

## A Killer 931

Chapter 931: The person I like is Li Tian

Na Nini was full of praise for these strange flowers, and she kept complaining: I have never seen so many beautiful flowers in the North China Field Army...

Ouyang Shiqing listened to her and smiled there.

"Sister, you are so beautiful."

"It's really more beautiful than flowers." Na Ni Ni suddenly looked at Ouyang Shi and said infatuatedly.

Ouyang Shiqing smiled all of a sudden, and at the same time a blushing color appeared on that beautiful face.

"thanks for saying that!"

"But you are also beautiful." Ouyang Shiqing said.

Nini opened her red mouth and said, "I'm not beautiful...I think my sister is really beautiful...just as beautiful as my aunt."

Ouyang Shiqing knew who the aunt Nini was talking about was the beautiful Mu Yaoshui.

"But sister, I feel like you have something on your mind." Nini said with her beautiful eyes suddenly blinking.

Listening to Nini's words, Ouyang Shiqing became more curious about this little girl.

"Why do you say that?" Ouyang Shiqing asked.

Nini giggled.

"Because I know how to look at people... Under normal circumstances, I can see what my aunt's thoughts are like... I can also guess what my aunt is like just now!"

Hearing what the little girl said, Ouyang Shiqing asked, "Really? What did you think about me just now?"

Nini's clear beautiful eyes blinked, and then carefully looked at Ouyang Shiqing's beautiful face for a few moments, and then pretended to be confident and smiled and said: "I guess my sister must be for men. concern....."

When Ouyang Shiqing heard this little girl say this, she felt a little bit in her heart, and said to her: Hey, how could this little girl see it, it's really weird?

So he curiously said: "Why are you so sure?"

"Because I can see that my sister should be very concerned about that person, so I think that person must be a man, and it should be a man my sister likes very much."

Listening to Nini's analysis, Ouyang Shiqing laughed.

In fact, Nini's analysis is not bad, but Ouyang Shiqing was thinking of him just now, thinking of him, Li Tian.

It's been so long, without any clue from Li Tian, how could she not be worried?

She loves him so much, she pretends to be him in her heart, but what about him? Does he occasionally think about himself when he is far away? Thinking of this beautiful eyes of Ouyang Shiqing, there was a trace of disappointment and loneliness.

"Sister, what's the matter? Did Nini say something wrong? Did you upset you?" Nini couldn't help asking when seeing Ouyang Shiqing's lonely expression.

Ouyang Shiqing shook his head slightly.

"No, it's not because of you..."

"Actually, Nini, what you just said is not bad. I am really thinking of a person, a person I can't forget in this life." Ouyang Shiqing admitted that time.

Nini seemed very happy, happy that she had guessed what others thought.

"Sister, can you tell me who that man is?"

"Who can have such a blessing to be liked by a good person like my sister? And so worried?" Nini raised her beautiful eyes and said in confusion.

In Nini's eyes, the Ouyang poetry in front of her is undoubtedly a perfect existence, so she really wants to know what a man likes such a nearly perfect woman is like.

Listening to Nini's question, Ouyang Shiqing looked a little embarrassed, and did not say it directly.

Nini was full of curiosity and kept asking Ouyang Shiqing.

"Sister, can you tell me something?"

"Sister, do you know? You can only see him soon if you say it."

...

Listening to Nini's repeated questioning, Ouyang Shiqing finally compromised.

Turning her head and looking at the girl Nini next to her, she said, "Do you really want to know?"

"Yes, of course I did."

"Hehe, I want to know what kind of man is so attractive..."

Ouyang Shiqing slowly raised her beautiful eyes and looked into the distance, and suddenly recalled his lonely figure in her mind... That figure was so lonely and helpless, walking on a wasteland alone, with her shoulders a little hunched, as if she was carrying Under the endless pressure, but he is walking away...for his dreams, for his hatred.

"The one I love... is called... Li Tian."

A few words slowly came out of Ouyang Shiqing's mouth.

Li Tian?

When Nini heard these two words, she almost jumped up as if she had been bitten by a poisonous snake.

"It turned out to be him? Is it him?" Nini looked at Ouyang Shiqing suddenly in disbelief.

Ouyang Shiqing was surprised at Yu Nini's reaction. Why was this girl so shocked when she heard Li Tian's name?

"Nini, what's the matter?"

Nini's beautiful eyes widened, and she murmured: "That evil god's son... isn't it called Li Tian?"

"Is it he who likes my sister?"

Listening to the words in this girl's mouth, Ouyang Shiqing understood in an instant.

It seems that this little girl does already know about Li Tian, and this time she must have come here from the North China Field Military District, it is for Li Tian.

Ouyang Shiqing's charming face blushed, and said nothing else.

"Sister, sister, can you tell me about him?"

"To be honest, I am more and more curious about this Li Tian now?" Na Ni Ni suddenly blinked her beautiful eyes and said.

In her simple mind, that Li Tian's father is an out-and-out hero! How mighty a madman who can defeat the first champion, Opteron, who is next to his grandfather Mu, should he have?

Where is this evil god's son now? Is it as mighty as the evil \*\*\*\* back then? Same powerful?

This is of course what Nini cares most about, he can't wait to see Li Tian right away.

Listening to Nini's words, Ouyang Shiqing smiled slightly.

"Actually he has nothing..."

"I just think... I think he is... too tired."

Nini became curious when she said this.

"Hey, sister, why do you say that? Why do you say he is tired? Is the work he does tired?"

Ouyang Shiqing smiled and shook his head.

"No! It's not his job!"

"It's his life!"

Nini seemed to be a little confused, and blinked and said, "I don't understand."

Ouyang Shiqing also didn't intend to tell Nini about Li Tian, but simply said: "When you see him in the future, you will understand what kind of person he is."

"Nini, you must know that some people in this world are born with grace and wealth, but some people are full of thorns and need to walk on a difficult and lonely road... and Li Tian is such a person. ."

Nini seemed to understand Ouyang Shiqing's words, nodded there, smiled and said, "Sister, I really want to understand something."

Chapter 932: They left

"Do you know? My aunt and I came to your Ouyang family this time to find him on my grandfather Mu's order..."

"After my aunt and I find him, I will tell him in person how much my sister misses him here." Nini said with a smile.

Ouyang Shiqing laughed as the little girl said so.

A person's infatuation is waiting here for Li Tian, but does Li Tian know?

On the second day, Mu Yaoshui wanted to leave the Ouyang family in front of him.

Although the current Mu Yaoshui still doesn't know where Li Tian is, she has dragged people around and started to inquire about the trail of Li Tian.

According to Mr. Mu's identity as the commander-in-chief of the North China Field Military Region, it must be a quick thing to find Li Tian.

Outside the villa of the Ouyang family stood a row of soldiers from the North China Field Military Region, and the major staff officer also stood there unmoved.

The Ouyang family here, Ouyang Wujiang personally came out to see off the guests, followed by Ouyang Zhengtian, Ouyang Shiqing and others in turn.

"Master, don't have to send more..." Mu Yaoshui, who was standing there smiling, looked at Ouyang Wujiang and the others slightly.

Ouyang Wujiang smiled and said, "Okay!"

"But I also asked Miss Mu to tell my father, after a while, I will visit him in North China in person." Ouyang Wujiang said.

Na Mu Yaoshui smiled and nodded.

Where is Nini over here? Because after having a relationship with Ouyang Shiqing, it can be said to be reluctant at this moment.

The two girls were there holding hands, but seeing Nini's expression slightly sad and said: "Sister, you have to promise me that you must go to the North China Field Army to see me if you have the opportunity! Okay?"

