeared on the Liaotang Expressway!"

"So you know... Many people are now rumored that there is something dirty on that highway..."

After Li Tian and Tang Xiaolong heard the driver say this all of a sudden, they were slightly startled, and then Tang Xiaolong burst into laughter.

"I'll take it... Brother, don't you make a joke?"

"Listen to what you mean, maybe there are ghosts on that highway! Haha!" How can Tang Xiaolong believe the driver's gibberish.

Even when Li Tian heard the driver say so, he couldn't help but frowned and thought to himself: How is it possible?

How could something so outrageous?

The driver saw Li Tian and Tang Xiaolong not believing, so he had no choice but to sigh: "Well, I have already told you anyway... Do you believe it or not!"

"Also, the bus station you are looking for is now desolate... It's not far away... Do you want to go? If you want to go, I will pull you over!" The driver said there.

Listening to the driver's words, Li Tian nodded: "Let's go, pull us over!"

After Li Tian said this, the driver stopped talking to Li Tian and Tang Xiaolong... with his head dull, he drove towards the front of the car.

On the way, Tang Xiaolong only found it funny... What kind of society is Nima, and there are still people who believe in the legend of gods and ghosts like dirty things... Is Nima kidding?

As for Li Tian, he also felt a little unreliable! Although the driver's expression was serious, and when he got up to say this, he appeared to be stern, but Li Tian couldn't believe that there really were any foreign spirits in this world...

Damn it!

Isn't this? The driver in front quickly drove Li Tian and Tang Xiaolong to the block in front, and then drove toward the bus station as soon as the car turned.

The huge bus station in the past really seemed extremely desolate.

The only thing I can see is a few dim light bulbs glowing slightly...

The car stopped when it was at the entrance of the bus station.

"Here! It's here... This place used to be the bus station leading to Liaocheng City!" The driver said to Li Tian and the others.

Li Tian and Tang Xiaolong glanced at the station in front of them, then took out the fare money from their pockets and walked out of the car vigorously.

"Hey....."

"What I told you is the truth...you do it yourself!" The driver finally pushed his head out of the car window and said to Li Tian and the others.

After saying that, he drove away quickly!

Listening to the words of the driver just now, Tang Xiaolong couldn't help laughing.

"Nima, little boss, now you see that everyone in this society really has..."

"Jing Ai nonsense!"

Tang Xiaolong murmured while lighting a cigarette over there.

What about Li Tian? It was looking at the abandoned bus station in front of him.

A slight cool breeze blew over from the aisle, and it hit the person with a cold feeling.

Turning his eyes to the deserted bus station, he not only felt a chill!

Really ruined!

Why is this bus station really deserted?

Li Tian frowned and walked forward, Tang Xiaolong with a cigarette in his mouth, followed up in the same way. After the two walked to the front, they saw the front platform read Beitang Liaocheng!

After seeing the writing on these platforms, Li Tian was stunned!

"It turned out to be true? The car from Beitang City to Liaocheng is really blocked?"

Li Tian was depressed all of a sudden. He thought that the driver said those words to them was a joke... But he didn't expect that all of this turned out to be true.

"Wipe, what's the matter with the little boss? Could it be that the car from Beitang City to Liaocheng is really blocked?" Tang Xiaolong muttered with a puff of smoke from his mouth.

Li Tian didn't speak, and frowned and walked forward.

After he got to the front, he really saw the cars parked in the station ahead!

These buses are obviously the buses that were originally bound for Liaocheng... but now they are all parked here, and judging from the mottled marks on the buses, they have obviously not been driven for a long time.

Looking at these long-parked vehicles, Li Tian was suddenly depressed.

Why is this happening? Why didn't these buses to Liaocheng City leave? What happened?

A bad premonition suddenly surged from the depths of Li Tian's heart.

Tang Xiaolong on one side was also depressed.

"Grandma's... I didn't expect that what the driver just said was true... The bus from Beitang City to Liaocheng really stopped..."

"Little boss, what can I do?" Tang Xiaolong frowned and asked.

Listening to Tang Xiaolong saying this, Li Tian was also depressed!

There is no car leading to Liao City, what should I do?

"Why don't you find a private car?" Li Tian thought about it at last.

"Well, that's the only way! Since there is no bus to Liao City, we can only take a taxi or rent a private car to Liao City! It costs more money." Tang Xiaolong also said.

Chapter 812

Now Li Tian can only do this.

Living people can't let the urine be suffocated. Since this bus is blocked, they have to find other cars!

As long as you have money, are you still afraid that no one will take them to Liaocheng?

After thinking this way, Li Tian and the others plan to go back!

When I was about to go back, in the dark place in front, there was a crying cry suddenly...

This crying voice looked sad...pathetic.

When Li Tian and Tang Xiaolong heard the cry all of a sudden, both of them were taken aback.

"There seems to be someone in front of this bus station!" Tang Xiaolong muttered.

Li Tian also frowned slightly: "Go, go over and take a look."

The two people who were talking walked to the front to see what was going on in front of them and why someone was crying here at night.

As the two people walked past, they saw the flames ahead at first sight...

It turned out to be a person burning paper there!

The incense paper used by the folk is burned!

Look at that person again. He was an uncle who was about 4050 years old. He was burning these Ming papers while crying secretly.

Li Tian and Tang Xiaolong couldn't help being taken aback after seeing such a strange thing.

"Uncle, what's the matter with you?" Li Tian couldn't help but slowly walked to the front with curiosity and couldn't help asking, and Tang Xiaolong followed suit.

The uncle who was burning Mingzhi and weeping, after hearing the sound, looked startled, slowly raised the eyes of the dim eyes of tears, and looked at Li Tian and the others.

"I'm burning paper... don't you see it?" The uncle seemed impatient.

"Burning paper, why did you burn paper here at night?" Tang Xiaolong couldn't help but ask curiously.

"What? Who ruled that I can't burn paper at night..."

"Is it wrong for me to burn some paper money for my son?" The uncle's eyes flushed all of a sudden, looking at Tang Xiaolong as if to eat people.

I didn't expect that Tang Xiaolong's words would arouse such a big reaction from this uncle, which made Li Tian and Tang Xiaolong feel extremely strange.

"Forget it, Xiaolong, let's go!" Li Tian thought for a while and said.

He can feel the hostility of that uncle...so it is inconvenient to stay here and say.

Although Tang Xiaolong was angry, he didn't need to care about so much with an elderly person. At this moment, he nodded slightly and said, "Yeah!"

So Li Tian and Tang Xiaolong turned around and left.

It's just that Li Tian is curious...Why did that uncle burn paper at this bus station just now? And he heard that he would burn paper for his son? Could it be that his son is dead?

Just as Li Tian and Tang Xiaolong were about to leave this disused bus station, from the side, an old janitor wrapped in a large military coat walked out from there.

When I saw Li Tian and Tang Xiaolong, I couldn't help being slightly taken aback.

"What do you two do? Why do you get here so late?" The old man wrapped in military coats asked Li Tian vigilantly, while holding a flashlight to illuminate them...

Li Tian and Tang Xiaolong said immediately: "We are here to find a car!"

