

A Killer 831

Chapter 831: Arrive in Liaocheng

After experiencing this haunted incident, the brothers finally began to believe in the strange facts in this vast world.

But, after all, the road has to go on and things have to go on.

Now they drove two cars quickly towards the place where Li Tian started.

Liaocheng: It was Li Tian's first city, and it was also an extremely remote and poor county town.

The former Li Tian lived in that small county town. In order to make a living, he worked as a waiter, porter, and construction worker.

Ever since he came out of the declining orphanage at the age of 13, Li Tian has been living in that small county like this, since he met the most important person in his life that night: Situ Ningbing!

She changed his life... changed everything about him!

Thinking back to the dusty past, Li Tian not only let out a soft sigh.

He raised a pair of eyes and looked at the distant sky outside the car window... His eyes were deep and firm.

After more than two years of change, he is no longer the boy who was in Liaocheng, but has become a man who can really stand his chest.

Not only has he changed now, but he also found clues about his biological mother and his father most importantly.

How many years of dream... How many years of missing, now finally realized.

He wants to find his father, no matter who his father is...

Li Tian never cared how famous his father was or how powerful he was. In his mind, he just felt that it was just his favorite parents.

Now that he finally has news of his father, how can Li Tian not be excited?

So he is anxious to return to Liaocheng, wondering who left himself in this remote place back then... Is that person his father?

Li Tian, who was sitting quietly in the car, thought like that.

The brothers on one side were still talking about the female ghost.

"Xiaolong, do you want to meet the female ghost again in the future?" Old Monster Ge's voice came from the carriage.

While driving the car, Tang Xiaolong cursed with a cigarette in his mouth: "Your uncle...Don't curse me for success?"

"Haha, didn't you kid always say before, how courageous you are? Don't brag now?" Old Monster Ge continued to grin and said,

"Funny, when did I say..."

The two were arguing right here... and Li Tian on one side was sitting there quietly.

"Young Master, what are you thinking about?" When the ghost servant saw Li Tian on the road, he put his eyes on the outside of the car window, not only looked at Li Tian in doubt and asked.

Hearing the voice of the ghost servant, Li Tian slowly turned his head, smiled and said, "Actually, I didn't think about anything."

"Oh!" the ghost servant murmured.

"How long will it take to reach Liaocheng?" The ghost servant asked again.

Li Tiandao said: "It's almost two hours!"

"That's good... Young Master, I believe that as long as we reach Liaocheng, we can find out the trace of Big Brother!" The Ghost Servant said excitedly.

Li Tian also had a slight excitement in his heart... He really wanted to reach Liao City as soon as possible, to find his father's trace as soon as possible.

After so many years of missing, now finally has the result, how can he not be excited?

In a van following, Duan Muying, the girl Xiaohuan, and Situ Ningbing were sitting in the van.

Driving is the indifferent A Qiu!

He was like a fast stone, without even saying a word along the way.

Had it not been for Duanmuying to occasionally raise her eyes to see Ah Qiu driving in front of her, she would have overlooked Ah Qiu.

Some people say: Three women in one play!

But now that Duanmuying and Situ Ningbing are together, they obviously don't talk much.

On the way, Duan Muying seldom talked to Situ Ningbing. When she was really bored, she talked to that girl Xiaohuan, but what about Situ Ningbing? It didn't seem to mind, but just sat there quietly, carrying a beautiful face that made people jealous.

"Hey... why don't you say a word along the way?" Suddenly Duanmuying's voice reached Situ Ningbing's ears.

But seeing Duanmuying sitting on one side, she blinked her beautiful eyes at Situ Ningbing and said.

Situ Ningbing turned her face quietly and chuckled slightly, "What?"

Duanmuying's red and gorgeous little mouth pouted: "Whatever you say..."

"Talk about your past, talk about the future... Anyway, there are so many topics!" Duanmuying said.

Situ Ningbing heard Duanmuying say this: "I didn't have much to say before..."

Listening to Situ Ningbing suddenly saying this coldly, Duanmuying hummed softly: "If you don't say it, don't say it...!"

"Do you want to hear about my previous murders?" Situ Ningbing suddenly turned her beautiful face and said coldly.

After Duanmuying heard this, she was taken aback, and she suddenly remembered that Situ Ningbing had told her before that she was a killer! At this moment, hearing her say this, Duanmuying didn't like to hear those fighting and killing, so she frowned slightly.

The girl next to Xiaohuan was also looking at Situ Ningbing curiously.

"It's boring...boring...boring..." Duanmuying complained in the car with her **** little mouth pouting.

Even staying for a few days is by car, train, car... It really makes her depressed!

Originally, she didn't like this kind of long-distance journey, but now it is a pity that she hasn't even found someone to talk to, which really makes her depressed.

"Miss... I will accompany you to talk about conversation?" The girl Xiaohuan said to Duanmuying with a kindly blinking.

Duanmuying snorted in her nose: "Okay... okay..."

When Duanmuying was bored, Situ Ningbing looked out of the car window with beautiful eyes.

She still clearly remembered Liao Cheng, which was the first place she met Li Tian. When she remembered how scared Li Tian was when she met for the first time...and the appearance of being bullied by herself, her heart rose up. A sense of happiness.

At that time, he didn't know anything... He just helped himself with passion...

If it wasn't for Li Tian that time, he would probably be killed by the assassin of the Qisha...

Suddenly recalling these dusty past events... Duanmuying felt happy and sweet in her heart.

This Liaocheng is really remote.

Along the way, everything I saw in the past was barren hills and green hills.

There are no villages at all.

The brothers casually swept their eyes around, using their toes to think about it, and they could imagine that Liaocheng was such a broken place.

Chapter 832: Everything ever

The car was driving fast all the way.

Finally, after driving for about two hours, it was time for Li Tian and the others to get off the Liaotang Expressway.

Li Tian pointed to the rugged road ahead and said, "Along this road, we can directly enter Na Liao City."

After Tang Xiaolong uttered a cry, he drove down from the Liaotang Expressway.

And the van that Ah Qiu was driving behind was also following from the road.

The broken and rugged road in front of me is really broken...Although the road has been built, it is still bumpy, so Tang Xiaolong and his car can only slow down...This is the case, the bumps are still unbearable.

"It's almost here!" Just listen to the brothers sitting in the car asking.

"Hmm! Have you seen it before? That's Liao Cheng," Li Tian said, pointing his finger at a distant place.

From a distance, if it were not for Li Tian's words that it was a small county town, I guess my brothers would have thought it was a deserted village.

Tang Xiaolong, who was driving the car, blinked his eyes and looked at the poor Liao Cheng in front of him and said, "Little boss, you...lived here before?"

Li Tian smiled and said, "Yes!"

"I have lived here since I was a child... I have lived here for almost 20 years!"

Although Tang Xiaolong had always heard that Li Tian once lived in a small county town, he did not expect such a poor and backward county town. At this moment, he not only frowned slightly.

As their car drove forward, the more clearly that Liaocheng could be seen.