Ouyang Shiqing looked at Nini's innocent smile and said, "Hmm! Don't worry! I will definitely visit you if I have a chance."

"That's good!" Nini smiled.

"Also, sister, if I see him, I will definitely tell him your sincerity." Nini suddenly smirked.

"I will tell him how true his sister is for him."

Of course Ouyang Shiqing knew who the person Nini was talking about. At this moment, her pretty face flushed slightly, so she didn't say much.

"Nini, we should go now." Mu Yaoshui's voice came from over there.

Nini reluctantly took Ouyang Shiqing's arm, and said there: "Remember, sister, I must come to North China to see me..."

While talking, let go of Ouyang Shiqing's delicate hand, and then ran towards the Hummer over there.

Ouyang Shiqing looked at her lovely figure and said goodbye.

I saw Nini over there and Ouyang's father one by one after they ran over, and then they got on the Hummer in front of them.

As they went up again, the remaining army members jumped into the car one by one.

He waved his hand slightly, and then only listened to the roar of the Hummer, a domineering U-turn, and directly turned and sprinted towards the distance.

In a blink of an eye, four awesome off-road Hummers left the Ouyang family.

After the four Hummer off-road vehicles left, Ouyang Wujiang slowly put away his smile.

At this time, Ouyang Zhengtian next to him asked: "Father, President Mu, the commander-in-chief of the North China Field Army, seems to have really sought his grandson this time."

Ouyang Wujiang nodded slowly.

"It looks like it should be."

"After all, they are his relatives!"

"Even if Mr. Mu hated the evil \*\*\*\*\* again... but Li Tian is always innocent."

"Hey, I just hope they can find that child as soon as possible." Ouyang Wujiang said slowly.

Ouyang Zhengtian seemed a little puzzled and asked, "Father, why are you so worried about Li Tian?"

Ouyang Wujiang said: "Even Mr. Mu already knows that Cthulhu's son is still alive. Think about it, can those demon heads who once had a deep hatred with Cthulhu not be born? If my guess is good, it must be now. Many people are secretly looking for the son of the evil god, and they will definitely retaliate against him... so I worry about the safety of that child."

After listening to Mr. Ouyang's analysis, Ouyang Zhengtian finally understood.

He frowned and said, "Does the father mean that Li Tian has become his father's scapegoat unknowingly?"

"The same can be said about this."

"Hey, who made the evil \*\*\*\*\* more than twenty years ago forge so many enemies..."

"Although the Heretic God is said to be invincible in the world for his entire life, his temper is too bad...This is also the reason for his tragic end in the end."

"Please remember to me that if you want to survive in this world, you must remember to hold the radius."

"And the Cthulhu didn't grasp this back then...If the Cthulhu's temper can be slightly changed and a little smoother, then there is no doubt that the entire world will belong to him."

"Grandpa, but I think this is exactly what the evil \*\*\*\*\* excels. If not, how could he be called the evil god?" Ouyang Shiqing said suddenly.

Ouyang Wujiang laughed loudly: "Yeah! My girl said so!"

"Hey, it's a pity that a generation of heroes."

After Ouyang Wujiang said this last sentence, he turned and walked towards the inside of the Ouyang family.

He left the North China Field Army off-road vehicle of the Ouyang family in a mighty manner, and had already driven to the outskirts of Jinghai City.

Judging from the current route, their whereabouts are not particularly clear.

In the Hummer, a cold voice suddenly came out.

"Chief of Staff Wang, is there any news from the military area?" Mu Yaoshui's charming voice sounded from the car.

The major staff officer carrying two bars and one star on his shoulder seemed to be particularly scared of Mu Yaoshui in front of him, and said quickly, "Not yet!"

Mu Yaoshui not only frowned slightly when he heard the major staff officer in front of him say so.

"Why is there no news yet?"

"Aunt, what's the matter?" Nini on the side asked Mu Yaoshui as if she was a little unhappy.

Mu Yaoshui seemed to be particularly fond of this Nini, smiled and said: "It's nothing, but I'm not sure where I should look for Li Tian next."

"Second Miss...or else, if you are really anxious, I will send someone to the National Intelligence Agency to find someone for help. If this is the case, I believe I will find Li Tian's trace through various information soon." The major staff officer said there.

"Don't call yet..."

"My father doesn't allow me to do this." Only Mu Yaoshui said slowly.

Chapter 933: Arrived in Yongzhou

Yes, the old commander Namu has always been a righteous and resolute man. In his eyes, he has national laws and family rules, and his family affairs have to be solved by himself. He does not rely on his status as the commander-in-chief of the North China Field Army. Embezzlement of private rights.

"Yes!" After hearing Mu Yaoshui's words, the major staff nodded.

"Forget it, anyway, we have been staying in the military area for so long. This time we finally came out once, and I happened to take you around... Let's do this first, we will wait for the news from the military area. Set off." Mu Yaoshui finally made up his mind and said.

Just after saying this, Nini became happy.

"Okay, okay. Hey, in that case, I can play well with my aunt." Nini said with a smile.

Na Mu Yaoshui lightly raised his finger and touched his niece's brow, then laughed.

There is no doubt that Li Tian's identity as the son of the evil \*\*\*\* is now known to the world.

Although Li Tian himself is not yet aware of this event, the outside world has already spread the word to him.

Li Tian, Duguxie, and the ghost servant who went to Yongzhou to find the Third Sister were all sitting quietly on the train.

They don't know anything about the wind and grass outside, the turbulent undercurrent situation.

For them now, there is still one day to reach Nayongzhou.

After arriving in Yongzhou, I found the fairy Baihua who had followed his father, and then looked for clues to the gate of \*\*\*\* from the fairy Baihua. Li Tian wanted revenge, revenge on the sea of blood.

The train time in a day is fast and fast, and slow and slow.

For Li Tian, who is lying on the bed carefully studying the red sword in his hand, time is naturally fast, but for those really boring brothers and the words of Miss Duan Muying, this can be regarded as suffocating. Up.

Fortunately, time finally survived the hardship.

The day has finally passed.

And they will immediately step into Yongzhou, known as the prosperous city.

The time to arrive in Yongzhou was pretty good. It happened to be more than 2 o'clock in the afternoon. There are still dozens of minutes before the time to reach the terminal in Yongzhou. But my brothers could not restrain their excitement. They got out of the train early. Came out.

What about Li Tian? He had already put away the Chilian Sword in his hand, and walked out of the carriage at this moment.

"Fuck it, finally here..."

"It's terrible to ride the overnight train." You can hear the roar of your brothers from a distance.

Li Tian walked out of the carriage with a smile, and saw Tang Xiaolong and others.

"Little boss... will be here soon."

"Yes, I finally arrived in Yongzhou." Chen Qiaozhi on one side also slightly stretched out and said.

The Duguxie and ghost servants over there also walked out of the carriage at this moment.

Through the vague train windows, one could already vaguely see the high-rise buildings in Yongzhou. The conductor in the loudspeaker used a clear voice to say that the next stop is Yongzhou.

"It is said that this Yongzhou mountain is good, the water is good, it belongs to a place of outstanding people, so it seems to be true." Then Chen Qiaozhi said through the glass window looking at the beautiful scenery along the way.

"Well, yes." Li Tian also said.

The scenery on this road is indeed very good, and occasionally he will look at the scenery outside.

"After our brothers arrive in Yongzhou, we must have a good time for fun." Tang Xiaolong said with a big grin.

