

THE STARS ARE ORIGINALLY A PAIR - SEIZE EVERY OPPORTUNITY

When they heard Wang Ya say that the winter vacation homework was tailor-made, the people in class 7 wanted to vomit blood, why should they be treated so badly? Since they did well in the exams, shouldn't they be able to take it easy during the winter break?

Now even the winter vacation homework is tailor-made, so how can they copy it?

The main thing is to read some famous books and then write 2,000-word reflections. The usual 800-word essays are killing them, and now they have to write 2,000-word reflections, and more than one, which is killing them.

The most important thing is to write a reflection of these completely no copy ah.

Zhou Junxing looked at the little book in front of him and had the urge to tear it up.

The first time I saw this, I felt that it was a good idea to do so, and then I said, "Ji Yiyang is in the first class, and her grades are very good, are you sure you want to continue to be a dude like before?"

When Zhou Junxing heard that, his face stiffened, "I know, don't worry, I will study hard and get better every day."

Luo Fox is right, Yi Yan is the top student in the first class, if his grades are still like this, then even if they are together now, they will still be separated when they get to college.

Zhou Junxing thought of this, then stinkily re-shared the small book that he had scratched and wrinkled, then slowly smoothed it out, couldn't tear it, couldn't wrinkle it, or he wouldn't be able to finish his homework.

Luo Junxian looked at his action, expression, helplessly smiled, forget it, for the sake of brothers a, point to wake him up.

"You don't need to look at this book like an enemy ah, on the contrary, you can use it to find Ji Yiyang ah, you are a scum, she is a bully, you can let her teach you to do your homework, you see, is not brother Chen use this set up and Miss deepen the relationship?"

Zhou Junxing heard Luo Junxian's words and suddenly realized, right oh, why didn't he think of that, still really stupid.

Zhou Junxing gave Luo Junxian a big hug, "Thanks, bro, I'll buy you dinner after I get together with Yiyang."

"Go away, just don't move to hug me, so that people don't think I'm bent." Luo Junxian said with a black face, meow, don't move to hug him, he is not a girl, what is there to hug? If he didn't know Zhou Junxing's sexual orientation was normal, Luo Junxian would definitely suspect his sexual orientation.

"Hehehe, too happy, didn't pay attention."

While Zhou Junxing and Luo Junxian were chatting, Wang Ya was still talking about things to pay attention to during the vacation, although it was useless to talk about it, but every time he was on vacation Wang Ya would say so.

In the end, Wang Ya put his eyes on An Xingyue, "That's all I have to say, but we all know that An Xingyue of our class is going to participate in the national language competition in Kyoto in a few days, so let's cheer An Xingyue first, and hope that An Xingyue can achieve excellent results in this competition."

"Then, the teacher ends by wishing everyone a happy New Year in advance and hope you have a wonderful winter vacation."

After saying that, Wang Ya then let everyone go home, and let Zhao Yuan wait for everyone to finish leaving, close the doors and windows before leaving, otherwise a winter break back estimated that their classroom can not be wanted.

And night Xiu Chen holding An Xingyue left, followed by Zhou Junxing and Luo Junxian, and then met Eddie Chen, because the results of the first class this time did not meet the expectations of their class teacher Li Ping, so delayed the end of school, Ji Yi Yan texted An Xingyue to tell them to find a place to eat, she will go over as soon as school ends.

But everyone thought there was nothing to do, so several people went directly to the school's milk tea store, so that An Xingyue told Ji Yiyuan they were waiting for her at the milk tea store.

And Su Zhiqing and Mo Zhicheng because the two parents happen to have time, so the two families intend to travel together, and then Mo Zhicheng and Su Zhiqing before the two people go out alone, so the two of them have to catch a plane to run directly.

In their group of people with warm milk tea in drinking, Ji Yiyuan face annoyed sitting in the classroom listening to the class teacher said a bunch of nonsense, so annoying oh, the old demon woman's requirements how their class can do, clearly is nothing to find things to do.

In fact, the total score of their class ranking in the class is still the first, but it is because two people in the seventh class directly took the first two of the province, and their class first even the province's top 20 did not enter, so the old demon woman heart imbalance, looking for all kinds and reasons to discipline them.

Ji Yiyuan has been thinking about switching classes, otherwise every time after the test, after the results, no matter good or bad to be the old demon woman training, what good mood is no longer.

Before is thinking of a good learning atmosphere in the first class, the teacher's level is also higher, her performance can get a lot of help, but since Yue Yue went to the seventh class, the first of the grade became Yue Yue, the school to the seventh class also a few more attention, Li Ping old demon woman heart began to imbalance, every time they have a little bit of regression, they said they doubt life.

Ji Yiyuan felt that the matter of changing classes, it is time to think seriously, anyway, Yue Yue in class seven ah, if she transferred to class seven, but also and Yue Yue in the same class inside.

The other thing is that Zhou Junxing is also in class 7, and Zhiqing is also in class 7, so it's better to switch classes.

She said they were waiting for her at the school's warm milk tea store, so she had to hurry, after all, everyone had been waiting for so long.

And when Ji Yiyan reached the warm milk tea store, she walked in and saw them playing a game, and all of a sudden, her heart was a bit complicated.

After An Xingyue found Ji Yiyan arrived, she pushed a cup of milk tea next to her to Ji Yiyan, "Meow Meow for you, this is the milk tea I just shouted, it's still warm, you drink it quickly, when we finish this game we will go to eat."

Ji Yiyan held up the milk tea pushed over by An Xingyue, heard An Xingyue say she was playing the game, her face was complicated, Yue Yue used to play the game would not open the black with others because she said it was annoying, so she is actually opening the black now?

And they play this and at the resort Zhou Junxing taught her to play that is different eh, Ji Yiyan bite straw, quite interested in watching them play.

A few minutes later, they finished playing the game, Ji Yiyan asked Zhou Junxing what this game was, she thought the characters in it were very nice.

Zhou Junxing told Ji Yiyan what the game was and said that if she wanted to play, he could teach her how to play and also take her to play ranking.

The first thing you need to do is to get a good idea of what you want to do.

And Eddie Chen looked at Zhou Junxing with a game and the young lady found a topic, feel refreshed the three views, chasing girls are so good at grasping opportunities?
