

A Killer 94

Chapter 94: Black shark

As the door of the abandoned factory was opened, a strange smell came out from inside.

And standing in the doorway, you can hear the crazy screaming inside.

Li Tian in front of him was puzzled, but he didn't say a word, and followed Shen Feng and Paiqiang to the front.

I walked inside and found that it was really big enough. Although the inside was abandoned, it was brightly lit. There was a long passage in front of it, and the shouting sound came from the front.

Paparazzi led the way and quickly crossed the passage.

As Li Tian got closer and closer to the passage, he could hear harsh shouts, those voices with craziness and blood.

This shocked Li Tian, who was here for the first time.

But Shen Feng and Paiqiang were expressionless, as if they had been used to such a scene.

Looking closer, Li Tian was completely shocked at that moment.

God, what kind of scene.

In the blink of an eye, there was no one hundred and ten shouting there.

Among these people, there are well-dressed men and beautiful women. Their expressions are crazily. After taking off their suits during the day, they came here and began to reveal their original nature. They were filled with the smell of wine and blood, shouting there. Cheer.

Take a closer look at the front, which is surrounded by barbed wire and covers an area of 70-80 square meters. It is a ring.

There is a burly giant man above, with a hideous face, and the muscular curve exposed from the side of the body looks scary. A shark tattooed on his arm is extremely sturdy, and his naked body is dripping with drops of sweat. A big red pants were worn on his body, and he was punching another boxer who was far from him on the stage.

Bang!

Blood flew out from the other boxer's mouth.

The audience was also accompanied by crazy shouts. These people seemed to like violence and **** scenes. Seeing such scenes seemed to make them excited.

The boxer was hit in the head by a heavy fist and fell to the ground with a plop.

And the strong man didn't mean to give up, he suddenly roared, like a gorilla, suddenly two sturdy arms suddenly lifted the blood-covered man in front of him.

Such an explosive scene once again made the audience crazy and puzzled.

With a bang, the raised boxer was thrown under the ring by the fierce man alive, causing an uproar.

Is it dead or alive? No one knows.

No one in the audience noticed whether the boxer was killed, they just cheered and shouted for the hunk who had won another game.

There were only two dingy guys, carrying the boxer who didn't know if they were killed, and lifted them toward the outside.

Looking at such a horrified scene, Li Tian was completely stunned.

Oh my goodness, here are punches? It's all killing! Extremely **** killing.

Standing next to him, Shen Feng was staring coldly at the macho with shark tattooed on his arm, his fists clenched uncontrollably.

"The black shark is really a black shark!" Paparazzi next to him looked at the giant man standing on the platform as if admiringly.

Black shark? Perhaps this name is so strange to Li Tian.

But for those who like black market boxing, the name of this black shark is the title of king.

Because of the 30 unbeaten record, 5 consecutive games to kill people in the dominance of the ring, so far no one can shake.

He is the king of black boxing matches!

It is also the hottest spot in black market boxing matches.

Here, if there were no black sharks, there would be no such lively.

I don't know how many fighters fall under the fist of the black shark every day, whether they are dead or disabled, and no one cares about them anymore.

No way, who made Black Shark not only a king fighter, and his backstage is Feng Ye! Master Feng of the Ninth District.

So until now, the Black Shark is the king of boxing in the black market.

"Let's go and see Brother Fat."

The paparazzi in front looked at the black shark on the stage with envy, and then walked towards the front with Shen Feng and Li Tian.

Li Tian was also shocked, but he still followed.

In the front "box" where you can see the audience at a glance.

Isn't the fat guy sitting inside? With a bloated figure, another charming woman has already been beside her, nestling in front of her.

There are also two small fruit plates sitting next to them.

"Fat brother, we are here." Paiqiang has already walked to the door of the box at this moment.

The fat man pushed away the charming woman next to him, looking at Shen Feng who walked in with a sly smile on his face, frowning slightly when he turned his eyes to Li Tian next to Shen Feng.

"What does this kid do?" The fat guy suddenly looked at Li Tian and asked.

"He is my brother. I want to come over today, so I brought him over." Shen Feng said.

The fat guy squinted at Li Tian, without saying much, his eyes were placed on Shen Feng's face, and he smirked, "Are you ready?"

"Ready."

Haha, the fat guy laughed.

"That's good."

"The next game is our game. Later, we must let the ***** boxer from the province see how we are good." The fat guy said with a smile.

Paiqiang suddenly walked forward and leaned forward and whispered a few words in the fat man's ear: "Fat brother, this kid doesn't need our gloves, and he said he doesn't use fake punches, what should I do?"

After listening to the fat man, his face with a treacherous smile slowly became cold.

"Is it?"

He raised a pair of eyes and looked at Shen Feng in front of him coldly.

"Shen Feng, are you sure you can win today?" The fat guy suddenly asked,

Shen Feng suddenly said, "You will know when the time comes."

"Okay! I appreciate a decisive person like you."

"I hope you don't disappoint me in this boxing match, otherwise I can't help but lose a lot of money, and face will be ugly." The fat man said word by word, his face stubborn.

Shen Feng didn't say a word.

Then the fat man stood up and walked out of the box with his arms around the charming woman, followed by Shen Feng and Li Tian.

As soon as I walked out, I saw a large group of people approaching.