When they were talking here, they saw two big beauties, Duanmuying and Situ Ningbing, coming out of another carriage, and the little girl ring behind them.

After getting along last time, Duanmuying and Situ Ningbing are obviously better now, but at this moment, they see two big beauties talking over there while walking towards this side.

Although Duanmuying is still full of the temper of the eldest lady, she can see that she has restrained a lot in front of Situ Ningbing.

After they walked over, Li Tian smiled to their side and asked caringly, "How is it? Are you tired after sitting on the train for such a long time?"

Duanmuying was obviously a little unhappy. She gave Li Tian a glance, but she didn't speak.

Situ Ningbing over there was a faint smile on her cold face: "Fortunately..."

"Well, I will arrive in Yongzhou soon. After arriving in Yongzhou, I will arrange for you to take a good rest first." Li Tiandao said.

The remaining dozens of minutes passed very fast, and time flew by in the chat of the brothers.

Soon you can hear the conductor saying in the loudspeaker: Yongzhou station is coming soon, please take your personal belongings...

"Arrived!"

"Well, get ready, let's get off the car."

So the brothers started looking for their own things, ready to get out of the car.

Soon, Yongzhou has arrived.

The tall buildings outside can be clearly seen.

This is the city where Li Tian and his brothers are about to arrive, and they are about to find the city where the three sisters Baihua Fairy who once followed the evil god.

The brothers who packed their things quietly waited to get out of the car.

"By the way, Master, Senior Dugu, let's go to Yongzhou City to find Senior Baihua Fairy?" Tang Xiaolong leaned against one end of the carriage and asked.

After he asked this, the ghost servant said: "To be honest, I don't know where my third sister is."

"Uh? Then, let's just look for it in Yongzhou in such a vague way?" Tang Xiaolong just listened to the question in front of him.

Duguxie who was silent suddenly said, "Just don't worry about this!"

"Leave it to me to find the third sister! I will do it."

Listening to Duguxie's cold words, Tang Xiaolong hurriedly closed his mouth honestly, never daring to say more.

Soon the train slowed down slowly, and it was obvious that it had arrived at the railway station.

As the train slowly came to a stop, the people in the carriage began to happily talk and laugh quickly towards the bottom of the car.

Li Tian and his brothers did not follow the crowd to squeeze, but stayed at the back, waiting for them to get off the car first, and then they started to get out of the car after the passengers and friends got off the car.

When they took the first step into Yongzhou City, they felt that the city was full of prosperity.

Sure enough, it compares with those in Jinghai City,

Skyscrapers stood there like ferocious monsters, and men and women travelers were walking fast there.

Today's weather in Yongzhou City is also quite good, with the sun shining brightly.

When Li Tian and Li Tian got off the train, they took a deep breath.

Chapter 934: Horrible assassination

"Yongzhou, we are here."

The brothers beside him said excitedly.

Only when Li Tian took the first step in Yongzhou, his mind was full of thoughts, because only he himself knew that this was his first step towards revenge in life.

Yongzhou, the beginning of a revenge, will also be a \*\*\*\*\* beginning.

"Look at the sick ghost, this Yongzhou is indeed pretty good, huh?"

"Well, indeed, it's worse than the bustling Jinghai City."

...

Duanmuying and Situ Ningbing over there looked at this beautiful city with beautiful eyes.

"Come on, let's get out of the station."

Li Tian, who was talking, took his luggage and quickly walked towards the exit of the station.

The brothers behind followed Li Tian and quickly walked towards the exit.

The Yongzhou Railway Station is indeed big enough, and among the crowds of people coming and going, those travelers are walking fast with big bags and small bags.

And Li Tian and his brothers waited in line until the exit after the ticket check.

Just when Li Tian and his brothers were waiting in line to leave the station, suddenly a pair of stern eyes were staring at them in the crowd.

Holding a newspaper in his hand, covering half of his face, a black windbreaker draped over his body, he was sitting not far from the exit, squinting his stern eyes and blinking. Staring at Li Tian and others unblinking.

"They are about to leave the station." The words suddenly came out of his mouth.

Take a closer look and see that there is a small Bluetooth headset in his ear.

After he finished speaking, a voice suddenly came from the Bluetooth headset saying: "Hmm! Let everyone be ready..."

"Start to do it for me as soon as I leave the station..."

"Remember, our goal is the son of the evil god. There is no need to fight with the evil sword and the shadow ghost servant... You must hit with one hit... If you can't kill it, just give me back quickly! Don't let Dugu The evil and the ghost servant caught you!" The other party's voice appeared in the headset.

The man in the black trench coat here nodded indifferently, and said, "Okay."

Then he slowly took off the Bluetooth headset in his ears, suddenly stood up from the seat, coldly glanced at Li Tian who was waiting in line there, and then flashed, and he disappeared quickly. Among the crowd.

Faced with such a sudden assassination situation, Li Tian and his brothers certainly didn't know.

They will want to get to this Yongzhou just now, how could they provoke others for no reason?

And from the other party's words, it is obvious that they are very familiar with the identities of Li Tian and others. They even know the names of Duguxie and the ghost servant. What is even more shocking is that their target turned out to be the son of the evil god. Li Tian! why? Could it be that they have any deep hatred with Li Tian? Is this wrong?

However, Li Tian and his brothers here are still quietly waiting for the ticket from the security checkpoint.

Soon it was their turn. After they handed the tickets to the security guards at the security checkpoint, they began to walk outside the train station.

"Wow, I finally arrived in Yongzhou."

"Yes."

While talking, the brothers strode outside the train station.

Duanmuying behind her, Situ Ningbing and the girl Xiaohuan, looked around at beautiful scenery and high-rise buildings with big beautiful eyes.

But Li Tian was walking in the forefront. Those who first arrived in Yongzhou had to find a place to stay and then to rest and rest. The exhaustion of many days of boats and vehicles really made them a little uncomfortable!

It is impossible to get a good sleep on the train.

So Li Tian decided to take the brothers to find a hotel to rest and rest after leaving the train station. Of course, the brothers did not have too many opinions, so they are now going to leave the train station and go to the taxi stop over there. Find a taxi and start to the hotel.

After taking the brothers out of the congested train station, the brothers began to walk towards the taxi stop over there.

What they never expected was that they encountered an unprecedented terrorist assassination when they first arrived in Yongzhou.

Besides, when the brothers were walking towards the taxi place at the moment, a strange strong wind suddenly swept towards Li Tian from the place on the left.

This strong wind is so vicious, so fast,

Li Tian's brothers had no defense at all, and there was no way that the other party was too fast, so fast that Duguxie and the ghost servants almost didn't react.

"Young Master, be careful!"

An exclamation suddenly came out of Duguxie's mouth, but even though he said the voice in his mouth, his body was still slow, because a black and thin ghost-like figure had shot towards Li Tian like lightning. A ghost claw hidden in the darkness struck Li Tian's chest terribly.

Fast as light, as brutal as a ghost!

What about Li Tian? I never thought that I would encounter such a terrifying assassination as soon as I stepped onto the ground in Yongzhou City.

He was also shocked at this meeting, and then the body's instinctive reaction, the whole body's energy suddenly surged like a tide, facing the gloomy ghost claw that was so fast, Li Tian felt an unprecedented killing intent.

His palms were also lifted at the same time, his left hand used the "unloading" character of the palm of his hand, and suddenly grabbed the ghost hand, and his right hand used the strong inner strength of his Rashomon nine styles. Jin, violently attacked the opponent.

Both hands are the supreme martial arts, but the ghost claws of the other party just dodge the past.

