

A Killer 841

Chapter 841: Poisonous Scorpion: Liu Yiyi

After all, this grandmother is his first relative... and the person who has always treated him best, so Li Tian never had any mental defenses in front of her, but now facing the strange changes of this grandmother, Li Tian had time to think I don't even have time to think about it...

The ghost servant beside Li Tian had already seen the clue.

"Young Master...Be careful of this person!"

As the ghost servant roared out, the ghost servant's body suddenly bounced from his seat... He was instinctively prepared to protect Li Tian.

Because the ghost servant had already seen that something was wrong with the grandmother at this moment, but the moment the ghost servant shot up, he suddenly felt that his body's strength was gone... and his body was exhausted and weak for no reason. The feeling rushed to his whole body immediately, and then, with a plop, he collapsed on the chair just now.

"What happened?"

"How could this be?"

"Oh my God, my strength...gong strength...how can't it come out at all?" The Ghost Servant said with a pair of eyes wide open in horror.

Where is Li Tian over there? Also stunned for a moment.

"Ghost servant, what's wrong with you?" Li Tian quickly wanted to stand up and see what happened to the ghost servant, but at the moment when Li Tian planned to stand up, there was a groggy feeling in his head suddenly ...

Then there was an extremely weird change in his body, that is, the whole body seemed to soften... His whole body couldn't come out with a little strength, and with a bang, I saw that his body was as soft as the ghost servant. Sat down.

After such a big shock suddenly happened, Li Tian was completely stunned.

And the ghost servant is still breathing extremely hard...

"Young Master...this person...this person...not your grandmother...she...she...the enemy!" Although the ghost servant couldn't make any effort, he still exhausted the last point with difficulty. Called vigorously.

Where is Li Tian in front of you? I have already felt the strange situation.

It's just that he really doesn't want to believe... the grandmother he has always beloved... will... change in this moment! !

"Grandma...you...you..." Li Tian said in disbelief with his painful eyes looking at the grandmother who had completely changed at this moment.

What about the current "grandmother"? Her back is no longer rickety, her voice is no longer old and unpleasant, the whole person seems to have become another person in an instant, even the steps

have begun to become extremely light, now the only thing that has not changed is her That face...that wrinkled face that looks extremely vicissitudes.

"Little Li...Look at my grandmother, I will make you a magic trick!"

After her words were spoken, she suddenly turned around with a slight smile... Raised a hand and slowly tore a layer of things from her face with the back of Li Tian and others... ..Then slowly took off the white hair he was wearing.

wig?

mask?

As soon as her white wig was taken off, her straight, black hair spread over her head...

What a nice view!

Beautiful hair, black and shiny. Straight is like a waterfall.

"Huh?" Li Tian saw that his beloved grandmother suddenly became...when it became like this...he was shocked.

And what about Duguxie and ghost servants? He was looking at the weird woman with full of fear, no one knew who she was! And the most hateful thing is that the ghost servants and Duguxie both of them can no longer exert any strength.

Having said that, just when the "grandmother" revealed her truly beautiful hair, she slowly turned her head.

A beautiful face that made people unable to breathe suddenly appeared in Li Tian's horrified eyes.

The willow brows and apricot eyes, the straight and small bridge of the nose, and the **** and indescribable cherry lips below are all beautiful to the extreme.

From her charming face, you can see what kind of old woman in her 60s is... She is clearly a woman, and she is also a woman who is ripe like a peach, and her smile is full of amorous feelings. .

Moreover, her figure is all highlighted, because she used to bend her back and couldn't see her figure clearly, but now after her body straightens up, she can clearly see her slim figure.

Although she is still wearing that simple dress, she can still vaguely see that her figure is absolutely beautiful like a mature woman.

What's going on? How could the "grandmother" in front of me suddenly become such a gorgeous acquaintance?

Li Tian was completely shocked there...

Is this what she calls magic? Is this the true face of "grandmother"?

"Grandma...you...you..." Li Tian was completely astonished and could no longer speak. He just looked at the "transformed" grandmother at this moment with those incredible eyes.

"Young Master... She is not your grandmother... She is the enemy!" The ghost servant on one side called out in surprise.

Although he was extremely worried about Li Tian's safety, his body couldn't move at all, and even a little energy could not accumulate.

"She? She? Not a grandmother... Then... who is she?" Li Tian asked speechlessly at the acquaintance in front of him.

Duguxie, who had been sitting there calmly, suddenly sighed long...

"If I didn't guess wrong, she should be Liu Yiyi who was called a poisonous scorpion more than 20 years ago!" A word suddenly came out of Du Guxie's mouth.

When Duguxie said these words all of a sudden, the "grandmother" suddenly giggled charmingly.

"The famous evil sword is indeed an evil sword!"

"It turns out to recognize me Liu Yiyi at a glance... Hehe, it's an honor for a little girl!" Just listen to the "grandmother" saying there.

Gosh!

She turned out to be Liu Yiyi, a poisonous scorpion!

She is not a grandmother!

When Li Tian suddenly knew the truth, Li Tian was there all of a sudden.

why? Why is this happening? Why did she, who had always regarded her as a relative, turned into a poisonous scorpion Liu Yiyi? Li Tian stayed there all at once.

Just listen to the Duguxie here and continue saying: "It is said that your Liu family has Shuangjue... The first is, the disguise technique, which can be called peerless, and the second is the use of poison, which can silently kill all kinds of strange poison, And all are colorless and tasteless poison!"

"Hey, I didn't expect that I learned Duguxie today." Duguxie suddenly sighed deeply.

Haha!

"It's a great honor to be able to say such words from your famous evil sword... The little girl is really honored." Liu Yiyi said with a smile suddenly.

Chapter 842: Kill me?

When Li Tian heard their words, his head suddenly became sober.

poison!

Disguise!

Is he already poisoned now? Suddenly his eyes were looking at the white porcelain bowl teacup on the table in front...At the same time, there was a thump in his heart!

Yes! They are indeed poisoned!

The sip of tea they had just drunk had already been poisoned by Liu Yiyi, and it was colorless and tasteless.

No one thought that Li Tian and Duguxie had already been poisoned silently.

"You mean woman... I killed... you!" The ghost servant suddenly roared and screamed!

But his body just stood up, his legs softened, and with a plop, his standing body fell to the ground again... He was panting violently, trying to get up... Kill Liu Yiyi in front of him, but he doesn't seem to have any strength.

"Oh... the undead servant ghost servant wants to kill me... I'm so scared of the little girl!" Liu Yiyi suddenly giggled there and said with a smile.

"However, it's a pity that you can't kill me, Ghost Servant."

"You know, you have just drunk the San Gong pill handed down by my Liu family's ancestor... This poison will not harm the lives of your two peerless masters, but it will let your skills dissipate in this moment ...Now? You two masters who were once peerless... now have become ordinary people...hehe, and even an ordinary person!" Liu Yiyi said with a vicious smile on that face suddenly.

San Gong pills?

It turns out that the tea that Li Tian and Duguxie drank was really poisoned, and they used San Gong pills?

No wonder their physical strength can no longer gather! No wonder their bodies don't need a little bit of energy right now... It turns out that all the power of their bodies has been dissipated by the poison in an instant!

Hearing Liu Yiyi's words, the ghost servant felt cold for a moment!

