

THE STARS ARE ORIGINALLY A PAIR - MEETING EACH OTHER SO EASILY

Although Night Xiu Chen refused An Xingyue's proposal, the big brother's face was dark when he saw the pile of people at the club the next day.

Luo Junxian looked at the two people holding hands, especially the big guy with cold air, did not react for a while and looked at the people around him, they seemed to have disturbed Brother Chen and Missy's date.

Ah ah ah, who suggested last night to come to the club to play today?

Ahhhhh, so many clubs in Kyoto how did they collide with Brother Tatsu?

Ahhhhh, will Brother Chen settle the score later?

Luo Junxian's face was beet-eyed, and the others weren't much better.

Who would have thought that it would be such a coincidence?

After all, who knew that Brother Chen didn't bring his girlfriend to play in those scenic spots but directly to the club? They thought that the girl should prefer to go to those beautiful attractions to hit the card, girls are not mostly like that?

The people that Brother Chen likes are different, right?

An Xingyue was also a bit surprised, shouldn't she praise some of them? It's true that they are good brothers, right? Even the place chosen is the same, look at her side this person's face is black, can be compared to the bag of the Gong.

Glancing at the stiff group of people over there, An Xingyue pulled the night Xiu Chen, originally she asked him last night if he wanted to make an appointment with them, and now he met them without having to make an appointment, which means that it is still very destiny, so don't be angry.

An Xingyue stood on tiptoe and said in the ear of night Xiu Chen: "Isn't it good for A Chen now? We all play together more lively, and it shows that you and they are very tacit understanding it."

When An Xingyue spoke in his ear, the hot air exhaled hit his ear, warm and crispy, and this position An Xingyue leaned extremely into, night Xiu Chen could also smell the smell coming from her body, such experience made his whole body stiffen for a moment.

Then reacted to what An Xingyue was saying, night Xiu Chen white glance at a group of people still staying, stupid, but he did not expect this group of people will actually come to the club to play, after all, he thought they would only run to the Internet cafe on vacation.

Because the horse farm is so big, there is always a bump, so it is better to play together.

The staff of the stable first took them to change clothes, and then when they came out, An Xingyue was instantly stunned when she saw that night Xiu Chen was all dressed up. Although she knew that night Xiu Chen was good looking and had been together for so long, sometimes An Xingyue would still be stunned by him.

The big brother paid special attention to An Xingyue's reaction when he came out, and when he saw the infatuation in An Xingyue's eyes, he stole joy and gently hooked the corners of his mouth, then walked up to An Xingyue and touched her head, "Is Yueyang'er satisfied with my skin appearance?"

The voice with laughter rang in her ears, An Xingyue's face suddenly reddened, reaching out her hand to cover her face, as if she couldn't accept that the person who had just committed nymphomania was her.

The company has been together for so long, how come they are still easily confused? When we were not together, she was still able to resist his face.

An Xingyue suddenly dropped her hand, then glanced around and found that everyone didn't look, then quickly pinched on Night Xiu Chen's face, "Satisfied, not only satisfied with A Chen's skin, but also satisfied with the feel of your skin."

An Xingyue put down her hand, provocatively glanced at night Xiu Chen, night Xiu Chen helplessly smiled, his girlfriend still likes to pinch his face as always ah.

In fact, An Xingyue wanted to pinch his waist, after all, pinch the flesh, and then three hundred and sixty degrees rotation, the feeling is certainly more comfortable than pinching the face to come.

But swept the night Xiu Chen wearing clothes, a little regret.