The thin black figure saw Li Tian actually grabbing his own ghost hand, and was stunned, the ghost claw caught in the air with several changes, and attacked Li Tian again.

Li Tian has never seen such a fierce claw move. He is almost fierce with the "Tianlong Catch" used by the "Luohe Buddha" in the Duanmu family battle. At this moment, he dare not carelessly. Both hands are fast. At the same time, the Demon Palm's hand burst out from his hand.

After the clutches were used, the surrounding air seemed to be condensed, as if all was swallowed by his dark palm.

The claws that were as fierce as ghosts just now were completely swallowed by Li Tian's clutches.

As soon as the clutches came out, the world changed.

The surrounding brothers and the shocked Duguxie were completely stunned when they saw the power of Li Tian's true magic palm. They were stupid, almost forgot to take action... They were all standing on the side of the thrilling battle in amazement.

As the strange black aura in Li Tian's palms became heavier and heavier, the assassinated Ghost Claw felt fear at this moment.

His figure also began to tremble, and it was obvious that although his strength was terrifying and powerful, it was difficult to win Li Tian at this moment.

Under the persecution of Li Tian's dark clutches, the "Ghost Claw" figure slowly appeared in the eyes of the brothers.

He was a short stature, wearing a black dress, his hair was slightly bald, he was about 40 years old, and his two skinny hands were as thin as a gibbon, tucked away in sleeves that did not fit his body.

His face is like a monkey, with pockmarks on his yellowish face, and the cheekbones on his forehead are extremely high...

Such a character, if an expert can tell at a glance, he is definitely a master of the inner family, and definitely a master of the master. ,

#### Chapter 935: Flame Knife

There was a pair of short men with cold eyes. When Li Tian was still fighting for a long time, there was a strange whistle in his mouth.

Just when this strange whistle exited.

Suddenly, a fiery flame slashed towards Li Tian.

The blazing fire light is not a real fire, but a fiery sword.

A peerless kung fu that can use internal force to stimulate the body's energy, and then make the palms of the palms burst into fiery flames.

"Flame Swordsmanship."

Duguxie and the ghost servant not only couldn't help but screamed out of their mouths.

At the moment when the terrifying flame swordsman suddenly attacked Li Tian, Li Tian suddenly felt a fiery heat on his back...

Just at this moment... "Young Master!"

With a roar of Dugu Xiechang, the bronze sword dragon yelled out of its sheath... Senhan's sword aura suddenly revealed its sharp edge.

He is going to shoot!

Because only he and the ghost servant know how powerful the flame sword fight is.

"Ghost servant, protect them!"

Duguxie let out a roar, and the bronze sword in his hand suddenly slashed in the air. Ling Xie's sword aura, with a force of air pressure, slashed towards the man who suddenly attacked Li Tianhou's back and could make a fiery sword fight.

The man who attacked Li Tian was also shocked when he saw Duguxie's bronze sword cut down, and the Flame Sword suddenly changed its direction and slashed towards the Duguxie bronze sword.

Boom!

Sword Qi collided with the flames of the blazing sword... Duguxie's figure flew back.

And look at the horror figure who uses the flame sword? It was also a few big steps backwards, before he stopped.

"Flame Daojue...Songlong!" A weird name came out of Duguxie's mouth.

But he said that the person called: Lost Dragon? He just stood there motionless.

"The evil sword Duguxie really deserves its reputation..." The man who can use the flame sword suddenly said in a strange voice.

Look carefully at this mourning dragon, it is a bald head with a weird blood lotus tattoo on the head... the extreme of evildoers.

His skin was dark, his figure was tall and mighty, and his face looked at Shenren, but he didn't even have eyebrows. He stood motionless a few meters away from Duguxie.

And what about the little man who attacked Li Tian just now?

At this moment, he didn't attack anymore, because even if he tried harder, he couldn't kill Li Tian in front of him.

Li Tian didn't know who the attacker was. The brothers on one side were stunned for a while before they rushed over, ready to catch the bald dragon in front of him, and another short and ugly one. Man...

"Who are you? Why do you want to assassinate me?" Li Tian said angrily, with endless killing intent bursting into his eyes, coldly staring at the two weird two in front of him.

However, the two men snorted coldly, and didn't say much, but looked at each other.

"withdraw!"

With a word of exit, suddenly his figure stretched and rushed towards the front, at the speed of lightning.

"Want to run?"

"Where to run!"

The roaring brothers and the ghost servant then chased them with extremely fast figures.

"No need to chase!" Suddenly a cold drink came out from the mouth of Duguxie.

When his roaring sound was uttered, the steps of Tang Xiaolong, the ghost servant and others all came to a halt.

Then turned his head and looked at that Duguxie in surprise.

"Second brother? Why don't you chase those bastards?"

"Yes, Senior Dugu? Why didn't you chase it?" The brothers all raised a pair of puzzled eyes and asked Duguxie in front of them.

But seeing Duguxie did not directly answer their words, but a pair of cold eyes suddenly looked around, and suddenly said: "You must not stay here for long!"

"If I'm right, we should still be under each other's surveillance."

"And the two of you just now are definitely not idlers."

Listening to Duguxie's words, the ghost servant and the brothers all had horrified expressions on their faces.

But Li Tian turned his head slowly and said, "Yes."

"Let's leave this place as soon as possible." Li Tian can also detect that the eyes of people around are watching them, after all, the movement just now is really too big.

Now those people are looking at them with surprised eyes...

In the dark place, but seeing a pair of stern eyes, his eyes became more vicious after seeing the assassination just now unsuccessful, and then in a weird voice, he said slightly: "Retreat!"

As he said, his figure flashed and soon disappeared among the shouting crowd.

Now Li Tian and his brothers want to leave this place of right and wrong as soon as possible, although he doesn't know who the group assassinated him was just now? Don't know why the other party assassinated him? But Li Tian knew deeply that he must be within the opponent's line of sight now, so he must leave here as soon as possible.

They were about to take their brothers and wanted to leave the scene as soon as possible, but at this time they did not expect that the horn of the police car would suddenly be heard in the distance.

Take a closer look at the three police cars coming quickly from the place ahead, oh, oh, wheezing, and quickly drove towards this side.

When he saw these three police cars approaching all of a sudden, Li Tian frowned and cried secretly: No!

Obviously, the fighting here just a moment ago disturbed the people around. It is probably the people around who called the police.

Seeing these three police cars approaching at this moment, the ghost servant's face was stern: "Young Master, let me solve them, you go first!"

Who knew that Li Tian waved his hand.

"no need!"

"I believe it should be fine." Li Tiandao said.

After listening to his young master's command, the ghost servant could only stop talking.

They were standing on the field at the moment, waiting for the police car coming.

I saw the eyes of those people around Li Tian and his party...At the same time, they were whispering to each other. As for what they said, I don't know.

Soon the three police cars stopped in front of Li Tian and his brothers with a hiss.

After stopping, the door slammed open, and 45 police officers in civilian clothes walked out of the police car quickly.

After getting off the car, he raised his eyes and looked at Li Tian and others.

"Are you several?" I saw a policeman in his 30s, headed by the Chinese character face, thick eyebrows, and pointed at Li Tian and the others with a rounded finger.

"You just gathered here to fight, right?"

While talking, the middle-aged man looked at Li Tian and others.

"No, it's not!"

"We are the one who was beaten." Chen Qiaozhi over there tried to explain to the police in front of him.

Chapter 936: Who is going to assassinate me?

