

The Alpha's Rejected Bride Chapter 3

"What the f**k?!" The words escape my mouth before I can filter them.

I cross my arms against my chest, looking Josh in his eyes. He audibly swallows thickly before opening his

mouth to speak.

" On my way here, I went to see mom. She hugged me, and that must have left a stain," his voice is

smooth but my angry expression is unwavering as I ask sternly.

" Are you cheating on me?"

Josh looks shocked, he closes his eyes momentarily then opens them

" I swear to the moon mother, I'm not. You can call my mom if you wish," he sounds agitated now, as he

tries to get the phone from his pocket.

" Why would I cheat when I love you so much!" He continues while pressing numbers on his phone. I

take In a deep breath and look into his eyes, this is Josh, the guy I've known since I was seven years old. I

take his phone away and sigh.

I cup Josh's face.

" Are you saying the truth?" I ask, looking into his eyes.

Josh kisses my lips softly,

" I love you, I'd never even think about being with another," He pulls me into an embrace and whispers

in my ear.

" Josh, I don't know what I'll do if I ever find out you've been unfaithful, my heart wouldn't bear it,"

” Don’t doubt me, please,” his voice is kind and I wrap my arms around him.

The rest of the night everything is magical, unlike what I thought, Josh took me on a candlelight dinner

date. The food was delicious and so appetizing.

He tucks a strand of hair behind my ear and smiles.

” You’re beautiful,” I’m blushing like crazy right now.

” Thank you,” I whisper. Our conversation flows naturally and freely just like us. Josh is not as tense as

he seemed in the earlier hours.

His phone chimes and I glare at it again.

” Who keeps texting you?” I ask, he has been receiving a lot of messages.

“It’s just work, baby,” he says with a smile then turns it off completely. Josh is finishing with his business

degree next month yet works at my father’s company. Dad thought it was a good idea for him to learn

about the company since it’s affiliated with the pack. I didn’t want to study business administration, I

want to be in health just like my mother so I did that and this year I’m in my last year.

” How is work?” I ask, for a while we discuss how business and studies, I go to a local university just here

in the pack as well.

Josh seems enthusiastic to take over while I worry about whether I’ll make a good Luna for the pack,

human Lunas are unheard of.

Later in the night, Josh kisses my cheek and drops me home.

” Thanks for the night. It was fun,”

” I had a good time,” he opens the door and motions me to go in.

I start to walk but he's not following. I turn and ask

"Are you not coming?"

"I'll sleep at my parent's. I have to discuss something with my parents," he says. I smile and proceed to

my room.

After freshening up, I lie on the bed, just thinking.

The night was perfect but my heart doesn't feel right.

I keep tossing and turning in bed.

I get out of bed and walk to my balcony.

I close my eyes and inhale some fresh air in my lungs.

After a long silence. I hear a long-familiar howl and my heart starts to pound louder against my chest, the last time I heard it was four years ago... The rogues attack and... killed my mother.