"You dead woman... you counted me!" the ghost servant roared.

Liu Yiyi smiled charmingly.

"I was originally a female stream...there is comparable to you, besides, you are famous, brothers of the evil god...how can I be able to fight... if the little girl doesn't use this method, how can you live in birds? How can you kill you?" Liu Yiyi said with a smile there.

"Damn you!"

"You vicious woman!" The ghost servant shouted sharply... He wanted to get up, but unfortunately his body was really weak to the extreme. At this moment, he could only breathe in there with his mouth open.

And what about Duguxie? Although sitting there quietly and motionless, it was obvious that he also drank the tea just now...he was also poisoned!

Only Li Tian sat there alone in pain.

He really didn't expect that the person who had been the best to him since he was a child, now turned out to be the one to kill her in an instant!

why? Why is this happening?

Could it be that she has always cheated on herself?

"You... who are you... on earth?"

"Where's my grandmother... Where's my grandmother...?" Li Tian suddenly yelled in anger, his eyes became blood-red, but his body was helpless.

But seeing that Liu Yiyi slowly turned around and looked at Li Tian.

With a weird expression in her eyes, after looking at Li Tian, she suddenly said, "Hey! Silly boy, what grandma do you have there..."

"What...what do you mean?" Li Tian asked in horror.

Liu Yiyi smiled miserably, and a weird expression appeared in his eyes: "Child, I started to take care of you twenty years ago by Liu Yiyi... Until two years ago... During this period, I have always changed my face to become that. Grandma takes care of you! Silly boy, don't you understand now?"

It turns out that the so-called grandmother is the poisonous scorpion Liu Yiyi!

After so many years, she turned out to be the grandmother who took care of Li Tian.

When Liu Yiyi suddenly said this, Li Tian couldn't accept the truth.

"No...impossible...impossible!" Li Tian suddenly screamed.

There seemed to be blood flowing out of his eyes, and his whole body trembled violently because of excessive excitement...

"Impossible...impossible! My grandmother... is the closest person to my Li Tian... and the person who has treated me best since I was a child... She can't possibly harm me... It won't be you... Absolutely not It will be a vicious and insidious woman like you!" Li Tian roared there with a hoarse voice.

After Liu Yiyi heard Li Tian talking about the past, a sadness suddenly appeared on her beautiful face.

I think of Xiao Litian at that time, in the middle of the night, holding the gift that he received his first salary to buy for himself... I remembered that Xiao Litian would come to accompany him every winter and talk to her... Scenes of memories reappeared in her eyes.

Suddenly, her delicate body trembled slightly, but the cold and merciless gaze in her eyes instantly recovered.

Suddenly she turned her head to look at Li Tiandao and said, "Whether you believe it or not! I will kill you by myself today!"

"kill me?"

"Come on... Kill me if you have the ability!" Li Tian said angrily at the moment regardless of life and death.

His heart was already full of sores at this moment...

Li Tian didn't expect that God would treat him so cruelly. Not only did he lose the care of his parents when he was young... but even now his closest relative when he was a child has also become an enemy... He has become the one who wants to kill him... How can he not feel sad? How can you not hate it?

Just when Li Tian said frantically that he would kill himself, Liu Yiyi's face was stern and angrily said: "Okay! Since you want to die, I will fulfill you!"

"Twenty years, almost twenty years, you were raised by me...now, I just ruined you!"

As she roared in her mouth to say so, then a thousand palms that had accumulated vigor rose up fiercely, preparing to end Li Tian's life.

What about Li Tian? Without a trace of fear, he stared at Liu Yiyi coldly with a pair of blood-red eyes!

The air seemed to freeze. Generally... the ghost servant next to Liu Yiyi looked at Liu Yiyi's palm with horror... It's a pity that even if he wants to go up and help, he can't help anything...because he was lost. The poison of gong pill...At this moment, gong power will not accumulate at all for a while.

And what about the Duguxie on the other side? He was still sitting there calmly and calmly. I don't know why, there was no worry on his bronze face...just quietly staring at Liu Yiyi's energetic palm at that moment.

"Kill...Kill me..." Facing Li Tian's frantic roar.

Chapter 843: Enemy: Hell Gate

"Kill...Kill me..." Facing Li Tian's frantic roar.

Liu Yiyi's raised palm stopped in the air for unknown reasons, and at the same time her delicate face showed endless contradictions!

Did she go for it?

Li Tian was raised and raised by her own hands. She has stayed here since she received the order from her master... She has been taking care of Li Tian from childhood to growing up... Now she is going to kill Li Tian by herself, she Can it be done?

Endless contradictions filled her, and her delicate body trembled slightly...Looking at Li Tian's scarlet eyes full of pain...

At this very moment, a strange voice suddenly came from inside the church.

"Unexpectedly, the poisonous scorpion that killed people like a scorpion in the past... would have a moment of soft heart! It really surprised me today!"

With that ghastly sound... Then he saw a man in a gray suit and didn't know when he had already appeared in this church.

He was very thin, with a pair of gold glasses slung on his sickly white face, and his hands were as thin as a woman, and he walked out with a smile.

It's him?

it's him!

It turns out that he is the spectacle that met the poisonous scorpion in the Chenghuang Temple!

However, the moment the glasses appeared, the faces of the ghost servant and Duguxie were shocked, and Li Tian stayed there in the same surprise.

Who is he? Why did he appear here too?

But he said that when the spectacled man in a gray suit came out, he first looked at Li Tian over there with his gloomy and vicious eyes, and then took a look at Dugu here with interest. There are evil servants.

A cold smile appeared at the corner of his mouth for an instant: "Yes, not bad! You did a beautiful job... I thought this famous immortal servant Ghost Servant, and the evil sword Duguxie was a great master... Haha , I didn't expect that they were all planted in your scorpion's hands today!"

"It seems that there is a saying: The most poisonous woman's heart, this is not wrong at all." The glasses said there with a grinning grin.

When the spectacles said so, the ghost servant roared out.

"You bastard...what are you talking about? Believe it or not, my ghost servant broke your neck with his own hands!" The ghost servant roared there, panting.

The glasses laughed haha: "I believe it! Of course I believe! The famous shadow ghost servant... Twenty years ago I had heard about glasses... At that time I wanted to see you... Hey, it's a pity that there is no chance... "

But he said that when the guy in the gray suit suddenly said his nickname and glasses, the faces of Duguxie and the ghost servant suddenly changed.

He turned out to be glasses! ! !

Because the two of them recognized him at a glance...

He is: glasses!

In the past, the top killer who only recognized money and didn't recognize people was famous in Southeast Asia, glasses.

For more than two decades, the name of the eyeglasses has become quite famous in the killer world in Southeast Asia...Because at that time Cthulhu and his brothers rushed to the Vatican to kill the Pope, so I heard of the name of this killer in Southeast Asia... ...It's just that they haven't seen it before! Now I didn't expect that this terrifying killer in Southeast Asia would now appear here!

Could it be that he and this scorpion are in the same group?

Is it also to harm Li Tian?

After the abrupt appearance of the glasses, things became more and more confusing.

Now Li Tian, Duguxie and the ghost servant don't know why these once awesome cold-blooded killer glasses and Liu Yiyi, the poisonous scorpion in front of him, would deal with him? And it took so much effort to deal with them? Why is that?

