

A Killer 991

Chapter 991: Ghost

When this vicious hidden weapon that flooded the sky was finally used, the density was even more terrifying than the previous two times. Obviously, this golden hand white dragon had exhausted all his power this time.

Just when this golden hand Bailong's most overbearing hidden weapon was used, Fairy Baihua suddenly rose up slightly.

Then two slender hands did not know when there was a handful of golden silver needles, and then her figure jumped into the air, and then the handful of golden silver needles in her hands were also scattered like petals in her hands. .

The graceful posture like a fairy, looks like a fairy descending to the earth.

But the golden needle in her hand was not a flower, but a deadly golden needle.

"The goddess scattered flowers!"

The most hidden weapon of Kung Fu, the goddess scattered flowers.

When the goddess' dispersal of flowers came out, the golden hand Bailong was stunned.

As a concealed weapon of Kung Fu, he certainly knows how powerful this goddess is to disperse flowers. He has always heard of the goddess' three sisters, but he has never seen it once in his life.

This time, he saw it, he saw it really.

But when he saw this trick, the goddess scattered flowers? This became the last time in his life.

Because the densely packed golden needles had all shot towards his whole body.

Bai Long couldn't hide it at all.

So only heard a scream.

All of the golden needles all over the sky shot on him... He didn't even have time to scream, the whole person instantly turned into a hedgehog, and his body fell directly to the ground with a plop like a wooden stake.

died.

Golden Hand Bailong also died.

Where did his pupils remain hugely open, but the entire face was already filled with deadly golden needles.

The death was terrible.

At the moment when Baihua Fairy also solved the White Dragon, the Ecstasy and the remaining Ouyang Longyan saw this shocking scene at the same time.

There was a sudden thump in their hearts.

The seductive envoy roared, and attacked with a strong palm, and immediately forced the ghost servant back...then his body quickly retreated.

He wanted to escape.

Yes, now that the overall situation is set, they have lost.

Really defeated.

The four great drunkards and Bailong all died tragically, how can the Ecstasy not panic?

He underestimated Li Tian's strength too much, and he never expected that Baihua Fairy would appear here.

The ecstasy hasn't reached this point.

So he is ready to go now.

"Ouyang Longyan...Let's retreat." Only listen to the seductive envoy retreating.

That Ouyang Longyan also knew that today's battle was already divided. At this moment, the soft sword in his hand flicked, and the flowers of the sword blossomed towards Duguxie.

The Duguxie bronze sword blocked, but because the toxicity on his thighs had already restricted the movement of his body, he couldn't try his best to stop it.

Na Ouyang Longyan took this opportunity and swept back longitudinally, ready to leave this place with the ecstasy.

But just when the two of them wanted to leave, a strong wind suddenly struck them.

At the same time, a burst of shouts suddenly sounded.

"Want to go?"

With a burst of drink, but seeing the strong wind, he whistling thinking about them shooting.

Ecstasy and Ouyang Longyan looked at the strong wind that broke through the air, and the Ecstasy raised his left hand, slashing his strong palm on the strong wind... Then he saw him at a glance.

Li Tian.

Standing motionless in front of the two of them, Li Tian, with fiery killing in his eyes, was standing there like a **** of murder, looking at them coldly, and a chill of death rushed to them in an instant. The whole body.

Ouyang Longyan suddenly took a step forward and wanted to make a move, but was suddenly stopped by the ecstasy.

"Unexpectedly... It turns out that the son of the evil ***** has become so powerful." Only listen to the evil spirits said in that gloomy voice.

While talking, he looked around.

The ghost servants and Fairy Baihua stood at the exit. On the side is the Duguxie carrying the bronze sword. The front is Li Tian, and the two corpses lying in the middle are the golden-handed white dragons. There is that alcoholic.

"Even the drunkard died in your hands...it really surprised me." The ecstasy continued grimly.

Li Tian sneered and looked at him with hatred eyes: "Tell me...who is the master of your **** gate?"

"Who killed my father in the past? And where is my father now?"

Listening to Li Tian's questioning, the ecstasy suddenly laughed wildly.

"Do you want to know everything?"

"Nonsense." Li Tianan said.

The ecstasy said: "It's a pity that I can't say it."

"If you don't say it, I will let you die here today."

"dead?"

"Do you think our **** gate people are really afraid of death?" Ecstasy said suddenly coldly.

"Young Master, don't talk nonsense with these bastards. We can finally get back the blood debts more than 20 years ago. Kill them and avenge the big brother." Just listen to the ghost servants saying angrily.

But Li Tian could not be impulsive.

Because this is the only clue he knows, the only clue he can know from here.

He knew in his heart that whether it was the Ecstasy or Ouyang Longyan beside him, they were just tools in the hands of the master behind the scenes...

The real culprit, the real enemy has not yet appeared, so Li Tian must ask it now.

"You really don't tell me?" Li Tian's eyes had already revealed sharp killing intent.

Ecstasy sneered, without words. Ouyang Longyan beside him is even more indifferent like a stone.

"Well, since you don't say...then I will force you to say it." When the words were spoken, Li Tian suddenly took out the sword in his hand.

Chi Lian Jian.

The black scabbard, the black hilt, and even the blade is pure black.

At the moment the red refining sword was taken out, the entire air seemed to be condensed by the terrifying chill of the red refining sword.

Everyone looked at the weird sword in Li Tian's hands.

His sword is finally about to be shot.

A sword that was once bloodthirsty and devastated was held in Li Tian's hands like this.

Even his pupils turned blood red.

At the moment when he felt the suffocating death chill in the air, the ecstasy before him and Ouyang Longyan couldn't help taking a step back.

They felt terrible like never before...

This terrible air was not emitted from Li Tian, but from the black sword in his hand.

At the moment when Li Tian's Red Refining Sword was pulled out, when the world seemed to be surrounded by this cold sword aura, a weird scream suddenly sounded in the entire Haojue nightclub.

The sound was terrible, if it was in the middle of the night it really sounded like a ghost in hell.

The swish sound slowly echoed in the entire Haojue nightclub.

Who made the screams like Li Gui?

At this moment, Li Tian and his brothers stood there with shocked expressions, even the Duguxie and the ghost servants around him were stunned... and then began to look around.

Chapter 992: Devil

The sound of howling ghost crying spread throughout Haojue nightclub.

No one knows what exactly is making this sound, and no one knows what kind of monster is coming?

Just when Li Tian, Duguxie and the others were shocked, suddenly a stern laughter came from all around, like the scream of laughter in Raksha hell.

The sound was extremely unpleasant, as if it was going to penetrate a person's eardrum, and it came from all around.

Ghost?

The voice of a ghost?

As soon as he heard the howling ghost sound, Duguxie had already held the bronze sword in his hand tightly, and that indifferent face became even colder in an instant.

The ghost servant whizzed to Li Tian's side, protecting Li Tian.

The brothers also began to look nervous on everyone's face. They looked around with their eyes wide open, and couldn't help but ask in horror: What is it? What monster makes such a terrible sound?

Just when they all felt extremely strange, the Ecstasy in the gate of **** who was about to escape just now, and Ouyang Longyan's expressions changed at this moment.

Suddenly there was a shock and excitement that could not be said on the eyes of the Ecstasy.

"She is coming....."

"Unexpectedly they came." A strange word suddenly came out of the ecstasy.

Why does the expression of this ecstasy become so excited when he hears this stern ghost cry?

