

A Killer 821

Chapter 821: Visit the old janitor

After this weird night, Li Tian's heart suddenly opened up a lot.

He only now understands that there are really no wonders in this vast world!

It turns out that many, many weird things really exist.

Li Tian lying in bed, after experiencing today's things, he can't fall asleep now, just like that, thinking about things over and over again in bed.

How should I deal with that female ghost in white?

If you really were blocked there, wouldn't it have delayed the way to get Liaocheng? Delay in finding your own father? When thinking of this, Li Tian hated it! No, this time we must stop that female ghost anyway!

After making up his mind, Li Tian began to slowly let himself rest.

In the early morning, the brothers all got up late!

Not to mention Tang Xiaolong, who was tired last night and was scared by the female ghost once, now he is lying on the bed snoring and sleeping.

And the Duguxie and the ghost servants are okay, they have already got up early in the morning.

"Where is the young master? Are you still resting?" Duguxie, who got up early in the morning, looked at Li Tian's brothers and asked.

Chen Qiaozhi said: "It should be, he looked tired yesterday."

"Go, let's go and see him."

As they said, they turned and walked towards the hotel where Li Tian lived.

When he arrived in front of Li Tian's hotel, Chen Qiaozhi rang the electronic bell on the door...

Ding dong, ding dong

As the voice rang crisply, there was no response at all.

Chen Qiaozhi frowned slightly.

Then stretched out his hand and pressed again, dingdong...dingdong...

But still no one agreed.

"Huh...Is it possible that Li Tian fell asleep?" Chen Qiaozhi muttered.

The ghost servants and Duguxie on the other side suddenly turned a little ugly...because they knew that the current young master was completely different from the previous young master... From the perspective of Li Tian's internal skills, his The ability to perceive, as well as the ability of the ear to listen to the surrounding movement... is definitely twice as high as that of ordinary people. How could Li Tian not hear such a ringtone? Even if he is asleep, it is impossible to not hear, so the two of them can't help but frown at this moment.

"Open the door!" Duguxie suddenly said there with an ugly face.

Following his voice, the palm of his hand suddenly lifted, and a majestic palm shook towards the wooden door with a bang, loud noise!

The door that was locked with the lock was broken by the iron lock shaken by his powerful palm...

Duguxie pushed open the door without saying anything.

"Little Lord.....?"

The ghost servant also got in in a flash.

"Hey, why is Li Tian not here?" Chen Qiaozhi was also stunned, because he had already seen Li Tian's bed turned out to be empty.

"Young Master isn't there?" At the same moment as Duguxie and Ghost Servant saw that Li Tian's bed was empty, their expressions suddenly became extremely ugly.

"Where did he go?"

"Why did the young master suddenly disappear?"

The Duguxie and the ghost servants in front of them were full of care.

Then Chen Qiaozhi also stood there blankly...He was also sober just now, and he didn't know where Li Tian had gone.

While Duguxie and the ghost servant were worried about Li Tian here, that Situ Ningbing, Duanmuying, and the girl Xiaohuan, the three beauties also walked in at the same time.

"What's the matter?" Situ Ningbing asked in surprise after walking in.

"Did you see Li Tian?" Chen Qiaozhi asked, looking at that Situ Ningbing quickly.

Li Tian?

"Isn't he in the room?" Situ Ningbing was horrified for an instant, and then quickly stepped forward to see that Li Tian's bed was actually empty... she was stunned.

"Where's Li Tian? Why isn't he? Where did he go?" Situ Ningbing couldn't help asking, worried.

Hearing Situ Ningbing's words, it was obvious that they didn't know where Li Tian went this early morning.

At this moment, everyone is not only worried about Li Tian's inexplicable disappearance...

So they searched everyone and asked about Li Tian's whereabouts... but they didn't find any clues.

Finally, Chen Qiaozhi asked for the news in the lobby of the hotel.

The foreman in the lobby told Chen Chen Qiaozhi: Early in the morning, I saw Li Tian hurried out of the hotel alone, and he greeted a taxi directly at the door of the hotel and left... As for Li Tian No one knows where I went.

After Chen Qiao asked the only clue, the brothers' worries were always slightly relieved.

"Hey! I don't know what Young Master did?" The ghost servant in front of him sighed.

After all, Li Tian's arms are now like ordinary people...If there is any trouble, it would be bad.

Du Guxie on one side also sat there quietly with a silent face.

"I think Li Tian must be going to do something...or else he would never go out alone." Chen Qiaozhi said there.

"Well, that's good!"

"So, don't worry, everyone, I believe Li Tian will be back in a while! Then we will ask him why he went out just now..."

After hearing what Chen Qiaozhi said, the brothers could only wait here and wait for Li Tian.

But where did Li Tian go alone in the early morning? Why did he go? Who can know?

As mentioned earlier, the bus station leading to Naliaotang has been abandoned.

In the current bus station, except for an old man who guards the door, only those abandoned buses stop here alone.

Apart from opening the door every day, the old man taking care of the bus station is sitting under the sun and listening to the radio.

He still does this today.

Isn't this? When he got up early in the morning, he was going to open the door of the bus station, but when he reached the door, he found that there was a person standing there.

Who came here all right this early morning?

The old man at the door blinked his eyes and looked at the man curiously.

Take a closer look, isn't this guy the same guy from the day before yesterday?

Li Tian!

It turned out to be Li Tian!

It turned out that Li Tian, who was thinking about before and after last night, decided to come to this bus station again to ask the old janitor about the white-clothed female ghost. Last time he thought that the white-clothed female ghost was about the old janitor. Just kidding, they fooled them, so I didn't ask how to ask, and after experiencing the weird things last night, Li Tian knew that the thing about the female ghost in white that this old man was talking about actually existed! And it's still so scary.

Chapter 822: Details of the female ghost

So Li Tian rushed to the deserted bus station early in the morning, waiting for the old man who guards the door.

After Li Tian also saw that the old man who was keeping the door came out, he quickly smiled and looked at the old man.

"Old man, do you remember me?" Li Tian asked the old man with a smile on his face.

The old man at the door blinked twice and looked at Li Tian suspiciously, "Oh, I know you, boy!"

The old man who was talking then slowly opened the iron gate in front of him.

Li Tian smiled and walked in.

"Young man, why are you here again? Didn't you come the day before yesterday? This bus station has been suspended." The old man at the door looked at Li Tian curiously and asked.

Li Tian then said straightforwardly: "It's true, old man, I actually didn't come to take the car. I came here this time mainly to ask you something. I want to hear you tell me about that Liao. The Tang Expressway."

The old man at the door frowned slightly when Li Tian said this.

"Didn't I already tell you the night before? Why do you still ask."

Li Tian said embarrassingly: "Old man, I actually want to know more about the female ghost in white that you told me the day before yesterday!"

The old man at the door pushed open the big iron door and muttered: "Young man, didn't you believe what I said before? I think the ghost story told by my old guy is foolish, why? Now believe it again?"

Li Tian smiled awkwardly and said, "I'm sorry old man, we were really ignorant at the time...but I didn't expect that the highway was really dirty!"

Li Tian remembered the horror scene that happened last night, and he still has lingering fears.

