

I Have a Shop of Infinite Resources

Chapter 34

More Than Enough Clothes

“Check my wealth.”

Early the next morning, Tang Susu stretched her body and got up from the bed. She started to take stock of yesterday’s gains.

[Host, please wait a moment]

[The host’s current wealth is 230 million. After deducting the host’s previous debts, the host is left with 80 million.]

Tang Susu was about to open the closet when she paused. Let’s not pay the debt first.

[It had been automatically deducted.]

“...”

[I had already violated the interstellar trade regulations by making an exception for the host. If I am discovered, I will be fined, demoted, or even locked down.]

“Alright,” she said. She didn’t have enough points now anyway, so she couldn’t buy artificial limbs for her brother for the time being.

Tang Susu’s slender and white fingers quickly slid through the sportswear in her closet. She found a light pink quick-drying shirt and a pair of titanium-gray sweatpants.

The full-body mirror reflected the slender and beautiful figure of a young girl. She was 1.65 meters tall, which was neither tall nor short, but her thin figure made her look light and tall.

After washing up, she tied her hair into a light and beautiful bun.

She then opened the shoe cabinet at the side, and rows of expensive running shoes, sports shoes, and casual shoes came into view.

She put on her socks and put on a pair of pink and white shock-absorbing running shoes.

Although most of the clothes she wore now were for the convenience of sports, Tang Susu still hoped that she could dress up as much as possible under the limited conditions.

She couldn't lose her sense of beauty after the apocalypse.

They had been preparing for so long in the hope that they could live a more leisurely life.

On the other side, Mr. and Mrs. Tang and her three brothers also hadn't let go of their old habits.

All of them were dressed neatly. Other than their shirts, they were all wearing the same black sports pants that wrapped around their long, straight legs.

The Tang family's genes weren't bad. Mr. Tang was a handsome man and Mrs. Tang was a beautiful woman, and their children had inherited all their good qualities.

The eldest brother was elegant and steady. He always had a smile on his face, which made people feel very safe. However, many people did not know that he had a dark heart.

The second brother was noble and sharp. He was the most good-looking one among the three. His peach blossom eyes were similar to Tang Susu's, dazzling and eye-catching. When he smiled, he looked like an arsonist.

Third brother was lazy and wild. It was said that he inherited his pair of phoenix eyes from his grandmother. They were long, narrow, and deep,

revealing a fascinating and playful smile. However, once he spoke, he revealed a toughness that did not match his age.

“I didn’t even get enough sleep, I don’t want to guard the door!”

“Don’t mess around. Listen to your sister.”

“I’m sure that Susu doesn’t want to meddle in other people’s business. Besides, they’re a group of people who have grudges with us. Why do they need us to protect them?”

When Tang Susu went downstairs, she saw the sunlight shining through the floor-to-ceiling window in the living room, and the breeze was just right. On the long European table, Mrs. Tang had already prepared all kinds of breakfast. There were so many varieties, and they were even more nutritious than before the apocalypse.

The charming middle-aged woman greeted everyone with a smile. “We’ve been exercising a lot now, so we should eat something good!”

Seeing that she was still busy, Tang Susu walked into the kitchen to help her.

She suddenly thought of something and stopped. “Mom, I don’t like You Cheng anymore. I even find him a little annoying. You don’t have to be so polite to him.”

“Yes, I can tell.” Mrs. Tang wasn’t surprised at all. She raised her flour-covered hand and knocked her on the head with her wrist. “This little brat’s finally opened up. She’s always been so obsessed with the sun and wouldn’t listen to us no matter what. She even refused to eat in protest. There are so many men better than him in the world!”

Tang Susu blinked innocently, but she found it funny. Men would only affect the speed at which she pulled out her knife.

When You Cheng was called over by Mr. Tang and saw the warm and beautiful scene of the Tang family preparing breakfast, he was slightly startled.

Ever since his mother passed away, his family was essentially gone. His father was busy with his career and did not lack women. There were many half-brothers and half-sisters in the family, but none of them were legitimate. This was also one of the reasons why he became friends with Mingzhou and often went to the Tang family.

Tang Mingzhou walked to his side. “Why do you look so pale? Did you not sleep well last night?”

You Cheng glanced at him. “Why do you change your clothes every day? I didn’t realize you were so smug before!”

“Oh, I guess I won’t be able to wear all of them even if I change one set a day.”

You Cheng looked down at the clothes he had been wearing for three days, and scolded jokingly, “Why didn’t you say so earlier? Quickly lend me a few sets to wear!”

“I already reminded you a few days before the apocalypse. What were you doing?”

“Didn’t I think you were joking at that time? It was because of the hacker...” His expression became serious.
