

A Killer 921

Chapter 921: Evil woman

As the only descendant of the Cthulhu, Li Tian's deeds now spread like a plague.

In fact, a month ago, when the four major families suffered major changes, Li Tian's identity had already begun to be slowly exposed.

And now, the fact that he is the son of the evil ***** is even more known to many people in the arena.

Although many of those people have not seen this Li Tian yet, they still don't know what the evil god's son is like? But the situation has risen... the darkness will soon be swallowed.

Those who once had hatred and grievances with Cthulhu, must be looking for Li Tian at this moment.

The father's debt repayment may be the reason.

On the highway leading to Jinghai City, several sturdy military Hummers h3 rushed towards Jinghai City wildly.

These sturdy military Hummers have become the most eye-catching behemoths on the highway section of Jinghai City.

Especially the license plate on the front: North hw4510 license plate.

In fact, although several Hummer vehicles are big enough and barbaric enough, the most important thing is his license plate, because everyone knows that: North hw4510, what this license plate means, means that these vehicles are the best among the four military regions. The most brave military vehicle of the North China Field Army.

It is hard to imagine how the Hummer fleet in the North China Military Region suddenly came towards Jinghai City.

Is it for military affairs? Or is there something else?

This makes people a little puzzled.

Take a closer look at these military Hummers, there are 4 in total, arrogant, like a tiger going down the mountain.

Vehicles all evaded on the roads they walked past. There is no way. Who makes the North China Field Military Region the leader among the four military regions?

Legend: The soldiers of the North China Field Military Region are as ruthless and generally hard as wild wolves. When I saw these four domineering Hummers today, they were truly extraordinary.

Take a closer look at these four military Hummer vehicles. Inside the first Hummer convoy were full-fledged soldiers.

They had steel-like bronze skins, sitting coldly in the car, their hard eyes revealed so many years of hard training, and a beautiful green military uniform was worn on them, shining.

The people sitting in the second Hummer were quite strange.

Because I looked at the person in the car carefully, and turned out to be a woman, a woman who can be called a beautiful country.

A faint makeup was applied on her face, although she was lightly applied with powder, she still looked like a fairy in the painting.

Danfeng eyes, willow eyebrows, and the straight nose bridge are almost as beautiful as the exquisite sculptures made by the master sculptor.

She has a pair of eyes that seem to be able to speak. They are so glamorous and heart-piercing, as if only a slight movement of her beautiful eyes would cause a man to fall down immediately.

It's just that the beautiful eyes seem to have a fascination...like a fox.

The so-called glamorous eyes are bad for the common people, maybe it is such a pair of glamorous eyes.

She was wearing a red cheongsam, red as blood, embroidered with exquisite phoenix pictures, if the boss of Beijing-Hangzhou silk and satin could see such exquisite embroidery, she would definitely be envious.

This is such an extremely beautiful woman sitting in such a Hummer that looks out of tune with her.

"Auntie, can we really find him when we come to Jinghai City this time?"

Suddenly a **** female voice asked from nearby.

Look carefully, there is an extremely charming little Nizi sitting beside this coquettish woman.

That girl looks 1718 years old,

The black hair is tied into two braids, it looks so beautiful, so pure, and the delicate melon seeds have **** eyes with bright eyes.

Although she is only 1718 years old, she is already slim and graceful. If such a little beauty is dressed up, she must not shiver each and every one of the beautiful models on the TV.

At this moment, the little beauty was holding her delicate chin with one hand, while looking at the glamorous woman in front of her and asked.

The glamorous woman next to her suddenly turned her head to look at the delicate little Nizi, and smiled lightly. With such a variety of smiles, even this little Nizi was deeply attracted by her aunt's smile.

"Will do!"

"It should be."

The sound should be "Tianlai".

"Auntie, it is said that he was really great back then, is it true?" The little Nizi next to her suddenly blinked her curious eyes and continued to ask.

The glamorous woman called the aunt in front of her suddenly smiled, and she smiled so beautifully and so glamorously.

"Nini, do you say that the personal guard next to Grandpa Mu, Opteron, is good?" The glamorous beauty did not directly answer the little Nini's words, but turned her head and asked a very strange word.

The fresh little beauty who was called Nini blinked and thought for a while: "Of course it's amazing."

"He is known as the No. 1 general in the military area." Nini said excitedly.

In the entire North China Field Army unarmed fighting competition last year, Nicole watched the battle in person.

Opteron, the commander-in-chief of the North China Field Army, the company commander of the guard company, a man who has made two second-class merits in the North China Field Army, one first-class merit, countless third-class merits, one is considered to be born as a soldier. The man who won three consecutive free-fighting championships in the whole army is the man he is known as the role model of the North China Field Army.

When Nini came out of the Opteron, there was a smile of joy in the beautiful eyes of this girl, as if she liked the man with countless glory.

It is said that beautiful women love heroes, it seems that this is true.

Really strong people should have a woman to love, especially a 17-year-old girl like Nini.

"Optical Dragon is so powerful, but Nini, do you know? Opteron was not his opponent back then!" Then the glamorous woman sitting beside Nini suddenly smiled.

what?

When the glamorous woman uttered these words, Nini's eyes widened suddenly.

In her mind, the Opteron next to Grandpa Mu was already a character like Wanfu invincible... She was the incarnation of a hero, but now she heard her aunt say that Opteron was defeated by him. 'S men?

Who is he?

Is it really that powerful?

"Aunt, really? Is he really that powerful?" Nini was curious.

The aunt in front of her smiled, the beauty of her smile was shocking.

"Yes."

"If you don't believe Auntie's words, go back to Opteron and ask... You ask him, who was defeated by the evil ***** 24 years ago? Who lost all the faces of the North China Field Army? "After the coquettish woman in front of her said these words, this Nini was completely shocked.

Chapter 922: North China Field Army

Cthulhu?

Cthulhu!

Is he really that powerful? The character who has been legendary in her mind...is it really such a horror?

Nini's eyes were filled with endless envy and endless yearning.

But what about the beautiful women around? I don't know why when she uttered the words Cthulhu, a little sadness appeared in her smile...It was as if the fireworks in the sky suddenly lost.

"Auntie, if the Cthulhu is really that powerful, how could he die?" Nini who was beside her suddenly asked sadly.

Just listen to the glamorous woman next to her suddenly smiled, and said: "If you are a man, you will die."

"No matter who it is, it will die. It's not surprising."

Nini felt sad when she heard her aunt say this.

He sighed and said, "Hey, why did you die so early? If I didn't die, I could still meet...that would be great."

"However, I am quite curious about him now." Nini said with a smile suddenly.

The glamorous woman in front of her smiled.

"Nini, have you heard a word?"

The delicate little girl named Nini was taken aback for a moment, blinked her beautiful eyes and said, "What is it?"

"Dragon has nine sons, but not every son is a dragon!" the aunt in front of him said suddenly.

"Oh!" Nini replied.

Then his head turned slightly and said, "Auntie meant that this time we are looking for the son of the evil god, maybe it will be a waste of money, right?"

The glamorous woman in front of her suddenly smiled and did not speak any more.

Nini turned her head.

"Hey, will this evil god's son really be a waste? If it is really wasteful, then it won't be fun... Hey!"

"It's because of myself that I ran out of the North China Field Army so far. If it is really different from what I imagined, then I will be depressed." Nini in front of her thought with her delicate chin.

After a long pause, Nini suddenly asked, "Aunt, I want to ask you something."

