

A Killer 911

Chapter 911: Li Tian froze

"The little boss is back, and Miss Duanmu is back."

When Li Tian and the others slowly appeared in the hotel, Tang Xiaolong was the first to find them and shouted excitedly.

The brothers, Duguxie and the ghost servant who heard the sound in the place rushed out at this moment.

At this moment, he saw Li Tian who came back holding the drunk Duanmu Ying with a glance, and the girl Xiaohuan followed behind him.

"What's wrong? Miss Duanmu, what happened?" The brothers couldn't help but curiously asked Duanmuying, who was lying in Li Tianhuai with red eyes and pretty face.

"She was drunk." Li Tian said to the brothers while walking towards the hotel while holding the Duanmu Ying.

When the brothers heard Li Tian say this, they all laughed happily... and then didn't say anything.

When Li Tian brought the drunk Duanmuying to the room, the girl was already in a coma and unconscious, so Li Tian helped her take off the shoes on her feet, and then slowly covered her with the bedding. After she was asleep, Li Tian left the room.

When I walked out of the room, the brothers outside were all waiting there.

"Little boss, Miss Duanmu is okay?" The brothers asked worriedly.

Li Tian smiled and said, "It's okay, it's just that I drank too much wine."

"Oh, all right."

"Young Master...I have something I want to talk to you alone."

While Li Tian was talking to the brothers, Du Guxie over there suddenly looked at Li Tiandao and said.

"Okay." Li Tian nodded and agreed after hearing Duguxie's words.

Then he followed that Duguxie to the front place.

Duguxie led Li Tian to a courtyard outside the hotel...There were dim yellow street lights shining around the courtyard. After Li Tian followed Duguxie, he looked at Duguxie suspiciously, I don't know. He wants to tell himself something.

"What's wrong? What's the matter?" Li Tian asked after he walked over.

As he asked, the Duguxie in front of him slowly nodded and then looked at Li Tian in front of him.

"Young Master, I want to ask you something."

"What's the matter?" Li Tiandao said.

"About your red sword making." Du Guxie said suddenly.

Li Tian was startled when he heard Duguxie in front of him talking about his red sword.

He smiled and said, "Hey, did you see the sword I brought back?"

Li Tian said curiously.

Duguxie smiled slightly and said, "Yes!"

"Today when you were looking for Miss Duanmu, we accidentally found the Chilian Sword you brought back...so I couldn't help but want to ask the young master." said Duguxie in front of me.

Listening to Duguxie's words, Li Tian smiled faintly: "Oh, I was meant to tell you, now that you know it is even better."

"By the way, how do you know that my sword is called Chilian?" Li Tian in front of him suddenly looked at Duguxie curiously and asked.

Duguxie smiled and said: "Young Master, that Red Refined Sword is a peerless sword, of course I know it! But I really can't believe that Young Master got this sword from where?"

"Young Master, do you know what kind of sword the Chilian Sword you brought back is?" Du Guxie suddenly looked at Li Tian and asked.

Li Tian was taken aback, and then said, "That sword is really weird... and it's very hostile... But I'm honest, I don't know what the sword is?"

Li Tian really didn't know the origin of the Chilian sword, because when the mysterious Senior Man told Li Tian, the only thing he told was the name of the sword, called Chilian. As for the other mysterious experts. He didn't say a word.

After Duguxie heard Li Tian say this, he said: "It seems that Young Master is really not familiar with this Wanjian Supreme."

"Wan Sword Supreme?" When Li Tian suddenly heard what Du Guxie said, he was immediately stunned.

"What do you mean, the weird sword that I brought back, or is it the supreme sword?" Li Tian said in horror in front of him.

But seeing Duguxie smiled and nodded suddenly.

"Ah? No? Is that weird sword or Wanjian Supreme?" Li Tian felt as if he had heard the most unreliable thing in the world.

But what about the Duguxie? But there was no hint of joking, on the contrary, he looked at Li Tian very seriously.

"Young Master, you are wrong... That sword is indeed the Supreme of Ten Thousand Swords, and it is the most fierce and murderous magic sword." Duguxie said.

"Young Master, I will tell you a story...When I finish telling it, you will understand why this sword is so poisonous and so full of ferocious aura." The Duguxie said slowly. .

When Li Tian in front of him listened to it, he not only hurriedly said, "Do you know the origin of this red sword?"

"Um! Yes." Duguxie said slightly.

Listening to the Duguxie in front of him and knowing the origin of this red sword, Li Tian was immediately excited.

"Okay, then you tell me something about this red-forged sword, I want to see how weird such a strange sword is." Li Tian does want to know about this red-forged sword. thing.

Because in his heart he wanted to know why the mysterious expert gave him this sword, and why he gave him such a weird sword,

After Li Tian finished speaking, Duguxie then began to tell Li Tian all the things about the Chi Lianjian slowly.

At first, Li Tian thought that Duguxie's theory was a little unreliable, but the more I heard that Duguxie talked like this, Li Tian was stunned. He was shocked by the grief and **** past of this red sword, and even more shocked this one. The birth of the sword.

My goodness, is it true?

This ugly sword is really the Supreme Thousand Swords? Li Tian's eyes widened suddenly.

"...This sword was silent for many years, until it was born more than a hundred years ago! So Young Master, when I first saw your sword at that time, to be honest, I was really shocked by Duguxie." The Duguxie in front of him slowly explained all the affairs of the red sword.

After speaking out, Li Tian's eyes were wide open, his mouth was half open, and his face was full of disbelief. He really couldn't believe that the mysterious expert would hand such a supreme weird sword. To myself, my heart is full of excessive doubts at this moment.

Chapter 912: Promise old man

"Oh, it turns out that this sword has such a weird past... no wonder it is full of such hostility... killing!" Li Tian said in disbelief.

"Young Master, I really can't believe it. Where did you get this sword?" Du Guxie suddenly turned to look at Du Guxie and asked.

At the same time, his eyes looked at Li Tiandao weirdly.

Li Tian thought about it for a while and said truthfully to Duguxie: "He gave me this sword. Actually, I really didn't know that this sword was so brutal."

"He? For you?" That Duguxie said in horror.

You must know how many people robbed this red sword more than a hundred years ago, and how many people died tragically to **** this bloodthirsty sword.

And now Li Tian simply said from his mouth that this sword was given to him by someone else! who is it? Who will give Li Tianzhi the sword?

With a look of horror on his face, Du Guxie frowned at Li Tiandao and said, "Young Master, who is he that you just mentioned?"

Li Tiandao said: "It's the senior who taught me the nameless mind using the secret technique of thousands of miles."

what?

After Li Tian suddenly told the truth, the Duguxie in front of him was shocked.

"Is him again? The mysterious him again?"

Li Tian nodded slightly.

"Yes, it is indeed him!"

"When I was looking for you on the road to Beitang City, I suddenly heard his voice... After he lured me to a place, he gave me this sword!" Li Tian said.

Duguxie hurriedly asked: "The young master, do you see him clearly? Who is he? What is his appearance? And why is he looking for you to give you this sword?"

Li Tian shook his head depressed, of course he didn't know this, and this has always been his most puzzled question.

"He never let me see him... The only thing he shows me is his back!"

"But I can see from the back. He is definitely a peerless expert who has entered the world..." Li Tian recalled that mysterious expert's majestic back, like an unclimbable mountain, said there.