When the old man heard Li Tian say this, he was slightly taken aback.

"Hey, why did you suddenly believe it?" The old man turned his head and looked at Li Tian suspiciously.

Li Tian then said the truth: "To be honest, my brother and I went to the Liaotang Expressway yesterday... and my brother also saw the ghost in white... So my brother almost went out. Killed...!"
what?

"How dare you go to that highway?" The old man in front of him was shocked when he heard Li Tian say this.

Li Tian nodded truthfully.

"You guys, you are really not afraid of death!"

"Didn't I tell you all the time? Don't go to that road... That road is evil... It's terrible! I didn't expect you to go... Hey! Young people now... you guys!"

The old man complained about Li Tian while talking there.

Li Tian stood there just smiling.

"Old man, sorry, we did not listen to your advice..."

"But now we believe it, and really believe it... I didn't expect that the highway really has a female ghost in white!" Just listen to Li Tiandao.

At this moment, the old man turned slightly, and while walking forward, he said: "See that ghost, right? I was scared...I told you about the evil road...you still don't believe it! Fortunately you guys. All came back alive...not dead! Remember, don't take that highway again next time."

Li Tian nodded there.

Dao Wen said: "Old man, to be honest, I came to see you this time because I wanted to ask about the female ghost in white clothes."

"Ask her? Ask what that dirty thing is doing?" The old man's voice revealed an impatient feeling! It seemed that he was very concerned about the female ghost in white clothes.

"Because I want to know why the ghost in white appeared on that highway... and also killed so many people!" Li Tiandao said.

The old man thought for a while and said, "Then tell me, what do you want to ask?"

Li Tiandao said, "Old man, you said before that the woman's body was dug up when the Liaotang Expressway was built, right?"

"Yes!"

"What then? The police did not find out who this woman was? Why did she die there?" Li Tian continued to ask curiously.

The old man at the door frowned and thought for a while and said, "How would I know that things have passed so many years..."

"Oh!" Li Tian felt a little regretful.

Because he wanted to know everything about the ghost in white clothes, but he didn't expect that the old man could not remember it.

So Li Tian continued to ask, "The old man, can you tell me in detail about the scene when the female body was dug up?"

The old man took out a dry cigarette from a nearby place, put it in his mouth and took two puffs, revealing a mouthful of brown teeth and said, "Do you really want to hear it?"

Li Tian smiled and said, "Of course I did!"

"Well, since you want to listen, my old fellow will accompany you to talk."

"I'm telling you! You really asked the right person for asking this question!" The old man said with pride, while still smoking the dry cigarettes in his mouth.

"Because when I was building the Liaotang Expressway, my old man used to work there!" The old man said with a smile.

When Li Tianyi heard it, he smiled and said, "So it's like this!"

"Of course...otherwise how would I know all these messy things back then!" said the old man.

"Let me tell you that when we were constructing the Liaotang Expressway, we dug up this female corpse when we were working on the middle section... That section was a sewer before, and the construction crew used an old crane to dig it. Just dig out this female corpse...When it was dug out, we were shocked by the construction workers!"

"Everyone saw the female corpse... At that time, everyone was stunned, and they were all talking about why a woman's corpse was dug up here? Later, when I took a closer look, the female corpse was strange...because of that The white clothes on Gu Nv's corpse were intact, but all her bones had

rotted away... We were depressed at the time. Why can a female corpse die in this place for so many years without the clothes rot?"

"Later, our project manager hurriedly called the Public Security Bureau... The Public Security Bureau immediately sent people and brought forensic doctors! Everyone was waiting for the forensic doctor's identification, and finally waited there. After the forensic appraisal was completed, we asked the forensic doctor, what is the situation? Unfortunately, the forensic doctor was also depressed, and she couldn't judge it. I don't know why the clothes haven't rotted so far... the clothes are not a rare treasure. It's just the most ordinary pajamas, but I didn't expect that an ordinary dead man's clothing hasn't rotted yet!"

Chapter 823: Deal with female ghosts

"At that time, everyone was suspicious, and the suspicion was a little weird... Then the police took the body away to prevent us from doubting..."

When Li Tian heard this slightly, he said, "What happened later?"

"Later, we continued to work..." said the old janitor.

Li Tian thought for a while and asked, "Which place did the female ghost dug out?"

"Of course the place is buried...it seems like a bridge was built!" A word suddenly came out of the old man's mouth.

Bridge?

When Li Tian heard the words "Daqiao", his mind suddenly shook.

No wonder! No wonder the female ghost in white appeared on the bridge...

It turns out that the place where the bridge was built was the place where the female ghost was dug out!

"Old man, which female corpse was then?" Li Tian asked quickly.

The old man at the door thought for a while and said, "Later... the police brought us the corpse again... because they stayed there for a week without finding any clues about the female corpse, nor could they find the female corpse. Family...so it can only be handed over to us!"

"Then what about us? Just find a place to burn the female corpse at random!" said the old man at the door.

Li Tianding frowned and said, "Burned?"

"Yes!"

"I remember that when the body was burned, it was Wang Lao San, and Old Man Sun and the two of them!" The old man at the door squinted and said.

Li Tian said, his brows frowned tightly.

"Young man, what's the matter? Do you have any questions for me?" The old man at the door squinted his eyes and looked at Li Tian with smoke in his mouth.

Li Tian smiled, stood up and said, "No more! Thank you, old man!"

The old man at the door waved his hand: "It's okay! These are all old things."

"The old man, I'm leaving first...bye!"

Li Tian who was talking quickly left the deserted bus station.

After leaving here, Li Tian has always had a lot of questions in his heart, but now he finally understands one thing, that is, why the female ghost in white clothes appeared near the bridge. When the female body was dug up, it was dug there.

And don't know why, Li Tian suddenly remembered Tang Xiaolong's words from the female ghost: Take me home... Take me home...

These four words sound cautious, but when Li Tian hears these four words, he always thinks there seems to be something strange here?

Could it be that the female ghost in white really wanted to return to the place where she was dug out? Li Tian thought curiously.

Sitting in the taxi, he drove to the hotel like a gust of wind.

After arriving at the hotel, after giving money to the driver, he quickly got out of the car.

Soon they arrived at the hotel where they were renting.

After arriving, the brothers saw Li Tian returning at a glance.

"Little boss... are you back?"

"Li Tian, where have you been?"

...

The brothers all looked at Li Tiandao curiously at this time.

Li Tian just smiled slightly at them and said, "I'm going out to work..."

After speaking, Li Tian quickly walked to his room.

"What's the matter?" Seeing Li Tian hurriedly walked towards the room, the brothers said there in doubt.

"Yeah, what seems to be the little boss?" Tang Xiaolong here also said.

"Has the young master come back? Hearing the voice over there, Du Guxie quickly walked out of the room and asked.

Tang Xiaolong nodded quickly.

"Well, the little boss just came back, and just hurriedly walked towards the room."

"Go, go over and take a look."

The Duguxie who was talking led the brothers around and walked towards Li Tian's room.

When they all came to Li Tian's room, they saw Li Tian playing with a computer next to him!

This computer is configured inside the hotel... At the moment Li Tian is plugging in the computer.

