

Every Time I Wake Up, I Become A Suspect – Chapter 101 - Tips

0 8 minutes read

The sun is setting in the west, leaving the earth covered with a layer of light orange light.

The small bungalow is terribly silent, and only occasionally can hear the man's violent panting and panting.

Jiang Tianyu sat at the shabby dining table, eyes downcast, looking at the man who was curled up on the floor with his back bowed like a shrimp.

Cui Yongfu's face, which was already dark, now seems to be a black and purple eggplant, with a wide open mouth that makes him look like a fish that has left the water.

"It's almost enough, you've beaten me so many times before, and I'm not as indisputable as you are." Jiang Tianyu picked up the porcelain bowl to sip a mouthful of water, frowned and opened his mouth, by the way the other party often said to Zhang Baozhu after the violence to return the words.

"You you" the man propped himself up on his elbows, raised his head with difficulty, the swollen egg-sized bag on his forehead set him off more and more comically: "You Not Baozhu, who the hell are you?"

Zhang Baozhu and his bed together for many years, the other side is a kind of personality no one knows better than him.

These years the woman is not hit back, scolded not to return the meek nature, how can just one day so much change!

In the face of his question, Jiang Tianyu did not answer instantly, but stood up, slowly walked to the other side squatting.

The company's main business is to provide a wide range of products and services to its customers. Who else could I be if I'm not Zhang Baozhu?"

The 'husband' accent is extremely strange, with the woman's dark pupils and the surrounding gradually darkened light, so that the man's forehead immediately grew a layer of fine cold sweat.

In this short few seconds, there seems to be countless strange possibilities flashing rapidly from his mind.

Because of the 'strenuous exercise' just now, now Jiang Tianyu has long taken off the outermost black cotton jacket, wearing only the inner piece of beige slim-fitting shirt.

The sleeves of the clothes on both sides were pulled up high, and the not-so-white arms were covered with bruises and purple streaks.

Cui Yongfu is completely confused, those blinding injuries are the best evidence of his violence against Zhang Baozhu the day before, so this person in front of him is really his wife?

What exactly is wrong?

The most important thing is that the rabbit will bite even when it is anxious.

"Look, this stinky sweat is dirty, why don't you get up and go wash up?" Jiang Tianyu stood up again, condescending, with a deep dislike in her eyes: "Or do you want to call the police because I hit you?"

The first thing you need to do is to take out your cell phone and hand it to the other party, with a frank face.

But according to her past experience, this only know to women heavy fist strike most of them are very deep hidden goons, plus they are the first to move, will not choose to call the police.

As expected, Cui Yongfu's head tilted back and smiled: "Baozhu, what are you talking about? The two of us have a life where the upper teeth do not touch the lower teeth? Besides, this is a family matter, the police will not care!"

He staggered up from the floor and limped to the bedside.

The man behind him, Jiang Tianyu, watched his movements without saying a word, his eyes flickered slightly, and then lowered his eyelids to hide the doubts in his eyes.

This person's receptivity is a little too strong, or is it that the brain nerves of people who drink heavily every day are thicker than normal?

The other party's previous look of mischief, is he really stupid?

She was quite mentally prepared before she did it, anyway, this body is indeed Zhang Baozhu's, and no one else can find any abnormality from the scientific point of view.

I never thought that the final result would be such a light touch.

The two of them are in the same room, and the two of them are in the same room.

In the small space, they looked at each other without words.

Jiang Tianyu fished out a little hanging noodles and a few small vegetables from the old, even yellowed, refrigerator and made herself a bowl of plain noodles in soup, ignoring the other person a few meters away.

After experiencing what just happened, Cui Yongfu didn't know if he hadn't come back to his senses, and after washing his face twice with the water in the basin, he just sat on the edge of the bed and looked at the busy figure not far away.

I don't dare to yell at the woman like before, even if my stomach is rumbling because of the fragrance of rice in the air, he just moved his lips and finally gave up.

During this time, the original owner, Baozhu's cell phone rang, and Jiang Tianyu took a call in passing.

When she had cleaned up the dishes, she turned around and saw Cui Yongfu who had somehow drifted to the door.

"It's already like this, and you're still going out to drink?"

The man who was trying to pull the bolt was startled by the sudden question, his hand on the door handle, twisted his head and smiled very awkwardly: "Baozhu, I have an appointment with my friends, but if you don't want me to go, I'll give them a call later"

Jiang Tianyu stared at the other party's smiling face, and some fragmented memories suddenly flashed through her mind.

The memories were not coherent and complete, most of them were some fragments of the couple's past life together, filled with the sound of men's shouting and cursing and women's pleading and sobbing.

In Zhang Baozhu's impression, Cui Yongfu was out seven days a week, about five or six days, hanging out with a group of foxes and friends, taking her hard-earned money and spending it wantonly outside.

For the original owner, the two years she worked at Wu Han's home were probably the most comfortable time.

Because the nanny has to live at home, she does not have to face Cui Yongfu's physical and verbal violence day and night, just give the man money regularly every month.

The company's main business is to provide a wide range of products and services to the market.

The company's main goal is to provide the best possible service to its customers.

She walked straight to the door and pushed it open: "Don't bother, I'm going to the police station, do as you please."

"The police station? Or is it because Wu Han lost his child? She is going to dismiss you, how the fvck do you "After all, it is still the nature of the hard to move, pretend not a few sentences, Cui Yongfu almost showed the prototype again.

The actual fact is that you can find a lot of people who are not able to get a lot of money from the company.

"Heh heh don't take it, I'll figure it out myself." Cui Yongfu rubbed his hands and dragged his sturdy body close behind the woman's b.uttocks all the way out of the small courtyard.

Just as Jiang Tianyu turned around and was about to lock the courtyard door, a woman came out of the courtyard next to her, and greeted the two of them with a familiar greeting, "Yo, you two are going out together?"

"Oh my God, Dafu Zi, what's wrong with your head?" The woman opened her mouth in surprise, seemingly a little surprised.

"I drank too much and fell." Cui Yongfu responded with a somewhat unnatural expression.

"No wonder I heard movement in your house before" the woman said only halfway and then stopped in time, then the basin of sewage in her hand was raised to the alley by hand, after waving her hand at the two people then turned back to go.

Jiang Tianyu immediately withdrew his eyes, in the original owner's memory, the woman who lives next door seems to be surnamed Ma.

The two years Zhang Baozhu does not often come back, so the two are not too familiar, but looking at the other party's look, it seems that they also know about Cui Yongfu domestic violence.

After all, the two families are so close to each other, and the bungalow is not soundproof, it is normal to hear some sounds every day.

The first thing you need to do is to take a step outside the alley, Jiang Tianyu stopped a cab on the side of the road and went away, ignoring the man who was following behind him.