Listening to Li Tian's words, that Duguxie fell into deep contemplation.

He frowned tightly, thinking back to the world's characters, who is so capable? Who on earth was able to use such a shocking martial arts as Thousand Miles Sound Transmission... and also handed it to his young master a red sword.

Duguxie, who had thought back a lot, suddenly appeared in his mind a legendary old man who was once called the "old man of the undead" more than 30 years ago.

"Is it him?"

"Impossible...impossible...The legend says that he is at least over a hundred years old, and it is impossible to be alive...absolutely impossible!" Duguxie muttered to himself.

What about Li Tian? He looked at the Duguxie in surprise.

After a pause, Li Tian asked curiously: "Who is that person you are talking about?"

"Young Master...I'm just guessing...but I think it should not be him." Duguxie said.

"Talk about it." Li Tiandao.

So Duguxie slowly said the name of the old man he had just thought of in his mind.

"Young Master, I just listened to your words, and a god-level master who was once known as the legend of the undead 30 years ago emerged in my mind..." Duguxie said suddenly.

"Who?" Li Tian asked curiously.

"His name is: Old Man Wuji!" Du Guxie slowly said the name that once dominated the world.

"Old Man Promise?" Li Tian was stunned after hearing this.

I don't know why, the first moment he heard the name, he always felt weird... as if he had heard the name somewhere, but the facts told him that he had never heard of it. There has been such a name: the name of the old man Wuji.

"Yes, if you really want to calculate it, the old man Wuji will probably be 150 years old today...so I think the young master, I might have thought too much just now! Because the old man Wuji cannot be alive...it is impossible to return not dead."

Li Tian heard what Duguxie said, and he really felt that what he said was reasonable.

How could a person be like a monster, living 150 years old without dying, even if it is really a monster who can live to 150 years old, it is probably already immobile... But the mysterious expert Li Tian saw It's so weird... and the skill is so high, it shouldn't be the one called the undead old man: Wuji is old!

But Li Tian didn't know why. He had a keen interest in the old man Wuji. When he heard the words of the old man Wuji, his heart shook a bit. Maybe he didn't even know it. What happened.

So Li Tian at this meeting couldn't help but ask: "I want to hear the legend about that undead old man..."

Duguxie smiled and looked at Li Tiandao and said, "Young Master... Actually, I was just guessing for a while... Regarding the legend of the Promise old man, I only heard hearsay...because he has disappeared for many years. He hasn't appeared in years, maybe he has already rounded up, maybe he is already dead..."

Li Tiandao said: "It doesn't matter, you tell me a little bit of his story."

Seeing Li Tian insisting on listening to the story of the legendary old man Wuji who entered the **** level master, Duguxie smiled, so he began to tell Li Tian slowly.

"Many years ago, a very powerful person suddenly appeared in the arena... According to legend, no one knows the origin of this person, and no one knows his true identity, only that he claims to be an old man of Promise!"

This self-proclaimed old man Wuji became a common target for people from all walks of life, not because of anything else, but because he was too powerful... and I heard that he specialized in promoting good and punishing evil. How many underworld figures died overnight. Under his hand, even some masters of Baidao died tragically under his hand... At that time, the whole world was panic. No one knew where this person came from and why he was so powerful... So they formed an unprecedented strong The alliance of the gang, whether it is a master of the underworld or the white way, abandoned the enmity for a while, and specifically dealt with this Promise old man. "

"I don't know how they found it. In the end, they found the Wuji old man in Tiger Wolf Mountain... According to legend, there was heavy rain in the sky, thunder and lightning, and Tiger Wolf Mountain was full of wild beasts. There were as many as 40 people, surrounded the old Wuji, and everyone wanted to solve him in that battle."

Chapter 913: Sword stroke

Listening to Duguxie's words, Li Tian's blood immediately boiled over, as if he had witnessed the wild situation of the year.

I couldn't help being excited, and quickly asked, "What then? Then is the old man Wuji dead?"

"Dead?" Duguxie suddenly chuckled.

"Young Master, you underestimate the old man Wuji...Although there are more than 40 underworld and white masters in Tiger Langshan besieging the old man Wuji...but the one who died in the end was not the old man Wuji...but the more than 40 masters in the world. ."

what?

Li Tian was even more shocked when he heard this.

"Although no one alive has seen the battle at Tiger Wolf Mountain with his own eyes...no one has seen that battle with his own eyes. How did the old man Wuji kill those more than forty masters, but many people finally rushed over. When they arrived, they saw the corpses everywhere in Tiger Wolf Mountain. They were all the corpses of the underworld and white masters, and the blood was flowing into rivers. It is said that the entire Tiger Wolf Mountain was turned red at that time, and the blood was given to all of them. Dyed into scarlet color, and the beasts of Tiger Wolf Mountain were scared to go out of the mountain by the crazy battle. After seeing this scene, all those individuals were dumbfounded, so they originally wanted to deal with the old man Wuji. They don't have this idea anymore, because they know that even if they gather masters to besiege the old man Wuji... it will be useless, and they can't kill the old man Wuji."

"Since then, the old man Wuji's name has become an undefeated legend, and it has become an undead legend. After the battle of Tiger Wolf Mountain, the old man Wuji has remained for the next ten years. It never reappeared. Until ten years later, the old man Wuji was born again. This time he was born because of a catastrophe in the world... and this catastrophe is said to be solved by the old man Wuji. Later, the old man Wuji disappeared... Never heard of him in the rivers and lakes... Thirty years ago, at that time, I had not followed the big brother Cthulhu. I once heard it in my family. My father told me that the undead old man was born again. I was still young and thought, who is called the undead old man? Later I learned that the undead old man was the prodigious old man who was famous at the time, but the years were ruthless. It's been thirty years since I heard the news about the old man Wuji at that time...Hey, presumably the old man Wuji is already old and dead."

Li Tian was stunned when he listened to Duguxie telling all the things about the old man Wuji.

Li Tian didn't know why, but deep in his heart, he was suddenly very curious about the old man Wuji, and he also had an urge to see him.

But the years are ruthless after all. After more than a hundred years, is that old man really the undead old man in the legend? Can you really live for a hundred years?

Who knows this world?

"Hey, I don't think there is such a worldly figure in the world." Li Tian said with a tut.

Duguxie smiled and looked at Li Tiandao and said, "Young Master, you are really exactly the same as Big Brother."

When Li Tian heard Duguxie say this, he was taken aback for a while, smiled and turned his head to look at Duguxie and asked, "Why do you say that?"

"Because my eldest brother said the same when he heard the legend of the old man Wuji, haha." Only Duguxie laughed wildly.

Li Tian also smiled in relief suddenly.

"Young Master, don't care who the mysterious expert who gave you the Red Refining Sword is, but Young Master, you must know that your Red Refining Sword is the number one sword in the world! It's even more powerful than Big Brother's Dragon Yin Sword." Duguxie suddenly took out the black red sword in his hand and said.

The sword is there, the hostility is there.

As long as the sword appeared, the air around it seemed to be frozen instantly.

Li Tian excitedly looked at the Chilian Sword in Duguxie's hand, his eyes showed an unprecedented fiery feeling.