Can it be said that the person is still the person at the gate of hell?

While thinking like this, suddenly I didn't know where a small black shadow suddenly attacked here like an electric beam.

The figure looked small, like a child, but it was extremely fast.

Just when the brothers and everyone were wondering, suddenly the little figure had swished in front of everyone.

Looking carefully, it turned out to be a child, and it turned out that a child really came to them.

The child looks like at most 1112 years old, with a bare head, except for a long hair braid in the middle, with big smart eyes, which looks quite cute.

But those eyes gave people an extremely weird feeling. Although they looked innocent, they could always feel that there were many things buried in his eyes.

Moreover, his clothes were quite weird, a red flower dress. When he suddenly arrived here, he suddenly looked at Li Tian and the others and smiled.

This smile revealed a mouthful of white teeth.

"Uncle, I want to eat candy..."

"I want candy."

When this weird child suddenly arrived in front of Li Tian and the others, he immediately leaned over to the front brothers, and then stretched out a white tender hand to hold Li Tian in front of him and cried out.

Li Tian frowned suddenly, and stared at the lovely child in front of him, his heart lined up: Where did this child come from? How come here for no reason?

He's just a naughty child!

When everyone was wondering how an unprovoked child came here, the ecstasy over there suddenly showed a sordid smile...just at the moment that sordid smile appeared, Du Guxie suddenly spoke. There was a scream from inside.

"Young Master, be careful."

He screamed, but when he saw the child who was pulling Li Tian's clothes, suddenly a white and tender arm had a black sharp edge. The sharp edge did not look like a knife or Like a sword, but like a sawtooth.

The sharp gears in his white and tender hands looked weird, and his originally smart and lovely big eyes became distorted like beasts at this moment, and the black teeth in his hands were deadly towards Li Tian's Pierced in the chest.

The trick is surprisingly fast, and it is completely a trick that can only be used by top-notch masters.

Unprepared, Li Tian was shocked when he saw the sharp black teeth pierce his heart.

He retreated quickly, and at the same time shot a fierce right hand.

hiss

The sound.

Although Li Tian's reaction speed was fast enough and agile enough, the sharp black teeth in the hands of the "kid" were suddenly scratched on his chest.

"Little Lord."

"Li Tian."

The brothers in this society, the ghost servants and Du Guxie all quickly reached Li Tian's side, looking at his wounds worriedly.

But seeing Li Tian shook his head slightly and looked at his wound carefully, only a blood stain was drawn on his chest, and his clothes were cut by sharp teeth. As for the internal injuries, there was nothing.

Fortunately, he avoided it fast enough, otherwise his heart must have stopped beating.

Toxic.

What a cruel "child."

"Asshole!" But when he heard a roar, Tang Xiaolong roared at the weird child.

The Duguxie and the ghost servants of this society also looked at the child in shock, because they had realized that this child was not a child at all...Although he has a childlike appearance, although he has a childlike voice, By his skill and ability, he is definitely not a child.

But he said that after the "child" stabbed Li Tian all of a sudden, he suddenly let out a weird whistle in his mouth, which made him look very happy, and then he rolled back.

Hehe.

A strange and miserable voice came from his mouth.

His immature voice just now seemed to change in an instant, and even his eyes changed, from innocence to fierceness.

"Good boy, yes, yes, the black teeth that can escape, the son of the evil ***** is indeed the son of the evil god."

A strange voice came from the "child"'s mouth.

His voice is no longer like the innocent and tender voice just now, but like the rough voice of a lively big man.

The moment he heard his weird voice change, the brothers were stunned.

How can a child who looks so small and short can have such weird changes and such a voice?

Who is he?

Why do you want to assassinate Li Tian?

While the brothers and Li Tian were also stunned, suddenly the fairy Baihua jumped two steps in front of the tower to Duguxie's face.

"Second brother, do you remember that there was a pair of weird characters in the rivers and lakes twenty years ago. They were called twin old ghosts. One was a dwarf man who looked like a child and the name was "Guzi," the other was ugly and old-fashioned. Long Jiong is called: the ghost mother. "

When Fairy Baihua said it all at once, Duguxie nodded indifferently.

"Of course I remember."

"Could this guy be one of those dwarf men, devils?"

Chapter 993: I give my life to you

Twin old ghosts.

This pair of monsters had been famous in the arena thirty years ago, and their brutality and brutality were also extremely famous in the arena.

Legend has it that when this pair of monsters kills, they like to cut off each other's heads. Therefore, there are also rumours in the arena that they are messengers of killing.

I remember that more than 20 years ago, Cthulhu once threatened to slaughter this pair of monsters in the arena, but later this pair of monsters disappeared for no reason. Now I didn't expect this twin old ghost to appear here?

Could it be that they also joined the gate of hell? Also at the gate of hell?

It is said that this pair of monsters are disabled.

The devil among them has been a dwarf who has not grown up since he was a child. No matter how old he is, no matter how the years change, his person is so old, he will not grow tall, will not shrink, and will not grow old.

And what about that hag? She has been a freak since she was born, a freak with wrinkles on her face like an old woman, no matter how young she is or how young she is, her face is more than 60 years old. My old woman has more wrinkles, she looks like an old woman, so it's called the ghost woman.

Therefore, this pair of monsters is called by the arena: twin old ghosts.

But it was said that when Baihua Fairy suddenly said the title of "Guizi", the expressions of the ghost servant and Duguxie around him became ugly.

Because only they knew in their hearts that this twin old ghost was a master at the top level.

If everything is true now, since the ghost has appeared here, then the ghost mother must be nearby. The twin old ghosts have never separated, so Du Guxie and began to carefully look around.

But he said that when the child-like "ghost" suddenly jumped to the ecstasy envoy and Ouyang Longyan there, he suddenly became like a child again, with his white and tender arms pointing higher than him. Many ecstasy angrily said: "You, you, you are really useless..."

"The master sent you to do this thing, it's not good...huh..."

The ecstasy messenger who was so humiliated and Ouyang Longyan, who knew that the atmosphere didn't dare to show one.

A short guy who looked like a "child" dared to point his finger at the noses of the ecstasy messenger and Ouyang Longyan to insult at this moment. Such a scene is really funny.

But Li Tian and his brothers couldn't laugh at all now.

They just stared at the scene before them in shock.

But he said that after the "devil" had finished cursing, he suddenly turned his head to look at Li Tian and laughed.

"Are you the son of an evil god?" He suddenly looked at Li Tian in a tender voice and asked.

Li Tian gave a faint hum, looking at this weird devil.

Then the devil showed his white teeth again, and stretched out his white and tender little hand to look at Li Tiandao and said, "Uncle...I want your life...Please, can you give it to me?"

When the weird and cruel words came out of his mouth, it was creepy.

He looked at Li Tian and said while smiling.

Duanmuying behind Li Tian and the girl Xiaohuan had already pale and ugly, looking at the "child" in disbelief.

On the contrary, Tang Xiaolong roared, "You...wild kid..."

"Unexpectedly... dare to kill our little boss... your grandma, if I didn't think you were a child, I would have to kill you."

Tang Xiaolong just wanted to do it.

Just when Tang Xiaolong was about to do something, the "devil" suddenly began to cry.

At the same time, he sat down on the cold floor, and his two white and tender hands kept slapping the cold floor.

The whining cry was immediately echoed throughout the nightclub...

"Uncle bullies, uncle villain..."