There are high and low houses one after another, most of the streets above are bungalows, a very small number of two-story buildings...

And the closer their car is to Liaocheng, the more you can see people from Liaocheng riding motorcycles or bicycles on the road.

When those people saw Li Tian and their car, they all raised their eyes and looked at it...as if they were curious about the car that the family in Liao Cheng bought? So awesome!

"This is the place where Li Tian once lived?" said Mu Ying frowned and looked at Liao Chengdao not far in front.

Situ Ningbing said on the side, "Well, yes!"

"It's really backward!" Duanmu Ying said.

"Although backward... but the people here are very simple!"

"How do you know?" Duanmuying asked Situ Ningbing curiously.

Situ Ningbing smiled faintly: "Of course I know!"

"Because I met Li Tian here!"

"Ah? Did you meet him here?" Duan Muying couldn't help being curious... To be honest, she really didn't know how Situ Ningbing and Li Tian met. Now she heard Situ Ningbing say this. Of course I was puzzled, and at the same time a little jealousy was born in my heart.

"Yeah!" Situ Ningbing said lightly.

"How do you know Li Tian here? It's really strange..." Duanmuying continued to ask.

However, Situ Ningbing turned his eyes to one side as if he didn't want to say any more.

Seeing Situ Ningbing, Na Duan Muying seemed unwilling to say, she could only sit there pouting out of anger.

But they said that at the moment Li Tian and the others were driving into Liaocheng.

Although this Liaocheng is a small town, it is like a village in the truth!

There is a street in the middle of Liaocheng, which runs from east to west... Except for the locals who live on both sides, most of the places on both sides have already traveled to work in other places.

"Little boss, where are we going now?" Tang Xiaolong said while driving the car while looking at Li Tiandao.

After Li Tian entered Liao City by car, he saw all the familiar sights and everything he used to... all those youthful past events appeared in his heart. Thinking of it made him happy and made him feel happy. Feeling a little sad.

At this moment, after hearing Tang Xiaolong's question, Li Tiandao said: "Brothers, do you want to see the house I used to live in?"

"Of course I did!"

"Little boss, where do you live?"

Li Tian laughed haha.

"Okay! Since brothers want to see, then I will take you to see the house I used to live in..."

"But everyone, don't dislike it!"

Li Tian, who was talking, pointed to the street in front and said, "Go straight ahead, and you'll be near the end!"

So Tang Xiaolong drove the car forward...

There are women and old people on the road. Some women are holding their children and blinking and watching their vehicles, while those children playing on the side of the road are chasing their cars and look happy. appearance.

The house where Li Tian once lived, one word, dirty! And broken!

It is definitely a room where single men live... Time has passed so long... I don't know what that small room looks like now?

As Tang Xiaolong drove the car and they quickly reached the end of the front, they could see that the houses in front were all low and low bungalows.

"Here!" Suddenly a word came out of Li Tian's mouth.

The brothers were still wondering that when this room was Li Tian, Tang Xiaolong had already parked the car.

I saw Li Tian quickly walked out of the car, and the feeling of stepping on his hometown was always so comfortable. After getting out of the car, he couldn't help but breathe the air of hometown eagerly.

Tang Xiaolong and his brothers also walked out of the car one by one, while Situ Ningbing and Duanmuying in the van behind also walked out of the car at this moment.

After Situ Ningbing walked down, her heart throbbed!

Because she clearly remembered the place in front of her... She still remembered that she lived in the small iron gate with the chain on the opposite side!

There is no doubt that the small room with an iron door is the place where Li Tian lived before.

"It's here! I lived here before!" Li Tian smiled and pointed to a low bungalow opposite, and said.

The brothers all blinked to look, only to see that the small iron door was mottled and rusted, and there was a small lock on it.

Who can imagine that this man of the next few decades will live in such a simple room...

Who can imagine that the son of the once famous evil ***** would live in this difficult place for almost 20 years...

Duguxie and the ghost servant looked at this simple house, not only sighed slightly...

"Wow! Little boss, did you live here before?" It is estimated that no one in the audience would be so excited except Tang Xiaolong himself.

Li Tian smiled and said, "Yes!"

"Is it very broken?" Li Tianxiao asked.

Tang Xiaolong smiled and said: "It's okay, it's okay!"

Chapter 833: came back

After Li Tian and the others took the brothers and drove to park at the place where he used to live, the neighborhood and neighbors all walked out of the house at this moment, and blinked their eyes to look here.

Among them are two middle-aged women aged 30-40, dressed plainly, the other is bloated, and on the side are several elderly aunts who are talking about it.

"Huh, who is that?"

"Who came back in such a pomp, driving the car? One of the women in an apron with a white face still on their hands asked him.

"I don't know! These people don't look like people from our village, right?" Another woman in checkered clothes murmured while hugging her child.

"Definitely not from our village! Look at those two women...like fairies...I guess they must be women from big cities!" The woman in the apron pointed at Duanmu Ying and Situ Ningbing there. Tao said, a pair of jealous eyes stared at the whole body of Mu Ying and Situ Ningbing... the eyes revealed the jealousy that women should have!

"Well... I guess so!"

"Hey...look at that...that person...isn't it...little boy!" Suddenly, a woman here suddenly pointed to Li Tiandao who was talking, as if being bitten by a poisonous snake. .

Following the direction of her fingers, the two women in front of them also turned their gazes to Li Tiantou.

"Ah! It's really that boy Li..."

"It's him, isn't it him?"

When these women saw Li Tian at a glance, they were completely stunned.

It turns out that these neighbours in the neighbourhood used to call Li Tian a boy Li... At that time in Liaocheng, Li Tian was notoriously "bad". It was originally because Li Tian was an orphan... all neighbours in the neighbourhood paid back. It was good to him... so when they saw that it turned out to be Li Tian, they all appeared shocked.

"Oh my God! Little Li Xiaobai can't think of being mixed up like this?"

"Yeah, didn't this little boy suddenly leave Liaocheng two years ago? This time he drove the car... and came back with his wife... really good, really capable!"

"That's right! Look at how many signs the daughter-in-law looks like... She's really beautiful, and she's still pretty as well as the people on TV." The women all talked, and at the same time, there was fiery envy in their eyes. look.

"Hey, isn't it right? Are those three handsome girls still the daughter-in-law of the little boy? He dares to marry three alone? Can't find her for family planning!"

"Hehe, that's not sure, right now, don't all the wealthy people out there have some little thirds and little fourths... Maybe, that little Li Xiaozhi has so many little wives..." These women are there. Talking with a smile.

"Aunt Wang, sister-in-law Liu... are you all here?" Li Tian had already heard the laughter of several women here. He turned his head and looked at the women with a smile. At this moment, the brothers also turned their heads and looked at the women.

When the women saw Li Tian talking to them, they quickly said: "Little Li! So you are back..."

"I was talking to you Sister Liu just now? Whose family came back in such a pomp... It turned out to be you ass!"

"Going out for two years, I didn't expect you to be like this..."