But seeing that Duguxie suddenly threw his hand, the black red sword shot suddenly from the air towards Li Tian, Li Tian stretched out his hand, swished, and firmly received it in his hand.

When the Chilian Sword was caught in Li Tian's hands, it suddenly merged with Li Tian's weird strength. The whole sword body suddenly surged, and the rampant vigor seemed to be necessary. Like tearing the air, it instantly filled the surroundings.

Just as Li Tian felt the change, he suddenly heard the sound of a dragon chant, that Duguxie suddenly pulled out the bronze sword in his hand, smiled and looked at Li Tiandao and said, "Young Master, your arm has recovered. ...Would you like to compare swordsmanship with me?"

Facing this evil sword Duguxie, Li Tian suddenly became impulsive, and shouted "Okay!"

Then there was a cry, the red sword in his hand also suddenly unsheathed, and the black sword body exuded a strange and terrifying sword aura.

After the red refining sword in his hand was unsheathed, it hissed...The black hideous sword body seemed to be eager to drink human blood, trembling slightly.

If it weren't for Li Tiantian's strong power and forcibly controlling the Chilian Sword in his hand, I am afraid that the Chilian Sword would have already swallowed the demons.

But it was said that after the red refining sword on this side suddenly unsheathed, the bronze sword in Duguxie's hand also seemed to have been induced by the Supreme of Ten Thousand Swords, and suddenly began to be slightly entangled.

Duguxie suddenly smiled.

Being able to fight the Chi Lianjian in this life was of course the goal that Evil Sword pursued throughout his life, but it was unexpectedly achieved today.

"Look at the sword!"

In his life, Duguxie was the first to attack Li Tian, his sword strokes were like plum blossoms piercing Li Tian's body, the sword technique was strange and sharp.

I have to talk about Duguxie's swordsmanship, there are really few people in the world that can resist it.

Like Li Tian, who has never learned sword skills, when he saw Duguxie using such a sword move, his brows were frowned and he quickly stepped back...the red sword in his hand seemed extremely unwilling. , The hissing sound is thicker.

Duguxie smiled slightly when he saw Li Tian being forced back by his own sword.

"Young Master, the way of using the sword is the unity of mind and spirit. Although the sword is in the heart, this is the most wonderful secret of the sword." Duguxie pierced with the sword while speaking loudly to Li Tiandao in front of him.

When Li Tian heard this, he suddenly realized that this Duguxie wanted to teach himself swordsmanship!

Yes, Li Tian has now obtained this supreme red sword, but what about his sword? Not at all... So even if Li Tian has a peerless sword in his hands, if he can't use the brilliant sword skills, isn't it a piece of scrap iron? So Duguxie wants to teach Li Tian's swordsmanship.

After thinking about it this way, Li Tian quickly raised the Chilian Sword in his hand and quickly attacked Duguxie.

While stabbing blindly with the sword, he carefully watched every move, tricks, and key points of that Duguxie...

And Duguxie also deliberately moved the sword very slowly, very slowly, and Li Tian could clearly see the steps of every move.

So Li Tian just learned Duguxie's evil sword tricks.

Chapter 914: Test Kung Fu

Now Li Tian finally knows why Duguxie is called: evil sword!

Because his sword moves are not what ordinary people can imagine.

That kind of weird sword tricks are weird, and the sword technique is vicious, which Li Tian has never seen before.

Now he was watching that Duguxie's sword moves intently, and then silently remembered all the moves one by one.

And what about Duguxie? He took the trouble to teach Li Tian his own swordsmanship.

While the Dugu cult here was teaching that Li Tian swordsmanship, the ghost servant over there suddenly flashed out from the side, looking at the two people on the court with ghost faces.

Watching with interest.

"How about? Did you write down the few tricks just now?" The Duguxie in front of me suddenly said to Li Tiandao.

In fact, Li Tian had already written it down.

Now the profound door of life and death in his body has been opened, no matter what he learns, he is very fast...In addition to the nameless mind method he cultivated before, his memory ability has already exceeded that of normal people ten times, or twenty times.

So now, as long as he concentrates on memorizing the trick, he can basically see it once.

After hearing that Duguxie asked, Li Tian nodded and said, "I've written it down."

"That's good! You take my sword."

When the words fell, Duguxie's sword skills suddenly changed. In order to teach Li Tian to learn sword skills, every move and style of Duguxie was very slow. Now he has to become the speed of the enemy in the past, because he wants to test. How did Li Tian learn?

What about Li Tian? Seeing that the bronze sword in Duguxie's hand suddenly emitted a terrible sword aura, I knew in my heart that Duguxie was going to try his own kung fu.

At the moment, the energy of the body is also concentrated, running through the red chain in his hand.

Chilian seemed to be irritated, and suddenly the entire sword hissed.

With a move of Changhong to pierce the sun, Li Tian's Chilian Sword also stabbed out.

The bronze sword greeted the Chilian in front of him, and slammed together.

There was a strange scream.

When Du Guxie, who was holding the bronze sword in his left hand, touched the Chi Lian in Li Tian's hand, even the tiger's mouth numb slightly.

Now Duguxie's face changed slightly in shock.

"What a powerful force." Duguxie is really unbelievable, this young master hasn't seen him for ten days, his energy is so strong.

The Duguxie of this meeting hurriedly had enough energy to penetrate the entire bronze sword, and once again brushed the three swords and stabbed towards Li Tian.

Li Tian used the sword move that the Dugu cult gave him just now to slightly block it.

Although Li Tian's moves are not familiar yet, he has indeed been able to deeply comprehend... the sword moves used to block Duguxie are simply perfect.

To tell the truth, Duguxie couldn't imagine that Li Tian was so smart, and he learned his own swordsmanship after only seeing it once...the moment he was slightly startled, the bronze sword in his hand suddenly changed his tricks and attacked again.

Although Li Tian used the sword for the first time, it seemed a bit awkward, but the strong energy of his body, coupled with the red sword in his hand, did not lose a half point.

That Duguxie had taught Li Tian a set of swordsmanship just now, and he had already used it up soon.

After running out of this set of sword moves, Du Guxie thought to himself, why don't I take this opportunity to try how capable Li Tian is?

After thinking this way in his heart, he suddenly turned around, and the bronze sword in his hand suddenly filled with sword aura... A flowing water sword that fell through the clouds and moved sharply towards Li Tianji.

Li Tian had seen all the tricks Duguxie taught him before. At this moment, after seeing Duguxie's weird tricks suddenly changed, Li Tian was obviously a little frantic.

Quickly swing the sword to block.

There was a dragon chant from Cang, and the two swords hit together again.

After seeing this situation, the ghost servant next to him also frowned slightly: Hey, it seems that the second brother is trying to test the strength of the young master...

"Well, but that's okay, let me see how many swords the young master can catch the second brother?" The ghost servant in front of him thought, holding his hands in his arms, carefully watching the two fighting in front of him.

But he said that after Duguxie used his real sword trick, Li Tian obviously became passive.

After all, Li Tian had never used a sword. Facing Duguxie's sharp and weird swordsmanship, Li Tian was of course in a hurry.

Without seeing a few tricks, Li Tian was about to be defeated by Duguxie's evil sword. Suddenly Li Tian snorted. The Chilian sword that was tightly held in his right hand, suddenly began to shrink back, and then his left index finger pointed at The **** pierced through the force, and a burst of energy suddenly burst out from the Shaoyang acupoint, and suddenly shot out from his finger.

