

I Have a Shop of Infinite Resources

Chapter 37 Endless Pestering

Tang Susu quietly waited for them to finish their conversation. She was smiling, but she wasn't angry. This made everyone feel a little uneasy.

What was she thinking?

Unknowingly, everyone's thoughts had been affected by her.

The security guard was a little annoyed. "when the time comes, everyone can take turns to keep watch. I'll be in charge of patrolling the entrance and the nearby areas. If there's anything, I'll inform you immediately."

"There's such a plus?" Tang Susu blinked her eyes in surprise.

The security guard was instantly relieved. "Of course. It's dangerous for me to patrol outside, so it would be better if I had a weapon."

At this moment, someone immediately chimed in.

"The knives you guys are using look pretty good."

"What era are we living in now? How can a knife be more useful than a gun? Didn't Mr. You have a gun yesterday? If he gave it to the security guards, it would be more secure!"

"That's right. What are you hesitating for? Just agree to it!" With that, the group of people smiled and pretended to squeeze in.

Just now, they could smell the strong fragrance from the courtyard. Perhaps they were having breakfast. The food seemed to be good. These two days, they had eaten the last bit of vegetables at home and were almost tired of eating white rice.

"But..." Tang Susu's slow turn suddenly caught everyone's attention.

"We didn't say we weren't going to guard the door."

The security guard's expression changed drastically!

Even Tang Mingchen looked at her in disbelief.

"After some discussion, our family has decided to be generous and serve everyone by taking turns to guard the door, but that's all!"

No one had expected her to say that. Caught off guard, they didn't know how to respond.

"But I also think that it's safer to stay together, however it's definitely not convenient for you to go in and out of our house. I know a villa in the best location. Not only is it hidden, but also convenient to evacuate. You'll be absolutely safe there!"

"Where?" Someone couldn't help but ask.

However, most of the people were not just here to freeload. This family was well-dressed and full of energy. They looked like they were living a good life. If they could live in the house, would they dare to eat it everything by themselves?

"No, I still think it's better here. I don't mind." An elegant old lady walked arrogantly in front.

Seeing that Tang Susu's three brothers were standing at the door like door gods, she was instantly displeased. "Get out of the way! Do you know who I am?"

"Yeah, she's the mayor's great-aunt, the mayor's only elder!"

Tang Mingqi smiled faintly. "Then why didn't the mayor bring you with him? It must be very safe by his side, so why don't you all follow her and be cared for together?"

Everyone's face stiffened. They had been trying to please this old woman because of this, but who knew that this aunt was even worse than a distant relative. It was just that her hometown was in the same village!

Seeing that they no longer fell for this trick, the old lady immediately tilted her body. "I can't take it anymore. My head is so dizzy!"

"It's over. She's not in good health. She might die. Can you bear the consequences?"

"Don't block the way, let her in to rest!"

The group of people tried their best to pester them. The adults were noisy, and the children who were dragged here to act pitiful were also crying at the top of their lungs.

"Mommy, I'm so hungry!"

Behind the floor-to-ceiling window, You Cheng saw that the group was trying to force their way in by relying on their numbers. Tang Susu's delicate figure was drowned in the crowd, and it was obvious that she could not deal with it.

"No good, I want to go out and take a look!"

“Achoo!” Mrs. Tang followed her daughter’s orders and quickly pulled him back. “Believe in Susu, she can do it!”

“I caused this trouble. I’ll solve it myself.”

“How do you want to solve this?” Mr. Tang was anxious and couldn’t help but feel a little resentful. Although he knew that You Cheng didn’t do it on purpose, he still didn’t want to let Susu deal with the mess he made.

However, before You Cheng could speak, “Ah!” A scream was heard after a gunshot!

Everyone was so shocked that they all stopped what they were doing and looked at this scene in a daze.

No one had expected that Tang Susu would suddenly open fire. It wasn’t just a simple threat, but a direct shot at someone!

When they reacted, the group of people screamed and fled in all directions.

Afraid that Tang Susu would catch up to him, a man turned around in horror and saw the girl with a pure and beautiful angelic face smiling sweetly. “My patience is limited. If you all still don’t understand human language, you’ll be like him...”

Tang Susu pulled the trigger and fired another shot!

This time, it wasn’t the calf, but ...

The forehead!