"Yes, I also brought back the handsome wife, you really belong to you! Haha!"

The women said with a smile.

Li Tian has lived in Liaocheng for so many years, and of course he knows the customs and habits of this place. At this moment, he smiled and said, "I am okay!"

"How are you? Are you okay at home?"

"All good, all good!" The women said with a smile.

"Oh, all right!"

"Xiao Li, you have money now... and you are driving in the car... Are you going to come back this time to prepare a new house and marry a daughter-in-law?" The woman named Liu Sister-in-law holds her nose running Child, smiled there and said to Li Tian.

Li Tian laughed and joked, "I have this plan!"

"That's good... you should also marry a wife... Marry a wife, sister-in-law, I will prepare two sets of new cotton quilts for you!"

"Haha, thank you sister-in-law!" Li Tian said with a smile.

Although the people in these small county towns are poor, they retain the most sincere feelings in human nature! Unlike in big cities, although they have money, what about their real emotions?

Having said that, those women finally knew that Li Tian was back, and they all praised Li Tian for his talents! Not only drove into the car, but also brought back a handsome wife.

What about Li Tian? After speaking to the neighbors one by one, he turned his head and said to the brothers behind him: "Where are these people? They used to be my neighbors in the neighborhood... They all looked at me since childhood. Grown up!"

"Oh! That's how it is!" the brothers said slightly there.

"Ok!"

"Let's go, go to my room and have a look!"

While talking inside, he walked towards his simple little room, and the brothers followed.

There was a small rusty iron lock on the iron door, but the key had already been lost by Li Tian.

At this moment, Tang Xiaolong lifted a brick from the ground and said, "Little boss, let me come..."

As he said, he turned his head and slammed on the little iron rope, and with a bang, the iron lock opened!

"Hehe, come in and take a look at the small room I lived in back then!" Li Tian said with a smile, pushing open the iron door of the small room in front of him.

After pushing away, he smelled a long-lasting dusty smell, but brothers didn't mind! And the Duguxie and the ghost servants walked in after walking in!

This is a rudimentary house, the rudimentary room is only about 30 square meters.

After walking in, all the previous scenes appeared in Li Tian's mind...

There is a small iron bed and a table in the room. There is a stone stove next to it, and there are dusty pots and pans on it!

This is the original Li Tian, this is the original simple life.

Looking at all of this... the brothers felt an uncomfortable feeling in their hearts.

Especially the Duguxie and the ghost servants, when they saw that their elder brother's son had led such a bleak life for so many years, the two felt more uncomfortable than anyone else.

How about the clean Duanmu Sakura? When I saw Li Tian's previous life, I felt a bit of heartache in my heart. At this moment, he raised his beautiful eyes and looked at Li Tian... But what about Situ Ningbing? Needless to say!

At this moment, she was slowly cleaning up the dirty things in the room, wiping the dust, Duanmuying saw Situ Ningbing working there to clean up the dilapidated room of Li Tian before, and she couldn't help but walk over to clean up...

At this moment, the two beautiful women seemed to have become Li Tian's wives!

Only Li Tian didn't think there was anything, and smiled there and said, "This room is too small and too dirty... Do you mind?"

"Don't mind! How can you mind!"

"Little boss, who the **** dare to say that this room is not good, Tang Xiaolong is the first to have trouble with him!"

"Yes!"

Chapter 834: Weird person

Situ Ningbing, Duanmuying and that girl Xiaohuan were cleaning up the messy cabin.

I can still see the shadow of Li Tian's life before, throwing moldy and ragged jeans and cheap shirts on the ground...

Situ Ningbing piled all these dirty clothes in one place, and then he did not dislike the dirty, and folded them one by one.

Originally Li Tian said that he would throw away all the messy clothes... But Situ Ningbing shook his head.

She said: Some things are better to be preserved...or else you won't be able to remember even if you want to remember...

Hearing her say so, Li Tiantian's heart beat and nodded.

And what about Miss Duanmu Ying? Although complaining about tiredness and messiness all the way... But after coming to Li Tian's small dilapidated room, she never disliked the dirty, never disliked the tiredness... She also worked hard to wipe the bed and the table. The dust.

Looking at the two beauties helping to clean his messy small room, Li Tian only felt happy in his heart!

He felt that he was the happiest person in the world at this moment.

Soon the three beauties cleaned up the room with a new look, and it was definitely not like before...

Even more because there are two more beautiful women like Duanmuying and Situ Ningbing in this room, which makes the whole shabby room feel more warm.

The brothers just sat up comfortably in the room.

Tang Xiaolong and Chen Qiaozhi were talking over there, while Duguxie and the ghost servant were outside the room, not knowing what they were talking about.

"Second brother... for so many years, I have really suffered for the young master." The ghost servant standing outside suddenly sighed in his voice.

A silent sorrow also appeared on the bronze-colored face of Duguxie standing nearby: "Yes!"

"However, everything is fine..." Du Guxie said again.

"Well! Starting today, I swear that as long as my ghost servant is alive, I will never let the young master live through the previous hardships." The ghost servant said firmly there.

Duguxie looked far away at the poor Liao Cheng and said slightly: "I don't know if we can find the trace of Big Brother this time..."

"Definitely!"

"I believe I can find a clue here!" said the ghost servant confidently.

Just as they were talking, Li Tian walked out from the outside, and after seeing the ghost servants and Duguxie standing outside, Li Tian smiled and walked over.

"Young Master!" Du Guxie and the ghost servants also saw Li Tian at this moment.

"What's the matter with you?" Li Tian looked at Duguxie and the ghost servant.

"It's okay, my second brother and I just came out to talk!" Ghost servant said with a smile.

Li Tian said, and stood with them.

There was silence for a while, but the ghost servant said slightly: "Young Master, where is the orphanage you used to stay in? Is it far from here?"

Li Tian pointed his finger to the side and said, "It's not far ahead!"

"After the brothers have a rest, I will take you there!" Li Tiandao.

"Ah That's good!"

When they came back to Liaocheng this time, they wanted to find the orphanage where Li Tian had lived since he was a child, so as to find Li Tian who knew who abandoned him back then...because they felt that as long as they found the person who picked up Li Tian, I can almost know who Li Tian abandoned back then...

Now they finally returned to Liaocheng and began to have hope, so they decided to look for clues back then.

Only by finding Li Tian, who was abandoned back then, could he find the trace of the evil god.

Although Liaocheng's people are very poor and backward, many customs and customs are still maintained.

For example, during festivals every year, they would go to a "City God Temple" not far from Liao City to burn incense and worship Buddha, praying for a smooth year and a safe home.

The Chenghuang Temple was about 2 miles away from Liaocheng, and the dilapidated Chenghuang Temple built with blue bricks and tiles could be seen from a distance. Due to the ages, a lot of weeds grew around the Chenghuang Temple at this moment. Even the blue brick wall was covered with vines.

This former Chenghuang Temple was extremely desolate, and very few people came. Only during the Chinese New Year, the talents of Liaocheng would come to this place.

