

A Killer 871

Chapter 871: Continue to practice

In fact, Li Tian does not use the strong energy of his body. Li Tian is always unable to control that strong energy, so he will suddenly become excited after hearing this old monster say this.

"Yes, senior, how do you know?"

The Dove demon smiled: "Nonsense, what can't I see? Humph!"

Li Tian turned his head and suddenly said, "Senior, can you teach me then!"

"Teach you? What to teach you?"

"Teach me how to control the vigor of my body... In fact, what you just said is correct. My body does have a weird vigor, but I can't control it! So I want to let you Teach me... Anyway, you are so good. If you teach me, I can fight with you. That's great? You say yes?"

Upon hearing Li Tian's words, the Dove demon frowned, as if hesitated.

"Senior, you are an expert, besides, you are so powerful. If you don't teach me, think about it, I guess next time I fight with you, I will be defeated by you without fifteen strokes, so boring. what!"

"I think that if I can learn to control the vigor of my body, then I can accompany seniors to practice the exercises... Then, you won't be boring."

Listening to Li Tian's words, the Dove Demon didn't intend to teach Li Tian, but he was immediately moved by Li Tian.

"it is good!"

"Since your kid begs me, then I'll teach you...huh, anyway, even if I teach you how to control the powerful energy of your body, your kid will not be my opponent, haha!"

After Hao Mo's cynicism, he began to teach Li Tian how to control the powerful energy of his body.

"The energy of your kid is surging in that part of your body?" Dove Demon asked Li Tian to sit down quietly on the side and asked.

Li Tian quickly pointed his finger at the position of his abdomen and the position of his chest and said, "That energy is in these two positions."

Jiu Mo frowned slightly, and his heart was secretly lined: These two positions of this kid are clearly what the martial arts practitioner said, how can it be possible for the two points of Ren Du? How could it be possible that this stinky boy had already communicated with Ren Du at a young age?

"Are you sure that energy is in this position?" Dove Demon still couldn't believe it and asked Li Tian.

Li Tiandao: "Of course! In these two places!"

"Besides, sometimes these two energies still run through my body from time to time."

Listening to Li Tian's words, Dove Demon was speechless. It seems that the second vein of Ren Du of this stinky boy has really been opened up, what a wonderful thing!

"Well, I said, you follow me! I'll teach you how to extradite the true qi in your body." Just listen to Hamon said.

Li Tian then sat there quietly, listening to the words of the Dove Demon.

"Flat your chest with your hands, gather the Qi of Dantian, and then slowly guide the Qi of Dantian first with your mind..."

Li Tian followed the method said by the Dove Demon and began to slowly extradite his body's true energy. As Li Tian slowly extradited the powerful true energy in his dantian, gradually, the true energy seemed to be really attracted. Generally, he started to slowly rush towards Li Tiandi's heart.

"Now, do you feel the true energy in your chest?" Hatomo asked.

"Feel it!" Li Tian said with joy.

"Ah That's good!"

"Now you continue to extradite all the zhenqi into your chest. When the whole body's qi is concentrated in your chest, you start to try to slowly convey qi to all parts of your body...remember, Let those strengths be evenly distributed throughout the body, hands, feet, arms..."

While Dove Mo said, Li Tian did it slowly as he said!

Now he began to slowly spread all the energy of his body to various parts of his body.

Although it is difficult to disperse in this way, Li Tian slowly extradited his body's zhenqi.

And the Dove Demon on the other side was looking at Li Tian with weird eyes... I saw that Li Tian was slowly extraditing his body's true energy, and a burst of white steaming gas suddenly appeared on his body.

After the Dove demon saw the white gas, he was stunned, and at the same time he couldn't help being shocked in his heart! How could this kid's physical strength be so strong?

I don't know how long it took, Li Tian just sat there all the time, slowly extraditing the vast Zhen Qi in his body.

Finally, with the help of the magical land, he injected the powerful qi of his body into all parts of his body. After he injected the qi at once, his whole body felt an unprecedented sense of invigoration.

Then he suddenly opened his bright eyes!

After opening it, he unexpectedly found that the sky was completely dark...Oh my god! Unexpectedly, he had spent such a long time, Li Tian exclaimed in his heart.

Then a Guru got up from the ground, and Li Tianzhi now felt that his whole body was full of energy, and his whole body was full of energy.

He looked at the dark jungle around him, and then at the cave with flickering flames.

A bad idea in my heart suddenly appeared!

run!

That ***** old monster just isn't there right now? Why didn't I take the opportunity to slip away?

After thinking this way in his heart, Li Tian suddenly prepared to run to the dark jungle, but it was a pity that Li Tian had just stepped out a few steps, and suddenly heard the voice of the old monster above his head.

"Boy, are you going to go there?"

Suddenly hearing the sound of the magical land, Li Tian was depressed!

Then he raised his head and saw that the Dove Demon didn't know when he had been sitting on the big tree in front of him.

"I... I... want to pee!" Li Tian said awkwardly.

The Dove demon snorted, and then fell steadily from the tree in front of him.

"Smelly boy, do you still want to lie to me? Are you trying to run?" Dove Demon looked at Li Tian with an ugly expression.

Li Tian frowned and said, "No, no, you think too much!"

"Senior, you are so powerful, even if I have that heart, I don't have that courage, besides, even if I run, I will definitely be caught by you, don't you think?" Li Tian said with a smile.

The demon snorted coldly: "That's natural!"

"You want to escape from the palm of the old man's hand... that's impossible!"

Hearing what the Dove Demon said, Li Tian had already scolded all his eight-life ancestors in his heart.

"Come here for you!" In the dark night, but seeing that Dove Demon suddenly stretched out his thin fingers and pointed at Li Tiandao.

Li Tian was taken aback, and asked vigilantly: "You...what are you doing?"

"Let you come over, you just come over, what so much nonsense!" Hatomo said with an unhappy face.

Li Tian had no choice but to walk over quietly.

Chapter 872: Xuantian Fingering

Seeing that the old monster Dove was about to let himself pass, Li Tian hesitated, but he approached him step by step.

At this moment, a pair of eyes looked at the old monster warily.

"Smelly boy, let me ask you... Who taught you the powerful stamina of your body?" Just listen, then the demon can suddenly look at Li Tian with a gloomy face.

Li Tianyi was stunned. He didn't expect that this old monster was asking about this. He smiled and said, "No one taught me!"

"Nonsense!"

"Do you think I'm stupid? Your Ren Du two channels have all been opened up, and the energy in your body is strong and abundant. If someone teaches you the supreme internal energy, relying on

you? Even if you practice for another 20 years, you may not be able to open it. "The Dove Demon said.

Li Tian is indeed his mother's grievance, he really has no one to teach!

All of this was caused by this old monster Dove demon misusing the black demon's true energy into his body at that time.

But the Dove Demon in front of him didn't believe it, he thought that Li Tian was taught him.

So Li Tian would be very aggrieved. He closed his mouth and stopped arguing with this old monster! Because he understands that this old monster probably won't believe anything now.

Seeing Li Tian not talking, the demon hummed in his mouth and said, "Boy, is your inner strength taught to you by the evil god?"

Hearing what the old monster said, Li Tian thought about it and said, "Well, since you think so, that's it!"

"Hmph, let me just say it... In the world, besides you, Lao Tzu, who can get through your Ren Du channel when you are so young!" Najimo said.

Li Tiancai didn't want to talk to him, so he stood aside like that.

"Since your boy Ren Du can get through the two channels, then his skill must be stronger and stronger..."

"Come on, let me see how capable your kid is!" Dove Demon suddenly smiled and said to Li Tian.

