

Every Time I Wake Up, I Become A Suspect - Chapter 10 - Tips

Those are a few photos scattered in the corner of the desk.

Probably because the overall staff is relatively young, the company philosophy of Zhongyuan Design is also more casual most of the time.

For example, in the arrangement of work stations, the boss has never interfered too much, and a glance at the past hundred (luan) flowers (qi) Qi (ba) placed (zao) is barely considered a company characteristic.

So a few photos only, it is nothing to make a fuss about.

Only Jiang Tianyu tilted her head, these few photos are obviously set aside in the dark by Deng Si Bo.

Just don't know because the police in the morning when searching up the workplace finally did not put the items in place, or because the other party was anxious to rummage through the meeting materials, these photos fell out accidentally.

The reason that she could suddenly notice is also very simple, is the background of these photos.

In each of the photos, Deng Si Bo are dressed fresh, with a clean and bright smile on his face. Some of the backgrounds in the back look like bookstores, some are good mountain attractions, and some seem to be a restaurant with a high level of decoration.

The man looked into the camera with a vague look of hot love, it is not difficult to imagine that he took these photos with him must have a great relationship.

Jiang Tianyu reached out her hand habitually, but before her fingertips were about to touch the photo that was only half exposed in the pages of the book, she managed to stop.

Her current status is just an ordinary office worker, making this kind of almost prying into other people's privacy is more or less inappropriate, those scattered on the desktop certainly does not matter, and then more is a bit over the line.

After clearing her throat, her eyes fell on the photos again.

If you replace the people in the photos, these few things, Zhou Ya home also has.

It was attached to the refrigerator door in the kitchen with a magnetic piece, and could be glanced at as soon as the refrigerator was opened all day long, and Jiang Tianyu could not ignore it if she wanted to.

Although the angle or photo orientation will have a certain discrepancy, but she still recognized it at a glance.

Thinking of this, Jiang Tianyu's expression became somewhat complicated.

The photos of Zhou Ya were taken with Ding Tianlang when they went out on a date, so it should be self-evident who was taking photos of the opposite piece of Deng Si Bo.

She slightly speechless skimmed her mouth, feelings Ding Tianlang this goods also created a standardized a.ssembly line? The actual fact is that you can find a lot of people who are not able to get a good deal on this kind of things.

The idea in the mind is flying, the eyes are not idle, Jiang Tianyu quickly desktop photos with Zhou Ya home to do a comparison, really found a little different.

Whether in memory or on the refrigerator door, Zhou Ya has not been to the book page pressed most of the photo within the scene, is that the a.ssembly line also divided into gender?

At this time, the cell phone placed in the trouser pocket vibrated again, she took out a glance at the caller ID, it was Duan Shina.

It is estimated that the meeting is about to start, she finally engraved the half of the photo in her mind, and then walked quickly towards the conference room.

Blood.

This is the word written on the neon sign behind Deng Si Bo in the photo.

The city of Jiangcheng has always been one of the several cities with good economic development in the north, so the related urban construction is quite developed, and after nightfall, the winding and circling viaduct is like a gorgeous ribbon floating on the mother river that runs through the whole city under the light.

Eight o'clock in the evening.

This time is not early nor late for the city of Jiangcheng, the viaduct is still a scene of traffic, cab drivers because of the car in front of the traffic rules to add the plug, angry and fierce honked twice, the mouth is also recited.

Jiang Tianyu sitting in the back heard the movement raised his eyelids, and then turned his head to look out the window.

In the darkness, the river was as quiet as ink.

About half an hour later, the cab stopped at the curb, Jiang Tianyu paid the money and grabbed her bag and got out.

The urban area in front of you is obviously much older than the urban area where Zhongyuan Design is located, not only are the roads narrow, but there are many potholes on the roadside.

Spring, frequent rain, just after the afternoon under a, now the roadside gullies are stored in a water, wobbly refraction of street lights and store signs issued by the light.

The roadside gullies are now filled with water, reflecting the light from street lamps and store signs.

The high heels hit the ground with a somewhat dull sound, Jiang Tianyu walked along the street a few steps forward, and then a turn to hear the faint sound of music coming from the air.

Continue to go forward a few hundred meters, into the eye is a nearly all kinds of luxury cars blocked a watertight intersection, inside a variety of neon lights flashing, is one of the most famous gold cave in Jiangcheng City.

After silently gathering the lapels of her coat outside, barely making herself look less impressive among the handsome men and women on the street, Jiang Tianyu quickened her pace and finally found the nightclub called 'Blood'.

As soon as she entered, her attention was drawn to the wall directly in front of her. The somewhat dark style of neon lights flashing on it was undoubtedly the background in Deng Si Bo's photo.

This nightclub is similar to what Jiang Tianyu expected, the crowded dance floor and card seats are mostly male customers.

This is a lively time, once inside the colorful ball of light flashing people's eyes hurt, there are several men on stage with the dynamic music twisting the body, half-naked skin glittering.