Also, if the poisonous scorpion was right, Li Tian turned out to be the one who took care of her in the orphanage since she was a child!

Why is this happening? Why would this poisonous woman who used to kill people like numb and caused headaches for both black and white to take care of such a young Li Tian? And it takes more than ten years to take care of it?

All of this is now an unknown mystery to Li Tian, Duguxie and the ghost servant!

"Why did you appear here?" Liu Yiyi suddenly raised Liu's eyebrows, looking at the glasses with cold eyes.

At this moment, the glasses turned his head slightly, a strange smile appeared at the corner of his mouth, looking at Liu Yiyi.

"That's because I'm afraid...you are soft-hearted...you won't be able to move!"

"Nonsense! When did Liu Yiyi have a hand that I can't get down..." Liu Yiyi said angrily, as if to prevent the glasses in front of her from seeing the only kindness in her.

"Really? Then you kill! You kill this kid now..." The glasses suddenly pointed at Li Tianzai and smiled at the poisonous scorpion Liu Yiyi.

"After you killed him, you also completed the task that the master has given you for so many years...In that case, the two of us can return to the gate of ***** smoothly." The glasses said suddenly there.

The gate of hell? The gate of hell?

When the name of this terrorist organization was spoken, Li Tian and the ghost servant and Duguxie immediately understood!

It turns out that they are all from the gate of hell!

No wonder...no wonder... they want to kill Li Tian and harm themselves!

When Li Tian suddenly heard the three characters Hell Gate, fiery hatred appeared in Li Tian's eyes... His eyes were about to bleed, but it was a pity that his body couldn't move at all!

"It's you... it's you bastards... who killed my father back then!" A word suddenly came out of Li Tian's mouth with endless hatred.

The glasses turned his head slightly and glanced at Li Tian.

"Yes...your evil ***** father...we did it...it's a pity that we didn't kill him back then! Hey...but all this is not important anymore, he will die sooner or later...just like you... You father and son will meet in ***** sooner or later!" said coldly in the glasses.

"You bastard... I'm going to kill you... I'm going to kill you myself..." Li Tian roared, trying to stand up, but unfortunately he didn't have any strength.

What about the glasses? But he didn't bother to pay attention to Li Tian. At this moment, he looked at Liu Yiyi and said: "Scorpion, do you?"

"Finish things early...Let's leave this ghost place early." said Liu Yiyi with a smile on the glasses.

"kill him!"

"Kill him as soon as possible!"

Listening to the words of the glasses, Liu Yiyi finally took her steps and walked towards that Li Tian step by step.

She wants to really kill Li Tian...really do it!

Yes, she has no other choice! She didn't have any choice from the beginning. From the very beginning she was arranged here, and now she has no choice.

Chapter 844: Shock

Is the poisonous scorpion Liu Yiyi really going to kill Li Tian in front of him?

She walked closer to Li Tian step by step.

The killer glasses next to her looked at her with a sinister smile on her lips.

Although the ghost servants and Duguxie over there are worried about Li Tianzhiji, their bodies are still unable to move at all, and now they can only watch the tragedy happen...

It's time to do it, it's about to do it!

After the palm of the poisonous scorpion Liu Yiyi accumulated palm strength, he slowly raised it.

She looked at Li Tian whose eyes were full of scarlet hatred, and her palm was about to hit Li Tian's Tianling Gai fiercely.

"kill him!"

"Kill this kid!" The sentence was repeated in the mouth of one of the glasses.

The poisonous scorpion Liu Yiyi raised his palm and said, "Are you cruel to me?" She looked at Li Tian with a complicated expression in her glasses and suddenly asked.

Li Tian didn't speak, nor did he say anything, he just seemed to see a trace of blood coming out of his glasses.

"Scorpion, do it now!" The glasses suddenly urged there.

Liu Yiyi in front of him finally showed a cold light in his eyes at this moment.

Killing intent!

At the moment the cold killing intent rushed, Liu Yiyi's palm suddenly fell, and he slammed against Li Tian's Tianling Gai.

"Young Master..." the ghost servant exclaimed and exclaimed.

And what about Duguxie around him? At this moment, the bronzed face suddenly became ugly, and the body suddenly jumped up, and then the bronze sword in his hand was pulled out of its sheath with a loud noise.

Huh? Didn't Duguxie drink that poison just now?

How come you still have the strength to bounce?

Although Duguxie was very strange here, it was even more surprising that Duguxie didn't make a move, because Duguxie's eyes had already seen an even more shocking scene.

It turned out that the moment that Liu Yiyi's vigorous palm hit Li Tian's Tianling Gai fiercely, the palm of his hand suddenly turned and changed the direction, but suddenly a fierce palm hit the glasses beside him.

"You go to die!" Liu Yiyi screamed and hit the glasses with a palm.

At the moment when the situation suddenly changed, Li Tian and the ghost servant were all stunned.

No one knows what happened?

However, when Liu Yiyi attacked the glasses with a fierce palm, the glasses were taken aback! Then Shenfa quickly dodged over.

"Scorpion, what are you doing?" Glasses asked suddenly in surprise.

"I want you to die!" Liu Yiyi roared.

The palms slammed into the glasses again, and all moves were extremely powerful killers.

As the glasses dodge, they said coldly, "Oh, you bitch... dare to betray the gate of hell, betray the master... I will kill you."

The words came from the mouth of the glasses, and suddenly the two white hands of the glasses began to dance.

His hands are like women's fingers, thin and white, but deadly enough.

As expected, he was once a famous killer in Southeast Asia, and he can tell that his moves are quite vicious.

The right hand is attacking like a poisonous snake, and the left hand is hiding the knife in secret, ready to attack the vitals of Liu Yiyi at any time.

Although Liu Yiyi is a female streamer, but his skill is not weak, I think the title of poisonous scorpion was not for nothing.

After Liu Yiyi, the poisonous scorpion here, suddenly killed the glasses, Li Tian and the ghost servants were all blankly stunned.

How could this be? Then why did Liu Yiyi, who wanted to claim their lives just now, suddenly change? Become a target of your fellow?

It turned out that Liu Yiyi couldn't bear Li Tian.

After all, Li Tian was raised by her since childhood.

How can the human heart be ruthless?

Liu Yiyi is an individual, and she is still a woman. Although she was murderous 20 years ago, her temperament has already changed after 20 years... She has been lurking in this poor and kind little county town. His hostility was completely wiped out! Now she just wants to protect Li Tian's safety.

But after Duguxie here suddenly stood up, his bronze sword was already out of its sheath...

The buzzing sound of swords rang loudly.

"Second brother...you...you...are not poisoned?"

The ghost servant who had all lost his skill nearby looked at Dugu Xie and asked with a pair of unbelievable eyes.

"If I am also poisoned, who will protect Young Master's safety?" Du Guxie said with a cold face.

The ghost servant suddenly became ashamed, remembering that he hadn't protected Li Tian safely, and suddenly felt that he was really useless.

It turned out that my second brother had already seen the clues... So when I was drinking the poisoned cup of tea just now, Du Guxie didn't drink it, but just gently dipped the water in his mouth.

At this moment, Duguxie just stood slightly in front of Li Tian, staring coldly at Liu Yiyi who was fighting and the killer glasses.

