

### THE STARS ARE ORIGINALLY A PAIR - UNTITLED

Two people holding hands to the assembly downstairs, although dawdling a little, but in addition to the teacher they are the fastest, after all, others may not sleep enough last night, so not yet awake.

The teacher saw two people holding hands early in the morning, the atmosphere is warm to walk in front of them, the heart is extremely complicated.

What should I do if I've been spilled dog food by students early in the morning? Wait online, quite anxious.

After all, they are still single ah.

That's right, a male teacher who led the team for the English competition and two female teachers are single.

The company's main goal is to provide the best possible service to its customers.

On her way to the competition venue, An Xingyue looked curiously out of the window, this city was very new to her, so she was curious and full of anticipation, although she was only here to compete.

Night Xiu Chen saw An Xingyue like this and came up to her ear, "Bao you like this place a lot? We can come here for a trip after the entrance exams."

"Ah? Not really like it, I guess, just haven't been here so I'm a little curious." An Xingyue turned her eyes back to Night Xiu Chen, she didn't really like it either, "If I'm done with the college entrance exams I'd rather visit Y City."

An Xingyue looked down and thought for a while, Y city is what she has always wanted to go, so whether or not there is the presence of A Chen she is planning to go there for a walk after the entrance exams, because it is a small wish of hers.

"Then we'll go together when the time comes." Night Xiu Chen kissed the top of An Xingyue's hair and gave a promise.

"Yes, when the time comes, it will be just the two of us, and then we will go to S City first, and then go to other places to play." An Xingyue said expectantly, it would be nice if the trip for one person became two people.

Someone has said that a couple's trip should not be after marriage, but before, through the trip can see a lot of things, perhaps more able to judge a person's character.

"Good." Night Xiu Chen replied.

Then An Xingyue began to come together in the ear of night Xiu Chen to mutter the places she wanted to go and the things she wanted to eat, while night Xiu Chen was attentive to remember every place and every food she said.

So the two have already started planning their trip after the exam even before the exam is over.

The half-hour trip finally arrived at the location where the competition was held. The people of Nancheng First Middle School got off the bus one after another and stood by the three teachers in a good manner, following them towards the large group.

Although this English competition is said to be nationwide, not every school is eligible to participate because the preliminary round is held nationwide and is online, and there must be monitoring to prove that the participants are not cheating during the answer process, so at first, Nancheng First High School directly arranged for students who were interested in participating in the computer room, and then we all answered the questions online.

So some schools are a student did not enter the later competition, so that South City One is really quite powerful, in terms of English, after all, many students are planning to go to university abroad, so even if the other subjects are poor, English is decided not to be.

So the students in South City First High School, English is no worse than where it is, after all, there is a foreign teacher to teach.

So to speak, this time to the competition is to get the prize.

The written answers at the beginning were divided into examination rooms, unfortunately, night Xiu Chen and An Xingyue were not in the same examination room, so the big man could only helplessly say goodbye to the young lady, and then kept telling her to wait for him here, do not run around, he was afraid that he could not find her.

An Xingyue looked at the time, A Chen has been nagging for ten minutes, very good it, great.

Finally after the test out, An Xingyue and night Xiu Chen together back to the teacher when the two people are very tacit understanding did not mention the test, anyway, the two people are very confident, and each other know the approximate level of everyone, so there is nothing to say.

Back to see the teacher, the three teachers also very tacitly did not ask everyone how the test, are finished, ask what can be, and can not change the results, so after the collection of people, the three teachers took directly to dinner, and then the afternoon is a free activity.

Then a few teachers on last night there is still a little shadow, so repeatedly admonished to go out must tell them, and then arrive at a location, also tell them, try not to go to those remote, mixed places, or unfamiliar, what happened, also can not find the first time.

Originally, the others also wanted to ask An Xingyue and night Xiu Chen together, but night Xiu Chen wanted two people to stroll together and refused, while An Xingyue was planning to buy some more things back to everyone in the seventh class, after all, learning so fortunate.

So the big brother's refusal Miss said very good.

Night Xiu Chen thought it would be good to stay with An Xingyue two people, so she was going to buy something for that group of people, the big guy also rare not jealous.

Because both people have never been here, so the two people can only take the phone to see what other people recommended worth to see, memorable, to be able to buy handicraft locations are probably, and then pick out the closest place to the hotel where they live, take a taxi to go.

After all, several teachers have asked them to return to the hotel at six o'clock in the evening, can no longer go out at night, too dangerous, can be said to be very afraid of what happened last night once again.

So An Xingyue and night Xiu Chen also did not think to get special, since the rules of what time to go back then what time to go back, so to make full use of the afternoon, a good stroll.

So the two of them carefully compare the advantages and disadvantages of each attraction, and then also the one that is closer to the hotel, and find the attraction that meets the approximate requirements and then immediately set off.

An Xingyue is excited to look at the scenery, followed by her night Xiu Chen is interested in taking pictures of An Xingyue, and most of them are snapshots, not deliberately to pose for those.

Sometimes An Xingyue will also help night Xiu Chen to take pictures, or pull him two people selfie, anyway, two people with high face value, how to shoot all look good, at least An Xingyue before seeing the night Xiu Chen to help her take pictures is so thought.

Then after returning to the hotel, An Xingyue took night Xiu Chen's phone to look at the photos he took of her and almost turned herself into a fat blowfish.

Why did she think that night Xiu Chen's photo technique was okay?

More than a hundred photos only a few dozen when normal, she did not even have to good seems to judge, only to say positive or abnormal, which shows how ..... bad the big brother's photo technique is.

Then see An Xingyue look at the photos more and more angry face, night Xiu Chen silently touched the tip of the nose, he felt that those photos are quite good ah, where there is a problem?

The big guy who has zero desire to live, let's pray for him.