Xuantian fingering!

Li Tian actually used the Xuantian **** on the Heavenly Book Pill scroll in his desperation.

After Li Tian suddenly shot that sharp and pungent finger, Du Guxie over there was obviously taken aback.

He only saw a burst of energy that broke the wind suddenly attacking him, and immediately hurriedly raised the bronze sword in his hand.

Bang!

Li Tian's fingers slammed into the bronze sword of Duguxie, and the bronze sword that Duguxie was holding tightly in his hand was trembling.

"What a strong fingering!"

"It's so powerful." Du Guxie looked at Li Tiandao in front of him in disbelief.

You know, it takes many years of training to use Qi Yuli, and then use strength to transform Qi... and it is even more difficult to practice breaking wind fingering.

Who could imagine that Li Tian, who had only been in sight for ten days, used such a powerful **** technique, how could he not shock that Duguxie?

Where is the ghost servant over there? When I saw Li Angel's **** that weird and fierce just now, I was also taken aback.

Gosh!

"When did the young master learn such weird fingering?"

The ghost servant looked at Li Tian with horror.

Besides, when the Du Guxie here saw that Li Tian did not use swordsmanship, but used another weird **** to confront him, his heart suddenly became excited.

Now he is anxious to know how strong his Young Master's strength has become.

So Duguxie suddenly said to Li Tiandao loudly: "Young Master, what a handsome fingering!"

Li Tian smiled slightly, just now he really couldn't take the sword move of Duguxie, so he hurriedly used his Xuantian fingering.

"Young Master, you can use all your kung fu...you don't have to use a sword! I want to see how much martial arts you have learned in these ten days." Du Guxie said suddenly.

When Li Tian heard Duguxie say this, he knew he wanted to test his skills, so he said, "Okay."

Chapter 915: Strange situation

Then Li Tian put the Chilian sword in his hand into the scabbard with a loud noise. After the Chilian suddenly entered the scabbard, he let out a hiss...The voice seemed to be very resentful, and Li Tian was startled slightly. , Looking at the Chilian Sword in his hand, hey, why is this sword so weird? Does it really have spirituality?

But he didn't have the time to control the red sword, he slowly put the red sword aside in his hand, and then faced the Duguxie.

Seeing that Li Tian was ready, Duguxie slowly raised the bronze sword in his hand and pointed it at Li Tian.

"Young Master, I'm going to attack."

As Duguxie finished speaking, the long sword in his hand flicked slightly, and the sharp sword flowers pierced Li Tian's acupuncture points like a sharp edge.

Li Tian can see that Duguxie's sword is basically letting himself...

So he also suddenly raised the energy in his body, and suddenly slapped a palm in the void.

A strong palm erupted from the center of his palm.

When this palm strength hit the sword move of Duguxie, the bronze sword in Duguxie's hand let out a whine.

Duguxie originally wanted to let Li Tian, but when he saw that Li Tian's palm strength turned out to be so strong, he was depressed at the moment. It seemed that he really underestimated his Young Master.

As a result, the swordsmanship changed drastically, and Du Guxie no longer dared to use the mediocre sword skills just now, and the sword light flashed, and suddenly Duguxie used his true strength.

The bronze sword surged along with his sword spirit, and the blue light also appeared at once.

The piercing sword attacked Li Tian fiercely, fast and poisonous.

Li Tian saw such a fierce sword stabbing, his body quickly backed away, and then quickly attacked two open palms again.

The energy bursting from his palm seemed to tear the entire space... with a howling sound, it hit the Duguxie sword.

Then Li Tian quickly used his Xuantian fingering. Two hands pierced the Yin and Yang points of his body. A weird warm current was accumulated in the fingers, and the swish fingers burst out of the wind, whizzing towards it like a bullet. Duguxie shot away.

Duguxie had just learned how powerful Li Tian's Xuantian ***** was, so he dared not take it carelessly at this moment, and drew his body to avoid his breaking wind.

Then he slashed fiercely, and slashed down.

The Senhan Jianqi carried on the body of the bronze sword instantly filled Li Tian's entire body, as if Li Tian's whole body was surrounded.

Li Tian felt bad, breaking the wind ***** in his hand, shot out quickly, and then retreated quickly.

But the character he faced was Duguxie Sword!

Before his breaking wind ***** approach reached Duguxie's side, it was all shaken away by Duguxie's sword aura.

Seeing that Duguxie's vigorous slash was about to hit Li Tian's head...

Li Tian would retreat quickly, but no matter how much he retreated, he couldn't avoid it, so in a hurry, he suddenly used his own "devil's hand".

And what about Duguxie? Originally saw that Li Tian couldn't avoid it, and he was about to withdraw his sword move at this moment, but when he was about to withdraw his sword move, he saw the black aura in Li Tian's hand at a glance.

It was a dark breath that made him extremely familiar...

There was a vague sense of ominousness.

Therefore, his swordsmanship at this meeting struck Li Tian at once. He wanted to know the dark aura accumulated in Li Tian's hands, what kind of skill is it?

When he hit Li Tian with this sword, Li Tian suddenly shot the "devil's palm" in his hand.

The terrifying hostility was like the neighing and screaming of wild animals, and it swallowed fiercely toward Duguxie.

After Duguxie's bronze sword with its sword aura just now suddenly encountered Li Tian's devil's palm, it seemed to be swallowed by a monster's beast in an instant.

Then Li Tian's dark aura grew endlessly.

Then in the accident of Duguxie... there was a roar.

Devil's palm attacked the shocked Duguxie's chest.

Seeing that Duguxie was about to be hit hard by Li Tian's palm, but Duguxie seemed to be stupid and couldn't avoid it. There was an unspeakable unbelievable in his eyes...

And at this critical moment, he shouted: "Second brother, be careful!"

With this sound, I saw the black shadow of the ghost servant next to Duguxie's side with a flash, and at the reminder of the ghost servant, Duguxie's head suddenly became sober, and then his body suddenly came back. Somersault fell on the ground steadily, but Li Tian's thick palm power was slowly resolved by the ghost servant reaching out to take a palm from the side...

terror! Shock!

There seemed to be traces of the clutches that Li Tian had used just now.

When Li Tian saw that he almost hurt that Duguxie, he suddenly regretted that he had resorted to this palm.

"I'm sorry...I didn't hurt you?" Li Tian said gratefully, looking at Dugu Xie.

He had always regarded Duguxie and the ghost servant as his relatives. Senior... At this moment when he almost hurt that Duguxie, he was of course regretful in his heart.

But seeing Duguxie stood there blankly, with a strange expression in his eyes.

What happened?

But the ghost servant said to Li Tiandao: "Young Master, it's okay!"

"You didn't hurt the second brother!"

Although Li Tian heard the ghost servant say this, he still felt extremely uncomfortable.

"I...I just...I resorted to this trick really in a hurry...I'm really sorry." Li Tiandao said.

But the ghost servant who saw him smiled at Li Tian and said, "It's okay, Young Master."

And the Duguxie over there has been staring at Li Tian with a strange expression, not knowing why.

"Young Master, where did you learn the handwriting just now?" Duguxie, who had been silent for a minute, suddenly looked at Li Tiandao in a strange voice.