It's not that there isn't a female customer in the whole store, but the number is indeed small, and a few scattered around also have a few male friends for company.

In this way, the moment outside the dance floor wandering around Jiang Tianyu set some eye-catching, not a few minutes there are several seemingly non-existent eyes floating straight to her.

She didn't care much anyway until she turned to a spot not far from the bar and saw two people chatting in the opposite booth through the restless and excited crowd.

Who knows that one of the men in the card table reacted extremely keenly, his hawk-like gaze instantly fell on her body, then slowly narrowed a pair of black eyes, raised his hand and not very politely hooked at her.

A slightly unconvincing glare, eventually Jiang Tianyu still resigned to grab the bag little by little moved to the front of the card seat.

The next thing she did was to grin and bare her teeth: "Officer Qi, what a coincidence."

Originally Lu Li was staring in amazement at the two unscrupulous, almost entwined people a few meters away, after hearing her greeting surprised head back to square, a little surprised: "Zhou Ya? How did you?" [The novel is updated by Jobnib.com]

Come to this kind of place?

The rest of the words that did not make it out were silently swallowed back by him, this place in the end many people, their special identity, non-essential time or do not expose the good.

The matter has come to this, Jiang Tianyu simply sat down on his buttocks, look Titanic: "out to see the world."

The company's main business is to provide a wide range of products and services to the market.

Lu Li immediately shook his head and lamented: "Brother, this is the first few tonight? You are also too exaggerated, right?"

Although the two of them are sitting here together, but the discerning eye can immediately see that they are not that kind of relationship, just an hour or so of work, before and after no less than five waves of people came, the goal is Qi Ziang.

The first thing you need to do is to take a look at the table and put the napkin in the corner.

The next second, Jiang Tianyu opened her mouth again: "Two people came over to do the case?"

Out of caution, her last two words deliberately lowered her voice, even so still saw her mouth type of Lu Li scared a jump, reaching out to pull her from the outside of the card seat to the middle of himself and Qi Ziang, the three sat slightly compact but also greatly reduced the risk of being eavesdropped on bystanders.

With the corner of the eye glanced at the woman who is sitting by his side at the moment, in fact, will see her here, Qi Ziang half a bit not surprised.

After all, even the deceased Ding Tianlang may be bisexual important news is this Zhou Ya informed, she can touch here and what can be strange.

Thinking of this, he first took a sip of lemonade, then his lips moved slightly in response, "Sort of."

"Miss Zhou this world, see how?" After asking this sentence, Qiziang felt some headache frowned, Zhou Ya is considered the most unsettling case parties he has come into contact with over the years, how to walk everywhere she is.

The more you look at this person, the more uncomplicated it is, not only seems to be deliberately guiding the direction of the police handling the case, privately even made so many small moves, what does she want?

The first thing you need to do is to get a good idea of what you're doing.

This night is also the final conclusion after the police questioned several app users who had met offline with Ding Tianlang and briefly developed a relationship, comprehensive analysis of their confessions.

Can Zhou Ya and from where to know?!

Top a left and right two scrutinizing gaze, Jiang Tianyu awkwardly smiled and said stiffly: "Great feast your eyes."

The words here just fell, the stage in front suddenly sprang up a gorgeous fireworks, followed by several dancers pulled off their pants.

The first thing you need to do is to take a look at the actual situation.

The rest of the two seemed to express their disdain for her salivation, after which Lu Li left the card table and mingled near the bar, seemingly trying to inquire about some information.

As for Qiziang, he remained in an upright sitting position throughout, not saying a word, pursing his lips and not knowing who he was watching.

The first of these is the one that is the most natural way to ask about the scene of Ding Tianlang's fall.

Qiziang of course found the people around that slightly tangled small movements, but also her mind guessed a eight or nine, but the technical section so far on the earlier

from the Ying Hua Yuan brought back a number of soil samples analysis has not been any news, now he is not sure what kind of results.

Not long after, Lu Li turned back and shook his head regretfully at Qi Ziang: "I had the opportunity to test the bar staff and a few waiters, but so far they have not shown any abnormalities."

The man nodded slightly to indicate that he knew, and then also lowered his voice to whisper with him to explain what.

Seeing this, Jiang Tianyu put down her empty juice cup and rubbed out of the card table to prepare for a trip to the bathroom.

According to the guidance, she crossed the dance floor and entered a more dimly lit corridor.

The bathroom sign at the end was flashing red and green, and a pair of intimate lovers seemed to be hiding in the shadows, quickly separated by the sound of her walking.

One of them lowered his head and rushed out of the corridor quickly, the other was calmly organized, without looking at Jiang Tianyu swept past.

At first Jiang Tianyu didn't pay much attention, however just two seconds after the two crossed paths, she jerked to a halt, slightly surprised and turned her head to look at the already empty corridor.

"That's not"

"The one from the hospital President Wang?"