"Looking for a car? Don't you know that this bus station has been out of service for a long time... It's really inexplicable!" The old man wrapped in a military coat stared and said, obviously he felt that Li Tian and Tang Xiaolong came here at night like this , Not a good person.

I saw Li Tian smiled slightly and said, "Oh! To be honest, this is the first time we have come here... I don't know the situation here!"

"Oh, that's it!" The old man wrapped in a military coat said oh.

"This bus station has been out of service for a long time...so you should go!" He only heard the old man shrinking his neck and muttering there, while turning around and preparing to leave!

"Uncle, please ask you something!" Li Tian suddenly stepped forward and said two steps.

The old man who was about to leave, turned his head slightly to look at Li Tiandao and said, "What is it?"

"I want to ask, why has the bus from Beitang to Liaocheng stopped?" Li Tian couldn't help but ask curiously.

The old man wrapped in a military coat frowned slightly after hearing Li Tian say this: "You really just arrived in Beitang City?"

"Well, yes!" Li Tiandao said.

The old man blinked his bright eyes twice and said, "Oh... then no wonder you don't know!"

"Know what?" Li Tian asked curiously.

He only heard the old man wrapped in a military coat sigh slightly and said, "Hey... many people are missing on the Liaotang Expressway!"

All of a sudden, I heard the old man speak and said: When many people were missing on the Liaotang Expressway, Li Tian and Tang Xiaolong were all shocked there!

Missing?

Missing again?

Could it be that what the driver who drove them over was true?

At this moment, Li Tian felt more and more weird about this matter, and asked, "Old man, what is going on? How can anyone disappear for no reason?"

"Who knows!"

"Hey! Since last year, more than 20 people have been missing...These more than 20 people have been driving through the Liaotang Expressway...There are no people in sight..."

"The police have been investigating clues for almost a year... but they have never found out what happened to the missing people, and up to now, no one has been found... even the car they drove. !"

When the old doorman in front of him said these words, Li Tian and Tang Xiaolong were really shocked there.

They only now know that what the driver who brought them just now said was not a joke, but a genuine truth.

"The official was afraid that someone would disappear inexplicably...so that road was suspended...hey! No one dared to drive off that road anymore." The old man wrapped in a military coat continued. Say.

"Old man, how could this be? Why did those people disappear inexplicably? Haven't the police found any clues yet?" Li Tian asked strangely.

The old man murmured, "Check? If only they can find out!"

"Did you see the guy who burned paper just now? His son disappeared when he drove past there last year... Now he comes here to burn paper every day... Crazy!" The old man wrapped in a military coat pointed to just now The position of the old man who burned the paper said there.

When Li Tian and Tang Xiaolong heard that, he was depressed.

How could this be?

How could there be more than 20 people missing on an inexplicable highway in just one year? And so far, the police haven't found any clues? : What happened?

Could it be that there is really something dirty on that highway?

Chapter 813: Ghost in White

After listening to the words of the old man watching the gate, Li Tian and Tang Xiaolong were completely shocked.

The two of them who had never believed in this "evil" thing, but after hearing the words of the old man at the door, they both acted a little confused.

is true? Still fake? Neither of them can tell at the moment.

Just listen to the old doorman in front of you continuing to say to them both: "In fact, do you know why all those people are missing?"

"Why?" Li Tian blinked his eyes to know the truth, Tang Xiaolong on one side also stared at the old man at the door with his eyes widened.

Just listen to the old man at the door saying slightly, "That's because...the ghost in white!"

what?

"Female ghost in white?"

All of a sudden, Li Tian and Tang Xiaolong almost laughed when they heard the old man at the door mysteriously saying these four words. In the current society, there are still people who believe in the existence of ghosts? Of course they want to be small.

"Old man, are you kidding?" Tang Xiaolong asked with a smile.

The old man at the door tightened his hand in the military coat wrapped around him, then glared at Tang Xiaolong and said, "Do you think I am joking?"

"What I told you is true! Believe it or not."

"The old man, tell us what happened to the female ghost in white clothes?" Li Tian frowned and looked at the old man and asked.

He just listened to the old janitor in front of him, blinked his eyes and looked around, then said nervously, "Do you really want to hear?"

"Yes! Of course I did!" Li Tiandao said.

"Okay! Then I'll tell you... Actually, the thing about the ghost in white clothes is a ghost story that we circulate here... It is said that when the Liaotang Expressway was built, construction workers used to be by a bridge. A female corpse was dug up nearby...The female corpse didn't know what happened. It had been dead for many years, but when it was dug out, the white clothes on her body still didn't rot."

"Don't you think it is strange, a dead body has been dead for many years, even the bones have been withered, but the white clothes on his body are intact..." The old janitor blinked his eyes.

When Li Tian and Tang Xiaolong heard that, he was taken aback.

how is this possible?

How could such a weird thing happen?

"So from that time, everyone felt that something was wrong... and the police and forensic doctors were called. When the forensic doctor's appraisal report came out, it said that this woman has been dead for nearly 20 years, but the female body The clothes on the top didn't rot, but the forensic doctor couldn't find out..."

"Why did you find out that the female corpse died there?" Li Tian couldn't help asking curiously.

The old man who looked at the gate thought for a while and said, "It seems to have committed suicide... As for how he died, I don't know this."

"oh, I see."

Ok!

The old man at the gate continued: "Although the corpse was in a lot of trouble at the time, it was quickly forgotten...The female corpse was burned...and then buried there. Near Liaotang Expressway..."

After listening to the old man at the door saying this, Li Tian asked suspiciously, "Old man, even if the female corpse that was dug up was a bit weird, it can't prove that the people of these missing persons are related to the female ghost in white. Relationship?"

The old man at the door said: "You don't know this!"

"Actually, all this was done by the ghost in white!"

"why?"

"Because the missing people are all bewildered by her...all are fascinated by her..."

"Whoever dared to drive across that highway at night...who would see a mysterious woman in white standing on the side of the road beckoning to you...if you stop...she will get in your car...and ask You take her home... and then she will disappear inexplicably."

When the old man said so again, Li Tian and Tang Xiaolong both frowned deeply.

They felt that what the old man at the door said was a bit mysterious... The mysterious made them both think that the old man was telling a story.

After listening to Li Tian and Tang Xiaolong, they thought about it. Li Tiandao said, "The old man, is there anyone driving through the Liaotang Expressway now?"

"Who dares?"

"Who is stupid, I am not afraid of death!" The old man said angrily.

When Li Tian heard the old man in front of him say this, he was suddenly depressed!

He wasn't worried about the female ghost in white clothes. He just wanted to leave Beitang City to Liaocheng...

But now I heard this old man say that no one dared to drive through the Liaotang Expressway anymore, what can I do? How can I get to Liaocheng with my brothers?

"Why? Do you still want to take that ghostly highway?" The old man wrapped in a military coat blinked suspiciously at Li Tian and Tang Xiaolong and said.

Li Tian said the truth: "It's true... we really want to go to Liaocheng in a hurry!"

Listening to what Li Tian said, the old janitor suddenly said: "Boy, don't blame my old man for not reminding you...Don't drive through that Liaotang highway...or else...you will regret it too late. regret!"