Li Tian heard Duguxie's question, so he told the truth: "I also learned the method of palming just now on the Tianshu Danjuan."

When that Duguxie heard Li Tian say this, his eyes appeared slightly confused.

Suddenly murmured in his mouth, "Heavenly Book Pill scroll, is this Tian Book Pill scroll again?"

"How could this be?"

"How could this be? Could it be that he used the same skill back then?"

Duguxie murmured those weird words.

Li Tian didn't understand what this Duguxie was terrifying?

Li Tian can see that although his Demon Palm is powerful just now, for Duguxie, he can definitely avoid it easily... But why didn't he just hide? Is it shock? Or is it for other reasons? This made Li Tian deeply confused.

Chapter 916: Flying around the dragon, walking around the evil

Just when Li Tian seemed to want to say something, he suddenly heard the ghost servant smiling and saying to Li Tiandao: "Young Master, it's not early. You should go back and rest after a day's tiredness. Otherwise, you should go back first. have a rest."

Li Tian heard the ghost servant say this and knew what he meant, so he smiled and nodded.

"Okay, then I will rest first."

So Li Tian didn't say anything. After slowly picking up the red sword on the ground, he walked towards his room.

At the moment, the only thing left in the empty place was the ghost servant wearing a grimace mask, and Du Guxie, who was muttering to himself in a daze.

"Second brother, why didn't you avoid it just now?" Just after Li Tian left, the ghost servant in front of him turned his face and looked at that Duguxie with puzzled eyes.

He also clearly saw the clue just now, it was obvious that Duguxie could hide in the palm of his Young Master, but why didn't he hide?

But Duguxie didn't immediately answer the ghost servant's words in front of him. Instead, he lifted up a pair of weird eyes and blinked, looking at the endless darkness.

"Second brother, what's the matter?" Ghost servant asked again.

Just after the ghost servant asked, that Duguxie suddenly turned his head.

"Ghost servant, did you see that palm just now?" The weird words suddenly came out of Duguxie's mouth.

After Duguxie said this all at once, the ghost servant was slightly startled.

"You mean the palm that the young master used just now?" the ghost servant asked curiously.

Duguxie nodded slowly: "Well, yes."

"See, what's the matter?" The ghost servant in front of him still asked strangely.

But seeing Duguxie suddenly said: "Ghost servant, it seems that you forgot..."

"I forgot? Second brother, what do you mean? Why am I getting more and more confused." The ghost servant was a little puzzled.

Duguxie kept saying, "Ghost servant, do you remember the enemy our elder brother hated the most?"

After listening to Duguxie suddenly saying this, the ghost servant was stunned.

Suddenly all of the things from twenty years ago appeared in his eyes.

"I remember, of course I remember!"

"Even if he turns to ashes, I remember him!"

Thirty years ago, there was a saying in the arena: the sky flies and the dragon, the earth walks the evil respect.

You Long: Long Ye!

Xie Zun: Cthulhu!

This wandering dragon also has an evil deity, as the name suggests, of course two people, two peerless characters.

One is the mysterious and impermanent, but he is very respectful in the arena.

The other is the evil and impermanent, the evil god, who acts in the world according to his preferences. Li Tian's father.

These two people are undoubtedly the best of that era, and they are the people who have reached the top.

Having said that, just after the ghost servant said this, the Duguxie nodded.

The ghost servant looked at Duguxie strangely and said, "Second brother, why did you suddenly mention that about him?"

But seeing Duguxie was silent for a while, then suddenly raised his strange eyes and slowly stared at the ghost servant in front of him.

"Because I saw that the palm technique the Young Master used is exactly the same as the palm technique he used back then!" Hearing only a shocked word suddenly came out of Du Guxie's mouth.

"what?"

"No way!" The Ghost Servant said in shock for an instant.

how is this possible? how is this possible?

Do you know that Lord Long was a mortal enemy with Cthulhu back then? They are enemies...the enemies of the first life, like water and fire? Now when I heard Duguxie saying that the palm of Li Tian used just now was exactly the same as the palm used by that Long Master back then, how could this not shock the ghost servant?

"Yes! It must be!"

"The strong hostility and the dark air currents are exactly the same as him back then!" Only listen to the words of Duguxie in front of him.

The ghost servant in front of him was stunned for an instant.

"I remember that when I was fighting against Long Ye, I stood by myself. You also know that my eldest brother was against others and never asked me to help, so I saw all of their moves back then."

"I clearly remember that when the flying dragon made by my eldest brother was in the sky, he used this palm to crack the flying dragon of my eldest brother in the sky!" Just listen to Duguxie's eyes.

And the ghost servant? But there was horror.

Of course the ghost servant remembers the peak battle at the top of the snow!

It was a peerless battle between his elder brother Cthulhu and Long Ye, but it was a pity that the two fought for one day and night, but failed to distinguish the outcome.

"Then you mean that the kung fu our young master learned is the same as the one he used?" It's really hard to accept the fact that the ghost servant said.

Duguxie in front of him nodded silently.

"Yes, that's why I was shocked! I was puzzled."

"You have to know that our Young Master just said... He learned the palm technique from the Heavenly Book Pill Roll!"

The ghost servant stared at the main road: "What the second brother meant... Did the dragon master's kung fu also learn this heavenly book pill scroll?"

Duguxie did not speak.

Did he not know, or he didn't want to admit it.

"Impossible... how is it possible!" The Ghost Servant said again.

Duguxie stood in the dark and looked at the endless darkness and said: "Hey, the world is unpredictable, even I am confused."

"I only know that if the eldest brother is still alive, that would be great...I believe everything, he can clearly check it out." Du Guxie suddenly sighed.

"Yes."

"Second brother, in fact, I don't know anything about that Long Ye."

"Long Ye?"

"He actually has nothing to say."

"It's just a bully...How can he compare with our big brother!" Duguxie said boldly.

"But why did he know the martial arts on the book pill scroll that day?"

"Could it be that not only the martial arts on our Young Master's Pill Roll? But even the original Dragon Lord also enlightened it?" said the ghost servant puzzled.

"I don't know about this!"

"The only thing I know is that according to legend, Long Ye is the apprentice of the old man Wuji." I only listened to the words of Duguxie in front of me.

what?

"Is it the old man who is called the Undead Legend?" The ghost servant's eyes almost popped out and said.

"Yes!"

"how do you know?"

"Big brother told me back then." Duguxie said.

"Brother said?" The ghost servant became more and more strange.

"Yes, Big Brother also said that Long Ye must be killed."

After Duguxie finished speaking, he was silent for a while.

"Ghost servant, I think you should remember that when the eldest brother came back from Race Tuoshan, he suddenly said that he was going to kill someone, the most insidious and despicable villain in the world... and that villain is today's Lord Long." Duguxie said suddenly.

The ghost servant nodded slowly and said, "I remember!"

"Second brother, why did your eldest brother suddenly kill that Long Ye? What kind of hatred does he have with Long Ye?" Gui servant asked inexplicably.

Duguxie shook his head: "To be honest, I don't even know now."

Chapter 917: The start of the bloodthirsty road

hatred!

The hatred spread endless hatred.

But what kind of hatred does that evil ***** have with Long Ye who dominated the rivers and lakes back then?

