

A Killer 881

Chapter 881: you lied

Li Tian, with a pale face, looked at the Dove Demon in front of him, this dead old monster was really amazing.

If it hadn't been for Li Tian's body to have a powerful body guard, it is estimated that he would have already died under the magical power of the black demon in the Haunted Demon Land.

But what about that Dove demon? Seeing that this kid was hit by his own Dark Demon's magic, he was unscathed... Weird, strange!

What's going on?

Hao Mo suddenly became angry. The Black Demon's divine art that had only used 70% just now was ready to use 100% at this moment, because he must solve Li Tian within 100 moves today.

But seeing that Dove Demon pounced at him fiercely again, Li Tian didn't dodge anymore, because he wanted to use his "devil's palm!"

He wants to see how powerful his "devil's palm" is!

The luck of both palms slowly, and the strong inner strength gradually covered his arms... At the moment Li Angel came out of the clutches, his whole person did not know why, and there was terrible hostility all over his body.

The Demon Palm's move suddenly burst out of his hand, and attacked the Dove Demon quickly and unparalleledly.

When the demon saw Li Tian using this weird palm technique in an instant, his eyes became gloomy, and the magic of the black demon of luck facilitated Li Tianzhan together.

The old demon's black demon magic is of the yin and severe type.

But Li Tian's clutches were full of terrifying killing aura, as if he had an endless sense of destruction.

In the sky, I saw their two palm shadows flying, extremely powerful.

The more he fought, the more he felt something was wrong with the Dove Demon. The day before yesterday, he saw that this kid seemed to have a few tricks. Why did he use a weird trick again today? And even more powerful... This makes Dove Demon more and more puzzled.

Could it be said that in these two days, this brat really learned more kung fu! ! ! This is not scientific!

The Dove Demon became more and more frightened as he fought, and the Black Demon's magical power was slowly being swallowed by the killing aura of Li Tian's clutches.

After Li Tian used up all of the Four Demon Palms all at once, he had already forced the Dove Demon back several big steps.

The powerful and terrifying palms shocked the Dove Demon.

And Li Tian is also shocking his own kung fu... shocking himself has learned such a powerful martial arts, he certainly does not know how powerful his clutches are!

"Smelly boy, why is your martial arts getting more and more weird? What kind of martial arts did you learn?" Domo said angrily.

Li Tian smiled slightly and said, "Senior, you have thought about it... I haven't learned much kung fu!"

"Dare to lie to me!"

"Hmph, I only found out now that you kid is really treacherous." The Dove demon said angrily.

As he roared wildly, he rushed towards Li Tian again.

The vigorous palm strength accompanied his figure fatally to attack Li Tian, Li Tian raised his hand to block, the palm of his hand was released like a cloud of water in his hand, and the strange palm moves and the hostility filled him. Above the whole body.

Eighty-three tricks!

...

Eighty-five strokes...

Li Tian quickly resisted the Dove Demon with his devil's palm, while silently meditating on his tricks.

Yes, he can now hold nearly ninety moves in the hands of this old monster Earth Dove Demon Land... Seeing that as long as Li Tian catches this Dove Demon Ten strokes, even if his merits are completed, he can leave this Old monster.

Therefore, Li Tian at this meeting became more and more fierce, and he couldn't wait to catch the last ten moves. Although the Dove Demon is the demon of the world, facing the weird clutches of Li Tian and Li Tianjin, Now he really can't take Li Tian for a while.

Although his Dark Demon magic is very arrogant and domineering, it is completely impossible to defeat Li Tian after the transformation within a hundred moves.

Ninety three... Ninety four... Ninety-five moves!

Li Tian screamed while sending both palms together.

...

One hundred tricks!

Suddenly, Li Tian's Demon's palm suddenly pushed forward, and a black terrifying hostility immediately attacked the Dove Demon. The Dove Demon had to retreat, and his body quickly drew away.

Let's say that after the Dove demon suddenly retreated, Li Tian suddenly jumped up happy.

"Stop fighting...Stop fighting..."

"Senior, I have caught you a hundred moves!" Li Tian said with a smile while looking at the Dove Demon in front of him.

But what about Dove demon? His face was extremely ugly, his eyes were filled with deep hatred, and he looked at Li Tian angrily.

"What are you talking about?" Domo demon said angrily. ,

"Senior, you said that as long as I catch a hundred moves in your hand, you will let me go... now I have caught your hundred moves." Li Tian said with a smile.

But what about the demon? Suddenly hearing Li Tian say this, he roared in his mouth: "Smelly boy, you are talking nonsense, there are no one hundred tricks... I think it's only fifty tricks."

"You old monster...how can you be a rogue? I have already caught you a hundred tricks." Li Tian suddenly said angrily. He never thought that this old monster would not fulfill his promise.

But what about that Dove demon? The ugly face gave a gloomy smile.

"I said you didn't catch me a hundred moves, but you didn't!"

"Boy, let me see how you can catch the remaining tricks in my hands today." The Dove Demon suddenly sneered.

This Dove Demon didn't expect that he would suffer a big loss on a hairy boy, of course it was extremely angry, so even if he knew that Li Tian had caught him a hundred moves, he would pretend to say no.

Li Tian's heart was chilled all of a sudden... This old monster said nothing, and actually lied to himself... What can I do?

Just now Li Tian has already used all the tricks of the Demon Palm, but he can't hurt this old monster at all... Now this old monster continues to fight with him, the consequences... The consequences... You don't have to think about it, you must know it. What would it look like, Li Tian must have been defeated.

"You old devil is cheating...speaking doesn't count." Li Weather said annoyedly.

But where is the Dove in front of you? But he ignored Li Tian and said gloomily: "Boy, don't bother with your tongue. Today, I see how you live in my hands."

"Fuck you uncle... you old immortal... you even fart what you say..." Li Tian yelled, he couldn't take care of that much now.

But what about the demon? But he didn't care about Li Tiandi's insults, but the black demon who had fully transported his body rushed towards Li Tian.

Seeing this old monster attacking him fiercely, what can Li Tian do? I can only fight! He has to stick to it even if he bites the bullet.

The clutches of the clutch came out to block the terrifying black demon magic.

But how can Li Tian be this old monster opponent who has been famous for decades?

Chapter 882: Devil's Hand: Type 5

Although it is said that Li Tian has already opened the profound door of life and death, and although he has trained the supreme clutch, it is necessary to know that the Dove demon in front of him is a famous master. Just now, all the moves that Angel Li came out of the clutch can be in this The old

ghost caught a hundred tricks, now? Now Li Tian has no moves available, what should he do? Could it be that Li Tian would really die today in the hands of this old monster who doesn't count?

Li Tian stubbornly resisted this old demon with the clutches of his clutches, but what about that old demon? It can also be seen that although Li Tian's tricks are weird, they seem to be incomplete. A set of techniques that can be said to shock the world, I don't know why when this kid used it, it seemed to be missing something. This is because Li Tiandi's clutches are indeed missing the last form, the fifth form! Of course this fifth formula is also the most important one

However, these are not what Dove Demon is currently concerned about. What he is most concerned about is how to solve Li Tian in front of him as soon as possible.

Isn't this? The more fierce Dove demon became more and more fierce, the black demon's divine art had completely filled him.