While sitting on the ground and crying like a naughty child, he pointed at Tang Xiaolong and cursed there.

The camera at the moment is really ridiculous.

Then Tang Xiaolong was speechless all of a sudden, pointing his finger at the "devil" in front of him and said silently: What is this Nima?

People who don't know might actually think that Tang Xiaolong is bullying a child.

But the brothers did not feel funny at this moment, because they all knew that this "child" was not a simple child.

But he said that after the "devil" cried for a minute, suddenly his body didn't know what was going on, and he shot up. At this moment, his two little hands were inserted into his waist, and Tang Xiaolong stared evilly in his eyes.

"You dare to bully me... I'll kill you later... I'm going to cut off your head by myself... Hey." He said, he suddenly laughed miserably.

One will cry and laugh, one will be Yin, and the other will be Yang.

Such a monster kid really caused Li Tian and the others to have an instant headache.

When everyone felt a headache, Li Tian suddenly walked over and looked at the "devil".

"You want my life too, don't you?" Li Tian asked, looking at the devil.

But seeing that devil suddenly giggled, his voice really sounded like a child: "Yes, yes."

"Uncle, you are a good person, I can tell at a glance, please, give me your life?" The devil said weirdly.

"Okay, come and pick it up." Just listen to Li Tian smiling there.

The whole person looked as if they were really talking to the child.

"Little Lord....."

Suddenly hearing what Li Tian said, Duguxie and the ghost servants couldn't help taking a step forward. They all knew that the "Twin Old Ghosts" were famously powerful. Isn't it dangerous for Li Tian to be so careless?

But Li Tian reached out to stop the two.

In that slightly said: "We are adults, adults can never bully children..."

Listening to Li Tian's words, Duguxie and the ghost servants were slightly startled. They didn't know what Li Tian was going to do, but they still believed in their young masters, so they didn't move anymore.

"Hehe, kid, come and get it, uncle will give you this life..." Li Tian said while smiling at the devil.

The devil's eyes grumbled, and he laughed, showing his white teeth and said, "Uncle is so good."

"Give me my life..." The devil who said so actually stretched out a hand and walked towards Li Tian step by step.

Li Tian always had a smile on his face, always smiling like that.

Just when the devil arrived in front of Li Tian, Li Tian suddenly moved a hand strangely.

Suddenly Xuantian fingered the right hand that was full of energy, broke the wind, and with a swish, the powerful **** force shot directly at the devil.

Chapter 994: Twin Old Ghost

The Xuantian **** in the ancient posthumous book Tianshu Pill scroll, the powerful **** force emitted by the condensing true Qi, what a power.

Such a close range and such a fast **** are really extremely powerful.

At the moment Li Tian's Xuantian **** burst out of the wind, the devil's child's face changed in an instant, and then his body suddenly turned upside down. With the help of this bullet, his short body flew so high. , And at the same time, Yu Juelun's body style flashed backwards, Zhifeng wiped the devil's cheek and shot on the cold wall behind.

But hearing a bang, the hard wall shot a huge hole for Xuantian fingering.

Look at that devil again?

Has slowly fallen to the ground.

It's just that there is a blood stain on his red cheek.

A bloodstain just wiped by Li Tian's Xuantian fingering.

He was also injured.

Although he escaped from Li Tian's fatal attack, Li Tian still hit his white child's cheek.

Tooth for tooth.

Li Tian finally avenged his immediate revenge.

The devil hurt Li Tian when he appeared just now. How could Li Tian forget, so he wants to return blood for blood.

When Li Tian hurt the "devil"'s cheek all of a sudden, the ecstasy over there and Ouyang Longyan were shocked.

What about the devils falling from the sky? There was a blood stain on the innocent face that was rosy and white. He stretched out his white and tender little hand and touched his hot face. The moment blood and scarlet blood appeared on his little hand, he saw it, and he saw his cheek. On the blood.

For an instant, his eyes were crazy, and the whole person suddenly trembled with anger.

"You hurt me? You hurt me..."

"I'm going to kill you... I'm going to kill you..." Suddenly, a strange roar came from his mouth.

His entire petite body trembled violently, twitching, looking terrifying and scary.

The brothers were all stunned, looking at the weird devil.

Just after the devils were injured by Li Tian, at the moment of weird roaring and roaring, a terrifying voice from the sky suddenly sounded.

"Who is bullying my baby... who is bullying my baby?"

Suddenly a weird voice of Senhan rang throughout the Haojue nightclub... and then saw a ghost-like figure shot out of the darkness.

At the moment when her figure came out, the devil jumped up to her in front of her.

The whining ghost cry came from the devil's mouth.

The sadness and despair he cried, just like the death of a loved one.

What about the monsters that appeared? Hugged the devil.

"Good boy...don't cry, don't cry...don't be sad, don't be sad..."

Look carefully at her face that appeared.

It was an extremely ugly face, with criss-cross wrinkles...like a 60-year-old woman.

Her skin was sagging and wrinkled, and even her hands were full of rough wrinkles. At the moment, those slender and thin hands were holding the devil in her arms tightly, comforting in an unpleasant voice.

Her fingernails are very long, as long as zombies, and a thin and wrinkled right hand also carries a black spider ring.

The devil who was crying in his arms was comforting.

Hag.

The hag actually appeared.

At the moment when the ghost woman finally appeared, Du Guxie and the ghost servants over there stood cautiously in front of Li Tian's side.

But Li Tian didn't know who these two monsters, one old and one young, were so good, standing there looking at them.

"My child, who is bullying you? Tell your mother-in-law... the mother-in-law will help you dig out his heart..." the hag mother asked with a hoarse voice holding the devil in her arms.

At the same time, those fierce and muddy eyes were raised there, looking at everyone around him.

His eyes were as cold as a snake.

But seeing the devil crying in the hag's arms for a while, he suddenly turned his head and pointed a hand at Li Tian over there.

"It's him... it's him." His eyes slayed fiercely.

The ghost mother was also a pair of fierce eyes and saw Li Tian at once.

"It's you?"

"It's you who bullied my baby..." The ghost woman suddenly asked in darkness and murderously.

Li Tian stood there, motionless.

"What about me?"

"Damn you!"

"I want to twitch your muscles, peel your skin, dig out your heart..."

"You **** it." Horrible words roared from the hag's mouth.

She was trembling with anger, as if her grandson had been killed.

Suddenly when she said the second sentence "Damn", her five fingers were like electricity to grab Li Tian's front door, and a dark ghost suddenly appeared in the middle of her palm, accompanied by the ghost. With a stern claw, her claws suddenly rushed towards Li Tian.

Where did Li Tian have seen such evil tricks...There is even a ghost in the strange catch...

Is the ghost image real or fake?

Maybe it's because the hag's tricks are too weird? Maybe Li Tian was too careless, so Li Tian didn't even react.

Seeing that the horrible blow of the ghost woman was about to hit Li Tian, suddenly there was a loud dragon chant from the side.

Then I saw a green light blocking in front of Li Tian.

Sword, a three-foot bronze sword.

The strong sword aura brought the fierce slash cut by the lingering wind, and all of a sudden, the ghost in the palm of the ghost woman's palm was shaken away.

In the sky, but after hearing a screaming scream, the ghost woman flew back upside down, and the black ghost in the middle of her palm suddenly disappeared with the screaming scream.

"Evil sword, Duguxie..."

"Good swordsmanship...good domineering swordsmanship."

