

I Have a Shop of Infinite Resources

Chapter 38

S-Rank Mission

The world fell silent!

The security guard Jin Dahai and the spectacled woman were hiding behind the crowd, their legs weak. They were staring at Tang Susu's every move.

It was because they were afraid that they would be next!

"Killed, she killed someone!"

The mayor's "great-aunt's" lips turned pale, and she fainted right after she finished speaking!

No one could care about her, including the fat man they were carrying, He Rui.

After being caught by the zombies yesterday, although he wasn't infected, he had a high fever. He was in a daze and was awakened by the sound of gunfire.

As soon as he opened his eyes, he was faced with the black muzzle of a gun.

"Get lost!"

He got up weakly, covered his shoulder, and ran toward the crowd, using both his hands and feet in a funny way.

However, no one could laugh.

Tang Susu kicked the man she had killed. "Do as I say. Move to Villa 17."

Villa 17?

Tang Mingqi's eyes flashed. Wasn't that the place where the crazy woman from yesterday was staying?

That area was not bad, but there was a zombie and a crazy woman there. The group definitely wouldn't have the mood to harass them.

Tang Susu thought that these people dared to run around because they had cleared all the zombies in the villa area!

The group of people did not dare to disobey and left as if they were escaping.

“What did you do? Did you really kill him?” You Cheng rushed out like an arrow, quickly checking the man on the ground.

He thought that this might be an act by Tang Susu. But when he saw the real bullet hole in the man’s forehead, he gasped in shock!

“He’s really dead...”

Mr. and Mrs. Tang almost passed out.

“Everyone, don’t be anxious. There must be a reason for this!” Tang Mingzhou quickly consoled them.

“Yes, this person was a murderer on the run.”

“How did you know?” You Cheng’s expression was sharp, showing a bit of disbelief.

“Then you can go and report the case and arrest me.” Tang Susu naturally couldn’t explain to him that in the game, this seemingly unremarkable scum had almost wiped out the main character’s team.

Now that one of the main characters was with them, she didn’t want to be implicated, so she might as well kill two birds with one stone.

Using violence to curb violence, intimidation was one of them.

The most important thing was to nip the problem in the bud!

You Cheng’s handsome brows furrowed at her words. No wonder those people’s faces turned green and white just now. She had been in control the entire time. He finally understood how powerful her mouth was.

But when did her critical thinking ability and aura become so strong?

Looking at the dead body on the ground, Mr. Tang couldn’t take it anymore and looked away. It wasn’t until Susu said that their whole family was going to guard the door and Cui Di Lake Garden that his mood changed.

Tang Mingchen did not understand. “Why do we have to guard the door?”

“It’s because it’s inconvenient for us to go out during the day under the eyes of so many people, but it’s not necessarily the case at night. We can also take the opportunity to kill more zombies to practice.”

Everyone reluctantly accepted this explanation.

In fact, Tang Susu had only agreed to it because of the new mandatory mission.

An S-rank mission with a reward of 100 points: Guard Cui Di Lake Garden for 20 days.

If she could complete this task, she would be able to buy a prosthetic limb for her big brother. That way, he would be able to quickly join in the normal training.

Moreover, when they were on the road in the future, not only did they have to adapt to the battle during the day, but they also had to get used to the night mode. There was no harm in adapting in advance.

After a discussion, the family decided that the security guard would be responsible for guarding the door during the day, and the Tang family would be responsible for guarding the door at night.

With the exception of Jin Dahai and the spectacled woman, who had failed to achieve their goal, the rest of the people were satisfied with the arrangement.

Even if they were not satisfied, who would dare to object?

Fortunately, they found that Villa 17 was in a good location. There was a small door next to it where they could escape. They were also invited to have meat by the owner.

It was just that the meat was a little sour, and it made her bare her teeth.