Until the car drove out to go some distance, she only slightly back, found that the other party is also long gone in the same place.

There must be something wrong with this Cui Yongfu.

Jiang Tianyu slightly tired of raising his hand and pinching his brow, how she crossed each body around is not very peaceful.

The current or lost children's side is more important, as for Cui Yongfu, at present can only take a step to see a step.

The time passed quietly in her contemplation, when again from a variety of chaotic thoughts peeled off, the cab has been safely parked outside the police station courtyard, the driver is holding up a receipt code, blinking eyes at her.

The company's main business is to provide a wide range of products and services to the public.

The company's main business is to provide a wide range of products and services to the public.

The door was not closed tightly, leaving a thin slit, and the faint sound of people coming out from inside.

Without hesitation, Jiang Tianyu lifted his hand and knocked on the door, and after receiving a response, he pushed the door open and walked in.

Inside is a small conference room, sitting next to the conference table is the eyes have swollen into a walnut like Wu Han and a middle-aged man who vainly held her in his arms, the other looked older than Wu Han by a few years, slightly fat appearance, average looking, hair combed into a partial part, dressed in a very workplace elite style.

Opposite the two, two police station police are standing there, after seeing Jiang Tianyu, very enthusiastic beckoned: "Now Ms. Zhang also came over, Ms. Wu and the family's intention is to apologize to you face to face, as for after you pursue or not, we police will not intervene."

At this point, the middle-aged man lowered his head and urged Wu Han: "Xiao Han, we just discussed, do not quickly give Sister Zhang an apology? Sister Zhang is so kind-hearted, she will definitely forgive you for your impulse."

"You also have to think about your son, the police will definitely send him back to us, you left a record of administrative detention, he will grow up to blame you."

Perhaps the soft spot of all mothers is their children, hearing this, even the very stubborn Wu Han lowered his proud head and said with clear diction, "I'm sorry, Sister Zhang, it's my fault for hitting you before I could understand the situation."

Jiang Tianyu raised an eyebrow, was about to open his mouth to respond, a look up but just saw the middle-aged man that is like the corner of the eye twitch look.

And judging from the direction of this 'winks' thrown by the other party, the target should be Zhang Baozhu?

She choked, and a sense of unease rose in her heart.

What the hell!

Barely suppressing the shocking waves that rose in her heart, Jiang Tianyu silently averted her gaze, ignoring the squinting eyes of the middle-aged man or Wu Han's husband, Lin Jianzhou.

Wu Han saw that she did not answer for a long time, apparently some anxious, not good enough to open the mouth: "Sister Zhang, apologies I also said, small talk I also said, what else do you want?"

"Or I'll make up another month of your salary!" The woman said this with a determined look on her face, obviously she knew that the seven or eight thousand dollars a month for the original owner Baozhu, is not a small amount.

Just as Jiang Tianyu was about to open her mouth again to respond, she was once again interrupted by the knocking sound coming from behind her.

The next second, Qi Ziang came in with Lu Li and others, first exchanging some brief pleasantries with the two police officers present, then his eyes skimmed over the crowd and finally landed on Wu Han and his wife.

"Ms. Wu, Mr. Lin, we are from the Criminal Investigation Branch of the Municipal Public Security Bureau, your son's accidental loss case has been officially handed over to us, I hope that the next work can get your active cooperation."

City Public Security Bureau?

Wu Han and Lin Jianzhou looked at each other, both a little confused. Although they do not know much about the procedures of the public security system, but once they heard

such a big name as the Municipal Public Security Bureau, the heart unconsciously sank a few points.

“Comrade police” the woman trembled and stood up, looked a little nervous: “My child is not you can tell the truth, I can bear. I can bear it.”

The company’s main business is to provide a wide range of products and services to the public.

“So your child’s case is transferred to us to go through the normal procedures, our goal is quite the same, everything is to get the child back as soon as possible.”

“So that’s how it is” Wu Han breathed a sigh of relief, her spirit suddenly tense and then quickly relaxed, causing her legs to go limp and sit back in her chair: “Comrade police, don’t worry, we will cooperate fully, just please you can find my family Xuanxuan as soon as possible”

“Later on the technical section of the people may need to go to your home to do some forensic investigation work.” Qiziang obediently made a request.

Before Wu Han could say anything, Lin Jianzhou suddenly spoke up: “Why should I go to my home? Why are you police officers so strange? What’s wrong with going to my house instead of going out to look for my son?”

“We have checked the surveillance near the scene where Xuan Xuan was lost, but for the time being, we could not find the child’s figure, nor could we deduce his whereabouts.” Qiziang explained quite patiently: “In order to save time, the police can not just focus on the outside, assuming that Xuan Xuan is lost on his own, a trip to your home may help us to deduce the child’s whereabouts.”

“Good, good, now I can go home with you.” As soon as Wu Han heard the benefits of finding the child, he stood up impatiently and picked up the satchel on the table and wanted to go.

However, the two police officers of the police station is a face of difficulty: “Qi team, but Ms. Wu’s side is also involved in an open security case”

“I can forgive her, and I can also accept mediation.” Just then, Jiang Tianyu, who had been standing next to the silent, seemingly without the slightest presence, opened his mouth, “But I have a condition.”

“What condition? Say it quickly!” Wu Han stomped his feet in anxiety.

“It’s like this, Comrade Police, the other day Ms. Wu’s family lost more than thirty thousand yuan worth of gold jewelry.” She turned her head to look at Qi Ziang and stated her demands word by word: “But Ms. Wu refused to call the police and blamed it

all on me, using it as a reason to unilaterally end the employment relationship between us.”

“I hope that later on when you go to Ms. Wu’s home to investigate and collect evidence, you can note in passing if there are any clues related to the lost gold jewelry.”

“Like Mr. Lin just said, in the end I have been in this home for two years, the friendship that should be there is always there, and do not want the feelings between myself and my employer because of this matter to produce any suspicion.”

This statement, just now still hot and burning Wu Han’s face instantly sank.

The two expressions were more difficult than the other.

Lu Li, who has been guarding the door, opened his mouth at the right time, his tone cool: “Yo, 30,000, this is really a theft case that is also enough to the standard line of criminal cases.”

“If Ms. Wu agrees, we just have this convenient condition at the moment, the scene of the case, turn back to your home when we go, along with the evidence are taken.”

The matter has developed to this point, it seems that Wu Han can not refuse, and finally she could only grit her teeth and agreed, but when passing by Jiang Tianyu, the eyes seem to hate people eaten alive.

The people one after another out of this conference room, Qi Ziang is also not looking at the outside corridor, but at this time suddenly stopped in his tracks, sideways face ordered: “Lu Li, take that Zhang Baozhu also with you, then if really found in Wu Han’s home what, or in time to do the scene identification work.”