The glamorous woman in front of her turned her head slightly to look at Nini and said, "Ask."

"Auntie, why did Grandpa Mu let us find the son of the evil god? Do we know him?" Nini said, blinking her beautiful eyes.

The glamorous woman suddenly smiled after hearing Nini's question, but her laugh was extremely strange.

"Knowing? More than just knowing!!!" The beautiful woman suddenly sighed.

Nini was puzzled by the words of the glamorous woman in front of her. She raised her beautiful eyes and looked at her. To be honest, she was quite curious.

Since Nini heard stories about the evil gods from the outside world during this period of time, he felt that Grandpa Mu, who loved and loved herself the most, seemed to have changed.

Not only does he seem to be worried in the army, but he rarely speaks to himself.

For these Nini are a little puzzled.

A few days ago, the Chief of Staff of the Military Region suddenly told Grandpa Mu that after the news about the descendants of the Cthulhu, Grandpa Mu was suddenly excited... At that time, Nini often saw Grandpa Mu sitting there alone. Helped in a daze, and sometimes sigh for no reason. For all this, Nini doesn't know why.

Until yesterday, Grandpa Mu suddenly ordered to send people to Jinghai City to find the descendants of the Cthulhu... and at all costs, the descendants of the Cthulhu must be sent to the North China Field Military Region.

By the way, after the glamorous woman in front of her uttered that sentence, she suddenly said slowly, "Forget it... Dad won't let me tell you these juniors!" The glamorous woman in front of her suddenly sighed. Say.

"Why? Why?" Nini was a little depressed, because she really wanted to know the answer in her heart.

"Nini, you are still young about these things... not when you should know!"

"When you get older, you will naturally know."

Nini blinked her beautiful eyes and nodded: "Oh, all right."

Listening to what my aunt said, Nini is a little disappointed, but these are not important to her. What is important is that she is now going to Jinghai City to find the descendants of Cthulhu... Looking for the one who used to be next to Grandpa Mu The son of a fierce man who will be defeated in a battle...

You say that the tiger father has no dogs? Will the Cthulhu's son be very powerful? This is currently Nini's biggest concern.

"But I'm still very happy to be able to come out and play once...hehe." Na Nini said with a smile.

But he said that in this Hummer there were not only their two coquettish women, but also a man in military uniform sitting motionless beside him.

The man is burly and strong.

The two bars and one-star major ranks on his shoulders were particularly dazzling.

"Chief of Staff Wang, how far is it from Jinghai City?" Suddenly the beautiful woman raised her beautiful eyes and glanced at the man and asked.

Known as Chief of Staff Wang, slowly replied, "There is still half an hour!"

"Okay, very good!" The glamorous woman smiled slightly, and then slowly closed her beautiful eyes, and began to sit there quietly like an old monk entering a calm state, motionless like a bell.

Ouyang family in Jinghai City.

The Ouyang family, which has always been the head of the four major families, has always been the leading pillar of Jinghai City.

However, many things have happened to this leading pillar recently.

Just because the last time Master Xuanmen: Feng Qingzi was killed for no reason, this Ouyang family has not been in a state of restlessness.

Master Xuanmen Feng Qingzi was one of the best old friends of the old man Ouyang, but who could imagine that he died just like that for no reason.

Isn't this? Since Feng Qingzi was killed, the Ouyang family has been looking for enemies.

But so far, they have not found it.

Although the murderer has not been found, the Ouyang family must regain their power.

Now the old man Ouyang, who has not been out for many years, has been born... Sitting in the Ouyang family, for the Ouyang family, there is a lot less external pressure.

It was almost noon, when the Ouyang family suddenly saw four extremely powerful Hummer cross-country military vehicles rushing towards the door of the Ouyang family mansion.

The security guard at the door was stunned after seeing such a powerful Hummer fleet.

As the security guards of the four major families, of course they have seen any good cars, but when they saw four sturdy military Hummers like today, they couldn't help being dumbfounded.

Just as they were stunned, the four extremely powerful Hummers had already hissed and stopped like a beast.

Then as the door opened, a heavily armed soldier jumped out of the Hummer.

The neatly dressed and vigorous gait immediately stood on both sides in an orderly manner after jumping off the car quickly.

Wearing a military uniform, holding a real gun with live ammunition in his hand, looking dazzling and eye-catching.

Chapter 923: Meet for the first time

When the guards of the Ouyang family in front of them saw such a magnificent scene, they were all stunned.

At this moment of surprise, I saw two women slowly coming down from the car in the middle.

One is a glamorous mature woman, and the other is a charming little girl.

There is no doubt that these two people are the two weird women talking all the way on the road.

After they got out of the car, they walked out from the other side of the car door, the major staff officer with two bars and one star on his shoulders.

Taking a vigorous pace, this time also came quickly.

But he said that just when such a group of soldiers suddenly came to the front of the Ouyang family's mansion, it made the security guards completely dumbfounded, and no one knew what happened.

"What do these people... do?"

"I don't know! But the background is definitely not small." The four security guards standing at the door were talking in a low voice. Although they were talking in a low voice, no one dared to step forward.

While they were talking, the major staff officer with two bars and one star on his shoulders had walked over.

"You, come here."

The major said in a cold voice, pointing his finger at a security guard in front of the Ouyang family.

There was an irresistible force in the voice.

The security guard was stunned, and walked over to the major staff counsellor.

"This...leader...what's the matter?" The security guard was a little confused, even the name was wrong.

Nini, the girl next to her, chuckled and covered her mouth when she heard the security call the major staff officer as the leader...Nothing mentioned how charming she was on her flowery face.

"Auntie, you hear that person is called Chief of Staff Wang!" Nini said with a smile covering her mouth to the charming woman next to her.

The charming woman in front of her smiled faintly, and said nothing.

Besides, after the major staff officer called the security guard in front of him, he suddenly took out a North China Field Army military area certificate from his pocket.

"I am the Chief of Staff Wang of the 36th Brigade and 44th Division of the North China Field Army. I came here today. I want to see Mr. Ouyang, so please let me know."

After the majestic words came out loudly from his mouth, then he slowly stuffed his military area certificate in his arms.

The security guard in front of him didn't know if he understood it, but he nodded quickly and stood there stupidly.

"Please inform me." Leng Leng's words suddenly roared out of the major staff's mouth again.

At this time, the stupid security guard woke up and quickly said with embarrassment: "Okay, okay..."

While talking, he trot all the way to the Ouyang family mansion quickly.

After he left, Nini giggled again.

"Patriarch, Patriarch!"

The panic yelling of the security guard could be heard far away.

In the lobby of the main hall of the Ouyang family villa, Ouyang Zhengtian, who was looking at a financial and business newspaper in his hand, suddenly heard the panicked voice of his subordinates outside the door, he frowned slightly, and then used He slowly took off his glasses and turned around slowly.

After a while, I saw that the panicked security guard had rushed in.

"Patriarch..." The security guard who ran in had already seen Ouyang Zhengtian running over while shouting in his mouth.

Then Ouyang Zhengtian felt a little dissatisfied with the panic behavior of his subordinates.

He hummed softly: "What's the matter?"

"What makes such a fuss?"

The security guard hurried over at this moment, panting and saying, "Here is someone...here is someone..."

"What's here?" Ouyang Zhengtian frowned and said, looking at the security guard.

Just listen to the security guard sorting out his emotions and then slowly saying: "Patriarch, people from the North China Field Army are here."