The Dragon Lord back then was called the Ranger.

High status in the arena, many people will be in awe when hearing the word Long Ye.

Compared with Cthulhu, there will be a sense of fear...because in the eyes of the world, Lord Long has always been gentle and gentle, and he is very good to the people of the rivers and lakes, but Cthulhu is different. He is A weird person, he is the kind of person who does things according to his liking, so most of the rivers and lakes dare to be angry with him.

How could such two people give birth to such a big hatred?

Now even Cthulhu's own good brother Duguxie and ghost servants don't know.

Duguxie still clearly remembers that Long Ye fought his elder brother Cthulhu that timelessly.

Although Duguxie didn't know what hatred they were for, he knew deeply how terrifying the strength of that Dragon Lord was.

Even the Cthulhu back then did not necessarily guarantee that he could defeat him himself.

Later, it was just that Long Ye disappeared for no reason...

And disappeared for a long, long time, and later generations never had much impression of that Ranger.

Today, when Duguxie suddenly saw Li Angel come out of the clutches, he was suddenly shocked there, shocked how his Young Master's grip is exactly the same as that of Long Ye who has been missing for a long time!

Is it true that, as I guessed, the kung fu used by the Dragon Lord who ruled the world back then was also from this heavenly book?

Thinking of this, Duguxie was deeply shocked.

The ghost servant beside him also frowned tightly at this moment.

"Second brother, should we tell the young master about this?" the ghost servant said suddenly.

The Duguxie in front of him suddenly shook his head: "No!"

"Please don't tell Young Master about this matter first."

The ghost servant was taken aback, and asked, "Why?"

Just listen to Duguxie said: "It is not necessary now!"

"Furthermore, the improvement of our young master's skill is a good thing...There is no need to tell him these unhappy things."

"Well, that's right." The ghost servant nodded there.

"But I'm really surprised, how could that Dragon Master know the kung fu on this Heavenly Book Pill scroll?" said the ghost servant.

Duguxie frowned and shook his head there. To be honest, he didn't know what happened.

"Forget it, don't talk about him!"

"Which Long Ye's matter?" Ghost servant continued to ask.

Duguxie thought for a while and said, "Don't worry about it... after all, they have been the devil who has disappeared for so many years..."

"Now our top priority is revenge!"

"I used to think it was not the time for revenge... It was because our Young Master's arm did not recover, but now it's different... Young Master's arm has finally recovered. I think it's time for us to wash our shame for the big brother. ."

"Ghost servant, to what extent do you think our Young Master's strength has reached now?" The Duguxie in front of him suddenly asked with satisfaction.

The ghost servant thought for a while, recalled Li Tian's tricks in his mind, and slowly said: "I just looked at the young master's moves and his energy...I found that they are all quite powerful."

"Yes, if I didn't guess wrong, ordinary people are not our Young Master's opponent at all!"

"It is estimated that even you and I are very likely... will be defeated by the young master." Although Du Guxie said so, there was a smile on his face.

It seemed that as long as Li Tian became stronger, even if he surpassed him and the ghost servant, he would be very happy.

The ghost servant was slightly surprised and said: "Second brother, do you really think the strength of the young master has become so terrifying?"

Duguxie smiled playfully.

"Maybe it's more than that..." Duguxie smiled knowingly.

He had personally experienced Li Tian's intrepid energy just now. Duguxie has been in the rivers and lakes for so many years. Of course, he can see how strong Li Tian's energy is... it has reached a terrifying level.

On the contrary, the ghost servant looked at the smile of Duguxie beside him with a pair of horrified eyes. Of course he would not know how much Li Tian is capable now, because he has never fought against Li Tian at all!

But Duguxie was different, he had fought Li Tian personally just now.

"Second brother, what shall we do next?" Ghost servant asked.

Just listen to the Duguxie Dao in front of you saying: "Look for the third sister, look for clues to the gate of hell."

"It's time to avenge the deep blood in the past, bit by bit!" Cold words came out of his mouth word by word.

"And I believe the young master should rise too!"

"If the eldest brother is still there and can see our young master's changes today, he will definitely be proud of him!"

"Ghost servant, wait for it... Our young master's bloodthirsty road will begin soon."

The second day.

The brothers got up early.

Duanmuying, who was drunk last night, was still lying in bed. This girl vomited in the middle of the night yesterday, but fortunately there was a small ring around her.

Duanmu Ying is still resting quietly in the room.

Li Tian got up early in the morning, breathing fresh air alone outside.

"Little boss, Senior Dugu seems to be looking for you."

At this time later, Tang Xiaolong's voice came.

After Li Tian heard him say this, he slowly turned his head: "Oh, where is he?"

"I'm waiting for you inside!" Tang Xiaolong said.

Li Tian nodded and said, "Okay, I see."

Then he turned and walked towards the inside.

When he arrived in the room, Li Tian saw the brothers, Duguxie and the ghost servants waiting for him in the room. At this moment, he saw Li Tian coming, and they all said hello.

"What is it for me?" Li Tian asked while sitting down.

Duguxie said, "Young Master, should we set off now?"

"Leaving?" Li Tian was taken aback.

"Oh, yes! It's time to go." Li Tian suddenly remembered.

After so many days of leisure, he almost made him forget his most important things.

He is looking for the gate of hell, looking for the enemies in the blood.

"Then when do you say we will leave?" Li Tian raised his eyes and looked at Duguxie and the ghost servant in front of him.

Duguxie said: "As soon as possible, the better."

"Okay, that's it. Let's leave Beitang City this afternoon."

The brothers didn't have too many opinions, after all, they really didn't have much to do in Beitang City, so the brothers and Li Tian decided to leave Beitang City in the afternoon and plan to find the third sister.

Chapter 918: Weird woman

Third Sister, once had the title Baihua Fairy under the Cthulhu.

Legend has it that the three sisters of the Cthulhu once fascinated how many men in the world, how many men fell under her pomegranate skirt, it is a pity, it is a pity that those people were either directly rejected by the fairy Baihua, or beaten one by one on the ground.

How many heroes in the world, but who can enter the eyes of the Baihua Fairy? But it is very few!

Maybe she already has her favorite person in her mind.

Since Cthulhu suddenly disappeared in the battle 20 years ago, the third sister has also disappeared for no reason. How many people have been searching for the trace of Baihua Fairy, but they can't find it anymore.

Of course, whether she is missing or not, it is estimated that only she and Du Guxie will know.

Fairy Baihua didn't actually disappear, but changed his face to a new identity, where he was tracking down the evil spirit's enemy.

It's just that the investigation lasted twenty years.

It is conceivable how affectionate the third sister is.

Since Li Tianxia made this decision, the brothers immediately began to prepare to leave Beitang City.

In the afternoon, the brothers had already cleaned everything up, only that Duan Kazakura drank too much wine yesterday. When she got up, there was still a bloodshot in her beautiful eyes, and her head was still a little up. pain.

But she still insisted that she was fine and that she could go.

In this way, Li Tian and the others decided to start off at about 3 pm.

Yongzhou!

At the next stop, they are about to reach the southernmost city, Yongzhou.

A place with a luxurious city.

According to Duguxie, the three sisters Baihua Fairy was in Yongzhou, so the brothers in front of him had to rush to that Yongzhou.