Whether it’s a gold theft case or a lost child case, this nanny is involved, bring it to the procedure.

The company’s main business is to provide a wide range of products and services to the public.

Twenty minutes later, two police vans followed in front of the white private car drove into an upscale neighborhood located in the Han Dong District of Jiangcheng City.

This community green area is very large, even in winter the branches of the trees are also very neatly pruned, can fully imagine the prosperous scene in the spring and summer full of green.

After getting out of the car, a few police officers dressed in police uniforms of the Municipal Bureau of Technology followed behind Wu Han and his wife, got on the elevator and arrived at the 25th floor.

The house is a one-staircase, two-family layout, once the elevator is seen is a wide corridor and a gift of the outer entrance, in addition to a whole wall of shoe cabinets, there are several pots of greenery, look a vibrant.

“Officers, please come in.” After Wu Han opened the door, he made an inviting gesture by turning his body sideways.

Qiziang and other people also did not polite, put on shoe covers and then walked in.

The house was large and looked extremely spacious, with a four-room, two-room layout.

As soon as you enter the door and walk around the solid wood screen is the living room of the house. Although it is dark at the moment, it is not difficult to imagine how bright the sunlight will be in the room during the daytime.

The only pity is that the house at the moment is a bit messy, children’s toy cars, blocks and other bits and pieces scattered all over the place, the technicians can only pout to pick things up one by one, so as not to destroy the evidence of traces, but also to ensure the smooth flow of everyone walking back and forth.

“I’m really sorry, the last two days this is not the family did not work, my wife’s own care of the children, there is little time to do finishing.” Lin Jianzhou smilingly explained, by the way to Qi Ziang and others from the refrigerator to take a few bottles of mineral water.

“Please also ask Ms. Wu to first briefly describe the relevant characteristics of the lost gold jewelry, if there are photos that would be the best, it would also facilitate our technical staff to carry out the next step.” Qiziang did not pay attention to the man’s look of wanting to say something, but instead looked at the woman sitting on the sofa.

The other party had ten fingers stuck into a long thick hair, and her expression was anxious with a few moments of uneasiness.

“I don’t remember, and there is no picture.” Wu Han smiled with a slight frown and quickly responded.

Unexpectedly before her side of the words fell, next to a sure female voice: “is an antique gold bracelet, the weight of about fifty grams up and down, the surface and part of the openwork carving process, written on the ‘hundred years of good fortune’ four words.”

“Photo I also happen to have, last year when the holiday, Ms. Wu and I took a photo together, when wearing should be that lost bracelet.” Speaking of this, Jiang Tianyu all but ignored Wu Han’s gloomy expression, directly found the photo in the phone and handed it to Qi Ziang’s eyes.

Qi Ziang took the phone, lowered his eyes and looked at the screen twice, the photo of Zhang Baozhu holding a small boy, eyes did not look into the camera, seems to be doing his best to comfort the crying child in his arms.

As for Wu Han beside her, he was smiling happily in front of the camera, with a coffee cup in his right hand, and a gold bracelet of great weight hanging on his wrist.

He double-clicked the screen to zoom in on the photo, the details of the bracelet looked similar to what the woman had just described.

The first thing you need to do is to take a look at the photo and find a way to keep it as evidence.

The result is that before he could say anything, a figure appeared at the door of the master bedroom, a forensic police officer who had just entered.

The young technician was cupping a gold bracelet in his gloved hand and asked curiously, “Team Qi, what you’re talking about, that wouldn’t be this, would it?”

“

“

There was no need to even look for it.

A time, everyone’s eyes shifted to Wu Han again, the police officers present are human beings, who can not figure out this point in the twists and turns.

Wu Han quickly got up and rushed to the technician’s body, without saying a hand grabbed the gold bracelet, his expression stiffened and opened his mouth, his tone was also dry: “Oh my God, where did you find it? How come I didn’t see it?”

The technician was a little confused and subconsciously pointed in the direction of the master bedroom bedside table, “It’s in the drawer

“It’s really strange, obviously I went through it all that day.” Wu Han said, turned his head to look at Jiang Tianyu, said lightly, “I’m really sorry ah sister Zhang, wrongly blame you.”

After saying that, the woman took the gold bracelet and walked to Lin Jianzhou’s side, and the two got together and discussed something.

Seeing this, Jiang Tianyu skimmed her mouth, after which she keenly noticed the person who suddenly came over beside her.

“For this matter, you have the right to pursue, as long as you can provide enough evidence, the lightest is also a security management punishment.” Qiziang suggested.

This point is clear in her mind, only this choice but to return to the hands of the original owner.

Zhang Baozhu is behind a formal agency, doing nannies this business is quite valued reputation, and with the employer of legal disputes, no matter right or wrong seems to have a certain impact on her future employment.

Others will have to come back and live their own lives after all, helpless but realistic.

“Thanks for the reminder.” Retracting her thoughts, Jiang Tianyu coldly but politely said thanks.

Qiziang carried a not-so-subtle smile under his eyes, as if he was finally sure of something, and his eyes kept circling around her as if he hadn't.

This is the first time I've ever seen a woman in the world who has been in a position to be a part of the world.

Finally, she pursed her lips: “Officer, I am married.”

“.....”

At first, Qi Ziang was a bit stunned, but after seeing the woman's guarded face, he lost his smile helplessly: “Did Ms. Zhang misunderstand something?”

Nonsense.

Jiang Tianyu stared at him with a speechless face, that anxious sight almost burned a hole in her, and said what misunderstanding.

“I just appreciate Ms. Zhang's calm performance and clear thinking, you must not be overly concerned.” Obviously, the people in the room right now is not a good opportunity, so Qi Ziang simply explained two sentences, and then turned around to go busy with Lu Li and others.

Appreciate?

The company's main business is to provide a wide range of products and services to its customers.

In the past she has passed through so many people, there are white-collar workers and young dynamic college students, even Zhou Manting kind of style beauty, but have not seen men praise half a sentence.

This thing is really a metaphysics, this Baozhu obviously looks very ordinary, is it the body of the virtuous wife and mother of the aura of special attraction?

But I always feel that something is not quite right.

In her somewhat lost in thought, her ears suddenly came an unexpected male voice: "Sister Zhang, no need to be so formal in your own home, you first drink some water."

The smell of choking cologne between her nose, Jiang Tianyu moved a step to the side without a trace, lifted her eyes and glanced at Lin Jianzhou twice, then took the mineral water: "Mr. Lin you are welcome, I have been fired by Ms. Wu, what do you mean your own home is not your own home."

"Also, if I remember correctly, you are still two years older than me, this 'sister' I can not afford."