When Li Tianyi heard this old monster say this, the egg suddenly hurt.

what?

"Are you going to fight me again?" Li Tian said depressed.

The Dove demon smiled: "Of course!"

"Smelly boy, don't you want me to let you go? As long as you can pick up a hundred moves in my hand, I will let you go immediately." Hatomo said,

Hearing what the Dove Demon said, Li Tian frowned and thought about it. It seemed that he couldn't hide himself. The only way now was to be able to hold a hundred moves in the hands of this old monster.

And it just happened that Li Tian had just fully allocated the powerful energy of his body in his body. He was now physically strong and he just wanted to see his abilities, so he agreed.

"Okay! I'll fight you!"

"Hey, is this right!" Dove demon laughed wildly in the dark night.

"Boy, even if you use all the skills you have learned... I said, as long as you can catch my 100 moves, I will let you go immediately!" Hatomo said wildly.

Li Tian felt a little annoyed when he said this, so he was ready to fight him.

Li Tian thought, it seems that his Rashomon Kungfu can no longer be used...because this old monster is too familiar with Rashomon's Kungfu, if he wants to use Rashomon Kungfu, he will

definitely be able to use it. It will take a long time to get beaten down, so it seems that I can only use the weird skills on the Heavenly Book Pill Scroll.

Huh?

correct! Can I use the Xuantian Fingering that I learned last time? Li Tian suddenly remembered.

He still remembered that when he came to Liaocheng on the road, he had learned a weird **** on the pill scroll of the heavenly book, the name was: Xuan Xiu!

It's just that Li Tian's arm was crippled at the time, so since Li Tian understood those moves, he has been useless. Li Tian is really helpless at this time. There is no way, what he has learned so far. All the martial arts tricks have been used up, but unfortunately it is not the opponent of this old monster at all, and now Li Tian can only try the Xuan Yu **** that he had learned before!

"Boy, come on, let me see how good you are!" The Dove demon said with a strange smile.

After he finished speaking, Li Tianxin shook his head!

So I made a move!

With his fists clenched tightly, his feet slammed on the ground, the accumulated strong energy, with a violent punch, he attacked the Dove demon mightily.

Li Tiandi's strong fist wind seemed to be all in the air.

To be honest, even Li Tian himself didn't think that his punch was so powerful. How could this be the same as his previous skill? It was obvious that he had climbed several high steps.

However, he said that when Li Tian fisted with fierce strength, he sneered at the corner of his mouth, and raised his right hand slightly, crossing everything horizontally. The sharp tricks suddenly broke Li Tian's fist.

Li Tian then violently raised his right leg, and swept towards the body of the demon.

Hao Mo took a step back slightly, and suddenly stretched his right palm forward, a powerful palm attacking Li Tian.

Li Tian moved, and quickly backed away. He didn't dare to let this old monster hit him in the palm of his hand. Li Tian had personally seen this old monster's hacking skills!

After quickly dodging and hiding, Li Tian already felt that his tricks were obviously not the opponent of this old demon!

"No, I have to change another trick quickly!"

After thinking about it this way, Li Tian suddenly changed his tricks and began to use Xuan Yu.

The energy that poured into his body quickly condensed between his **** and index finger, and a strong air current also accumulated in the middle of his fingers.

Seeing that Li Tian was forced to retreat by himself, the Dove demon sneered at this moment, and suddenly leaped towards the motionless Li Tian.

The moves are extremely sharp, like a goshawk preying, and a quick blow is directed towards Li Tian.

Besides, Li Tian didn't know what happened, but he didn't dodge this time.

Even the Dove Demon felt strange, and said to himself: Hey, why doesn't this kid step back? Do you know that you are losing?

Seeing that the Dove Demon arrived in front of Li Tian all at once, he said that at this critical moment, Li Tian suddenly grabbed his body, and Xuan Yu's fingers on his right hand shot out.

Puff!

The intrepid energy shot from Li Tiandi's fingers suddenly shot towards the Dove Demon with a strong wind.

Such a strong fingering, such a strong energy!

That Jiu Mowan didn't expect that Li Tian could shoot out such a powerful energy with his fingers... At the moment, his body suddenly turned upside down, and quickly backed away.

That finger of strength just rubbed Hatoma's chest and passed through... with a bang! With a sturdy and vigorous fingering, he suddenly shot on an uncle behind him, and he just shot that uncle into a deep hole!

Quiet!

Suddenly it was quiet!

Chapter 873: Lost again!

What about Dove Demon? Suddenly, his face became ugly in the dark. Looking at the hole above the big tree behind, the hole that was hit by Li Tian's ***** just now, strange eyes suddenly flashed in his eyes.

What about Li Tian? It is also the ***** of shock just now.

Good deed, I didn't expect this Xuan Yu's ***** to be so powerful.

Li Tian knew that the Xuantian ***** he was using was an ancient martial arts that was passed down in ancient times... Legend has it that there was an old man who lived out of the dust and entered the world in the land of Xuantian, which was created by the old man. This weird and sharp fingering, hence the name: Xuantian Finger.

Now Li Tian used this Xuantian ***** for the first time. He didn't expect to have such power. How could this not shock him!

"Good boy, what kind of martial arts is your martial arts?" But the demon who saw in front suddenly asked coldly.

Li Tian didn't expect his ***** to be so sharp and powerful at the moment, so he smiled and said: "You care what martial arts I use... As long as I can catch a hundred moves in your hands, I will be satisfied!"

"Smelly boy, do you think you can use this weird martial arts... to receive a hundred moves under the old man? Wishful thinking!"

Following the roar of the Dove Demon, his figure suddenly rushed toward Li Tian fiercely again.

At the same time, one hand was in the shape of an eagle's claw, and it was grabbed towards Li Tian's facade, while the other hand fiercely hit Li Tian's chest from the other side.

Li Tian looked at the real kung fu of the Dove Demon, and he secretly said: The strength of this old demon is really terrifying.

So he quickly stepped back and didn't dare to hold on.

At the same time, the right finger swishes out.

With a fierce and powerful fingering, he pointed at that Domomo.

Li Tiandi Xuantian ***** is really sharp!

Even when the old demon Hato demon at this moment saw the energetic and fierce one pointed at him, his body had to go backwards and turn upside down. The Hato demon hummed in his mouth and his body fell. Skimmed back.

At this moment, the ugly face of the Dove demon became more and more ugly, and he said: Why is this stinky boy's ***** so sharp? As fast as a bullet? As ruthless as a bullet!

What effort did this kid use? How come I have never seen it before.

The Dove demon who thought about it this way didn't dare to attack anymore. He felt that Li Tian, this kid, was getting something wrong.

"Hey, brat, why do you have all the weird things on your body?"

"What are your martial arts ***** tricks?" Dove Demon asked Li Tian no longer looking at it.

Where is Li Tian at this moment? Hearing this old monster's question, I thought to myself, is this old monster afraid that Xuantian is pointing it hard? Then he smiled and said, "I won't tell you!"

"Anyway, you said that as long as I have a hundred moves in your hand, you have to let me go! Now I have picked up 18 moves..." Li Tian said with a smile.

Listening to Li Tian saying this, the Dove Demon was suddenly angry!

"Good boy, I don't think you can cry without seeing the coffin!"

"Then I will let you see the real skill of the old man!"

After the words were spoken from the mouth of the devil, his dark and ugly face suddenly became hideous in an instant, his hands suddenly enveloped in black, and even a arrogant murderous aura filled his whole body.

Li Tian was stunned.

I thought, this old monster seems to be using even more powerful techniques!