Liu Yiyi's moves over there are all ultimate moves, and those glasses are even more poisonous! More ruthless.

His pair of slender hands are as sharp as swords, and every move and style are inseparable from Liu Yiyi's key.

Although Liu Yiyi is good enough, she has lived here for more than ten years after all. In the past ten years, her skill has already regressed... Now she is facing the once famous killer in Southeast Asia, glasses. Obviously she seems to be struggling...

And it has gradually revealed the appearance of invincibility.

I saw a series of kicks from the glasses suddenly, which forced Liu Yiyi to fly back...Then he lifted his right foot quickly, turned around, and slammed Liu Yiyi's body.

Liu Yiyi was kicked and flew upside down... With a boom, her delicate body slammed on the chair of the church.

The legs of the glasses were really cruel, I saw Liu Yiyi struggled to get up from the ground, her pretty face turned pale and ugly for a moment, and even the corners of her mouth couldn't help bleeding.

"I really didn't expect that you would dare to betray the gate of hell? Betray our master?" After the glasses severely injured the scorpion in one foot, he looked at Liu Yiyi with murderous expression on his mouth.

"Aren't you afraid of death?"

At this moment, Liu Yiyi was holding his severely injured chest, standing there with difficulty.

"Afraid of death? My Liu Yiyi has long been better than death... So many years, so many years of relying on medicine to maintain my life... It's really sad, sad!" The poisonous scorpion laughed miserably.

"I'm telling you, even if I die today... I have to tell everything." Liu Yiyi was seriously injured.

"you dare?"

"I killed you!" The glasses were afraid that Liu Yiyi would say something about the gate of hell. With a roar, the body suddenly prepared to rush towards Liu Yiyi, preparing to kill her with a vicious move.

Chapter 845: The endless curse

Just when the glasses in front of me were about to kill Liu Yiyi in pain, suddenly there was a rush, and the sword rang!

Then he saw a burst of blue light that looked like heaven, and suddenly slashed towards the glasses with a terrifying sword aura.

The glasses felt the terrible sword aura, his face instantly became ugly, and then his body quickly moved back...

After he retreated, he was stunned for a moment.

Because he saw him, saw the sword in his hand.

People: It's a man of indomitable spirit!

Sword: It is a bloodthirsty sword!

"Duguxie?" The eye of the glasses suddenly appeared in horror and looked at the cold man standing in front of him in disbelief.

"You...you...were not poisoned...how...how could it be okay?" The glasses were completely shocked there, looking at Duguxie and asked.

He clearly knew that the scorpion had poisoned the tea that Duguxie and the others had just drunk, and it was still San Gong pills. If a person drank the poison, his body's gong power would not be able to gather, but now? Why is Duguxie standing here well now?

Even Liu Yiyi, the poisonous scorpion on one side, was completely stunned, blinking at Duguxie with those surprised eyes.

But seeing a Duguxie with a bronze sword in his hand, he said coldly: "If I didn't pretend to be poisoned, how could I lure you gangsters out!"

It turned out that Duguxie had already seen something wrong with the grandmother. From the first time he came in to see the figure of the grandmother, he felt puzzled, and when he saw that grandmother pull Li Tian's wrist, look The little red string that came out of her white wrists...Duguxie was even more suspicious! Just imagine, how could an old woman in her 60s have such fair skin? How could there be a small red string that a woman likes to wear on her wrist?

Listening to Duguxie suddenly said coldly, the glasses were stunned for a moment!

"Sure enough it's an evil sword... So... you've already seen it?" The glasses said with an ugly expression.

Duguxie didn't say a word, but slowly raised the deadly bronze sword in his hand.

Sword refers to glasses.

"If you don't want to die under my sword, then it's best to tell me everything about the gates of hell!"

"And my eldest brother... tell me, did you participate in that night?" Duguxie said with all his killing intent, and at the same time Zhou himself was filled with a terrifying edge sword at this moment. gas.

After Duguxie said these words, the glasses looked at the situation in front of him, and he took a step back involuntarily, and the gloomy face also showed a look of anxiety.

Of course he knew how powerful the evil sword Duguxie was... and knew the power of the sword in his hand, so he was afraid.

"Say, or don't say it!" The cold words came out of Du Guxie's mouth again.

When this sentence was uttered, the bronze sword in his hand had begun to hum, as if he was about to drink people's blood impatiently.

"Hmph, even if I die, I won't tell you the truth!" Glasses said.

"Then you are looking for death!"

After the words fell, Duguxie suddenly raised the bronze sword, and with a puff, Xiao Sha's sword aura carried immense power, and he slashed towards the glasses, and the air seemed to be completely surrounded by Duguxie's powerful sword aura.

Seeing Duguxie's sword stabbed in those glasses, he quickly dodged.

The terrifying sword energy directly destroyed the rows of church chairs behind the glasses to pieces.

Brush!

Then Duguxie Sanjian attacked the glasses again.

The glasses tried their best to dodge, which seemed very difficult. After he retreated, the glasses suddenly rushed towards Duguxie, and his two hands attacked Duguxie's whole body like a ghost.

Duguxie's face remained unchanged, the bronze sword in his hand blocked his waist, and a dragon screamed from the warehouse. The bronze sword was suddenly drawn out of his hand and rotated, and then the sword energy swept straight down, a sword weirdly directed towards the chest of the glasses. Stabbed.

The glasses suddenly became frightened, and his body quickly flew back.

But that's the case, just listening to a pounce, the deadly sword aura still made a one-foot-long opening on the placket of his chest...

Looking at the opening in front of his chest that was cut out by that Duguxie's terrifying sword aura, his face became more and more ugly. If he took a step back just now, it is estimated that his stomach would be cracked.

Seeing that he was not the famous Duguxie opponent at all, the glasses suddenly even turned, preparing to escape with extremely fast stamina.

"Want to run?"

Duguxie suddenly roared.

Then the bronze sword in his hand suddenly glowed with blue light, and with a bang, the vigorous sword aura suddenly cut towards the back of the glasses with a violent aura.

Without turning his head back, he could feel the fierce sword aura behind him. I am afraid it is too late to dodge. At this moment, he desperately turned his body to the left.

With a flutter, it's a pity that he could escape the evil sword in Duguxie's hand... In the glasses of a sword, his body suddenly resembled a kite with a broken wire, and suddenly fell to the ground with a thump.

Looking at him again, there is a long and narrow sword mark on the back, which is three points into the flesh.

The blood flowed out of his body little by little, and he fell to the ground, his sullen face was full of pale white.

He is indeed not Duguxie's opponent!

After Duguxie severely wounded him with a sword, he walked towards him step by step with the blood-stained sword in his hand.

All the air was filled with his cold killing intent.

The ***** body in the spectacles couldn't help but stepped back step by step in fear... The pair of previously fierce and vicious eyes showed fear at this moment.

The blood-stained sword was lifted from his hand, and Du Guxie coldly faced the glasses in front of him.

"I'll give you another chance...say or not?" Du Guxie's voice was colder than his, and it was almost suffocating.

The sword is in his hand, as long as his sword is lifted, the glasses will die.

At this moment, the glasses are at the end of the crossbow. The pair of gold-rimmed glasses on the bridge of his nose and the left frame are also completely shattered... The whole body is facing Duguxie with blood.