As she spoke, she took the opportunity to look around, the living room had disappeared Wu Han's figure.

"Sister Zhang, it looks like you are still angry with Xiao Han!" Lin Jianzhou did not seem to notice her small backward movement, and naturally took a step forward, bringing the distance between them closer again.

"When the agency recommended you to our family, they said that you were the most responsible, diligent, and tight lipped." The man poked his head out slightly and came up to her ear, lowering his voice and saying, "Sister Zhang, if you want to continue to mix in the nanny industry in this city, you must know what to say and what not to say."

The woman in front of him blinked her left eye again.

At this moment, Jiang Tianyu's expression became very complicated, and even the sweat hairs on the back of his neck followed the erection.

Help, does this person think he's handsome?

The other party turned around and walked away, Jiang Tianyu opened her mouth and breathed hard twice, but turned her head and ran into Qi Ziang's black eyes.

The man's expression at this time is somewhat meaningful, apparently just Lin Jianzhou and her interaction took in the bottom of the eyes.

The suspicion on the original owner is 100 again.

Gritting her back teeth, she politely tugged her face muscles, a skinny smile.

Anyway, the debt is not pressed, listening to the meaning of just Lin Jianzhou's words, the reason why the other party threw those few 'winks' is not because of any dogged improper relationship, this is enough.

After all, she can help the original owner to find out the truth about the reason why he was involved in the case, but for the emotional entanglement, it is really slightly powerless.

Still, she has no right to interfere too much in other people's lives.

Just what kind of fishy thing exists between Zhang Baozhu and Lin Jianzhou?

Jiang Tianyu subconsciously knitted her brows, regarding this point, her mind could be said to be empty.

"Lin Jianzhou!" Wu Han's sudden and harsh roar directly made everyone present dumbfounded, stopping what they were doing and looking at the place where the voice came from.

It was a small study located in the north, the door was half hidden at this time, the two people's argument was almost not weakened into the ears of the crowd.

"Lin Jianzhou, are you a human being? Xuan Xuan still has no news, and you are arguing with me at this time?!" The woman's tone trembled, as if she was holding back some kind of emotion.

"What else do you want from me? Did I not comfort you? You were arrested by the police for hitting someone for no reason, and I wasn't the first one to arrive to deal with it?" The man also riveted his strength and shouted, "Wu Han, you are so unbelievable!"

"What do you mean by unjustifiable? Zhang Baozhu her" said here, Wu Han's voice dropped all of a sudden, should be suddenly remembered that there are still people outside, word by word has become muffled up.

But even if she does not say, Jiang Tianyu can also guess a rough, nothing more than the accusation that the original owner will inevitably be resentful after being dismissed, out of revenge for carrying away the child or something.

“Can you stop talking nonsense! Nuts, right?!” Lin Jianzhou bellowed, and then pulled open the door with force, and with a face of anger, he crossed the living room and rushed through the entrance hall to the corridor.

Through the four open solid wood room door, you can see Wu Han sitting at the desk, covering his face and breaking down and crying.

No one went forward to persuade and comfort, in this case, pretend to ignore is the best way to save the face of the party.

The company’s main goal is to provide the best possible solution to the problem. Get rid of.”

The words fell, he himself seems to feel not quite right, twisted his head to observe the still expressionless Jiang Tianyu glance, added: “seems not small.”

If this is really the case, the spiritual world of the rich, he does not quite understand.

Compared to Zhang Baozhu who is not very good at dressing herself and looks very plain in appearance, Wu Han is undoubtedly young and beautiful.

The emotional entanglements of adults are really hard to understand.

“Assuming that Lin Jianzhou and Zhang Baozhu really have something in private, the possibility that Zhang Baozhu kidnapped the child out of jealousy is there.” Lu Li went on to analyze.

Qiziang did not deny, did not continue the conversation, but asked: “How? There is no trace evidence found?”

Lu Li shook his head, came closer and responded in a voice that only two people could hear: “Not yet.”

“The two previous cases of missing children, the same Muppet Bear toys were found in the homes of missing children. The DNA extracted from it was not successfully matched in the database, but the technical section has confirmed that the gender is female.”

“Do you want me to have someone collect Zhang Baozhu’s DNA and fingerprints later and go back for a test?”

Although from the time of the first two missing children cases, Zhang Baozhu was still a live-in nanny and may not have had the leisure to commit the crime, but until the results are available, who can say for sure?

“Good.” Qiziang nodded his head.

Under Lu Li's stunned gaze, he turned around and went to the technician to pick up a copy of the tools used to extract DNA and fingerprints, and then walked straight to Jiang Tianyu's side.

"Ms. Zhang, it's like this, the police now need your DNA and fingerprints to facilitate the process of elimination in the next investigation."

This reason sounded sort of reasonable, Zhang Baozhu had lived in this home for a long time, naturally there were traces of her related activities remaining everywhere.

Jiang Tianyu obediently opened her mouth and allowed the other party to take a cotton swab and scratch it twice in her mouth, and then pressed the card used to collect fingerprints with ten fingers in turn with force.

"This officer, you know, even if I don't just pick up the good words, I will actively cooperate with the police work." After she withdrew her hand, she pulled out a tissue from the coffee table next to her, and looked focused and serious as she looked down and wiped her fingertips.

Qiziang raised his eyebrows, did not squeak.

"City Public Security Bureau Criminal Investigation Detachment" Jiang Tianyu continued to mutter in a low voice: "You came over this time and made such a big show, surely not just because Xuan Xuan accidentally went missing."

"Ms. Zhang's intuition is quite keen, the city in the past two months there have been two cases of accidental loss of children, Xuan Xuan this is the third." Qiziang lowered his head to seal the test tube and fingerprint plate containing DNA, and returned naturally.

After instantly rounding his eyes, Jiang Tianyu was worried after reacting: "Then the two children before, have they been found?"

"No." Qiziang shook his head, the bottom of his eyes flashed a trace of gloom that others could not easily detect.

There is a golden period for solving lost children cases, beyond that time, the difficulty of getting the child back can be said to be multiplied.

So it is highly likely that Xuan Xuan will also

After a short silence, Jiang Tianyu opened her mouth again: "Why is the officer talking to me about this?"

It's strange isn't it? The other side of the family of the lost child still knows nothing about this, but ran over to mutter with her, a suspect.

“You can take it as a test.” Qiziang seemed to have words in his mouth, and looked sideways at several technical section colleagues who were still busy: “As for the missing child’s family side, we will also inform when the forensics are completed.”

One is to speed up the work process, so as to avoid the family’s emotions too excited thus affecting the evidence.