Quickly accumulate the energy of the whole body to block it.

I saw that after the domineering aura of the whole body became more and more exuberant, the Dove demon suddenly attacked Li Tian with a sudden blow.

His palms are strong and powerful, as if to destroy Li Tian...

What about Li Tian? At this moment, daring not to be careless, Xuantian **** suddenly came out of his hands.

A few gusts of gusts of wind swiftly shot towards the dove demon.

Hao Demon screamed in the air, and his thick palm suddenly hit Li Tian's fierce fingers. With a bang, Li Tiandi's finger was broken by the palm of the Dove Demon!

Li Tianyi saw that the old monster used such palm strength to break his fingering, his body quickly rotated, **** came out at the same time, and the fierce wind was shot again.

The Dove Demon screamed, and his body suddenly rose several times, and suddenly he was bullying Li Tian as if the mountain was pressing on the top.

Li Tianyi saw that the situation was not good, his footsteps suddenly staggered back, and at the same time one hand hurried to block.

But the body of the Dove demon came too fast, and suddenly he got close to Li Tiandi. Just as Li Tian was shocked, the Dove demon suddenly shouted coldly, "Boy, eat me. Palm!"

The words roared, his black demon's true energy was undoubtedly revealed, and then a horrible palm carrying a hostile gesture suddenly hit Li Tiandi's chest.

Li Tianyi saw that he couldn't avoid it... There was no way, at this moment he had to bite the bullet and take this palm.

He also suddenly accumulated the energy of his whole body and poured it into his right arm, and then with a bang, he slapped the palm of the devilish land.

boom

With a loud bang, the real anger of the black demon lies in the fact that after Li Tiandi's palms collided with each other, the surrounding sand and rocks were all shaken up...

What a powerful palm!

I thought that Li Tian would be shaken by the powerful palm of this Dove Demon? Shock... but the result?

Who could imagine that Li Tian could actually hold the palm of Dove Demon? And unsteady!

And what about the old monster Dove? I was also taken aback for a moment, dear, this stinky kid is almost exactly the same as himself? He is only in his 20s... but he has cultivated for so many years!

how is this possible? how is this possible?

Although Dove Demon's face was horrified, the facts are indeed the case. Li Tiandi's palm is supporting the vast black demon's true energy, and it is firmly supported there. Although his face is very ugly, even his feet are tread A huge pit came out... but his people didn't move.

This Dove Demon knew that Li Tian's body's zhenqi was completely like the vast ocean, and it was continuous, and the inner strength had reached a shocking level.

Just when the two of them struggled with vigorous internal energy, the demon suddenly felt that something was wrong, because he knew that the boy in front of him had opened up the two lines of Ren Du and his internal energy was beyond his own imagination. Range... So the Dove Demon

suddenly exploded and moved away, his left foot flew up, with a bang, he kicked Li Tiandi's chest fiercely.

With a wow, Li Tian was kicked to fly by the old monster, and fell to the ground with a plop.

Li Tian is defeated!

Lost again!

Yes, although Li Tian said that the profound gate of life and death has been opened up and his inner strength has become unprecedented, his skills and skill are far inferior to this monster, so he was defeated by this old monster. on.

Chapter 874: I found the Tian Shu Dan scroll

Seeing that the Dove Demon kicked the Li Tian up all at once, he burst out laughing.

"Smelly boy, can't it!" The Dove Demon said with a wild smile.

And what about the bitter Li Tian? The blood boiled in the chest that was kicked by the old monster, and almost a puff of blood came out of his mouth. At this moment, he fell to the ground. It was a long time before he slowly grabbed his chest and climbed up.

After getting up, the Dove Demon suddenly came to him.

"Boy, fight with me again!" Dove Demon said with an evil smile.

Li Tiancai is not stupid! He won't be tortured anymore, so he hurriedly said: "Don't fight, don't fight!"

Listening to Li Tian suddenly saying that he would not fight him, the face of Domo Demon suddenly became ugly.

"Smelly boy, what do you mean? Why didn't you fight?" Just listen to the anger of the Dove Demon.

Li Tian clutched his chest, which was still aching, and said, "I am too tired today, I don't want to fight with you! If you have to take advantage of others, I can't help it."

Hearing Li Tian's words, Hao Mo was very hot at the moment.

"Asshole, am I the type to take advantage of others?"

Hehe!

"That's good! You let me take a good rest, and I will fight with you tomorrow!" Li Tiandao said.

The Dove demon snorted: "Okay!"

"Then I will let your kid rest and rest...Anyway, you can't handle a hundred moves in my hands! Haha!" The demon with a frantic laughter rushed toward the cave. Li Tian felt depressed for the rest.

This Nima couldn't think that she had used Xuantian fingering, but she was defeated by this old monster!

Li Tian had a headache thinking of this. Yes, this old monster is too strong. Although he used that Xuantian fingering, he still couldn't hold up 30 moves in the hands of that old monster.

Thinking of this, Li Tian not only felt a huge despair deep in his heart.

What to do by yourself? What can I do to hold a hundred moves in the hands of this old monster?

Li Tian, who was standing quietly in the dark, finally did not think of a best way, so he could only force his face back into the cave!

What about Hato?

Although it was said that after hitting Li Tian on the ground again, he looked extremely relaxed on the surface, and he looked happy, but what about the real deep inside?

To be honest, Dove Demon felt a little more and more disturbed.

Now he was sitting in the cave and looking at the bitter Li Tian who came back with a sad face.

He couldn't help but secretly said in his heart: How can so many weird things happen to this weird kid? It's incredible.

The inner strength suddenly becomes stronger for no reason? And his tricks suddenly became weird... and how did the **** that this stinky boy just used was so sharp? So tough? I have been in the arena for so many years, how come I have never heard of a person who can practice **** to such a strong level? Even his Lao Tzu Cthulhu hasn't used it, but how could this stinky boy use it? Thinking of these, this demon is speechless.

He knew that Li Tian, the stinky boy in front of him, couldn't handle his tricks now, because that Li Tian hadn't yet understood the essence, the essence of the fingering... The essence of Xuantian's finger, I guess not to mention a hundred tricks at that time...It is not necessarily if it is estimated that it can be tied with Dove Demon.

What about Li Tian? After entering the cave, he has been sitting on the side with a bitter face. He has been thinking of ways in his heart, thinking about how to deal with this old monster, how to catch a hundred tricks in his hands!

Besides, the Dove Demon of this meeting made him a little depressed because of Li Tiandi's affairs, so he stayed in the cave for a while, not to mention going out for a walk.

Before leaving, he told Li Tian: "Don't think about running away, your kid, do you dare to escape? I will catch you back and I will give you a discount!"

After threatening Li Tian, the old monster whizzed out of the cave in front of him.

Li Tian was left sitting in the cave with an angry expression.

"Your uncle, you are such an undead thing... Nima, you are so powerful, how can I beat you!" Li Tian blurted out and cursed at the stone cave.

It is a pity that the old monster Dove demon has already flown out of this cave at this moment, and it can be heard there.

After swearing, Li Tian finally felt a lot more comfortable in his heart, at least he felt that he was out of breath.

At this time, he walked up and down in the cave alone, depressed, thinking about how to deal with this old monster in his mind.

Suddenly when he was walking back and forth, he saw the small backpack on his side at a glance!

Yes! Li Tian almost forgot his backpack when he was brought back by the old monster Dove on the day of the fight!

At this moment, after seeing his backpack left on the ground next to him, Li Tian rushed over and picked up his worn-out travel bag.