The brothers in front of him saw Li Tian suddenly fiddling with the computer, and couldn't help being slightly taken aback. Everyone was curious.

"What the **** is Li Tian doing?"

"I have never seen him play with this stuff before, why did you suddenly remember to turn on the computer today?"

The ghost servants and Duguxie in front of them were also slightly stunned, looking at Li Tian.

"Young Master, what are you doing?" The ghost servant looked at Li Tian curiously.

Li Tian didn't turn his head back, saying, "Turn on the computer!"

"Uh, why turn on the computer?" Just listen to the ghost servant continuing to ask curiously.

"I want to find some information." Li Tian said when he plugged in the power plug of the computer.

The ghost servants and the brothers in front of him were all at a loss. No one knew that Li Tian was about to turn on the computer, let alone what information Li Tian wanted to check.

After Li Tian plugged in the power plug of the computer, he quickly turned on the computer.

Li Tian, who had never played with this stuff before, remembered that when he lived in the Ouyang family, he had a computer in his room, and he fumbled for it at that time. Although he is not very familiar with the game, the clever Li Tian quickly mastered the doorway, and he is still good at finding the most basic information on the Internet.

I saw that after turning on the computer, he sat in front of the computer and clicked on the browser.

The brothers didn't know what information Li Tian was looking for, they all came over curiously, blinking and watching.

Li Tian awkwardly entered a few fonts on that browser.

Ghosts!

When these fonts were typed out, the brothers were all taken aback, each of them couldn't help but lining up in their hearts: Why did Li Tian search for these things?

Then Li Tian opened a number of websites about spirits and ghosts.

In the end, Li Tian chose a website, and then carefully searched for the information he wanted to know on it.

Computers are undoubtedly the encyclopedia of the twenty-first century, with all the information on it.

And Li Tian was searching there at the moment.

After searching for more than ten minutes, Li Tian suddenly cried out excitedly.

"I found it, I finally found it." Excited words suddenly yelled from his mouth.

The brothers in front of him were all taken aback for a while, they didn't know what Li Tian had found? I don't know why he is so excited.

"Little boss, what did you find?" The brothers couldn't help but asked curiously.

I saw Li Tian excitedly pointing to the computer screen in front of him and saying, "Look here..."

The brothers were taken aback, then looked at the computer screen.

It says: The wrong soul wanders outside only because his body has not been rested... Generally, the wrong soul will run out after the body is disturbed...

Chapter 824: Looking for answers

When the brothers in front of them saw the words displayed on the computer with suspicious eyes, they all stunned slightly.

"What do you mean?"

"Why didn't I understand...?" Tang Xiaolong whispered in his mouth.

The reason why the wronged soul wanders outside is only because his body has not been rested... Generally, the wronged soul will run out after the corpse is disturbed...

On the one hand, the clever Chen Qiaozhi and the ghost servants couldn't help frowning slightly when they saw this sentence.

Just listen to Chen Qiaozhi's words: "Li Tian, what do you mean by showing us this is... the reason why the female ghost on the Liaotang Expressway appeared there is because his body has not yet rested, so her ghost Wandering on that highway?"

One of Chen Qiao asked with horrified questions, while blinking at Li Tian.

"Not bad!" To be honest, this is what Li Tian understood!

And he always felt that the reason why the female ghost appeared on the Liaotang Expressway must have its weird reason, and now Li Tian found out the reason.

"Do you know that I went there this morning?" Li Tian said excitedly.

The brothers were all taken aback. In fact, they really didn't know that Li Tian went there early this morning.

So he asked, "Little boss, where have you been?"

"Which abandoned station I went to the day before yesterday was looking for the old man at the door again!" Li Tian said with a smile.

what?

"Are you looking for that old man again?" Tang Xiaolong said in surprise.

"Yes! And I also asked him a lot about the female ghost on the Liaotang Expressway."

"What did he say?" The brothers looked at Li Tian curiously and asked.

Li Tiandao said: "He told me something about the female ghost in white clothes, and also told me that the body of the female ghost in white clothes was taken and burned by the people who built the road back then!"

After listening to Li Tian finished speaking, Chen Qiaozhi frowned slightly.

"Hey, that's not right. Since it is said that the female ghost's body has been burned, why is she still wandering on that highway?" Chen Qiaozhi suddenly asked a vital question.

At this time, the brothers also suddenly thought of the sentence Li Tian saw on the computer just now; the reason why the wronged soul is wandering outside is only because his body has not been rested... Generally, the wronged soul is only after the body is disturbed Will run out...

At the moment Li Tian heard Chen Qiaozhi say this, he was silent for a while, and the brothers didn't understand what happened.

Is there something wrong with the data displayed on the computer? Or does it mean that the body of the female ghost in white was really disturbed?

I saw that after Li Tian was silent for a long time, he suddenly raised his eyes and said, "I think this is the most important point of the problem. I should investigate this matter clearly."

"I want to ask those people who burned female corpses back then to ask clearly!" a sentence suddenly came out of Li Tian's mouth.

what?

"Li Tian, do you think there might be something wrong with the female body back then? Hasn't it been burned?"

"Boss, you are looking for those people who built the road back then? But do you know them? Things have passed for so many years." The brothers said in confusion.

I saw Li Tian smiled faintly and said, "Don't worry! I already know who was responsible for burning the name of the female corpse."

Li Tian does know!

This morning, he still clearly remembered that the janitor told him that the two people who were responsible for burning the female body back then were Wang Laosan and the old man Sun.

"The little boss, are you going to find them?" Tang Xiaolong asked questioningly.

Li Tian thought for a while and said, "Yes!"

"I now suspect that the reason why the female ghost in white clothes appeared there was because they didn't treat her body properly...I believe that if her body is processed properly, maybe the female ghost in white clothes will disappear! "

Li Tiantian still remembered what the female ghost in white once said: Take me home... Take me home...

They all talk about unjust ghosts, unjust ghosts, what is wrong? It's because she had resentment before she died!

As long as the resentment of her is eliminated, I believe the ghost will disappear automatically!

Therefore, Li Tian plans to investigate this matter personally, and he has to figure out why the female ghost will often come and go on the Liaotang Expressway.

So after Li Tian made this decision, he didn't stay for a moment and directly took the brothers to the old station again and found the old man guarding the door.

The old man guarding the abandoned station did not expect Li Tian this boy to go and return again, and with so many people.

Not only blinked those old eyes, looked at Li Tian suspiciously, and his brothers asked: "Young man, why are you here again?"

"Old man, I'm not telling you, I still have one more question to ask you." Li Tian said with a smile.

The old man at the door frowned and said, "Is it still about the female ghost?"

"um, yes!"

"Old man, I want to ask, the old man Wang, who was responsible for burning the female body, and old man Sun, are they still in Beitang City now?" Li Tiandao asked.

The old man guarding the door was obviously taken aback at Li Tian's question.

"You ask them? Ask them what?"

"It's okay, I just want to ask them both about the specific situation of the female corpse back then." Li Tiandao said.

The old man who watched the door whispered: "You boy, it's really strange...Why are you so persistent about this matter?"