Time quickly reached three o'clock in the afternoon.

They chose the transportation route to Yongzhou by train.

It does take a long journey from Beitang to Nayongzhou, even if it is by train, it takes 23 days.

Originally, Li Tian and the others chose to fly, but they had no choice but to carry things that they could not pass at the monitoring station. For example: Duguxie's sword, and Li Tian's sword...Of course these iron weapons would not allow them to take the plane. , So helpless they just choose to take the train.

The ticket I bought was more than 4 pm.

When waiting at the train station until more than four o'clock, the brothers all got on the train, so they started their journey to Yongzhou.

This time they were about to find the "three sisters" and vowed to find clues to the gate of hell.

Li Tian's road of revenge will also begin from here.

In a dark room.

There is no light and no light.

Some are just two cold figures standing there motionless.

One of them was tall and burly, dressed in purple, and his stern face was carved like a knife. If you look closely at the left cheek, you will see a long and narrow sword mark, hideous and eye-catching.

The other next to him is a fat man with a slightly bloated figure. There is a huge wine gourd hanging from his waist. His reddish face can smell the heavy alcohol on his body, as if this guy is drinking all day. It's soaking inside.

Who are these two people?

There is no doubt that they are in the door of the mysterious organization: Ouyang Longyan, and the drunkard.

Why do these two people stay in such a gloomy room? And why is it motionless? Is it waiting for some important person?

While the two of them were standing quietly, suddenly the sound of footsteps sounded inside.

The sound is like two people.

He raised his eyes and looked through the dim and gloomy light, but saw two black figures slowly walking out of the darkness.

One of them was dressed in black and wrapped his face in black cloth, but he could still see his cold eyes like a knife. He was a messenger of ecstasy.

Yes, it was the previous ecstasy messenger.

There was another person beside the Ecstasy.

A woman.

A low woman in a black outfit, her appearance is not good-looking, but it is not ugly, but she is very short, only about 1.5 meters.

Her face was a little pale, she belonged to the kind of paleness who lived in a dark place for a long time, and her skin felt sick.

However, when such a woman suddenly walked out of the darkness, the famous Ouyang Longyan and the alcoholic suddenly bowed their heads slightly, as if this low woman was powerful, even they were like this All of the top masters had to surrender.

Not only that, even the ecstasy messenger standing next to the low white woman looked respectful.

However, after this weird woman walked out of it, her indifferent eyes first glanced at Ouyang Longyan in front of her, and at the drunkard, and then cold words came out of her thin mouth. .

"Ouyang Longyan, drinker, take orders!"

"Subordinates are here!" Ouyang Longyan and the drunkard suddenly bent over like slaves and whispered.

"Remember that you two have obtained the Xuanyuan Sword merits from the ancient relics, and the master hereby commends you each with a soul-removing pill."

As the weird woman said, she suddenly took out two small purple-brown boxes from her hands.

Obviously, the "Imperial Pill" she just said was packed in this box.

"Thank you, Master." The two suddenly thanked them as if they had received life-saving medicine.

After the two people suddenly thanked, the weird woman suddenly laughed grimly again.

"Don't thank you too early...I haven't finished my words yet!"

After listening to the weird woman saying this, the hearts of the two of them suddenly slammed, and they didn't dare to show one, and continued to stand there quietly.

Just listen to the weird low woman continuing to say in a cold voice: "Although you two took the Xuanyuan Sword back, you didn't take back the head of the evil **** son..."

"This work is equivalent to saying that you haven't completed it! So the master meant: I can only give you half a pill!"

"If you can get the head of the evil god's son within three months, then the master will definitely give you the remaining half of the soul-removing pill..."

After listening to this weird low woman say this, Ouyang Longyan and the alcoholic remained silent.

"Here... you can take this half of the Imperius Pill first."

When the words came out of the low woman's mouth, when she saw her hands gently tossed, the two purple-brown pill boxes flied towards the two people.

Ouyang Longyan and the drunkard quickly stretched out their hands, and then firmly grasped them.

Chapter 919: Forced helpless

"Thank you, Master!" the two said, bowing their heads after getting the purple-brown box.

The weird low woman suddenly giggled.

"Ouyang Longyan, drunkard, you two will listen to me... If you fail again this time, your lives will disappear in this world forever."

The two peerless masters bowed their heads, at this moment like a dog, bent over there and nodded silently.

It is hard to imagine, why would a decision-making expert like them be afraid of such an ordinary and mediocre woman?

"Okay, I've said everything that should be said,"

"Ecstasy, take your people with you." Just listen to the low woman suddenly saying. After saying this, she didn't even look at Ouyang Longyan and the drunkard in front of her. Turning, he walked slowly toward the darkness, and soon the low and weird figure disappeared in the darkness.

After the weird woman in front of him retreated, Ouyang Longyan still had the drinker, and then slowly raised his head.

The indifferent Ouyang Longyan had a sense of resentment and resentment on his face, and the veins in his hands soared, but he still surrendered last.

What about the alcoholic? He raised that drunk face and looked at the darkness in front of him, and suddenly gave a bitter smile, then said nothing, suddenly grabbed the huge wine gourd on his waist, and poured it into his mouth. Take two.

But what about the ecstasy messenger who has been on the side and has not spoken from beginning to end? After the weird low woman left, he slowly walked over from the front place.

Then he glanced at Ouyang Longyan and the alcoholic beside him.

"You've got half of the antidote... Why is it still such a sad expression?"

Listening to the ecstatic messenger's words, the drunkard suddenly laughed wildly. Although the voice was laughing, it was worse than crying.

"The antidote?"

"Do we really have an antidote?" He said as he grabbed the wine gourd in his hand and began to drink again.

Ouyang Longyan held the purple-brown pill box tightly in his hand, his vigorous hand seemed to crush the entire pill box.

"I don't want to live like this anymore!" The cold words suddenly roared out of Ouyang Longyan's mouth.

"What do you want to do?" The ecstasy messenger heard Ouyang Longyan saying this, and suddenly looked at him coldly.

Ouyang Longyan's fierce murderous aura slowly revealed itself.

There was endless hatred and anger in his eyes.

"Brother, listen to my words... Honestly listen to what the master said, otherwise we will all die." The Ecstasy suddenly stretched out a cold hand on the shoulder of Ouyang Longyan and said slightly.

Ouyang Longyan didn't make a sound, but it could be seen that the horrific murderous aura that had pervaded him suddenly began to gradually dissipate.

"Ecstasy, I want to ask something that shouldn't be asked." The alcoholic over there suddenly snorted alcohol in his mouth, squinting at the masked Ecstasy and said.

"Say!" Ecstasy turned his head slowly.

"I want to know, who is our master?"

"Why have we never seen him for so many years?" The words slowly came out of the drinker's mouth.

My God, don't even the alcoholics know who their master is? Don't know who is in control of the gate of hell?

Yes, the alcoholics and Ouyang Longyan really don't know.

The woman who was talking in the dark just now was just a slave and servant beside her master.

For so many years, every assassination activity in the gate of **** was passed on by the low woman just now. Although Ouyang Longyan and the alcoholic are in the gate of hell, they have never seen their master, even hell. They don't know how many masters like them are in the door.

The only thing they knew was that there were definitely a lot of masters in the gates of **** who were controlled by poison like them, and they were all extremely masters, but they had never seen them before.

