

A Killer 891

Chapter 891: Embarrassment of beauties

If just now they thought that Li Tian was a hero when Li Tian came to rescue them, then now Li Tian is worth ten. This kind of domineering situation is simply a ***** of heaven. So the two of them were completely dumbfounded.

Girls like them who are in puberty, in addition to the kind of heroic rescue of the United States will be seen on Japanese and Korean TV... But I did not expect that today, let them experience everything... and they are close. Right now.

So how can the two of them not be stunned? How can we not be shocked? At this moment, they all looked at Li Tian with beautiful eyes full of worship.

The beauty Lin Xixi who was too scared just now, after seeing Li Tian's bravery, her delicate eyes are full of love... as if she wanted to hug Li Tian and kiss him with her ***** mouth. Like.

But what about Li Tian? After hitting all these hooligans on the ground in one palm, all those hooligans lay on the ground and couldn't get up...How could a person like them withstand Li Tian's fierce blow?

At this moment, only the bald third-brother who was just now standing there suddenly...but all his face was full of fear.

"Hey, I said earlier that you would leave me far away..." Li Tian suddenly sighed as if he was regretful.

The three bald-headed brothers couldn't help retreating...the body trembled in fear.

But after saying that, Li Tian suddenly raised a pair of icy eyes, placing a bet on the bald head, and then walked towards him step by step.

The bald man was completely frightened and stupid...The two legs originally wanted to retreat, but unfortunately they softened at the moment, and even lost the strength to retreat.

"You...you...what do you want to do?" The bald man's voice was full of timidity and horror for hundreds of years, said Li Tian, who looked like a ***** of death in fear,

Li Tian slowly walked to his side, suddenly a smile appeared on the corner of his mouth.

"What do you mean?"

"Aren't you arrogant just now?"

"And do you want to take these two girls away?" Li Tian looked at the bald man as usual.

Facing Li Tian, the bald man was so scared that he was so scared at this moment. With his mouth open, he hesitated and said for a long time: "I...I was wrong...please...please...let me...after me. Never dare anymore... Never dare anymore." The bald man looked at Li Tian pleadingly.

"Just know what's wrong!"

Just after Li Tian simply uttered these words, suddenly his two hands were caught on the shoulders of the bald man, and then his fingers squeezed... and Li Tian snapped it off. Two arms of a bald man.

Hearing the sound of broken muscles and bones suddenly screamed with the screams of the bald man...

Wailing

He hurts and pierces his lungs.

The two shoulder clavicles were crushed by Li Tianhuo's bald head, and they fell to the ground in pain and screamed and rolled on the ground...like a slaughtered pig.

Those hooligans watched as their boss was broken by Li Tian, but no one dared to speak, no one dared to speak.

After Li Tian cruelly scrapped the bald head, he didn't even look at this kind of stuff.

Where are the two beauties over there? I also saw this situation, and when I heard the sorrowful cry of the bald man, I was completely shocked... They are girls after all. Of course they can't bear it when they see such a painful situation, but they are still very lucky. , After all, those hooligans deserve it.

"roll....."

"Fuck me all!"

Suddenly Li Tian roared and turned his head to shout at the group of gangsters who had already been scared.

When the group of hooligans heard Li Tian's roar, they immediately felt like they had grasped the straw, and they kowtowed, thanking Li Tian there, and at the same time, they quickly helped up their crippled boss...Hurry up like a mouse. One by one climbed into their cars... Then, with a grunt, the four cars drove away quickly... like a mouse running away in a hurry.

Seeing that these rascals finally left one by one, the two beauties who had been bullied just now finally breathed a sigh of relief in their hearts. At this moment, they are blinking beautiful eyes and looking at Li Tian...

Neither of them knew how to appreciate Li Tian now.

What about Li Tian? After seeing the gang of gangsters go away, they walked towards the two girls slightly.

Just now because the two girls were bullied by the gang, their luggage and satchels were thrown on the ground. After Li Tian bent over to pick up their satchels and luggage, he looked at the two girls with a smile.

"How are you? Are you okay?"

The two beautiful women blushed and took the luggage Li Tian handed them, and blushed and said to Li Tiandao: "It's okay...we're okay..."

"Oh, it's all right!" Li Tian said lightly.

"Thank you!" Lai Xiaomi said, looking at Li Tian with a beautiful face suddenly red.

"Yeah, thank you so much... If it weren't for you... Our sisters don't know what kind of catastrophe we will encounter today." Lin Xixi raised her beautiful eyes and looked at Li Tian with gratitude. .

Li Tian smiled faintly,

"It's ok."

"I just happened to see it..."

"Don't worry, it's okay now... I believe that gang of gangsters will definitely not dare to come back again." Li Tian said with a smile.

The two weak girls nodded.

"Oh, if it's okay, I'll leave first...bye!" After Li Tian finished speaking, he was about to turn around and get on the road alone.

But when Li Tian just turned around and was about to leave, the two girls not only said in unison: "Wait..."

Li Tian was taken aback, turned his head slightly, smiled at the two beautiful women and said, "What's the matter? Is there anything else?"

Lin Xixi still relies on Xiaomi. I don't know why, her pretty face is getting redder and red...

Not only did Li Tian look at their expressions a little strange.

"We... we want to go with you... together! I don't know... don't know if you mind?" A word suddenly whispered from Lai Xiaomi's little cherry mouth, and her delicate look His face also became more and more blushing.

When Li Tian suddenly heard what Lai Xiaomi said, he was slightly taken aback, knowing that the girl said before that she didn't want to go with him... Now he has to go alone, but he didn't expect them to be. I was going to walk with myself, which made Li Tian feel very surprised.

Chapter 892: Do you have a girlfriend?

But Li Tian still smiled slightly.

"I don't mind...but I'm afraid you two would mind...after all, I'm just a stranger!" Li Tian said with a smile.

"No, no...no...how could we mind?"

"You, you are so good... and saved me and Xiaomi... We thank you for being too late." Lin Xixi said blushing in front of her.

Like her, Lai Xiaomi stood there with a pretty face. Regarding what she said before and the idea of refusing to go with Li Tian, Lai Xiaomi now remembered that her pretty face was hot.

"Handsome guy, please... let's go with you...want to go along the way, if we two meet some hooligans again, then we will be in trouble." Lin Xixi said charmingly.

Jiao Didi's voice can melt a man's heart, and of course it almost melts Li Tian, she is really a charming woman.

Originally, Li Tian felt a little lonely when he walked this part of the road alone. He wanted to find someone to walk with him, walk together, and chat together for a while... This will hear that these two beauties are going to walk with him. Of course I am willing.

So he smiled and said, "Okay, since you don't dislike it, then of course I am happy to be with you."

"Great! Great,"

Hearing that Li Tian didn't mind what happened before, and he also promised to go with the two of them... This suddenly made the two beauties happy...

So on such a lonely road, Li Tian walked with these two beautiful beauties.

"My name is Lin Xixi, this is my good sister, and my name is Lai Xiaomi... Handsome boy, what do you call it?" Lin Xixi asked while introducing herself, looking at Li Tian with her beautiful eyes blinking.