Li Tian just smiled faintly, and didn't say why.

"Well, since you want to know, I will tell you!"

"The old man Wang and old man Sun are indeed still in Beitang City... but old man Sun had already passed away from cancer a few years ago... Now the old man Wang is still alive alone!"

Listening to the old man at the door saying that when one of them was still alive, Li Tian was of course extremely excited.

"The old man, can you tell me the current address of Wang Lao San?"

The old man at the door said: "He, he lives in the residential building not far in front...Huatong District...in the 96th building, in room 203."

"Thank you, old man."

After Li Tian heard the old man tell him the address of Wang Lao San, he thanked the old man and walked quickly to the front residential building with his brothers.

The old janitor at the back looked at Li Tian and the back of the brothers away, and not only murmured, "This young man, it is strangely tight... Is it possible that he still wanted to investigate it and even the police could not solve it." The female ghost case?

Chapter 825: Find Wang Lao San

Li Tian really wants to investigate this female ghost case! Since last night, Li Tian has made up his mind to solve the female ghost who blocked the way!

This not only opened a passage for himself to go to Liaocheng, but also solved a big problem for the people of Beitang City, so he made up his mind that he must subdue the female ghost this time.

Following the address that the old guard said, Li Tian and the others really quickly saw Huatong District in the front community!

After seeing the Huatong District, they began to look for the 96 unit buildings.

Soon they found it.

"This is it!"

"Yeah! It's Room 203 on the second floor." Li Tiandao said.

So the brothers quickly went up the stairs.

After arriving on the second floor, I found room 203. Outside room 203 was the anti-theft chain door, which was tightly closed at the moment.

After Li Tian and his brothers arrived, Li Tian glanced at the door of the room in front of him, and then stretched out his hand to ring the doorbell on that door.

Dingdong made a clear sound.

After a while, I heard footsteps coming over the room.

With a bang, as the iron door slowly opened, a gap was revealed.

"Who?" An old voice came in from inside.

"Let me find... Wang, Mr. Wang." Li Tian smiled at the crack of the door.

Through the slight gap in the door, you can see that the one who opened the door is an old man in his 50s... His face has some pockmarks, his skin is dark, and his eyes seem to be muddy looking at the stranger Li Tian outside the door.

"Are you looking for Mr. Wang? There is no Mr. Wang here, only I, Wang Lao San, you are looking for the wrong place." The old man claiming to be Wang Lao San said impatiently and was about to close the door!

"and many more....."

"We are looking for you!" Li Tian suddenly stretched out a hand and grabbed the door he was about to close.

The old man was shocked when he saw Li Tian grabbing the door of the room.

"You...what do you want to do?" the old man said scaredly.

After all, an old man saw a group of strangers suddenly come to him inexplicably. If he is not afraid, he can't justify it!

I saw Li Tian smiling and said: "Old man, don't be afraid, we were introduced by the old man who guarded the abandoned bus station!"

Hearing what Li Tian said, the guy named Wang Lao San was slightly stunned.

"Oh... Lao Hu introduced it!"

"Yes!" Li Tian said with a smile.

The dark man who claimed to be Wang Lao San, thought for a while and said: "Okay, you come in!" When Wang Lao San heard the character introduced by his acquaintances and friends, he slowly let go. After being vigilant, he opened the door to the room.

After opening it, Li Tian walked in with his brothers smiling.

The room is very simple, and judging from the furnishings in the room, he lives alone here.

After Li Tian and the others entered the room, Wang Lao San politely took out a pack of cheap cigarettes from a nearby place and handed it to them.

"Smoking, smoking..."

Li Tian smiled and waved their hands.

So Wang Lao San was not polite, he lit one himself, bit the cigarette with his burnt yellow teeth, and allowed to smoke in his mouth.

"Lao Hu introduced you to me for what?" Lao Wang asked Li Tian and the others in the local dialect.

Li Tian smiled and said, "It's true that we came to see your old man today, in fact, we want to ask you something about your road construction back then."

"Building roads? What kind of roads? I have built a lot of roads in my life..." Wang Lao San looked at Li Tian and the others questioningly.

"It's the haunted Liaotang Expressway." Li Tian said slowly, and then blinked at Wang Lao San before him.

what?

"Are you asking about that ghost road?" Wang Laosan didn't know what was going on. When he heard Li Tian talk about the Liaotang Expressway, his dark pockmarked face suddenly showed a weird look. .

The cigarette in his mouth also took a few deep puffs.

Li Tian looked at Wang Lao San's face weird, and realized that he must have thought of things back then, so he continued to say: "Yes!"

"Who are you? Why do you want to ask these questions all of a sudden?" Wang Lao San asked Li Tian and the others carefully, looking carefully.

Li Tiandao said: "We are actually some tourists passing by! Just because we want to go to Liaocheng, it's a pity that I heard that the highway is haunted... so there is no way to pass, so I wanted to ask those of you who were there. What's the situation?"

"I don't know!" Wang Laosan said with a sudden change of face.

There was also an impatient look on his dark face.

This situation made Li Tian and his brothers startled slightly, and they couldn't help but lining up in their hearts: Why did this old man change so much in an instant?

"Old man, we don't mean anything else, just want to know about the female corpse back then." Li Tian said his intentions.

"I have already told you, I don't know, I don't know anything..." Wang Lao San said in an angry voice suddenly.

"Hey, old man, my little boss just wanted to ask you a question, wouldn't you?" Tang Xiaolong felt that the accent of Wang Lao San's words was a bit unpleasant, and at this moment he not only said slightly angrily.

Li Tian stopped Tang Xiaolong slightly, and continued to look at the old man with a smile, and said, "Old man, I guess you must have a lot of secrets in your heart...but it looks like you don't want to say it right now!"

"But the old man, I think you should know that if a person hides a secret in his heart, he will feel uncomfortable. No matter what kind of ulterior secret, the longer he hides it, the more uncomfortable he feels... So I I still hope you can tell those things back then."

"In fact, if you say it, you will find that everything is nothing."

Listening to Li Tian's words, Wang Lao San suddenly hesitated.

He squatted on the ground, with a rough hand holding the miscellaneous cigarette in his hand, still sucking deeply in the mouthful, seemingly worried.

And Li Tian did not persecute him anymore at this time, but stood quietly on the side, waiting for Wang Lao San to speak.

After a long time, I don't know if Wang Laosan finally figured it out, or because he really didn't want to hide the secret in his heart.

I saw him stubbornly pinch the cigarette **** in his hand, then lifted up his dark face full of pockmarks, looked at Li Tian and the others said, "Go ahead, what do you all want to know?"

Chapter 826: The truth about female ghosts

Hearing that Wang Lao San was finally ready to tell what happened back then, Li Tian suddenly became happy.

"Old man, you must have heard about the female ghost in white clothes on the Liaotang Expressway in recent years?" Li Tian asked.

That Wang Lao San nodded silently with a swarthy face, and snorted: "Yeah!"

"Then do you know that the white-clothed female ghost haunted on the Liaotang Expressway is the white female corpse you dug up back then?" Li Tian continued to ask.

"I know..." The third king said another sentence at this moment.

