

## A Killer 98

Chapter 98: A deadly move

What about Li Tian? Then shouted excitedly.

Shen Feng finally won, won!

The fat guy was even more happy: "I \*\*\*\* knew that Shen Feng is a good guy! I won, I won."

Today, he must have returned with a full load. He originally had great odds and wanted to win the game.

On the contrary, the paparazzi gave a treacherous smile, and said cruelly: "Why didn't this \*\*\*\* be beaten to death?"

While everyone was celebrating Shen Feng, they did not expect that the Muay Thai boxer who was nearly killed by Shen Feng just now stood up from behind, with unwillingness and anger in his eyes.

In this way, the Thai guy who had conceded in the previous step attacked Shen Feng from behind, and his steel fist rushed towards Shen Feng, who was facing him.

The exclamation sound spread throughout the audience.

Li Tian in the audience was also stunned.

"Shen Feng, be careful!" Li Tiandang's heart shook as he saw the Thai guy's move, yelling in Hysti.

But Shen Feng, who was exhausted and unprepared, had time to block.

A bang hit Shen Feng's head directly, and with a bang, Shen Feng was hit directly and fell off the ring.

The body fell directly under the cold ring.

Shen Feng, who fell under the ring, seemed to be killed, his face covered with blood.

Li Tian rushed over like crazy, and helped Shen Feng up: "Shen Feng, Shen Feng, are you okay?"

Shen Feng, who looked like he wanted to die, spewed blood from his mouth, blinking hard and looking at Li Tian, his mouth opened, but he couldn't speak.

The audience also all exclaimed and questioned.

Feng Wuye, who was sitting high on the table, suddenly groaned, looking at the Thai boxer with a cold murderous intent in his eyes.

"Asshole, concede defeat, and dare to try again? Use my place as a playground?" Feng Wuye was also angry.

Meng Chong, who had been standing silently beside him, took a violent step forward: "Fifth Lord, do you want me to kill that guy now?"

When Meng Chong said these words, his eyes didn't even blink, as if for him, killing the Thai boxer was a matter of gesture.

When Feng Wuye was about to speak, suddenly there was an exclamation in the audience.

Then in the audience, I saw a figure pointing to the Muay Thai fighter: "Asshole, my brother spared you, but you secretly killed you, I will kill you myself!"

With this sound, but seeing his figure, he suddenly jumped into the ring.

Who is he?

Of course he is Li Tian with red eyes and angry eyes.

Seeing his brother Shen Feng being beaten like that, Li Tian was of course angry, and he was still spared the life of the Thai boxer.

The whole audience was stunned.

No one dared to speak.

Because everyone knows that after a boxer has competed with another boxer, it is not allowed to challenge any more, and wheel fighting is completely forbidden here.

Therefore, everyone in the audience looked at Li Tian dumbfounded.

But at this moment, Feng Wuye suddenly stood up at the highest point: "Everyone be quiet!"

"Today, according to the truth, it was Shen Feng who won, but this boxer broke the rules of the game first, so this kid who is coming up now has to challenge the boxer, I think it can."

"If you are not convinced, you can come to me for Feng Wu theory!" When he said these words, Feng Wuye's eyes on the yin bird coldly glanced at the audience, and the men in suits from the other provinces.

Although a few men in suits have words in their mouths, they dare not say a word. There is no way that they are not theirs in Kyoto, so they can't do anything.

The audience immediately fell into a frantic scene, another challenge, and another \*\*\*\* fight. Of course they liked it.

And the fat guy over there looked at Li Tian dumbfounded: "That kid is Shen Feng's brother?" He asked Papparazzi Qiang.

Paiqiang nodded depressed: "It seems so."

---

On the field, but seeing Li Tian clenched his fists tightly, his eyes were blood-red, angry, and boundless anger filled him, staring at the Thai boxer.

The Muay Thai boxer, to be honest, didn't suffer much injury during the first fight against Shen Feng. Even if he was injured, it was not very serious.

At this moment, I saw another person coming up to challenge myself. Those wolf-like eyes looked at Li Tian, and said in very awkward Mandarin: "You, are not afraid of death?"

Li Tian didn't answer him, just clenched a pair of angry fists tightly.

"I will perfect you." The Muay Thai boxer said again.

After saying a word, the Muay Thai boxer suddenly straightened his body, his knees pinched with fierce force and launched a fatal blow towards Li Tian.

This blow was a flying attack in Muay Thai, powerful and fierce.

When this fatal blow hit Li Tian, Li Tian's nervousness for standing on the ring for the first time disappeared without a trace, and then suddenly appeared in his mind the body method to break this flying knee.

So he moved!

His footsteps suddenly moved extremely fast and weird. If he hadn't seen his light steps with his own eyes, it would be unbelievable.

Before the people under the ring could see clearly, he immediately moved to the boxer's face, and then spread his five fingers, and the huge breath from his body was poured into his five fingers. on.

"Go and die!" The roar that shook the world roared from Li Tian's mouth.

Boom's scratching place.

The audience was shocked!

Everyone was stunned, the people from outside the province in the audience were stunned, the fat guy was stunned, Feng Wuye was stunned, even Meng Chong who was standing behind Feng Wuye was stunned.

Because Li Tian made a fatal grab through the two hands blocked by the Thai boxer, and suddenly caught the Thai boxer's throat from the middle position, fast, hard, accurate! Li Tian's grasp of the three elements is not bad at all.

With a click, Li Tian didn't even hesitate, his five fingers directly clenched.

And what about Muay Thai's throat?

Was pinched off instantly.

The Thai boxer's eyes were filled with disbelief and astonishment, his head tilted, his body was like soft noodles, and he fell to the ground with a plop.

died.

one move! With just one move, Li Tian killed the Thai boxer with one move.

Was that Muay Thai too careless? Or is Li Tian's catching tricks too weird? No one thinks about this problem anymore, the silence of the audience now seems to be audible when a needle drops.

No one spoke.

Just when the Muay Thai fighter's body slammed to the ground, there was an exclamation sound from the audience. The sound was crazy, with all the incredible.

But the facts have proved that Li Tian killed the Thai boxer with one move.

Maybe even he himself couldn't believe this was the truth, he killed someone? And it's killing someone with your own hands?

With a panic, Li Tian looked at his hands in disbelief, and muttered, "I killed someone? I killed someone?"

Maybe he didn't even feel the power of the catch just now, but the facts proved that his catch was too aggressive and overbearing.

"Good boy! Kill him in one move." Feng Wuye suddenly stood up from his seat and said.

Meng Chong, who had been standing silently behind him, frowned tightly, staring at Li Tian with a pair of eyes, without saying a word.

Those who came from other provinces watched their Muay Thai fighters fall in disbelief, and talked about them with sinister expressions.