Li Tian smiled and said, "My name is Li Tian."

"Oh, Li Tian...I took it down!" Lin Xixi said with a smile.

"Are you also going to Beitang City?" Li Tian asked as he walked forward, looking at the two girls.

The two of them nodded.

"Yes, our plan is to walk from far away to our school..."

"Are you two still in school?" Li Tian asked curiously.

Lin Xixi and Lai Xiaomi nodded.

"Yes, we are from Beitang University, from the Art Department, and we are in our junior year this year!"

"How about you? Are you also in school?" said the two beauties looking at Li Tian with blinking beautiful eyes.

Because Li Tian was not very old at first, it seemed that the age of these two girls was not much different, so the two girls thought that Li Tian was also in school.

But Li Tian laughed awkwardly when he heard them say this.

"No... I dropped out of school long ago."

Hearing Li Tian said that he had dropped out of school a long time ago, the two girls did not ask too much.

"By the way, are you going to Beitang City for work?" Lin Xixi seemed to care about Li Tian's affairs, so she asked.

Li Tian said slightly, "No, I am looking for someone."

"Oh, boy? Or girls?" Lin Xixi asked suddenly blushing.

Lai Xiaomi next to him pulled Lin Xixi abruptly.

Lin Xixi also felt that the question she asked was really stupid... Does anyone look for a boy? Or girls, what does it have to do with yourself? I'm too "idiot" myself,

But what about Li Tian? When Lin Xixi said so, she also smiled slightly and said, "I'm looking for a friend."

Lin Xixi and Lai Xiaomin asked Li Tian along the way. They both seemed to be more and more curious about Li Tian in front of them.

And he also admires his kung fu.

In order not to tell them the truth, Li Tian lied to them and said: "I have learned Taekwondo since I was a kid, so...I just managed to beat those hooligans..."

When the two girls heard Li Tian say this, they knew the truth.

Along the way, the two beauties were like happy sparrows, chatting non-stop beside Li Tian, they seemed to have endless words to talk to Li Tian there.

Li Tian didn't mind, after all, these two girls were so beautiful and full of youthful vigor. It was a pleasure to chat with them.

The reason why Lin Xixi and Xiaomi are so curious about Li Tian is entirely because when the two of them were in school, boys took the initiative to talk to them... and at a glance can see the motives of those boys... But what about Li Tian in front of me? It made them feel that the first time they really saw a man.

First of all, let's talk about the two of them. Their looks are absolutely beautiful, and their figures are also uneven, and they are definitely not inferior to the model, but Li Tian seems to have not looked at both of them straight from beginning to end.

Are they not caring about their beauty at all? Or is Li Tian just a gentleman?

Before Lin Xixi and Lai Xiaomi had 100% confidence in their beautiful appearance, but in front of Li Tian, the two of them didn't know what was going on, they always felt that they were not good enough.

This may be the legendary admiration!

"Can I ask you a question?" Lin Xixi, who was walking, suddenly looked at Li Tiandao and said.

Li Tian smiled and said, "Yes."

"You...you...do you have a girlfriend?" A word came out shyly from Lin Xixi's little cherry mouth.

When Lin Xixi asked this question suddenly, Li Tian suddenly became embarrassed. He didn't know how to answer. At the same time, he couldn't help but secretly lined up: Hey, why did she ask herself this question?

And does Lin Xixi still rely on Xiaomi? The two glamorous girls both raised their beautiful eyes and seriously waited for Li Tian's answer.

Li Tian thought for a while, then said casually: "No!"

When I heard Li Tian said that he did not have a girlfriend, I don't know why, Lin Xixi and Lai Xiaomi became excited, and the two girls whispered together, and looked at Li Tian from time to time...

This makes Li Tian very depressed. What is the situation... In fact, Li Tian didn't say anything just now. In fact, he wanted to say: I don't have a girlfriend, but I have a wife... I have my favorite woman.

But these two beauties seemed to only listen to the first half of the sentence, and for the second half, the two girls would not give Li Tian a chance to speak.

But this is not important to Li Tian... He and these two girls only met in a peaceful water. After arriving in Beitang soon, Li Tian would say goodbye to them, so he told them if he had a girlfriend or wife. It doesn't matter.

"Hey, handsome... can I ask you another question?" Lai Xiaomin suddenly ran over with a smirk, and said while looking at Li Tiandao with a beautiful face.

And Lin Xixi at the back was blushing and pretty...He was holding Lai Xiaomi's arm there...as if not letting her talk.

Chapter 893: I carry you

Li Tian was startled slightly, smiled at Lai Xiaomin and said, "What's the problem?"

"You... what do you think of us?" Just listen to Lai Xiaomi's sudden look at Li Tian's eyes and say.

Li Tian yelled.

And where is Lin Xixi over there? He blushed and couldn't look up.

Faced with Lai Xiaomi's sudden and straightforward question, Li Tian was a little embarrassed, but he immediately said: "Very good..."

"She is very beautiful, and she is so touching." Li Tian didn't know what to say, so he said nonsense.

In fact, Lin Xixi is indeed very beautiful and very charming.

Dan Feng's eyes, straight nose, red cherry mouth, look at people have an urge to kiss...Her figure is also the best among the best, slender neck, plump hips... definitely a stunner The stunner in.

Besides, Lin Xixi still has no makeup now. If she dresses up a little, she can definitely fascinate the individual.

But he said that after Li Tian suddenly said that Lin Xixi was beautiful, Lai Xiaomi laughed, and at the same time, where was Lin Xixi over there? She was blushing with her head down, a wavy curly hair covering her charming face.

"Then do you like this type of girl?" Lai Xiaomin asked Li Tian again with a smirk.

Li Tian smiled awkwardly, but still said slightly: "I like it, not only do I like it, I believe many men like this kind of beautiful girls."

"Really. That's good!"

Just listening to Lai Xiaomin as if hearing a satisfactory answer, she ran to Lin Xixi behind, lowered her head, whispered a few words into Lin Xixi's ear, then Lin Xixi Zi blushed with shame... The two beautiful girls whispered behind them all at once.

And what about Li Tian in front? Although he didn't know what the two girls were talking quietly there... but he didn't take it seriously.

To him, these two girls are just ordinary friends, and maybe just friends with one side.

Although Li Tian really likes the youth and beauty of these two girls, he is not a big carrot. He already has a woman like Situ Ningbing, and a quirky lady like Duanmuying. ...And there is also the beautiful Ouyang who is waiting for him far away in Jinghai City...he is enough!

So this time he just walked slightly in front.

When Li Tian was walking forward, suddenly there was an oops voice...

Li Tian quickly turned his head to look, not knowing what was going on, and found Lin Xixi sitting on the ground in pain, and Lai Xiaomi next to her nervously supported her, and quickly walked over and asked, "What's wrong?"

"It's not good... Xixi's ankle is curled." Lai Xiaomi said in a gloomy voice.

It turns out that Lin Xixi didn't look at the way just now, isn't that? Accidentally, she tilted her ankle, sitting on the ground with pain and uncomfortable pain, her pretty face was slightly pale, and it could be seen that she was indeed in pain.