After hearing Wang Laosan finally confessed, Li Tian thought about it and asked, "Old man, I also heard that when the female corpse was finally handled that year, you and an old man named Sun handled it together, right? ?"

Listening to Li Tian's question, Wang Lao San blinked suspiciously, then nodded silently.

"Yeah! It's both of us!"

"I want to know, how did you burn that female corpse back then? Burn it there?"

When Wang Lao San heard Li Tian's question, not only his body trembled slightly.

Although this movement is very small, the eyes of Li Tian and his brothers are so sharp, how can they not see this small change in him? At this moment, after seeing that Wang Lao San's body trembled slightly, they Pretending not to see anything, just looking at Wang Lao San.

After trembling, Wang Laosan suddenly sighed.

"Hey!"

"Actually, I didn't expect that the female corpse that was dug up at the beginning would be so harmful to people now..." The Wang Lao San suddenly sighed there.

After hearing Wang Laosan's sudden sigh, Li Tian and the others listened carefully to the old man's words.

Just listen to Wang Laosan continuing to say: "Back then... We did excavate her body when we were building the road... It's just that no one thought that this female corpse would cause such a catastrophe now. ..."

"Hey! Blame me... both of us!"

A weird sentence suddenly came out of Wang Lao San's mouth.

After he said that, Li Tian and the brothers around him were all taken aback.

I couldn't help but secretly said: Why does this Wang Lao San blame himself?

I just listened to that Wang Lao San continue to say: "Do you know? When the female body was dug up...because it was very strange to see that female body...and the police couldn't find out the reason, the police did I sent the female corpse back again... I remember clearly that our road repair section boss was a particular person... For this reason, some mages were invited to do a simple ritual! The purpose was to make the female corpse Rest in peace..."

"After finishing the ritual, the wizard said, let us burn the female corpse as soon as possible..."

"So our boss arranged for me and Old Man Sun to burn this female corpse..."

Listening to what Wang Lao San said, Li Tian asked: "Then you really burned that female corpse?"

"No...no burning!" The Wang Lao San suddenly said in his voice full of self-blame and regret.

"Ah? Didn't you burn it?" The brothers behind Li Tian were taken aback!

No wonder this is the case, no wonder the female ghost in white has been wandering on that highway... It turns out that her body was not burned many years ago!

The reason why the wronged soul wanders outside is only because his body has not been rested... Generally, the wronged soul will run out after the corpse is disturbed...

Now my brothers finally understand the deep meaning of this sentence!

It seems that the reason why the female ghost wandered on the Liaotang Expressway was because her bones did not really rest in peace.

Imagine that her bones were originally buried underground, but unfortunately they were dug out by these road builders...After dug out, they would be fine after being burned, but I didn't expect this Wang Lao San to That old man Sun didn't even burn the corpse back then.

At this moment, Wang Lao San's face was full of self-reproach and regret, and he said: "Hey... Actually, after I and Old Man Sun carried the body there, we planned to burn it, but unfortunately I didn't expect it to rain. That's it! We lighted the fire once, got wet once by the rain...lighted once, wetted once... Finally we had no choice but to throw the female corpse there...turned and ran!"

"To be honest with you, we really didn't expect this female corpse to make such a big disturbance... and also harm so many people... If we knew, we would definitely burn her bones clean." Wang Lao San said.

After listening to Wang Laosan finally telling the story about the female corpse back then, Li Tian finally understood it!

He finally understood why that female ghost would continue to wander on that highway, and why she would keep stopping those who drive by: take her home...

It turned out that she just wanted to get rest, the rest of the soul.

After listening to the words of Wang Lao San, Li Tian was silent for a while, and then suddenly said: "Old man, do you remember that you threw the female corpse there?"

Regarding the question that Li Tian asked suddenly, Wang Lao San seemed slightly taken aback.

"Why are you asking this?" Wang Lao San looked at Li Tian in surprise.

Li Tiandao: "Because I want to stop that female ghost... I also want that female ghost to rest in peace!"

"I believe that the reason why the female ghost has been wandering on the Liaotang Expressway is because her body has not been put to rest... If you burned her body back then, I think maybe it would not happen so much now. It's up."

"Why do you think so? Why do you think that as long as her body is burned, she will not show up again?" Wang Lao San in front of him looked at Li Tian strangely.

Li Tian smiled slightly: "Actually I am not so sure!"

"But I am willing to try it!"

"And you know what? That female ghost has always wanted to go home now...and always wanted to return to her original place..." Li Tian said.

"Yes, yes! What the little boss said is not bad... That female ghost yelled to take her home before." Tang Xiaolong had seen that scary female ghost with his own eyes and had heard her words. So this can't help but quickly say.

When Wang Lao San heard Li Tian's words, his brows frowned tightly, and a strange look appeared on his dark face.

"You... Have you met the ghost in white?" Wang Lao San said in horror.

I saw Tang Xiaolong behind him with a smile and said, "Of course! How else would we come to you!"

"Tell you, we not only met the female ghost, but also heard her talking..." Tang Xiaolong said.

Wang Lao San was shocked when he heard Tang Xiaolong say this.

They actually saw a ghost! And I saw it with my own eyes. The most important thing is that I am standing in front of him now...

What a great skill! That Wang Lao San felt.

Chapter 827: Ghost bridge

"Now can you tell us that the female ghost's body is there?" Li Tian asked, raising his eyes to look at the pocky-faced Wang Lao San before him.

Wang Lao San hesitated for a moment, and his swarthy face showed an expression that was difficult to make up his mind.

"What's the matter? Do you still hope that terrible female ghost will continue to harm people on that highway? I tell you, it's all because you didn't burn the female corpse back then...so that indirectly caused so many people Victims, so many people disappeared for no reason." Tang Xiaolong on one side angrily said to Wang Lao San who was still hesitant in front of him.

When Wang Lao San heard what Tang Xiaolong said, he finally summoned his courage and said, "Okay, I will take you there!"

"I know that female corpse is there!" Wang Lao San said.

Hearing that Wang Lao San finally said that he knew the location of the female corpse, Li Tian and his brothers were also happy now.

"Well, if you know it, take us to find the female corpse now... I believe that as long as the female corpse is burned, there should be no problems in the future." Li Tiandao said.

That Wang Lao San also nodded sincerely: "Well! That's good!"

"For so many years, I have been afraid... afraid to face this thing... now it's time to break my heart!"

So Wang Lao San decided to take Li Tian, his brothers, and others to find the female body that was not burned back then.

When they took Wang Lao San out, it was already past 12 noon.

Li Tian, who hadn't even eaten lunch for lunch, directly took the third child to find the female corpse.

According to Wang Lao San, the female corpse was actually located near the bridge on the former Liaotang Expressway... Because the female corpse was found there back then, they have to rush to that place to find it now. With a female body.

Tang Xiaolong and his brothers didn't know where they got a dilapidated Santana!

Because only one was brought, only Tang Xiaolong went with Li Tian, as well as the ghost servant and Duguxie, as well as Wang Lao San.

They crowded on the old Santana, and after the car started, they drove quickly towards the Liaotang Expressway.