Suddenly he laughed weirdly...but his laughter seemed extremely bleak.

"I know that you have been tracking down the Cthulhu for so many years... I also know that you are tracking down whoever killed the Cthulhu... Haha, but I tell you, you will never know...forever and ever..."

"And even if I die, the people at the gate of ***** will never let you go..."

"You will always remember... to offend our ***** gate, the blood curse of eternity, immortality! Your big brother Cthulhu is like this... so are you!"

"All will die! All will die!"

Chapter 846: Cthulhu is not dead

Listening to this spectacle, when he was dying, he said such vicious words!

Duguxie was angry in an instant!

His hatred... all the hatred 20 years ago broke out in this moment.

boom

A deadly blue light slashed towards the erect neck of the glasses.

The sword fell, the blood splashed!

I saw the blood sprinkled in the air, a **** head fell from the air, and then rolled to the ground.

Then the headless corpse with glasses fell to the ground with a plop.

died!

The glasses were chopped off by the bronze sword in Duguxie's hands.

After Duguxie Yijian stood on his head, his terrifying sword energy began to slowly fade away.

And Li Tian and the ghost servants over there were finally relieved.

I saw Duguxie who had killed the glasses with a sword, and suddenly turned around slowly, staring at Liu Yiyi, the poisonous scorpion who was seriously injured on the other side.

Look at Liu Yiyi again? She was sitting there slumped at the moment... All the sorrow that surfaced on that previously charming face at this moment.

She just sat there paralyzed, as if her life and death were no longer so important.

Seeing this Duguxie walking towards her step by step with the **** sword, she didn't even move.

"You are also a member of the gate of hell, right?" Du Guxie suddenly asked Liu Yiyi with a cold expression on his face.

A bitter smile appeared at the corner of Liu Yiyi's mouth... sat there alone, without answering the words of Duguxie.

"Tell me... tell me everything about our young master... and how did you find our young master? How did you take care of him? Who is your master? Who is the master behind the gate of hell? Who the **** is the big brother!"

"If you say it, I can spare you today and make you immortal." Du Guxie continued to say coldly.

At this moment, Li Tian and the ghost servant also looked at Liu Yiyi.

Li Tian's eyes were full of painful eyes... He really did not expect that this person who had been his closest relative since childhood... turned out to be his own enemy!

But what about Liu Yiyi? Slowly raised that beautiful face, then glanced at Li Tian here, and then said to Duguxie: "Do you think I am really afraid of death?"

"You don't know... Actually, the moment I joined the gate of hell, I was already a dead person..." A word came out from Liu Yiyi's mouth with a wry smile.

Just when Liu Yiyi said so, the ghost servants and Li Tian in front of them couldn't help being taken aback.

"Why do you say that?"

"What kind of organization is Hell Gate? Why did this organization harm our elder brother and us 20 years ago?" Du Guxie said with endless hatred.

"And who is your master?"

Liu Yiyi suddenly shook his head.

"I do not know....."

"I have never seen our master..."

"I only know that our master hates him, hates the evil god... so he wants the evil **** to die! And he saw him die with his own eyes." Liu Yiyi said.

Listening to Liu Yiyi's words, although Duguxie was extremely annoyed, he really couldn't understand, what kind of man was offended by his elder brother, Cthulhu more than 20 years ago? And so insidious?

"I'll ask you again, did you participate in the **** incident that night twenty years ago?" Du Guxie suddenly stared at Liu Yiyi with a murderous expression on his face.

Liu Yiyi shook his head slowly.

"I do not have....."

"I said no, not because I want to live...but because I really don't!" Liu Yiyi said.

"Twenty years ago, the **** incident of that night...I didn't go at all...Because of my low skill, I was not qualified... I think you should know that those masters who besieged you that night... These are all extremely famous characters...they have great skills! Because only they are qualified to fight against the evil god. And me? I was only arranged here...arranged here to take care of the young him!" Liu Yiyi said while looking at Li Tian.

Listening to Liu Yiyi's words, Duguxie's heart was secretly lining: In fact, what she said was really good!

That night twenty years ago, she was indeed not qualified to go! With her little ability, even her elder brother Cthulhu's move could not be blocked.

But another strange thing made Du Guxie not only depressed.

"Tell me, my eldest brother...in the past... was he killed by those of you?" Duguxie asked scaredly.

Duguxie has always been afraid to face this problem in person... But now it has taken him more than 20 years to finally find a piece of news that can tell whether his elder brother is alive or dead. How can he not be excited?

Li Tian over there is also full of expectations looking at Liu Yiyi in front of him.

I saw Liu Yiyi slowly saying: "He is not dead...the evil **** is not dead!"

what?

Just after Liu Yiyi told the truth in this way, Li Tian and Duguxie in front of them were all shocked with excitement!

"Big brother is not dead...Big brother really is not dead..."

"Young Master, I know that Big Brother will not die..." The ghost servant exclaimed with emotion and tears streaming from his eyes.

What about Li Tian? When he heard that his father was really not dead, his heart throbbed... He was always scared, afraid that he would never be able to see his biological father in this life, but he did not expect that now... he finally has Hope... Cthulhu is really not dead!

Even the indifferent Duguxie who heard this exciting news, his eyes were red.

"Really?"

"Is my elder brother really not dead yet?" Du Guxie asked Liu Yiyi with a trembling voice.

Liu Yiyi nodded silently.

"Yes, he is not dead!"

"Even though he was besieged by our **** gate back then... but he didn't die... He just had all martial arts abolished... His hands and feet were broken off!" Liu Yiyi said.

"what?"

"You...you...abolished my elder brother's martial arts...and broke his hands and feet?"

After Liu Yiyi said these words, the spirit servant's excited mentality fell into the abyss at this moment.

The same goes for Li Tian and Duguxie, as if they were suddenly cut into their hearts by a sharp knife.

Liu Yiyi told the truth: "Yes!"

"There is no way, the evil **** was so powerful back then...so they were afraid...even our master was afraid of him...so they had to do this!"

Listening to Liu Yiyi's words, the ghost servant roared instantly.

"Assholes, these assholes...I must pay for their blood...I must pay all their blood!" The ghost servant roared.

That Duguxie was also standing there in pain.

"Big brother's hands and hamstrings are abolished?"

"The famous evil **** was actually abolished..."

"How could this be? How could it be?" For Duguxie, how could he accept this fact, hate...all the hate suddenly rushed into his head.

"I want to kill all the people at the gates of hell! Kill all the people to avenge my elder brother!" The curse words of the eternal world came out of Duguxie's mouth. He was full of terrible murderous intent, and he felt like a mad at the moment. The beast!

Chapter 847: I want to be a good person

xBut he said that after Liu Yiyi told the truth, the Duguxie and Li Tian in front of them all were there like a knife.

Especially when he heard that the evil **** was deposed, Li Tian was even more heartbroken!

He really didn't expect his father to be so crippled by the band of thieves that his hands and feet were so crippled.

Hate, all the hatred, quickly spread his whole body!

Even his body began to tremble uncontrollably...

"What about my father... Is he still being held by you?" Li Tian suddenly looked at Liu Yiyi with **** hatred in his eyes.

Liu Yiyi shook his head.

"No, he did not!"

"Even though he was captured by us twenty years ago... his hands and feet were abolished... but he did not die!"