A roar of Dove Demon suddenly went to cover Li Tian's head like a dark cloud. Li Tian was shocked, his left palm swung the palm of the cloud to block, and the other hand Xuantian pointed and swished towards the Dove Demon's body. go with.

But what about the demon? Like a broken bamboo, he split his empty palm and hit Li Tian's fingers, and then the thick right palm suddenly attacked Li Tian's chest like a thunder.

Li Tian saw this fierce palm hit, but he couldn't avoid it.

With a bang, the powerful palm of the Dove Demon hit Li Tian's chest heavily.

But seeing a wow, Li Tian was beaten up and flew out... the whole body fell heavily to the ground like a broken kite.

A mouthful of blood spurted from his mouth...was floating in the air.

Then look at Li Tian's arms that the heavenly book pill scroll also fell to the ground.

Li Tian, who had hit the palm of the old monster with a black demon's magic, was difficult to get up at this moment. His body seemed to have been shaken off his muscles. He fell to the ground with pain all over his body, and his face was as gray as death. Pale...

But what about the Dove demon? After shamelessly knocking Li Tian down, an evil smile appeared at the corner of his mouth.

Looking at Li Tian, who was lying on the ground and having difficulty getting up at the moment, he smiled evilly and said, "Smelly boy, isn't the old man's opponent? Haha."

"If your kid wants to survive today, you will obediently knock twice in front of me, and then say that the evil **** is a big bastard! I will let you live, how about?"

Listening to the old monster saying this, Li Tian suddenly became angry. He endured the piercing pain in his chest, got up with difficulty, and yelled, "Old bastard! You don't count... I Li Tian today Even if you die in your hands... will curse you forever!"

"Well, you stinky kid, you dare to curse the old man when you die? I think you don't want to live anymore!" The Dove Demon who said that was ready to walk towards Li Tian step by step with a whole body of killing intent.

Li Tian was seriously injured, clutching his chest, lying on the ground with blood on the corners of his mouth. Although there was endless hatred in his eyes, there was no way, would he really die today? Thinking of these, Li Tian suddenly felt a sad feeling in his heart.

Seeing that this Dove Demon is really ready to kill Li Tian, and Li Tian? But I can only endure silently...I can't move.

Suddenly, even God seemed to feel the sadness of Li Tian. Suddenly the sky became dim, and at the same time, an icy wind couldn't help blowing.

The cold wind blew the fallen leaves on the ground and fluttered everywhere...At the same time, it turned over the sheets of paper that had been smashed by the Tianshu Dan scroll that had fallen on the ground.

What about Li Tian? Also inadvertently, suddenly his eyes saw the heavenly book pill scroll that was blown away by the wind not far in front of him.

The pages of the Heavenly Book Pill Scroll all swept through Li Tian's eyes, and Li Tian clearly saw the first four strategies of the Demon Palm...

Suddenly, there was a bang in his mind, and his eyes lit up in an instant.

"I understand... I finally understand!"

Li Tian suddenly laughed wildly if a lunatic was there.

Just after Li Tian let out a frantic laugh, the murderous Dove demon was slightly taken aback: "Hey, brat, are you crazy? You are still laughing when you die?"

He looked at Li Tian in front of him with puzzled eyes.

But when I saw Li Tian, he ignored him. He just murmured: I know the fifth form of Demon's Palm... I finally know...

After his words were spoken all of a sudden, the body that had been seriously injured just jumped up from the ground.

The wind was still blowing on him, scratching his pale face, but his eyes were as firm as a rock, looking at the Dove demon in front of him angrily.

"Hey, what's wrong with this kid? Why does it seem to change in an instant?"

"What did he just say? What did you say about the fifth formula?"

The Dove demon in front of him looked at Li Tian depressedly with his cold eyes.

It turns out that Li Tian just now realized the fifth formula of the Demon's Palm at the moment when the wind blew the Tian Shu Dan scroll!

From the illustrations that were opened by the wind, Li Tian finally understood why the fifth position of the Demon's palm was blank... Because the fifth position of the Demon's palm had no moves at all, and the so-called fifth position was to combine the palms of the first four positions. Combine the tricks into one...

No wonder Li Tian would not see the fifth form of the Demon's Palm, no wonder Li Tian would always feel that this set of Demon's Palm had shortcomings or something, the truth of everything turned out to be like this!

Heaven and earth unite, ten thousand laws return to the clan! It is the ultimate mystery of Demon's Palm.

After Li Tian suddenly realized this fifth formula, his face was radiant, as if his whole person had changed.

But the Dove Demon didn't know why Li Tian suddenly changed, but he looked at Li Tian with a pair of puzzled eyes there.

"Smelly boy, are you really not afraid of death?" Just listen to the sudden voice of Dove Demon.

Li Tian slowly raised his hand to wipe the corner of his mouth, and then said, "Afraid of death?"

"Old monster, don't you always want to fight with me... Since you want to, I will fulfill you today!"

"And you, an old immortal, dare to speak and not count...this account, today, Li Tian, I must tell you clearly."

The words roared, Li Tian immediately accumulated the powerful energy all over his body, and the palm of his hand suddenly let go, and he violently attacked the dove demon, and saw his palm of his palm flew in the air, attacking the dove demon like a demon. .

Dove Demon was taken aback for a moment, this kid's palms were getting sharper and sharper, but he didn't feel the danger yet. Suddenly the Dark Demon's magical power was also used in an instant.

Chapter 883: The birth of the hero

The two quickly fought together.

Li Tian's Devil's Palm is cruel and vicious, and the Dove Demon's black demon magic is also extremely stern. Such a peerless showdown is really frightening. In the sky, but seeing the two figures dancing quickly... has gradually been separated. Who are the two of them?

"Black Demon Magic Technique!"

A wild roar of the Dove Demon suddenly screamed, and the sound seemed to pierce the nine heavens, and the black demon's true energy all over his body was also exposed in an instant, and the black demon pressed towards Li Tian.

But what about Li Tian? At this moment, he didn't dodge or dodge, as if he was ready to take this old monster's trick.

Is Li Tian crazy? Does he really dare to take this trick?

Yes! His is crazy! Because he is really ready to take this terrifying move.

I saw him standing there coldly, and all the moves of the first four styles of Demon Palm suddenly appeared in his mind, and the two palms combined the first four moves into one in an instant.

The devil is the deity of all evil.

The palm is the most devil.

With such a move, when Li Tian combined them into one in an instant, the whole world seemed to have changed.

And his people? Even at this moment, the terrifying hostility exploded several times in an instant...The feeling of killing and suffocation swept like a terrible black cloud.

The clutches! ! !

A roar that shattered Jiuxiao roared from Li Tiandi's mouth.

Then he saw his palms with endless killing aura, all of a sudden, flying towards the air, attacking with the Dove demon that used the black demon magic.

A showdown between killing and evil.

In the darkness of the sky, the Dove demon suddenly felt an unprecedented killing aura suddenly enveloped him...

This feeling was like, like...I was defeated by the evil ***** in the battle of Laoshan back then.

But it is too late! It's too late.

There was a loud bang.

The devil's palm and the supreme duel of the Dark Demon's divine art collided, and the world seemed to have changed.

The terrible qi that permeated the surroundings was intertwined, and it shook all the dust and sand on the ground.

There was a boom.

