

THE STARS ARE ORIGINALLY A PAIR - THE BIG MAN IS MORE IMPORTANT THAN HIS FRIENDS

The people sitting next to the big man are people who see the nature of the big man, what cool and noble son is just the previous night Xiu Chen do to those people to see it.

The boys who played well with him were aware of his true nature, especially now that the big man is not even pretending anymore, directly revealing his true nature, so these people looked at the big man with surprise and suspicion, with a straightforward look: you are forcing people, right?

The night Xiu Chen received their meaning, the whole face is black, he is the kind of person who will force others? And for him An Xingyue is not the same, after all, it is with the heart.

And An Xingyue is not the kind of person who can be forced.

Night Xiu Chen glared at them and then closed his eyes, after all he had to think about how he was going to eat lunch later with Yueyue?

And later must get these followers away, otherwise so many people and teachers those in, Yueya'er certainly will not let him eat with her.

Although the two people in love took the clear way, but in front of the teacher still have to do, only he alone he can certainly rub food, but with so many people, he is embarrassed.

Half an hour break is over, the second round begins, a total of five groups, grouped together, which means a total of five people can have ten extra points.

The two people who finished fifteen questions within three minutes each, and the one with the highest correct rate won.

The first question: The dictionary with the most words in ancient times is--]

The second question: The first book to collect oracle bone characters is--]

The first book to study oracle bone characters is--] [Question 3: The first book to study oracle bone characters is--]

.....

An Xingyue found it interesting when she saw the questions, they were rather partial knowledge, if she had not been interested in these things since she was a child and thus had expanded her knowledge, she would not have been able to answer them at this time.

But she also did not expect the questions asked to be so cold, the questioner really took great pains.

After An Xingyue finished her answer quickly and accurately, there was still a little time left, she looked at her opponent, perhaps the coldness of the topic was beyond his knowledge, so it was a little tricky, so the answer was not very smooth.

With five-point-zero vision, An Xingyue could see his face tense up because of the tension, and the people watching the game had a number in their hearts when they saw this scene.

As expected, An Xingyue got ten points, so even if the second one in the first round won in the second round, An Xingyue still ranked first in total.

An Xingyue sat on the player's seat after she got off the field, closed her eyes and rested her mind, and waited for Su Chon to get more interested, after all, Meow Meow would not allow her to lose to Su Chon, but if Su Chon lost this round, she would not deserve to be her opponent.

After all, this look can already pull a lot of points.

When Su Chon answered the questions, he saw that the questions were the same as what An Xingyue thought, the teacher who gave the questions was by taking more trouble to find these offbeat knowledge to test.

But since it is a language competition, there is nothing wrong with testing these, and it is not over the top.

After the final competition, the host announced that the afternoon competition would start at two o'clock, and the audience could enter fifteen minutes earlier.

When An Xingyue followed the brigade out of the auditorium, she looked at her phone and found that Night Xiu Chen had sent her a text message and then said that she would be waiting for her in the dining hall of Peking University.

An Xingyue knew that Night Xiu Chen had come to see her compete, she thought he had already gone out to eat with those friends of his, after all, Zhou Jun Xing and her said that a bunch of them followed the big guy to see the competition.

If Night Xiu Chen went to the cafeteria to eat, that means his friends were also there?

An Xingyue didn't want to be surrounded by people in the cafeteria, so she texted him and asked.

[Night Xiu Chen: No, they went out to eat, just me waiting for you in the cafeteria.

An Xingyue knew he was the only one the whole heart dropped, pulled Ji Yiyuan and went in the direction of the cafeteria, then she did not expect to walk, Ji Yiyuan looked at her phone and abandoned her.

An Xingyue looked at Ji Yiyuan's head without looking back, a little heartbroken, before Meow Meow was not like this, which bastard hooked her away.

An Xingyue thought seriously, could it be that Zhou Junxing took Meow Meow down so quickly? But wasn't Meow Meow still a bit resistant before?

But turn your head and think about it is also right, in addition to Zhou Junxing and them here in Kyoto, Ji Yiyuan should not have other acquaintances, after all Zhiqing went to play, so it definitely will not be Zhiqing.

Originally, I wanted to set them up, but I don't know why I thought the two of them might really be together, An Xingyue is a bit disgusted, their own cabbage was arched by a pig.

The two of them were really in the same boat.

Without Ji Yiyao, An Xingyue could only go to the cafeteria alone, after all, she just left with Ji Yiyao and separated from the teacher and them.

The company's main business is to provide a wide range of products and services to its customers.

How bad is it.

So even if Zhou Junxing bragged about it, the big guy didn't care, and according to the plot Zhou Junxing told them, the girl just loosened up a bit, and didn't really agree to be his girlfriend, so the big guy didn't understand at all what Zhou Junxing had to brag about.

Thumbs up, still a single dog, and not really off.

But there is sort of a milestone significance.

When An Xingyue approached the dining hall, she saw Night Xiu Chen leaning on a tree with only a few sparse leaves, with one hand in his pocket and his head down looking at his phone.

An Xingyue smiled, she thought he would wait for her inside the dining hall, but who knew that he was just standing outside casually, not cold?

Walking to night Xiu Chen's side, An Xingyue reached out and hugged him, then smiled and asked, "Isn't it cold for A Chen to stand outside here?"

After saying that, she touched his hand that was placed outside to play with the phone with her hand, it was cold and icy.

"This is not afraid that I can't find you in the dining hall, so I'm waiting outside. See, this way you are not the first time you can see me?" The first thing you need to do is to put away your phone, hug An Xingyue, and rub the top of her hair with your chin, obviously you hugged her not long ago, but he felt it had been a long time.

"Come on, there are people here, restrain yourself." An Xingyue pushed night Xiu Chen, swept around, said with a stern smile, this person is still addicted to hugging, so long and do not let go.

"Quickly let go, it's time to go eat."

Night Xiu Chen thought almost let go, want to directly hold people to go to dinner, but he was afraid that she was angry, and it is estimated that she will also beat him, for life safety as well as their own face, night Xiu Chen gave up, but he still hold her hand.

Not hug can, but to hold.
