

Chapter 844: Pregnancy

Guan Ning felt choked by Qin Shuang's words. She said frostily, "She doesn't like me? Didn't all of you see it with your own eyes?"

Guan Ning thought to herself, 'Who was it who smiled when Cheng Yi belittled and ridiculed me? Did they think I didn't see it at that time? Now they want to use me as a gun? Keep dreaming!'

Then, Guan Ning turned and walked away without looking back as she said, "I'm going to see Yin Zheng."

Guan Ning left Qin Shuang and Kang Ru stewing in anger. After she left, she went to Guan Tang's residence directly. After all, no one would mistreat Yin Zheng, who was one of the young masters of the Yin family, but the same could not be said for Guan Tang. Moreover, Guan Tang was sent here by the Eldest Young Miss of the Yin family. When Yin Jia went crazy, even Old Master Yin could not do anything. She thought that Guan Tang was very unlucky to have fallen into Yin Jia's hand just like that.

Naturally, Guan Ning did not really care about Guan Tang that much, but over the years, she knew that Guan Tang had been gathering information about the Yin family. She knew Guan Tang had kept the information as bargaining chips and would not show her hand unless it was a critical moment. She thought that the time now could be considered a critical moment and could not help but wonder if Guan Tang was going to show her hand now.

...

Guan Tang was sitting by the bed and combing her head. She had been very drowsy and tired recently, and her hair kept falling out. Director Wang did not pay any attention to Yin Jia's orders and did not drug her. Director Wang only locked her in here and no longer paid any attention to her. Nonetheless, she still suspected that her food was poisoned. She felt uncomfortable, and recently, she had even lost her appetite and could not sleep well. She was really worried she would die here, and she felt really unwilling to resign to her fate. She could not help but feel sad when she looked at her hair on the comb.

When Guan Ning pushed the door open, the duo looked at each other in surprise.

"Guan Tang..." Guan Ning was shocked that she did not know what to say for a moment.

"Aunty? Why are you here?" Guan Tang did not expect to see Guan Ning at all.

Guan Ning took a few steps forward and asked, "Guan Tang, why do you look so haggard? You... Are you feeling unwell?"

Guan Ning felt that Yi Garden was really strange. It was as though those who moved in here had been sucked dry of their vitality.

Guan Tang subconsciously touched her face upon hearing Guan Ning's words. However, her voice was calm as she said, "Is that so surprising when I'm locked up here?"

Guan Tang suddenly felt a little dizzy, and she instinctively held onto Guan Ning as her vision swam.

Guan Ning supported Guan Tang and asked softly, "You... Do you have any stomach discomfort and feel nauseous often?"

Guan Tang regained her senses and looked at Guan Ning in confusion. She nodded and said, "Yes, every day. How do you know? Do you know what they drugged me with?"

Guan Ning's expression was a little complicated as she said, "Guan Tang, you should be pregnant."

Guan Tang was stunned.

Guan Ning's expression was still complicated as she looked at Guan Tang.

Guan Tang tightened her grip on Guan Ning and asked, surprised, "Really? Aunty, are you sure? Are you sure I'm pregnant? Are you sure they didn't poison me?"

Guan Ning frowned. "Guan Tang! Are you crazy? Do you know whose child it is?"

Guan Tang froze, and her grip loosened. Then, a strange smile appeared on her face as she said, "Of course, I know. It's Ye Cheng's child."

"You!" Guan Ning was at a loss for words. After a moment, she said, "It's impossible for Ye Cheng to admit that you're pregnant with his child! Moreover, if you do this, you'll only make Yin Jia hate you more. You're playing with fire, and you'll end up setting yourself on fire! I advise you to stop fooling around. Why don't you think of a way to see how you can quickly escape from this place? If you don't reveal the bargaining chips you have now, you might not have a chance to do so in the future."

Despite Guan Ning's words, a smug smile appeared on Guan Tang's face as she placed her hand gently on her lower abdomen. She said, "I'm not fooling around. Whether Ye Cheng wants to or not, he has to admit the child is his! I'll do a DNA test if that's what it takes. What matters is that he admits it! If he admits it, it means that he admits to sleeping with me! At that time, I can make Yin Jia feel sick and disgusted for the rest of her life!"

After saying that, Guan Tang laughed very happily.