After the middle-aged policeman heard what Chen Qiaozhi said, he then raised his eyes and looked at Li Tian and the ghost servant and others here. When he saw the ghost servant's face with a grimace mask, he slightly Startled.

"You don't look like a bunch of good people! You are dressed so differently... Do you think you are making a movie?" The policeman said to the ghost servant.

The ghost servant clenched his fists tightly, and the horror aura of his whole body was exposed. If it hadn't been for Li Tian to stop him, he would have gone up and kicked the policeman.

"This policeman...we are really the victimized party! If you don't believe me, ask the people around you." Chen Qiaozhi said with all his might.

It's a pity that the few police officers in front of Chen Qiaozhi's words really dismissive,

"Take all of them to me first!" The police officer suddenly ordered.

Li Tian and the others wanted to explain something, but it didn't help. In this way, they were caught in the detention center by the police inexplicably.

Li Tian and his brothers were detained in the police car, let alone how depressed they were.

Who can imagine that they came to Yongzhou on the first day. They had planned to rest and play, but they encountered an unprecedented terrorist assassination, and the most depressing thing is that they are now being taken to the detention center for a fight. Think about Li Tian They are depressed.

But they really have no choice. They can't knock down these people's police one by one, right?

Of course not!

Although Li Tian bears blood and blood, these policemen are innocent after all.

Furthermore, gathering people to fight in public is inherently a bad thing.

So even though Li Tian at this meeting was extremely depressed, they still sat quietly in the police car.

Soon after the brothers and Li Tian were taken to the police station, they were thrown into the detention center.

According to general regulations, people who gather for a fight must be detained for a minimum of ten and a half months. If the circumstances are serious, it is estimated that it will take another year and a half.

When they heard Chen Qiaozhi say this, Li Tian and others were depressed. Now they must find a way to leave the detention center as soon as possible, otherwise if they were kept here for ten and a half months, they would not have to give the brothers one by one. Suffocated.

"Uncle...what can I do? Can't we really be kept here for 15 days, right?" Tang Xiaolong cursed, while slamming the iron fence in front of him with two iron fists.

Li Tian next to him was sitting there quietly, thinking about things.

"Little boss, let's think of a way?" Tang Xiaolong turned his head and looked at Li Tian.

"Don't bother Li Tian!"

"You fool, didn't you see that he was thinking about something?" Chen Qiaozhi said with a glance at Tang Xiaolong in front of him.

Tang Xiaolong was stunned for a moment, and said to himself: Hey, what is the little boss still thinking about at this moment? At this moment, shouldn't it be the most important thing to think about going out of the gate of this detention center?

A reckless person like Tang Xiaolong would certainly not understand Li Tian's mind.

Li Tian did not think about the fact that they were trapped in the detention center, but was thinking about other "big things".

After a long time, Chen Qiaozhi finally said, "Well, let me talk to the policeman about the situation... see if we can get out early."

Tang Xiaolong in front of him glanced at Chen Qiaozhi and said, "Is there any way for the sick ghost?"

Chen Qiaozhi smiled and said, "I will do my best."

After speaking, he greeted the police guarding them through the iron fence in front of him.

The police then led Chen Qiaozhi out of the detention center to the outside office.

The policeman in the office who arrested them before was sitting in a chair with a newspaper in one hand and a tea cup in the other.

After seeing Chen Qiaozhi being brought in, he glanced at him lightly.

"What can I do?" The policeman said coldly.

Chen Qiaozhi then smiled and said, "I want to explain the situation to Mr. Police... In fact, we were really victims at the time. We came from a different place. We just arrived in Yongzhou this time, but what we didn't expect was, As soon as we arrived at Yongzhou Railway Station, the other party suddenly appeared to assassinate us...so we would fight back."

After hearing Chen Qiaozhi's words, the police suddenly laughed.

Chen Qiao froze: "What are you laughing at? Don't you believe what I said?"

"Do you think I will believe it?" the policeman suddenly said coldly.

"I'm telling you, I see a lot of people like you... A bunch of foreign gangsters want to behave in Yongzhou City. I think you should stay in my bureau first."

After the policeman finished speaking coldly, he waved his hand to get Chen Qiaozhi away.

This Chen Qiaozhi was also depressed. He didn't expect that the police would treat the brothers and himself as such people. He was annoyed and cruel in his heart, but there was no way.

In this way, Chen Qiaozhi was pushed back by the police outside.

The brothers who were staying in the detention center at this moment did not know what was going on here with Chen Qiaozhi, they were all staying irritated.

Only Li Tian has remained calm and silent since he experienced the assassination incident at the train station, without a word from beginning to end.

"From today's point of view, the target of their assassination is me." After such a long silence, Li Tian suddenly said a word.

His words were addressed to the Dugu Xie next to him.

After he said it, Duguxie, who stood beside him indifferently, did not refute, on the contrary, he nodded solemnly.

"Yes!"

Li Tian continued: "I can be sure of one thing. I have never met the two people just now... nor have I had any hatred with them, but they want to kill me? I was thinking... these two people. What kind of hatred do you have with me?"

"Or, for what reason do they want to kill me?"

Duguxie didn't want to say it, but after hearing Li Tian's question, he finally prepared to tell Li Tian the truth.

"Young Master, I think it's because of your father."

When Li Tian heard Duguxie say this, he was not surprised, because he had already guessed it in his mind.

He, Li Tian, was originally a small person who came out of a remote place in a poor mountain. Naturally, he would not have so many enemies, but the other party clearly came for him... and also named him by name. Obviously, after the other party understood it, just came to assassinate him... So the only possible thing is that Li Tian is a scapegoat, a lamb to "pay the debt" for his father.

"It seems I guessed right!" Li Tian suddenly laughed.

Chapter 937: Cthulhu killed

"Has the young master guessed it a long time ago?" Du Guxie seemed a little surprised when Li Tian said this.

Li Tian said slowly: "Yeah!"

"I guess the other party must have been my father's enemy 20 years ago, so he will assassinate me now!" Li Tiandao.

Duguxie did not expect that Li Tianzhen had guessed it, and immediately said: "The young master's guess is not bad at all!"

"Yes, the group of people who assassinated the young master just now were indeed the people who had hatred with the eldest brother... It's just that this hatred is a bit long." Du Guxie suddenly sighed.

"Let's talk about it!" Li Tiandao said.

"What kind of hatred is it that can last for twenty years... Let them find me revenge after twenty years." Li Tiandao said.

Duguxie said: "Kill the enemy of the father!"

"Father's hatred?" Li Tianyi was taken aback when he heard Duguxie say this.

Duguxie nodded slowly.

"Young Master, don't worry, let me talk to you slowly..."

"Good!" Li Tiandao.

"Young Master, let me tell you first, the two masters who assassinated you just now belonged to the Song family!" Duguxie said slowly.

Of course Li Tian doesn't know the "Song Family"!

The Song family, a family that ruled the martial arts 20 years ago, only ceased to exist under the prestige of the evil \*\*\*\*\* 20 years ago. For Li Tian, who is now in his twenties, he certainly doesn't know that. What a character is the "Song Family" who once dominated the first generation.

"What about the Song family? It can be regarded as a big family... Although the Song family is rare, there are masters in the family... Twenty years ago, this Song family could compete with the four major families... An extremely powerful one!"

Listening to Duguxie saying that the "Song Family" was almost comparable to the four major families, Li Tian was really taken aback, and he listened carefully to Duguxie's speech.

Just listen to Duguxie continue to preach: "The Song family can be regarded as a century-old family. It has been a long time old, and the most important point is that the men of the Song family are extremely passionate and belong to the iron man. A man who hates to chase."