"Okay, what's the matter, I've told you all, so you can do it yourself, it's not early, I will close the door."

The old man was going to drive Li Tian and the others away.

Although Li Tian still had a lot of questions in their hearts, they didn't ask too much after thinking about it... So they nodded and led Tang Xiaolong out of the bus station.

After the two walked out, Li Tian frowned depressed.

"Little boss, do you think what the old man said is reliable? White-robed female ghost? Why do I think he is telling a story?" Tang Xiaolong muttered.

Li Tian also frowned and shook his head slightly.

"I'm not sure!"

"But more than 20 people have disappeared for no reason on the Liaotang Expressway... This thing is really suspicious... How can you think about how a good person can suddenly disappear on that road? And the police for so long. No clues were found." Li Tian blinked his eyes and said... Obviously everything he experienced today has become curious in his mind.

Tang Xiaolong walked and said in his mouth: "This...this...I don't know.

"Forget it, let's go back first! I'll talk about it after we get home." Li Tian thought about it and said.

Tang Xiaolong who was behind nodded and quickly followed, and the two of them went back to the hotel.

Chapter 814: Decide

After Li Tian and Tang Xiaolong took a taxi and quickly returned to the rented hotel, the brothers were already waiting for them in the hotel.

When they saw the two of them coming back, the old monster Ge looked at Li Tian and Tang Xiaolong with a smile, and asked, "How about? Did you find the car? Can we get to Liaocheng tomorrow?"

At this moment, everyone's eyes are also on Li Tian and Tang Xiaolong.

"Find a fart!" A frustrating sentence suddenly came out of Tang Xiaolong's mouth.

Hearing Tang Xiaolong say this all of a sudden, the brothers were all taken aback, and then they saw Li Tian and Tang Xiaolong's bad expressions.

The ghost servant blinked sharp eyes and looked at them and said, "Xiaolong, what's the matter?"

Just listen to Tang Xiaolong saying silently: "Hey... the cars leading to Liaocheng have all stopped... and now no one dares to go to Liaocheng anymore."

After Tang Xiaolong suddenly said this, the brothers were all stunned.

"what?"

"Why? Why are the cars going to Liaocheng stopped?"

"And what did you say Xiaolong just now? You said no one dared to go to Liaocheng? What's the situation?" Chen Qiaozhi and others looked at Li Tian and Tang Xiaolong who came back with puzzled eyes.

Just listen to Tang Xiaolong bluntly saying: "That's because the only highway leading to Liaocheng has recently been haunted!"

what?

"Haunted?"

When they suddenly heard such ridiculous two words, the brothers were startled for a while, and then looked at Tang Xiaolong with contempt one by one, thinking he was joking.

"What nonsense is your kid talking about?" Chen Qiao over there said.

"Yes, brat, talk nonsense." Old Monster Ge also cursed Tang Xiaolong.

Tang Xiaolong felt very wronged and argued there: "Fuck, what I said is true! If you don't believe me, ask the little boss..."

After Tang Xiaolong spoke so suddenly, the brothers at this moment all turned their eyes on Li Tian.

"Li Tian, what's the matter?"

"Young Master, what happened?" The ghost servant over there also blinked at Li Tian and said.

Li Tian sighed helplessly.

So he opened his mouth and said: "Actually, Xiaolong was right...the cars to Liaocheng are indeed out of service...and no one dares to take that Liaotang highway anymore."

After Li Tian said so all of a sudden, the brothers were stunned for a moment.

"what's the situation?"

"Why? Why don't those cars drive anymore?"

...

Everyone couldn't help asking.

So Li Tian slowly explained all the things that Tang Xiaolong had just experienced to the brothers in front of him.

"...In fact, that's it...Because that road has been missing more than 20 people in a row in more than a year... And because the police couldn't find out, it has now been suspended! Basically! Nobody who gets on the road will take that highway anymore." Li Tian sighed slightly.

what?

After hearing what Li Tian said, their expressions became weird, as if they were the same as Li Tian and Tang Xiaolong when they heard the words of the driving driver for the first time.

"No! Is it really haunted?"

"Yeah, it's not scientific!"

The brothers in front of you all said one by one.

As a person in the 21st century, who would be okay to believe that there are "evil" things in this world?

It's nonsense.

Originally Li Tian and Tang Xiaolong didn't believe it, but after hearing the words of the old man guarding the gate at the bus station, the two of them were also depressed.

"I don't believe it either! But the sick ghost, you said that over the past year, more than 20 people have disappeared inexplicably on that highway... And now the police can't find any clues... What's the reason?" Tang Xiaolong blinked his eyes and looked at Chen Qiaozhi.

Then Chen Qiaozhi frowned, thought for a while and said, "This...this..."

"Young Master, if I understand it according to this meaning, wouldn't we not be able to leave tomorrow?" Duguxie said suddenly, with a dull voice.

Li Tian is also most worried about this at the moment.

"Can you find a taxi? Do you have to take a bus?" Duanmuying on one side muttered there.

"No! It is estimated that even taxis are not willing to take that highway anymore." Li Tian said calmly.

amount?

"Then what shall we do?"

"Is there no other way to reach Liaocheng?" Duanmuying continued to ask.

Li Tian nodded depressed: "Yes!"

"Liaocheng is remote and surrounded by mountains. Only this road can lead to Liaocheng..."

"Depressed! Really, any bad thing made you catch up..." Duanmuying said with her red mouth pouting.

All the brothers are depressed at the moment.

No one knows what to do? At the moment, the bus is still unavailable, and when looking for a taxi, the taxi can't be pulled... Could it be that the brothers will really be trapped in this Beitang city?

After thinking about it, Li Tian finally said, "I really don't believe in this evil... I want to see what happened to that highway." A Hu suddenly came out of Li Tian's mouth.

"The female ghost in white... more than twenty people are missing...hehe, I'm going to learn it myself this time." Just listen to Li Tiandao.

"Okay, hey, little boss, I'll go with you!"

"To be honest, I have lived for so many years, Tang Xiaolong, and I have never seen such dirty things of lonely ghosts... This time I will go to see and see with you, the little boss!" Tang Xiaolong said excitedly.

The brothers over there frowned slightly: "Please, what ghosts do you really believe in? I have to go, what kind of society is it now?" The old monster Ge over there is there. Whispered.

"Anyway, I have nothing to do. I can't go now. It's fun to see what happened!" Tang Xiaolong said with a smile.

"What does the young master mean, that highway is going to be taken?" Just listen to the ghost servant blinking his eyes.

"Well! Only that!"

"I want to see if what those people are saying is true or not, and if anyone really is missing on that highway!" Li Tiandao said.

He was originally a curious person. At this moment, he heard that so many weird things had happened on the Liaotang Expressway. Of course, he would like to see what happened by himself... Besides, the only one on this road The road leading to the small county town of Liaocheng...If they didn't take this road, would they have to climb the mountain to reach the town of Liao? Of course not!

So Li Tian decided to personally experience the ghostly road.

Chapter 815: The Disappeared 21st Army

"Little boss, how do we get there? Grandma, I don't think the current taxis may take us to the Liaotang highway." Tang Xiaolong on one side muttered.