"What? What did you say?" Ouyang Zhengtian was stunned when he heard the security guard say so.

"People from the North China Field Military Region are here." The security guard said again.

After speaking this time, Ouyang Zhengtian could hear him thoroughly.

"People from the North China Field Army Military Region? What are they doing here?" Ouyang Zhengtian muttered with doubts over his face.

"What about now? Where are the people?" Ouyang Zhengtian asked quickly.

"Just outside the gate," said the security guard.

After hearing the security say this again, Ouyang Zhengtian wrinkled.

This North China Field Army, located in the remote north, has had very little contact with the Ouyang family. Why did someone suddenly arrive in Jinghai City today? It's really strange, Ouyang Zhengtian thought silently.

"Well, you go to inform the old man about this matter, I will go to the door to meet them first." Only listen to Ouyang Zhengtian said slightly.

"Yes, Patriarch."

The security guard ran out quickly after speaking.

At this moment, Ouyang Zhengtian also quickly sat up from the soft sofa, then walked into the room and changed into Zhou Zheng's suit, and walked towards the door of the Ouyang family's villa.

On the road, I just met the second child of the Ouyang family, and Ouyang Hua saw his eldest brother.

"Big brother, where are you going?" Ouyang Hua ran over and asked quickly.

Ouyang Zhengtian saw that it was his second brother, so he told Ouyang Hua about the security matter just now.

Upon hearing this, Ouyang Hua was stunned.

"The people from the North China Field Army Military Region are here? Why are they coming to our Ouyang family?"

"If I remember correctly, our family has no contact with the people in the North China Field Military Region, right?"

Ouyang Zhengtian also nodded there and said, "I also feel strange about this."

"But since they are already here... they are the guests, go, let's go out to meet them." Just listen to Ouyang Zhengtian.

So Ouyang Zhengtian in front of him took his second brother and walked quickly towards the door of the Ouyang family's villa.

From a distance, they could see the four military Humvees parked outside the Ouyang family villa, and they could also see the soldiers in military uniforms standing on both sides with icy guns.

Ouyang Zhengtian took a look, tidied his suit slightly, and walked towards the gate with a smile.

When the security guards at the door saw the Patriarch came out in person, they all bent over and said, "Patriarch."

Ouyang Zhengtian waved his hand at them slightly, and at this moment he saw the major staff officer standing at the door and the coquettish woman beside him.

After seeing them, even though Ouyang Zhengtian felt strange, he walked over with a smile.

Chapter 924: Because of Li Tian

"I didn't expect people from the North China Military Region to come to our humble house... It really made our Ouyang family flattered."

"Hello, hello."

Ouyang Zhengtian said with a smile and walked over.

The major staff officer on the side didn't seem to be very suitable for this kind of entertainment, but said coldly, "Hello, Patriarch Ouyang."

"Our Ouyang family has always wanted to visit Commander Mu and visit the North China Field Army. Unfortunately, we have never had the opportunity. Hey, I didn't expect to be able to contact people in your military area today. It is really our honor." Ouyang Zhengtian continues to be here That said with a smile.

"Patriarch Ouyang is too modest." Suddenly a charming voice rang.

It was the very beautiful woman who was talking.

Her frowns and smiles seemed to turn sentient beings upside down, giving people a sense of seduction.

When Ouyang Zhengtian saw this coquettish woman, he suddenly felt a bit inside.

Because he suddenly felt that she was so familiar, but he would not recognize it for a while.

"Our field military area, today, specially came to the Ouyang family as a guest. Is it convenient?"
The coquettish woman suddenly looked at Ouyang Zhengtian with a smile and asked.

Upon hearing this, Ouyang Zhengtian quickly said: "Of course it is convenient!"

"And I can't ask for it!"

The charming woman chuckled slightly: "That's good!"

"I thought we were afraid of disturbing you... so it seems that we are more at ease."

Ouyang Zhengtian laughed and said: "This young lady is really worried... Although my Ouyang family doesn't contact the North China Field Military Region very often, we have admired the name of Commander Mu for a long time! So I have always thought about it. Visiting his old man... It is of course an honor for our Ouyang family to receive the people under Commander Mu."

"Thank you Patriarch for his sincerity to my father." The coquettish woman suddenly smiled.

After Ouyang Zhengtian heard this coquettish woman say these words, his heart suddenly shook.

Gosh?

Is this coquettish woman the biological daughter of Mu Yunlong of the North China Field Army?

Rumor has it that Mu Yunlong, commander-in-chief of the North China Field Army, has two daughters in total.

One is called Mu Wanqing, and the other is Mu Yaoshui.

And that big daughter has mysteriously disappeared more than 20 years ago...No one knows what the reason is. Except for those who really understand the inside story back then, the rest of the outside world does not know Mu Yunlong's Why did Miss Da Qianjin disappear?

Now Mu Yunlong always tells the outside world that he has only one daughter.

And this daughter is undoubtedly the one in front of her, Mu Yaoshui, a fox-like beauty with an alluring look.

When Ouyang Zhengtian knew in shock that the beauty in front of him was the daughter of the commander-in-chief of the North China Field Army, he was not only shocked.

"Oh my God, I didn't expect Miss Mu to come here... It really shocked me Ouyang Zhengtian."
Ouyang Zhengtian said slightly.

But seeing that beautiful Mu Yaoshui smiled slightly.

"Patriarch Ouyang is too modest... I came to Jinghai City this time only to find someone on my father's order."

Hearing what Mu Yaoshui said, Ouyang Zhengtian asked in a puzzled manner: "I don't know who Miss Mu is looking for?"

Mu Yaoshui smiled slightly and said, "I'll talk about this later."

"It's good, it's good."

"Well, Miss Mu has been working hard all the way, please go to the humble house to rest first."
Ouyang Zhengtian said politely.

Mu Yaoshui was not polite, and nodded slightly.

"Chief of Staff Wang, let those people under your command wait outside quietly." Only Mu Yaoshui said to the chief of staff with the rank of major next to him.

The steel chief of staff said, "Yes!"

Then he went to command his soldiers.

And here Mu Yaoshui gently pulled the slender wrist of the glamorous girl Nini towards the villa of the Ouyang family.

The Ouyang family is extremely luxurious and is known as the richest man in Jinghai City.

The entire villa complex is even more magnificent.

Even Nini, who has lived in the North China Field Army all year round, not only walked, but blinked her beautiful eyes and looked around in surprise.

"Wow, so beautiful."

Nini exclaimed as she walked.

The group of people walked into the main hall of the Ouyang family in the slow chat.

After sitting down in the main hall, the Ouyang family member quickly came up with steaming fragrant tea.

So Mu Yaoshui chatted with Ouyang Zhengtian there.

Mu Yaoshui didn't seem to want to talk to this Ouyang Zhengtian about the purpose of her trip, but said some irrelevant words.

And what about Ouyang Zhengtian? Since the other party refused to say it now, he didn't ask too much, so he could only chat with Mu Yaoshui.

The old mansion behind the Ouyang family is the residence of the old man Ouyang.

Just now, the security guards had already reported to Ouyang Wujiang about the visitor from the North China Field Army.

The current old man Ouyang was sitting in that old ancestral hall with his brows tightly closed, quietly thinking about his thoughts.

"It seems that the one who should be here is here." Ouyang Wujiang suddenly said a weird sentence.

"Grandpa, what should come or is it coming?"

Suddenly a pretty voice came from inside.

Look carefully, that person is exactly that Ouyang Shiqing.