"Our master was detaining him in the dungeon... but then he didn't expect him to disappear suddenly for no reason..." Liu Yiyi said.

After Liu Yiyi said so, Li Tian and Du Guxie in front of them were immediately stunned.

"what?"

"My father disappeared?"

"How is it possible? His hands and feet have been... cruelly abolished by you... How can he escape by himself?" Li Tian said angrily.

But Liu Yiyi nodded.

"I'm not wrong!"

"The Heretic God really disappeared... After that day, the Heretic God disappeared forever... No one knows how he escaped that day... I don't know if someone outside the world saved him... We only The only thing I know is that the evil **** has disappeared... and more than a dozen of us masters have been killed." Liu Yiyi said.

After Liu Yiyi finished saying this, Li Tian and Du Guxie were shocked there.

how is this possible? Is what Liu Yiyi said true or false?

The Cthulhu's hands and feet have been completely abolished back then, how could he still kill so many masters in full view, and escape? It's not realistic at all!

Could it be said that there is really a more powerful master to save the evil god?

"Hey..." Liu Yiyi sighed suddenly with that pale pretty face.

Just listen to her to continue saying: "It is precisely because the evil **** is not dead...Our master is afraid of his revenge...so for so many years I have been sending people around to look for his trace...even me!"

Listening to the poisonous scorpion Liu Yiyi saying so, Li Tian was suddenly shocked.

"what?"

"Are you still looking for my father?" Li Tian said in horror, and at the same time an unprovoked anger in his heart soared again.

The Duguxie and the ghost servants were also suddenly stunned... They did not expect that the hatred 20 years ago has not ended until now, and the things that were not done 20 years ago are still at the gate of hell. Do it, chase and kill the evil god.

"Yes."

"Twenty years ago, because of the sudden disappearance of the evil god... Our master sent people to look for him... but they couldn't find him! So he brought you out... let me become someone else looking after you... .."

what? So everything turned out to be like this? When Li Tian heard this, he was shocked there.

"We want to use you to lure the evil **** out... because only you can force his appearance... It's a pity that the eyes are dazzling, and it's fleeting... So many years are just a short time away... Even though I have been hiding here for so many years... So far, no trace of your father has been found." Liu Yiyi said.

After the poisonous scorpion Liu Yiyi said these words in this way, Li Tian completely understood it.

Now he finally knew in his heart why Liu Yiyi took care of himself for so many years... It turns out that all this is a layout! It's all a huge conspiracy... for relying on Li Tian's identity to lure the evil **** out...

But no one thought that the Cthulhu had been there for twenty years, and he would never be born again for twenty years.

he died? Or disappeared forever? Who knows the world?

When Li Tian and Duguxie both knew the truth, they were completely shocked... They looked at Liu Yiyi in disbelief with expressions of horror.

"Then...then you...why...why are you suddenly helping me this time?" Li Tian suddenly turned his head to look at the poisonous scorpion Liu Yiyi in front of him and asked.

But a strange wry smile suddenly appeared on Liu Yiyi's pale face.

Who can know her heart?

Did she not bear to attack Li Tian, or was it because of something else?

"Because...because...I want to be a good person..." A word suddenly came out of Liu Yiyi's mouth.

When Liu Yiyi said these words, no one saw that at the left end of the church, a glimmer of light and thunder shot at Li Tian's swiftly.

The speed reached a level that was almost terrifying, and even the Duguxie and the ghost servant who had their backs to Li Tian did not react in time. It was a hidden weapon shot by a mysterious and weird shadow. It was deadly. hidden weapon.

"Lee... be careful!"

But Liu Yiyi, the poisonous scorpion, saw it at this moment! He saw the deadly thing lashing towards the back of Li Tian's head accurately...

At the moment she exclaimed, her delicate body suddenly rushed towards Li Tian, and then she pushed Li Tian's body away forcefully...then the deadly hidden weapon suddenly penetrated her delicate body, pounding. Scream...

"Grandma" Li Tian suddenly exclaimed!

When he saw that "Liu Yiyi" was desperate to save himself, and he was brutally attacked by the hidden weapon, he cried out in pain.

And the awakened Duguxie suddenly roared, his body like lightning, holding the deadly bronze sword in his hand, and quickly chasing towards the flashing shadow...

Who?

Who is hiding in this dark place?

Could it be that besides the glasses, there are other **** gatekeepers here?

Inside the church, but seeing that the blood flowing from Liu Yiyi's chest had stained the entire ground, her face was as pale as a dead person, and Li Tian hugged her in such distress.

She kept calling her name.

It's a pity that Liu Yiyi is dying, there is no way, the other party's hidden weapon is really too cruel and too deadly.

The corner of her mouth was stained with blood, and she was lying weakly in Li Tian's arms.

"Li...do you hate...hate...me?" Liu Yiyi spoke with difficulty, looking at Li Tian with endless regret in his dying beautiful eyes.

Li Tian's eyes were red, and he held Liu Yiyi's delicate hand tightly!

"I don't hate... I have never hated."

When Liu Yiyi heard Li Tian say this, she finally showed a gratified smile. Her beautiful and flowery face seemed so beautiful in that moment.

"Lee..."

Chapter 848: The beginning of **** revenge

"I think... want... want you to call me again... call me... grandma..." Liu Yiyi raised his bloodied hand with difficulty... slowly raised... touching Li Tian's face... said in a weak voice.

Her eyes were filled with kindness and love for Li Tian.

At this moment, she was no longer the poisonous scorpion Liu Yiyi, but she really seemed to have become the grandmother who had raised Li Tianzhang.

Li Tian had already seen that she was dying in front of her eyes... Her pupils had begun to gradually expand... He tremblingly touched his face and said.

Li Tian's heart ached for a moment, remembering that she was kind to herself when she was young... She took care of herself meticulously... Tears couldn't help streaming from his red eyes.

"Grandma..." Li Tian called out her "name" again.

Just after Li Tian called out, there was a serene smile on Liu Yiyi's mouth.

Then her eyes began to close slightly...The slender hand touching Li Tian's cheek also slipped off his face in an instant.

The moment her cold hand slipped from the air also symbolized the end of her life.

died!

The poisonous scorpion Liu Yiyi is dead.

"Grandma..." With a bitter pain, Li Tian immediately hugged Liu Yiyi's body tightly in his arms, but Liu Yiyi couldn't hear it anymore.

The grace of care for so many years has vanished at this moment.

Although Liu Yiyi was a member of the gate of **** and Li Tian's enemy... But Li Tian couldn't hate it... After all, she had taken care of Li Tian for so many years, and she was the first so-called relative of Li Tian in his earliest days.

The ghost servant on one side saw the sad Li Tian and didn't know how to comfort him, but just sighed and sat there.

Outside, it said that Duguxie was carrying the bronze sword and was chasing the black shadow in front of him.

The speed of the black shadow is amazing... After a successful move, he began to flee. Although the Duguxie behind used all his energy to chase the black shadow, it was a pity that he did not catch it...

So Duguxie gave up chasing!

On the one hand, he was afraid that the other party would move the tiger away from the mountain. You must know that the current ghost servants and Li Tian are still suffering from the poison of the San Gong pill. .

After the Duguxie here quickly left, only the black shadow in front of him swept towards the distance extremely fast.