Yes, the most important question before Li Tian is that there is no car!

How can they get to the Liaotang Expressway without a car? Is it still walking?

"This is easy! Rent a car!"

Chen Qiaozhi on one side said suddenly.

"Hey, yes, that's a good idea! Let's go to the car rental company and rent a car, don't we solve everything?" Tang Xiaolong said with a smile. ,

"Well, that's it!"

"I heard that the female ghost in white only appears at night... Hehe, let's rent a car first. At night, let's take a stroll on that highway!" Li Tian said confidently.

So the brothers nodded.

To be honest, in their hearts, they really didn't regard the "girl ghost in white" as a matter of time... In their opinion, those words are like deceiving children to say that there are ghost words in this world! It's all nonsense!

Even Li Tian has a funny mentality.

So Li Tian took Tang Xiaolong and Chen Qiaozhi to find a taxi company the next day.

They arbitrarily chose a black ford car, and after paying the relevant deposit and certificates to the car rental company, Tang Xiaolong drove back from the car rental company with Li Tian and Tang Xiaolong.

"Little boss, shall we go tonight?" Tang Xiaolong on the road said to Li Tiandao while driving the car.

Li Tian nodded slightly: "Hmm!"

"Hey, I hope I can really meet some female ghosts in white tonight... Nima, I have never seen such a strange thing in my life... If I can really meet, I will definitely be excited!"

Chen Qiaozhi on one side gave Tang Xiaolong a blank look.

"What nonsense are you talking about? Do you really think there are any ghosts in this world... nonsense!" Chen Qiaozhi muttered without believing any ghosts there.

"Fuck me, maybe there really is?"

"If there is any, you should be careful!" Chen Qiaozhi also said with a smile.

Tang Xiaolong laughed and said, "I'll be careful... I might still be a beautiful female ghost... If that were the case, I would be happy! Haha!"

The brothers were laughing and talking about the things in front of them all the way... as if they didn't care about any female ghosts or missing persons at all.

Just think about it, in fact, how can people like them who often come alive on the head of a knife be afraid of a "woman in white"? Even if they really meet, they probably won't be afraid... Now they just want to go and experience it at night to see what happens to the wicked road that people in Beitang City have said?

After driving back, Li Tian and his brothers were there waiting for the night to come.

Because Li Tian once heard that the old man guarding the gate of the bus station said: The twenty people who disappeared this year were all missing at night... and they were all driving through the Liaotang Expressway, so Li Tian I personally plan to take my brothers to experience it at night.

As time passed, the sky soon became dark.

It will be more than 21 o'clock.

Li Tian looked at the time, then looked at the sky outside, slowly got up from the sofa and said, "Okay, it's time to go!"

On one side, Tang Xiaolong was the first to stand up with excitement.

"Okay!!"

"Li Tian, I'll go with you!" Chen Qiaozhi over there was worried that Li Tian said there.

But Li Tian waved his hand slightly: "It's okay, don't worry!"

"Let's follow you!" Duguxie and the ghost servant on one side suddenly walked out of the side room and said, looking at them.

"Master, Senior Dugu, do you want to go too?" Tang Xiaolong blinked his eyes and said.

Li Tian had planned not to let the ghost servants of the Duguxie Sea Territory go... but the two caring gazes towards him and the attitude of the decision made Li Tian reluctantly smiled and agreed.

"Okay! Then let's four!" So Li Tian decided to take Duguxie and the ghost servant.

The brothers who originally wanted to go were afraid of worrying about Li Tian's safety. At this moment, seeing Li Tian accompanied by the famous Duguxie and the shadow ghost servant, they all felt relieved.

After all, with the company of these two people, they wouldn't be afraid even if they really met some "ghosts and monsters".

Before leaving, Situ Ningbing looked at Li Tiandao with a pair of caring beautiful eyes and said, "You... be careful!"

Listening to the worried words of his favorite woman, Li Tian nodded happily.

But Duanmuying in one place was a pair of old Gao with red and gorgeous little mouths...watching Li Tian talking with Situ Ningbing jealously.

In this way, Li Tian took the ghost servant of Duguxie Sea Territory to the outside quickly, and after getting on the rented Ford car, Tang Xiaolong drove towards the Liaotang Expressway.

From the navigator on the car in front of you, it can be seen that the Liaotang Expressway is on the outskirts of Beitang City...not very far! If you drive, you can reach the Naliaotang Expressway in less than half an hour.

While Tang Xiaolong was driving in front of him, he turned on the music in the car, humming a tune, and drove the car swiftly towards the Liaotang Expressway along the way.

"Master... Senior Dugu... Have you ever heard of ghosts in the rivers and lakes for so long?" Tang Xiaolong suddenly turned his head and looked at the quietly sitting Duguxie and the ghost servant curiously. Tao said.

"Have heard!"

"Not only have I heard it, but I have seen it personally!" The cold words suddenly came out of the silent Duguxie's mouth.

what?

After Duguxie said it, Tang Xiaolong called out, and Li Tian also looked at Duguxie curiously at the back.

"Senior Dugu, have you really seen it? There are really ghosts in this world?" Tang Xiaolong asked curiously.

I saw that Duguxie was silent for a while, and then slowly said: "You remember, there are many things in this magical world that cannot be explained by science...Although you have not seen them, they Doesn't mean that thing doesn't exist!"

"It's like... the mystery of the 21st Legion that disappeared many years ago!" A strange word suddenly came out of Duguxie's mouth.

amount?

"The disappeared 21st Legion?"

After hearing Duguxie suddenly say that, both Tang Xiaolong and Li Tian were taken aback.

What is the disappeared 21st Legion? The two of them certainly didn't know.

Just listen to Duguxie slowly betting a pair of bright eyes outside the black car window, and then slowly said: "Don't you know? The most famous disappearing mystery of the 21st Army in China has always been It is one of the most spiritual and weird things!"

Chapter 816: Is it a human? Is it a ghost?

Listening to Duguxie's words, Li Tian and Tang Xiaolong both shook their heads, saying they didn't know.

"Oh, yes, you can understand it if you don't know it!"

"After all, the mystery of the 21st Army can only be seen in the national x file!"

"What I can tell you now is...Don't let your own narrow thinking control your own thinking. In that case, you can only say that you have too little knowledge!" Du Guxie said.

Li Tian felt that Duguxie's words made sense.

Yes, there are indeed many inexplicable things in this world, some people have not seen it... just arbitrarily say no, in fact this is unscientific.

After thinking about it, Li Tian nodded in favor, but was curious about what Du Guxie had just said: What happened to the disappeared 21st Legion? This is something.

After listening to Duguxie's very reasonable words, Tang Xiaolong stopped talking, and drove quietly toward the Liaotang Expressway.

Soon they were on the outskirts of the city.

Behind is the brightly lit Beitang City, but the location of this suburb is a lot darker. The only thing you can see is the faintly bright street lights on both sides of the road that exude a swaying blurry light.

"Is it almost there?" Li Tian asked, looking at Tang Xiaolong.

Tang Xiaolong glanced at the display position of the navigator, and said, "Yeah! After reaching the three fork in front, turn left and you will reach the highway."