Walking on this lonely and gloomy road again...the Wang Lao San's face showed fear. And Li Tian, who had experienced female ghosts before, and Tang Xiaolong who drove, were also cautious.

Quietly driving across this lonely highway, they drove forward.

This road doesn't know why, when their car is driving on it, they can feel as if there are a pair of cold eyes staring at them around, and they are all uncomfortable looking at them!

"Little boss, would you say that the female ghost in white will come out during the day?" Tang Xiaolong asked as he drove the car while his eyes widened and whispered to Li Tian who was sitting while sitting.

Li Tian thought for a while and said, "It shouldn't be possible!"

"Oh, all right....."

"If that female ghost wants to come out... then it will be a big trouble!"

While talking, driving the car forward, after all, it was much better during the day than at night, and it was not that scary... and they were all in a good mood.

Finally, after driving for more than an hour, Tang Xiaolong and the others saw the bridge again!

It was the bridge where Tang Xiaolong was almost killed last night! And it was the place where the female ghost body was once dug out.

When he saw the bridge at first glance, Tang Xiaolong couldn't help but stepped on the brake! The car stopped directly with a hiss.

Li Tian and Duguxie also saw the haunted bridge at this time.

"Here again..." Tang Xiaolong's fear can be heard in his voice, and Tang Xiaolong's hair is cold when he suddenly thinks of the female ghost last night.

Of course, Wang Lao San over there also recognizes this place... This is where the female ghost's body was dug up... Of course he remembered it clearly in his heart.

Above the dark face at this moment, the eyes are also wide.

"It's here...it's here..." The third king said in an unpleasant voice.

"This is the place where the female ghost was dug out?" Li Tian asked curiously.

"Well! That's it... I remember it clearly!" Wang Lao San said in a trembling voice.

Li Tian frowned slightly and continued to look at the bridge ahead.

A strange scene appeared... I don't know why, when Li Tian looked at it, the bridge was intact.

"Boss, it's weird, it's weird... Do you think the bridge is so good? Yesterday, why is there nothing wrong with the place I hit yesterday? There is no trace of being hit?" Tang Xiaolong suddenly stared and pointed with his fingers. Asked the bridge in front.

Of course Li Tian also discovered this weird scene!

He still clearly remembered the scene where Tang Xiaolong was entangled by a female ghost last night, and then the car crashed into the guardrail of the bridge and rushed down the bridge... But now? That bridge is so good, nothing happened? And there is no trace of being crashed!

What's going on?

Why is this happening? Is it really hell?

"It's really strange!" Li Tian also said slightly.

"Little boss, what should we do? Let's... let's... still go to this bridge?" Tang Xiaolong looked scared and asked there.

Then Li Tian hesitated too, because he was also afraid that yesterday's thing would happen again. After thinking about it at this moment, he raised his eyes and looked at Wang Lao San on the side: "Where is that female corpse?"

Wang Laosan pointed to the front and said, "Just after passing this bridge, it's not far away!"

Li Tian was suddenly depressed.

"It seems that we must cross this bridge today!" Li Tian said, looking at the lonely bridge in front of him.

Hearing Li Tian's words, Tang Xiaolong's expression suddenly became ugly.

"Damn, I don't believe it anymore, am I still hitting a ghost today..." Tang Xiaolong cursed angrily from his mouth!

Then he started the car with a hum...

"Sit down, everyone...I don't believe in broad daylight, is it ***** this time!"

Talking, Tang Xiaolong stepped on the gas pedal... the car let out a roar... hum, and then drove towards the haunted bridge in front.

Although Tang Xiaolong said that he was not afraid, what about his heart?

How could he not be afraid? The image of that horrible female ghost was still clearly appearing in his mind, and he was just biting the bullet at this moment.

And Li Tian, Duguxie and the ghost servant were also prepared for the worst, and they looked around carefully.

The car finally got on the bridge slowly...

Chapter 828: Find dead bodies

When the car walked on this bridge, each of them stood upright with their hairs... blinking and looking around.

Tang Xiaolong drove slowly in front...

One meter, two meters...

It seemed that nothing weird had happened, and the two dilapidated Santanas drove steadily on this bridge.

Just when Li Tian and his brothers felt that it was impossible to meet ghosts in this broad daylight, suddenly they just listened to the static radio in the car, and suddenly there was a hissing sound...

what!

Gosh! That radio rang automatically...

At the moment the radio rang suddenly, the faces of the brothers suddenly changed!

And Tang Xiaolong was even more frightened.

"Haunted... Haunted..."

Everyone who saw this radio came to mind inexplicably.

It's really haunted... It's really a ghost again!

Just after the radio rang by itself for no reason, suddenly the car that had been driving steadily turned off at this moment!

Just after the car went out in the middle of the bridge for no reason, Li Tian's face changed drastically.

"Get off the car!" Li Tian suddenly exclaimed.

Then Tang Xiaolong, the ghost servant and Duguxie behind him hurriedly pushed the car door, and then quickly jumped out of the car.

Just after the brothers all jumped out of the car, the old Santana groaned by itself.

"Quickly, get out of the bridge!"

"Get out of here!" Li Tian felt that something was getting wrong on the bridge... His sixth sense clearly felt the danger.

So the brothers hurried to one end of the bridge and ran desperately!

And the dilapidated car behind the ghost-entangled car suddenly grunted, and the driverless driver suddenly ran into them.

"Be careful!" Duguxie was shocked when he saw that the car hit them all at once! Hurry up and shout, while Li Tian and Tang Xiaolong are running lifelessly...

Tang Xiaolong jumped and escaped the ghost car! After getting up from the ground quickly, he hurried to the front.

The same is true for Li Tian.

Ghost! Ghost! Everyone knows that ghosts appeared at this moment,

Just when the brothers finally reached a section of the bridge, they looked back, but saw a ghost woman in white clothes floating in the middle of the bridge...

The dark hair still covers her face... makes it impossible to see her grimace, and her body is floating in the middle of the bridge.

"Female Ghost in White..."

"It's her, it's her..." Tang Xiaolong screamed out in shock.

And Li Tian, Duguxie and the ghost servant also saw the female ghost in white on the bridge.

Good deed, they saw this female ghost for the first time.

"So it was her..." Li Tian murmured.

The whole of the three faces of Wang and Lao in the place nearby had already changed...because he could also see that the female ghost in white in front of him was the female corpse when the road was built more than ten years ago.

"Unexpectedly, she really became a ghost... really a lonely soul..." Wang Lao San said in his voice full of fear and regret.

"Little boss, what shall we do now? The female ghost has come out!" Just listen to Tang Xiaolong saying in fear.

Li Tian was in danger, looking at the female ghost floating in the middle of the bridge in front, and quickly said: "Quickly, find her body..."

"Look for her corpse?"

"Yes! I think only after finding her body and burning it, maybe she will disappear!"

As Li Tian said this, the brothers nodded quickly.

"Wang Lao San, where is the woman's body?" Tang Xiaolong asked, looking at Wang Lao San in front of him.

"In...in...in front!"

Only now did Wang Lao San wake up from the shock, shaking his fingers and saying in front of him.

"Okay, you take us to find the corpse!"