"Does it hurt?" Li Tian asked, looking at Lin Xixi, who was sitting on the ground holding his ankles.

It can be seen that she really hurts, because there are some tears in her beautiful eyes... But she still said firmly: "It's okay... It doesn't hurt..."

While talking, he gently hugged his ankle that he didn't even dare to touch the ground anymore.

"Hey, what can we do about this? Xi Xi's feet are crooked... This is still a long way from Beitang City." Na Lai Xiaomi said worriedly while stomping her feet.

Although there are occasional vehicles passing by on this highway, most of those vehicles are trucks that pull goods, and there are no vehicles that will stop for them to sit. At this moment, Lin Xixi has an ankle left. What can I do?

"It's okay, I think I should be able to rest for a while!" Lin Xixi said there.

"Well, all right, then you take a rest first." Li Tiandao.

So they accompany Lin Xixi to rest here. After a long break, Lin Xixi insisted on standing up. She had to say that she was okay... So Lai Xiaomi helped her from the ground. stand up.

"Can you go?" Li Tian said worriedly at Lin Xixi's pale face.

Lin Xixi nodded slightly, and then tried to stretch out her ankle to step on the ground... But as soon as her ankle touched the ground, her body trembled suddenly... Then there was something very strange on her face. The color of pain.

"Xie Xi, don't insist...you can't go!" Just listen to Lai Xiaomi's saying there.

Lin Xixi said stubbornly: "But I won't leave... Then how come we go back to Beitang City."

Seeing that this is still a few miles away from Beitang City, there are no vehicles on this road at all. Even if there are vehicles, people will not stop. Do they have to be trapped here alive?

"Why don't you... If you don't dislike it, let me carry you on my back." Suddenly a word came out of Li Tian's mouth.

what?

When Li Tian suddenly said such a sentence, then Lai Xiaomi and Lin Xixi were stunned for a moment.

Lin Xixi's pretty face blushed for an instant, and she lowered her head and said nothing.

What about Lai Xiaomi? But looking at Li Tian.

"But... but there is still such a long way? Can you remember?"

Li Tian smiled slightly: "Don't worry! I can!"

So just like that, Li Tian planned to personally carry that big beauty Lin Xixi.

I saw him bend down slightly and said, "Come on..."

Lin Xixi blushed and didn't know what to do... Oh my god, she was a girl who had never been touched by a boy before, let alone had such close contact, and this time she had to be pressed against her back by Li Tian. What? Of course she is shy.

But seeing that her feet could no longer move, she could only be carried by Li Tian at the moment.

So after some embarrassment, Lin Xixi finally agreed.

I saw Li Tian bending his back there, while Lin Xixi slowly crawled down shyly and leaned toward Li Tiandi's back.

When the Jiao body was placed on Li Tian's broad back, Lin Xixi's shy face was flushed to the heel of his neck, and even his breathing became rapid.

To be honest, even Li Tian was a little excited.

After all, this is her first time carrying a girl...

My God, how could he not get excited with such a graceful body lying on his back?

Especially when the terrible pair of chests on Lin Xixi's chest were squeezed on Li Tianhou's back, Li Tian almost "suffocated"!

He is a man, and he is also an extremely normal man in puberty. If a man is facing such a situation and does not want anything else, it is simply not a person.

Chapter 894: Parting

Li Tian is a human, so even he is a little embarrassed, and his heart is not only agitated.

But what about Lin Xixi, whose delicate body is completely attached to Li Tianhou's back? At this moment, I was breathing even more quickly, the red and beautiful face was full of shyness, and the slightly undulating body was attached to Li Tiandi's back and moved slightly...

Such a move made the "devil" in Li Tian's heart commotion.

He sniffed the fragrance of the beauty behind her, and her back was tightly pressed against her beautiful body... Li Tian felt that he was going crazy.

But he is not a nasty man after all. Although there is a commotion in his heart now, he still slowly accumulates his body energy immediately, and then forces his heart to calm down.

After his body calmed down, he stopped thinking about it, and quietly walked forward with Lin Xixi behind his back.

Lin Xixi is really light enough, I guess he can't even make 90 pounds, so Li Tian doesn't feel tired either.

In this way, Li Tian walked with the beautiful woman Lin on his back. Although Lai Xiaomi in the back has always had a pretty smile on her face, she can still see the slight jealousy in her eyes, just like her. Also like Li Tian.

After a long walk, Lin Xixi asked on Li Tian's back, "Is you tired? Why don't you let me down...I will walk by myself."

Li Tian smiled slightly and said, "It's okay, I'm not tired!"

In fact, he is really not tired. Lin Xixi's body is so soft, how could he feel tired.

"But I'm afraid you are tired..." Lin Xixi said.

"Don't worry, if I'm tired, I will say it." Li Tiandao said.

So Lin Xixi had no choice but to stop talking, silently lying on Li Tiandi's back.

It was the first time that I was so close to a boy and had such close contact, which made Lin Xixi feel shy and excited.

The three people walked slowly on this highway like this.

I don't know how long I have been walking, and I can finally see Beitang City in the distance.

"Here, we are finally back..." Lai Xiaomi said excitedly.

Lin Xixi also said happily, "Yes, I'm finally back."

Of course Li Tian also saw the suburbs of Beitang in front at this time.

At this moment, getting closer and closer to Beitang City, the more people and vehicles can be seen nearby.

"Let me down... I know you must be very tired..." Lin Xixi said distressedly to Li Tian.

Li Tian was indeed a little tired after walking for such a long time, so he nodded, and then slowly put Lin Xixi down from his back.

Lin Xixi's ankles are almost fine, now that he can stand there after getting off Li Tiandi's back.

"Thank you... for carrying me so hard all the way." Lin Xixi said, looking at Li Tian with a blushing face.

Li Tian smiled faintly: "I'm fine."

In this way, Li Tian rested on the roadside with two beautiful women.

Now they are relatively close to Beitang City, there are more and more vehicles on the highway, and they can still see those taxis.

"Let's take a taxi..." Li Tian said, looking at the two girls.

"Well, good!" Lai Xiaomi said aside.

"Well, I will send you two to your school..." Li Tiandao.

"Really? Are you really going to send us to school?" the two girls said suddenly excitedly.

Li Tian smiled and said, "Of course!"

"Anyway, I don't have anything else to do now... My brothers, I don't know if they are there... I will send you to school first."

"Well, that's great."

So Li Tian decided to send the two girls to school first.

When they were waiting on the side of the road, they greeted a taxi that happened to be passing by, so they got in.

After sitting in, the two beautiful women said to the driver master in front: "Go to Beitang University."

The driver responded and drove the car quickly toward Beitang City.

In the car, Lin Xixi blinked her beautiful eyes and looked at Li Tian and asked, "By the way...I don't know what you do? Mind telling us?"

"Do you still work in Beitang City?"

Listening to Lin Xixi's question, Li Tian didn't know how he should answer. After thinking about it, Li Tiandao said, "No...I'm not working in Beitang! This time I came to Beitang mainly because I was looking for People... after I find my brothers, I will probably leave here."

