

THE STARS ARE ORIGINALLY A PAIR - CHEEKY PEOPLE

An Xingyue knew that night Xiu Chen would do what he promised, so she was very relieved with him, not to mention that, as he said, if she was unsure, she could ask Zhou Jun Xing and Luo Jun Xian.

After explaining the schedule with An Xingyue, he played a game at home and then left for the Royal Court.

And at this time, the corridor of the third floor of the Royal Court, a group of people face to face, Wen Ziyun did not expect to run into another group of people in the circle, especially seeing the crowd of night Zichan, Wen Ziyun is a big headache.

Now who does not know that the night family's night Zihan, night Xiu Chen two brothers do not get along, and the night family also once let the word that night Xiu Chen is not allowed to night family, but then the night family butts up and wants to make up with night Xiu Chen.

Now everyone in the Kyoto circle knows that the second youngest of the night family disdains the night family and has even fallen out with his parents because of Night Zichan, so if Xiu Chen comes here and sees Night Zichan here, will he think that they arranged it?

God, how could it be such a coincidence?

And Ye An saw Wen Zijun's expression completely understand Wen Zijun's concern, should have known they would not have walked out, now just hope they play their own, do not come to bother them, so that brother Chen will not see the nasty people when he comes.

But well, some people are still very cheeky.

Night Zihan just know his second brother night Xiu Chen back to Kyoto today, but he did not return to the night family, and then tonight the atmosphere at home is very low, he knows that before his mother went to the South City to give his brother parent meeting, and then back to Kyoto has been very self-blaming, and all because of him, if not him, the second brother will not be with the family into such a mess.

So he received news that Ye An and the others appeared at the Royal Court, he knew that a few of them were the second brother's hair children, they must also know that the second brother had returned to Kyoto, and came to the Royal Court must be a reception for the second brother, it just so happened that someone asked him out, so he came, in fact, he just wanted to see if he could see his second brother.

Night Zihan looked at Wen Zijun and pretended to be surprised, "Zijun so coincidentally, since we all met, why don't we play together, this is also more lively."

Then, without waiting for Wen Ziyun's reply, he went directly into their box, night Zichan went in and did not see night Xiu Chen a little lost, but he felt sure to see night Xiu Chen later.

The two of them were confused when they saw a bunch of people walking in, but they said they were good buddies getting together, how come there were so many unrelated people?

Luo Junxian saw the last two people who walked in and asked with his eyes: What's going on? What's the matter? You brought back so many people from your trip?

Wen Zijun helplessly stretched his hands, this can not be blamed on him, who knows night Zhan really so cheeky.

Zhou Junxing did not make any comments, but quietly sat a little farther away from the night Zhan, or Chen came to see him and the night Zhan sitting so close, suspicious of his loyalty how?

The most important thing is that Miss is not in, if Brother Chen lost his temper, no one can stop it.

It's important to save your life.

Wen Ziyun sat next to Luo Junxian and said in a low voice, "Why don't we ask Xiu Chen not to come over, otherwise I'm afraid that it will turn into a field of shura later."

"Now that Brother Chen has gone out, I'm afraid I can't ask him not to come over." Luo Junxian looked at the message sent by Night Xiu Chen five minutes ago that he had already left the house and would arrive soon, and smiled helplessly at Wen Ziyun.

Wen Ziyun also knew it was impossible, but still wanted to give himself a little bit of hope, today Xiu Chen only the first day back to Kyoto, and then so soon let him see the nasty people, it is estimated that Xiu Chen's mood is spoiled.

Ye An took a look at the box and said to Wen Zijun with a lucky heart, "Maybe Brother Chen will be in a good mood tonight and not bother with him?"

"You are afraid not silly oh, even if Xiu Chen is in a good mood, he will still hate when he sees a nasty person, but you are right, maybe I haven't seen him for more than a year, Xiu Chen doesn't remember him." Wen Ziyun pushed her glasses with her fingers and glanced at Night Zichan and said.

"Maybe, there are so many people in the box, Chen may not notice all of them." Zhou Junxing listened to them and finally moved his eyes away from his phone and dropped his eyes on the group of people who came uninvited.

"So annoying, it's rare that a few of us want to get together, who knew that Night Zihan was so cheeky." Ye An's entire body was spread out on the sofa of the compartment with a face of disgust.

Wen Zijun casually patted Ye An's shoulder, and then said carelessly: "I guess he knows that we are about here, deliberately waiting for Xiu Chen here, after all, I heard that Xiu Chen did not return to the night family after his return, back to his own nest, night Zichan must want to see Xiu Chen."

"Really speechless, now want to Chen brother home, that at the beginning and to do so absolutely? This is trying to get what?" Zhou Junxing spat with contempt to.

"Who knows? But that's their business, Chen arrived at the entrance to the Royal Court, later improvise, each to save their lives na." Luo Junxian laughed and said helplessly.

And Zhou Junxing had already pulled up An Xingyue's phone number, later if something uncontrollable happened, he had to call the lady's phone number first to save the day.

The manager of the Royal Court waited at the door early in the morning, and as soon as he saw Night Xiu Chen, he immediately greeted him, "Young Chen, Young Wen and the others are already waiting for you in the box, please follow me."

The manager stood aside to show the way for night Xiu Chen, looking at him who has not seen for a long time, a little surprised, and then smiled, the night family to do things to this, Kyoto are spread, he is here in and out of those gentry, fancy ladies, more or less heard some, originally thought that this more or less will be affected, who knows still as arrogant and domineering.

After leading the night Xiu Chen into the box, the manager suddenly thought, as if the night family three young also came, crap crap crap, he should not call a good ambulance in advance, in case of an accident can also be the first time to rescue.

After entering the box, night Xiu Chen saw a large group of people, the face directly cold down, directly stared at Wen Zijun them, "not that just a few of us get together? Why are there so many irrelevant people?"

"That what, we can explain, they are the ones who cheekily followed in, it has nothing to do with us ah." Ye An immediately jumped up from the sofa and said.

The desire to live is one hundred percent. o(∩∩)O

"Brother Chen, we wanted to drive them away, but they were thick-skinned and pretended not to understand." Zhou Junxing raised his hand to speak and added.

"Right."

"That's right."

Night Xiu Chen knew that they definitely wouldn't lie to him, that they were uninvited and still lazy, they were really thick-skinned.

"There is no next time."

After saying that, night Xiu Chen then picked a corner to sit down, just Zhou Jun Xing sat next to him.

Zhou Junxing originally thought to be far away from the night Zihan, so almost sat in the corner, who knew that brother Chen came to sit in the corner, Zhou Junxing want to change the position now can?

In case that bastard Yizihan has no eyes, will not look at people to provoke Brother Chen, then he is the closest one to the battlefield.

He does not want to do cannon fodder ah.