The hard ground was stunned by their powerful palms and plunged into a huge pit.

And the blazing qi that filled the air began to spread rapidly towards the surroundings, spreading...

Looking at the two of them again, they stood motionless.

This blow clearly shows success or failure.

Li Tian stood there with a pale face...Although he hadn't moved a step, the hard ground under his feet had cracked a few cracks that were shaken out by his guess, and at the same time his feet were deeply sunk.

And look at that Dove demon again? He stood there with a weird face, motionless.

Who knows what happened? Who knows which of the two of them will win and which will lose?

There seems to be a feeling of suffocation in the air... the vigor that echoed in the air is still spreading rapidly around...

Neither of them spoke, neither said a word.

Finally, after a few minutes of dead silence, suddenly the old monster Hatomo spoke first.

The corners of his mouth moved: "Stunky...you...what martial arts do you use?"

His voice didn't know why, with a strange feeling of weakness...He looked at Li Tian with his cold eyes.

"Can beat your martial arts!" Hu Cong Li Tiandi said simply.

After hearing Li Tian say this, the Dove Demon suddenly smiled...but his smile was so ugly...

"A good one can defeat... defeat... my martial arts!" His voice was bleak and sad... with endless loneliness.

Then while he laughed miserably, his body suddenly trembled like a spasm... Then, the whole body collapsed on the ground all of a sudden... A trace of scarlet blood slowly flowed out of the corner of his mouth!

Gosh? This unbelievable old monster, Dove demon, has been defeated?

Defeated by Li Tian!

Who can imagine it?

Looking at the dove demon sitting slumped on the ground... Li Tian didn't say anything, he just slowly pulled out his feet that were sunken in the ground... and then slowly picked himself up from the ground. Take the heavenly book pill scroll that was left on the ground, and put it in his chest.

"Old monster... From now on, you will remember... I Li Tian defeated you!"

"Also, I'll tell you again, don't think about finding revenge for my father... because you can't be my father's opponent at all!"

After saying this coldly, Li Tian didn't look at the Dove Demon, who was sitting on the ground and suffering a serious internal injury, turned and walked towards the middle of the dense forest.

This time, the Dove Demon didn't stop Li Tian... because he couldn't stop it anymore? Or is it because he knows that even blocking is useless?

The only thing he saw was the old monster Dove demon sitting there limply, with a dark and ugly face with an unprecedented sadness and miserable feeling, sitting motionless, what was he thinking? who knows?

And Li Tian was not doing anything to this Dove Demon either.

he's gone.....

He left the cave, the old demon.

I didn't expect that in just a few days, Li Tian would have such a change. Not only did his hands and arms become better, but also his skill increased so terribly... Is it sin or fate? Who knows?

In the vast deserted dense forest, but seeing Li Tian walking step by step.

I don't know how long he has been walking. Suddenly Li Tian's feet softened, and his whole body suddenly fell to the ground.

he? he? What's up with him?

I saw Li Tian, who fell to the ground all of a sudden, his face was as ugly as a piece of white paper, and at the same time a mouthful of scarlet blood spurted out of his mouth, his body trembling violently, holding a tree with one hand The tree slowly sat upright.

Gosh!

He was actually injured, and he suffered such a serious injury.

Yes! Li Tian is extremely injured.

Just now when the old monster Dove demon held the last palm against him, although Li Tian said that he severely injured the Dove demon, what about him? Not much better! No way, that old demon's Black Demon magical skill is indeed too powerful...too terrifying.

Even if he used the fifth form of the "devil's palm", he still couldn't protect himself intact... or he was shocked by the old monster's black demon magic.

After Li Tian sat up with difficulty, he slightly raised his hand and wiped the blood on the corner of his mouth. With his internal organs damaged, he cannot move his body now. He can only calmly adjust his body... ..

If Li Tian insists on acting again, he will definitely bleed from the internal organs, and then it will be a big trouble...

So he can't go, he can only stay here quietly.

But fortunately, he has been walking for so long now... He is completely far away from the old demon, Dove demon...

Chapter 884: Duguxie is back

After Li Tian sat quietly on the ground, he could feel that there was a blazing fire burning in his chest, and the blood seemed to be boiling.

If the pain wasn't for Li Tian's body to have a strong infuriating protection, he would have fallen to the ground long ago.

Now after he sat down quietly, he quickly healed his injuries slowly without any delay.

In Beitang City, the brothers still had no news of Li Tian and Duguxie.

No one knows whether Li Tian is dead or alive.

In the hotel, they can do nothing except daily worries.

This almost suffocated a bunch of worried brothers.

"Fuck, we can't wait like this... we have to think of a way!" Tang Xiaolong roared in the room, with an ugly face. The helpless waiting these days has made Tang Xiaolong completely impatient.

Chen Qiaozhi and Old Monster Na Ge were both depressed and silent.

"Fuck, are you talking?" Tang Xiaolong roared looking at Chen Qiaozhi and Old Monster Ge.

"Sick ghost, are you paying attention? Are we just spending time here every day?" Tang Xiaolong looked at Chen Qiaozhi.

Chen Qiaozhi slowly raised his head and glanced at Tang Xiaolong: "Then tell me what to do?"

"Now none of us knows where Li Tian was taken into captivity... No one knows the sacredness of that old monster Dove. Tell me what to do?"

Facing Chen Qiaozhi's words, Tang Xiaolong was speechless.

Yes, although everyone is worried about Li Tiandi's safety now, what else can they do besides waiting?

Tang Xiaolong sat on the sofa with an annoyed butt, took out a cigarette from his pocket, and began to smoke fiercely.

On the street outside the hotel, you can still see two clear shadows standing there, holding a pair of worried and anxious eyes looking at the passing crowd with concern.

They are undoubtedly Duan Muying and Situ Ningbing.

The two of them are waiting...every day, waiting for Li Tiandi to return...

But after so long, they didn't wait for him to appear.

Helpless, worried, painful, tortured these two girls deeply.

They just waited so hard, no one knew whether they could wait until Li Tiandi returned.

On the street in the distance, suddenly a haggard and lonely figure slowly flashed out of the figure.

Looking closely, his face was sallow, his figure was tall and thin, and his empty sleeve was slightly raised in the wind.

Broken arm: Duguxie.

Duguxie is back.

At the moment when Mu Ying and Situ Ningbing suddenly saw the appearance of Duguxie, the two of them suddenly became excited.

"Senior Dugu..." The two beauties ran towards the lonely figure of Duguxie.

But seeing Duguxie also saw the two women at the moment.

He lifted his thin and sallow face and smiled slightly.

"Senior... Where's Li Tian?"

"Have you not found Li Tian?" Situ Ningbing and Duanmuying asked almost in unison.

The two of them knew that Duguxie was looking for Li Tian...

But now? They saw that only Duguxie came back with such a lonely expression on their faces, and their hearts became much colder for a moment.

What about Duguxie? But he shook his head helplessly.

"I didn't find it!" A word came out silently from Duguxie's mouth.

Yes, almost ten days, Duguxie has been looking for ten days alone in the jungle... But in the vast forest sea, so many barren mountains, where can he find Li Tian and Dove Demon?

So after searching for it for ten days, he finally returned without success.

Listening to Duguxie's words, there was a huge despair in the hearts of the two women.