Suddenly, Lin Xixi and Lai Xiaomi who heard Li Tian say this suddenly showed disappointment on their pretty faces.

"Then... Then aren't you leaving Beitang City soon?" Lin Xixi's reluctant expression could be heard in her voice.

Li Tian nodded slightly: "Yes."

After Li Tian said this again, the two girls were suddenly disappointed.

"Hey... what if I want to see you in the future?" Lin Xixi said with reluctance.

Lai Xiaomi next to her has the same expression as her.

But seeing Li Tian smiled slightly, then turned his head and said: "It's okay...If there is a chance in the future, I will definitely see you again."

Fate?

Is there really a so-called fate in the world?

In the big world, with billions of people, can the word fate really have such an effect?

The two glamorous girls bowed their heads and never said a word... The feelings of the two of them were disappointed, I am afraid that Li Tian will never understand it for a lifetime.

However, meeting in the water, the grace of dew, this two ordinary girls would not understand Li Tian.

Of course it is impossible to walk into Li Tian's life.

Some people are destined to be just a simple and hasty passer-by in this life... and Li Tian in front of them is like this for these two girls.

The taxi quickly reached the center of Beitang City, and the crowd of vehicles was yelling... During this period, the two girls seemed to be full of thoughts and did not say much.

"We're almost at Beitang University." The taxi driver in front said while driving.

"Hmm!" Lai Xiaomi responded in a low voice.

After the car turned a turn in the busy city, it then detoured a pedestrian street... and saw the school gate of Beitang City University.

The young students coming and going are all walking around... some are in pairs, some are walking alone.

"Here!" Finally, the taxi stopped slightly at the end of the gate of Beitang City School.

After Li Tian paid the fare, he opened the door and walked out of the car.

Lin Xixi and Lai Xiaomi also got out of the car slowly at this moment.

"This is your school?" Li Tian said enviously while looking at the university in front of him.

He was a hard-working man who had never entered a university in his entire life. Looking at the crowds of young students, he was naturally envious.

Chapter 895: The mysterious master appears again

When he was young, Li Tian imagined that one day he would be able to enter university... Unfortunately, he was not so lucky in his life. He must have never gotten to school in his life.

Just listen to Lin Xixi saying: "Yes!"

"What a beautiful school." Li Tian sighed.

Lin Xixi and Lai Xiaomi smiled slightly.

"Why don't we take you to our school for a round?" Just listen to Lin Xixi.

But Li Tian smiled and shook his head: "No..."

"You have walked for so long...you must be tired...hurry up and go back to school to take a good rest...I should go too!" Li Tian said.

"Ah? Are you leaving now?" Lin Xixi looked at Li Tian with dismay.

Li Tian smiled and nodded.

"Yes."

In an instant, when he heard that he was leaving, Lin Xixi and Lai Xiaomi not only showed a sense of speechless loss on their pretty faces.

"Then can we see you in the future? Do you have any contact information for us?" the two girls said there.

But Li Tian smiled and shook his head.

His life is totally different from the two girls in front of him... so he can't let these two simple girls get involved in his own life, so he can only shake his head decisively.

There is no contact information, no footprint information, although the two girls are a lot lost in their hearts... but they still smiled and raised their beautiful eyes: "In that case, let's take a picture as a souvenir..."

"Yes, in this case, we will never forget you." Lin Xixi said with a smile.

Li Tian also nodded heartily.

So Na Lai Xiaomi quickly took out the conona4000 camera from the backpack, and the three stood together... Li Tian stood in the middle, and the two girls stood on either side of her, one on the left and the other, with Lai Xiaomi His finger tapped the camera's shutter button with a click!

The appearance of the three of them was remembered.

In the photo, Li Tian is smiling, and the two girls are also smiling brightly...beautiful, beautiful.

After Li Tian took the photos, he was ready to leave.

Although the two girls were reluctant to give up to Li Tian, after all they just met together... so they could only smile at Li Tiandao and said, "Well... if there is a chance, let's see you."

"See you."

When Li Tian finished saying goodbye, he slowly turned and walked away.

The two girls in the back watched Li Tian's back gradually go away... a huge sense of uncomfortable feeling suddenly surged in their hearts.

Lin Xixi's eyes instantly turned red at that moment... I don't know why, she looked at Li Tiandi's back with such bitterness.

His back looks so different and lonely among the crowd... as if he is always himself in the crowd.

"Xiaomi, can we still see him in the future?" Lin Xixi's voice trembled and said while looking at Li Tian's lonely back.

Lai Xiaomi's eyes were also slightly red, but she tried to hold it back and smiled and said, "It will! It should be."

"Xiaomi, do you think he is weird?"

"strange?"

"Well, it's a bit!"

"Xixi, I think he seems to be totally different from us... he seems to be... like... the kind of person in the legend..."

Lin Xixi smiled, lonely.

he's gone.....

In the end, the lonely figure disappeared into the crowd in a hurry. From the moment he turned around, he didn't look back...

In the center of Beitang City, he was walking there like a lone geese.

At the same time, he raised a pair of bright eyes and looked around.

He is no one else, but Li Tian, who has just left Beitang University.

He is looking for his brothers now.

Although Li Tian didn't know where the brothers went after being taken away, he guessed that the brothers would be waiting for him in Beitang City.

For ten days, for ten days, Li Tian has not seen his brothers and his lover anymore. Of course he missed them in his heart.

The more he thought about it, the faster Li Tian walked there.

The hotels he passed by went looking for them one by one, and he also inquired...

He believed that if the brothers were in Beitang City, they would definitely live in the hotel, and that a group of brothers, and such two big beauties Situ Ningbing, and Duanmu Ying if they really lived in the hotel, Li Tian would definitely Can find out.

So now he is looking for every hotel in every hotel.

When Li Tian was looking for his brothers in this crowded downtown, a strange and mysterious voice suddenly came into his ears.

This voice is so familiar, so weird...like a voice that has been in the dust for thousands of years, desolate and clear.

"follow me....."

"follow me....."

At the moment when he heard this weird sound all of a sudden, Li Tian was stunned.

"It's him! It's the mysterious senior!" Li Tian suddenly thought of the once mysterious senior!

Yes, this weird voice was made by the mysterious expert, because the heavens and the earth, it is estimated that only one person could make such a lost knack: the art of sound transmission through a thousand miles.

After Li Tian suddenly heard the voice of "him", Li Tian was stunned for an instant.

Oh my god, how could "he" appear here?

Then Li Tian quickly raised his eyes, looking at the crowded streets in this bustling city, everyone was walking hurriedly there...there was the trace of the mysterious expert...

But he heard the voice clearly in his ears: Come with me...

Li Tian thought for a while, this mysterious expert has been helping him secretly, and he has also taught his own weird nameless mentality, although he doesn't know what the other party meant? Why would he stay by his side all the time, but he finally made up his mind, ready to follow that voice to see the situation... He wants to see the mysterious expert in real life... See who he is. !

So after thinking this way, Li Tian slowly started to walk forward with the voice in the follower's ears.

That desolate ancient voice has a guiding role, guiding Li Tian little by little.