But today, it was a surprising surprise, because from a distance, a dark shadow could be seen quickly approaching the Chenghuang Temple.

No, to be precise, that shadow is not walking! It was running fast...like a gust of wind, so fast.

Soon, but seeing this black shadow, he quickly reached the front of the Chenghuang Temple.

Judging from her slim figure, she looks like a woman.

It's just that this woman can't let people see her face clearly, because her whole body is covered with a layer of black clothes, and even the whole face is deeply hidden there.

Who is she?

How could a little Liao Cheng appear such a strange person for no reason? And a masked costume?

What's going on?

Moreover, after she quickly arrived at the Chenghuang Temple, her sharp eyes suddenly looked around cautiously, and then she entered the Chenghuang Temple in a flash.

The incense burner in the Chenghuang Temple has long ceased to burn. Except for the cold tributes left over during the festival, all that remains is dust on the ground...

In the middle place is a glaring Buddha statue, golden and brilliant, so impressive.

But he said that after this black figure suddenly came in, and then said with an extremely pleasant voice: "Come out..."

After her pleasant voice suddenly rang in the desolate Chenghuang Temple, a strange scene appeared.

From behind the big Buddha in the middle of the Chenghuang Temple, a figure suddenly appeared, a man wearing a gray suit and a gold-wire glasses slung on the crooked bridge of his nose, and walked from inside with a weird smile. come out.

he?

Isn't he the glasses that followed Duanmuying inexplicably when he was in Jinghai City? Why did you suddenly appear here?

Does his appearance have much to do with Li Tian and the others coming back this time?

But after saying that this "glasses" appeared, the mysterious woman in a black costume turned her head and looked at him suddenly.

"Long time no see..." a strange word suddenly came out of her mouth.

The man with glasses and a pair of glasses more vicious than a snake also smiled slightly: "Yes, I haven't seen it in more than ten years..."

"Time flies!" The weird woman suddenly sighed in her voice.

"Let's go, what's up here this time?" She suddenly raised her eyes and looked at the glasses in front of her and asked.

Chapter 835: Grudges, hatred

The man with glasses smiled slightly, two thin and white fingers were gently gripped there playfully, and then said: "Do you know that the evil sword Duguxie, and the shadow ghost servant has been born? Up?"

what?

When the spectacle man in front of him suddenly said such a sentence, the woman in a black costume appeared quite shocked, as if she had heard the great things.

"They were born?"

"When?"

"Master, do they know?"

Suddenly, her voice became a little weird, and at the same time a deep surprised look appeared in her eyes, as if she was very scared to hear about Duguxie and the birth of a ghost servant.

But seeing the man with glasses smiled slightly: "It seems that you have stayed in this place for a long, long time... I don't even know the outside world."

The woman in black suddenly snorted: "Do you think I want to stay in this shabby place?"

"And staying for so many years?"

There was endless anger in his voice.

When the man with glasses heard him say this, he sighed slightly: "Yes! We have no choice! We have no choice..."

There was also helplessness in the voice of the man with glasses.

"Let's talk about it, when did Duguxie and the ghost servant born?"

"Is the other one born? Is he really still alive?" The masked woman suddenly asked strangely.

The man with glasses slowly said, "Duguxie and the ghost servant are already born!"

"And they have found his son!" The glasses man said suddenly.

"Li Tian? Did they know? Did they know that Li Tian is his son?" Suddenly the woman in black suddenly called out Li Tian's name.

Who is she?

Why does she know Li Tian's name?

Does she still know Li Tian? how is this possible?

When she said this sentence in horror, the man with glasses slowly said, "Yes! Duguxie and the ghost servant already know that Li Tian is his son! Now they have their surname. Li's boy is by his side, protecting him..."

"Oh my God! I didn't expect Li Tian to go out for only two years...Duguxie and the ghost servants found him!" A woman in black suddenly said.

Huh?

How could she even know that Li Tian had been outside for two years in such details?

Why is she so familiar with Li Tian?

"What about the master? What does the master plan to do?" The woman in front of me suddenly asked.

"The master had already decided to kill the kid surnamed Li... But then I thought about it and changed my attention... Now his decision is still to find him!"

"Some time ago, I heard that the ecstasy, Ouyang Longyan, and the drunkard used to kill the kid surnamed Li according to the owner's order...but something seemed to happen in the middle...the three of them were given by a mysterious expert. Stopped...According to the ecstasy, that expert has reached the point where he can hurt people invisible by plucking leaves, so the three of them retreated..."

The woman in black heard the "glasses" in front of her suddenly saying so, she was slightly startled, holding up a pair of horrified eyes and quickly asked: "Oh my God? Is it really him, he is not dead?"

"No! It can't be him! It's absolutely impossible!" The glasses said suddenly.

"Why?" the woman in black asked coldly. ,

"Because of that **** night 20 years ago, I saw his martial arts be destroyed with my own eyes... I saw his hands and hamstrings were destroyed with my own eyes!" The suddenly hot eyes of the glasses recalled the crazy **** more than 20 years ago. One night...

"Although he was invincible in the world, even though a man brought his children out of heavy encirclement... But how could he escape? He knew that the master was still out there with all the masters, in order to get His life...He is a Cthulhu, but after all, he is not a true God...So he was taken by us! He finally fell...Although the master asked not to take his life... But we were still afraid of him, so We decided to sever his muscles... so that he could never use martial arts again..."

The glasses spoke word by word about the **** events that took place twenty years ago.

At the same time, the terrifying picture appeared in my mind for no reason. The picture was full of scarlet blood...stained all over the ground, and there were countless corpses next to them...Those corpses were all expert corpses... But this is the case. He was still standing with the sword, fighting in blood, all around him were masters who took his life one after another...Finally, he finally fell. The man who used to scorn the sky and the earth fell at that moment, his eyes With blood in his eyes and endless hatred, I watched my son being taken away by these people with my own eyes...I watched my hands and feet were alive and destroyed by others...

Blood and hate!

After the spectacles recounted the **** incident more than 20 years ago, the woman in black in front of her suddenly froze there.

No one knew what she was thinking at the moment, and no one knew who she was.

"Could it be that his people have really been abolished by you?"

"Yeah! Absolutely waste!" Glasses said.

"If it's abolished... then why is the master looking for him? Why is it still looking for a disabling person? The woman in front of me suddenly roared.

The glasses suddenly said: "Because he is not dead!"

"Scorpion, you have been following our master for so long, you should know his habits... So whether the master is searching all over the world, he must find him who disappeared inexplicably back then, let him die, and let him die in front of the master. If you do, the master will give up!"

"Besides... Scorpion, think about it, he was taken back by us back then, and there were so many masters to look after him, but he still disappeared inexplicably... The world is so big, so the master feels that there are other things in this world. A peerless character... and has been protecting him in secret."

Who is he?

What are the spectacles in front of me and what this mysterious and weird woman is talking about?

If you want to trace it back, you may have to trace it to the ***** past twenty years ago!