Li Tian blinked his eyes and glanced at the road ahead...

Li Tian found that the more cars he went to the Liaotang Expressway, the fewer and fewer vehicles! When they got here, even a car was gone... as if those people were afraid to take this road, even if the car was not willing to approach the Liaotang Expressway.

Although Li Tianxin was a little suspicious, he still did not speak and sat quietly in the car.

Tang Xiaolong didn't seem to worry about anything. After driving to the three-way intersection in front of him, he turned the steering wheel directly to the left and saw the distant Liaotang Expressway.

The road sign in front clearly reads: Liaotang Expressway!

"Here, it's the road ahead." Tang Xiaolong, who was driving the car, blinked and said.

Li Tian looked up and looked lonely at the highway in the dark, only the street lights on both sides exuding weird and swaying light.

"Go up by car!" Just listen to Li Tiandao.

He wants to see if this highway is really so evil? Will it really be like what those people said, is there any ghost...

Tang Xiaolong then increased the accelerator, and the car hummed towards the Liaotang Expressway.

The highway intersection where there was a toll gate is already tightly closed at this moment, as if the toll gate has been parked for a long time.

So just like that, Tang Xiaolong drove the Ford car in front of him onto the weird Liaotang Expressway.

This road is very spacious, about 45 cars can drive side by side, the road is still very smooth.

After Tang Xiaolong drove on the Liaotang Expressway, after the lights were turned on, at a glance, there was an endless lonely long road ahead, and their car seemed to be much lonely!

The lonely car, the lonely road, and the lonely street lights on both sides...

If a person is driving on this highway alone, there is indeed a feeling of hairy inside, but fortunately there are four people sitting in their car at the moment!

Not only Li Tian, but also two peerless figures sitting behind.

Tang Xiaolong put the music to the boss, because there was no car on the road, he increased the throttle and drove all the way on the Liaotang highway.

And Li Tian beside him has been looking at both sides of the highway.

The Duguxie and the ghost servant behind him were sitting there quietly.

"Grandma's...Isn't there something wicked about this highway? Why do I think those people are farting!" Tang Xiaolong whispered there while driving.

After driving for about half an hour, nothing happened.

The road is still the road, and the street lights on both sides are still street lights... How can there be any ghost legends... It's just nonsense! Tang Xiaolong thinks.

What about Li Tian? She also frowned slightly, and couldn't help but lining up inwardly: Is there really nothing special about this road? Other than walking without a vehicle, what's the difference? Could it be that those people are really lying? Are you kidding me?

"Go ahead and try again." Li Tiandao said.

Tang Xiaolong nodded: "Okay!"

So I continued to drive the car forward!

The farther you go, the lonelier you are. There is basically nothing on the highway except the slight street lights on both sides.

And their car was driving fast on it.

"Wipe, I know that those guys are fooling us... Why are they missing more than 20 people... What are they talking about female ghosts in white... His grandma's, net nonsense! I think they are all farting!" Tang Xiaolong took a cigarette out of his arms and held it in his mouth, while cursing there.

Li Tian also felt more and more strange.

Why is there no traffic on such a quiet highway? Why is this highway banned? And why should the person who guards the gate at the bus station lie to himself? He also said that more than 20 people have disappeared within a year... What kind of female ghosts are you talking about!

Tang Xiaolong lit a cigarette, smoked it in his hand, and drove. Just when he was about to take a second puff, his eyes rolled on the highway on the side...

Damn!

A scream came out of his mouth! Then his hands trembled in fright, and the car leaned to the side with a grunt.

"Xiaolong, what are you doing?" Li Tian on one side could not help shouting when he saw Tang Xiaolong suddenly yelling.

And the Duguxie and the ghost servant sitting behind also changed their expressions in an instant!
hiss

A slam of the brake!

In front of them, their car stopped suddenly on the lonely highway.

Look at Tang Xiaolong again? His eyes widened, and the cigarette in his hand had already fallen to the ground... and stared silently.

"Did you see... Have you seen... People... Someone..." A weird word was suddenly trembling from Tang Xiaolong's mouth.

Li Tian in front of him was stunned, even the Duguxie sitting behind and the ghost servant's expression became extremely ugly for an instant!

Because they didn't see anyone at all...How could there be anyone on the highway in Dugu?
"people?"

"over there?"

"Did you see it?" Li Tian asked, looking at Tang Xiaolong quickly.

Tang Xiaolong's pupils dilated, and he slowly turned his head there...Pointing to the dark road behind him, he said, "Behind...just behind...I saw...I saw her..."

"The woman in white clothes is standing on the side..." The trembling words suddenly came out of Tang Xiaolong's mouth.

Chapter 817: Knock down people, or ghosts?

When the weird words came out of Tang Xiaolong's mouth all of a sudden, Li Tian, the Duguxie and the ghost servant sitting behind him all quickly turned their heads and looked at the road behind.

The yellowish street lamp is still on that lonely... But where is the shadow of a woman in white behind?

"No!"

"Xiaolong, are you sure you saw it?" Li Tian asked, turning his head to look at Tang Xiaolong with a suspicious and horrified expression.

Tang Xiaolong nodded vigorously, his pupils a little dilated, and said: "Really...little boss, I really saw..."

Tang Xiaolong, who was talking, slowly turned his head, looked at the place where the white-clothed woman appeared just now, and blinked to see... But when he turned his eyes this time, there was still some white-clothed woman there.

Huh? Why did it disappear suddenly? Tang Xiaolong said in a daze.

The ghost servant and Duguxie frowned slightly.

"Xiaolong, are you dazzled?" The ghost servant looked at Tang Xiaolong and asked.

Tang Xiaolong was also depressed at the moment!

Just now when I glanced clearly, I did see a white shadow, how could it disappear in an instant?

Could it be that I really think too much? Is it true that your eyes are blurred?

Tang Xiaolong was a little confused at this moment.

"I guess this kid may be dazzled..." Li Tian over there also said with a smile.

Tang Xiaolong felt that something was wrong in his heart more and more. Was he really dazzled just now? Perhaps only oneself knows best.

Sitting there depressed, Li Tian on one side looked at the lonely road behind, smiled and turned his head to look at Tang Xiaolong and said, "It's okay, keep driving..."

"You may have seen the wrong look just now." Li Tian comforted Tang Xiaolong and said.

After Tang Xiaolong heard Li Tian say this, he thought for a while and said, "Oh...maybe!"

Although he felt strange in his heart, he continued to start the car and continued to drive forward.

Above the lonely highway.

Li Tian is still sitting next to Tang Xiaolong, and the Duguxie and the ghost servant are also sitting quietly in the back. Regarding the strange performance of Tang Xiaolong just now and the words he said, the brothers are in their hearts at this moment. Most of them think that Tang Xiaolong is dazzled!

But is he really dazzled? No one knows, is the white figure on the side of the road a human or a ghost? No one can tell.

The driving Ford sedan is still driving on the Liaotang Expressway.

At this meeting, Li Tian kept betting his eyes outside the car window, hoping to see the horror that Tang Xiaolong saw just now...

Just after the car drove for about ten minutes, there was a bridge in front of it.