Following the guidance of that voice, Li Tian passed through the block in front of him, then turned two more turns, and finally reached a remote alley entrance.

This alley is narrow and narrow, in the middle of the two buildings, and because of the narrowness in the middle, even a car can't pass through here, so it looks very remote.

Just after Li Tian followed the ancient and desolate voice to the entrance of the alley, he suddenly saw "him" in the middle of the alley.

He turned his back to Li Tian.

Looking at his back from a distance, Li Tian felt a strange feeling arose in his heart.

Chapter 896: Red

His back looks like a mountain that can never be climbed...It is so majestic, so overlooking the world.

Although he was wearing a very simple long gown, he still gave people a kind of celestial atmosphere, as if this mysterious man was an immortal who came into the world and came out of dust.

After Li Tian saw this mysterious predecessor at a glance, he quickly walked toward his back.

"Senior...Is that you?" Li Tian opened his mouth and asked as he walked towards the back.

"Stop!" Suddenly his ancient voice came into Li Tian's ears.

There was a power over the world in his voice, which made people seem to have to stop. Even Li Tian, the steps he was about to take, stopped abruptly in the air.

Li Tian was taken aback, standing motionless with his feet.

He is only a dozen meters away from the mysterious expert now... but the distance of a dozen meters makes Li Tian feel like he is thousands of miles away.

"Senior, who are you?"

"How would it appear here?"

"Also...Senior, why have you been following me all the time? Always by my side? Why is it all?" Li Tian couldn't help all the questions in his heart and asked.

He wants to know the truth, wants to know all the secrets.

But what about the mysterious expert?

Suddenly he laughed weirdly, his voice sounded like shocking Nine Heavens...with great pride.

"Child...now is not the time you should know!" a strange word suddenly came out of the mysterious expert's mouth again.

When Li Tian heard this, he was stunned.

"Why? Why don't you tell me?"

Just listen to the mysterious expert and continue to slowly say in that bleak and weird voice: "I said...this is not the time when you know it."

After hearing the mysterious expert say this again, although Li Tian had many questions in his heart, he never asked again.

He just stared at the back of the mysterious man in front of him tightly at the moment.

"Child, I ask you, has your profound door of life and death been opened?" Suddenly the mysterious expert said with his back to Li Tian.

When Li Tian heard this, he was stunned.

he? How would he know that his profound door of life and death had been opened?

Could it be that this mysterious expert was also by his side when he was in the wilderness with Dove?

impossible!

Li Tian thought to himself.

But he said slightly, "Yes, senior!"

"Thank you for all this...Thank you for teaching me the nameless mind last time in Wild Wolf Valley, and for teaching me how to get through the profound door of life and death." Li Tian said gratefully.

It was indeed that mysterious expert before. If it were not for that mysterious expert, Li Tian would not have known that a person's body had such things as the profound door of life and death.

Hearing that Li Tian had already admitted that the profound door of his life and death had been opened, the mysterious old man smiled slightly with his back to Li Tian.

"good very good!"

"Since your profound gate of life and death has been opened... I must be able to slowly comprehend the ancient martial arts on the heavenly book pill scroll." The mysterious expert suddenly said slightly there.

Listening to the words of this mysterious expert, Li Tian became more and more strange.

Hey, how could this mysterious senior know the magical power on the Heavenly Book Pill scroll?

Just as Li Tian was shocked, he suddenly saw something wrapped in black cloth flying towards him like an electric light.

Then you can hear the mysterious expert's voice: "Take it!"

After the words were spoken, Li Tian saw the thing that was wrapped in black cloth and flew towards him quickly, and Li Tian quickly reached out to pick it up.

That thing was then taken in Li Tian's hand steadily.

After Li Tianmeng received his hand, he was stunned for a while, feeling that the thing in his hand seemed to have some magical power, and Li Tian's body was shocked by each other, and he could clearly feel it from the thing A weird hostility...

Good deed, what the **** is this black cloth-wrapped thing in this hand? How could Li Tian suddenly feel an extremely strange feeling all over his body?

Looking at the weird thing that was about three feet long in his hand, Li Tian raised his brows in astonishment and looked at the mysterious expert in front of him and asked, "Senior...this...this is?"

"Give it to you!" Suddenly, only the mysterious expert said slightly.

"Give it to me?" Li Tian was suddenly depressed.

At the same time, a pair of eyes looked strangely at the black cloth-wrapped thing in his hand. Hey, what is this?

"But senior...what the **** is this? Why do you always give it to me?" Li Tian asked curiously.

But seeing the mysterious expert with his back to Li Tian suddenly laughed, "Why don't you open it and take a look? You will understand after you read it."

After the mysterious expert said so, Li Tian thought for a while, so he stretched out his hand to open the thing in his hand, and slowly covered the black cloth layer by layer with his fingers. After uncovering it, he saw what he was holding at a glance.

It turned out to be a black sword!

The sword, three feet, the whole body is black, and both the hilt and the scabbard are all black.

The black scabbard and the black body of the sword make this sword full of a weird dark feeling... as if this murder weapon was once bloodthirsty, and it will make Li Tian feel it when held in Li Tian's hand To the terrible hostility, that hostility was completely exposed from the top of the sword. A sword that is completely unsheathed can have such terrible hostility? Good deed, if this sword is unsheathed, how terrifying would it be?

Li Tian stared curiously at the black sword in his hand, and couldn't help raising his head to look at the mysterious expert.

"Senior...you want to give this sword to me?" Li Tian said with a horrified expression on his face.

But seeing that mysterious expert said: "Yes... Twenty years, Chilian hasn't been unsheathed for twenty years... It's time to let it out."

Weird words came out of the mysterious expert's mouth.

Chilian?

Does this sword still have a name?

Could it be called: Chilian!

"Senior, how can I, Li Tian Hede, dare to be so loved by senior? And you always give me such a good sword?" Li Tian asked puzzled.

To be honest, Li Tian is indeed becoming more and more curious now, why, this mysterious senior should be so good to him? Not only did he secretly protect himself, but also gave himself a weird sword at the moment?

Chapter 897: Magic sword

After Li Tian said such a word, he saw the mysterious expert faintly said: "You will understand everything in the future!"

"The only thing I can tell you now is...you take in this Chilian!" said the mysterious expert.

"Senior, I want to ask... why have you been so good to me?" Li Tian always wanted to know the answer.

I saw that the mysterious expert suddenly laughed wildly after hearing what Li Tian said, his voice with a sense of domineering and domineering in the world.

"Because you will do something for me in the future!"

"And now only you can do this for me in the world."

After listening to the mysterious expert saying this, Li Tian was stunned.

"Thing? Senior can tell me what the **** is going on?" Li Tian asked inexplicably.

He really couldn't understand that there were still things that an unparalleled senior master could not solve.

But seeing the mysterious expert suddenly said: "I want you to kill someone for me in the future!"

"Killing a villain is the most vicious, the most vicious!" The mysterious expert suddenly said with a terrifying hostility in his voice.

It seems that as long as he mentions that person, he can't wait to cut him a thousand times.