The second is to ensure the accuracy of the news, if the physical evidence related to the disappearance of Xuan Xuan and the previous two cases do not have any overlap similarities, the police can also do a detailed explanation, so as not to make the family worried.

Test?

Jiang Tianyu lowered her head and skimmed her lips.

Before she could respond to this, Wu Han in the study suddenly let out a short scream, followed by wiping a handful of tears from her face and stumbling into the living room with her phone in her hand.

“Comrade police, you said before, if the two of us this side of a strange call do not just answer, this this phone number I have not seen.”

Qi Ziang smiled, his expression suddenly serious, rushed to Lu Li and ordered, “Inform Zhang Ye.”

Lu Li quickly dialed a number with his own phone, and soon the opposite side was connected, after two simple communication, he nodded: “Sister Ye has been on the phone signal of both the husband and wife technology, can be picked up.”

Wu Han, who received an affirmative answer, trembled and pressed the answer button and the speakerphone button, “Hello?”

She tried to make her voice sound nothing unusual.

“Want to see your son? Then prepare five million!” A harsh electronic voice sounded, falling on the ears, making people feel frightened.

“Xuan Xuan? Are you the one who kidnapped my Xuan Xuan?!” Wu Han completely panicked and rushed to the phone and begged, “Please, please don’t hurt the child, woo woo woo

And all she got in reply was a series of busy tones.

For a while, the large living room was silent, only to hear the woman’s uncontrolled ‘click’ sound of upper teeth knocking against lower teeth.

Every Time I Wake Up, I Become A Suspect – Chapter 104 - Tips

“What? Five million?!” At the foyer, Lin Jianzhou, who had just come in when he heard the commotion, froze in place, and the shock on his face did not look like a forgery.

“Honey! You heard it, right? Go get the money! Must save XuanXuan back” Wu Han staggered to the man’s body, tugging hard on the other side of the coat corner prayed: “I knew XuanXuan certainly not lost! My Xuan Xuan is so good, can not see me for a second in the day, how could dare to leave my side?”

Lin Jianzhou’s tone was difficult after he reacted, “But” where can we get the five million?

Indeed, their kind of family is considered a little bit of money, but only a little bit of money.

Wu Han is a full-time housewife, the family is still paying the car loan and mortgage, plus hired a nanny Zhang Baozhu, the monthly guaranteed expenses will have a more than 30,000.

If 500,000 can still get, five million for them even if not astronomical, it is also to go half a life.

“I don’t care! Xuan Xuan is my life! Not to mention five million, five million you have to save!” Wu Han began to spill, now seems to have no semblance of sanity.

“Lin Jianzhou, if you do not want the child for five million, do not say I am not polite to you!”

“Let’s sell the house, the house is sold to save our son!”

“.....” Facing so many eyes, Lin Jianzhou said with a stiff head: “I’m willing to sell the house, but someone has to buy it, right?”

“If you want to sell it, you can always sell it, if not find a mortgage company!” Wu Han is anxious, pick up the phone and open the screen to look for something.

The two of them, this chaotic action between the two, but finally was Qiziang timely called a halt to the couple coaxed to the outside corridor, painstakingly persuaded up.

As for the outcome of this matter in the end, Jiang Tianyu has a rough idea in her heart.

Qi Ziang has always been a very purposeful person, coupled with years of doing the job of criminal investigation, the body unique a superior aura, say the words let people inexplicably convinced.

That is to say, in the end, the two Wu Han is sure to be convinced by him.

From the disappearance of Xuan Xuan to now, the full count is not to twenty-four hours.

As long as the two believe in the police, willing to act in accordance with the police deployment, the child can be successfully rescued back the chances are still very high.

But it seems that Xuan Xuan's disappearance should have nothing to do with the previous two cases of missing children?

I do not know if the parents of the two missing children can have Wu Han and Lin Jianzhou this lucky, at least after the child is no trace, can hear the news again, it is already a blessing in misfortune.

What makes the family feel distraught and scared is that there is absolutely no news.

However, what Jiang Tianyu did not expect was that Qi Zion eventually failed to convince the couple.

Until the police had completed the relevant forensic work and were ready to return to the city bureau, Wu Han and Lin Jianzhou were still fighting.

Although they both agreed to cooperate with the police to rescue Xuan Xuan, but the woman insisted on mortgaging the house to get the money first, the man felt that it was not necessary.

Because they were arguing, and because they didn't know when the kidnapper would call a second time, Qiziang decided to set up a temporary office in their home for insurance purposes.

From the phone call the kidnapper made not long ago, it was determined that the other party was not monitoring the area and should not know that the police were on the scene, so they would have to be careful in their next move.

During the period, Qiziang and many parties to communicate, quite smoothly to collect the evidence of the few technicians to send out of the district unnoticed.

Then let the head of the technical section Zhang Ye with a bunch of equipment, disguised mixed up.

Because the conditions are limited, but also insurance, as expected, Jiang Tianyu is still continued to be 'trapped' in Wu Han's home.

The time is already late at night, the living room curtains play a good role in isolating the outside view, the house is still a bright lights look.

Right now, Wu Han and Lin Jianzhou are sitting together on the sofa, one guarding one end, the middle is like an insurmountable gap.

A cell phone lying quietly on the coffee table in front of the sofa, but even if the crowd that expectant eyes almost stared it out, it is still that quiet look, and did not ring up.

The few people from the Criminal Investigation Branch of the Municipal Public Security Bureau were scattered in various corners of the living room, dining room and kitchen, either standing or sitting, some even yawning because of sleepiness.

In addition to Qi Ziang and Lu Li, the rest of the serious crime unit and the future here, after all, there are still two missing children cases to investigate on the other side, it is impossible to let the other two cases stall because of Xuan Xuan a child.

The other two cases are still under investigation.

Lu Li dragged his heavy feet out of the kitchen, walked to the side of Qi Ziang, who was standing near the wine cooler, handed over a cup of instant coffee just brewed: "Qi team, or you find a chair to squint for a while, we both change shifts top."

"You take the others to rest on the dining table first, I'm not sleepy yet." Qiziang took the coffee cup and politely refused.

Lu Li also did not insist, the tacit understanding between the two of them has always been without too many words, turned his head and then opened a few colleagues to come over to recover their energy, and by the way also persuaded the couple on the sofa.

The two people naturally will not have any other reaction, it looks like in the game in general, the eyes of a glare than a round.

This kind of situation, Qi Ziang has seen in the past is not rare, some people can indeed only share the sweet, can not share the bitter.

Wu Han and Lin Jianzhou just mouth bickering, complaining about each other, which can only be considered a small scene. The child was lost, parents who are anxious and restless, sometimes venting a little, may not be a bad thing.

After retracting his gaze, he took a step with this cup of coffee and finally stopped in front of the door of one of the rooms.