"The Song family was the most prosperous under Song Haotian's prestige more than 30 years ago. At that time, the Song family was not only more populous, but even experts from all walks of life also voted for it, such as the assassination just now. Two characters of the young master."

When Li Tian heard this, he couldn't help but curiously asked, "Who is the last name of the two who assassinated me just now?"

"That short figure with two hands like ghosts, if I am not mistaken, it should be famous, Ma San!"

"Ma San's fame skill is the great eagle claw skill!" Duguxie said slowly in front of him.

Great Eagle Claw Skill?

Li Tian suddenly recalled the sharp ghost claws of the short and thin man in his mind, and he was shocked at the moment.

No wonder his claws are so terrifying? So spicy!

It turns out that this guy's fame skill is the powerful eagle claw skill!

"Who is the second person?" Li Tian in front of him looked at that Duguxie and asked.

Just listen to the Duguxie Dao in front of you saying: "The second person is even more powerful!"

"His name is Sanglong. I think he was an underground leader in the Huaihai area... Later, because he was wanted by the police, I heard that he went to Thailand! He fought black market boxing in Bangkok, Thailand because he was too cruel and poisonous. All boxers were beaten to death by him in the ring, so they were sent back to the country... I heard that they had been in jail for a while, but

in the end they didn't know how to get out of the prison again... Change the evil and return to righteousness and follow Song Haotian!"

"Sanglong's most hated trick is his Flame Sword Art, which uses energy to urge the evil arts in his body. I heard that this Flame Sword Art was created by a strange monk in the Western Regions. It is so powerful that it is invincible in the world. , The hands will be red like fire. It is said that when this Flame Knife Art is hit on a person, it can burn all the internal organs of the person... It is so powerful that it can be famous at the same time as the lost diamond palm."

When Duguxie slowly said the name of the Sanglong, Li Tian not only frowned slightly.

The bald-headed demon-trolling man appeared in his mind, smelling the strange blood lotus on the top of his head, and the evil that the sharp corners of his mouth carried, he was the man who could use the Flame Knife Art, he was the Sanglong.

"This Ma San and Sanglong are the world's masters who followed Song Haotian! And they are Song Haotian's right-hand man!" Du Guxie said.

After hearing this, Li Tian asked curiously, "What kind of character is Song Haotian?"

"Speaking of Song Haotian, he can be regarded as a generation of heroes!"

"Song Haotian has been a hero throughout his life, and it can be said that he is a great hero!"

"He has been a knight and righteous all his life, and he loves to make friends all over the world...At that time, the people of the rivers and lakes called him Song Gong!" When the Duguxie talked about Song Haotian, he couldn't help but praise.

This makes Li Tian more and more depressed!

He thought in his heart how such a hero would have a deep hatred with his father? Could it be said that this hatred is because of his father?

Li Tian was not only afraid, but what he was most afraid of was what his father had done.

So he hurriedly asked: "Then since this Song Haotian is a hero for the first time, why does he have such hatred with my father?"

Duguxie suddenly sighed long.

"Young Master, you know something, this is not the hatred between Song Haotian and your father..."

"why?"

"Because Song Haotian is dead! It has been more than 20 years since he died..." Duguxie said suddenly.

"Huh?" Li Tianyi was not only shocked when he heard that Song Haotian had actually died.

"How did he die? Could it be...Is it...I was killed by my father?" Li Tian asked scaredly.

But seeing Duguxie groaning and not speaking... but suddenly there was silence.

"Say? Did my father kill Song Haotian?" Li Tian asked with blood red eyes.

Duguxie suddenly turned his head and looked at Li Tian: "Yes!"

"Big Brother killed it!"

"But it's no wonder Big Brother!" Duguxie roared, as if recalling this vengeful past would make him deeply uneasy.

When Li Tian heard that the hero Song Haotian was really killed by his father, he was stunned.

In his mind, although he has never seen his father since he was a child, he has always thought that he is a good person and he is definitely not a villain!

Even if everyone in the world calls him "the evil god", then he will not be a villain!

But now? When Duguxie suddenly heard that Song Haotian of the Song family was killed by his own father, how could he not be shocked? How can we not feel hurt?

Chapter 938: The birth of hatred

"Really my father killed it?" Li Tian muttered in pain all of a sudden.

Duguxie said: "Young Master, you don't know anything about this."

"What's the matter?" Li Tian asked.

He wants to know the truth, he wants to know that his father is not the real "villain", so he can't wait to know the real truth.

Na Duguxie then said: "Although Song Haotian of the Song family is a hero of the first generation, he is obsessed with martial arts. Twenty years ago, his eldest brother was invincible in the world and dominated the world. So Song Haotian invited his eldest brother to compete with him. I heard that Song Haotian was chivalrous, so he agreed."

"I still remember clearly that I went with my eldest brother that day... After we arrived at the Song's house, we drank and ate and ate at the Song's house. After we were full of food and drink, Song Haotian invited my eldest brother to the martial arts ground in the backyard... because The two of them will fight alone, so no outsiders can be present. I was the only one by my brother's side at the time."

"Then Song Haotian used the Song family's unique knowledge: Sixty-four Qiankun palms, fighting against the eldest brother. Sixty-four Qiankun palms have always been the Song family's non-passing martial arts, and martial arts are naturally unfathomable, and Song Haotian also relied on His own 64-style Universe Palm ruled the world, and the eldest brother fought fiercely with Song Haotian."

"The martial arts of the two have entered the realm of transformation. That battle can be said to be thrilling. Even I saw the 64-style Universe Palm for the first time..." Du Guxie exclaimed.

"Song Haotian and his eldest brother were fighting for almost two hours. Although Song Haotian's 64-style palm of the universe was extremely powerful, he didn't know that his eldest brother was in peak state at that time, so he could not be his eldest brother at all. Opponent, after two hours of fierce battle, Song Haotian has obviously started to panic, while the older brother is getting more and more fierce..."

"In the last half an hour, the eldest brother finally rallied and finally defeated Song Haotian! But the eldest brother did not make a heavy hand, just used 50% of his skill to slap Song Haotian!"

"Song Haotian can be regarded as a well-known man. After seeing his elder brother mercilessly defeating him, he stopped fighting. He laughed and said to his eldest brother that he was defeated! The eldest brother also laughed at the time and held Song Haotian's hand. Walking towards the main hall... But I didn't expect that just holding Song Haotian's hand, Song Haotian vomited blood out of his mouth... At that time, my eldest brother and I were stunned. I didn't know what happened to Song Haotian."

"Because the palm of the eldest brother just did not exert real skill...so Song Haotian could not be injured. At that time, the eldest brother and I were depressed, and hurriedly supported Song Haotian... Then Song Haotian's face was extremely pale, even his voice becoming weak, he told us that in order to compete with his elder brother and win, Song Haotian did everything he could to cultivate the 64-style Universe Palm, but what he didn't expect was that he actually got into trouble during the training... The big brother fights, he endures the pain of the devilish heartbeat and reluctantly fights with the big brother, this will cause his heart to be broken..."

"At that time, my eldest brother and I were not only sorry for Song Haotian, because his heart was broken, he had no way to recover, he was waiting for death, but in the face of death, Song Haotian just laughed. He also said that it is his greatest honor to be able to fight the evil \*\*\*\* for a lifetime, even if he is dead!"