What about Li Tian? There was a complete horror.

It was not that the mysterious senior asked him to kill someone who was horrified, but why would this mysterious expert let himself help him kill that person?

You know, according to Li Tian's understanding, the martial arts of this mysterious predecessor in front of him is absolutely unfathomable.

Whether it is Duguxie or a ghost servant, it is estimated that it is impossible to be the opponent of this mysterious expert, but this mysterious senior wants to help him kill? Why? Couldn't he kill the opponent himself?

With his strength, who else in the world could not be defeated?

So Li Tian was completely shocked there.

"Why, are you scared?" The mysterious expert suddenly laughed wildly.

Li Tian smiled and said, "No! I just don't understand. If an expert like Senior wants to kill someone, wouldn't it be a matter of effort...Why should I let someone with low martial arts like me kill?"

"Because I can't kill him!" The mysterious senior said suddenly.

"Can't kill?" Li Tianyi was stunned when he heard that, he became a little more and more confused.

But seeing that mysterious expert said: "When the time comes, you will naturally know!"

"Okay, I have said everything that should be said...I have done everything that should be done!"

"From today...you won't see me again...I won't come to you again...I hope you will walk slowly in the future...I hope you can be like your father...Maybe there will be opportunities in the future, You will see me again."

After the mysterious expert suddenly said these weird words, Li Tian was stunned, his mouth just about to open and say something... But the figure of the mysterious senior suddenly flashed, just like a ghost. Disappeared before Li Tiandi's eyes.

The last words of the mysterious expert remained in the air: "Remember, treat the Chilian in your hand well."

After the mysterious expert said this sentence, Li Tian was taken aback.

"senior....."

He just called out the words, but what about the mysterious expert in front of him? Has completely disappeared.

"Senior... Senior..." Li Tian ran over and shouted.

But at the entrance of the deadly alley, there is still a trace of the mysterious expert.

He comes and goes like a ghost...

Seeing that mysterious expert left like this, Li Tian was completely depressed.

He couldn't understand why that mysterious senior would say those words to him? And Li Tian really doesn't know who this mysterious expert is?

Looking at the mysterious expert going away, Li Tian was stunned for a while.

Then he slowly turned his head and looked at the pure black red sword in his hand in surprise.

The red chain in his hand seems to have a strong spirituality. Now when a stranger holds this sword in Li Tian, he can feel that the sword seems to be resisting him a little... and it also emits a weirdness. The hostility.

Li Tian looked at the red sword in his hand curiously, and then drew the sword out of its sheath with a loud noise.

The sharp, cold sword aura suddenly covered Li Tian like a dark cloud.

"Good sword!"

Li Tian suddenly exclaimed, his eyes almost popped out, looking at the Chilian Sword in his hand.

He is sharp and sharp, and his sword aura is exposed.

What a red sword, what a peerless sword!

Although Li Tian had never used a sword, he could still feel that the red sword in his hand was a peerless sword.

It was even comparable to the bronze sword in the hands of Duguxie.

Because when Li Tian held this red chain, he felt like a demon king. In his eyes, everything in the world seemed to become a ruin that could be destroyed by a sword.

The buzzing sound of the sword sounded violently after Li Tian pulled it out, and the cold and hostile spirit could be felt so that the entire sword began to tremble gently.

Li Tian looked carefully at the red sword in his hand, and found that its blade was not as sharp as other swords... and what about it? On the body of the sword are engraved with weird patterns...the patterns criss-cross, like a terrifying beast clinging to this pure black sword.

Such a violent sword is now in Li Tian's hands. When he held this sword, he seemed to be eager to kill... Endless killing, the cold killing intent revealed from the red sword gradually invaded Li Tiandi's heart.

A strange blood-red light suddenly appeared in his eyes...The murderous intention in his heart became stronger and stronger.

Just when Li Tian was about to lose himself, suddenly the energy in his body suddenly rushed from his chest to the top of his head... subconsciously made him sober.

"My God! What's wrong with me?"

"Why did I want to kill someone for no reason just now...?" Li Tian looked at the scarlet sword that exuded terror and hostility in horror.

Then Li Tian hurriedly took the Chilian Sword in his hand, and put it into its sheath with a loud noise.

The violent aura that was in the air just now disappeared sadly with Chilian's sheath.

After the violence disappeared, Li Tian slowly recovered his sober expression, and at the same time the **** light in his eyes disappeared.

Silently looked at the Chilian exuding weird aura in his hand.

It must be because of it!

Li Tian thought this way in shock, while looking at the magic sword in his hand.

In fact, Li Tian thought all right, this red sword was indeed too murderous.

Chapter 898: Brothers meet

If ordinary people get this sword, they will not be able to control the hostility of this red refining sword, and the mysterious expert handed over this hostile sword to Li Tian... completely because Li Tian had already gotten through. The mysterious door of his life and death!

Otherwise, the mysterious expert would not give the Chi Lian Sword to Li Tian.

But no matter what, now the Chilian has reached Li Tian's hands, Li Tian glanced at the weird sword in his hand... and then smiled bitterly.

In my heart, he said: A sword can have such hostility... It is strangely tight.

How can Li Tian know what the Chilian Sword he is holding now? Maybe after he knows the origin of this red sword, I am afraid that he will know why this red sword is so hostile.

Although Li Tian lamented the sword, he was very hostile, but he slowly put it away.

Then wrapped it lightly in that black cloth, held it in his hand, raised his eyes and glanced at the empty alley, Li Tian sighed, then turned his head and walked towards the center of Beitang.

It's almost a dozen days.

The brothers had no news about Li Tian, and even Du Guxie did not find Li Tian.

Of course they are extremely worried about Li Tian's safety, but what is the use of worrying? Can only wait...Continue to wait here aimlessly.

Isn't this? Now Tang Xiaolong had a big quarrel with Chen Qiaozhi inside the hotel because of Li Tian's affairs, and now he went outside in a huff and squatted at the intersection and smoked unhappy.

The reason why he quarreled with Chen Qiaozhi was because he wanted to find his little boss, but Chen Qiaozhi told him to wait here... So he roared: Waiting for your uncle, will there be results if we wait like this?

Now Tang Xiaolong squatted on the ground and smoked sullenly, while still cursing in his mouth: "Dead and sick ghost... can't come out with a little idea... It's just a waste! His grandma's, just do it Wait, can you wait until the little boss comes back by himself?"

Tang Xiaolong, who was thinking about it this way, was smoking his cigarette in angrily.

While he was smoking a cigarette, he casually looked up and suddenly saw a familiar figure in front of him, preparing to walk towards the hotel here step by step.

"Little boss?"

Tang Xiaolong thought he was wrong, rubbing his eyes and almost jumped from the ground.

"Oh my God! What a little boss!" Tang Xiaolong can see clearly this time!

Because he really saw Li Tian and saw that Li Tian was walking towards the hotel here.

"Little boss!" An exclamation came out from Tang Xiaolong's mouth.

What about Li Tian? He walked for a long time, looking for hotels one by one and asking questions...he didn't find his brothers, but he didn't give up, and he still moved forward little by little, looking for hotels one by one and inquiring...