But they still followed Duguxie into the hotel.

"Senior Dugu is back, Senior Dugu is back."

The happy voice of the brothers can be heard from a distance.

I saw the ghost servant who came out of the room first.

After the ghost servant saw his yellow-faced second brother Duguxie at a glance, he quickly ran over: "Second brother, how is it? Did you find the young master?"

Tang Xiaolong and his brothers all ran out of the inside quickly at this time, looking at Duguxie with their eyes, waiting for his answer.

But what about Duguxie? But he sighed deeply.

"I didn't find Young Master." A word came out helplessly from Du Guxie's mouth.

what?

Didn't find the little boss?

Hearing Duguxie's words, the brothers were all speechless.

The ghost servant is also ugly.

"Forget it, second brother, go to the house..." the ghost servant said, looking at the sallow face of Duguxie, he knew in his heart that his second brother must have suffered a lot in the past few days.

"Yes, Senior Dugu, come in first." The brothers also said there.

Duguxie then followed his brothers into the house slowly.

In the room, everyone is sitting here silently, everyone's face is filled with endless loneliness and worry.

"Young Master, it has been missing for almost ten days...I really don't know how that old monster will treat our Young Master." Duguxie said with hatred in his eyes.

"This way, we all came here at the risk of death. This time I believe the young master will be fine." The ghost servant thought for a while and comforted.

"Yeah! I believe that the little boss will surely take the risk!" the brothers on one side also said.

"It's just that the old monster Dove Demon is indeed an extremely tricky character!" Duguxie said suddenly.

"He took the young master abducted this time. I guess he must be resentful for the big brother's defeat of him."

Hearing what Duguxie said, the ghost servants, brothers and others were all stunned.

"Then according to Senior Dugu...the old monster kidnapped the little boss...what does it mean?" Tang Xiaolong couldn't help asking.

Yes, now they only know that the old monster Dove demon took Li Tian away, but what is he doing with Li Tian? Who knows?

"do not know!"

"But I guess, Young Master should be fine for the time being." Du Guxie said.

"Hey, hope, I hope the little boss can turn the danger into a breeze this time."

The brothers all sighed.

"Then Senior Dugu, what shall we do with the rest? Are you waiting for the little boss here?" Tang Xiaolong couldn't help asking Duguxie.

But seeing Duguxie slightly lifted that waxy face, he slowly said, "Wait... keep waiting! You must wait until Young Master."

Chapter 885: Two beauties

In the middle of deep mountains and dense forests, Li Tian has been sitting quietly there to heal his injuries.

Finally, after a few hours, Li Tian slowly put his hands down, and then slowly exhaled a white gas from his mouth... He slowly stood up.

After a few hours of exercise healing, the internal injuries in his body have been almost stabilized... Now although his face is still a little pale, or a little dark yellow, he can already walk around.

No, he slowly stood up from the ground, looked at the endless deserted jungle, and started to walk forward.

He wants to leave here... leave here quickly.

He must quickly find his brothers and his lover!

So he walked desperately and walked forward.

I don't know how long it took to walk, and finally Li Tian walked out of this huge forest sea.

Looking at the endless wasteland, Li Tiantian felt a little sadness in his heart, but he hurriedly walked towards the road ahead.

Because Li Tian now doesn't know the direction or where this is, he can only walk aimlessly at the moment.

After reaching the road in front, Li Tian finally saw from the road signs that the road led to... it was to Beitang City.

Li Tian knew in his heart that after his disappearance these few days, the brothers must be worried about themselves and must be looking for themselves!

Once they can't find themselves temporarily, they will definitely find a place to stay and wait for themselves.

The nearest city is Beitang, so Li Tian believes that the brothers should be waiting for themselves in Beitang anxiously.

Thinking of this, Li Tian made up his mind, went to Beitang City by himself, and quickly looked for his brothers.

On the wide and deserted road, only Li Tian walked alone.

This road is originally off-travel, and it is surrounded by mountains. Except for those who like to hike and travel, it's really off-travel.

Li Tian at this meeting has deeply experienced what is true loneliness.

At first glance, it was desolate, and there was nothing but endless roads.

He walked hard like this. Judging from the markings on the street sign, Li Tian should be tens of miles away from Beitang City. If nothing happens, Li Tian should be able to reach Beitang before tomorrow. city.

Walking lonely like this, Li Tian thought about his thoughts while walking.

This time, his lucky arm recovered, and it seemed that his martial arts had also improved a lot... he had to prepare for his next revenge.

He hoped that after he arrived in Beitang City, he would quickly take his brothers to find the third sister: Baihua Fairy. Because of Dugu Xie, this third sister seemed to have found out something about the gate of **** in so many years. clue.

Hell Gate, when he thought of this horrible organization in his heart, Li Tian felt hatred! Endless hatred!

He vowed to kill everyone in the gates of hell, to avenge all the hatred on behalf of his father and mother.

With such cruel thoughts in his heart, Li Tian walked alone on this barren highway.

"Xiaomi, this time the two of us sneaked out and walked to school on foot. Will you let other classmates envy and hate at that time?" A clear and beautiful voice rang in the open field and said with a smile .

But seeing a small folding tent on the grass on the left side of the deserted road, a graceful girl in casual clothes holding a conona400 camera in that hand was smiling while taking pictures of the deserted landscape Say.

The hair is dyed and wavy, a very delicate face with melon seeds, no blemishes, and the water-like eyes are clear and bright.

Although she is wearing a very casual pink sportswear, it is still difficult to wrap her slender and graceful figure. The slender figure that is convex and backward is really a young girl! nice!

The girl next to her talking, sitting quietly in the tent, is also beautiful and lively.

Black hair like a waterfall draped on her beautiful shoulders, wearing the same pink sportswear, curled up there, holding a magazine in her hand, watching intently, and a pair of black slung on the bridge of her straight nose. The glasses look glamorous and touching.

"Let them hate it, who will let them not participate in our travel plan? Hey. Then we will post all the photos on Weibo and envy them." The girl named Xiaomi gave Weiwei the magazine under her hands. Put it down, then jumped lively and stood up from the ground.

The glamorous girl with perm and curly hair also giggled, and continued to take pictures of the scenery with the camera in her hand.

"Wow, it's so beautiful here! I really hope to live in such a place forever." She held the camera in her hand while taking pictures of the surrounding scenery, and said with a little cherry in her mouth.

"Cut, what's the happiness of living here alone...I hope I can find someone I like, and living here is cozy!" said a girl named Xiaomi fantasizing.

"Then you look for it... dignified Beitang University beautiful girl Lai Xiaomi is afraid that she won't find a boyfriend?" The girl with the camera in hand said with a smile.

"Come on, I really don't have a cold with those boys... I feel annoyed by looking at them!" Lai Xiaomi said.

"Haha, isn't it? Is it true that our Xiaomi beauty has really seen the world? Ready to become a monk?"

Lai Xiaomi also giggled: "Yes, this lady has already seen through the world."

"After graduation, this lady will go to be a nun."

Two beautiful young girls laughed heartily in the wilderness.

It turns out that these two pure and beautiful girls are students of the Art Department of Beitang University.

Among them, this beautiful woman with black frame glasses is called: Lai Xiaomi, and the other with wavy and curly hair is called Lin Xixi.