Li Tian hurriedly pulled Wang Lao San by his side and ran to the front, and the Duguxie, the ghost servant and Tang Xiaolong also hurriedly followed.

When they went crazy looking for the female ghost's body, what about the female ghost in white floating on the bridge? Suddenly, his body flashed, and the ghost disappeared instantly.

Where did you go?

No one knows!

Li Tian and his brothers here hurriedly searched for the corpse of the former female ghost.

"It's this area..." After running to the front, Wang Lao San suddenly pointed his finger at a small forest under the road and said.

"I remember clearly... the old man Sun and I threw her body here!"

Following Wang Lao San's words, Li Tian jumped directly off the highway, and Tang Xiaolong and the ghost servants quickly jumped off there.

"Xiaolong, look for it, look for the female corpse..." Li Tian said after he jumped down.

Tang Xiaolong nodded quickly, so the four of them started looking for the female corpse that had been left behind!

Although Wang Lao San can point out the general place... but he has forgotten the exact address. After all, so many years have passed... How could he remember so clearly? At this moment, he also jumped off the highway and looked for help.

When they hurriedly searched for the corpse of my female ghost, suddenly a strange cool breeze blew towards them.

They all felt something wrong with the gloomy wind! But at the moment they were still looking for it in the woods, bent over.

"Young Master... I seem to have found it!"

The ghost servant over there said with a scream.

Following his words, Li Tian, Duguxie and Tang Xiaolong were all happy in their hearts, and quickly turned their heads to see...&

Gosh!

At this look, I was shocked!

"Ghost servant..."

"Master...you...you...behind..."

Damn!

Look carefully, behind the ghost servant is standing motionless, the scary female ghost in white clothes...Hair dangled, wearing a white robe is standing behind him.

And the ghost servant also felt something wrong behind him in an instant!

The cold feeling... definitely not like the feeling of standing behind him... It's a ghost! It is a female ghost in white clothes.

It's a gloomy feeling that's in the bones behind him!

Then he turned his head back boldly!

The moment he turned around, he only saw a pair of fierce eyes exuding eye-catching eyes... Those eyes were white and terrifying, and then the ghost servant's huge body was suddenly covered by an unknown Suddenly, the strange power of shook out...

There was a plop, and then he fell heavily on top of a big tree!

Chapter 829: Send you to hell

As the ghost servant's body flew out all of a sudden, it directly hit a tree with a thick wrist, and a huge tree was directly broken by him.

"Ghost servant..."

"Master!" Tang Xiaolong Haiyu Duguxie desperately ran towards the ghost servant.

But after seeing that ghost servant fell heavily to the ground, his face was pale... as if he had received a very serious injury.

"Master, how are you?" After Tang Xiaolong ran over, he worriedly supported the ghost servant and said.

The ghost servant shook his head slightly, and said in a calm voice, "I'm fine..."

Looking at this side, the female ghost in white is standing motionless on the spot where the ghost servant stood just now...Her hair is scattered... and she is floating in the air.

"Young Master...her body, right in front of her!" Just listen to the ghost servant saying there!

It turned out that the ghost servant had indeed found the corpse of the female corpse...and it was where the female ghost was floating now.

But Li Tian was depressed!

I didn't expect the female corpse to be by the female ghost now. What can I do?

That Wang Lao San had already been so scared to hide in one side...the atmosphere didn't dare to show one!

And Li Tian and his brothers here are facing the scary female ghost in front of them!

"What about the little boss?" Although Tang Xiaolong mustered the courage to speak, he could still hear his fear in his voice.

Li Tian was also scared, but he knew that he had to solve the female ghost's affairs today, so he tried to calm himself down.

"I'll lead this female ghost away... You take that corpse!" Li Tian said suddenly.

"Young Master, let me come!" When the Duguxie over there heard Li Tian say that he was in danger, he immediately stopped Dao and said,

But Li Tian gave him a chance, and at this moment, he had already stepped forward slowly toward the female ghost in white!

"Young Master..." Duguxie saw that Li Tianzhen himself was going forward to seduce the female ghost, shouting worriedly at the moment.

But Li Tian was not scared at all, but cautiously walked towards the female ghost step by step.

"Come... come to me..." Li Tian whispered while thinking about the female ghost walking.

Just when he was about to get close to the female ghost, the female ghost who had been wearing long black hair suddenly lifted up a grimace...Goodbye! What kind of scary face is that...

Pale and without blood! It's completely like a zombie... and the skin has begun to rot completely... At the same time, I saw that her pair of pupils were completely black holes... There were no black pupils inside...

When Li Tian suddenly saw such a scary face, his heart was about to jump out of fright.

Then there was a feeling of nausea that he had never felt before. He wanted to vomit, but he couldn't.

Just when the white-clothed ghost raised her grimacing face, Li Tian only felt that his feet suddenly stopped there...No longer could move forward...

"What happened?"

"Why can't I walk?" Li Tian was horrified there.

And the Duguxie and Tang Xiaolong in the back also saw Li Tian's strange expression, and saw the weird expression that he wanted to walk but couldn't move...

"Little Lord!"

"Little boss!"

Duguxie and Tang Xiaolong hurriedly ran towards Li Tian... At this moment, even if they faced the terrifying female ghost, they were not afraid.

Just when the two of them wanted to come over to help Li Tian, suddenly two tens of kilograms of stones on the ground flew towards them with a sound.

Seeing the big rock flying over, Duguxie accumulated his palm strength, and a thick palm directly smashed into the air!

With a bang, the stones weighing several tens of catties were directly smashed by his fierce strength!

And Tang Xiaolong over there also quickly dodged, avoiding the stone.

Seeing that they were about to reach Li Tian... But suddenly the figure of the female ghost in white disappeared instantly... Then, when Duguxie and Tang Xiaolong didn't react...their necks were suddenly caught A cold hand pinched his neck.

And as their necks were pinched, their bodies were lifted up suddenly.

Be good!

That female ghost in white suddenly pinched Duguxie and Tang Xiaolong's neck...

"dead!"

"You all die to me!"

Suddenly, a sullen voice yelled from the female ghost in white... Her rotten face was the one with a devilish smile, her black pupils spilt with a biting light, screaming there.

"Second brother... Xiaolong!" The ghost servant saw that Duguxie and Tang Xiaolong were suddenly pinched by his neck, and couldn't help but want to come up to help... It's a pity that the female ghost suddenly black hole-like eyes. He glared, and then the ghost servant was bounced out by an unknown force, thumped and fell to the ground!

At this moment, Duguxie and Tang Xiaolong were already tightly pinched by the female ghost...At the same time, their bodies were also lifted alive...

They want to struggle, but how can they break free of the female ghost's hand!

Li Tian wanted to help, but it was a pity that his feet were rooted, and he couldn't move at all... The ghost servant over there was beaten to the ground... unable to get up.

Seeing that Duguxie and Tang Xiaolong's complexion have begun to turn pale...If the female ghosts are not stopped, they will most likely be pinched to death!

Li Tian suddenly remembered the most useless person!

Wang Lao San!

At this moment, Wang Lao San had already been so scared to hide away and did not dare to come out... But at the moment he is the only one who can move, and one can help!

