

THE STARS ARE ORIGINALLY A PAIR - RETURN TRIP

It's been two days since the barbecue that night. During these two days, An Xingyue has been dragging Night Xiu Chen around the resort, apparently An Xingyue expressed great interest in the resort's bed and breakfast environment.

The company's main goal is to provide the best possible service to its customers.

Because Su Zhiqing doesn't like to appreciate this, she dragged Mo Zhicheng out to play, after all, it only takes an hour to get to the city center.

Ji Yiyao did not want to go out, in case she met Su Chon and his girlfriend, it would be embarrassing, after all, the night of the barbecue she knew from their chat, Su Chon and his girlfriend will be here for a few days to play it.

The company's main goal is to provide the best possible service to its customers.

There are no other outsiders around, so you can play any way you want. o(∩∩)O

And Eddie Chen felt that eight people among them were two couples, a couple-to-be, leaving him and Luo Junxian, and they two big men couldn't do anything, so they nestled in the B&B and played games for two days.

It can be said that apart from the first few days of group action, the remaining two days for the two of them were just a change of place to play games.

But on the last night, after everyone had dinner, Su Zhiqing suggested that we all go to a hot spring together, otherwise we wouldn't be able to soak in this natural hot spring after returning to South City.

Ji Yiyao thought Su Zhiqing's words were very reasonable, after all, the hot springs in South City are artificial, which can be compared to the natural hot springs in Qingcheng, so Ji Yiyao happily agreed to Su Zhiqing's proposal.

And An Xingyue also thought it was okay, after all, tomorrow will be a flight back, and then is to get the results, to participate in the competition a series of things to busy, before the competition is not much time to play, and is not just another hot spring soak it.

A few girls are in favor, then they boys also have to accompany, after all, a few girls go to the hot springs at night or quite dangerous, they have to follow ah.

The next morning An Xingyue woke up and saw the night Xiu Chen sitting next to her bed, at first was shocked, after all, once you open your eyes to see someone sitting next to you, or a little panic.

An Xingyue rolled on the bed, then rolled to the side of night Xiu Chen, tilted her head and looked at him sleepily, "Why is Ah Chen in my room so early na?"

"Well, I woke up and came to see you, but I didn't expect Moon to be so sleepy, I've been sitting here for more than half an hour before you woke up, I'm really a pig." Night Xiu Chen reached out and stroked An Xingyue's hair that was a little messy from sleeping, then said teasingly.

"Why is Ah Chen awake so early, I might be too comfortable after soaking in the hot spring last night and then I don't want to get up today." Soaking in the hot spring helps to relieve fatigue and improve sleep, so An Xingyue slept peacefully last night.

"You ah you, get up and eat breakfast, you'll be home later." Night Xiu Chen lowered his head and printed his lips on An Xingyue's forehead, saying tenderly.

"Okay, you wait for me, I'll get up now." An Xingyue stretched out her hands, hugged Night Xiu Chen's waist, and then got up.

When the two packed their luggage and went out, everyone was already sitting on the sofa to summarize this travel experience.

For them, so many friends traveling together is the first time, even night Xiu Chen and a few of them have never tried so many people traveling together before, after all, they were thrown into the camp training as soon as the summer holidays, which can come out to play na.

The first thing you need to do is to get to know the people you're with.

So she decided to wash out the photos taken during this trip after she returned to South City and put them in a photo album for good preservation.

It took about thirty minutes to get to the airport from the resort they were at, and it was the winter holiday period, so there might still be traffic congestion, so they had to leave a little early to avoid missing the boarding time.

"Phew, it's really too tiring to fly, and it's too cold in South City." Zhou Junxing spat out as soon as he left the airport.

The night Xiu Chen did not speak but he took the hand holding a piece of clothing draped on An Xingyue, in the Qing city when the weather is not very cold, even a little cool comfort, did not expect to return to South City is so cold, South City's winter is really not a fake.

Fortunately, he took an extra jacket before boarding the plane, otherwise his little cutie would have to suffer from the cold after getting off the plane.

After returning to South City, it was time to go home, and Zhou Junxing, in order to spend more time with Ji Yiyan, said he would send her home, and then he said he hadn't had anything to eat after sitting on the plane for so long, so he said he would invite Ji Yiyan to eat first, and then send her home.

"Didn't you just say that you were tired from the plane ride? Don't you want to go home first?" Ji Yiyan thought of Zhou Junxing's words just now and said with a faint smile.

"Not tired, I just said so, hehehe, let's go eat first, then I'll send you home." I can eat with you, can stay with you a little longer, how can I feel tired.

Here Zhou Junxing took Ji Yiyan to eat, while Night Xiu Chen took An Xingyue back to his house directly.

"Yueyue, just after the plane ride, and also with the luggage, we will not go out to eat, directly home I will do it for you, okay?" Night Xiu Chen looked at An Xingyue and asked.

"But if we go home to eat, will Ah Chen be tired?" An Xingyue thought about it, just after the plane ride was a bit tired, after going home and making her something to eat, will he be very tired?

"No, I'm not tired, how can I be tired if I cook for my own girlfriend, so will Yueya-er come home with me?" The first thing that I want to do is to take my little cutie home.

An Xingyue gave him a white look, just want her to go to his house, do not need to look like this? She didn't say she wouldn't go, anyway, she's home now and there's no one there, so it's okay to go to his house for a while.

"Since Ah Chen is determined to cook for me, then I will see how Ah Chen's cooking skills." An Xingyue said jokingly, she was looking forward to it.

"Don't worry, I definitely won't let you down, Luna." He started to learn cooking since he was with her, he wanted to cook for her one day, and if he got married in the future, he would not want to let Yueya'er cook, so he had to know how to cook, otherwise how to please Yueya'er.

And soon after they came back, the results of the South City First Grade II have all come out, and everyone in the province, in the school, in the class rankings are printed out.

And this time the provincial examination South City First High School is famous.

Because in the provincial ranking, the first and second are the people of Nancheng First Middle School.