With a sword coming to the west, Duguxie, the number one in the world, stood coldly in front of Li Tian.

His face is bronze, as strong as his skin...Although the right hand has been broken...but his left hand is holding the sword in his hand tightly.

Stable as a rock, the heaven and the earth stood there like a Duguxie who was the only one standing there.

The sword refers to the ghost mother-in-law.

But what about that hag? After being pushed back by Duguxie's sword, her face showed an increasingly vicious expression, looking at Duguxie in front of her.

"Duguxie, do you dare to stop me?" Just listen to the ghost woman shouting sharply there, her ugly wrinkled face became distorted, as if she wanted to eat Duguxie for life.

But seeing Duguxie standing in front of Li Tian like a **** of death.

"Whoever dares to hurt my young master, I will kill anyone."

"J!"

The cold words came out of his mouth.

The sword was in his hand, and the cold blood was condensed in his heart. He was beside Li Tian like a protector. Seeing the gods kill the gods, meeting the demons and devouring the demons might be like him.

Chapter 995: Fight again

Listening to Duguxie's words, the hag was trembling all over, her five fingers pierced into her palm, and her blood flowed out from her left hand.

When the brothers saw these two weird monsters, they were all stunned.

The devil next to him suddenly turned his head and looked at Li Tian weirdly.

"You are the son of Cthulhu?" His voice has changed, turning into a mad and ugly voice, incompatible with his innocent appearance.

Li Tian looked at the devil and said, "It's me."

"If I guess right, you must be from the gate of hell." Li Tiandao.

But seeing that devil suddenly giggled, his voice was cold and unpleasant.

"Boy, don't you know that you are going to die today...boy, don't you know the fate of offending our master?" The devil said strangely.

"Your father was crippled by our hands and feet. Hey, twenty years, twenty years ago, it's your turn, now it's your turn... I want you to end up better than your father's Terrible." A terrifying ghost word came out of his mouth.

When suddenly heard that the devil admitted that he was a member of the gate of hell, and also told his father's tragic experience back then, Li Tian's eyes all turned blood-red.

The hatred burning in his chest suddenly boiled.

The Demon Sword in his hand: Chi Lian, as if he also felt his endless murderous aura, and suddenly a black light flashed out.

"You say it again...what happened to my father back then?" Li Tian suddenly stepped forward and asked with blood-red eyes.

The devil looked at Li Tian at this moment, not only his eyes turned grunting, but his heart was secretly: Why does this guy exude such a powerful meaning of death?

wrong!

It seemed that the sword in his hand had something weird.

The devil's eyes suddenly looked at the magic sword in Li Tian's hand: Chi Lian.

"Young Master." The ghost servant on one side suddenly yelled to Li Tian in a low voice from behind, and his eyes looked at Li Tian with a weird light, as if they were using them to say something to Li Tian. .

Li Tian is so clever, he certainly knew what it meant when he saw the ghost servant's strange eyes.

Retreat!

The ghost servant means that we can no longer fight today.

The meaning of the ghost servant couldn't be more obvious, he meant to retreat.

Because only he and Duguxie know that today's situation has become passive. Although Duguxie is still standing there, as steady as a rock, his thighs have slowly become numb.

The thighs that were shot by the poisonous needles of the rain of flowers have begun to spread poisonous blood...Although he is standing there with the sword in his hand still holding it, who knows that he is enduring it?

Although Duguxie is martial arts, but he is not a **** after all, not an iron man, he is also a flesh and blood body, so his toxicity has begun to slowly spread.

The only ones who can fight here are Fairy Baihua, Ghost Servant, and half Duguxie.

And over there? Although the drunkard has been killed, there are two great masters of the golden hand Bailong, but the two masters now coming are stronger than the two just now... and terrifying.

Is the twin old ghost kidding?

Such a battle is naturally dangerous.

After all, Li Tian's brothers and others are at a disadvantage.

After the twin old ghost arrived, the Ecstasy and Ouyang Longyan also began to relax.

After all, with the help of these two people, they can turn things around today.

"Haunt... Master sent you too?" Just listen to the ecstasy standing there and saying.

The terribly ugly ghost mother turned her head slightly, revealing a terribly ugly contempt smile.

"of course!"

"You only want the evil sword and the life of the ghost servant...hehe, it's just a dream." The ghost woman said.

When the sarcastic words of the ghost woman came out, the ecstasy and Ouyang Longyan's complexion turned pale, but there was nothing to say.

"Ecstasy, and the kid with a sword scar on his face...Can you two still fight?" The ghost woman suddenly turned her head and looked at the Ecstasy and Ouyang Longyan strangely.

Even though the Ecstasy and Ouyang Longyan were extremely dissatisfied with the words of the hag, but at the moment, the enemy was not concerned about so many.

Replied coldly from the side: "Of course."

"That's good." The ghost woman suddenly smiled.

"The ecstasy made you deal with that charming little beauty..." she said while pointing at the fairy Baihua over there.

Obviously she meant to let the ecstasy to deal with the fairy Baihua.

"As for this kid with a sword scar on his face... hey, go and deal with that Duguxie."

"Duguxie, Duguxie, it's worthy of your hero, the evil sword is invincible in the world, but it's a pity that your legs, tsk tsk...now can't move?" The ghost woman said, looking at Duguxie and laughed.

She actually saw it.

She actually saw the poisonous wound on Duguxie's leg.

The moment the ghost woman said it, Duguxie's heart shook, but the indifferent face remained motionless.

"Old ghost, if you don't believe me, you can come and try the sword in my hand." Duguxie roared.

The hahahaha laughed, and a vicious look appeared on her wrinkled face.

"I don't want to do it with you today."

"I just want the life of one person."

As she spoke, she put Sen Han's eyes on Li Tian.

The kid-like devil next to him suddenly swished and jumped to the front. Those grunting eyes looked at Li Tian in front of him, and said: "Boy, I think you will not die today."

"Little monster, do you want the life of our young master?" The ghost servant suddenly stood up.

When the devil saw the ghost servant, his body suddenly backed away... I looked at the ghost servant's terrifying ghost face there, as if a child saw something scary, and shrank: "I'm so afraid... Yeah..."

When he said the second word of fear, he suddenly screamed, and his short body shot at the ghost servant like a sharp sword at an amazing speed.

An electric light attack, towards the ghost servant.

At the same time, his white and tender hands have had those black sharp teeth for no reason.

A fierce blow stabs the ghost servant.

The shadow ghost servant turned his body and used his own unique phantom body technique. The body suddenly rolled like a violent wind, and then avoided the devil's black teeth, and grabbed the devil with one move.

The devil was too small and extremely flexible. He shrank suddenly and avoided the demon servant's offensive.

But it was said that after the devil on this side suddenly fought against the servant, the fairy Baihua over there was already fighting together.

Chapter 996: Possession of Yin Shao

Fairy Baihua is naturally extremely powerful. Although she looks like a weak female class, her skill is even more terrifying than the ghost servant...especially her hidden weapon.

At this moment, facing the ecstatic messenger in front of him, the Baihua Fairy seemed extremely calm, and the palms of his two slender hands dodge, and he couldn't move away from the ecstasy's whole body.

Although the Ecstasy had a profound skill, he could only parry the Fairy Baihua who was even more powerful than her. At this moment, the first battle was obviously weak.

And the only one who got into an awkward situation over there was Duguxie.