Having said that, after hearing the drunkard's sudden question, the eyes of the ecstasy messenger suddenly became cold and terrifying.

"Drunkard, you'd better not ask this again!"

"You need to know, what are the consequences of asking the owner at will?"

"It's dead!"

The cold words came out of the ecstatic messenger's mouth.

The drunkard opened his mouth as if he wanted to say something, but in the end his mouth just moved, but he didn't have the courage to say it. He grabbed his own wine gourd and started drinking.

"You two listen to me, just do what the master tells you, because only then can you live."

"Also, if you intercept that kid this time, you must not make any more mistakes. If you make another mistake, you will know the consequences."

After speaking the last sentence, the ecstasy messenger in front of him suddenly turned and walked forward.

And what about the alcoholic in Ouyang Longyan behind him? But he didn't say anything any more, and silently followed.

Who can imagine that these masters who were famous in the past are not as good as dogs today!

Even their own lives are no longer in their own hands...maybe this is their sadness.

On the train bound for Yongzhou City.

"Xiaolong, where's Li Tian?" Old Monster Ge, who was sitting in the shop, asked Tang Xiaolong, who was asleep in the bottom shop.

Tang Xiaolong leaned on his side, spitting out: "How do I know?"

"Little boss is resting."

Old Monster Ge gave Tang Xiaolong a white look: "Xiaolong, can you do me a favor?"

Tang Xiaolong turned over and muttered there, "Why are you busy?"

"Call Li Tian for me."

"I want to ask him something." Old Monster Ge looked at Tang Xiaolong with a smile on his face and said.

"Your uncle, don't you go to my little boss? I won't help." Tang Xiaolong said as he rolled over to the inside of the bed, covering his head with a quilt and not paying attention to the old monster.

Old Monster Ge looked at Tang Xiaolong contemptuously.

"Smelly boy, you won't help if you don't."

When he said that, he jumped off the upper bed alone.

After he got down, he mysteriously walked towards the carriage where Li Tian was staying.

The carriage where Li Tian lived was living with Duguxie and the others, but at the moment Duguxie and the ghost servant seemed to be dining in the middle carriage, leaving Li Tian alone in the room.

Isn't this? After the thief-like old monster Ge opened the door mysteriously, he saw Li Tian at a glance.

What about Li Tian? At this moment, he was holding his Chilian Sword in his hand, watching there, hearing the movement, looking up, and seeing Old Monster Ge walked in with a smile.

Chapter 920: Bloodlight

After Li Tian saw Old Monster Ge walk in, Old Monster Ge walked in with a smile on his face.

"Li Tian." He smiled and sat down on one side.

"Old Ge, are you looking for something to do with me?" Li Tian asked with a smile looking at the old Ge who walked in.

Old Monster Ge hesitated, but he nodded slowly.

"To tell you, I really have something to do with you." Old Ge said strangely.

"what's up?"

"What I say will upset you...but I still want to say." Old Monster Ge blinked and looked at Li Tian.

Li Tian not only became curious in his heart, he secretly said: Hey, what happened to Old Ge today? How to say so strange?

Li Tian smiled and said, "It's okay, just tell me if you have anything, I won't be upset."

After listening to Li Tian saying this, Old Monster Ge thought for a while, then slowly raised his eyes, his eyes were very serious, and at the beginning of each sentence he said slowly: "Li Tian, we better stop Go to Yongzhou."

Listening to Old Monster Ge suddenly saying that he couldn't go to Yongzhou, Li Tian was stunned.

Looking at Elder Ge with a curious smile, he asked in surprise, "Why?"

"Elder Ge, why did you suddenly stop me from going to Yongzhou?" Li Tian asked suspiciously.

I saw Old Monster Na Ge slowly said, "Because I think there will be a ***** disaster in Yongzhou this time."

what?

After listening to this old monster Ge said so, Li Tian suddenly felt pain.

But after careful consideration, he not only got serious immediately.

Because he knew that this old monster Ge had a lot of research on the Book of Changes, gossip, and these weird metaphysics. At this moment, hearing this old monster Ge said so, Li Tian was not only curious.

So he continued to ask, "Why did Ge Lao say this?"

"There is a fierce aspect in the south, I am afraid it is wrong to go to Yongzhou this time..." Old Monster Ge said with a serious face, speaking with him before.

Li Tiandao said: "It's not really that serious, right?"

"Really! It's so serious!"

"Li Tian, you have to know that there is providence in the dark. This is not wrong. Besides, I can see that this trip to the south is very dangerous. After all, the roads are very poor and extremely unfavorable, so I want us to avoid it a bit."

Li Tian smiled when he heard Ge Lao say so seriously, "Ge Lao, do you think too much? I think it's nothing."

Hearing Li Tian's words, Old Monster Ge shook his head and suddenly sighed: "Hey, although I speak crazy, but I still think it should be more cautious this time! As my old man sees, I hope we can make a detour. Okay, we will go to Yongzhou again in a few days."

Hearing what Old Monster Ge said, Li Tian smiled. Although he respected Mr. Ge very much, the journey to the south was already in his heart. He vowed to find the Baihua Fairy and his enemy hell. Door, so even if it is the cliff in front of him at this moment, it is estimated that Li Tian will not frown.

"Old Ge, this is probably not good...After all, I have already told my brothers that I must go to Yongzhou this time." Li Tian said slowly.

When the old monster Ge heard Li Tian say this, he sighed suddenly.

"Hey, I already knew that, even if I said it, you wouldn't agree..."

"But I still want to say... If you have a chance to choose, I hope you try not to go to Yongzhou now, because this trip to Yongzhou is really not good... There will be a **** disaster."

After saying this, Old Monster Ge slowly began to stand up.

Li Tian looked at the bleak figure of Old Monster Ge, thought for a while, but didn't say anything.

So Old Monster Ge walked out of Li Tian's box.

When Old Monster Ge walked out of the box, Du Guxie and the ghost servant also happened to walk over from the restaurant.

When he saw Old Monster Ge, he nodded slightly, and Old Monster Ge didn't say anything, so he turned and left.

After the Duguxie and the ghost servant entered the room, they saw Li Tian sitting quietly.

"Young Master, did Old Ge look for you?" the ghost servant on one side asked.

Li Tian smiled and said, "Yeah!"

"He told me something."

"What's the matter?" Ghost servant asked.

Li Tian said all the words that Ge Lao said just now.

Besides, the Duguxie and the ghost servant were slightly taken aback after hearing Li Tianjiang's words, but when they saw the ghost servant frowned tightly and said, "Blood and light disaster?"

"Hehe, it seems that Ge is really worried a little bit." Gui Pu said.

Li Tian said indifferently, "Well, I think it is a bit too."

"But Old Ge is still a kind article."

"Yes."

"Let's go to Yongzhou this time, just hoping to find the third sister."

"Because only by finding the third sister, we can find the clues to the gate of hell." The silent Duguxie said slightly.

Li Tian is also looking forward to it at this moment. He wants to know what the Baihua fairy who followed his father back then was like? What kind of person is it?

The train journey is boring and boring.

Li Tian and his brothers sat in the small carriage along the way.

When Li Tian has nothing to do, he will pick up his red sword in his hand and study it carefully.

He felt that this sword was a little weird.