Ouyang Shiqing, dressed in a casual outfit, is still so beautiful, so beautiful.

A pair of black glasses slung over the straight bridge of her nose filled her with a kind of intellectual mature woman.

Originally from the last time the best old friend Feng Qingzi of Old Man Ouyang was killed for no reason, Ouyang Wujiang was hit, and every day is extremely uncomfortable. Fortunately, there is poetry by his side and staying with him. By my side... because only she can make the old man laugh once a day.

"By the way, why did the people from the North China Field Military Command suddenly come to our family?"

"It seems that we haven't had any contact with them before."

Ouyang Shi looked at Ouyang Wujiang incomprehensibly and asked.

Ouyang Wujiang smiled slightly, and Hefa Tongyan's face slowly said, "That's because his identity has passed into that old commander's ears."

"His identity?"

"Who?" Ouyang Shiqing continued to ask curiously.

Ouyang Wujiang slowly turned his face, looked at his favorite granddaughter and said, "Li Tian."

Li Tian!

The two words hit Ouyang Shiqing's heart like a bolt from the blue sky.

Ouyang Shiqing thinks of this name every day, not because of anything else, but because Ouyang Shi loves him and Li Tian.

Chapter 925: His grandson

She told herself that she was the only one who loved him in her life. She used to be, and she is still waiting here for him. Although Li Tian has never made a promise to herself, she has never given her any promise. , But for her, as long as she loves him, this is enough.

And now? Ouyang Shiqing was shocked when she suddenly heard her grandfather say Li Tian's name.

She really didn't expect to find Li Tian for so many things.

In the past, the hatred of the four major families was found on Li Tian, but now the people from the North China Field Military Command suddenly came to Li Tian?

why? Why are these things related to him?

It seems that Li Tian has always had a lot of troubles innocent to provoke him.

Moreover, when Ouyang Shiqing suddenly heard her grandfather say it was because of Li Tian, she was shocked.

It took a long time to wake up slowly.

"Grandpa, you are talking about Li Tian? How could it be him?"

"What's wrong with him? How could he have contact with people in the North China Field Army Military Region?" Ouyang Shiqing is really worried about Li Tian, and she is afraid that this time it will be Li Tian's trouble.

But seeing Ouyang Wujiang smiled slightly, looking at his granddaughter.

"Girl, stop thinking... and don't worry about that kid."

"You know, it's a good thing for people from the North China Field Army to come to him." Ouyang Wujiang said suddenly.

Listening to what the old man said, Ouyang Shiqing was even more depressed.

"Good thing?"

"Of course it is a good thing." Ouyang Wujiang said.

"In the past, I was afraid that Mr. Mu, who is as stubborn as a donkey, would deny the existence of Li Tian, now I am wrong! It seems that flesh and blood are still flesh and blood after all, and family affection is still family affection after all." Ouyang Wujiang sighed there.

Listening to his grandfather talking like this, Ouyang Shiqing is even more puzzled. He really doesn't understand what grandfather said just now, what flesh and blood? What kind of affection?

How could Li Tian have something to do with people in the North China Field Military Command for no reason?

"Grandpa, what you said, poetry is getting more and more confused!" Just listen to Ouyang Shiqing.

"How can Li Tian have contact with the North China Field Army? And why is it a good thing?"

Ouyang Wujiang said slowly, "Girl, don't underestimate that kid."

"Do you know who his father used to be? Who is his mother?" Ouyang Wujiang said suddenly.

Ouyang Shiqing had heard of Li Tian's mysterious rumors before, and heard that Li Tian's father seemed to be a generation of evil gods who dominated the world more than 20 years ago. For the news of Li Tian's mother, Ouyang Shiqing still I really don't know much.

But even if Li Tian's father is the one of the generation who once dominated the world, how could Li Tian now have contact with the North China Field Army?

"I know that Li Tian's father seems to be a generation of evil gods more than 20 years ago, but his mother, I don't know."

Ouyang Wujiang laughed haha.

"Girl, this is the key to your ignorance of the relationship between the North China Field Military Command and Li Tian."

Listening to his grandfather's words, Ouyang Shi was taken aback, and her heart was stunned: Could it be that Li Tian's mother has a connection with the North China Field Military Command?

"Girl, do you know who Li Tian's mother is?"

"Who?" Ouyang Shiqing asked with eyes wide open.

Father Ouyang said: "His mother is the biological daughter of Mu Yunlong, commander-in-chief of the North China Field Army, Mu Wanqing, and Mu Yunlong is Li Tian's biological grandfather."

what?

When the truth that shocked the world suddenly came out of the old man Ouyang's mouth, Ouyang Shiqing was completely stunned.

Really? fake?

Is Li Tian's mother really the daughter of the commander-in-chief of the North China Field Army? Is that Mu Yunlong really Li Tian's pro-grandpa?

Ouyang Shiqing could be speechless at this moment.

It took a long time for Ouyang Shiqing to wake up slowly.

"Grandpa, are you true? Li Tian's grandfather is really the commander-in-chief of the North China Field Army?" Ouyang Shiqing asked in shock.

"of course."

"Although very few people know the truth about this matter, the old man knows it." Ouyang Wujiang said.

"I think the story of the Cthulhu and the North China Field Army has always been a topic of relish in the rivers and lakes... It's just that after the Cthulhu disappeared, Mu Yunlong never admitted that he had such a daughter, and he never admitted that the Cthulhu was him. The son-in-law business."

"Ah? Why is this?" Ouyang Shi asked inexplicably.

"Why didn't Commander Mu admit it?"

Ouyang Wujiang said: "That's because from the beginning, Mu Yunlong didn't approve of his daughter's association with that evil **** at all."

"Oh, it turned out to be like this." Ouyang Shiqing seemed to understand a lot.

"Yes, back then, in order to prevent his precious daughter from marrying that evil god, Mu Yunlong made a bet for the evil god, but unfortunately the last bet made Mu Yunlong lose his daughter." Ouyang Wujiang smiled. Say.

"Bet? What kind of bet?"

"Mu Yunlong thought that every member of his North China Field Army was brave and good at fighting, so he made a rule with Cthulhu. As long as Cthulhu can defeat the first general in his army, Opteron, he can marry his daughter."

"But then I didn't expect that the Opteron, known as the king of unarmed combat in the North China Field Army, would actually lose to the Cthulhu. Because of this, Mu Yunlong not only caused himself to lose his daughter, but also lost the North China Field Army's invincible. Title... But this has just become the eternal estrangement between him and his daughter and the evil god."

"Since then, the old commander of Agni has declared to the outside world that he Mu Yunlong will never have that daughter again... Since then, he will not have any contact with his daughter or the evil god.

After listening to the old man in front of Ouyang saying so, Ouyang Shiqing finally understood what happened.

After thinking about it, Ouyang Shiqing asked, "That means that for so many years, the old Commander Mu Yunlong never regarded Li Tian as his grandson?"

Old man Ouyang said, "That's right!"

"But I can't say that completely."

"Because Li Tian's life experience was originally a mystery, until the birth of Duguxie and the ghost servant, Li Tian's identity was exposed. Although it was said that Mu Yunlong hated the evil ***** and angered his own daughter, after all, Li Tian is him. No matter what happened, he wouldn't hate Li Tian... I think the reason why Commander Mu has never found Li Tian for so many years is because he doesn't even know that his grandson is still alive. Right."

Chapter 926: Mu Yaoshui

After listening to what the old man said, Ouyang Shiqing finally understood what happened.