He, of course, is Cthulhu!

The man who used to be proud of the world, standing in power, and the highest peak of glory.

But because after a ***** night twenty years ago, the evil ***** disappeared, and in a blink of an eye, it was more than twenty years of mist.

What happened that night? Who knows the real truth, presumably the glasses in front of him should know everything, and there is no doubt that he was also involved in the ***** night of murder twenty years ago.

Chapter 836: Kill him?

Yes, as the glasses said, twenty years ago, Cthulhu was indeed invincible in the world. In order to kill Cthulhu, that terrifying and mysterious organization did not hesitate to besiege Cthulhu by all the world's masters on the Internet. On that night, Cthulhu had one man and one sword. , Killed countless masters in the fierce battle between blood and fire... and a person escaped from the sea of fire in blood! But he knew that the man behind the scenes who controlled the mysterious organization Hell Gate was so insidious and so cunning that there were still many masters ambushing and killing the evil gods in the periphery.

Therefore, Cthulhu couldn't escape... He could only fight.

He held Li Tian in the swaddling clothes in one hand, while holding a long sword to kill and see blood...

Blood and fire are blazing, everything can be seen in the eyes of young Li Tian! At that time, Li Tian was more than 2 years old... His young eyes were filled with blood, fire, and endless hatred... Who can imagine a child as young as two, facing such a brutal scene? He didn't cry all the time, he just raised his young eyes and looked at everything...Watching his father kill one enemy after another, but he also saw the blood left on his father...this That's why Li Tian had a weird dream since he was a child... The real reason he saw blood and fire in his dream, and the man he saw holding a long sword...

Cthulhu is not a true ***** after all, he is a man! A man of flesh and blood!

So he finally fell, fell...The long sword in his hand, the bloodthirsty sword also fell.

But in the end he fell unwillingly with endless blood and hatred.

When the young Li Tian saw his father falling down, he suddenly cried! Wow, he cried... At the same time, his two small fists were tightly clenched... eyes with scarlet blood looked at everything that happened that night.

In the next year, Li Tian was taken away by the masked men in black, but the Cthulhu was unable to move. He could only watch his children kidnapped by those enemies...

Later, as the glasses said, they were indeed afraid of the Cthulhu and that the Cthulhu would kill all of them, so they made a decision to abolish the Cthulhu's martial arts. For this reason, they cut off the Cthulhu.

The evil **** of a generation was taken away like this! In this way, martial arts were abolished.

In this way, he was taken away by the mysterious and terrifying Hell Gate organization.

What is strange is that the guy who is called the master who controls the entire gate of **** did not want the evil **** to die, but took him back, imprisoned there, and sent a lot of people to guard there.

But what I didn't expect was that suddenly one night... the evil god, who was picked up by his hands and feet, disappeared for no reason.

No one knows where the Cthulhu went that night, let alone why the Cthulhu disappeared?

Did the master save him? He ran on his own, none of this is known!

The only thing that is known in the gates of **** is: the prison gate was opened... and the guards of the prison gate were killed silently one by one...

You know, those who guard the dungeon are all master-level figures in the gate of hell, but a dozen masters died silently that night.

It was also the day when the Cthulhu began to evaporate from this world...No one was hearing news from him, and no one knew whether he was alive or dead?

Twenty years, for more than twenty years, no one has been aware of the man who once smashed the first life, leaving only the suspicions of many people and the endless mystery.

Even the terrorist organization, the gate of **** doesn't know whether the evil **** is dead?

Therefore, the gate of **** spent twenty years searching for the evil god...find him at all costs...but so far, he has not been found.

Long memories, **** past events, everything weave out... is a mystery that can never be explained!

But having said that, who on earth saved Li Tian from the hells?

Who sent Li Tian to Liaocheng in such a remote place?

And I lived for so many years.

Who did it? Why would he do this?

Maybe there is a bigger conspiracy behind everything that is dirty.

Turning the words back, let's say that after the glasses had finished speaking these words, the woman in black, who was called a scorpion, stood motionless, thinking silently.

From the conversation between the two of them, it is obvious that they belong to the same terrorist organization Hellgate, and they are also masters among them.

"Scorpion, I have already said what I should say... This time the master told me to come over just to tell you one thing!" The glasses said suddenly.

"What's the matter?" the woman called the scorpion asked coldly.

"Kill the son of Cthulhu." A word suddenly came out of the mouth of the glasses.

"what?"

After the glasses suddenly said this sentence, the woman called the scorpion was suddenly in horror.

"Why...why did the master suddenly kill that...that child?" Scorpion said suddenly in a trembling voice.

Why is her response so huge? Why is it so weird?

The glasses gave a dark smile.

"Because only by killing the son of Cthulhu... can you force the hidden figure to appear.. No matter who the hidden character is, whether it is the Cthulhu, or someone else... it will definitely appear." The glasses said coldly.

"No...no...no."

"I... can't kill him... I can't get my hands!" The masked scorpion suddenly said in a trembling voice.

After hearing what Scorpion said all of a sudden, the glasses gave her a cold glance.

"Can't get it? Haha...Do you really have feelings for that child?" A word came out strangely from the mouth of the glasses.

The small and thin body of the weird woman who was covered in front of her trembles violently. Because her face was covered, she couldn't see the changes on her face, let alone what she was under her mask. Who?

"Scorpion, don't forget your identity...Don't forget that you are from the gate of hell!" the glasses said coldly.

"Twenty years ago, the master gave that kid a way to survive... let him live for so many years... now is the time for him to die! Originally, the master thought that he could lure out the evil god... but he didn't expect the evil **** to be It really disappeared... now the master has decided... he doesn't want to wait any longer, so he has to take the evil god's son to perform the operation first!"

Chapter 837: Orphanage

Just as the glasses in front of her finished speaking those words, the woman called the scorpion in front of her was stunned.

She didn't say anything.

"Well, I have already said everything that should be said, and you will have to do the rest." The glasses suddenly said.

"Master's order, anyway, I have already conveyed it to you... I hope we can hear your good news of killing the kid surnamed Li as soon as possible!"

After he said this, he suddenly turned around and walked towards the back of the Chenghuang Temple without looking back, and soon his figure disappeared in the far front.

The masked black woman in front of her stood alone in the cold wind. After a few seconds of pause, she suddenly swept down the mountain with a very fast body and disappeared in a flash. .

Who is this mysterious and weird woman?

Why stay in Liaocheng forever? Could she be someone Li Tian is extremely familiar with?

After Li Tian returned with his brothers, he took a short rest.

Then Li Tian was about to take Duguxie and ghost servants to the orphanage where he had lived since childhood.

The brothers had planned to go with Li Tian, but Li Tian refused.

After all, it would not be too convenient for so many people to go together, so at this moment Li Tian only took the Duguxie and the ghost servant to the orphanage where he once lived.

"It's right in front." Li Tian said as he walked, pointing to the low row of tiles in front of him.

Duguxie and the ghost servant quietly followed behind.