"Finally, Song Haotian held back the last breath in my heart, and helped us call his son over to this backyard place... So my eldest brother and I agreed, thinking that Song Haotian might leave a will for his son... ...After we arrived in the backyard, we called the son of Song Haotian, but what we didn't expect was that the hero Song Haotian did not hold on anymore. When his son arrived in the backyard, Song Haotian was already dead and completely lost his breath. ... His heart is broken, and he can barely say that those few words are already exhausted... He is dead at this moment!"

"His son was stunned for a moment when he saw Song Haotian completely dead... Then he said that the eldest brother killed his father himself!"

"Hey, originally this contest was not a big deal, but who knew that Song Haotian died for no reason... He didn't even tell his son the truth in the end... His son blamed his father for his death. On his head..."

"We tried to tell Song Haotian's son the truth, but his son saw that his father was dead and there was reason there, so he fought desperately against us... In his anger, the eldest brother wounded all of the Song family. The master...then took me away from the Song family!"

"Later, hatred was born like this!"

"Since Song Haotian died, the members of their family have always sought revenge on my eldest brother." Du Guxie slowly explained all these old accounts of the past.

After saying this, Li Tian finally understood the truth.

"So my father is not a demon who kills innocent people indiscriminately... He is a good man!" Li Tian said happily.

Duguxie said: "Of course!"

"I can say so proudly...Although my eldest brother is sometimes inspiring and likes to do some weird things, but I can guarantee that everything I do is worthy of my conscience."

"But why didn't my father explain to the Song family?" Li Tian asked curiously.

Duguxie said: "Song Haotian is dead, only my brother and I were present...how can we explain clearly?"

"Furthermore, the eldest brother feels that since the explanation is no longer useful, he doesn't want to bother about it."

"Big brother is not afraid of trouble all his life, even if everyone in the world misunderstands him, he will not be afraid... So until the last big brother disappeared, this hatred was not resolved." Du Guxie said.

Listening to what Duguxie said, Li Tian finally understood it.

"In this way, the Song family seems to have been there for 20 years, and they have not forgotten this hatred for 20 years!" Li Tian said, looking outside the iron fence.

Duguxie said: "Yes!"

"Presumably they must have heard about you, Young Master recently, so they came to take revenge." Duguxie said in front of him.

Li Tian frowned tightly, thinking of all these things, it seemed that this past feud from decades ago needed to be resolved by himself.

Although this hatred has been nearly twenty years old, since the Song family is still pursuing it, Li Tian felt that he could not escape it.

The father's debt should have been paid by the son. Obviously, since the other party has found him, he should bear all of this.

Chapter 939: Wu Ye

A tall building in Yongzhou City stands like a ferocious monster in the middle of the steel city

From a distance, you can see two black domineering Land Rover cars parked at the entrance of the building.

After the two black Land Rover cars stopped, a few men in black suits walked out of the car.

After they got out of the car, they went to the back of the car and opened the door respectfully. The people who came out of the back door seemed to have a great background and looked respectable.

I followed my eyes to see, but I saw an old man about 5,060 years old.

The old man wore a navy blue dress, his hair was sparse and white, and his face described the vicissitudes of the world like a book. He had a pair of piercing eyes and walked out of the car vigorously, with heavy and powerful steps! It's definitely not like an elderly person, but like a man of mature age!

At the same time, his two hands exposed outside the sleeves are very rough, and the position of his palm seems to have marks of being ground by a hard object, like a knife mark!

"Master Wu, please here!" He just listened to the old man who was wearing a black suit and looked like a bodyguard.

The old man didn't speak, and then walked towards the building in front of him.

When the group of people guarded the Wu Ye inside the building, they went directly to the elevator and got on the elevator. After pressing the 36th floor, the elevator quickly rose upward.

In the elevator, but seeing the noble old man called the Five Lords, he squinted slightly and asked, "How are they doing with Ma San and Sanglong?"

Several men in black suits around him hurriedly replied at this moment: "Thank you to the fifth master, they seem to have failed... they did not succeed in the assassination.

The old man called the Five Masters frowned slightly.

"Is it because of the evil sword and the shadow ghost servant?" Wu Ye asked again.

"seems not!:"

"Listening to Ma San, it seems that the power of the descendants of the evil \*\*\*\* is unfathomable..." his subordinates replied there.

Hearing what the subordinates in front of him said, the fifth master frowned, and the corners of his mouth murmured: "It looks like a tiger father without dogs!"

"The son of the evil \*\*\*\* deserves to be the son of the evil god."

He gave a cold snort, then stopped talking, quietly waiting for the elevator to reach the top.

Soon, the elevator stopped when it was on the 36th floor.

After the elevator stopped on the 36th floor, the bodyguards in black suits in front of them led the way and said: "Five Lord, please here!"

The noble old man who followed him then took vigorous steps and followed the people around him to the front.

In the silent corridor, you can hear the roar from a VIP room from a distance.

Hearing this voice, the fifth master narrowed his eyes, as if he knew who it was.

"Hmph, I don't believe that Li is so powerful!"

"Asshole, hatred for more than 20 years, now I finally waited for the opportunity...I must personally slaughter the son of the evil \*\*\*\* and avenge my father!"

Inside a luxurious VIP room, but heard a roaring voice roaring there.

Take a closer look at this man. He was about 30 years old, and a flushed man said angrily.

His fists were clenched tightly, and his whole body felt sharp, but he was a little too anxious.

His appearance is quite handsome, well-defined, but there is a deep feeling of hatred on his face.

On his right hand side, I saw the two men who assassinated Li Tian at the railway station standing there. One was thin and dark and could use great eagle claw skills, Ma San, and the other was a bald head. There is also a fierce man with a weird blood lotus tattoo, Sanglong.

At this moment, both of them lowered their heads, as if being reprimanded by the man, standing there did not speak.

"Ma San, tell me, is the son of the evil \*\*\*\*\* really so powerful? Can he really catch your powerful eagle claw skill?" the man standing in front of him suddenly roared and asked

The dark-skinned Ma San lowered his head and nodded intently.

"Master Song... the son of the evil \*\*\*\*\* really should not be underestimated..."

Listening to Ma San's words, the man named Song Young Master seemed quite dissatisfied.

"Huh! No matter how powerful he is? Could it be better than the Sixty-Four Universe Palms of my Song family?"

That Ma San did not speak any more.

The Sanglong on one side was also silent.

"For so many years, I have been tracing the trace of the evil \*\*\*\*\* for so many years, in order to repay my father's blood and hatred...now that the evil \*\*\*\*\* is no longer there, then I will kill his son...with his Blood to pay tribute to the spirit of my father in the sky." The surname Song said angrily.

As they were talking, footsteps suddenly sounded outside the door.

"Master Song, did the fifth masters come?" The men next to him looked at the surname Song and said.

When the surname Song heard the words "Wu Ye", he not only immediately changed his affection, but also became extremely respectful.

"By the way! Today is the day that Uncle Wu came!"

"Quickly open the door and see if it's my fifth uncle," said Song's happily.

Then the people hurried to open the door, and as the door opened, he really saw the noble old man walking from the corridor and the bodyguards in black suits behind him.

"Uncle Wu." When the surname Song saw the noble old man, he smiled and said respectfully.

The old man known as the Five Lords is also looking at Song with a smile at the moment.

"A Yong..." Wu Ye said with a smile as he walked over.

"Uncle Wu, you are finally here..." The surname Song hurried over to help the fifth master.

The fifth master smiled and said, "The enemy has already been born, and my old bones should indeed move."

"Hey, it's been twenty years. I didn't expect more than twenty years to pass so quickly." Wu Ye said while calling.