So Li Tian yelled in surprise: "Wang Lao San, come out soon... and burn her body!"

When Wang Lao San heard Li Tian's cry, his face turned pale... He was trembling and did not dare to come out.

"Hurry up!" Li Tian continued to shout, while still worried about Tang Xiaolong and that Duguxie.

But that Wang Lao San was really scared... he was scared of that female ghost!

In the end, perhaps it was a conscience discovery, maybe he had finally gotten up the courage... Then Wang Lao San finally made up his mind, gritted his teeth and ran out of the hiding place, and hurried towards the ghost servant who found the corpse Somewhere to run.

After running over, Wang Lao San saw a few white bones thrown on the grass...The skull had been completely deformed, after so many years of wind and rain!

And these bones are the bones of the female corpse back then!

In one hand he held the gasoline that was already prepared, and in the other he held a lighter.

"Damn female ghost... Ten years ago I should send you to hell... Ten years later, I will send you to hell!"

After a word came out of Wang Lao San's mouth, he immediately poured all the gasoline in his hand onto the white bones.

Chapter 830: go away

And what about the female ghost holding Duguxie and Tang Xiaolong? At this time, it seemed to feel strange!

But it was obviously too late...because the lighter in Wang Lao San's hand had ignited with a pop...

"go to hell!"

As the lighter in Wang Lao San's hand was thrown at the bone... with a bang, the petrol-spattered bone directly burned.

what

A stern ghost cry came out of the female ghost's mouth.

With a plop, Duguxie and Tang Xiaolong who were pinched by their necks suddenly fell from the air!

The two fell to the ground at the same time, coughing.

Look carefully at their throat tubes, they are all strange purple handprints.

And what about Li Tian? He was completely unable to move, but at that moment, he got rid of the restraints and his body moved directly!

The fire burned her bones...

What about that female ghost? Her body was suspended in the air and was burned by the fire... Ah, ah, ah... screamed sternly!

And the brothers and the youngest king looked at everything in front of them with horrified faces at this moment!

Gradually, only the body of the female ghost... began to slowly melt... melted... and finally turned into a cloud of dust slowly falling from the air.

No more!

Everything is gone.

Watching the female ghost disappear into nothing, Tang Xiaolong flushed and asked in a low voice, "Is the female ghost dead?"

"It should be!" Li Tian also sighed slightly.

That Duguxie also walked over with the ghost servant at this moment, looking at the disappearing traces of smoke... They really did not expect that after experiencing such a life and death situation, they would finally subdue the female ghost.

Yes, her soul must be at rest!

Now that her body has been found, and it has been burned by the fire, presumably even if she goes to hell, she will rest in peace.

Wang Lao San looked at the disappearing female ghost and the burning bones over there, often sighing there, full of exclamation.

"Blame me... if I burned her bones early in the past, I wouldn't have had so much trouble now..."

Li Tian next to him smiled slightly, stretched out his hand and patted him on the shoulder.

"It's okay... Although you didn't burn her body more than ten years ago, didn't you still do it more than ten years later? Thanks to you this time... If it weren't for you, my brother and I might both be both today. Can't live anymore." Li Tian said with a smile.

Of course, Wang Lao San knew that Li Tian said humble words!

At that time, if he hadn't made this decision at the risk of his death... He might still be a tortoise with his head shrunk, afraid to face it! If it weren't for Li Tian and the brothers, he wouldn't even dare to come this highway by himself!

"Young people...Who are you guys? Why do you risk your death to do this?" Wang Lao San looked at Li Tian and the others in surprise at this moment and asked.

According to his imagination, people who can see righteousness and brave death to do such a thing, it seems that there are not too many people in the world today.

I saw Li Tian and the brothers actually smiled slightly: "We are just passers-by!"

The female ghost incident on the Liaotang Expressway was finally solved by Li Tian and the others!

That's why Wang Lao San has done everything he owes and regrets ten years ago!

Now, when he sees people on the street all day, he says: Liaotang Expressway is back to normal...Liaotang Expressway will never happen to haunted things again...

For this reason, Wang Lao San was specially invited to the TV station in Beitang City!

He told the TV station all the things Li Tian and him had experienced, and how to subdue the female ghost.

At the beginning, many people did not believe it!

But I didn't expect that the old man who guarded the abandoned bus station also rushed to the TV station personally to testify for the third son of the king, and said that everything that the third son of Wang said was true, and the people at the TV station believed it!

It's just that when the TV station people want to find the real heroes behind the scenes: Li Tian and others...

They can't find it!

Because when the TV station people went to the hotel to look for Li Tian and his brothers and others... Then Li Tian and his brothers had already left the hotel here the day before!

Therefore, the TV station in Beitang City can only show that a group of unsung heroes solved the haunted problem that has plagued Beitang City for so many years.

"Hey... where is that young man?"

Outside the TV station, he was wearing brand-new clothes and the old doorman with the old smoke in his mouth was watching, said Wang Lao San, who was happy while watching!

Wang Laosan had just received a Good Citizen Award from the TV station. He was happy at the moment when he heard the old man watching the door say: "Ah? What did you just say? I didn't hear it!"

"You bastard... I'm asking the group of young people who worked with you to make ghosts?"

"Don't look at your prize... If your good citizen prize is not someone else, can you get it with your crappy prince?" The guardian said to the prince sarcastically.

Wang Lao San smiled, showing his big yellow teeth, and said: "You are right! You are right!"

"Hey! I just don't know where those young people went..."

"Since we subdued the female ghost that day, they have gone!"

"Before leaving, I asked them where they were going... they said they were going to Liaocheng..."

"Liaocheng... they really went to Liaocheng." The old man who guards the door stood thoughtfully on the street, muttering, not knowing what he was thinking.

The only once haunted highway leading to Liaocheng: on the Liaotang Expressway, at this moment only two cars were driving forward like a speed.

The front one is a dilapidated Santana, and the back one is a van that was scoured from the second-hand market.

Because the Liaotang Expressway has just finished solving the haunting problem, not many people dare to walk now... Now, seeing this lonely highway far away, only these two cars are driving fast there.

Who are they?

Isn't it the Li Tian and others who went to Liaocheng?

It turned out that after solving the haunted incident on the Liaotang Expressway that day, Li Tian decided to leave for Liaocheng the next day. Because of the female ghost, they had already delayed their trip for two or three days here, so Li Tian did not delay any more, Tang Xiaolong went to the second-hand market to buy a van the next day, so he took his brothers to Liaocheng!

He is anxious to find the mystery of his father's disappearance...

And he still has so much blood and deep hatred waiting for himself to complete.

So he must go!

"Xiaolong, Uncle Dugu, how is your neck?" Li Tian asked while sitting in that old Santana while looking at Duguxie and Tang Xiaolong.

Although the two of them whose necks were pinched by the female ghost turned purple are almost done now... but if you look closely at their necks, you can still see the purple scary handprints.

"It's almost done!" said the two.

"I, Tang Xiaolong, really took it... I have never seen a ghost in my life, and I didn't expect to see it this time!" Tang Xiaolong said while driving there.

Yes, he still feels a little uncomfortable all over when he recalls the female ghost thing.