It seems that as his grandfather said, Mu Yunlong, the commander-in-chief of the North China Field Military Region, should have just learned about Li Tian.

"Then grandpa, now people from the North China Field Military Region are coming to us, probably thinking that Li Tian will be here, right?" Ouyang Shiqing said with beautiful eyes shining.

Old man Ouyang smiled: "I guess so."

"Let's go, it's time to go out and meet the guests." Ouyang Wujiang said as he slowly got up from the bamboo and rattan chair in front of him.

Ouyang Shiqing from behind also followed.

As we approached the hall, we could see soldiers standing outside Ouyang Villa from a distance.

One by one, like steel fighters.

Ouyang Wujiang followed Ouyang Shiqing and walked towards the hall step by step.

"father!"

Ouyang Zhengtian, who saw the old man from a distance, stood up from the dragon chair and said.

And Mu Yaoshui over there, as well as Nini and the major staff officer, also turned their eyes slightly at this moment, and saw the old man Ouyang with gray hair like a fairy.

With a kind smile on his face, he smiled at them as he walked.

"Old man...Hello!" The charming Mu Yaoshui also stood up at this moment, smiling at Old Man Ouyang and said.

Ouyang Wujiang saw Mu Yaoshui at a glance.

At this moment, the eyes lit up: "This must be the jewel in the palm of Commander Mu?"

Mu Yaoshui smiled softly, her beautiful eyes turned and said: "The old man is really clever eyes... I recognize me at a glance!"

Ouyang Wujiang smiled.

"Hehe, there is a person who can have the temperament of the old commander Mu, I am afraid that there will be no second one comparable to Er in the world." Ouyang Wujiang said with a smile.

"The old man really praised." Mu Yaoshui said softly.

This woman with a peerless allure is undoubtedly the beauty of the sky, the smile has already turned the sentient beings upside down, the beauty, the beauty of beauty, especially when she is now wearing a splendid cheongsam that is as red as blood, it is even more gorgeous.

Even when Na Ouyang Shiqing saw that Mu Yaoshui, she not only opened her beautiful eyes and looked at her, she was secretly horrified: It's so beautiful! There is no such beautiful woman in the world.

"Hey, it's been decades in a blink of an eye...I haven't visited Commander Muslin for a long time...I don't know if Commander Muslin is in good health now?" Ouyang Wujiang had already sat down in the middle and asked with a smile.

Mu Yaoshui nodded: "My father is still healthy."

"Daddy always talks about you, Mr. Ouyang!" Mu Yaoshui said and smiled.

Ouyang Wujiang laughed, "Really?"

"Unexpectedly, Commander Mu has not forgotten my old bone."

"The old man is joking... Dad often warns us that there are very few people in the world who can be as heroic and chivalrous as the old man Ouyang, and he also told us to behave like you."

"Hehe, Commander Mu's words made the old man ashamed."

...

In this way, Mr. Ouyang first chatted with the coquettish Mu Yaoshui.

And here, the major staff officer standing next to Mu Yaoshui was motionless like a stone, and the other beautiful girl, Nini, blinked her beautiful eyes and stared at Ouyang Shiqing from time to time.

This made Ouyang Shiqing feel very strange, and she secretly said: Why does that beautiful and lovely girl pay so much attention to herself?

"Father, it's true that we came here from the North China Military Region this time. Actually, we wanted to ask the old man about something." Finally Na Mu Yaoshui began to tell her true intentions after seeing the old man Ouyang.

"Oh! Tell me...As long as the old man knows, he will definitely tell Miss Mu all." Ouyang Wujiang said.

Mu Yaoshui smiled.

"Counsel Wang, you can withdraw with Nini first..." Mu Yaoshui suddenly turned his face and said to the chief counselor who was motionless around him.

The major staff officer stood there and said: Yes!

Then she straightened and strode out to the outside, and Nini also followed out at this time.

And here? Of course Ouyang Wujiang understood the meaning of Mu Yaoshui, so he waved his hand slightly to Ouyang Zhengtian and others beside him.

Then Ouyang Zhengtian and others are naturally smart people. Seeing his father's gesture at this moment, he smiled and said, "Miss Mu...Then you talk first, and we won't bother."

As they were talking, they quickly retreated.

At this moment, in the huge hall, only Mu Yaoshui and the old man Ouyang were left.

Elder Ouyang smiled and turned his vicissitudes of life to look at Mu Yaoshui and asked, "Miss Mu, can you tell me something?"

Mu Yaoshui smiled slightly.

"Father, in fact, I came here by my father's order this time and wanted to ask someone."

Ouyang Wujiang already knew in his heart who Mu Yaoshui wanted to inquire, but at the moment he didn't tell the truth. He smiled and asked, "Who?"

"A relative who has been separated from us for many years." Only Mu Yaoshui said slightly.

"Oh? Really?" Ouyang Wujiang said.

"Ok."

"His name is Li Tian." Mu Yaoshui said Li Tian's name all at once.

After she said it, Old Man Ouyang laughed suddenly.

"It seems that Mr. Mu is still thinking about him, okay, that's great."

Mu Yaoshui blinked her beautiful eyes and looked at Old Man Ouyang in surprise and said, "Is it possible that the Old Man has guessed it?"

But seeing Ouyang Wujiang smiled: "Hmm!"

"Hehe, in fact, I just learned that your North China Field Army came here, and I guessed it was for him." Ouyang Wujiang said with a smile.

Mu Yaoshui also smiled softly.

"It seems that what my father said is not bad... I can't hide anything from you, old man."

Haha!

"Mr. Mu's words make the old man a little dare not take it."

Mu Yaoshui suddenly sighed softly.

"Since my father learned the news that he is still alive, he hasn't slept well for several nights. Hey, the world has changed. Even I didn't expect my sister's son to be alive." Mu Yaoshui sighed there.

Yes, this charming and coquettish Mu Yaoshui is the aunt of Li Tian.

The commander-in-chief of the North China Field Military Region is obviously Li Tian's pro-grandpa.

At that time, Mu Yunlong, everyone in the world knows that he has two daughters who are all over the country. The eldest daughter is called Mu Wanqiu, the second daughter is now Mu Yaoshui.

These two beautiful women have always been Mu Yunlong's proudest.

But until later, the appearance of the evil ***** caused Mu Yunlong to lose his favorite daughter in this life... Mu Wanqiu!

Chapter 927: Father's past

Mu Yunlong looked down on Cthulhu, and always felt that Cthulhu was not good, but Mu Wanqiu loved the Cthulhu so much, she could desperate for the Cthulhu, and would not hesitate to fight with her father...

Ruyan's past has passed.

Only long and long memories are left now.

Mu Yaoshui in front of him continued to lament and said: "Since that night more than 20 years ago...My father has been heartbroken... He never thought that my sister and the evil ***** would be harmed by enemies..."

"Although my father still has a grudge against Cthulhu and hates him until now, to be honest, my father is still looking for the blood debt of the year, looking for an enemy."

"Not because of anything else, but because those people dared to kill my sister." Mu Yaoshui's eyes suddenly showed hatred.

It can be seen that she has a fairly good relationship with Li Tian's mother.

Listening to Mu Yaoshui saying this, the old man Ouyang also sighed for a long time.

"It's been twenty years since the past graciousness..."

"Miss Mu...maybe you don't know yet? Cthulhu may not have died! And your sister may not have died either!" Ouyang Wujiang said suddenly.