This travel bag was worn by Li Tian at the earliest time, so it is very precious, but for Li Tian now, not only this backpack is very precious to Li Tian, but the most important thing is the things placed here are even more precious to Li Tian. Precious!

Heavenly Book Pill Volume!

Because this backpack has been carrying the Heavenly Book Pill scroll from the three ancient relics.

Besides, after Li Tian suddenly opened his backpack, he really found that his Tianshu Danjuan was still in that backpack.

Li Tian was immediately excited!

Don't forget, this Heavenly Book Pill Scroll contains extremely powerful ancient martial arts.

Isn't this? After Li Tian was holding the yellowed celestial book pill scroll in both hands, an unprecedented excitement rose in his heart.

He wants to learn, learn the martial arts on the pill scroll of the heavenly book, because only by learning the martial arts above can Li Tian be able to receive a hundred moves in the hands of the old monster. In that case, he can leave this old man. Threatened monsterly.

After thinking of this, Li Tian suddenly became excited, and he wished to start practicing the martial arts on this Tianshu Danshu now.

So he quickly opened the heavenly book pill scroll in this hand,

The tadpoles in the first part of the Tianshu Danjuan have all been absorbed by Li Tian. Li Tian is now studying the graphic martial arts in the second article. He has learned gossip boxing and catching techniques before. After learning Xuantian fingering, Li Tian now wants to learn later.

He knew in his heart that only by learning new martial arts by himself can he withstand the old monster and support more tricks in the hands of the old monster.

Chapter 875: Nameless palm

At this meeting, Li Tian quickly opened the yellowing Tianshu Danju in front of him.

After turning to the second graphic essay in the middle, Li Tian discovered that the graphic martial arts continued behind.

And it is a novel martial arts.

Li Tian glanced at it, and it only used black ink lines to draw a small figure with his palms advancing... it looked like a strange palm technique.

It's a pity that there is no way to put a name on this palm... No name and no surname, I don't know what the palm is.

Li Tian glanced suspiciously, and couldn't help but secretly lined up: Hey, what kind of martial arts is this? It seems to be a set of hands!

Seeing that the palms of the villain above were surprisingly weird at first, and the movements were also very different. Li Tian glanced at it and couldn't help but wonder: What kind of weird palms is this?

After thinking this way in my heart, I began to study this palm technique carefully.

But seeing this set of palm techniques is divided into five styles, and each style has a dozen weird tricks.

Li Tianxian started from this first style.

This first style seemed extremely simple and the movements were rough, but after Li Tian looked behind him, he found that it was not that simple.

The first trick is to press the top of Mount Tai. Both palms are lifted up flat, while the left palm is both front and back, which can be attacked and defended. The right palm is embracing. Both inside and outside can attack each other..

Li Tian then followed the practice of the villain above, but slowly gestured with his hands in front of him.

With the movement of his palms, he could feel the energy of his whole body also slowly flowed with his palm tricks...Gradually, he could feel a strong force in his palms. Heat flow.

Li Tian understood very much in his heart that this was the power of palm strength. Thinking of this in his heart, Li Tian began to practice more and more.

Although Li Tian does not know what this palm technique is, Li Tian has already felt that this palm technique is definitely not a normal palm technique, because the more he practiced below, the more extraordinary the palm technique he could feel. Place!

And the trick is absolutely surprising.

Now Li Tian was completely absorbed in the whole set of nameless palm techniques and began to practice.

Although there are only five styles of this palm, each style contains more than a dozen different weird moves. At present, Li Tian is studying the first set of techniques assiduously.

I don't know how long it took. Li Tian had already got into the book of Heavenly Book Pill Scroll, indulging in the weird and weird tricks. Even when the old monster Dove returned, Li Tian even Did not notice.

But he said that after the old monster Dove returned, he saw Li Tian sitting quietly in the cave and practicing his tricks...

He first frowned and glanced at that weird Li Tian... Then he was taken aback for a moment: Hey, this kid is practicing?

Then his eyes stared deeply at Li Tiandi's tricks.

After watching Li Tian's movements for a few moments, the Dove Demon was slightly taken aback: "What kind of weird hand does this kid practice? Did you practice it like this?"

In the eyes of Jiu Mo Di, that Li Tiandi's grip is not something ordinary people have ever seen, but a completely weird grip, so he felt strange.

He looked at Li Tian who was practising palm skills for a while, and then noticed that every time this kid finished a trick, he would stare at the old "dilapidated" book in front of him.

After seeing this situation, the Dove Demon was stunned for a moment: Could it be that this kid is cultivating palm skills on that broken book?

After thinking about it this way, the Dove Demon walked towards that Li Tian in big strides.

Then Li Tian was fascinated by the practice, and this would not even notice the Dove demon in front of him.

However, after the Dove Demon arrived at Li Tiandi's side, he bent down and grabbed the Heavenly Book Pill Scroll in front of Li Tian.

Li Tian was suddenly disturbed by him in this way, and he woke up from his cultivation. When he saw that the old monster was holding his own Heavenly Book Pill Scroll, he was taken aback.

"Hey, you return the book to me!" Li Tian quickly got up from the ground and stretched out his hand to say to the old monster Dove.

But the Dove demon flew back and said with a hehe smile: "Boy, don't you be so stingy?"

"I'm just looking at what kind of weird martial arts your kid is practicing... and I'm not trying to **** your things." The Dove demon said while flipping the Tianshu Danjuan in his hand and watching.

Li Tian was afraid that this old monster would discover that this broken book was a celestial scroll from the ancient relics, and was afraid that he would take it for himself, so he hurriedly prepared to come over and said, "You give me back my things! "

"Smelly boy, if you dare to come over and grab it again, I'll scrap your book!" The demon said angrily.

Li Tian was stunned, and couldn't help yelling at the old monster in his heart: dead old pervert...dead monster.

Li Tian, who was so threatened by the Dove Demon, really didn't dare to fight again. In his heart, he only hoped that this old monster would never see that this book was a heavenly book.

But what about this demon? I did not recognize that this broken book was one of the three famous ancient relics.

At this moment, he just held the broken book in his hand and watched it with frowning.

Li Tian just observed his expression every move,

From the expression on the old monster's face, Li Tian could tell that the old monster looked very puzzled and puzzled.

"Smelly boy, I'm asking you...what the **** is this broken book?" After looking at it for a few times, Dove Demon, who was dizzy by the dense tadpoles on it, frowned and looked at Li Tianwen. Say.

When Li Tian heard him say this, he finally sighed secretly in his heart, and thought to himself: It seems that this old monster really didn't recognize that this book was a heavenly book.

"Hey, boy, what shall I ask you? What the **** is your broken book?" Just listen to the Dove Demon questioning Li Tiandao at the moment.

Li Tian heard this old monster say that, hehe smiled and said, "This book is nothing special!"

"Then how did your kid learn that martial arts here just now?" The devil frowned and looked at Li Tian and asked.

Li Tiandao said: "I'm practicing for fun!"

"Hey! Are you still afraid that I suddenly learned some powerful martial arts to defeat you?" Li Tian smiled and stimulated the Dove Demon in front of him.

Hearing Li Tian's words, the Dove Demon suddenly snorted, "It's your kid? Even if you practice hard for 20 years, you won't be my opponent!"

The Dove Demon who was speaking swished and threw the heavenly book pill scroll to Li Tian again.

"Take it...broken book!" Dove demon muttered in his mouth and walked forward.

Li Tian took his own Heavenly Book Pill Scroll, and he always let out a sigh of relief in his heart.

Chapter 876: Quirky palm

Fortunately, this old monster didn't see the secret of this book, let alone recognize that this broken book is the Celestial Book Pill Book, otherwise, it would be troublesome!