It is finally worthy of effort!

Finally, Li Tian found it.

Isn't this? When Li Tiangang was about to enter the hotel in front of him to ask his brothers about the news, a familiar voice came.

Li Tian was taken aback for a moment, then turned his head to look, and saw his brother, Tang Xiaolong, at a glance.

"Little Dragon..."

"Really you?"

Li Tian suddenly became excited.

"Little boss, you are really back..."

"Oh my God, I didn't read it wrong!" Tang Xiaolong almost cried out of excitement, and ran over like a woman holding Li Tian happily and said with a smile.

"I'm back! I've been looking for you all the way...Unexpectedly, I finally found the brothers!" Li Tian was also very happy and excited when he was a brother.

"Boss, I'm **** dreaming, right... Are you really back?" Tang Xiaolong couldn't believe the truth. But seeing Li Tian smiled and said, "Of course it's not a dream...Big Brother, I'm back."

"Okay! Just come back..."

"Little boss, if you don't come back, brothers will be worried to death." Tang Xiaolong's eyes were almost red and said.

"Hey, didn't I come back!" Li Tian said with a smile.

"It's great... it's great! I didn't think of his mother's, I really gave the sick ghost the old boy." Tang Xiaolong said.

"By the way, Ghost Servant, and Qiao Zhi and the others?" Li Tian asked with a smile.

"It's all here... Brothers are here waiting for you!" Tang Xiaolong said excitedly.

"Go, I'll meet them." Li Tian said with a smile.

"Good, good!"

Speaking of Tang Xiaolong, he hurried to the hotel and ran wildly while still yelling: "Sick ghost...Master...The little boss is back...My elder brother is back. ."

The ghost servants, Duguxie and the brothers were extremely uncomfortable after Li Tian disappeared, and now they are all sitting in the room boringly.

At this moment, I heard Tang Xiaolong's screams coming from downstairs, and everyone was taken aback.

"What is Xiaolong's kid called?" The ghost servant suddenly frowned and said.

George Chen over there vaguely saw and heard the words "Li Tian".

Suddenly got up from the sofa with excitement.

"It seems that the kid yelled...Li Tian is back..."

"what?"

All the brothers in the room were stunned.

"The little boss is back...My elder brother is back safely." As Tang Xiaolong's screams got closer and closer, the brothers finally heard clearly!

Then each of them shook their jaws violently, and then said unbelievably, "Li Tian?"

"Is Li Tian back?"

Gosh!

Then they ran out of the room one by one like crazy.

After so many days of waiting, after finally hearing the news about Li Tiandi, how could they not get excited?

After Duguxie and the ghost servants ran out all of a sudden, they saw Tang Xiaolong who ran in from outside and screamed.

"Little boss is back... he is back..." Tang Xiaolong looked at them excitedly and said.

"What? Xiaolong, you say it again? Did the young master really come back?" The ghost servant's eyes were filled with endless excitement and horror expressions, and the same was true for Du Guxie around him.

But seeing Tang Xiaolong breathed a sigh of relief, he shouted happily, "Master, the little boss is really back! He is really back..."

"Little Lord!"

After hearing Tang Xiaolong's affirmative words again, the ghost servant in front of him and the Duguxie desperately ran towards the front corridor.

Then when they were approaching the end of the corridor, Li Tian's figure slowly flashed out from there.

Yes, it's Li Tian!

Li Tian really came back.

Chapter 899: Happy heart of brothers

"Little Lord!"

When Duguxie and the ghost servants saw that Li Tianzhen appeared in the corridor at a glance, the two of them suddenly rushed towards Li Tian with full of excitement and horror.

The brothers behind him were also watching Li Tian who could not believe his return.

My God, Li Tian really came back intact.

"Young Master, you are back, you are finally back..."

"Young Master, are you okay? Are you hurt?" After Duguxie and the ghost servant rushed over, they quickly looked at Li Tian's body and asked, and their voices were full of caring. His hand held Li Tiandi's shoulders even more excitedly and said.

But when I heard Li Tian smiled and said, "I'm fine! I have no injuries at all."

They heard Li Tian say that he was not injured, and they finally let go of their hearts slowly.

"Just come back...just come back!" Chen Qiaozhi behind also said there.

"Young Master, how did you escape from that old monster's hand?" The Duguxie and the ghost servant in front of them asked inexplicably.

Now they all know that the one who captured Li Tian was the old monster Dove demon who had been famous in the world decades ago... To be honest, they were really curious about Li Tianneng's escape from the old monster. very.

Following the ghost servant's question, the rest of the brothers also looked at Li Tian with doubts.

But seeing Li Tian smiled slightly and said: "In fact, this matter is a long story...Let's go, let's go to the house, and I'll talk to you slowly later."

"Ok, yes!"

The brothers who were talking hurriedly entered the front room with Li Tian with a happy mood.

After arriving in the room, the brothers all sat around Li Tian, listening to what he was about to say, and everyone's face was curious.

"Young Master, that monster Dove demon arrested you...why?" Du Guxie who listened to one side asked slowly.

Li Tiandao: "He arrested me for my father."

what?

When Li Tian said this, the brothers were all startled slightly!

Duguxie's bronze-colored steel face slowly turned around and said: "It seems that I guessed right at all! It is true that he caught the young master because his elder brother defeated him back then."

"Then what?" Just listen to the ghost servant looking at Li Tian with a pair of worried eyes and asked.

"Did that old demon hurt you?"

Li Tiandao said: "When I first started, I didn't know who this old demon was... Later, I learned that this old demon turned out to be because he was defeated by my father decades ago, so he kept on it. Annoyed... he arrested me to force my father to come out and fight him again."

"It turned out to be like this!" When the brothers heard Li Tian say this, they finally understood why the Dove demon wanted to arrest Li Tian.

"But, in that case, how did you escape from that old monster, Young Master?" the ghost servant in front of him continued to ask.

Of course, this question is also the one that the brothers most want to know. To be honest, they don't know how Li Tian escaped from the demon who has been famous for many years?

Li Tian smiled suddenly.

Looking at Li Tian's smile, the brothers became more and more curious.

"Young Master, what is going on?"

But when I heard Li Tian said, "Hey! To be honest, I should be grateful to the old demon, Haomo!" what?

"thank him?"

"Young Master, why do we become more confused as we listen!" Just listen to the ghost servants and other brothers talking there in depression.

"Yeah, little boss, that **** old monster caught you, do you still thank him? Why?" Tang Xiaolong, a loud voice beside him, asked in confusion.

He only heard Li Tian said: "Of course I have to thank him! If it weren't for him, my body would not recover again, if it weren't for him, my abandoned hands would not be reborn again!"

After Li Tian suddenly said this, the brothers and the ghost servant and Duguxie were all stunned. The eyes widened suddenly one by one was stunned.

"Young Master, what did you say? You said...your arms...arms are reborn?" The ghost servant was completely shocked as if he had heard the most shocking thing in the world.

...

"Little boss...your arm is healed? Really?" Tang Xiaolong almost cried out excitedly.