After hearing these words from Old Man Ouyang all of a sudden, Mu Yaoshui was stunned.

"what?"

"Master, what you said is true?"

"My sister and brother-in-law are not dead?" Mu Yaoshui suddenly looked at Old Man Ouyang with excitement and eyes full of disbelief.

I saw the old man Ouyang smile slightly and said: "Yes."

"Because the brothers of the Cthulhu have already been born... and as far as I know, although there were indeed many masters who harmed the Cthulhu 20 years ago, so far no body of the Cthulhu has been found... So the Cthulhu and your sister are very likely Not dead yet."

Listening to Ouyang Wujiang's speculation, Na Mu Yao Shui did not mention how happy.

"Oh my God, I really don't know how happy his old man should be after I told my father this news." Mu Yaoshui said happily there.

Father Ouyang also laughed.

"Yes,."

"Father, do you know where my nephew is now?"

"To be honest, it's been more than 20 years... Hey, I have never seen my nephew." Mu Yaoshui said suddenly.

But seeing Ouyang Wujiang frowned slightly and said: "It's true that Li Tian was indeed in my Ouyang family some time ago, but it's a pity that he left again later."

"Gone?" Mu Yaoshui said in surprise.

"Ok!"

"The former famous places in the arena and lakes have been born, including the evil sword Duguxie, and the shadow ghost servant. They are now following Li Tian. As far as I know, the current Li Tian should be looking for his former enemy." Ouyang Said without boundaries.

"It seems that he knows everything." Mu Yaoshui suddenly sighed slightly.

"The old man, does Li Tian know about his grandfather? Do you know who his mother is?" Mu Yaoshui suddenly asked again.

Ouyang Wujiang shook his head: "It seems that Li Tian doesn't know yet."

"I guess Duguxie and the ghost servants shouldn't tell Li Tian the identity of Commander Mu," said Ouyang Wujiang in front of him.

"Oh, that means my nephew still doesn't know who his grandfather is!" Mu Yao channeled.

"Well, it should be like this."

"But I believe he will know soon." Ouyang Wujiang said with a slight smile.

Mu Yaoshui nodded there too: "Yes!"

"This time I will take my nephew home anyway..."

"In this way, my father will be happy... to see his grandson with his own eyes."

Sitting on the train bound for Yongzhou, Li Tian felt that his right eye couldn't help jumping wildly.

It seems like something is going on.

On the other side, there were two people sitting quietly, Du Guxie and Ghost Servant.

Duguxie sat cross-legged, as if meditating there, while the ghost servant on the other side was lying there, as if sleeping.

Li Tian looked at these two people, and suddenly moved slightly in his heart.

They were the best brothers who had accompanied his father from birth to death. For Li Tian, this Duguxie and the ghost servant were now his elders and his closest relatives.

A faint feeling of happiness surged from Li Tian's heart.

He glanced at the ghost servant who was sleeping casually. Not only did he slowly walk down from the bed, and then to the ghost servant's side, all of the ghost servant's bedding was thrown aside, and Li Tian took it gently with both hands. He lifted the bedding and covered him quietly.

When the ghost servant was just covered, the ghost servant woke up suddenly.

At a glance, I saw Li Tian covering him with a quilt, and he became excited immediately.

"Little Lord....."

But seeing Li Tian smiled: "Wake up?"

The ghost servant suddenly felt a little excited in his heart, and even his words trembled.

"The young master is so kind to me, let my ghost servant be flattered!" The ghost servant said excitedly.

Li Tian just smiled faintly: "I just do something I should do!"

"I believe that if my father is still alive, he should do these things for you."

The ghost servant's eyes are full of deep touch. Yes, if the evil ***** is alive, he will cover his brother with a quilt.

This is brother.

Duguxie also saw the scene just now, and warmth also appeared in his indifferent eyes.

"Ghost servant, tell me about my father's past!" Li Tian suddenly smiled at the ghost servant and said.

Although Li Tian knows that his father is a Cthulhu, and he also knows that he is an extremely remarkable person, to be honest, he doesn't know anything about his father. Apart from hatred, Li Tian now knows nothing about the Cthulhu. .

"What does the young master want to know?" The ghost servant also whizzed up from the bed and said.

Li Tiandao: "I want to know everything about him."

"Okay, then I will tell the young master all of the past of the big brother." The ghost servant said excitedly.

"Actually, when I met my eldest brother, it was a long time ago. At that time, my eldest brother did not have the title of Cthulhu... I remember that I was chased by an enemy, and I happened to meet my eldest brother... The eldest brother saved me at the time. From then on, I knew that my ghost servant's fate was from the older brother, and I followed the older brother from that day on."

"My eldest brother was very energetic back then, and the world is invincible. Who would dare to disagree with him no matter whether it was black or white?"

"Furthermore, it happened that the three ancient gods were public. Many people were determined to ***** the three ancient relics. Brother saw that the people of the world were killing each other for the three relics, so he decided to personally give the three ancient gods Grab your hand, if that's the case, those people in the world won't have to fight anymore."

Chapter 928: Cthulhu story

"The first three ancient relics I got with my eldest brother were the blazing phoenix picture, a mysterious picture of the phoenix legend that can predict the future, and then we grabbed the Yuwen family's Xuanyuan sword... Actually, we didn't ***** that Xuanyuan sword at all. The sword,

because the Yuwen family gave it to us back then... Young master, it's not my ghost servant who talks big. Twenty years ago, the four big families were like ants in the eyes of the eldest brother, so the Yuwen family back then was trying to avoid disasters. , Also happened to hand Xuanyuanjian to Big Brother."

"Later, we robbed the last thing... Heavenly Book Pill scroll."

"At that time, the heavenly book pill scroll had not yet appeared, and no one knew where to find the relic. Later, we and our eldest brother accidentally heard that the book pill scroll was in the hands of a foreign country in the Western Regions, and it was also regarded as a holy thing! The eldest brother decided to go to the Western Regions and foreign countries to find the Heavenly Book Pills."

"We followed the big brother all the way through untold hardships and finally arrived in the Western Regions. Only then did we know that the book pill scrolls were left here for generations, and they were also regarded as sacred things, so the big brother originally wanted to grab the mind. Nothing... So we found the foreign country lord one after another. I wanted him to explain the reason. The eldest brother also promised that this heavenly book pill scroll is just a simple borrowing, and that the original will be returned when the time comes. Under his consideration, he agreed."

"But what I didn't expect was that when we were preparing to get the heavenly book pill the next day with our eldest brother, we did not expect that the leader of the state was suddenly killed... and then the foreigners thought it was us. I didn't do it or stopped, and I took away the celestial book pill scroll. My elder brother knew in his heart that it was useless to explain where we were...so we have to leave there anyway. Since then, the Western Regions have brought them to the eldest brother. Endless hatred... This is why people from the Western Regions have been coming to us for revenge."

Listening to the ghost servant in front of him, Li Tian seemed to have returned to that era, and he couldn't calm down for a long time.

"and after?"

"What about after the three ancient relics are all obtained?" Li Tian asked curiously.

Because he has always heard a legend. According to legend, as long as the three ancient relics gather together, you can open the temple of the forbidden area on Tianshan Mountain. Although no one knows whether this ancient legend is true or false, these ancient legends are profound. It's hidden in Li Tian's mind.

But the ghost servant suddenly said in displeased voice: "Later we were secretly calculated!"

"Huh?" Li Tian was taken aback.

"Who calculated you?" Li Tian asked.