After the Dove demon returned the heavenly book pill scroll to Li Tian, the Dove demon went into the cave by himself and rested.

What about Li Tian? Just like that, one person opened the Heaven Book Pill Scroll in front of him, and continued to practice the nameless palm above.

One night passed quickly!

Li Tian was too fascinated by the practice of this palm, so he didn't close his eyes all night, and was practicing all night.

Li Tian now has cultivated the nameless palm technique to the second form.

Li Tian found that this palm technique became more extensive and profound as he went to the back. Not only did he surprise him, but he also had a strong palm he had never seen before!

If he guessed right, if he could give the nameless palm of this set of heavenly book pills to all the training sessions, he would be able to catch a hundred moves in the hands of that old monster.

The more Li Tian thought this way, the more he practiced there.

When the old monster Dove woke up from his sleep early in the morning, he saw Li Tian who was still motionless in the same place yesterday.

The Dove Demon, who frowned suddenly, suddenly became puzzled.

"Hey, did this kid practice all night last night? Didn't he even sleep?" After thinking about it this way, the Dove demon bounced up on the ground quickly, and walked quickly towards that Li Tian. After reaching Li Tian's side, he stretched out his foot and kicked Li Tian lightly.

"Hey....."

Li Tian, who was practicing, had to open his eyes after being disturbed by Dove Demon.

"What's the matter?" Li Tian opened his eyes and looked at the Dove Modao in doubt.

Dove Demon looked at Li Tian's bright eyes, and couldn't help but shake his heart: How come this stinky boy's eyes are getting brighter? There is a huge difference from the previous few days... Could it be said that the weird techniques he cultivated still helped him?

"Your kid didn't sleep all night last night?" Ji Mo frowned and looked at Li Tian and asked.

Li Tian smiled and said, "Well! I can't sleep."

The Dove demon was silent for a while, thought about it, and wanted to continue asking: "Smelly boy, let me ask you something... Tell me, what kung fu are you learning?"

"In my opinion, your tricks are not at all similar to your Lao Tzu's tricks! Your martial arts were not taught to you by the evil god!" Dove demon couldn't help but secretly lining up thinking about Li Tian's weird tricks.

Twenty years ago, this old monster had fought with the evil god, so he still clearly remembered the tricks of the evil god, but Li Tian in front of him was not used by the evil **** back then. So the Dove demon felt that Li Tian's martial arts was definitely not taught by the evil god, so he couldn't help but ask about it with curiosity.

Hearing this old monster book like this, Li Tian thought to himself, he couldn't expect to be seen by this old monster!

But Li Tian still said faintly: "Even if my martial arts were not taught by my father, what happened?"

Jiu Mo looked sharply at Li Tiandao and said: "Then your kid tell me, those weird skills you learned from there?"

"Who taught you?"

Dove Demon curiously asked that most of the world's masters, Dove Demon knew him, but he had never seen a person with such a weird trick, so he couldn't help but ask.

"I won't tell you!" But seeing Li Tian said with a smile.

"Where is my master? But a senior expert! Speak out, say it, I'm afraid to scare you!" Li Tian lied to the devil.

When the Dove Demon heard Li Tian say this, he was immediately unhappy and roared: "Smelly boy? Who is your master? Why haven't I heard of such a person?"

"I won't tell you anyway! I can only tell you that my master is a very good old man." Li Tian said with a smile.

The Dove demon did stand there speechlessly, thinking in his heart, who can use such weird kung fu in the world? This is not right.

"Today I still want to try Kung Fu in your hands... see how many moves I can pick you up." Li Tian suddenly jumped from the ground and said to the Dove Demon.

Dove Demon was taken aback, but he didn't expect that he used to find this kid to fight, but today this kid is suddenly crazy? Did you find yourself?

Uncontrollably frowning, Dove Demon looked at Li Tiandao and said, "What? You want to fight me now?"

"Yes! What's the matter?" Li Tian looked at the Dove Demon and asked.

"Senior, are you afraid?" Li Tian said with a smile.

"I'm afraid? I will be afraid of the Dove demon?" Dove demon was about to jump up.

"Smelly boy, come out and let the old man teach you this ignorant junior who speaks wild words!"

"come on!"

With a wild roar, Dove Demon jumped out of the stone cave, and Li Tian also jumped out with extremely fast body skills.

"Smelly boy, you can do it. You didn't dare to fight with me before. Now that your wings are hard, you dare to shout in front of me? But I can tell you in advance that I won't be merciful to you this time!" The Dove demon said with a grimly smile.

Li Tiancai doesn't care about that much?

Now he only hopes that this old monster can speak and count, as long as he has a hundred moves in his hand, he hopes that this old monster can let go of himself!

As soon as he came up, Li Tian used his sharp Xuantian fingering!

The swishing powerful fingers Jin Breaking the wind shot towards the Dove Demon like a hidden weapon.

Dove Demon didn't dare to be careless. Yesterday, he personally learned Li Tiandi's weird fingering, so he started to fight Li Tian close-up.

Since Li Tian's **** was a long-range attacking technique, after the old monster suddenly deceived Li Tian, Li Tian quickly changed his tactics, blocked with his right hand, and shot a finger with his left hand, Li Tian began to retreat quickly.

The Dove demon couldn't help but retreat when he saw Li Tian less than 15 moves. At this moment, his mouth sneered: "Smelly boy, no move, right? See how I can deal with you!"

The dove demon with a roar suddenly rushed towards Li Tian again.

But what about Li Tian this time? But there was no dodge, and the hands that used to be **** became a hand gesture in an instant.

But seeing that he couldn't avoid it, his right palm was slightly lifted, cutting across the palm of the old monster, and the other hand was strangely attacking a strong palm from the side.

At the moment when Li Tian suddenly changed his fingers into his palm, the old monster never thought that Li Tiandi's palm moves were so weird and his palm strength was so huge. Li Tiandi's palms were forced back.

After Li Tian used the nameless palm technique he learned to force back the old monster, even he himself was shocked.

And the face of the demon that was being pushed back became extremely ugly in an instant.

"Smelly boy, from where did you learn your hand?" Dove demon roared and asked.

Because the Dove Demon had never seen Li Tian use the palm technique before, but now, how could this kid suddenly use such a powerful palm technique overnight?

Chapter 877: Stop fighting, stop fighting

Although Li Tian hasn't fully comprehended the nameless palm technique, and that there are five methods in total, Li Tiancai has learned the second method, but Li Tian has memorized the two methods by heart.

This will hear the old monster say so, Li Tiancai is not willing to pay attention to him, suddenly lifted his palms, his body suddenly burst out, and then attacked the old monster Dove.

The old monster Dove demon was shocked when he saw Li Tian using this weird grip again.

He also used the terrifying Dark Demon magic all over his body and wrestled with Li Tian.

Li Tian's palm technique is extremely weird, and his tricks are vicious and strange. Facing the old monster, the black demon, the magical skill is even comparable, but what about that monster? Seeing this stinky boy who was not his opponent at all a few days ago, now he can use such a fierce and weird palm, it can be said to be shocked and angry.

With a roar, the Black Demon's magical power was used frantically from his body.

The black air current was caught in his hands and struck Li Tian with a hostile air.

Li Tian's body rotated, evading his blow, and the powerful energy accumulated in his right palm, attacked the chest of the Demon Land with a boom.

Dove Demon's body had to step back.

Then Li Tian took advantage of the victory and pursued, a set of palm techniques that he used more and more skillfully.

However, the Dove Demon was forced to retreat again and again in the face of Li Tiandi's weird grip.