These two are famous school-level beauties of Beitang University, and of course they are also the best girlfriends. This time they used their spare time to organize this hiking trip in order to walk all the way from remote places to their school. If it is not only fun for them, but also to experience the thrill of a hike, how good.

Then all the scenery and beautiful things I saw along the way were photographed with the camera.

Lin Xixi was holding the camera in her hand and continuing to take pictures of the scenery, while Lai Xiaomi was packing up the folding tent there, and it seemed that they were going to continue walking forward.

Chapter 886: Embarrassed

"Xiaomi, you said that you are not depressed... We have been walking for three days, why are there not many people on the road... I can't even see a handsome guy! I thought I would meet a handsome guy or something on this trip ...Hey, then a romantic great love begins, but unfortunately now it seems to be hopeless." Lin Xixi sighed while holding the camera.

Lai Xiaomi next to him laughed.

"anthomaniac....."

"Which handsome guy will have nothing to do as boring as the two of us? Will he come to this barren mountain to play?" Lai Xiaomi said,

Lin Xixi blinked her beautiful eyes and thought for a while and said, "Yes!"

"The handsome guy now... really boring... there is no sense of connotation!"

"Hey, I like that kind of man with connotation." Lin Xixi said.

"Xie Xi, stop being idiots, hurry up and pack things, let's continue on the road." Lai Xiaomi said.

Lin Xixi walked over quickly, and then started to clean up the tent in front of him with Lai Xiaomi.

But they said that when they were packing up the folding tent, they saw a figure on the lonely road coming step by step toward this side.

With a casual glance, Lin Xixi saw the figure behind at a glance.

"Hey, someone is here." Lin Xixi said with her beautiful eyes blinking.

Lai Xiaomi, who was packing up the folding tent, was taken aback for a moment and turned to look. She saw a figure walking lonely on the road at a distance of about a few hundred meters behind her.

"It seems to be a man!" Lin Xixi blinked with her bright beautiful eyes.

Lai Xiaomi also took a look there and said, "Really?"

"Is it a tourist too?" Lai Xiaomi asked.

Lin Xixi shook her head.

"I'll see if it's handsome." Lin Xixi suddenly giggled and said, and then used the telephoto lens of the camera to look at the figure.

But seeing that person walking alone on the road, his figure was lonely, he kept his head down from beginning to end, thinking about his thoughts all the time.

"Xixi, stop making trouble..."

"In this wilderness...we don't know that person...and don't know what he is doing? We two girls should be cautious." Just listen to Lai Xiaomi's hand slightly supporting herself Said the black-rimmed glasses on his eyes.

Lin Xixi thought for a while, put the camera in her hand down, and thought for a while, too!

After all, when the two of them meet strangers on such a highway, it is better to be careful.

"Then we don't care about him?" Lin Xixi asked, blinking at Lai Xiaomi's beautiful eyes.

Lai Xiaomi said: "Ignore it!"

"Let's pack up and go."

So the two girls began to pack their luggage and prepare to set off.

But who is the lonely figure behind that? Who is walking alone on such a deserted road?

He is no one else, but Li Tian who is going to Beitang City.

Since Li Tian left the forest sea, he has been walking alone on this road. During this period, he has been thinking about his hateful past, so he never looked at the road ahead.

He certainly didn't know that in front of him, there were two young and beautiful girls talking about him.

At this moment, looking up casually, Li Tian saw the two figures in front of him at a glance.

"Huh, there are people?" Li Tian suddenly felt lucky in his heart.

After all, on such a deserted road, it is quite good to meet one or two people who can walk together and talk together.

No, when Li Tian saw that there was someone on the same road ahead, he became happy.

Upon closer inspection, they turned out to be two women.

After seeing the two shadows, Li Tian hurriedly stepped forward to chase after him.

In fact, he only hoped to find someone who would follow the path and be a companion together, but he didn't think of anything else.

But after he accelerated his pace behind him, he made the two girls Lai Xiaomi and Lin Xixi feel scared.

After all, a strange man suddenly accelerated his pace behind and chased the two girls, making them feel a little scared.

"Xiaomi, Xiaomi... the man has caught up." Lin Xixi blinked his eyes while looking at the figure behind, while looking at Na Lai Xiaomiao with some caution in his voice.

Lai Xiaomin looked back at the figure that was getting closer and closer and said to Lin Xixi, "Don't worry... it's okay for the two of us to ignore him!"

Lin Xixi nodded silently, and then walked slowly like Lai Xiaomi.

Besides, Li Tian soon caught up.

His eyes clearly saw the backs of the two girls who were not far in front...they were two beautiful backs.

Li Tian moved in his heart, so he walked forward quickly, hoping to say hello to the two girls, and then walk with him.

Lin Xixi and Lai Xiaomi also felt that Li Tian was approaching them more and more. Although the two girls were wary inside, they both pretended to be calm and still walked slowly there.

"Hey... hello!" Li Tian, who walked over quickly, said hello to the two girls from behind.

At this moment, Lai Xiaomi and Lin Xixi heard that the "guy" behind had approached, they had to stop, only to see the two of them slowly turning around and seeing Li Tian.

Li Tian looked at them with a sincere smile.

Of course they also saw Li Tian, but the two beauties did not speak, and looked at Li Tian with alert in their eyes.

"Hello... Excuse me, where are you going to go?" Li Tian asked politely.

"We don't seem to know you!" Lai Xiaomin suddenly blinked her beautiful eyes and said to Li Tiandao vigilantly.

Listening to the beauty in front of me, Li Tian looked a little embarrassed, but still smiled and said: "Oh! My last name is Li, my name is Tian... I am going to Beitang City."

"It's nice to meet you here..."

"If possible, let's drop in together! I found that the road is empty and empty...so I want to find a companion!" Li Tiandao.

But then Lai Xiaomi and Lin Xixi frowned slightly.

"Sorry...We don't like walking with strangers!" Lai Xiaomi said decisively in that voice.

Hearing these two beauties decisively rejecting him, Li Tian's face appeared endless embarrassment, but he is not a shameless person after all...Since the two beauties have already said this, then he can't follow it cheeky People.

So Li Tian smiled reluctantly and said, "Oh, this way...that's okay..."

"That...that...bye!"

Li Tian said that it was inconvenient to stay more, so he took a step forward and walked quickly.

"Goodbye!" Lai Xiaomi also spit out a word coldly.

During the period, Lai Xiaomi and Lin Xixi did not leave. After they saw Li Tianguo really walk forward alone, their hanging heart fell.

"Xiaomi, Xiaomi, that boy also went to Beitang City? Why don't we follow him all the way?" Lin Xixi said from the lonely back of Li Tian with her beautiful eyes and low reputation.

"fool!"

"We don't know him, besides, in such a wilderness, do we two girls dare to come so close to him?"

Chapter 887: Drag racing

"Then you mean that he might be a bad person?" Lin Xixi in front of me blinked while looking at Li Tian's back in her beautiful eyes and said.

Lin Xixi said, "I don't know this either!"

"But we should be careful when we are away from home."

"If he is a good person, that would be fine, but in case he is a bad person, if we see our two weak girls have evil intentions, then the two of us will be in big trouble." Lai Xiaomi said very cleverly.

Lin Xixi nodded in approval.