Soon the body disappeared into the forest.

Through the vague mountains and forests, but seeing the black figure's mouth with a heavy gasp, he quickly walked to one side.

Suddenly from another place, a figure suddenly appeared.

A closer look revealed that the man was wearing a purple robe, his appearance was stern, and there was a long and narrow scar on his handsome face.

Ouyang Longyan? He turned out to be Ouyang Longyan at the gate of hell.

Let's look at who is the man in black who attacked Li Tian just now? Look at his face carefully, and look at him in a blink of an eye, he is astonished as the ecstatic messenger in the gate of hell.

So it was him?

No wonder this guy is so powerful, and his quick body is so agile, even when Duguxie chased him, it seemed a little laborious.

"Damn it!"

"I was almost caught up by the evil sword!" The ecstasy was still gasping and roaring in his mouth at this moment, as if he was very concerned about Duguxie.

The covered face made it impossible to see his face clearly, except for his harsh and unpleasant voice and his stern eyes.

"Have you been discovered by Duguxie?" Ouyang Longyan asked with a cold face.

The ecstasy snorted: "Yes!"

"How is it? Have you killed the kid surnamed Li?" Ouyang Longyan suddenly raised his cold face and asked.

The ecstasy messenger suddenly filled his body with a terrible anger.

"Humph!"

"That **** poisonous scorpion...Unexpectedly, he dared to betray my **** gate and our master..."

After the Ecstatic Messenger suddenly said this, Ouyang Longyan was not only slightly startled, but he also showed a sense of horror.

"She rebelled?"

"Yes! Not only that, but also killed the glasses!" The ecstasy in front of him said with a murderous face.

Ouyang Longyan frowned slightly when he heard the ecstasy say this, but he didn't seem to care about the life and death of the glasses, he just gave a slight hum in his mouth.

"However, she won't live long!"

"The only one who offends our **** gate is death!"

"It's a pity that I didn't kill the kid surnamed Li this time. It's a pity," said the ecstatic messenger in front of him.

Ouyang Longyan on the other side listened to him, but his indifferent face seemed indifferent, as if Li Tian's life and death had nothing to do with him.

"Let's go...Leave here first!" After the Ecstasy finished saying this, he suddenly turned around and swept away with a swift body technique, and Ouyang Longyan behind him also looked up at the orphanage. He glanced at the direction, and then quickly followed.

Besides, when Duguxie came back, he saw Liu Yiyi tragically dying on the ground.

What about Li Tian? While looking sadly at Liu Yiyi's body with red eyes, the ghost servant on one side had already eaten the antidote that Liu Yiyi was carrying, and was sitting quietly on the side at the moment...recovering his skills.

"Young Master...how are you?" Du Guxie looked at the sad Li Tiandao who was sitting idly and sad.

Li Tian didn't answer his words, just sat there coldly.

Li Tian, who had been silent for a long time, suddenly stood up, his eyes full of fiery hatred.

He hated the gate of hell, hated them one by one for taking the lives of relatives around him.

"I want revenge... I want revenge... From today I want to start revenge!"

With words of eternal hatred, roared from Li Tian's mouth... His hatred was burning in his heart with his burning anger.

Even Duguxie and the ghost servants felt Li Tian's terrifying gaze, which had completely surpassed human beings, like a revenge envoy from hell.

Perhaps from this moment, Li Tian began his **** road of revenge!

He knew he couldn't escape... Since he couldn't escape, he had to face these things.

I was worried about Li Tian's low-level martial arts, and worried that Li Tian's arms hadn't recovered from Duguxie and the ghost servant, and worried that he might not be able to deal with the two of them at the gate of hell. At this moment, no one discourages Li Tian! Because they hated it and got angry too!

Time for revenge!

Chapter 849: The killing begins

The poisonous scorpion Liu Yiyi is dead!

Although Li Tian finally learned of Liu Yiyi's true deeds and knew that she had always worked for the gate of hell, he still buried Liu Yiyi's body with grief.

During the burial, a heavy cold rain suddenly fell in the sky, as if even the Lord was crying for someone.

Under the cold rain, but seeing Li Tian looking at Liu Yiyi's body, this woman who murdered like **** 20 years ago did not expect that she chose to be a good person at the last moment... It's a pity that her path to a good person is So short... So soon there was no life.

Her body was buried gently under the loess. Watching the mud gradually bury her body, Li Tian felt a sense of grief that he had never felt before.

She just died silently!

It's gone...

life? Is this really the final destination sometimes?

After burying Liu Yiyi, Li Tian walked with grief to the small room where he once lived with Duguxie and the ghost servant.

The rain in the sky was still falling, and Li Tian and the others didn't even evade, as if they wanted to let the cold rain between the world and the earth soak themselves.

The whole body was soaked by the cold rain, they just braved the rain and walked towards the room where they lived step by step.

"I'm back...little boss and they are back."

Tang Xiaolong, who was standing far behind the small iron gate, saw Li Tian and Duguxie in the rain and they said excitedly.

The brothers all ran over now.

I saw that Li Tian and Duguxie looked extremely desolate, and they were covered in cold wet water... they came back from the rain.

The brothers suddenly noticed something wrong, because every one of them could see the weird and sad appearance of Li Tian and others.

Situ Ningbing also saw the sorrowful expression on Li Tian's face in the rain, not only was she surprised.

He hurried to Li Tian regardless of the cold rain.

"Li Tian..." Situ Ningbing ran to Li Tian's side in the rain, and gently called him while looking at him in grief.

The brothers at the moment also ran out.

"Little boss...you are finally back." They all said.

"How is the matter? Has the investigation come?" Tang Xiaolong asked with his mouth open.

Next to him, Chen Qiao used his elbow to smash the winkless guy, blinking suspicious eyes and looking at Li Tian and Du Guxie, whose faces were full of grief, and asked inexplicably: "Li Tian, what's the matter?"

"Did something happen?" Chen Qiaozi looked at Li Tian and asked curiously.

Li Tian sighed deeply, said nothing, and walked towards the room. Duguxie and the ghost servants also quietly followed.

Brothers are all wondering at this moment, what happened? How come Li Tian and Duguxie seniors, their faces are so ugly?

After Li Tian entered the room, the brothers looked at Li Tian and Duguxie who were covered in water in surprise, and no one knew what happened.

"The people at the gate of **** are here!" A word suddenly came out of Li Tian's mouth.
what?

Just after Li Tian said this, the brothers were all stunned there.

"The man at the gate of hell?"

"Why are they chasing me?"

"Yeah, little boss, what happened?" The brothers in front of him looked at Li Tian in horror and asked.

"Did you still meet?"

I saw Li Tian staring at the pattering light rain outside the window, sighing for a long time, and then uttering all the things he had experienced in the church where he was just now.

After speaking out, the brothers all heard each other looking at each other, and they were even more surprised by the confusing thing.

"I didn't expect that the person who had been the best to me turned out to be a person from the gate of hell." Li Tian said with grief, remembering Liu Yiyi there.

After listening to Li Tian talking about the "grandmother", the brothers were very angry at the beginning. They didn't expect that the woman would dress herself in disguise for so many years, and it turns out that she was still from the gate of hell... Finally, when she heard that she had chosen to be a good person, and blocked the fatal blow for Li Tian, they all became silent again...