"Little boss, shall we still drive forward?" Tang Xiaolong asked as he drove the car while looking at Li Tian.

At this moment, they probably have been driving on the Liaotang Expressway for an hour, but for this hour, except for the weird thing that happened to Tang Xiaolong just now, Li Tian and the others did not notice any difference. .

Just listen to Li Tian thinking about it and saying, "Forget it, let's turn around and go back to this bridge!"

"I don't think there is anything strange on the Liaotang Expressway... Maybe those people lied to us." Li Tiandao said.

Tang Xiaolong let out a cry, so he drove the car quickly toward the bridge.

The bridge was very wide and very big. At this moment, only their car was driving, so Tang Xiaolong drove quickly.

Just when Tang Xiaolong drove the car to the middle of the bridge, he suddenly saw a white figure in front of the car inexplicably...

what

It's a pity that Tang Xiaolong drove so fast, he didn't even notice that someone would come out inexplicably in front of him...so just like that, with a bang! The speeding car smashed into the white man in front, and then ran over.

And Li Tian, Duguxie, and the ghost servant who were sitting in the car were completely stunned at this moment, all completely shocked.

"I hit someone..."

"Yeah, I hit someone!"

"Little dragon, hit someone!"

...

hiss

Immediately after the car hurriedly braked to a halt, Tang Xiaolong's eyes were completely cold, and the whole person was there, still muttering in his mouth: I, I knocked down someone...

And Li Tian and Duguxie, who were stunned for about a few seconds, suddenly said: "Quick, quick, get out of the car and see how the people are?"

So this Li Tian, that Duguxie and the ghost servant hurriedly opened the door of the car, and they kindly wanted to see what happened to the person who was hit.

After they jumped out of the car quickly, a scene of horror suddenly appeared.

"What about people?"

"nobody?"

"How come there is no one? Second brother, did you see it just now? I saw a woman in white being knocked down with my own eyes." Ghost servant said with an extremely ugly expression.

Woman in white?

When the four words for the white-clothed woman came out of which ghost servant's mouth, they suddenly remembered the story of the white-clothed ghost that the old man at the door said!

Then an icy chill instantly surged into Li Tian and Duguxie's hearts.

Yes! Look carefully at the place behind, what figure is there?

When suddenly seeing this scene, Li Tian, Duguxie, and the ghost servant throbbed at the same time.

The faces of the three of them changed in an instant...because they all discovered something strange!

And it is an extremely strange thing!

Just now the three of them clearly saw the car hit the figure, but why couldn't they see it after getting off the car... Could it be that there was really something dirty? Really a ghost?

Just as Li Tian, Duguxie and the ghost servant's complexion were all undergoing shock changes, the street lights on both sides of the bridge suddenly turned on and off...

This made the three people feel a sense of horror.

"Young Master, be careful!" Duguxie and the ghost servant walked slowly to Li Tian with extremely ugly expressions at this moment, looking at the weird street lamp.

Li Tian was also shocked there, he knew that he had really encountered an unprecedented evil this time.

"Second brother, it seems that this highway is indeed very evil!" said the ghost servant, blinking his sharp eyes and looking around carefully.

Duguxie also looked around and nodded indifferently.

"Yeah! It seems that something weird does exist..."

Just when the three of them were all standing outside the car, and at this moment only Tang Xiaolong was sitting in the car.

To be honest, Tang Xiaolong was a little scared in his heart, especially when he saw the street lights on both sides suddenly turn on and off, the hairs on his entire back were now upright.

Chapter 818: Scary

To be honest, Tang Xiaolong was a little scared in his heart, especially when he saw the street lights on both sides suddenly turn on and off, the hairs on his entire back were now upright.

Because he saw it just now, and saw the woman in white... was knocked down alive by his own car!

When he was sitting in the car to calm down his fearful emotions, he suddenly raised his eyes and saw a woman in the back mirror, a woman in white clothes with scattered hair covering her entire face!

Damn! Almost scared him to death!

Gosh!

Behind his car no longer knew when, sat a ghost woman.

Her black hair concealed her terrifying face, the only thing she could see was the strange figure in white clothes...

When Tang Xiaolong saw her at once, a scream came out of his mouth.

"Ghost..."

Then hurry up and prepare to open the door in fear, but unfortunately only heard a bang!

Suddenly the doors on both sides of the car were automatically locked... Tang Xiaolong slammed into the car door with his body, but couldn't open it anyhow. He was afraid to look at the rear mirror again. He just used his body to hit the car door hard, and at the same time couldn't help exclaiming loudly.

The screams of Hysteria rang there.

However, Li Tian, Duguxie and the ghost servant over there heard Tang Xiaolong's exclamation just now.

"Little dragon seems to have something wrong..."

"Go, go over and take a look!"

After the three of them said, their complexion changed and they ran to the car.

After the three of them ran over, I saw that Tang Xiaolong slammed into the car door with his face full of horror... and still screamed loudly in his mouth: ghosts, ghosts...

Li Tian, Duguxie, and the ghost servant were all stunned, and quickly opened the door with their hands.

"Xiaolong, what's the matter?"

But when they tugged, the door was locked tightly.

Weird!

Why is this car door locked automatically?

"What's wrong with Xiaolong?" Li Tian said when he looked at Tang Xiaolong who seemed to be crazy when he was outside the car.

It turned out that Li Tian also had Duguxie and the ghost servant. I don't know why, but he couldn't see the female ghost in white clothes in the back seat... and at this moment only Tang Xiaolong could see it. That's why Li Tian asked out of surprise.

However, he said that when Tang Xiaolong was trapped in the car alone, and he could see the white-clothed ghost with a disheveled hair through the rear mirror, he was completely scared to go crazy!

"Take me home..." Suddenly a ghastly voice came out of the female ghost in white behind.

Then, in Tang Xiaolong's fear, the stalled car was started with a grunt...

Tang Xiaolong was dumbfounded!

"Ghost... There is a ghost... Little boss save me... Master save me..." Tang Xiaolong shouted frantically in the car.

Li Tian, Duguxie and others outside were also completely shocked when they saw the car start by itself inexplicably. Why did the car start by itself for no reason? Just now I saw that Tang Xiaolong didn't move the car at all.

"Smash the window glass and rescue Xiaolong..." Li Tian said in shock, he felt that something was getting worse.

The ghost servant and Duguxie immediately hit the window glass of the car with a strong palm.

A loud bang!

Duguxie's vigorous palm hit the glass hard...but what I didn't expect was that the glass didn't move at all!

Good deed, how powerful is the palm of Duguxie just now...not to mention the car window glass, even a piece of iron, it is estimated that it will be shaken and deformed by the strength of his palm...but what I didn't expect is that car window The glass didn't even have any cracks.

What's going on?

Why is this happening?

ghost!

Is it really because there is something evil in that car?

Just when Duguxie, the ghost servant and Li Tian were shocked, the car suddenly started on its own... With a hum, the steering wheel turned automatically and drove forward wildly.

"Little Dragon..." Li Tian exclaimed and hurried to chase the car.

The Duguxie and the ghost servant behind also spread out to chase the car that was inexplicably started by themselves.