In fact, according to the truth, it is impossible for the Dove demon to lose to Li Tian, and it is impossible to be rushed by his nameless palm. The most important problem is that the current Dove demon is shocked in his heart. He shocked Li Tian in front of him. Every time he fights with him, he can always use weird moves... and he is stronger than once.

What is the situation with Nima? This makes Dove Demon very depressed.

So he was forced by Li Tian to step back several times.

What about Li Tian? Seeing that he had pushed back the old monster, he was also careless in his heart, and once again attacked the monster with a set of palms.

The Dove demon stepped forward to block. After all, he is an old demon who has been famous for many years. At this moment, seeing Li Tian's palm technique is extremely weird, and the strong wind is unprecedented, but he still found a flaw!

That's what this kid seems to be practicing, just such a few tricks? It seemed that there were only these twenty-odd changes, and he could see that Li Tian was using this palm technique repeatedly.

In fact, this old monster saw nothing wrong!

Li Tian can do these tricks. There is no way. Li Tian can only learn the first two styles of the nameless palm technique in one night, and he has not mastered them, so Li Tian can only repeat what he has learned. These ones.

But now that this old monster saw the flaws all at once, the Dove Demon knew how to deal with Li Tian.

A vicious smile appeared at the corner of his mouth, and then the Dove demon, who had been forced to retreat, suddenly changed from defensive to offensive, and his fierce figure accompanied his terrifying dark demon magic power to fatally hit Li Tian. .

Li Tian didn't dare to be careless at all and turned his palm to block.

The palms touched together, making a violent bang.

Li Tian then slapped his palm again, but before his move was hit, the old monster Dove suddenly cut off his move with his left hand, as if the old monster knew in advance what trick he was going to use?

Now Li Tian is depressed, how could this be?

Just as he was depressed, the Dove demon suddenly laughed wildly: "Smelly boy, let me see how good you are today!"

The voice roared, and he rushed forward again like a tiger, the black demon's true energy filled his body, and a viciously splitting palm hit Li Tian from the air.

Li Tian dodged in a wrong step and escaped the terrifying blow.

Then he wanted to attack his own trick again, but he was cut off by the old monster again before he did it, and Li Tian was deeply hurt!

"Damn it, it seems that this old monster has seen his hand moves... he has learnt these two kinds of hands, but he didn't expect this old monster to see it."

After thinking about this, Li Tian quickly backed away.

Now every palm he has taken seems a bit passive.

Because that Dove Demon had completely controlled Li Tian with the black demon magic.

Seeing that it won't take long, Li Tian will definitely be defeated by the Dove Demon Land, and will be seriously injured by this old monster if he doesn't make trouble...what can I do? Li Tian

frowned and thought, rushing to Zhongshengzhi, and after kicking two flying legs sharply in the air, his body fell to one side.

"Don't fight...Don't fight..." Li Tian suddenly stepped back and said, waving his hands.

The Dove Demon, who had been firmly in the upper hand, suddenly heard Li Tian say not to fight, and immediately roared, staring at Li Tian fiercely and said, "Smelly boy, what are you talking about?"

"I can't say no more!" Li Tiandao.

He is not a fool, he deeply understands that if he wants to fight again, he will definitely lose, or maybe he will be seriously injured by this angry old monster.

"Why? Why didn't you fight?" Dove demon roared.

Li Tiandao: "I gave up, I gave up today!"

"What?" Hearing Li Tian said to admit defeat today, the Dove Demon looked very unhappy.

"Didn't your kid be very prestigious? Why did you suddenly admit defeat now?" Hatomo said sharply.

Li Tian smiled and said, "Senior, how am I... How could I be your opponent? You said no? Just now I knew that your old man regarded me as a junior, so I was...reluctant to hurt I...that's why Li Tian got the upper hand by chance."

"If your old man hadn't let me sincerely, I guess I would have gotten down...right?" Li Tian smiled and touted the dove demon there.

When Hao Mo heard what Li Tian said, even though he knew in his heart that this kid's words were clearly flattering himself, because he knew in his heart that he was really forced by this stinky kid just now, but there was no way he was too He loves face, and how can he, a big demon who has been famous for decades, fall into the hands of a yellow-haired boy? If this word is spread out in the future, how can he confuse him?

So the Dove Demon of this meeting also slowly let go of the hands full of the black demon's true energy.

"Count your acquaintances...huh!"

"Smelly boy, let me tell you... I won't be merciful to my stunt next time in the martial arts competition... and I will never let you go!" Just listen to Domo demon saying there in advance.

Li Tian smiled and said, "Okay, I see, senior!"

"Also, senior, do you know how many tricks I caught in your hands this time?" Li Tian suddenly asked with a smirk.

Chapter 878: Can't be merciful anymore

The Dove Demon was taken aback, just now he looked at that Li Tian's weird grip, did he forget how many tricks Li Tian had against him? At this moment, I couldn't help but asked in confusion: "How many tricks?"

"I can already catch seventy moves in your hands! Haha!" Li Tian said with a big smile.

Seventy tricks? When the demon heard it, he became speechless!

How could this be? Why is this kid's strength soaring so fast? Oh my god, it's incredible!

At first, this kid couldn't even catch fifteen moves in his own hands, but... But in just a few days, this kid can already catch seventy moves in his own hands? Besides, I have used my best... Oh my God! How could this brat make his skills progress so fast?

Now the Dove Demon is depressed! He didn't know what was going on, let alone how Li Tian could increase his skill so much!

Now I heard that Li Tian in front of him has seventy moves that he can take in his hands, and this Dove Demon is at a loss!

Only a handful of a hundred moves, can this stinky boy really catch it in his own hands?

What about Li Tian? Now he ignored the old monster, and walked quickly towards the cave, with a happy smile on his face.

In today's battle, Li Tian was finally not injured.

And seeing that he can catch 70 tricks of this old monster, and he is very close to 100 tricks, how can he be unhappy?

At the same time, he also felt that the Heavenly Book Pill Scroll was really a good thing, and the martial arts on it were far beyond his thinking. The mere mention of the profoundness and profoundness of the nameless palm had already shocked Li Tianzhen.

Li Tian now only remembers the first two palm techniques he learned. As for the essence, he hasn't fully understood it yet.

If once he was able to integrate all the remaining three-handed moves, how terrifying his strength should be at that time, he would not even dare to imagine the horror.

After returning to the stone cave, Li Tian hurriedly turned over his own Heavenly Book Pill Scroll.

He now has to learn all the remaining three palms, because only in this way can he catch a hundred moves under the hands of the old demon.

After opening the yellowed and old Heavenly Book Pill scroll, Li Tian wholeheartedly devoted his energy to the palm technique and began to practice.

Li Tian discovered that this nameless palm technique is extremely weird. The further he practiced, he could feel that the palm technique became more weird and harder to practice. Like he did yesterday, one move could be dozens of You can fully comprehend it in minutes, but now? It took him more than an hour for a single move to see the strangeness.

However, although it is said that the more you practice later, the more difficult it is, but Li Tian calmed down and practiced slowly.

During the period, the old monster Dove demon once returned to the cave and saw Li Tian still cultivating there...

His brows were frowning tightly, and terrifying gazes emanated from those stern eyes, staring at Li Tian unblinkingly.

"Smelly boy, I'll let you practice...I don't believe you can catch a hundred moves in the hands of the old man!" Dove Demon said coldly in a low voice.

After saying this, he suddenly got out of the cave in front of him.

"This stinky boy, absolutely can't let him catch a hundred moves in my hand... If he really catches my one hundred moves, then how will I do it in the future! No! I must be cruel this time. , Even if I kill him...I can't lose this person!"