"But, Xiaomi, do you think that boy is handsome... and I think it's very different from the boys in our school!" Lin Xixi suddenly said, looking at Li Tian's back.

Lai Xiaomi next to him suddenly giggled.

"Please, don't be such a nympho? He is just a stranger." Lai Xiaomi said with a smile.

Lin Xixi smiled and said, "Am I telling the truth..."

"Look at that boy... I always feel a strange temperament... very attractive." Lin Xixi continued to say.

"Xixi, or tell him you are in love with him" Lai Xiaomi said with a smirk.

Lin Xixi smiled charmingly and said: "If this lady tells him, I guess he will be excited, and maybe faint on the spot."

"Smelly..."

Two young and beautiful girls joked and walked slowly behind them.

And what about Li Tian in front? It was embarrassing after being decisively refused to go with him just now.

But he still understands the feelings of those two beautiful girls. After all, in such a wilderness, two such beautiful girls met a strange man like him. If they were not guarded, wouldn't they be a fool!

Therefore, Li Tian at this meeting did not feel dissatisfied with the two girls, he just continued to walk alone on this highway alone.

He walked in front, and the two beautiful girls behind followed. In the middle, they kept a certain distance from beginning to end.

I don't know how long it took, and finally got closer and closer to Beitang City.

Through the markings on the street sign, Li Tian was now only a dozen miles away from Beitang City.

On the lonely highway, you can gradually see those large trucks pulling goods, one by one, moving forward.

Li Tian tried to stop a car several times, and then took himself to Beitang City. Unfortunately, none of those cars stopped... This made him very depressed.

Forget it, let's go to Beitang City by himself, he thought silently in his heart.

"Xiaomi, my feet hurt so much that I can't walk...I want to rest."

In the back, I saw that charming Lin Xixi bends her waist, gently punching her two calves with a pink fist there, frowning Liu said.

The red mouth is **** and cute.

Lai Xiaomi is also a little tired, so she said, "Okay, let's rest here for a while."

"Ok!"

As they said, the two girls leaned against the road to rest.

Lin Xixi took out a bottle of mineral water from her backpack, took a sip, then blinked her beautiful eyes and looked at the lonely figure of Li Tian in front and said, "Xiaomi, do you think the boy in front is weird??"

Listening to Lin Xixi's sudden words, Lai Xiaomi was taken aback for a moment, lifted her beautiful eyes and blinked at Li Tiandi's back and said, "What's weird?"

"I can't tell... Anyway, I see him have a strange feeling." Lin Xixi said there.

"Xixi, you won't really like others, are you?" Lai Xiaomi said with a smile.

Lin Xixi shook her head: "How is it possible...I just think he feels very different...but the specific place is different, I can't tell."

"Forget it, don't think about it..."

"Strange people, we'd better take care less." Lai Xiaomi said.

After a brief rest, the two beautiful girls are ready to continue on the road.

They are also getting closer and closer to Beitang City... and there are more and more vehicles passing by on the road.

Suddenly, as the two girls were moving forward on the highway, several arrogant cars suddenly galloped over from behind, rushing over here like sharp arrows.

Take a closer look at those cars, there are 4 in total.

The first is a modified Land Rover, domineering and sturdy, with weird patterns engraved on the body, it looks mad and savage, and it drove quickly from a distance like a beast.

In addition, the three cars behind are all modified sports cars, and they ran wildly on the road.

Such a car makes people know that it is a drag race at a glance.

This road is originally winding and rugged, and it is inaccessible. This also happens to be a happy paradise for the night cruisers, so it is not unusual to see such a motorcycle racer on such a road.

Although the four cars had not yet reached the two beauties, the roar of the engine could be heard from a distance.

The two glamorous girls looked at the four wild and arrogant vehicles behind them and hurried to avoid them on the side of the highway. They were afraid that these desperate motorcyclists would hit them.

As they hid to the side of the highway, the four speeding cars drove past them one by one like sharp arrows, without stopping.

Lin Xixi blinked her beautiful eyes and said, "Cut, these motorcyclists are really crazy."

"If you drive so fast, don't you be afraid of being killed?"

With a small smile on the corner of Lai Xiaomi's mouth, he said, "Some people like stimulation... Maybe this is their way of life."

"I think it's just crazy."

"Take fate for excitement..." Lin Xixi said, as if he didn't have a lot of affection for those racing bikers.

"Let's just ignore our business and let's go." Xiaomi said while lifting the travel bag on the ground.

Let's talk about the four awesome cars, at this time they also drove wildly past Li Tiandi.

Li Tian also dodged aside.

Watching the four modified sports cars go away, Li Tian didn't say anything, but continued to move forward.

"Brother, did you see those two beauties just now?" Driving in a modified Land Rover at the forefront, I saw a man with eyebrows and squirrel eyes, saying to a bald head driving.

That bald head is very sturdy, and the outfit is very different.

A dragon head tattoo was also tattooed on the round head, and his face was brutish and bloated.

"I saw it." The bald head called the third brother suddenly said with an evil smile from the corner of his mouth.

Chapter 888: Turned back

"It looks like two student girls?" said the bald man called the third brother with a wicked smile.

"I heard that the current student girls are coquettish... and the bed skills are first-rate, third brother, should we go back and take the two beauties for a lap? One dragon and two phoenixes, playing with excitement." Sitting next to the thin one The skin and bones looked like a man who often took drugs, squinting his eyes and talking evil.

"it is good!"

After his words were spoken all of a sudden, the bald hunk suddenly turned the steering wheel... his feet quickly stepped on the brakes at the same time, and only heard a hissing sound. The domineering Land Rover made an extremely gorgeous drift directly in the middle of the road. He turned his head around.

After his Land Rover turned its head all of a sudden, the three cars behind also turned their heads at the same time, following him closely, and all drove quickly to the back.

Originally, Li Tian was walking slowly on the highway. At this moment, he suddenly saw the four cars that were driving past quickly. He suddenly drove back and was taken aback.

Huh, what happened? Why did these four cars drive back again? What do these people do?

Li Tiantian thought curiously.

But he still didn't think too much about it. After all, people like to drive around in a car and take care of himself.

So Li Tian went on walking, he didn't care at all about the four cars passing by.

Where are the two girls behind?

At this time, of course, I saw the four cars coming here at extreme speed from a distance... I was stunned right now.

"Xiaomi, Xiaomi...Look, those motorcyclists are coming again..." Lin Xixi said curiously with her beautiful eyes open.

At this time, Lai Xiaomi's pair of eyes of course also saw the four cars rushing towards them, and suddenly a bad premonition surged from her heart.

I saw her face changed slightly and said, "Xie Xi, be careful!"

"Why?" Lin Xixi looked at Lai Xiaomin puzzledly.

Lai Xiaomi quickly said: "I think something is wrong..."

"Xiaomi... don't scare me..." Lin Xixi said suddenly in fear, and the delicate melon seed face suddenly appeared pale.

Na Lai Xiaomi looks much stronger than Lin Xixi, and she is also quite clever. She looked at the four cars suddenly going back and forth, and she felt surprised in her heart. After all, the two of them... A soft girl must be cautious everywhere.

At this moment, seeing that the four arrogant cars are getting closer and closer to them, and it is obvious that the speed of the cars is slowly slowing down. When Lai Xiaomi sees that these four cars are about to drive in front of them, beware. There was a thump inside, and she was also scared.