Jiang Tianyu was sitting on the edge of a single bed, and only a small night light on the nightstand was turned on in the room, and her silhouette was cast on the opposite wall, giving an eerie sense of distortion.

This room was originally Zhang Baozhu's residence for the past two years, the area is the smallest of the four rooms, visually but just nine square meters.

Inside is just a single bed of one meter two, a bedside table, and a small closet of composite wood panels.

"Can't sleep?" Qiziang walked into the small room, very natural to the cup of coffee that just arrived to send out: "I thought that after the kidnappers came to the phone, Ms. Zhang will be happy and relaxed because cleared of the suspicion on the body will lie here will week."

Silently and unconcealedly rolling her eyes, Jiang Tianyu couldn't help but sneer, "Is this officer so sure that I'm free of suspicion?"

The company has been taking care of Xuan Xuan for nearly two years, and it seems unusual to be able to fall asleep at this time, right?

"It doesn't matter, you're under the nose of the police now." The company's main business is to provide a wide range of products and services to the market.

It seems that this one is a lot more cautious than before, since they first met until now, a mouthful of 'officer', he is tired of panicking for the other side.

The company's main business is to provide a wide range of products and services to its customers.

In response, Qi Ziang did not care, but instead straightened up and paced back and forth in the not-so-spacious open space.

"Ms. Zhang, forgive me for being presumptuous, but according to what Ms. Wu said before when her emotions were out of control, she accused that there might be an improper relationship between you and Mr. Lin"

"This point, is it true?"

Jiang Tianyu gently frowned, after which she squarely said, "Although I don't know why Ms. Wu would have this misconception, there really isn't any relationship between Mr. Lin and I other than that of an employer and a nanny."

Qiziang nodded, after which as if suddenly remembering something, he took out his cell phone from his trouser pocket and passed it to the woman's eyes after slightly

scratching the screen twice: "You said you often take Xuan Xuan with you, so have you seen this?"

Jiang Tianyu blinked and looked at the brown bear doll on the screen.

Zhang Baozhu's memory in the mind did not appear what fluctuations, so she shook her head: "Never seen, Xuan Xuan grew up on these Muppet toys are not very interested, the family is either a variety of toy cars, or Transformers and Ultraman or something."

"The number of such dolls can be counted on one hand, all of them were put away in the toy room in the organizer."

"Officer Qi, you do not still suspect that Xuan Xuan's disappearance and the previous two cases are related, right?" As she spoke, she tilted her head slightly, her ordinary shaped eyes glowing under the light of the night light.

"Not really." Qiziang put the phone away: "It's kind of a professional habit."

"Everything is not afraid of trouble to ask a few more questions, it is not possible to say when an important clue will pop up."

This point, Jiang Tianyu also thought deeply.

"By the way, your employer the two of them, how has the relationship between husband and wife always been?" Qiziang after two circles, once again casually asked, then actually posture natural also sat on this single bed.

"Usually look pretty good, is the normal husband and wife get along mode." After thinking back carefully, Jiang Tianyu gave her answer.

Speaking of this, she suddenly paused, her eyes slightly narrowed, and her expression was somewhat hesitant.

"Bringing this up, about half a month or so ago, Ms. Wu took Xuan Xuan back to her mother's house."

"Because of this, I was given a holiday that day. Originally it was agreed that the two of them would stay at her mother's house for the night, but then at 3:00 p.m., they called to tell me that they were already heading back."

"So I hurried to this side to get dinner ready before they came back, and when I got to the neighborhood gate, I just saw Mr. Lin's car driving out of the park."

"On the passenger side, it seems that there was someone else sitting there, a lady
....."

Jiang Tianyu unconsciously raised an eyebrow, and a guess instantly surfaced in his heart.

Lin Jianzhou several times at the original body winked, said those specious words, would be because of that incidental incident half a month ago?

The man did not want his wife to know that he had a close relationship with another woman, so he would say a warning?

She was not sure, but she felt that the logic of the whole thing was not quite smooth.

If that woman was really Lin Jianzhou's affair, then why did Wu Han have to fire Zhang Baozhu?

Lady? Cheating?

Qiziang's face did not change, raised his eyes to the door, although this angle is not able to see the situation in the living room, but can hear the light cough Lin Jianzhou from time to time.

"When you saw him that day, he was in a very intimate posture with that lady?" He lowered his voice and asked.

The deliberately lowered voice somehow in this small space, seems more and more magnetic, Jiang Tianyu uncomfortable tilted his head: "not intimate it"

After all, it is in the car, but there is nothing fishy between men and women, sometimes just a glance can be seen.

The two of them have no relationship with each other, how can it be so coincidental that when Wu Han returned to his mother's house, Lin Jianzhou brought another woman home?

"Well." The company's main business is to provide a wide range of products and services to its customers.

The original relatively private solitary position suddenly appeared a person, plus this person's presence and the extraordinary strong, in a somewhat bizarre silence, Jiang Tianyu because uncomfortable and began to look around.

The eyes drifted around the small room, but eventually her eyes fell on the large hand a meter away from her side.

This time Qiziang is leaning two hands apart on the bed board on both sides of the body, the upper body slightly back, two long legs almost the end of the bed to the wall in the middle of the gap to fill.

The man's height is there, so that the hands are also very long and slender, the bones are well-defined, not to mention that the green veins on the back of the hands can be said to be every nurse's dream.

As for her Jiang Tianyu withdrew her gaze, lowered her eyes and looked at the hands of this body, some regret pursed her lips.

Zhang Baozhu's hands are not beautiful, the shape is a little thick and short, often doing housework also makes the skin rough, the back of the hand there are a few deep or shallow small wounds.

After experiencing so many bodies, she began to miss her own.

I don't know how long my soul will drift like this, or if she will always and forever continue to travel like this and never wake up again.

This feeling of rootlessness actually makes her feel very uncomfortable. In someone else's body living someone else's life, even let her can not easily open her heart and make friends with others.

Thinking of this, Jiang Tianyu took a deep breath and tried to detach herself from the complicated emotions. Once again, she looked at the man sitting at the end of the bed without a trace.

Through some small details that the other party showed just now, she was able to vaguely perceive something, but unfortunately there was no way to give a response.

To put it bluntly, she is just a wandering soul wandering between heaven and earth, relying on other people's bodies every time to gain a very brief, grounded sense of reality.

What if someday in the future, no one needs her anymore?

Wouldn't she just silently dissipate between heaven and earth?

"..... Ms. Zhang?"

The sudden call made her instantly return to her senses, subconsciously twisted her head, the purpose is Qi Ziang's somewhat puzzled handsome face.

“Ms. Zhang, I mean, you have been working in this family for nearly two years, so you should know the family quite well, right?” Qi Zhen didn’t bother to follow up on her previous wanderings, but repeated the question again.