After leaving the cave, the Dove Demon suddenly had a vicious thought in his heart.

At first, he didn't care about Li Tian at all, but after these few days, the Dove Demon felt more and more shocked, afraid, and unable to do it. The progress of Li Tiandi's martial arts was simply too fast. To the point that you can't even imagine!

How could a person's martial arts cultivation become so terrifying in such a short time?

This is totally unscientific!

This old monster Dove knew that Li Tian had already broken through the limit of life and death.

To put it bluntly, Li Tian's body can be in its best state at any time... Moreover, his body's natural energy, plus the nameless mental method taught him by the mysterious expert, his inner Jin has long since become unbelievable.

Under these conditions, if Li Tian went to practice the supreme martial arts on the book pill scroll that day, of course, it would do more with half the effort. This is also the most important reason for Li Tian's rapid progress.

Although he said he was horrified and terrified in his heart, but now he had a vicious idea in his heart, that is to kill Li Tian.

He is prepared to never show mercy to Li Tian's men in the next competition.

"Hey! Where is the little boss now?"

"Is there any danger..." Inside a hotel in Beitang City, but seeing Tang Xiaolong sitting in the middle of the room said with a worried expression.

Sitting next to him were Chen Qiaozhi, Old Monster Ge, and Aqiu, and everyone's faces were worried and worried.

For so many days, they have not heard of Li Tian and Duguxie for so many days. No one knows how Li Tian is now, whether he is dead or alive?

It turns out that these brothers have already arrived in Beitang City, and now they are waiting for Li Tian and that Duguxie.

But it has been so many days, but they have no news at all.

"Don't worry, Ji people have their own blessings! I believe Li Tian will be fine." Old Monster Ge lowered his head while smoking a cigarette.

"Damn! Is that **** old Dove demon really that powerful?"

"And why does he want to catch our little boss?" Tang Xiaolong roared with angry eyes and clenched a pair of angry fists.

Chen Qiaozhi on one side said slightly: "Although I don't know what kind of character the Dove Demon is, but I heard Senior Ghost tell me... That Dove Demon is an old demon from decades ago, so it's natural to be extremely powerful. I also heard that this old demon fought against Li Tiandi's father Cthulhu one day and one night in the Battle of Laoshan before he was defeated..."

"So if my guess is correct, the old demon must have arrested Li Tian for hatred! For the shame of the year." Chen Qiaozhi sighed.

Hearing Chen Qiaozhi's words, Tang Xiaolong's heart shook.

"Then...then...sick ghost, don't you mean that the little boss is likely to be wicked?"

"A demon who can fight against the evil **** for a day and night, how could our little boss be his opponent? Besides...Moreover...the little boss's arm is still abolished..." Tang Xiaolong suddenly rose in his heart. Feeling scared.

Chapter 879: Clutch

He was worried that the old monster would kill his little boss.

"Hey!"

"Let's pray, hope Li Tian won't have any trouble!" Chen Qiaozhi sighed softly there.

Now they can only pray for more blessings, hope Li Tian will not cause any major incidents!

Since Li Tian was taken away by the old monster Dove, the brothers and the two girls have been caring about his movements all the time.

Especially Situ Ningbing and Duanmuying.

In the past two days, it is obvious that these two glamorous women have become taciturn. Even Duanmuying, the former eldest lady, was worried all day long. She stood alone outside the hotel all day, hoping to see that Li Tian could be given to by that Duguxie. Rescued.

But so many days have passed, not only that Li Tian has no news, even Duguxie has also disappeared suddenly...Since they left that day, they haven't found any trace of Duguxie until now.

Now they can only continue to worry.

Situ Ningbing's pretty face was obviously thinner, and at the same time, there were fewer words. He stood alone outside the hotel and looked at the road where people came and went... Looking forward to him! Looking forward to his appearance.

In the deep mountains, Li Tian was still cultivating in the cave.

The day passed quickly.

The Dove Demon didn't calm down during this day, and always kept running into the cave.

But every time he saw that Li Tian was practicing martial arts quietly, Jiu Mo didn't know what martial arts this kid was practicing, let alone what he was doing? His only hope now is that he wants Li Tian to fight him.

At night, the Dove Demon finally couldn't help it, so he went into the cave, and when he saw that Li Tian was still cultivating, he walked over.

"Hey, brat, have you finished your training? If you are done, then go out and fight with me!"

After being disturbed by this Dove Demon, Li Tian slowly opened his bright eyes and glanced at the old monster Dove Demon in front of him.

"I won't fight you today!" Just listen to Li Tian.

what?

"What did you kid say? Why didn't you fight me?" When the Dove demon heard that Li Tian would not fight him, he roared immediately.

Just listen to Li Tiandao: "Because I haven't finished training yet!"

"To fight, wait another day!"

"What? Wait one more day... Is your kid playing the old man?" The Dove demon in front of him said furiously.

Li Tian said, "Just one day, you can't wait, right?"

"One day later, I will definitely be able to pick up a hundred tricks in your hand!" Li Tian suddenly vowed to look at the Dove Modao and said.

The Dove demon suddenly laughed wildly: "Okay!"

"Then I will give you this stinky boy one more day... One day later, I will see how your boy can catch me a hundred moves! Humph!" Dove demon roared away.

The remaining Li Tian sat quietly in the stone cave, staring blankly at the heavenly book pill scroll in front of him.

On this day, Li Tian had already learned all the third forms of the nameless palm technique... Originally, Li Tian thought he would be able to memorize all the last three forms of this palm technique in one day. But now he realized that it is not that simple! There are so many changes in the three-style palm technique behind this. I didn't expect that it took me a day to finish learning the third-style palm!

This is why Li Tian fought for another day in front of the Dove Demon...

Although Li Tian doesn't know if he can finish the fourth and fifth forms of this set of nameless palm techniques one day in the next day, for Li Tian, it's a little bit more for him to learn a little bit, so that he can Steadily catch a hundred moves in the hands of that old monster.

So Li Tian began to practice intensively again.

Li Tian, who didn't even sleep, just finished learning the fourth formula within this day's time.

After Li Tian finished learning the fourth form of the nameless palm, Li Tian suddenly felt that the nameless palm was so strange, so extensive and profound, as if it contained too many meanings. Repeatedly, when the palm strength is released, it is even more like a thunderbolt, and the momentum is like a rainbow. What is even more terrifying is that whenever Li Tiansuo cultivates this palm technique, he feels like he wants to kill...this set The palm technique seemed to add a sense of violence to Li Tian.

But what makes him depressed now is how can he not have a name with such a powerful hand?

He carefully looked at the illustration of the palm strokes on the heavenly book pill scroll... I hope to find some clues on it!

But in the end nothing was achieved.

Just as Li Tian was about to give up, he suddenly saw a row of extremely small black letters in the middle mezzanine. After seeing this, Li Tian became excited in an instant and hurried over to look.

But seeing this font is fine like a mosquito, it is extremely difficult to find. If Li Tian hadn't seen it by accident, he might not have seen it in his life. The font on this is an ancient seal script that says: Do not stand alone in the world , But to kill all beings.

A few words that are so scary, Li Tian thought to himself.

Suffix: Devil's Hand!

When he saw the word "Devil's Palm", Li Tian was stunned for an instant!

Gosh! What he wants to cultivate is the "devil's palm."

Looking down, there is a row of extremely small words at the end: on it is engraved: Left by the old man Mojie!

"Old man Mojie?" Li Tian was slightly taken aback as he read these words.