Although Duguxie was still holding his sword tightly in his hand, his legs were trembling slightly.

No way, the poison has completely spread to the entire leg, and now his right leg has slowly become stiff.

Ziyi Ouyang Longyan stood in front of Duguxie, holding the deadly soft sword in his hand, and glanced at Duguxie.

"Today I didn't want to take advantage of people's danger to defeat you, but it's a pity that I have orders." Ouyang Longyan can still be regarded as a gentleman telling the truth.

But Duguxie just stood coldly, saying nothing.

"I'm sorry."

In the moment the four words were finally spoken from Ouyang Longyan's mouth, the soft sword in his hand quickly pierced towards Duguxie.

The bronze sword in Duguxie's hand also rose at this moment.

Cang's sound collided with the soft sword of Duguxie.

Ouyang Longyan's swordsmanship was originally light and vicious, and coupled with its own soft sword, it stabs people with agility. At this moment, the body suddenly rises, and the soft sword carries many sword lights and stabs towards Duguxie.

Duguxie moved and dodged his steps, but he didn't expect that when his feet moved, that right leg suddenly became numb...

The body staggered and almost fell, seeing that Ouyang Longyan's soft sword pierced his chest.

He roared, and the bronze sword in his hand suddenly swayed, shook Ouyang Longyan's soft sword with a sound.

Although Ouyang Longyan's soft sword was shaken off in a hurry, it still seemed extremely embarrassed.

When seeing the Duguxie here in a panic, Li Tian quickly prepared to come and help.

But just as he moved, a grinning laugh came from behind him.

The virulent energy also suddenly attacked from his back at this moment.

Li Tian didn't need to look back to know that it was the ugly hag who was attacking him. Li Tian, who didn't even turn his head, accumulated energy and slapped back with a strong palm.

When Li Tian, who was holding the wind fiercely, was hitting backwards, suddenly the ghost woman disappeared.

Then a strong wind shot at him again from the front place.

Li Tian was shocked, and his heart was secretly lining: This wrinkled old monster could not think that his body was so fast, almost reaching a speed that the naked eye could not see.

When the body turned around, the fierce energy accumulated in the whole body protected the muscles and veins of the whole body.

The red sword in his hand seemed to feel the chill, and the whole black sword body began to tremble lightly as it hissed.

Suddenly, a skinny paw from the side quickly grabbed his right shoulder.

The Chilian Sword in Li Tian's hand quickly raised, slashed in the air, and slashed towards the darkness.

The skinny claws touched Li Tian's red sword, and quickly shrank, and the ghost mother's figure appeared from the darkness.

She stood motionless in front of Li Tian, her wrinkled face wrinkled there, and her muddy eyes blinked fiercely at Li Tian in front of her.

"Good boy, he really deserves to be the son of Cthulhu. He has a bit of strength." She said in an unpleasant voice.

Li Tian held the Chilian Sword tightly in his hand and stared at the ghost woman in front of him.

"I want you to die, I want blood to collect the debt that was 20 years ago."

Following Li Tian's roar, the red sword in his hand seemed to feel the host's endless hostility. Suddenly, it appeared black. The red sword made a long rainbow in the air, and slashed towards the ghost woman.

The wrinkled mother-in-law didn't dare to be careless when he saw Li Tian's sword stabbed, her rickety body suddenly turned upside down, and then her hands changed tricks in the air, and suddenly two black ghosts emerged from the middle of her palms toward Li. Heaven is coming.

Of course Li Tian didn't know what kind of kung fu this ghost woman used? If he knew, he would be shocked.

But he said that when this weird kung fu appeared, Li Tian shot out his left palm, and cut out the red sword in his right hand.

call out

There was a miserable cry, but he saw that the ghost was shattered by Li Tian in the void.

But just when Li Tian shook the ghost image, suddenly a strange smile appeared on the wrinkled face of the hag woman.

Because at the moment when the ghost image was smashed by Li Tian, the weird aura shattered in the air from the ghost image smelled inside Li Tian's nose.

"Yin Sha"!

Legend has it that the twin old ghosts have outstanding kung fu, but the most powerful is their evil skills.

Yin Sha is a kind of breath, the cold breath extracted from the dead body. If this weird breath is sucked into the human body, the whole body will instantly feel the chill of death, and it will freeze quickly. The whole body, if the martial arts are low-minded, it will definitely die on the spot, even if the masters have the "Yin Shao possessed", they will feel the whole body numb and cold, so that the body cannot move in the end.

Could it be said that Li Tian just hit the "Yin Shao Possession"?

When looking at the weird smile that appeared on the corner of the hag's mouth, Li Tian was taken aback, and he said to himself: Why does this old monster laugh? And smiling so treacherously?

Just as Li Tian was surprised, his chest suddenly hurt.

A piercing sensation that had never been seen before suddenly spread from his heart, and then the whole body suddenly began to feel a cold suffocation.

what?

How could this be?

Li Tian was stunned for a moment.

Feel the vitality of the body to resist the cold breath in the body.

But even if Li Tianyun had enough energy to resist the cold air, he still couldn't resist it. Now the cold had begun to slowly invade his limbs.

"Boy, do you feel like your whole body is frozen now?" The ghost woman suddenly laughed weirdly, her extremely ugly face glowing strangely in the dark light.

Li Tian didn't expect that he would be hit by such a weird hidden weapon. At this moment, he was just exhausting his energy to prevent the cold air from entering his internal organs.

"What hidden weapon did you...do you..." asked Li Tian in horror.

His hands have slowly become stiff, and even his feet have become numb.

The red refining sword in his hand also seemed to no longer feel the master's killing intent, and suddenly the black edge gradually disappeared.

"Hey, you are possessed by the evil spirits." When the ghost woman said it, Li Tian in front of her was stunned.

Chapter 997: Li Tian was arrested

Yin Shao possessed?

What kind of poison is it?

How can you suffocate your whole body from the cold?

The cold air gradually penetrated into Li Tian's body, but after hearing a bang, the red sword in his almost frozen hand fell from his hand to the cold ground. There is a faint white layer in the palm of the hand...Look carefully, it turned out to be ice scum...

Frozen!

However, the moment the Chilian Sword in Li Tian's hands fell to the ground, the brothers rushed over.

"Little boss."

Tang Xiaolong and Na Aqiu ran over quickly, preparing to protect Li Tian.

But how could the ghost woman give them a chance to grab them with her five fingers like electricity, the screaming wind was terrifying and terrifying.

Tang Xiaolong and Ah Qiu were forced to retreat...

Duanmuying and Situ Ningbing also ran over at this moment, wanting to help.

But the ghost woman had already fallen to Li Tian's side almost frozen.

Li Tian wanted to move, but he couldn't move a step, because his two legs and two arms were completely stiff at the moment... The whole person couldn't move at all, he could only watch the old monster in front of him. One hand suddenly grabbed his shoulder...

"Hey, come with me."

When the words fell, he slid his body, and then when he saw her ghost, he suddenly grabbed Li Tian's body and swept downstairs quickly.

Li Tian was just grabbed by the shoulders of the ghost woman and taken away!

"Little Lord."

Duguxie and the ghost servant who exclaimed, desperately chasing downstairs at this moment.

But how could that devils and Ouyang Longyan give them a chance to breathe.

All of a sudden, the full strength of the body blocked the ghost servant and Duguxie in front of him.