The road was a path paved with bluestone slabs, and Li Tian and Du Guxie walked on it like this.

Soon they arrived at the place Li Tian said.

I saw the orphanage in front...

The so-called orphanage is nothing but a ruined 19th century church that was once abandoned.

It is hard to imagine that there is such an old western building in such a remote and impoverished city of Liao.

Although it is an old church, it is only three stories high. Outside is a wall made of large bluestone.

Looking at this dilapidated orphanage, Li Tian suddenly saw everything from the past in his mind... as if he saw in his eyes the boy who used to play and play in the orphanage... He was grinning in his dirty clothes. Standing there and laughing...

"This is the orphanage where I have lived since I was a child! I also start to remember things from here!" Li Tian said, looking at the orphanage in front of him.

The Duguxie and the ghost servant glanced at the orphanage in front of them, and they also looked at them with expectations and excitement in their hearts.

"I wonder if this orphanage is closed now?" Li Tian said slightly.

As he said that, he walked towards the gate of the orphanage, and the Duguxie and the ghost servants behind him also quickly followed.

The gate of the orphanage was a big rusty iron gate, which was hidden there.

"Go, let's go in!"

Talking Li Tian stretched out his hand and gently pushed open the big iron gate of the orphanage in front of him.

With a creak... the rusty and mottled big iron door was gently pushed open by Li Tian.

After pushing away, I saw the scene in the orphanage courtyard...There are some backward construction equipment, and some rotating old wooden horses...

There is no doubt that these are for the children in the orphanage to play.

It's just that this orphanage looks much deserted, as if no one has lived here for a long time.

Looking at the orphanage where he once lived, the scenes of the past all appeared in Li Tian's eyes.

"Young Master, this orphanage looks like no one?" The ghost servant in front of him suddenly frowned and said.

Li Tianwang looked at the orphanage and said, "There should be someone!"

As he spoke, he stepped forward and walked forward.

"Old Dean..."

As he walked toward the old church, Li Tian shouted there, saying that the old dean he called out was the former dean of the orphanage.

The Duguxie and the ghost servants followed closely behind.

As Li Tian and the others walked into the ancestral hall in front of them, the inside of the church looked a little dark, with a stone statue of **** hanging in the middle.

"Old Dean, are you there?"

After Li Tian shouted again, a hoarse voice suddenly came from the side and asked, "Who?"

When this voice came, Li Tian was suddenly excited.

Because that was the voice of the dean who once took charge of the orphanage.

Then he followed the sound and saw an old man with a pair of reading glasses and a sturdy body coming out from inside.

He was wearing an earthy-gray dress, wrinkles criss-crossed his entire face, and most of his hair was already gray, and he walked out from the side at this moment.

"Old dean!" After seeing the old dean, Li Tian suddenly ran towards the old dean with excitement.

And the old dean also blinked at this moment with his already dim eyes looking at Li Tian, who was running over, and after looking at it carefully for a long time, he realized...

"It's you....."

"Li Tian?"

I saw Li Tian with an excited smile on his face holding the old dean's rough hands, and said: "It's me, old dean! I'm back..."

"Unexpectedly it was you...unexpectedly that you have become like this now...hey, I almost can't recognize you." The old dean suddenly sighed there.

Yes, the former Li Tian left the orphanage at the age of 13. Although he occasionally came to the orphanage during the period to visit those who raised him before, after all, so many years have passed...

"Old Dean, are you okay?" Li Tian asked concerned.

"Okay, fine!" The old dean said excitedly.

"Hurry up, sit down, sit down!" The old dean hurriedly greeted Li Tian, and the Duguxie and ghost servants behind him said in a polite manner.

Li Tian smiled and sat down gently on one side.

Then Li Tian greeted the elderly dean.

They talked about the past, about the time when Li Tian was naughty in the orphanage, and about Li Tian being bullied because he was the youngest body in the orphanage... All of this vividly appeared to them. In front of him.

The Duguxie and the ghost servant who listened to them were sitting there quietly, without saying a word, they were like a listener, just sitting there and listening.

Finally, after Li Tian and the old dean had greeted him for a long time, Li Tian smiled and looked at the old dean in front of him and asked, "Old dean, in fact, I have something to do when I come back to Liaocheng this time. ."

"What? What?" The old dean looked at Li Tian and asked.

Chapter 838: Grandma

Li Tian turned his head and looked at the ghost servants and Du Guxie beside him, and then asked, "Old Dean...I want to know what happened when I was a child."

After Li Tian said this, the ghost servants and Du Guxie all blinked at the old dean in front of them.

But he said that after hearing Li Tian say this, the old dean was taken aback for a while and said, "Oh, this is it!"

"Then tell me, what do you want to know?" The old dean looked at Li Tiandao.

"I want to know who left me at the entrance of the orphanage back then...Who picked me up?" A word suddenly came out of Li Tian's mouth.

After Li Tian asked such a sentence, the old dean was taken aback, and then slightly supported the reading glasses on the bridge of his nose with his rough hand, and looked at Li Tiandao and said, "Xiao Li... why suddenly remember to ask these things. Problem?"

"Because I am looking for my biological father and biological mother!" Li Tiandao.

"Why, have you found news about your biological father and mother?" The old dean in front of him looked at Li Tian curiously and asked.

Li Tian shook his head.

"I don't! But I already know who my father and mother are. Now I just want to know if they put me here together." Li Tiandao.

The old dean suddenly sighed softly when Li Tian said this.

"Little Li, I don't want to hide it from you... I don't know how you were picked up back then... I only remember that my grandmother brought you back! I also said that you were an orphan... So It was adopted in this orphanage." The old dean murmured there.

Grandma?

Who is the grandmother?

Of course the Duguxie and the ghost servant in front of him didn't know who the grandma was.

But for Li Tian, he was very familiar with this grandmother, and he was very emotional.

This grandmother can be said to be a lonely old man...no children and no daughters. I heard that she escaped from a famine from a foreign country and came here... and then she lived in an orphanage.

The children in the orphanage basically know their grandmother.

And this grandmother has been good to Li Tian since he was a child... When he was young, Li Tian was often bullied by the children in the orphanage because of her small stature. This was all blocked by her grandmother... Sometimes Li Tian couldn't get food. Grandma helps Li Tian grab food...

And Li Tian also has an extremely deep affection for his grandmother. In the past, Li Tian would come to the orphanage to find the grandmother every year on New Year's holidays, and then visit the poor old woman. Since Li Tian left Liaocheng, he Sometimes I still miss the old man who was good to him all the time.

now what? Suddenly hearing this old dean say this, Li Tian was also slightly taken aback.

why? Why did the grandmother never tell herself these things?

Why hasn't she told herself that she had picked it up back then?

Duguxie on one side was also curiously looking at the old dean of the orphanage.

"Old Dean, where is the grandmother now?" Li Tian asked quickly.

The old dean said, "I saw her this morning... She said she would go out... I guess she will be back soon."