“Then going from your point of view, Wu Han and Lin Jianzhou’s reaction on the matter of the missing child, is there anything abnormal about it?”

“Abnormal?” Jiang Tianyu’s eyebrows moved, began to carefully recall the two men’s every move .

“Mr. Lin may not be quite right, then again Xuan Xuan is lost, how he still has the leisure to come to my side to warn me not to talk nonsense?”

“And a few hours ago at the police station, the police offered to come to the home to collect evidence, and from his expression, it seems a bit reluctant.”

“You make a good point.” Qizhen nodded in agreement: “There is also the look on Lin Jianzhou’s face when the kidnappers called just now, I think it’s also worth speculating.”

“Although the surface looks like shock at first glance, but shock is also divided into many kinds, whether he is in shock of the five million, or in shock that the kidnappers will come to the phone?”

Jiang Tianyu was in a somewhat strange mood from his previous unconscious compliment, and uncomfortably raised her hand and rubbed the tip of her nose, always feeling like the man was coaxing a child.

However, her attention was soon drawn to the other party’s analysis, and she stared in slight surprise: “Officer Qi, you are not suspecting that Xuan Xuan is not actually lost?”

Qi Zhen did not answer, but stood up from the bed, walked to the door and raised his hand and waved at her.

Jiang Tianyu, who didn’t know why, followed him obediently to the corridor.

The two stood opposite each other at the wall, and even if people saw them out of the corner of their eyes, they would only think that the police were questioning the nanny.

Qizhen raised his chin in the direction of the living room: “Look at the state of Lin Jianzhou now.”

After taking two glances as instructed, Jiang Tianyu quickly discovered the trick.

Lin Jianzhou was a little too calm.

Although the man has been frowning, but there is still the mind fiddling with the phone in his hand, for a long time will not pay attention to the phone on the coffee table a glance.

Even the body is dressed in style, the hair is also meticulous, the image of their own successful people to maintain the perfect.

It can be said that with the other side of the sofa Wu Han formed a strong contrast.

The woman is cloaked, looking more fidgety, with her hands tightly wrapped around her chest, indicating that she is extremely insecure at this time, and from time to time will get up from the sofa, walking around anxiously in front of the floor-to-ceiling windows.

Lin Jianzhou gave Jiang Tianyu the feeling that the phone on the coffee table, which could have kidnappers calling in at any time, was not as important as the phone in his hand.

“So Xuan Xuan isn’t missing at all.” She let out a long breath of turbid air, sort of dropping the heart that had been hanging high for Zhang Baozhu.

Assuming that Xuan Xuan was really taken away by Lin Jianzhou, even if it is not yet known exactly because of what, but he is always the child’s real father, Xuan Xuan’s personal safety is still guaranteed.

“You don’t let up so early, have you forgotten his previous disbelief when he heard the kidnappers calling?” Qiziang’s tone was cool, directly pouring her head to toe with a pot of cold water: “What if that call from the kidnappers was not expected by Lin Jianzhou?”

“Infighting?” Jiang Tianyu raised one side of her eyebrow in surprise.

If the kidnappers that Lin Jianzhou had found beforehand suddenly had other ideas after they still arrived, it was not impossible.

The first thing is to ask for five million, who can not be moved?

This means that Lin Jianzhou is lifting a stone and smashing his own feet?

She twisted her head to look at Qi Ziang beside her, the other party’s superior eyebrows hidden in the dark, making it difficult to see his expression at this time.

“So what’s going to happen now? Even if it’s true, he probably won’t admit it easily.”

Qiziang smiled and slightly curled his lips, after throwing down the phrase ‘watch’, he stepped away from a pair of long legs and walked in the direction of the restaurant at a slow pace.

When he reached the dining table, he first patted the dazed Lu Li, and then glanced at the living room with his eyes as if nothing was wrong.

Lu Li, who was still in a bit of a cloud, saw this and instantly woke up, stretched while taking out his cell phone and pretended to answer a call.

His voice was not small, and his voice made several people in the room gather their eyes to the restaurant side.

Which of course included the couple.

“Oh okay, got it, I'll talk to the Qi team.” Lu Li did not put down the phone first, but first asked some questions with his eyes about his top boss.

In through the man's expression and body movements to guess the meaning of almost after he put away the phone, stretched the voice opened: “Qi team ah, the technical section said, the relevant trace evidence test results have come out.”

“What have you found?” Qi Ziang went to the kitchen and poured himself a glass of warm water, asked indifferently.

“The DNA and fingerprints of Wu Han, Lin Jianzhou and Zhang Baozhu were ruled out, and there were two other sets of DNA samples brought back, one set of DNA was male, showing a parent-child relationship with the couple, which should be Lin Muxuan's.”

“As for the other group of DNA in the database also failed to find anything, can only determine that it is female.” Lu Li said, with a meaningful face as he looked into the living room.

Lin Jianzhou looked a little flustered, but soon the face calmed down, but subconsciously to loosen the hand of the tie, or betrayed his heart's nervousness.

“Women?” The company's main business is to provide a wide range of products and services to its customers. “

“The amount of” Lu Li did not respond directly, the expression is a little embarrassed.

“Maybe it was left when your best friend came to play at home, either when your mother came over to see the child” Lin Jianzhou tried to appease the woman that could explode at any moment.

“You bullsh!t! When did I ever bring a friend back?” The company's main business is to provide a wide range of products and services to its customers. Do you remember the last time my mother came over?”

“Lin Jianzhou, if you don’t explain to me who the b!tch you brought back is today, I’m not finished with you!” As she spoke, she looked like she had gone crazy and went up and pulled the man’s collar and shook him hard.

“..... Xiaohan Xiaohan” once the woman launched a rage, is also very scary, Lin Jianzhou called out After two voices see useless, can only fiercely clutch each other’s hands, with all the strength of the body to push people away: “You’re enough, Wu Han! So many people, want to let others see the joke?”

The words fell, he turned around to face Qi Ziang and others, and said furiously, “I say, officer, are you sure you’re not mistaken? How could there be another woman in my house?”

“Are you sure? Mr. Lin?” Qiziang had words in his mouth, “But we have a witness, about half a month ago

Hmm?

Obviously, Lin Jianzhou did not anticipate this, his brain short-circuited for two seconds, subconsciously blurted out: “Impossible! She didn’t even go upstairs that day!”

Time seemed to stand still at this moment, and when he reacted, he only felt his scalp tingling, and his whole body muscles immediately tightened up.

“Lin Jianzhou ! ! ! !” Wu Han seemed to have a complete breakdown, his sharp scream nearly pierced everyone’s eardrums: “Lin Jianzhou! How dare you cheat on me?”