The ghost servant furiously attacked his heart, and he was worried about Li Tian in his heart. At the moment, the illusion **** body method made him desperate, and then the lost leg of his right leg kicked the ghost's body fiercely.

The devil was kicked with a scream, and fell to the ground with a splash, but he bounced again.

The devil with a vicious expression on his face said in a weird voice there: "Ghost servant, remember it to me... I will definitely come back to seek revenge."

When the words fell, the short body suddenly flew upside down in the dark, and then quickly shot downstairs.

That Duguxie also ignored the poisonous wound on his thigh, and after persecuting Ouyang Longyan with one move, he went after him.

But when Duguxie and the ghost servants are chasing down quickly, where is the shadow of Li Tian? Where is the shadow of the hag?

Here, Ouyang Longyan, and the Ecstasy, after seeing that the target had been taken away, the two of them glanced at each other, and they slid away quickly.

Fairy Baihua and his brothers all ran downstairs.

"Where is God?"

"Where is Li Tian?"

...

In the boundless night, where is Li Tian in the lifeless Haojue nightclub?

He was taken away!

He was taken away by the people at the gate of hell!

"Little Lord!"

A stern scream came out from Duguxie's mouth. His tall and burly body trembled at this moment...The bronze sword held in that hand also lost his light at this moment. .

The endless night lost its color in his scarlet eyes. At this moment, there was only anger in his eyes, burning the flames of anger like the world.

Li Tian was taken away.

Yes, although Li Tian's martial arts has become extremely high, it is difficult for him to escape the despicable methods of those villains on the rivers and lakes.

But fortunately, Li Tian's internal energy is strong, and his internal organs have not been frozen by the evil spirit.

If it were ordinary people, I am afraid it would have already died.

The night is getting darker and darker.

The black makes people feel cold, and the black makes people feel desperate.

The originally prosperous downtown of Yongzhou City could not withstand the invasion of darkness and became deadly silent.

In this dark and silent night, I saw a few figures swiftly towards the distance.

Suddenly, several dark shadows stopped at the Weiye Building.

In the security room outside the Weiye Building, there were two security guards who were resting. At this moment, when a gloomy breeze hit, they couldn't help but shiver.

The two were awakened by the stern wind.

One of them, wearing a security uniform, raised his newly awakened eyes and looked around for a while, and was taken aback.

"Hey, hey, wake up...someone." He just listened to the security guard next to him with his elbow, while looking at the outside with weird eyes.

The other security guard who was lying next to him raised his eyes impatiently at this time.

"What are you doing? Tonight."

"Fuck, someone is here," the security guard said angrily.

When the security guard heard someone coming, he slowly raised his eyes and looked outside the security room and said, "Who?"

"Look."

They both looked at the outside.

But seeing the Weiye Building, there are 4 dark shadows coming towards this side.

Look carefully, but the one walking in the front is a short child with a vertical whip on his head. Behind him is a tall and burly man, but unfortunately he covered his entire face with a black cloth. Mou, another man was dressed in purple, with a long and narrow sword mark on his face.

The last one is an extremely ugly old lady, and what is even more weird is that the old lady is holding a person in her hand, and that person is like a simple object in her hand. It looks like a dead person.

Of course, these people are the ecstasy in the gate of hell, the twin old ghosts, and Ouyang Longyan.

But he said that the security guards in front of him didn't know the situation. When he saw these weird people coming here, he quickly walked out with a flashlight.

"Hello, what do you guys do?"

"Why come to Weiye Building at night?"

After walking out, the two security guards held flashlights, curled their necks, and asked the ecstasy who pointed in front of them.

As soon as the words were spoken, I heard a cold snort from the devil in the front.

"Looking for death." A naive word came out of the devil's mouth.

Then the two people hadn't seen the situation clearly, suddenly the devil's short body had reached the two of them, and then the black teeth in the devil's hand shot suddenly.

Flop!

However, seeing the two security guards' eyes widened suddenly, their two hands covering their necks...they fell to the ground with a thump.

Ah

The inside of the mouth wanted to scream, but it was in vain, because their throat tube had been completely cut.

In an instant, the two security guards died here.

The Ecstasy in front of them didn't even look at them, and quickly walked towards the Weiye Building.

Only that Ouyang Longyan looked at the two people who had died on the ground, and his indifferent eyes trembled slightly, and then he said nothing... and walked inside.

Chapter 998: The people of the black door came out

The 27th floor of Weiye Building.

The 27th floor was empty, but one of the rooms was opened with a bang.

Then I saw all the people at the gate of **** walk in.

The hag's skinny hand was holding Li Tian, who had already been invaded by the evil spirit, and then thrown it away. Li Tian's frozen body was suddenly thrown to the ground, motionless.

The devils still have the ecstasy left, which made him walk in slightly at this moment.

They first glanced at the Li Tian who seemed to be dead on the ground.

"Hag, is this kid dead?" Just listen to the ecstasy looking at the hag and ask.

The ghost woman said weirdly: "No!"

"He is just possessed by my evil evil power... Now his whole body is completely frozen." The ghost woman said there.

"kill him."

"Kill him..." The devil suddenly jumped over and said with a cold hatred in the eyes of Li Tian, who had already lost consciousness, kicking the ground with a pair of small feet.

He hated Li Tian extremely, especially when he touched the scorching blood on his face with his hand, he could not wait to slash Li Tian in front of him.

The hag smiled, showing her black and hideous teeth, and reached out to hug the devil in front of her.

"No hurry, no hurry... He will die sooner or later, but I want him to suffer more and die again." The hag said with a terrible smile.

When the devil heard her say this, he suddenly giggled, and his two white and tender little hands patted there and said, "Okay, okay, okay!"

"I want to watch him suffer alive... watch him be tortured to death."

Such a pair of extremely cruel twin old ghosts are indeed extremely vicious characters in the gate of hell.

The Ecstasy and Ouyang Longyan, who was next to him, seemed to be extremely awed by the twin old ghosts. He thought about it and said: "Ghost, I think it is better to kill the descendants of the evil **** first... Knowing that Duguxie and the ghost servant, and Baihua Fairy are not good characters."

"Don't you have long ears to listen to what I just said?" The hag woman suddenly turned her head to look at the ecstasy and said in a harsh voice.

The ecstasy made his face look ugly, but he didn't speak.

"The master said, I will kill the evil god's son as soon as possible." Ouyang Longyan stood there and said a word.

The twin old ghost slowly turned his head and looked at Ouyang Longyan, then laughed happily.

"Ouyang boy, do you want to use the master to crush me?"

"Hmph, you know that if we weren't here to help you complete the task this time, you would have died ten thousand times." The hag woman suddenly said fiercely, and her wrinkled face also showed a hideous murderous intent. .

After hearing this old monster say this, Ouyang Longyan snorted, but did not speak any more.

"It's useless!"

"Fortunately, this kid is not the evil **** back then...If it were the evil **** back then, I'm afraid you would all die in his hands." The ghost woman said mockingly.

Ouyang Longyan and the ecstasy stood there coldly, listening to her words, his face was blue and white.

After the ghost woman finished speaking, she slowly turned her head to look at Li Tiandao in front of her and said, "But this kid did quite unexpectedly..."

"I didn't expect martial arts to be so powerful...I can still survive if I was possessed by the evil spirits. I really deserve to be the son of a Cthulhu." She tweeted.

"I don't know if the hag has something to ask?" He listened to the ecstasy in front of him slowly.

The ghost woman said: "Let's talk."