"Grandma's body is still very good?" Li Tian asked concerned.

"Well, she is fine."

"Since your group of children left, the orphanage has been deserted...now this orphanage has been completely abandoned...Hey, only our two crippled old people stay here."

Hearing what the old dean said, Li Tian felt sympathy in his heart, but at the same time he was also excited, because he at least knew that his grandmother was still in good health.

As long as the grandmother is still here, everything will be easy.

If the grandmother really knew what she was abandoned back then, then Li Tian would be able to know who left him here back then.

Now it seems that Li Tian can only know what happened when the grandmother came back.

So Li Tian, Duguxie and Ghost Servant were waiting here quietly.

The old dean was also talking to Li Tianchang about the past...

Time passed by every minute and every second.

Finally, when Li Tian and Duguxie waited for about an hour, they only heard the creak of the big iron gate of the orphanage outside.

After hearing the sound of the big iron gate, the old dean slowly stood up straight, and smiled there and said: "Your grandmother seems to be back, right?"

Li Tian also stood up quickly at this moment, and hurriedly walked to look outside the room.

In fact, in his heart, he always wanted to see that kind old man... In Li Tian's eyes, it seemed that his grandmother was his earliest and closest person.

How can you not be excited at this moment?

As Li Tian hurriedly reached the door, he saw an old woman crouching back there.

The old woman looks like you are in your 60s, with a whole curved back, wearing an extremely simple dress, and carrying a bamboo basket in her hand, walking hard step by step towards this side.

Her face really looked pitiful and very old.

"Grandma..."

A loud cry suddenly came out of Li Tian's mouth, with silent excitement and joy in his voice, as if he had seen his relatives.

After Li Tian yelled out, he ran towards the grandmother desperately.

And when the old man named grandmother suddenly heard this shout, she was taken aback for a while, and then raised the kind old face of the declining wind, looking at Li Tian...

"Xiao Li... Xiao Li... are you back?"

The grandmother recognized Li Tian immediately, and immediately put down the vegetable basket in her hand, and Li Tian ran over happily at this moment, wanting to hug her long-lost relative, she immediately hugged the old man Arms.

"I'm back... I'm finally back... I want to kill my grandmother!" The old man suddenly said with a drop of tears from his muddy eyes, and he choked up.

And Li Tian's eyes were red too... Looking at the more wrinkles on the grandmother's face in front of him, and seeing her hair become a lot whiter, he suddenly felt sad.

"Grandma... are you okay? Is everything in your body?" Li Tian asked the old man with moist eyes.

The grandmother lifted her sleeve and wiped the tears on her old face slightly, and nodded vigorously and said: "I'm... alright!"

"As long as the grandmother's body is good, then I can rest assured." Li Tian said there.

"Hey, it's been two years, and I haven't seen you for more than two years... You have changed and grown up." The grandmother blinked and looked at Li Tiandao.

Chapter 839: she does not know

Li Tian laughed.

"Grandma, I think you haven't changed... and I think your health is better than before." Li Tian said with a smile.

"Why... I'm old... I can't move my legs and feet anymore!"

When Li Tian finally saw the grandmother, the Duguxie and the ghost servant standing next to him all showed a slight sense of happiness in their eyes.

After all, as long as their young master is happy and happy, both of them will be happy too.

"These two are...?"

Besides, after speaking with Li Tian over there, the grandmother suddenly blinked with muddy eyes and looked at Duguxie and the ghost servant curiously.

Li Tian smiled, fearing that the grimace mask on the ghost servant's face would frighten his grandmother, he quickly introduced: "They are my relatives! They are also my elders!"

"This is called Duguxie, this is a ghost servant!" Li Tian pointed to the Duguxie and the ghost servant in front of him and introduced to his grandmother.

"Good old man!" Duguxie and the ghost servant also greeted the grandmother at this moment.

A kind smile appeared on the grandmother's face, and she said: "Okay, okay..."

Then the grandmother didn't say anything, but then the muddy eyes turned to one side.

In the moment of turning around, no one saw the weird gleam in the grandmother's eyes...

Is it an illusion? what is this else? No one knows.

"Come, come, come, let grandma take a good look at you... Have you suffered outside for so many years?" Grandma said to Li Tian's arm while stretching out a rough hand.

Li Tian smiled, and was pulled by his grandmother like this: "Grandma, I didn't suffer. I've been out there for the past two years!"

"That's good...then my old lady will be relieved! Back then, you were weak and you were prone to get sick. Now that you are tall and tall, my grandmother is really happy for you."

"Go, let's sit back in the house!"

The grandmother who was talking took Li Tian in front of her and walked towards the church with petite steps.

At the moment she stretched out her hand to hold Li Tian, the sharp eyes of Duguxie in front of her suddenly saw a thin red ribbon wrapped around her grandma's wrist, and then he was slightly taken aback.

"Second brother, what's the matter?" When the ghost servant beside him saw Duguxie standing here as if in a daze, he not only asked curiously.

Duguxie's bronze face shook slightly: "It's okay! Go in!"

With that, they followed along and walked in.

At this moment, Li Tian had followed the grandmother to the inside of the church, and sat down quietly on one side, while Duguxie and the ghost servant also followed in.

After they came in, the grandmother and Li Tian happily started talking, just like a relative who hadn't seen her in years.

Li Tian was also very happy chatting with the grandmother there.

The old dean also seemed very happy, but the old dean's health was not very good. After staying here for a while, he went into the room.

There are only four of them in the church at the moment.

"Grandma... I want to ask you something." Li Tian said, looking at the grandma in front of him with a smile.

Grandma said: "Let's talk, Xiao Li, what's the matter?"

"Grandma, I want to ask, was I picked up by your old man from outside?" Li Tian asked suddenly there.

After Li Tian asked this suddenly, the grandmother in front of her looked slightly taken aback.

Then he said with a kind smile: "Why did you suddenly ask this question?"

"Because I want to know who exactly abandoned me back then... I want to know if the person who abandoned me was my parents!"

"Grandma, do you know who abandoned me back then? Li Tian blinked his eyes and looked at the grandma in front of him and asked.

And the Duguxie and the ghost servant on the other side were also looking at the old man intently at this moment.

I just listened to my grandmother sitting down slowly, then raised her muddy eyes and said, "Do you really want to know the past?"

"Yes! I want to know!" Li Tian said eagerly.

"Well, since you want to know, then I will tell you!" Grandma said slightly.

Li Tian listened carefully, Duguxie and the ghost servant on one side also looked forward to the words of this grandmother.

I just listened to the grandmother saying: "I did pick you up back then!" A sentence suddenly came out of the grandmother's mouth.

"The grandmother, do you know who abandoned me back then? Who brought me here?" Li Tian couldn't help asking again.

This is the most important question, and it is also the one that Li Tian wants to know the most!

Because only after Li Tian knew about this problem, he could judge whether the evil ***** had been here back then.

So at this time, he blinked a pair of expectant eyes, waiting for the grandmother in front of him to speak.

But where is the grandmother in front of me?

