

A Killer 89

Chapter 89: Sister Xue

After Li Tian quickly became more and more familiar with the steps, the villain in his mind began to consciously accompany him to punch.

Li Tian closed his eyes and realized his punches, his fists extended, and his movements were relatively slow, but the position and posture of the punches were fierce and powerful. Every punch was incredible. The angle is out. Fortunately, Li Tian's punching speed is still relatively slow. If he wants to be fast, I really dare not know what his series of punches will look like.

When Shen Feng, who was practicing boxing there, saw that Li Tian was moving here, he was taken aback for a while, wiped the beads of sweat from his face, and turned his head to look at Li Tian. This look was depressed. Over there.

But seeing Li Tian with his eyes closed, standing there with strange footsteps, and his fists stretched out.

Suddenly Shen Feng was stunned.

"Brother, what are you doing?" Shen Feng asked with a smile and stepped forward to pat Li Tian with his eyes closed.

Li Tian was awakened by his meditation, he was taken aback for a moment, and his eyes opened instantly.

"Are you practicing boxing?" Shen Feng said with a smile and pointed at Li Tian's posture.

To be honest, for Shen Feng, who has been playing boxing for so many years, he wanted to laugh when he saw Li Tian's fist struck awkwardly.

He could tell that Li Tian could not punch at all.

Li Tian smiled awkwardly: "I'm playing foolishly."

Shen Feng laughed haha.

"If you want to play, I can teach you."

To be honest, Shen Feng didn't understand Li Tian's boxing skills. He thought Li Tian was playing foolishly, but Li Tian practiced it one by one according to the posture of the villain in his mind.

Hearing Shen Feng's words, Li Tiandao said, "No, I can't punch. Teaching is too much trouble."

Since there was a game in the evening, Shen Feng didn't talk too much, and continued to go to practice boxing.

What about Li Tian? But he didn't care about Shen Feng's sneer, he was still immersed in the trick.

With one boxing move, Li Tian discovered 24 different fist positions, either continuously punching, or facing straight punches. The punches are powerful, with the huge energy accumulated in Li Tian's body, Li Tian only feels his own right now. The whole body is like a huge air bag, with huge energy accumulated in it, especially the strength of the two arms, which makes him want to release the strength of the body all the time.

In this way, he was immersed in the tricks in his mind alone here, and how about Shen Feng over there? It is for tonight's black market boxing match is also stepping up exercise.

Time passed by every minute and every second.

When Li Tian comprehended all the punches and steps in his mind, he suddenly felt an unprecedented feeling from his heart. It felt like a pauper who suddenly picked up 5 million cash. Both shocked and extremely excited.

Now Li Tian has learned the catch and boxing moves.

Although Li Tian, who hadn't shot it once, didn't know that the things he had learned in his mind were useful or not, he could fully feel it now that he had indeed changed, becoming completely different from before.

He couldn't help being full of energy, and even his feet became lighter.

While recalling the fist moves in my mind, I quickly closed my baby (book) and carefully put it in the backpack again, and it was finished.

Turning his head to look at the sky outside, it was 3-4 o'clock in the afternoon.

Looking at Shen Feng who was still training with Xin Xin, Li Tian didn't want to disturb him, and walked outside alone.

Walking out of the alley, Li Tian unknowingly walked towards the small restaurant of Xia Xue.

When he reached the entrance of the small restaurant, Xia Xue suddenly walked out of the restaurant.

As soon as Li Tian looked up, he saw Xia Xue's peerless beauty. A feminine scent came to Li Tian, the fragrance was charming.

"Sister Xue." Li Tian said hello.

Then Xia Xue saw Li Tian also smiled faintly, and walked out.

"What about the kid?" Xia Xue asked Li Tian, apparently asking about Shen Feng.

Li Tiandao said: "He is practicing boxing."

Xia Xue nodded, a weird expression appeared in her beautiful eyes.

"Hey! Shen Feng, this kid will fall into the black market boxing match sooner or later." Xia Xue said with a long sigh suddenly.

Li Tian thought for a while and said, "Sister Xue, is the black market boxing dangerous?"

"Of course it's dangerous."

"Don't you know?" Xia Xue said, looking at Li Tian.

Li Tian smiled awkwardly: "I'm really not sure about this."

Xia Xueying said, "Go in and talk."

He said that he walked into the restaurant, found a place at random and sat down gently, then took out a Moorish woman's cigarette from his pocket and put it in his mouth, lit it and said there:

Boxing people are basically desperate people. Black boxing matches have always been banned in Kyoto City, but many people are starting to lively again in order to make money and excitement."

"You may not know, there are no rules in the black market boxing, and no one has pity. Some are just **** and killing. Only when the other party concedes or is beaten can't get up. This is the black market boxing." Xia Xue said lightly. Said while smoking a cigarette.

And where is Li Tian in front of him? It is also a real realization that the black market boxing fruit is really hard work.

"Why does Shen Feng fight black market boxing? Was he a boxer before?" Li Tian asked curiously.

Xia Xue nodded.

"Well, Shen Feng used to be a boxer, a regular boxer, but then I didn't know why he came into contact with the fat man this morning, and then he continued to make a living by hitting the black market boxing."

Li Tian almost finally knew something about Shen Feng.

Dao said: "Sister Xue is right, that kind of black market boxing is indeed too dangerous, it is best to persuade Shen Feng not to fight."

"Who can persuade him? It's like a donkey's temper." Xia Xue said.

Li Tian did not speak.

"It's you, what do you do?" Xia Xue suddenly turned her beautiful eyes on Li Tian.

Li Tian smiled awkwardly: "Just resigned."

"Oh."

"I thought you were also a black market boxer." Xia Xue said with a smile.

Li Tian also smiled and said, "I don't know how to punch."

While the two were talking, suddenly a very arrogant modified Ford sedan came towards this side on the street outside.