"Those cardinals in the Vatican!" The ghost servant suddenly said angrily.

When Li Tian heard that he was a cardinal in the Vatican, he was taken aback for a moment, and he secretly said: How come foreign forces have also come in?

The ghost servant said: "When we followed our eldest brother to the Western Regions, we did not expect that the Vatican high-nosed people attacked us at our lair, and they also took away the legendary phoenix picture that can predict the future. We followed. The news came after the eldest brother came back. At that time, the eldest brother was immediately annoyed...I still remember clearly that he roared out at the time, if anyone who offends me, even if it is far away, he will be punishable! So we set off with the eldest brother on the same day to go abroad , Kill to the Vatican."

When the howling words came out of the ghost servant's mouth, even his whole person became agitated, as if he had returned to what he was more than twenty years ago.

Li Tian was also excited.

"After we arrived abroad, we fought against the gangs in New York, and then we went directly to the Vatican headquarters... At that time there were thirteen cardinals in the Vatican... All of them were extremely arrogant, but the eldest brother just went to the west and killed him. Those red bishops who had been robbed, I still clearly remember that if it hadn't been for the Vatican alarm bells to ring, I guess the eldest brother would dare to kill the Pope that day." The ghost servant laughed and said.

pope!

The pope of the Vatican headquarters in Western countries, how majestic, what status exists, who can imagine how domineering the evil **** back then, how to exist like a god?

"In this way, we snatched back the Fiery Phoenix Picture... and then left Eastern Europe overnight and returned to the motherland."

"This is the greatest hatred we had with the Western Pope." The ghost servant said word by word.

Li Tian nodded silently, thinking of his father's feats back then, he was not only excited.

"After we came back, we finally gathered the three gods, and then we were ready to go to the top of the Tianshan Mountains. See if the legend is true or false?"

"At that time we invited friends from all over the world to come with us, including people from the four major families, and other characters... But after we arrived in Tianshan, we did not expect to encounter a cold hurricane. Many people were frozen to death at the time. People can't move forward at all...Even the people of the four major families have retreated halfway!"

"We followed our eldest brother all the way to the top of the Tianshan Mountains, but we really did not expect that the hurricane on the top of the mountain would be too big that day... My eldest brother and my second brother desperately used our internal forces to resist the cold, but there was still no way to withstand the extreme cold. There is no way, we are exhausted and can only retreat... If we do not retreat, it is very likely that we will all be frozen to death on the Tianshan Mountains.

"After we retreated, because we were exhausted, we temporarily found a place to rest... But what we didn't expect was that when we were resting, we were attacked by someone..."

"The people who attacked us are extremely masters. At that time, we and our eldest brother were not opponents of the other party because they had consumed a lot of energy in the sky. The other party seemed to be just to **** the sacred object and did not intend to kill us ...So after the group of people snatched the three relics, they suddenly left...This is also the reason that led to the mystery of the disappearance of the ancient three relics." The ghost servant sighed.

what?

Li Tian was not only depressed when he heard this.

Quickly asked, "Then what then? Then do you look for it again?"

The ghost servant said: "We originally wanted to retrieve the three relics, but another happy event happened during this period."

The ghost servant suddenly said with a smile.

"What's the matter?" Li Tian was taken aback.

The ghost servant smiled and said, "It's your birth!"

"Me?" Li Tian was stunned.

"Yeah, when I went back with my eldest brother, I realized that my sister-in-law was pregnant... After seeing my sister-in-law pregnant, he was still in the mood to care about the three ancient relics. It was too late to be happy all day. "The ghost servant said and laughed.

Chapter 929: Mother's past

After Li Tian heard the ghost servant say so, his face blushed suddenly.

The extremely beautiful voice that used to be in the dream suddenly appeared in his mind, and the voice called himself: Tian'er, Tian'er!

Is that his mother? Is that the mother he missed most?

"Young Master, in general, my eldest brother, second elder brother and others have been killed all the way." The ghost servant said freely there.

After listening to the ghost servant's words, Li Tian finally knew too much about his father in his heart. He knew what kind of worldly character his father was.

Now, what he wants to know most in his heart is the news about his mother.

Because from the beginning to the end, the Duguxie and the ghost servant seemed to mention very little about his mother, Li Tian didn't know why.

At this moment, when the ghost servant finally talked about his mother, Li Tian asked, "Ghost servant, who is my mother?"

"What's her name? And why do you tell me so little about my mother?"

After Li Tian asked this, the ghost servant in front of him suddenly showed an embarrassment on his face.

He lifted a pair of weird eyes and glanced at Duguxie who had been sitting quietly over there.

Li Tian not only turned his head curiously, looking at the Duguxie who hadn't spoken from beginning to end, he was surprised, hey, what happened? Why do they seem to have something unspeakable?

But seeing that Duguxie, who had closed his eyes and meditation, suddenly sighed slightly after being silent for a while, and then the cold pupils opened, looking at Li in front of him. There are ghost servants in the sky.

"Second brother... or, it's up to you," the ghost servant said suddenly.

Li Tianyi felt even more strange when he heard them say this.

"What's wrong? What's wrong with my mother? Why are you two so strange?" Li Tian felt increasingly uneasy.

But seeing that silent Duguxie finally opened his mouth and said: "Young Master, don't worry, in fact, the reason why we conceal the older sister-in-law from you... only because... just because... many things... you don't know! "

"Hey, there are too many grievances in the past..." Duguxie said suddenly, full of sadness in her voice.

Li Tian became more and more curious, and couldn't help asking: "It's okay, you guys tell me!"

"I just want to know who my mother is? What kind of woman is she." Li Tiandao.

"Sister-in-law is the best woman I have ever seen in my life, and of course the most beautiful woman in the world..." Du Guxie's voice filled with appreciation.

Listening to Duguxie praising his mother so, Li Tian was naturally excited.

"Young Master, Sister-in-law when she was young, but she was outstandingly graceful and outstanding. There are hundreds of millions of people in the world who can be worthy of Sister-in-law. It is estimated that it is our elder brother.

Li Tian smiled, not only thinking of the love story between his father and mother back then, it must be very romantic and fun.

"By the way, how did my father and my mother meet?" Li Tian couldn't help but ask curiously.

Thinking back to the past, Duguxie showed a smile on his cold face, and slowly said, "I remember that was when we were going to North China with our eldest brother 26 years ago. There is no doubt that I saw your mother in a club... When I saw your mother for the first time, the eldest brother was deeply attracted by her unique beauty... also from that time The eldest brother admired her beautiful face, so he wanted to strike up a conversation with her, but who would have expected that your mother would not talk to her at that time..." Duguxie said with a smile.

Li Tian not only laughed when he heard this.

"And then?" Li Tian couldn't wait to know what happened next.

Just listen to Duguxie saying: "Then the eldest brother desperately chased your mother...always chasing... Finally, I was shocked to know that your mother turned out to be... but... the daughter of the commander-in-chief of the North China Field Army !"

what?

When Li Tian suddenly heard of his mother's identity, even he almost jumped out of the bed.

"What are you talking about? You said that my mother is the daughter of the commander-in-chief of the North China Field Army?" Li Tian asked with a pair of unbelievable eyes.

Duguxie smiled and nodded.

"Yes, young master."

"Mu Yunlong of the North China Field Army, Commander Mu is your grandfather!" Du Guxie said again.

When Li Tian knew his mother's life experience and his own situation, he was completely shocked there.

The whole person is stupid as if speechless.