But the car drove too fast... and suddenly the steering wheel turned to look at the left side, and the whole car rushed towards the bridge...

But what about Tang Xiaolong? This time I really saw the female ghost!

And it was so terrifying, watching the car rushing under the bridge like a demon, he was cold for a moment!

Then look through the reversing mirror at the female ghost in white sitting behind...

"Take me home...Take me home..."

Eerie and weird words came out hoarsely from her mouth!

"I'll take your mother's head..." An angry scream came out from Tang Xiaolong's mouth. He saw that his car was about to rush under the bridge at this moment. At this moment, who is afraid, just roaring Curse.

At the moment he screamed, the female ghost in white sitting in the back row disappeared mysteriously...There was no shadow, and the whole car slammed into the railing of the bridge at this time.

With a bang, the full-powered car slammed into the guardrail above the bridge, then broke through the guardrail, and the whole body fell to the underside of the bridge with a bang.

"Little Dragon..."

The exclaimed Li Tian, the ghost servant and Du Guxie watched as the car broke through the guardrail of the bridge and fell under the two-foot-high bridge.

They froze for a moment!

Xiaolong is dead?

Is Tang Xiaolong dead?

The three of them were stunned for about a second, and then ran towards the crashed place madly.

At the same time, Tang Xiaolong's name was screamed in surprise.

"Little boss...I...I'm here..."

Weak words suddenly came out from under the bridge.

Look carefully, but see that Tang Xiaolong is grasping an iron railing on the bridge with both hands...the body is hanging in the air.

When they saw that Tang Xiaolong was still alive in an instant, Li Tian and Duguxie didn't mention how excited they were. Xiaolong was still alive, he was not dead, and he did not fall under the bridge.

"Little Dragon..."

"Pull him up!"

So the ghost servant hurriedly stretched out a hand and grabbed Tang Xiaolong's arm that was hanging in the air, and then with a strong mention, Tang Xiaolong's body was immediately pulled up.

"Xiaolong, are you injured?" Li Tian hurriedly looked at Tang Xiaolong with worry and asked.

Tang Xiaolong said, "It's okay! I'm not injured..."

Chapter 819: Finally back

"What happened just now? Xiaolong?" The ghost servant over there blinked at Tang Xiaolong with extremely ugly eyes.

Tang Xiaolong still had a deep fear in his eyes. At this moment, he blinked his eyes and looked around Dugu...

"Master, little boss... I saw her! I really saw her."

"I saw the ghost girl in white..."

"There are really ghosts... there are really ghosts on this highway." A shocked word came out of his mouth.

Li Tian, Duguxie, and the ghost servant all felt the strangeness around this at this moment. I don't know why, they can always feel like a pair of fierce eyes looking at their backs around this lonely area... All of them couldn't help getting cold all over.

"Where is she?" Li Tian couldn't help asking.

"I was sitting behind my car just now..." Tang Xiaolong recalled now still fighting a cold war.

Upon hearing Tang Xiaolong's words, Li Tian, Duguxie and others were all cold.

"Her hair is draped... and she is wearing a white dress... and also, she said let me take her home..."

"Little boss, it's really a ghost! It's exactly the same as the uncle who watched the door said..." Tang Xiaolong now finally believes in the existence of ghosts in this world, and also believes in the terrible aspects of ghosts. He is completely afraid Up.

Li Tian, Duguxie, and the ghost servants are also staring at the empty and dark surroundings at this moment, only listening to I Duguxie saying: "Young Master...it seems that this place is indeed a bit weird! Let's leave here as soon as possible! "

"Yes, Young Master, these supernatural things are not something we can deal with!" The ghost servant also said quickly.

Yes, what the ghost servant said is right!

When Duguxie's strong palm hit the car window glass just now, it clearly explained everything! You know, that is a ghost, not a human.

Li Tian thought for a while, then took another look at the section of the crashed bridge, and said, "Okay, let's leave here quickly."

So after Li Tian and the others decided, they quickly trot all the way along the highway towards Beitang City.

Their car was destroyed and they can only run along the road at the moment...

The surrounding street lamps were still shining weirdly...Occasionally, a gloomy cool breeze blew on them, giving them a creepy feeling of fear.

But when Li Tian, Duguxie and others left the bridge quickly, suddenly at one end of the bridge, a woman in white with a disheveled hair was floating in the depths of that loneliness...

"Take me home...Take me home..." A strange voice rang in the air.

Ghost in white!

I don't know how long it has been, Li Tian, Tang Xiaolong and his brothers all rushed all the way.

Originally, the air was relatively cold this night, but they didn't expect that everyone was sweating.

This part of the road is really long enough, and they are shocked and afraid.

Fortunately, it took them a few hours to finally see the lights of Beitang City in the distance.

"Here, we are finally back." Tang Xiaolong breathed heavily, saying as if he was escaping from death.

When Li Tian and Du Guxie on one side saw the lights of Beitang City in the distance, they also had hope in their hearts.

"Hurry up! Let's get out of here quickly."

So the brothers kept going.

Time passed by every minute.

When Li Tian and the others left, it was more than 9 o'clock in the evening, but now it was more than 3 o'clock in the morning.

The brothers who thought that Li Tian and Tang Xiaolong would come back early were all waiting anxiously in the hotel.

Situ Ningbing waited outside the hotel.

None of them knew what happened to Li Tian and Tang Xiaolong, why they haven't come back so late, after all, it has been several hours!

"What's the matter? Why haven't Li Tian and the others come back?" Old Monster Ge said with an uneasy expression while looking at the clock on the wall.

Chen Qiaozhi on one side thought for a while and said, "I don't know either!"

"Wait!"

"Could they really have encountered something incredible?" Old Monster Ge frowned and said in a low voice.

Chen Qiaozhi: "How is it possible?"

"Do you really believe that there are some ghosts in this world?"

Hearing what Chen Qiaozhi said, Old Monster Ge felt reasonable, so he closed his mouth and stopped talking, and continued to wait, waiting for Li Tian and the others to return.

Situ Ningbing outside the hotel has been standing for almost an hour. What she is most worried about now is Li Tian's situation.

After seeing this, she was still blinking a pair of beautiful eyes and looking at every car passing by... But all she got was a little disappointment.

Li Tian, what happened to them?

Why hasn't it come back after 3 o'clock in the morning?

The traffic on the street has gradually become scarce, and there are no pedestrians on the road... Situ Ningbing just stood alone outside the hotel waiting.

Just after she waited for more than ten minutes, suddenly a taxi drove towards her from a distance.

Situ Ningbing did not pay attention to the taxi, because she knew the Ford car that Li Tian rented, so she did not pay much attention to the taxi.

Who knew that after the taxi stopped at the entrance of the hotel, the door slammed open, "Ice ice!"

A familiar voice suddenly spread into Situ Ningbing's ears.

Situ Ningbing was taken aback for a moment, and in a blink of an eye he saw Li Tian, Tang Xiaolong, and the ghost servants and Duguxie walking out of the taxi.

"Li Tian?"

When Situ Ningbing saw Li Tian, he cried out happily.

"You are back..." Situ Ningbing said there.

Li Tian smiled and nodded.

