

A Killer 99

Chapter 99: Refuse

Everyone's eyes were on Li Tian's body at this moment.

Even the fat guy over there has grown up with a mouthful of blood: "Nima, this kid killed the Muay Thai boxer with one move?" His voice was incredibly hard to believe.

The place where Shen Feng, who was badly injured just now, was in the audience was also deeply shocked. Shen Feng, who was raging in his chest, couldn't help laughing.

Watching Li Tian step by step from the ring, the people around were shouting for Li Tian.

The corpse of the Muay Thai boxer who was killed was quickly dragged out. No one on the court noticed a boxer who was killed. They all gave Li Tian the screams and crazy shouts.

In the hearts of these people, what they want is such an explosive effect, and only such an explosive scene can make their blood boil.

Li Tian, who walked slowly from the ring, didn't seem to hear any sound in his ears, what about his heart? At this moment, they are all banging, banging, banging violently.

His hands trembled for it.

The first time to kill, yes, the first time was when Li Tian personally killed him, he was full of fear and shock.

So when he walked off the stage, he couldn't believe it was true.

"Brother..." Shen Feng lay **** the ground and looked at Li Tian who came by.

Li Tian hurried to help Shen Feng up.

"How are you? I'll take you to the hospital." Li Tian said that he would take Shen Feng to the hospital for treatment.

But seeing Shen Feng shook his head. Although his face was pale, he still smiled and said, "You, you, your ***** mother, why are you so powerful? You killed that ***** for me!"

"From today on, I Shen Feng owes you and owes you a life." Shen Feng put a hand on Li Tian's shoulder and said with a difficult smile.

Li Tian smiled slightly: "Stop talking, I'll take you to the hospital quickly."

He said that he was going to send Shen Feng away.

"What's the origin of that kid, does anyone know?" In the crowd, but seeing Master Feng Wu had walked down from the highest stand.

The little brothers standing behind him shook their heads speechlessly, no one knew.

"Kill that Muay Thai boxer with one move, hehe, interesting." Feng Wuye brought a strange arc at the corner of his mouth, and walked towards the front with a smile.

Li Tian surrounded the crowd over there.

Even the fat guy walked over quickly.

He didn't even look at Shen Feng, and didn't care about Shen Feng's injuries. He went up to greet Li Tian and said, "Hey, brother, what's your name?"

Li Tian coldly raised his eyes and looked at the fat man. For this kind of ***** who only values money and doesn't even talk about friendship, Li Tian said directly: "What matters to you."

"You kid, how do you talk?" the paparazzi said coldly.

Li Tian immediately raised the pair of Senhan eyes and glanced at the paparazzi. The paparazzi couldn't help taking a step back, afraid.

Even the fat guy's expression changed.

You know, Li Tian in front of him was a fierce man who killed that Muay Thai with one punch.

Just as they were talking, Master Feng Wu had already brought his men and walked over with a smile.

"Feng Ye!"

"Good seal."

The people next to him were greeting Feng Wuye.

The master Feng also waved at those people with a smile.

He set his sights on Shen Feng and Li Tian.

"Is it all right?" Feng Wuye asked, looking at Shen Feng who was lying on the ground and was seriously injured.

Shen Feng said in shock, "It's okay, just a little hurt, thank you Feng Master for your concern."

Feng Wuye smiled: "It's okay."

"Is this your brother?" Feng Wuye suddenly set his eyes on Li Tian, looking at that Shen Feng and asked.

Shen Feng nodded.

Feng Wuye stared at Li Tian, and said with a compliment: "You guys are good."

Li Tian glanced at this guy who was called Feng Ye by many people, and didn't say a word.

"This is my business card. If you have the opportunity, you can come to the Yuehai Club to come and play with me." Feng Wuye said as he drew out a golden personal business card from his pocket.

The whole audience was taken aback.

Feng Wuye personally gave someone a business card! !

This is the first time, at least in a place like black market boxing!

Who does not know the identity of Lord Feng? Who doesn't know that this underground boxing arena was opened by Feng Ye? But today, Feng Ye gave a little man a business card, and he also said that there is time for Li Tian to play in his Yuehai Club? As we all know, Yuehai Club is the place for Feng Ye.

Holding this gold card, to put it bluntly, you can go in and out of the Yuehai Club, and you can eat, drink and have fun. The beautiful women in it can pick and sleep casually without spending a penny.

I am afraid that no more than 20 people can have this gold card in the entire nine districts, and even in Kyoto City. Now Feng Wuye actually wants to give Li Tian the gold card he carries with him.

This of course made the people next to him jealous.

The fat man opened his eyes wide, and he couldn't believe it.

But what about Li Tian?

Staring at the gold card that the fifth master stretched out his hand to concentrate in the air, he suddenly said: "I understand your kindness, but this thing may be of no use to me, thank you."

When Li Tian said these words, the audience was stunned.

That Feng Wuye was rejected for the first time, and it was the gold card that he gave out.

To know how many rich people can dream of this card, who can imagine that Li Tian would not even want it.

Master Feng Wu held the golden card in his hand, his face changed in an instant, but then he laughed and glanced at Li Tian with the yin-bird's eyes.

"it is good!"

Master Feng Wu spit out a word, and then slowly put the golden card in his hand into his pocket.

No one nearby dared to say a word, they were all looking at Feng Wuye.

With a smile on his face, Feng Wuye straightened up and looked at Li Tian and said, "I hope I can see you again in this boxing match."

After speaking, Feng Wuye suddenly turned and walked to the other side.

Just as Feng Wuye had just turned around, a few men in suits over there walked towards Feng Wuye.

Who are the men in those suits? Take a closer look. Isn't it just a native of the province who hired Thai boxers?

Why did they suddenly come to find Master Feng?

The men in suits who walked over were very aura. These people were not simple characters at first sight. They could be felt from their outfits and outfits. These people were definitely not ordinary characters.