"It turns out that everything... is set by the gate of hell... is their conspiracy... they want to find my father and kill my father." Li Tian said with hatred.

After the brothers listened to Li Tian in shock, they all stood there in shock.

No one thought that all of this had such a big conspiracy, and all the conspiracies were made by the gate of hell.

"Damn **** gate... Grandma's! What kind of ghost organization is it... Damn, why is it so powerful? So rampant?" Tang Xiaolong roared with his fists clenched.

The brothers on one side were also silent.

Before, they only knew that the people in the gate of **** were very powerful, and all of them were extremely masters.

But now they know that not only the people in the gate of **** are very powerful, but also the scheming is extremely sinister.

Especially the owner of the gate of **** that Li Tian just mentioned!

Who is the master of the gate of hell? Who is so capable and has so many masters in the world? And still play for him all the time?

Situ Ningbing looked at Li Tian in grief and anger, not only slowly walked to him, looked at him and said, "Li Tian, what should we do next?"

Listening to Situ Ningbing's question, the brothers in front of them not only turned their eyes around, looking at Li Tian, waiting for his decision.

"revenge!"

"I want to prepare for revenge from today!"

The words of hatred came out of his mouth angrily.

Situ Ningbing and the brothers in front of him were all slightly shocked when they heard Li Tian say this.

Although they also had a lot of ideas in their hearts, since Li Tian had made such a decision, they had nothing but to obey.

From now on, Li Tian will begin his **** road of revenge.

He wants those who have harmed him...and those who have enemies with him, one by one, use blood to repay...all all debts!

The father's feud 20 years ago, the blood debt 20 years later, everything became a beginning at this moment...

From now on, maybe he, who is one of the best in his life, is about to start his blood-stained killing career.

Chapter 850: Decide

After this incident, Li Tian felt an obvious change, and everyone could feel his heart with endless hatred.

Although the brothers were also saddened by the death of Liu Yiyi and shocked by the presence of the evil thief at the gate of hell, they also deeply understood the current Li Tian.

The brothers now stay with Li Tian in his simple little room.

It was still raining outside, while Duguxie and the ghost servants sat quietly looking at the gray sky. The two did not speak from beginning to end, silently thinking about their hearts.

Since Duguxie and the ghost servants learned of the true deeds of the "Cthulhu", they haven't said a word since they came back.

Tang Xiaolong and his brothers over there also sat quietly on the side without saying a word.

Only Li Tian was there to clean up his house.

He placed the things in the previous room one by one, and then slowly sat on the little bed where he used to sleep, looked at the raining sky outside, was silent for a while, and said: "When the rain stops, let's go!"

Hearing Li Tian finally speaking, the brothers were taken aback for a moment, turning their heads to look at Li Tian at the moment.

"Little boss, where shall we go next?"

Li Tian was also suddenly at a loss.

Where should he go in the vast world?

Although he is thinking of revenge in his heart, but the world is so big, where does he go to find the mysterious and terrifying organization **** gate?

Listening to Tang Xiaolong's question, Li Tian clenched his fists tightly, but he didn't know how to answer.

Yeah, where should he go?

After thinking about it, Li Tian suddenly said: "Anyway, leave here first!"

"I want revenge! I must find out who controls the gate of hell... Who killed my father and mother twenty years ago." Li Tian said angrily.

When the brothers heard Li Tian say this, they didn't speak again.

The heavy rain finally stopped.

It's a pity that when I stopped, it was already very late... it was already past 19 o'clock in the evening.

The hazy sky had already begun to darken. Originally, Li Tian planned to leave Liaocheng... But due to the darkness, they can only stay here for the night.

Because the room is small, and because there is only one bed in this room, the brothers naturally gave that bed to Situ Ningbing, Duanmu Ying, and the three girls of Xiaohuan.

The brothers rested one by one against the cold wall.

Although it was a bit difficult, the brothers never complained.

In this way, they leaned against the wall one by one and began to rest, waiting for the next day.

Just when the brothers were resting one by one, Li Tian walked to the outside of the room with very light steps alone...

Liaocheng in the dark night looks very lonely, very quiet, not as brightly lit as in a big city, let alone noisy dust,

On the contrary, the dark night gives people a sense of peace.

Li Tian stood in the middle of the night, looking at the boundless sky in the sky, suddenly sighed, and then he slowly raised his two arms...Looking at the two broken arms, Li Tian's mouth was wide. There was a bitter smile.

When will my arm recover?

When will my martial arts recover?

He stood in the dark and muttered!

Now I am about to take revenge, but what about myself? It's like a waste person!

Thinking of these Li Tian not only hates himself for being useless!

Just as he was hating himself alone, suddenly a figure had quietly arrived behind him, and a closer look revealed that the man was the evil sword Duguxie.

When Li Tian found out that Duguxie was coming, he was slightly startled, but he didn't expect that Duguxie didn't even rest.

"Young Master, are you thinking about things?" Du Guxie suddenly stood side by side with Li Tian, looking at him and asked slightly.

Li Tian nodded silently.

"Yes!"

"Can you tell me something?" Du Guxie asked in the dark night.

Li Tian was silent for a while, and then suddenly said, "Am I really useless...I can't do anything?"

"Young Master, why did you say that?" Du Guxie was slightly taken aback when Li Tian said so painfully.

"Look at me now that people are not like humans, and ghosts are not like ghosts...not only the people at the gate of **** have been chasing me... and more importantly, I am a useless man...a useless man!" Li Tian suddenly said in annoyance, with endless regrets in his voice.

When Duguxie heard Li Tian say this, he comforted him and said, "Young Master, you must not think so!"

"Actually you are strong enough...tolerable enough!"

"I believe if the eldest brother is still alive... he will be very happy to see you like this."

Listening to Duguxie's words, Li Tian suddenly gave a wry smile.

"My father? I don't know whether my father is alive or dead now... Twenty years... He hasn't appeared again for 20 years..." Li Tian said suddenly sadly.

Since knowing the news of his father, Li Tian has always been expecting in his heart all the time, expecting his father to be alive, expecting that the gate of **** did not catch his father!

It's a pity that after inquiring about Liu Yiyi's words before he died, Li Tian's expectation suddenly fell into the abyss.

Now he doesn't even know the life and death of the evil god...

Not only did he not know, but even Duguxie and the ghost servant did not know!

The only thing they knew was that the evil **** who ate tea was abolished... His hands and feet were all broken by the people at the gate of hell!

Hearing what Li Tian said, Du Guxie just stood coldly in the dark night.

After a long time, he said: "Young Master, please believe that your father will not die! My eldest brother will never die!"

"No one knows him better than I...! No one can defeat him in this world!" Du Guxie insisted.

Li Tian listened to Duguxie's words, did not speak, just raised his eyes and looked at the endless starry sky.

"Young Master, there is one more thing, I want to ask you...Have you really decided?"

"Did you decide to take revenge from now on?" Du Guxie suddenly turned his head and looked at Li Tiandao extremely seriously in the dark night.

Li Tian turned his head slowly and said: "I have decided!"

"I don't want to hide in this way... I must let the people at the gate of **** pay for their blood." Li Tian said with an angry fist.

"it is good!"

"Since Young Master, you made this decision...we will listen to you!" Duguxie suddenly roared in the dark night.
