

**THE STARS ARE ORIGINALLY A PAIR - ABOUT ABOUT ABOUT ABOUT**

A bunch of people fleeing for their lives like leaving the scene of the crime, leaving two people . . .  
. . . . .

Well, awkwarding

The night Xiu Chen touched the tip of his nose, a little weak, although he does not know that person, but it is obvious that because of him, just that woman will go to the trouble of the little table.

If it was before or to someone else, how would the great devil king feel vain, this is completely impossible. And now because of An Xingyue's appearance, it broke all of the Daimao's principles, and the new principles are completely based on An Xingyue's principles, although it is not obvious yet. (●?' ●)

"Yue Yue ah, look at how awesome I was just now, do you want to give a chance to me?" Give a chance to be able to be with you, give a chance to be able to pursue you.

"Oh, if it's not because of you, how come that who just now is looking for my trouble? I think giving a chance to you, wouldn't I be in more trouble?" An Xingyue glanced at him, re-carried the bag with the stuff, turned around and left. Just now has been delayed too much time, I guess that on-time bus has already gone, and have to walk home again.

"Don't ah, you can't dislike me because of the trouble ah, I can help you solve these troubles, you have to trust me." Night Xiu Chen can see, An Xingyue is a person who extremely hates trouble, guess the initial distancing is also think he will bring her trouble.

This is really a bad perception ah, since when did he become trouble?

The company's main business is to provide a wide range of products and services to its customers. Well, who said before, the little table likes to eat pastry, there is a pastry over the west street is quite delicious, well, next time can bring her to eat, eat people mouth soft, hehehe . . . . .

One thinking about how to please the beloved, one thinking about tomorrow's arrangements, walking side by side but silent, also thanks to their good psychological quality, do not feel embarrassed, but perhaps the two people's aura very match, even if the onlookers do not seem to feel abrupt.

Missed the bus, An Xingyue does not want to wait for the next one, anyway, walking does not take long, just as exercise. With this in mind, An Xingyue slowed down her pace and walked unhurriedly.

Before following An Xingyue, although it is often said that she walks, but on Fridays she mostly takes the bus, originally thought that this week is also the same, who knew that when passing the bus stop, An Xingyue did not stop, but directly walked away, walked away.

"Don't you take the bus?" Looking at the side of An Xingyue's face, Night Xiu Chen asked in puzzlement.

"No, I don't want to wait, I just delayed so long, I don't know how long I have to wait for the next bus." Because every time can happen to just into the station of the bus, so An Xingyue in school this is not how to wait for the bus, so in her perception, waiting for the bus is a very long thing.

Well, it was because of him that she was stopped, that she missed the bus, that she had to walk home, well, in the end it was all his fault.

Since you've made a mistake, you have to apologize in good faith, so . . . . .

"Table, it's all because of me, that's why you have to walk home, so to show my apology, tomorrow I'll treat you to dinner." At this time, the night Xiu Chen completely ignored the usual habit that she will also walk home, the mind is An Xingyue if you agree, then he should dress tomorrow how to dress.

Oh, what about the one that does not promise?

Think too much, not good.

"No, it's not a big mistake, and I'm not available tomorrow." How can I say yes to him when I have to go to the library tomorrow?

"Tomorrow is a holiday, and the table you get such good grades, there is no make-up classes or anything like that, could it be that you want to go on a date?" When saying the word date, night Xiu Chen's heart ached.

"No, I'm going to the library tomorrow, so I'm not available." An Xingyue heard night Xiu Chen asked her if she was going on a date, without much thought she immediately denied it, the next meaningful reaction, she did not know why.

To the library? Follow her? Thinking about the scene of the two of them staying together in the library, the corners of night Xiu Chen's mouth curved.

"The first thing you need to do is to go to the library. I'm not familiar with it, anyway, I'm free tomorrow, and we can also eat together at noon, as my atonement, two birds with one stone, then I'll wait for you downstairs at your house."

An Xingyue wanted to refuse, but on second thought, it's right, night Xiu Chen is more familiar with South City than she is, with him around, she won't need to find navigation.

"Then see you tomorrow morning at nine o'clock." As for why she didn't tell him her home address, there was absolutely no need for it, okay? Followed her home so many times, but to pretend not to know the look.

The night Xiu Chen who succeeded in asking someone out, surrounded by an air of pleasure.

The actual fact is that you will be able to have the opportunity to spend time alone with a person, and that is a great thing.