"Did the master send you this action? Or, did the master of the underworld sect send you?" the ecstasy in front of him asked.

After hearing the ecstasy asked, the hag said, "It's the master of the door."

"I tell you, because you are not doing well outside, the gang of beasts in the black door are already ready to move... the master told me when he set out that the people from the black door had sent out the beasts."

"And if the people from the Black Gate are targeted, they won't recognize anyone...maybe even we will slaughter." The hag said. ,

When she said this sentence, she could clearly feel the horrified chill on her face.

Black door!

The black gate has always been a symbol of darkness and terror in the gate of hell.

It represents the entire gate of hell, protecting the gate from the outside world.

Legend has it that those masters in the Black Gate are even more terrifying and inhumane. They never ask why they kill, but only recognize orders.

Because of the mysterious location of the gate of hell, even the people in the gate of **** don't know who the masters of the black gate are? How terrifying are those called "bloodthirsty beasts".

In the gate of hell, there is the underworld, the black gate.

Mingmen: In charge of external intelligence work.

Black Gate: It is a terrorist department that protects the inside of the Hell Gate.

In the past, the things that the underworld could not do were done in secret by the people of the Blackmen organization... For example, the battle against the evil gods twenty years ago... the first among them was the cruel "beasts of the Blackmen". ", and the outside is the people in the underworld.

Although both the underworld and the underworld are under the jurisdiction of the underworld, the two have never had any contact. In the underworld, they may be a group, but if they leave the underworld, it may be impossible. , Whoever lives and lives, I am afraid that only the knives and guns will see the truth.

So when the ecstasy and Ouyang Longyan heard that Heimen had begun to move around, a strange change appeared on their faces, and the two were silent there, not talking.

After a long time, I listened to the ecstasy slowly and tentatively asked: "Ghost, what should this kid do now?"

The hag woman chuckled, and her stern voice echoed throughout the room.

Her vicious eyes glanced at Li Tiandao, who was frozen by her whole body now, and said, "Don't worry, this kid has been possessed by my evil spirit... His body will be frozen for a while."

"I will torture him as soon as possible, torturing him bit by bit to death."

A terrifying voice came from the hag's mouth.

Yin Sha is possessed.

It is a kind of strange martial arts that can freeze people's heart.

Li Tian is already caught by the evil spirit of the ghost woman.

In fact, relying on Li Tian's strength to resist the ghost mother-in-law is not a problem at all, but it is a pity that Yin Shao Possession is originally a skill known for its surprise, which is more terrifying than a hidden weapon, because he relies on the attraction of smell.

Chapter 999: Break the cocoon

That's why Li Tian accidentally inhaled this evil spirit into his nose.

Li Tian has been frozen by the evil spirit for two full days.

During these two days, the body was in a stiff state, and a layer of white ice had formed on both hands and feet.

Even a layer of white ice appeared on the eyebrows.

One can imagine how overbearing and vicious this Yin Shao possession is.

If an ordinary master had used this evil spirit possession trick, I am afraid that his heart would have been frozen and died. Fortunately, Li Tian's inner strength was very strong and protected his heart, even though his entire body was already covered by evil spirits. The Qi was completely frozen, but fortunately the heart was still beating vigorously.

Li Tian, whose body is in a frozen state, does not mean that his brain is also frozen. No doubt, his brain is still sober.

Li Tian could also occasionally hear a sentence or two in the freezing state of the conversation between the hag, the ecstasy and the others during the two days.

Now he just wants to break through the stiffness of his body, he wants to make his limbs move...

So Li Tian condensed the inner strength in his dantian and slowly extracted the true energy of his body to resolve the stiffness of his body.

Although Li Tian whose limbs were frozen and stiffened, it was difficult to condense the energy of his whole body, but there was still a trace of strength that was extracted, and he condensed the trace of true Qi and then slowly dissolved his frozen state. .

During these two days, Li Tian felt as if he was walking.

Although his eyes could not be opened yet, and his limbs were frozen, he could still clearly feel that he was contained in a closed space, and he could feel that he was moving from his consciousness.

Could it be that the man at the gate of **** is going to take himself away?

Where to take yourself?

This is the answer that Li Tian wants to know most urgently.

In two days, Li Tian had slowly broken through his own "air pockets", "Tiantu acupoints" and "huagai acupoints", as well as the temples on his head with the help of his accumulated energy.

On this day, the Tu acupoint and the Huagai acupoint are the two major acupuncture points in the human chest.

Now that Li Tian has broken through the two major acupuncture points, his upper body can undoubtedly move slightly.

Although his body is still in a frozen state, small movements are still possible.

At present, Li Tian wanted to make his body move slightly.

As he exhausted all the strength of his body, only the sound of clicking came from his upper body.

That was the sound of ice scum. It turned out that Li Tian's whole body was frozen. Although this would have been able to move slightly, because the ice scum was too thick, he could only move his body a little.

But that little movement has given Li Tian confidence, he immediately gathered the strength of his whole body, and continued to break through the rigid state of his body.

Li Tian's feeling just now was not wrong at all.

He is indeed moving.

And he was stuffed in the trunk at the back of the car.

It turned out that the doorman of **** who had only stayed in Yongzhou for one night left Yongzhou.

Now they have to rush back to the gate of hell, so they put Li Tian in the trunk behind.

The car they drove was a Freelander 2nd generation, a domineering Land Rover.

The driving is Ouyang Longyan in purple clothes, the co-pilot is sitting with the ecstasy, and behind is the twin old ghost.

"Hag, are the people from the Black Gate really dispatched?" As the car slowly sprinted towards the road ahead, the ecstasy sitting in the passenger seat looked back at the wrinkled and ugly hag asked.

.

"Yeah." The ghost woman snorted coldly.

"If the sect master is right, the people of the black sect must have already left the gate of hell."

"But why does the master want the people from the Black Gate to participate in this matter?" asked the Ecstasy puzzled.

The ghost mother said: "Who knows this?"

"But I tell you, since the people from the Black Gate have come out, you better be careful."

"Should they find out that we caught this kid first, it would be a big trouble." The hag said in a weird voice.

The ecstasy changed his expression weirdly and turned his head too far, not knowing what he was thinking in his heart.

The car was driving fast all the way west.

After coming out of Yongzhou City, this Land Rover has been driving on the wasteland.

Go straight west across the deserted highway.

I don't know how long the car has been driving, it may be due to fatigue, or they may have to rest.

But the car finally stopped on the vast wilderness.

"Hag, will the kid behind be sober?" Just listen to the ecstasy asking the hag.

The ghost said: "You want to wake up after being in possession of my evil spirits? Huh...you look down on my old lady too."

The words are full of deep confidence.

But after a second or two pauses, she turned her head slightly to look at the devil beside her and said, "Go and take a look at that kid... to see if he is dead."

Obviously, there was also a trace of worry in her heart.

After all, when fighting against that Li Tian, he knew that the strength of the descendants of Cthulhu was definitely not covered.

But after he heard the hag said that, he showed a row of neat teeth and smiled, then nodded quickly.

The short body jumped out of the car, and then went to the trunk of the car behind.

Reached out to open the trunk of the car, but saw that Li Tian was still frozen...

Guizi's round eyes glanced at Li Tian in front of him, smiled evilly at the corner of his mouth, grabbed him with one hand, and suddenly lifted him from inside to the frozen Li Tian and fell to the ground with a bang.