"Who is Elder Mojie?" Li Tian didn't know him.

Of course he won't know each other...

Legend has it that the old man Jie was a slaughter of all living beings, known as the demon lord, of course, these are just vast ancient legends.

Suddenly, Li Tian thought of the viciousness of this palm technique and the stern and fierce aura he had produced for no reason when he was practicing, and he was taken aback!

No wonder, when you practice this palm technique yourself, you will have a terrible idea: that is killing! He wants to get blood on his palms...

It turns out that this palm technique is: Devil's palm!

What a terrifying hand, what a murderous hand!

Li Tianning frowned and thought for a while, then suddenly looked at his hands again, this palm technique is so weird, and the killing spirit is so heavy? Have you practiced it yourself? Li Tian thought to himself.

But now he has no way to deal with the old monster Dove demon, if he doesn't practice this "devil's hand", how could he be the opponent of which old monster? How can you survive in his hands?

After thinking about it this way, Li Tian was heartbroken!

"Forget it! I'll give this palm to the training session first... as long as I am not so cruel and don't use this palm to kill people, isn't it all right?"

"Elder Mojie, thank you so much for leaving this set of palms!" Li Tiantian thought to himself.

Chapter 880: duel

After Li Tian thought about it this way, he began to prepare to learn the last pose of the clutch!

Fifth style!

When Li Tianfan developed Huang's Tianshu Danjuan and was about to learn the last formula of this set of magic palms, an unexpected situation suddenly occurred. There was nothing on the page of the fifth formula...no illustrations, no words, There is nothing but nothingness.

This made Li Tian stunned!

what?

How could this be? Why is there nothing in the fifth style palm? Don't even have a graphic text?

Could it be said that this palm technique only has these four styles? Is there no fifth style at all? Li Tian was suddenly stunned. Although he has learned the first four forms of this palm, he doesn't know why, Li Tian always feels that there are still shortcomings in this magic palm... It seems that without this fifth form, this palm is not the same at all!

This made Li Tian depressed, how could this be? How come the five-style palm technique has become four-style now? There is nothing in the fifth style!

Li Tiandan hurts.

No matter how to find the dilapidated ancient heavenly book pill scroll, I couldn't find the fifth style palm!

So Li Tian was discouraged. It seems that this set of palms really only has these four types... It is impossible for him to learn the fifth type... Tomorrow's battle, it seems that he can only bet on these four The style of palm is up.

Hey!

One day passed quickly!

On this day, not only Li Tian was practicing these four-hands, but even the old monster Dove was also practicing the black demon magic skills outside the cave.

Finally, when the sun rose early in the morning, Li Tian knew that he should fight the old monster to the death today!

In today's battle, if Li Tian can no longer catch a hundred moves in the hands of this old monster, it is estimated that Li Tian will not be so lucky...because that Dove demon has already developed a vicious killing intention, he obviously wants Li Tian was resolved on the spot.

But Li Tian still didn't know it. He just got up early in the morning and simply had something to eat, and then kicked the heavenly book pill scroll in his arms, waiting for the old monster Dove in the cave.

After a while, he saw that Dove Demon walked back from outside, with an extremely evil smile on his extremely ugly face, and he glanced at Li Tian there.

"Boy, what do you have to say today?"

Li Tian stood up slightly from the ground: "No!"

"Don't you want me to fight you? Come on!"

"Okay, refreshing!"

"follow me!"

Following the roar of Hatomo, his body shot out of the cave like a sharp arrow.

Li Tianzong also followed out at the same time.

Today, the sun is dazzling, the wind is beautiful, and Li Tian and the Dove Demon are standing on the empty grass outside.

The cold eyes of Jiu Mosen stared at Li Tian, and Li Tian seemed to have a calm expression on his face.

"Smelly boy, you have to listen to me clearly today... I will never be merciful anymore!" Dove Demon said gloomily.

Li Tian thought, why did this old monster say this? Do you still want to kill yourself?

After a little laugh, Li Tiandao said, "Senior, don't worry... I, Li Tian, will try to catch a hundred moves in your hands today."

"Huh! Kuangyan!" said Hatomo angrily.

But Dove demon carefully pondered and saw that Li Tian's face was not scared, but rather calm, he was slightly stunned, and his heart secretly said, why is this stinky boy not scared at all? Is he really not afraid to kill him by himself? Or did he really learn some weird moves?

Dove demon who thought this way hesitated slightly at this moment.

He raised Sen Leng's eyes and looked at Li Tian, and said, "Boy, have you learned another martial arts in these two days?"

But seeing Li Tian he smiled and looked at Haha, and said: "What's the matter, senior? Why do you ask like that! Are you always afraid that I will catch you today?"

"Boy, I don't know when I die!"

"Take my palm!"

Dove demon with a roar took the lead!

This old demon actually took the lead by himself! In the past, he would still leave affection and let Li Tian do it first, but he did not expect that this old demon would actually take the lead in doing it today!

As soon as the old demon came up, he used a powerful slashing palm!

The terrible palms rushed towards Li Tian, but Li Tian didn't dare to be careless at all!

Step back quickly, at the same time Xuantian **** broke out!

The current Xuantian **** has been fully understood by Li Tian, and since Li Tian's life and death profound doors have been opened, the powerful energy in his body has been able to be fully released.

You must know that Xuantian ***** was originally supported by the strong strength of the body, and then it can exert huge finger power. Therefore, after Li Tian of this society uses Xuantian fingering, it is extremely sharp and powerful.

Swishing fingers directed at the old demon head Dove demon whistling away. Although the old demon head Dove demon is extremely powerful, but facing this supreme Xuantian fingering, there is no way, and he snorted and slid back. Then lifted both palms and used the vigorous splitting palm strength to dissolve Li Tian's tensedness!

However, such exhaustion of the body's energy will of course make the Dove Demon depressed. The current Dove Demon must get close to the body of Li Tiandi, otherwise, he will be hurriedly forced by Li Tian's Xuantian fingering.

No, the roaring Dove Demon quickly attacked Li Tian. Seeing that the old monster wanted to attack him close, Li Tian quickly shot two fingers.

He whizzed his fingers and shot it away, but he didn't expect that the old monster was so sturdy, his palms suddenly fell down, with a bang, fiercely splitting the palms of Li Tiandi's ***** at once. Dissolve in the air.

Then the old monster Dove demon suddenly attacked Li Tian with both palms.

Li Tian saw this old monster deceiving himself, his Xuantian fingers could not be used in time, and at this moment he could only bite the bullet and use his hands to block it.

The old monster Dove demon exudes a terrible aura, like a beast that is about to eat people, the black demon's magical power is gradually used, and the black yin and evil spirit between his hands fills Li Tian.

Li Tian has no way to retreat at this moment, but can only use his own "devil's palm" control!
broken!

After Li Tian suddenly used his clutch palm, the old monster Domo suddenly changed color. This is the weird palm used by this stinky boy yesterday, and he has used it again today.

Although the Dove Demon horrified Li Tian's weird grip, he still attacked, and the Dark Demon's magical skills had already been used to the extreme.

Then Li Tian would be forced to retreat again and again by the magical power of the black demon, and even his clutches could not be used.

"Smelly boy, don't you lie down yet?" Dove demon roared.

With a right hand like the palm of the sky, the huge accumulation of black demon attacked Li Tian with a real angrily.

Li Tian dodged quickly, but still couldn't dodge the huge range of the black devil's magical art. With a loud bang, Li Tian's chest was shaken by the black devil's magical art. Step, blood was boiling in the middle of his chest, and a mouthful of salty blood came up from his throat, but he swallowed it again.