After all, no one can say what will happen in such a wilderness.

"Xiaomi... these people... these people... why did they stop here?" Lin Xixi said with fear.

"Xixi, don't be afraid!"

"In broad daylight, I don't believe these people dare to do anything." Lai Xiaomi said pretending to be strong. In fact, in her heart, she is also extremely scared. She is worried about what these people are doing? What do you mean by suddenly stopping the car in front of them?

What if there is any evil idea in the lives of these motorcyclists, my God, what can I do? You must know the situation of the two soft girls in this deserted countryside.

Seeing these four cars stopped in front of them like this, Lai Xiaomi and Lin Xixi stopped moving. The two soft girls held hands with each other, looking at them with fear in their eyes. These four cars of unknown origin.

Suddenly the window glass of the first Land Rover was slightly shaken down, and then I saw a face with a sharp-mouthed monkey cheek, looking up and down the wretched face of Lai Xiaomi and Lin Xixi, looking obscene and filthy. Demonstration.

Facing such unscrupulous and wretched gazes, the two girls suddenly felt their hearts.

"What to do? Xiaomi... these people don't look like good people." Lin Xixi whispered to Lai Xiaomi in horror.

A slender hand gripped Lai Xiaomi's hand tightly.

What about Lai Xiaomi? She is also scared, she is a girl after all, how can she not be scared? But at this moment she must bite the bullet, pretend not to be afraid, and stand calmly there.

"call"

A hooligan whistle in's blew out of the man with the sharp-mouthed monkey cheek.

Then I saw him push the door open all of a sudden and jump out of the car.

He is skinny and ghost-like, wearing a big, weird red T-shirt with a scary skull printed on it.

After he got out of the car, from the other side of the car door, a burly bald man also jumped out of the car. A bald man in a black leather jacket with terrible tattoos with teeth and claws tattooed on his arms. After getting off the car, a pair of evil eyes were placed on the bodies of two soft girls.

The wretched eyes stared unscrupulously on their breasts...and the two thin legs...

This bald head is obviously the hunk who was just called the third brother.

But it said that after they got out of the car all of a sudden, a group of people got out of the remaining three cars.

All of them are differently dressed and wretched-looking guys who make people know that they are not good things at first glance.

rogue.....

Naked hooligan.

When Lai Xiaomi and Lin Xixi suddenly saw such a group of people jumping out of the car and looking at their two delicate girls, they were stunned, and they were even more frightened in their hearts.

"It's over... it's over..." Lin Xixi's pale pretty face looked like she wanted to cry.

What about Lai Xiaomi? Although she pretends to be strong, her face is getting whiter and whiter. She is also a girl, and of course she is also afraid of bad things.

And at the same time? Li Tian, who was in the front, also looked back and saw the situation, because he saw at a glance that the four cars that had passed by had stopped at the two girls behind.

"What's the situation?"

"Why did the drag racing guy get to the two girls?" Li Tian frowned slightly, thinking.

He didn't want to be nosy at first, but he looked around the deserted surroundings...He couldn't help but secretly lined up: These surroundings are so deserted, there are no people, what if those people are not good people and bully the two girls?

Isn't this? With this in mind, Li Tian was ready to look back and see what was going on! What the **** do those motorcyclists drive their cars back?

Chapter 889: he came

Having said that, after the sturdy bald brother got out of the car with a bunch of drag racing guys, he couldn't help looking at the two girls with evil smiles.

Suddenly, the man with wicked eyebrows standing next to the third bald brother spoke first: "Hey, beauties...do you look like you are traveling?"

Listening to this wretched man's question, Lai Xiaomi and Lin Xixi didn't know whether to say it...they were very frightened.

"Beauty, why don't you speak? Is it because you are afraid of brother?" You suddenly showed a yellow disgusting tooth and smiled there.

Then Lai Xiaomi knows that this is no way to do it now. At present, he can only bite the bullet and ask: "You...you...what do you want to do?"

"We... we don't seem to know you."

Listening to Lai Xiaomi's words, the gangsters burst into laughter.

"Sister, although you don't know us now, will you gradually get to know us later!"

"Yea, haha."

...

Those wretched rascals said with a smile in that haha.

This made Lin Xixi and Lai Xiaomi even more afraid.

"Beauty, see you walking so tired...Come on, get in our car... Let's take you all the way, so you don't have to go hard." Just listen to the wicked man with a smirk. .

In addition, several hooligans around him shouted, "Yes, get in the car... Brothers will take you for a stroll."

...

Listening to these hooligans' words, Lai Xiaomi and Lin Xixi were even more afraid.

The two of them were so scared that they kept hiding back, and at the same time said: "We are not sitting..."

While talking, prepare to run.

"You still want to run? Sister...you are not kind anymore... Brothers just want to take you for a drive, why are you so afraid of this?"

But how could those hooligans let these two white and tender lambs slip away from their clutches like this? Isn't this? He said evilly, and stopped them.

"You...you...what do you want to do?" Lai Xiaomi's voice began to tremble with fright, staring at the gang of rascals in horror and said.

"We have already said... we don't want to take your car..." Lai Xiaomi said with a trembling voice.

Lin Xixi next to her was even more frightened and tears were about to flow out.

What about these rascals? But it was a pair of evil eyes staring at their two graceful bodies up and down, and said evilly in their mouths: "What don't you want to do, brother... I just want my sister to sit in our car and have a good time."

"Yeah, beauty, you two are the only ones in this wilderness, isn't it lonely? Come on, let my brothers comfort you."

...

Hearing these rascals say such nasty words, then Lai Xiaomi was scared and angry.

"Despicable, shameless..."

"You...you get out...or...or...I'll call the police!" Lai Xiaomin suddenly took out his mobile phone from his pocket and said in fright.

But what about these rascals? Why would you let her call?

"Sister, do you think you have time to call now? Hey..."

The thief-eyed man who was talking suddenly walked towards Na Lai Xiaomin step by step.

When Lai Xiaomi saw this gangster, she walked towards her, and she was so frightened that she cried out... she stepped back quickly... but was blocked by another gangster... At this moment, she felt cold.

"Bring me the phone!"

As the thief-eyed man said so suddenly, he stretched out his hand and snatched her mobile phone from Na Lai Xiaomi's hand.

Then he fell viciously to the ground.

With a bang, the internal organs of the phone were thrown out...

The two girls were so scared that they screamed, but these rascals laughed wildly.

"You...what do you...what do you want to do?" Lai Xiaomin said with a pale face and a trembling body, Lin Xixi's tears had already flowed out, and her whole body was trembling.

"Guess what?" The man with eyebrows and squirrel eyes looked around and said unscrupulously on their slender figure.

The bald brother, seemingly unwilling to continue playing like this, suddenly raised Sen Han's eyes and coldly said to a group of younger brothers: "Don't talk nonsense with them, take these two girls into the car..."

"Yes, third brother!"

As soon as the gang of gangsters heard their boss say, they were immediately ready to do something to Lin Xixi and Na Lai Xiaomi, and the thief-eyed man who had passed by was ready to catch Lin Xixi.

Then Lai Xiaomi and Lin Xixi suddenly screamed in horror when they heard that these hooligans were going to bring themselves into the car. ,

"no no....."