After Li Tian's stiff body was thrown to the ground, some ice scum also fell down.

At this moment, the ecstasy, Ouyang Longyan and others also walked over quickly, looking at Li Tian who was motionless on the ground.

"It looks like he hasn't died so soon." The hag said with a look at Li Tianzai's evil way.

The ecstasy was originally worried about Li Tian breaking through the rigid state of his body. At this moment, after seeing Li Tian two days later, he still looked like that, and he finally let go of his heart.

"The hag's evil spirit is really powerful." The ecstasy said sincerely looking at the hag.

The hag smiled weirdly.

"This son's inner strength is indeed extremely deep. If it were an ordinary person, he would have died 10,000 times... I didn't expect that he would still survive." said the ghost.

The devil jumped over and stomped Li Tian in front of him.

"Mother-in-law, let me cut off his hands and feet..." He said and laughed.

It's hard to believe that these are words spoken from a "child" mouth.

At the same time, a handful of sharp black teeth suddenly appeared in his hand, as if he was really going to cut Li Tian's hands and feet.

Chapter 1000: Situ Ningbing disappeared

But seeing the ghost, he grabbed the devil's hand.

"No hurry, no hurry... Keep this one for now, it's still useful," said the ghost woman.

"Does the hag want to bring this child back to the gate of hell?" The ecstasy in front of him asked suspiciously.

The hag smiled happily.

"Well, I meant it."

"The master would be the happiest to see the tragic death of his worst enemy son with his own eyes."

"So I am going to take him back to the gate of hell."

While they were talking these words, although Li Tian was lying there as if he was frozen, he heard all of their words clearly in his ears.

He never thought that this "ghost woman" would actually bring herself back to the gate of **** this time.

If that were the case, wouldn't he be able to see the real enemy soon? Can you see the man who is actually behind the scenes manipulating the gate of hell?

Thinking of this, Li Tian suddenly felt an unprecedented excitement in his heart.

That kind of excitement is blazing excitement, the kind of excitement that finally meets the biggest enemy of my life.

However, when the twin old ghost saw Li Tian still unharmed and frozen by the evil spirit, the devil grabbed Li Tian in front of him and threw him into the back of the car, and then they got on. After getting out of the car, the car drove further away.

What about Li Tian in the back compartment?

At this moment, all the strength of his body is gathering and he is beginning to break through the icy cold of the evil spirit... Now his upper body is almost able to move, and the ice scum on his body is slowly scattered. Just give Li Tian a little more time. , He can quickly open all the acupuncture points in his lower body. At that time, all the evil spirits will be cracked by Li Tian.

Li Tian disappeared the next day.

In Haojue nightclub, he heard a manic voice roaring uncontrollably.

"I'm looking for the little boss... I must find him..."

"If you don't **** find it, the little boss will definitely be killed by those monsters."

The voice came from the second floor.

Looking closely, a tall figure suddenly appeared from the second floor, with blood-red eyes, and at the same time there were traces of scarlet blood in the pupils, roaring there.

Tang Xiaolong.

This person is the Tang Xiaolong who has been looking for two days and two nights in Yongzhou City.

But after seeing him running out all of a sudden, a dark figure suddenly grabbed his arm.

"Xiaolong, calm down." With this screaming voice, Tang Xiaolong was caught by his arm.

It was his master, the ghost servant, who stopped Tang Xiaolong.

I saw Tang Xiaolong who was stopped by the ghost servant, his face was full of sorrow, looking at his master, he slowly turned his face away, his fist was tightly clenched, and his whole body was shaking violently.

"Master, what should I do?"

"The little boss has been taken away by the monsters of the **** gate now. I don't know whether he is alive or dead...what can I do?" Tang Xiaolong said helplessly at the ghost servant.

There was also a silent sadness in the eyes of the ghost servant.

"Xiaolong, believe me, there will be nothing wrong with Young Master!"

"Absolutely not."

Tang Xiaolong didn't speak, just shaking violently all over.

It turns out that since Li Tian was robbed that night, the brothers have been searching for the whereabouts of Li Tian and the traces of the gatekeeper of Hell in the entire Yongzhou City. But how could it be so easy to find him in the vast crowd?

Two days.

Two days have passed, and no one of them currently knows whether Li Tian is dead or alive.

So they are worried and afraid.

This time is different from the past, you must know that Li Tian fell in the hands of the people at the gate of hell.

The people at the gate of **** have been longing for Li Tian to die tragically, and now they are finally in their hands. Can this not worry the brothers?

Duguxie was poisoned by the golden hand white dragon...Although that leg had been prevented from spreading poison in time, he couldn't move for a while now.

But the people looking for Li Tian fell to the brothers, the Baihua Fairy, the ghost servant and others.

In two days and two nights, almost the brothers and ghost servants and others have not rested.

They have been searching for Li Tian in Yongzhou City, but they have not found it so far.

At noon, the brothers who were looking for Li Tian came back in batches.

The first ones who came back were Chen Qiaozhi and Old Monster Ge.

"How is it? Have you found a clue?" the ghost servant asked there. ,

But after seeing the two people with their heads down and haggard faces, the ghost servant was disappointed, not to mention that he knew that he hadn't found it.

"Hey, I really hope Li Tian can survive this disaster." Old Monster Na Ge said with a sigh.

Chen Qiaozhi, a sick scholar on one side, bowed his head without saying a word.

"Blood robbery, blood robbery." Old Monster Ge suddenly muttered there again.

Recalling the words that Old Monster Na Ge said to Li Tian on his way to Yongzhou, he told Li Tian: This time there will be a catastrophe in Yongzhou, but he did not expect that Li Tian would not listen to it... if Li Tian still If he can remember the words of Old Goblin Ge that day, he must think deeply about it.

It is a pity that there is no turning back for some things.

In the face of this huge catastrophe, can Li Tian survive it safely? No one knows this at present.

At 3 o'clock in the afternoon, the people brought by Fairy Baihua came back.

Unfortunately, there is still no clue for Li Tian.

Now Situ Ningbing and Duanmuying were the only ones looking for outside.

Seeing the truth in adversity, maybe that's what it says.

The person who truly loves is not afraid to work hard to find a lover.

Although Duanmuying used to be a eldest lady, extremely noble, but this time for Li Tian, she didn't close her eyes for two days and two nights. She kept looking for it. Sometimes she wanted to cry helplessly, but she finally held it back. Just looking there, looking for my lover.

Not to mention Situ Ningbing, always looking for Li Tian.

"I'm back, Miss Duanmu is back." The voices of the brothers can be heard from a distance.

Looking closely, the tired Duanmuying downstairs came back from the outside with red and swollen eyes.

The little girl ring on one side was also full of tears.

Looking at the grief of the two, everyone knows what the result will be.

The brothers who wanted to comfort the two women, but did not know how to comfort them.

"Huh, where is Miss Situ?"

"Why hasn't she come back?" Just listen to the brothers in front of you asking.

Yes, Situ Ningbing has been searching for the longest time, and she is also the most tired of searching, but now she still hasn't come back? How did that happen?

"I don't know." Duanmuying gently wiped the tears on her face with her hand.

The brothers were all stunned.

"Wait a while, maybe Miss Situ will be back soon."

Wait

Keep waiting.

They were all waiting for the killer Situ Ningbing, but did she really come back?

No!

Time passed by minute by minute, but Situ Ningbing did not come back as if he had disappeared forever.