"Ningbing, why are you standing outside?" Li Tian asked Situ Ningbing curiously.

Situ Ningbing's face flushed slightly.

"I was worried about you..."

After Li Tian heard her say this, his heart suddenly became warm.

"By the way, where's your car? Why did you come back by taxi?" Situ Ningbing suddenly remembered this question, and at this moment, she blinked a pair of beautiful eyes and asked Li Tian puzzledly.

When Li Tian heard Situ Ningbing's question, his expression turned ugly for a moment, and Tang Xiaolong, Duguxie and the ghost servant beside him had the same expression.

"Li Tian, what's the matter? Did something happen?" Situ Ningbing suddenly felt something wrong with Li Tian and their expressions.

Li Tian nodded truthfully.

"Ok!"

"What happened?" Situ Ningbing asked in surprise.

"Sister-in-law... do you know? There is really a problem with the Liaotang Expressway... There is really a ghost..." Tang Xiaolong stared at that Situ Ningbing with a pair of horrified eyes.

After Situ Ningbing heard Tang Xiaolong say this, he yelled.

"what did you say?"

"A ghost?"

Situ Ningbing seemed to be unable to accept this fact for a while.

He only heard Li Tian slightly pulled up Situ Ningbing's hand and said: "Let's go, let's move into the hotel... Go inside and we will tell you in detail."

Situ Ningbing nodded silently, and then followed Li Tian and the others quickly towards the hotel.

Chapter 820: Not afraid

All the brothers in the hotel were waiting for Li Tian and Tang Xiaolong. No one knew why Li Tian hadn't come back so late.

While they were waiting in the room, the electronic doorbell of the room rang.

"came back....."

"Are Li Tian and the others back?"

Old Monster Na Ge said excitedly, and hurried to open the door.

After quickly opening the door, he really saw the tired Li Tian and Tang Xiaolong and others walking in.

"Oh my God, you are finally back!" Old Monster Ge looked at Li Tian and the four of them happily said.

At the same time, he couldn't help but asked, "Why are you going so long?"

Listening to Old Monster Ge in front of him, Li Tian and Tang Xiaolong first walked in one by one...From the exhaustion of each of them, Chen Qiaozhi and the others felt that something was wrong.

"What's the matter? Li Tian? How did you go there? Why did you take such a long time?" Chen Qiaozhi in front of him couldn't help asking after Li Tian and the others slowly sat down.

Li Tian said with a solemn expression, but Tang Xiaolong said it.

"Fuck him... I really met with the little boss today!"

"what?"

After Tang Xiaolong said this sentence, all the brothers couldn't help but stare at him, frowning deeply.

"Xiaolong, don't talk nonsense, what the **** happened?" Chen Qiaozhi in front of him didn't believe Tang Xiaolong's nonsense and couldn't help asking.

"I didn't **** talk nonsense!"

"We really met a ghost...Fuck me, I was almost killed!" Tang Xiaolong shouted angrily.

Thinking of the scene where he suffered the female ghost and the crash, Tang Xiaolong was still more shocked.

After he roared like this, all the eyes in front of him were focused on him, and then he looked suspiciously at the silent Li Tian and Du Guxie over there.

"Miss... Tang Xiaolong said he really saw a ghost?" The girl here, Xiaohuan, heard the ghost and was so scared that she looked at Duanmu Ying with her mouth open.

Duanmu Yingliu frowned, and said, "A ghost believes his words!"

"Miss, don't you believe that there are ghosts in this world?" Xiaohuan asked, looking at Duanmu Ying, blinking round eyes.

Duanmuying snorted: "I believe it? I want to believe it, I'm a big fool!"

For Duanmuying, she really didn't believe in any ghosts, it was strange.

Over there, I saw Li Tian and Duguxie sitting there with ugly faces after they came back.

The brothers also had a lot of questions about Tang Xiaolong's words. After all, that kid was used to joking before, so now even if he is telling the truth, the brothers still can't believe it.

"That Liaotang highway is really evil!" Li Tian, who had been silent all of a sudden, finally spit out such a sentence.

what?

After he said this, everyone was shocked there.

Evil thing?

Could it be said that there really are some ghosts?

"Li Tian, what happened?" Chen Qiaozhi couldn't help asking.

"We did see something supernatural on that highway." Li Tian continued.

Then Li Tian told the whole story about the whole story, and also told about Tang Xiaolong's nearly murder.

"...That's how things are... Although neither the ghost servants nor I saw the existence of the supernatural thing... But Xiaolong saw it with his own eyes... and almost lost his life for it." Li Tian sighed.

After they heard Li Tian say this all of a sudden, they were completely stunned, standing there with wide-open eyes.

"Wipe, believe what I said now... Let me tell you, I really saw a ghost!" Tang Xiaolong now recalled the female ghost in white who suddenly appeared behind him, his hair still standing cold. .

"Could it be that there is really a ghost on that highway?" Chen Qiaozhi said incredulously.

"nonsense!"

"I don't dare to take that road anymore...I was scared to death." Tang Xiaolong muttered.

"What does that ghost look like?" Duan Muying on one side couldn't help asking with curiosity when she heard Tang Xiaolong and the others said they had seen such a spiritual thing.

He immediately hit Tang Xiaolong's sore spot. He really didn't want to think of the scary female ghost in white, but since Duanmuying asked, Tang Xiaolong could only say: "That female ghost...all in white clothes! The hair is very long covering her face...I dare not look, nor can I see clearly... As for her voice is extremely ugly... it doesn't seem like a person is shouting there."

"She still talked?" Duanmuying became curious again.

"Yeah." Tang Xiaolong muttered.

"What did she tell you?"

"She asked me... to take her home!" Tang Xiaolong said with an ugly expression.

what?

"Take her home?" Duanmuying became curious when she heard Tang Xiaolong say this.

After all of them heard about the supernatural things Li Tian and the others had experienced tonight, they never spoke anymore, and everyone was terrified in their hearts, not thinking of what ghosts really existed in this world.

"Then what shall we do? How to get to Liaocheng?" Old Monster Ge asked a very realistic question.

Now that Liaotang expressway is haunted... and there is only this expressway leading to Liaocheng. What should Li Tian do now?

All their hesitation is there.

Only Li Tian locked his brows tightly, thinking about something.

After everyone was silent for a long time, Li Tian suddenly raised his eyes and said slightly: "Don't worry! We will definitely be able to reach Liaocheng from the Liaotang Expressway! I will meet in these two days. Find a way."

"I don't believe that a female ghost can really stop us!" Li Tian's voice resolutely said.

Ever since he was young, he has never been afraid of anyone? Let alone ghosts?

The brothers looked at Li Tian and didn't speak, and no one knew what he thought of.

"Let's go to sleep... tomorrow we will discuss this matter." Just listen to Li Tian's last words.

It's already 4 o'clock in the morning, my brothers are indeed sleepy... and Li Tian, Duguxie and Guipu, not to mention, it took a few hours to walk back from the Liaotang Expressway, now there are two In addition to pain, the leg is tired.

So now he just wants to let the brothers rest.

Chen Qiaozhi also noticed the exhausted state of Li Tian and others, so they nodded and retreated one by one.