"You rascals..."

"Help..."

"Help..."

But their voices are so weak and so weak, what can these two soft girls do in the face of this big gang of hooligans?

"Scream... continue to shout... I see how long you can call!"

"I'll take you somewhere... Lao Tzu told you to scream desperately in bed!" The sly-eyed guy said while preparing to catch Lin Xixi and Lai Xiaomi.

Seeing that these two poor girls were about to be insulted by the group of hooligans in the car... At this critical juncture, suddenly a black shadow shot at the forehead of the thief-eyed man like an electric light.

Then, with a scream of ah, he suddenly screamed from the mouth of the rogue.

At the same time, he was hit by a "hidden weapon" and fell to the ground.

He covered his head and touched it with his hand, blood, scarlet blood came out of his head.

After suddenly seeing blood on his head, the thief-eyed guy cried out in pain...

And those rascals? When I saw the thing that attacked their brother, it turned out to be a small stone, all were stunned.

And does Lin Xixi who is terribly scared still rely on Xiaomi? Also completely stunned at this moment.

"Who?"

"That **** beat my brother?"

Suddenly, a loud shout came out from the bald third brother's mouth.

He looked around, his face screamed like he was about to kill.

Then the moment the bald brother turned his head, he saw a figure walking slowly toward this side step by step.

And his brothers all turned around at this moment and saw him.

At this moment in the wilderness, there is no one else except the guy in front. Obviously he was the one who shot just now, but who is he?

Li Tian!

Of course it was Li Tian who came back again.

But when Lin Xixi and Lai Xiaomi saw that it was Li Tian, the two of them were stunned.

"He... is that stranger?"

"Did he come to save us?" Lin Xixi said the moment he saw Li Tian, as if he had seen a savior.

Chapter 890: Looking for death?

Lai Xiaomi's entire pretty face was extremely pale...Looking at Li Tian who walked slowly over, there was an indescribable feeling in her heart. She also hoped that Li Tian was here to help them.

But seeing Li Tian walking slowly toward this side, playing with a few small stones in his hand, walking toward this side step by step, so casually, as if he didn't release these hooligans at all. In the eyes.

"Fuck you mom...Did you **** hit my brother just now?" A big curse came out of the bald third brother's mouth, and the guy roared at the sight of the stone in Li Tian's hand.

Several gangster brothers behind him also ran over at the same time, looking at Li Tian with cold eyes full of anger.

But seeing Li Tian walking slowly, when he was 2 meters away from the gang of gangsters, he stopped slightly, and then raised his handsome face with a smile on his face.

"It's me!" Two faint words came out of Li Tian's mouth, with a slight smile still on his face.

This smile made the rascals look a little painful.

"Damn, are you looking for death?" The bald brother roared.

When Li Tian heard the bald man say this, he smiled again: "Am I looking for death?"

"Hey...you guys!" Li Tian suddenly sighed.

"Listen to me, hurry up and drive your car as far as you can go...Don't let me see you again, okay?" Li Tian said slightly these words that moved the rascals.

The tone of his speech was so casual, as if this large group of hooligans looked like ants in his eyes.

"Fuck you, who the **** do you think you are?"

"Just because you **** still want to play heroes to save the United States today?" The bald man suddenly cursed.

A large group of rogue brothers behind them also laughed. They saw Li Tian alone, and they dared to say such things in front of them. It was a type of death.

"This bastard, I think it's just a smoker!"

"Yes, uncle, show him some color."

Several hooligans are ready to attack Li Tian eagerly.

"Xiaomi...that he...he really came to help us." Lin Xixi looked at Li Tian excitedly and said, her beautiful eyes were full of admiration, as if she couldn't wait for Li Tian to agree with him right now. .

Then Lai Xiaomi looked at Li Tian worriedly. After all, Li Tian was alone and faced such a large group of hooligans. Can he fight? He won't be hurt because of the two of him, right? At this moment, she raised her beautiful eyes and looked worriedly at Li Tian who was facing a group of hooligans.

But what about Li Tian? Listening to the rage of the gang of hooligans, and seeing they were about to rush towards him, Li Tian sneered and raised his eyes to look at the group of hooligans: "I'll say it again. Before I change my mind, give it to me. disappear as far as you can."

Just after Li Tian said these words coldly, the bald brother suddenly became angry.

After all, a bully like him has never seen a person who dared to be so rampant in front of him, saying: "Fuck you x, you **** die!"

"Brothers... **** him for me!"

With a roar, those hooligans who were already eager to try and were ready to teach Li Tian, suddenly raised their fists and charged toward Li Tian desperately.

The two frightened beauties, Lin Xixi, and Lai Xiaomi in the nearby area, when they saw these rascals were about to attack Li Tian, they couldn't help screaming, and at the same time they were even more for Li. God worried.

The first person to rush up was a strong, dark-skinned hunk. From the angle of punching and the fierceness, it can be seen that this person should be a character who often fights.

I saw that he raised a huge fist and slammed at Li Tian.

Just when this guy hit Li Tian's cheek with a punch, Li Tian didn't evade, with a slight smile on the corner of his mouth, and his casual look made people look uncomfortable.

When his fist suddenly reached Li Tian's cheek, Li Tian moved abruptly.

The right hand was like a ghost and suddenly I didn't know how to grab it, and he grabbed the rogue's arm... The hunk hadn't realized what was going on, and then he just listened to his elbow, and suddenly there was a crackling sound. ring!

Then he only felt his elbow broken!

what

A scream of scream came from the corner of his mouth...

Then I saw Li Tian flew up and kicked directly on his chest. With a scream, the strong man was kicked out...and fell to the ground with a thump, ah, ah, screaming, and then Can't get up either.

Let's say that this group of gangsters saw Li Tian knocking their brother down with one move, and they were angry one by one, and they all came towards Li Tianwei.

"Fuck you...kill him!"

Accompanied by the roar, a dozen hooligans rushed towards Li Tian frantically.

What about Li Tian? He didn't put the group of rogues in his eyes at all. In his eyes, these guys were like ants on the ground... as long as they lifted their feet, they could all be trampled to death.

Seeing all the **** attacking him at this moment, Li Tian smiled slightly, and then a strong energy suddenly accumulated in his hands.

When this group of hooligans approached his side... Suddenly Li Tian burst out with both palms, with a boom...

The fierce palm strength rushed towards those hooligans along with the billowing heat waves, how could these ordinary hooligans resist Li Tian's intrepid grasp?

Isn't this? Obviously, I only heard a sound... More than a dozen hooligans were shocked by Li Tian's powerful palm, all of them flew upside down... All thumped one by one, and fell to the ground.

One for ten!

And it's effortless.

Looking at the group of hooligans who were still vicious and swearing just now, Li Tian put them on the ground all of a sudden, the bald brother who was standing at the back was stunned!

Gosh!

Is this kid a human? Or the devil...

How...how is it so powerful?

His eyes widened, the arrogant and domineering and evil curses just now all turned into cowardice...turned into panic...with those unbelievable eyes looking at it that was still there Smiling Li Tian.

And the beauty Lin Xixi who was worried about Li Tian just now, and Lai Xiaomi, all of their eyes widened when they saw Li Tian's prowess all at once...silly, dumb, stunned... ...Is their beautiful faces showing shock? Worship?