Duguxie's previously indifferent bronze face also turned into an indescribable strange expression in an instant, looking at Li Tian there.

But seeing Li Tian smiled and said: "Of course it is true!"

"My arm has completely recovered! If you don't believe me, look at it..."

Li Tian stretched out his hands while talking.

The brothers hurriedly surrounded him, and among them, Duguxie quickly stretched out a hand, and then slowly touched Li Tiandi's wrist...Then his expression became very strange.

"How? How's the second brother?" Ghost servant asked excitedly in that voice.

"Yes, Senior Dugu, has the arm of the little boss really recovered?" The brothers here also looked at Duguxie with extremely surprised expressions.

I saw Duguxie slowly let away his hand on Li Tian's arm... and then his face became weird... and was silent for a while...

"Young Master...Young Master's arm...really recovered!" A word came out from that Duguxie's mouth in shock.

When he suddenly said this sentence, Tang Xiaolong jumped up.

"It's so **** good... The little boss's arm has finally recovered!"

"Great... Great... Young Master's arm is finally healed!" The ghost servant's excited eyes turned red slightly.

You must know that Li Tian's arm muscles and bones were broken before, and if he wants his arm to recover, it is an extremely slim thing...

And even though the ghost servants and Duguxie have been comforting Li Tian, telling him that his arm can be saved, did they really think that way in their hearts?

Do not! Not!

Because from the moment Li Tian broke his arm, both people knew that it was impossible for his arm to recover. Because the legendary remodeling of the muscles and bones and rebirth is just a past legend. Personally get a new life? I'm afraid there is none so far! So these are just some words of their brothers to comfort Li Tiandi.

So when they suddenly knew that Li Tiandi's hands and arms had recovered at this moment, how could they not be shocked, what they had always thought was impossible, turned out to be true at this moment? How can we keep them from getting excited...

Chapter 900: Startling

"It's incredible...what is your arm, little boss?"

"Yes, young master, how good is your arm?" The brothers and ghost servants in front of them all looked at Li Tian in shock and asked.

Li Tian then smiled and said, "Actually, the reason why my arm can recover is completely accidental...to be honest, I didn't even think of it!"

When the brothers heard Li Tian say this, they felt even more weird. They were all there quietly listening to Li Tian's continued words. They were really curious about how good Li Tian's arm was?

So Li Tian began to say: "Remember that after I was taken away by that old monster... He wanted to use me to threaten my father... He wanted my father to compete with him again... But you too knowing, my father is no longer here at all, even I don't know if my father is still alive...How can I find my father for him?...So, I tried every means to delay the old monster ."

"Later I stimulated the old monster with words, and said that his martial arts was not my father's opponent at all. He was defeated by my father 20 years ago, and he was destined to lose again after 20 years, so the old monster became angry. He really...wants to kill me...but fortunately that old monster is not the kind of bullying villain...he said he wants me to fight him!"

what?

"Grandma's, that old shameless... Isn't this bullying? He is an old monster who has been famous for so many years. Isn't he bullying the little boss?" Tang Xiaolong in front of him said with a beard blowing and staring.

"Young Master, what then?" The Ghost Servant continued to look at Li Tian and asked.

Li Tian just smiled and said, "You also know that my arm is already useless, so I can't fight him at all... So I told him the truth, who knew that the old monster didn't believe him, so he He looked at my arm with his own eyes... After he knew it, he was also taken aback for a while, but something that I didn't expect was that this old demon suddenly stopped me!"

When Li Tian said this, the brothers all had a heartache.

"What then? Didn't that old demon hurt you?" Ghost servant asked quickly.

"At first I thought that old monster was going to hurt me... But what I didn't expect was that he actually said to heal my arm...!" Li Tiandao,

"What? That old monster wants to heal your arms for the young master?" The ghost servant is really hard to believe.

The brothers next to him are even more depressed. Who can imagine how the two opponents can heal their opponents' arms?

"I was also very depressed at the time, but there was no way. I was restrained by that old monster and couldn't move at all... so I had to leave it to my fate!"

"The old demon then started to heal me indiscriminately. He used his own powerful true energy to enter my body...because the kungfu he practiced is not the same as mine... After the qi entered my body, my whole body felt like it was about to explode... I felt uncomfortable like never before... But the old demon didn't seem to care, just blindly inputting the true qi into my body... ..In the end I fainted all at once."

Listening to Li Tian's words, the brothers were speechless.

"Damn, isn't this old monster hurting you, the little boss?" Tang Xiaolong on the side cursed with annoyance.

The Duguxie and the ghost servant beside him are also very depressed...How can this person blindly input zhenqi into another person's body? You know if something goes wrong, it is extremely dangerous.

He only heard Li Tian smiled and said, "Actually, I thought so at the time. I just felt that the old monster did this to harm me, but when I was awake, I found that I seemed to have changed... ..The whole body feels refreshed, and what I didn't expect most is that my arms suddenly healed..." Li Tian said while still smiling.

"Hey, there is such a strange thing in the world?" Tang Xiaolong in front of him said in disbelief with his eyes wide open.

"Yeah, that's weird."

"I think so too!" Li Tian said with a smile.

"And not only that, I also feel that my internal strength has been improved like never before...I can feel the energy in my body...like an ocean with endless power."

When Li Tian said this, the brothers looked at Li Tian strangely. No one knew what was going on. Even the Duguxie and the ghost servant didn't know, let alone how Li Tian's body was missed. Such a big change happened for no reason.

"How could this be?" the brothers in front of him still asked inexplicably.

Duguxie groaned slightly on the side, "Could it be that the Young Master, the profound door of life and death in your body was indirectly opened up..." he muttered.

"The Profound Gate of Life and Death? The limit gate of the human body?" The ghost servant looked at that Duguxie with incredible difficulty.

Duguxie didn't speak too much, but looked at Li Tian with great doubts.

Li Tian smiled slightly and said, "Yes! The old demon hit and hit by mistake, and helped me get through the limit of my body... So to some extent, I should thank him."

"What happened later? Later, how did you escape, Young Master?" Just listen to the brothers continuing to ask.

So Li Tian continued to preach there and said: "Later, the old demon will compete with me. After he sees my arm is better, he keeps asking to compete with me... But how can I be that old demon? The opponent of the head, so I made an appointment with him, as long as I can catch a hundred moves in his hands, he will let me go!"

"That old demon is extremely powerful, so he agreed." Li Tiandao said.

Suddenly Duguxie frowned tightly, and murmured: "The Demon of the Demon King, the eldest brother spent a long time when he fought against him in Laoshan... said To be honest, young master, with your current strength, even if you have opened the human body's profound door to life and death, don't say you have to connect a hundred moves in the hands of the old monster... I'm afraid... I'm afraid even ten moves are a bit difficult. "

Facing Duguxie said this, Li Tiandao said: "In fact, what you said is not wrong at all!"

"I never thought that the old monster was so powerful... so I agreed, but I didn't expect me to be beaten by his empty palm when he was less than ten moves in the first match. On the ground."

The brothers on one side were speechless.

"Is that old monster so powerful?" Tang Xiaolong blinked his eyes and said unbelievably.