It turns out that this old man is Song Haotian's worshiping brother, and his name is Cai Hu!

Broken knife: Cai Hu, it was his title back then!

Because this Cai Hu family has five brothers, he is also called Cai Laowu!

The juniors on the road call him the fifth master.

Now I think this Cai Wuye came out to avenge his brother Song Haotian.

"Uncle Wu, it seems that you already know the news." The guy next to him with the surname Song looked at Cai Wuye and said.

Cai Wuye narrowed his eyes and said, "Yes!"

"It's been spreading on the road recently that descendants of Cthulhu have been born...When my old man heard this news, I knew you would definitely be unable to hold back the hatred for many years, so I rushed here as soon as possible." Haha said with a smile.

Chapter 940: Is he really that powerful?

There was a cold hatred in the eyes of the surname Song and said: "Fifth Uncle, the hatred of killing his father is not shared! Even at the end of the world, Song Yong will definitely pay for it."

"Since that evil \*\*\*\* hasn't been born again for more than 20 years... then his blood debt, I can only find his son to calculate!" Song Yong said.

There is no doubt that this Song Yong is the son of Song Haotian who was famous in the world.

"Go into the house!"

Cai Wuye, who was talking, walked towards the luxurious VIP room first.

Standing inside, Ma San and Sanglong, when they saw Cai Wuye coming, they not only respectfully said: Senior Cai!

Then Cai Wuye smiled slightly, waved his hand, and sat down on one side.

The people around him also followed right now.

"How is it? I heard that you have already started at the train station?" As soon as Cai Wuye sat down, he smiled and looked at Song Yong, Ma San and Sanglong.

After hearing what Cai Wuye said, Ma San and Sanglong immediately bowed their heads in shame.

However, Song Yong said displeasely: "Yes, Uncle Wu!"

"It's a pity that the kid surnamed Li ran away," Song Yong said.

Cai Wuye gave a playful "Oh" in his eyes.

Then raised his eyes and looked at Ma San and Sanglong, who had their heads down.

"Ma San, how is the kung fu of the descendants of the evil god?" Cai Wuye asked suddenly.

Then Ma San quickly replied: "Return to Senior Chua... the descendants of the evil \*\*\*\* should not be underestimated. The strength of the evil \*\*\*\* is indeed beyond my expectation. I used strong eagle claw skills to fight him, but I didn't expect that kid actually possessed a weird martial arts... a set of weird skills that seemed to be learned from the dark, he swallowed all my great eagle claw skills... this martial arts, my horse Unheard of before three!"

"Huh! That's because you are getting weaker and weaker because of your own powerful eagle claw skills." Song Yong said coldly.

When Ma San heard the song saying this, he snorted, but he didn't say a word.

Then Cai Wuye said slightly, "Ayong...Don't talk for now! You can talk after I finish asking."

Although Song Yong was not convinced, he still listened respectfully to his fifth uncle's words, so he closed his mouth tightly there.

After Cai Wuye asked Ma San, he slowly raised his eyes to look at the Sanglong on one side.

"Sanglong, how about you? Your flame sword will never be defeated by the evil god's son?" Cai Wuye asked suspiciously.

Of course, Cai Wuye knows the power of this Sanglong and Flame Sword Art, so he couldn't help asking.

But listening to the lost dragon, he slowly shook his head.

Seeing Sanglong shaking his head, Cai Wuye smiled.

It seemed that his guess was not wrong, Cai Wuye thought to himself.

"I was stopped by the evil sword Duguxie at the time, and I didn't really fight against the son of the evil god." Said Sang Longdao in front of me.

Cai Wuye said: "Evil sword, Duguxie..."

"Yeah! Although your Flame Sword Art is powerful enough... but if you run into that evil sword, I am afraid it is indeed not worth it! Hey...Who makes that Duguxie the best sword in the world!" Cai Wuye suddenly sighed.

"In that case, if it weren't for the descendants of the evil \*\*\*\* to rely on the protection of Duguxie and the shadow ghost servant, then you two would probably kill the descendants of the evil god?" Cai Wuye asked with a smile.

"No! Although I didn't fight against the son of the evil god... but I feel that if it were me, even if I used the flame sword art, it would not necessarily be able to subdue the son of the evil god." I said it out of my mouth.

When Sanglong suddenly said such a sentence, Cai Wuye suddenly frowned.

"Is the son of Cthulhu really so powerful?" Cai Wuye asked seriously.

Sanglong and Ma San said in unison: "Senior Cai...the descendants of the evil \*\*\*\* must not be taken lightly! Definitely a strong enemy."

Listening to the words of Sanglong and Ma San, then Cai Wuye's brows became serious.

Originally, he thought the matter was not so serious, but judging from the current situation, it was his carelessness.

"I don't believe it!"

"Hmph, just relying on him as a hairy boy, is he really so powerful?"

Song Yong in front of him seemed very dissatisfied and said.

It seemed that he was very dissatisfied with his subordinate Ma San and the Sanglong.

Then Cai Wuye said slightly, "Ayong, I know that you have hatred in your heart, and that you are killing your father, but you must understand that the person we are going to deal with is the son of the evil \*\*\*\* who wanted to dominate the martial arts..."

"Although Cthulhu hasn't reappeared in the world for so many years, his reputation is still there!"

"Hey..." Cai Hu said with a sigh at the broken knife.

Song Yong was young and energetic. Of course he was dissatisfied at the moment, but he couldn't help but listen to the teachings of his fifth uncle, so he nodded there and said, "What the fifth uncle taught."

"But what I didn't expect was that the descendants of the Cthulhu God were so powerful... You even made you Ma San and Sanglong even take him." Cai Wuye frowned slightly.

He knows the two people around him, Ma San, and the strength of the Dragon

Both of these two were once famous figures.

Moreover, they are all top-notch masters around Song Haotian, but they didn't expect that twenty years later, the two of them would not be able to take down the son of the evil god. How could this not shock the present Cai Wuye? If this is the case, it will be in trouble!

You must know that they are not only going to deal with the descendants of the evil god, don't forget, Li Tian also has the evil sword Duguxie and the shadow ghost servant beside him.

The strength of these two people alone is terrible, and now add a more terrifying descendant of the evil god...

So Wuye Cai was depressed at this meeting.

After thinking for a while, he finally raised his head slowly and said, "Ma San, Sanglong, you should take them out first, let me talk to A Yong alone!"

When Ma San and Sanglong heard Cai Wuye say this, they nodded.

"Okay, Senior Cai!"

The two who were talking took their subordinates and walked outside.

Soon only Cai Wuye and Song Yong were left in the room.

"Uncle Wu, do you think it is really so difficult for me to kill the descendants of the evil \*\*\*\*\* this time?" Song Yong asked unwillingly.

After all, this hatred has been deeply buried in his mind for more than 20 years... Now he has finally found a chance to avenge his hatred, how can he not get excited?

"Yes!" Cai Wuye said suddenly.

"And it's more difficult than I thought before." Cai Wuye said with a grimace, without any joking.

p: New Year greetings! I haven't talked to my brothers at the end of the book for a long time, this is my fault! Because during this period of time is really too busy, and the mood is not good, but finally stabilized now. Huahua hopes that in the new year, all book fans and friends will be happy. Fortunately, boys are getting more and more handsome, and girls are getting more and more beautiful. And I wish all the fans' families will be healthy in the new year. Healthy and happy forever! During the New Year, there are still three shifts every day. After this period of time has passed, there will be five shifts a day! Compensation for all the chapters I owe... Finally, I wish all my friends a happy new year.