She shook her head suddenly.

"I don't know who abandoned you here back then... I don't know who left a child like yours here so cruelly... I clearly remember that I just came back from the vegetable market... ..It was snowing with goose feathers that day... When I arrived at the entrance of the orphanage, I saw you... I saw you tightly wrapped in a small quilt, and you were still crying there... So I quickly picked you up..."

"At that time you were very young, very young, and only 12 years old. When I picked you up, you stopped crying... I looked at you so cute and wondered who left you here? So I hurry up I went looking for it... Unfortunately, I searched around, but I didn't find a single person!"

"Later I took you back to the orphanage... For so many years, I always thought that someone would come to you and someone would recognize you... But I didn't expect..."

There was a look of sadness in the turbid eyes of the grandmother.

What about Li Tian? After hearing a word from his grandmother, he suddenly stunned.

Inside, he couldn't help but chuckle...shocked there, and at the same time a huge sense of disappointment surged toward his heart.

Grandma doesn't know... Even grandma doesn't know who she is and abandoned herself...

That said, Li Tian's hope of finding his own father was completely shattered once again?

Yes!

Originally, Li Tian thought that the person who picked up the young Li Tian would know who abandoned it? At least I would know his face... But when my grandmother said that, all hopes and everything were completely shattered.

No one knows who sent Li Tian to here back then, and no one knows why the evil god's son was left here?

Chapter 840: She changed

And what about Duguxie and ghost servants? The moment I heard the grandmother's words, the whole person was stunned!

The hope that originally existed in my heart was completely shattered at this moment.

They originally thought that following Li Tian back to this original place this time, they could find some traces about the evil god... clues... but now? Everything has interrupted the clue.

Li Tian also stood there with a disappointed expression on his face.

"Xiao Li... Did your grandmother say something that makes you unhappy?" The grandmother suddenly blinked and asked Li Tian, who was looking in front of her.

Li Tian's face was full of disappointment. At this moment, anyone could see his extremely uncomfortable mood.

But he still endured the great loss in his heart, and said with a reluctant smile on his face:

"Grandma, I'm fine..."

"I just... just... suddenly disappointed."

Grandma stretched out a rough hand and took Li Tian's arm like a loving relative, and said: "Xiao Li, don't worry, I believe you will definitely find your family in the future."

"Come, come, come, don't think about it... Grandma will pour you a cup of tea!"

The grandmother who was talking slowly stood up with her rickety body, and was going to pour tea with Li Tian and them.

"Grandma, no need, we are not thirsty!" Li Tian said distressedly to that grandma.

It is a pity that the grandmother is really enthusiastic, even if Li Tian discourages it, it is useless, so the grandmother walked towards the kitchen inside the church with petite steps.

When the grandmother walked inside, the ghost servant suddenly sighed.

"Hey! How could this be?"

"Unexpectedly, no clues can be found..." The ghost servant said, filled with disappointment.

Li Tian also had an uncomfortable expression. Sitting there quietly, his heart was also extremely uncomfortable. He thought he could come back and find some clues about his father, but now? Everything has become a bubble, become empty...

How could he not be uncomfortable?

I don't know why, only Duguxie over there sits motionless, with a weird look on his bronzed face, sitting quietly, thinking silently about his thoughts.

"Second brother, why don't you say a word?" Ghost servant suddenly turned his head and looked at Du Guxie who was sitting quietly.

Duguxie turned his head slowly, waiting to speak...

Suddenly I heard that the grandmother over there was already walking over with three teacups with a smile on her face.

"Come, come, come, Xiao Li, have some tea with your friend..."

He said, holding three white porcelain tea cups and handed it over.

Li Tian quickly reached out and took the tea cup in front of him, then handed the other two cups of tea to Duguxie and the ghost servant.

"Thank you, grandma!" Li Tian said with a warm tea cup in his hand.

Grandma smiled and waved her hand there.

"Drink while it's hot..." Grandma said to Li Tian and the others.

Li Tian and the others were so kind, so they took a sip from the teacup.

Although none of them were particularly hungry and thirsty, they were still drinking there, and the ghost servants and Duguxie also took a quiet sip at this moment.

After the three of them drank some tea, the grandmother's smile became stronger.

Then he continued to say to Li Tiandao: "Little Li, I'm back this time, are you still going to leave?"

Li Tiandao: "I have to go! Because I still have a lot of things to solve."

The grandmother said, "So it's like this."

"Hey, you are leaving again, grandma I will miss you!" The old woman said sadly there.

Li Tian smiled and said, "Grandma, don't worry, I will come back to see your old man whenever I have time."

"Really?" Grandma suddenly raised her eyes and looked at Li Tiandao.

I don't know why, but when the grandmother's eyes looked muddy, when she lifted it up at this moment, Li Tian found that her eyes were brighter, and there was a strange feeling.

Li Tian quickly shook his head slightly, thinking it was his own illusion.

"It's a pity... It's a pity... Grandma is afraid you won't be able to see me again!" Suddenly the grandma said in a weird voice.

When the elderly grandmother said this, Li Tian not only frowned slightly.

"Why? Why do you say that?" Li Tian asked curiously at his grandmother.

But seeing that grandmother suddenly giggled strangely...

There was a strange voice in Li Tian's ears, as if the grandmother's voice suddenly changed.

And the ghost servants over there and Duguxie also frowned at the moment looking at the grandmother.

But she said that after the grandma laughed weirdly, her laughter felt miserable. After laughing, she suddenly raised her eyes and looked at Li Tian in front of her: "Because...because you are about to die."Hey!"

Listening to the grandmother's strange words, Li Tian was shocked.

"Grandma...what you said...why do I get more and more confused? How can I die soon?" Li Tian felt more and more weird.

At the same time, the ghost servants and Duguxie over there had begun to look ugly, watching the old wrinkled grandmother carefully...Both of them noticed something was wrong.

"Because...someone wants you to die! Hey!"

The voice of the grandmother suddenly changed from the voice of the old dragon jiong to such a beautiful woman's voice. This voice is Yingying Yanyan, unspeakably beautiful... How can it be the wrinkled grandmother in front of me? What was sent?

"Grandma...your voice...your voice...how did it change?" Li Tian said in shock.

Ha ha?

"Really?" The grandmother continued to say slightly, and her voice did change in an instant! It became a beautiful voice, and definitely not like the voice of an old man in his 60s.

What's going on? How could this be?

Just when Li Tian was horrified, the grandmother suddenly stood up slowly and straightened her body.

Originally, her rickety back straightened up in an instant... She was walking just now, who was old at the end of the year, but at this moment, she was like a different person, and even her steps began to become light and agile.

"Xiao Li... do you want to see a magic show?" The grandmother suddenly looked at Li Tiandao with a weird smile after she straightened up.

What about Li Tian? At the moment, I was completely stunned!

There was a sudden rumbling in his mind at this moment, and the whole stunned!

"Magic? What kind of magic? Grandma, how did you... change?" Li Tian asked in surprise.