"My mother is... the daughter of the commander-in-chief of the North China Field Army? My grandfather turned out to be the commander-in-chief?" How could Li Tian believe everything in front of him?

He lived in distress since he was a child, and grew up in an orphanage. How could he dare to have such a big fantasy?

Now that he suddenly learned the shocking truth, how could he not get excited?

Li Tian stood there in shock at this meeting, his head full of stunned feelings.

He felt that these things had come too suddenly...they came so that he couldn't accept it.

"Young Master, the reason why I and Ghost Servant did not tell you these things before is because there are so many things that you don't know... Hey, now that Young Master asks, then we will tell Young Master everything. Right." Duguxie said with a strange and lonely voice suddenly.

Stupefied, Li Tian slowly turned his face to look at Duguxie in front of him: "Okay, you tell me everything about my parents. I want to know... I want to know everything about them."

"Well, good." Duguxie said,

"In fact, the young master may not know something... The ghost servants and I only concealed the truth about your grandfather... that was because there were many misunderstandings between them... These misunderstandings will continue until twenty years later Now, I'm afraid it's not cleared up yet."

"Misunderstanding? What do you mean?" Li Tian asked puzzledly.

Duguxie then said: "In fact, the encounter between your eldest brother and your mother at the time was a match made in heaven... It's a pity that your grandpa didn't agree!"

"My grandpa won't agree?" Li Tian was depressed all of a sudden, and he was even more puzzled about what happened.

"Thinking that even though the name of Big Brother's Heretic God was admired by people all over the world... But from the outside world, it was just a devil's name, so as the commander-in-chief of the North China Field Military Command, of course, he was not optimistic about your father..."

So Duguxie told Li Tian about all the grievances between this evil god, Mu Wanqiu, and the North China Field Army.

Chapter 930: Nini

When Li Tian, who was in excitement just now, heard that his parents had gone through so many hardships before they were together, he was completely stunned.

He never thought that it would be so difficult for his father and mother to walk down step by step!

"...Later, after your mother stubbornly left the North China Field Military Command and followed your eldest brother, your grandfather declared to the outside world that he would never recognize your mother anymore, and that he would not recognize your mother anymore. I don't care about it anymore." Du Guxie sighed.

After Li Tian listened, mixed feelings in his heart.

His heart that was so happy that he had so many relatives just now disappeared.

"What happened later? Did my grandfather never find my mother? He is really so stubborn?" Li Tian asked.

Duguxie smiled bitterly in front of him, and slowly nodded there.

"Hey! Yes."

"You may not know your grandfather... He is the most stubborn old commander of the eight military regions in the country... As long as he speaks, he has never taken it back."

"So in the years to come, your mother and my elder brother never returned to the North China Field Army." Duguxie said.

Li Tian was completely confused after listening.

"This grudge lasted until you were born... At that time, the young master, you just gave birth... Your mother planned to wait for you to be older, take you home, and go back to the North China Field Army to see the stubborn one. Old man...After all, you are Mu Yunlong's grandson, it's a pity..." Du Guxie suddenly sighed.

"What a pity?" Li Tian asked suddenly.

"It's a pity that we were attacked by the gang of traitors at the gate of hell... so that a **** night took place twenty years ago." Du Guxie said fiercely with his fist clenched.

There was endless anger in his voice, and the hatred in his chest seemed to burn heaven and earth.

What about Li Tian? It is understood.

The blood of hatred in his eyes filled his fierce eyes.

The knots of the five fingers clenched fist and skull were clucked by him.

He hated and hated the gate of hell, and he could not wait to skin the beasts of **** gate one by one.

If it weren't for the door of hell, he wouldn't have been with his mother, and his father would have been separated for so many years, and he would never have had no father and no mother since he was a child... Now Li Tian doesn't even know the life and death of his parents, how could he not hate him?

"I want revenge!"

"I want all the people at the gate of **** to use blood to commemorate the **** night twenty years ago." The words of horror like death came out from his mouth with blood.

The endless murderous aura revealed by the whole body seemed to cover the whole world.

"Young Master, don't worry, they should pay the blood debt more than 20 years ago." Du Guxie said coldly.

Jinghai City, Ouyang Family.

Mu Yaoshui, who came from the North China Field Army Military Region, finally learned that Li Tian had indeed come to the Ouyang family some time ago after talking with the old man Ouyang, but now Li Tian has already left.

Where is Li Tian currently? The Ouyang family is not very clear.

So from the current point of view, the Ouyang family cannot bring Mu Yaoshui and the others to find Li Tian.

Fortunately, Mu Yaoshui also learned a lot about Li Tian from the Ouyang family.

She knew that her sister's son had grown up... and for so many years she had suffered all the loneliness in the world, and grew up alone in a remote orphanage containing zinc.

Only since I met Duguxie and the ghost servant knew him the truth of everything.

Mu Yaoshui was deeply saddened by what happened to her sister and son. She vowed to find her sister's son and bring him back to the North China Field Military Command. In that case, he would no longer have to be treated coldly by the world when he was wandering outside. Don't worry about making a living anymore.

Therefore, Mu Yaoshui didn't plan to stay in the Ouyang family any longer...They decided to leave the Ouyang family the next day, and go to the field to drag all the relations to find the trace of Li Tian.

The back garden of the Ouyang family is comparable to that of Luoyang Peony Garden.

The flowers and plants planted inside are of different colors, competing with each other, and they are extremely beautiful.

Among the thousands of flowers, I saw Ouyang Shiqing sitting there quietly, sitting on a white recliner.

She seemed to be thinking about something on her glamorous face, staring blankly at the place with her beautiful chin and eyes, no one knew what she was thinking about at the moment.

Suddenly, a beautiful figure walked towards this side curiously.

The Qian Ying is slender, with two whips, delicate and moving.

She is the girl named Nini from the North China Field Army.

Although this girl said she was only 1718 years old, she was already charming at the moment... a fully developed body was even more exciting.

But she said that when Nini smelled the fragrance of flowers all the way to the back garden, she saw Ouyang poetry among the thousands of flowers.

Nini, who grew up in the North China Field Military Region, has seen a lot of markets, and even a lot of steel soldiers, but she has rarely lived the luxury life of this kind of metropolis.

After I came to the mansion and villa of the Ouyang family, I was naturally happy and excited, so I walked and ran there.

At this moment, I happened to see the great beauty Ouyang Shiqing sitting among thousands of flowers in the back garden.

Looking at the beautiful and moving back of Ouyang Shiqing, this Nini girl seemed to be stunned.

"What a beautiful sister." Nini whispered suddenly.

Although the voice was small, it happened to be heard by Ouyang Shiqing who was dazed.

Ouyang Shiqing slowly turned her head and saw this Nini at a glance.

When she saw this charming girl, Ouyang Shiqing smiled and stood up.

"Hello, my name is Ouyang Shiqing." Ouyang Shiqing politely stood up and said to the little girl Nini.

Nini smiled.

"Hello, my name is Nini."

"I'm sorry, I just smelled the fragrance of flowers, so I walked here indiscriminately... I didn't disturb my sister, did you?" Nini raised her smiling face, and two shallow faces appeared on the pretty face of this smile. The dimple looks more and more beautiful and moving.

Looking at this lovely girl, Ouyang Shiqing would naturally not mind saying, "No!"

"Come, let me accompany you around."

Said Ouyang Shiqing really turned around in the garden with Nini in front of him like a big sister.

They were all young girls at first, and they soon became familiar with them after the talk of three to five.