“Do you have a heart? When you were chasing me, you were so good, you swore you could k!!l yourself, but what happened?”

“I should have listened to my mother and told you to go as far away as possible!”

“Have you spent a single day with Xuan Xuan since he was born? Do you remember when his birthday is? Not to mention me Now that the baby is lost, you got your wish, right? You don’t know how happy you will be without our mother and father!”

The man was made to lose face by this series of questions from her, he was so hot that he once again pushed the woman who was sticking up out, then crossed his arms and spittle flew.

"I've treated you badly? Since you married me, I am less you eat or less you wear? If you are not grateful, you are like a madman all day long, who can stand it?"

"Also, don't sound so noble, if you hadn't wanted my money before we got married, it's not clear what would have happened between us!"

"Don't talk about the baby! Since you got pregnant, when have I ever treated you badly? After the birth of the baby, I have not left any of the menstrual centers, sister-in-law and childcare."

"Later, when Xuanxuan grew up, I hired Sister Zhang, you ask yourself, is this mother qualified? If qualified, Xuan Xuan? Let you take the child for two days, you lost the person, and now how can you stand here and accuse me?"

Lin Jianzhou's output directly made Wu Han dumbfounded, and after she recovered, she simply sat on her b.utt and cried: "Lin Jianzhou!"

"I didn't want Xuan Xuan to be lost, I think you just want to take advantage of the opportunity to divorce me!"

"I divorce you, so what? You have lost my son, should I not divorce you? At this moment, Lin Jianzhou, who had been arching out of his anger, seemed to have completely revealed his true face, his features were twisted, and the fat on his stomach was shaking and shaking with his movements.

"Oooooooooooooooooo" Wu Han was first full of surprise, then he covered his face and cried and howled, a snotty nose and a tearful appearance was very pathetic.

The muscles on Lin Jianzhou's cheeks twitched, and when he looked at the woman on the ground, the depths of his eyes were filled with impatience and boredom.

After cursing twice in a voice that only he could hear, he took the phone from the sofa and turned around to walk in the direction of the foyer.

However, just as he reached the security door, a cool questioning voice suddenly came from behind him, "What is Mr. Lin doing here?"

The whole body stiffened and stopped, he turned his face sideways and saw Qi Ziang who was leaning in front of the restaurant wine cabinet.

The other party's meaningful line of sight, Lin Jianzhou stiffened his head and said: "I want to go out for a smoke to calm down."

"Suggest that Mr. Lin better not, the reason why our police have pulled up the curtains that can block the view of the entire home is because they suspect that the kidnappers

will come to the perimeter to spy on you and your wife, so that our side becomes very passive.” Qiziang stood up slightly straighter and walked step by step to the man’s side.

“Is there any mistake? This won’t work and that won’t work, we, the people, have worked so hard to pay taxes every year to support you people, just so you can give me a hard time at this time?” Lin Jianzhou raised his neck and yelled out in a mid-air voice.

“And ah, because of a phone call from the kidnapper, all the police are nestled in my house, what? You can catch the bad guys without going out?”

“Now you are happy, making our couple to divorce, this is what the police want to see? Protecting the privacy of citizens is also the responsibility of the police, right? What happened?” He said, feeling more and more justified, and even took two steps forward, extending his finger to poke Qi Ziang’s chest a few times.

Seeing the situation, Lu Li hurriedly went forward, and his mouth scolded, “Lin Jianzhou! I advise you to show some respect, we are now at work, it is entirely possible to sue you for obstructing the execution of official duties!”

“Sue me, sue me! I’ll sue you too!” Lin Jianzhou looked emboldened, his other hand held up his phone in mid-air and waved it around: “Believe it or not, I’ll record your faces and find an influential media to post them online.”

“Let everyone take a good look, the so-called people’s servants can’t even find a child except for pointing fingers at the people!”

“You ……!”

Lu Li wanted to continue his theory with him, but Qi Ziang reached out and blocked his way.

After pacifying him with his eyes, Qi Ziang smoothly stepped forward, his expression did not change much, still the same gentle and polite look: “Sorry, Mr. Lin, we can understand your anxious mood now, but I hope you can cooperate with the police, after all, finding the child is our mutual expectation.”

Once he did, Lin Jianzhou could not continue to attack, but frowned and muttered: “It’s just a cigarette, it’s too much on the line, do I even have this freedom? If you know that we are victims, if you don’t know, you will think you are guarding the prisoners!”

“Forget it, I won’t smoke anymore, right?”

The man finished and tried to go back to the living room around the two of them.

However, just then, Qiziang opened his mouth again, "So this is what Mr. Lin intends to do?"

Surprised, Lin Jianzhou stopped in his tracks and looked at the two people a few steps away with a puzzled expression.

At some point, Wu Han, who had been venting his emotions, also stopped crying and reluctantly lifted his already red and swollen eyelids, looking over with a gaze full of suspicion and uncertainty.

"Divorce your wife, that's your plan?" Qiziang repeated again, this time making the words more explicit.

"Can't understand what you're saying." Lin Jianzhou breathed for a moment, then cursed and continued to walk forward, his broad back looking with a bit of panic.

The man's denial was expected by Qiziang, and he was in no hurry, continuing slowly and methodically: "First, he designed to fire the family's nanny, and then took advantage of the fact that it was only your wife's effort to take the child, and then had someone find the opportunity to take the child away"

"But I don't quite understand, what do you gain by doing this?"

"Is trying to put the fault on your wife? This way you can cheat within the marriage without feeling guilty in getting out of this marriage? You can even use this to force Ms. Wu to give up the joint property she should have enjoyed, so you can hold the house and car with your cheating partner and fly together as you wish?"

Qiziang asked several questions one after another, he actually has always been for this kind of scam brain circuit are not quite able to understand, but after working for so many years but also understand a truth, never underestimate the evil of human nature.

"Lin Jianzhou? What the police said is true? Wu Han is still sitting on the ground, even this time the sound that comes out is much smaller.

But her broken and desperate look was like a heavy muffled blow, directly knocking the man to a stagger.

"Xiao Han, don't listen to his nonsense, they will just stir up trouble, where is the evidence" Lin Jianzhou took two steps forward and explained in a fumbling manner.

"No evidence?" Qiziang extended his hand, a pair of eyes slightly narrowed: "Mr. Lin, is it convenient to take a look at your phone? Of course, if you feel the need, I can apply for a search warrant right now."

Lin Jianzhou smiled and instantly his face changed, the left hand that had been holding the phone subconsciously tightened.

Suddenly, he even drew his legs and ran, the speed and the slightly fat body shape is simply in inverse proportion.

Lu Li reacted quickly to stop before the entrance door, but did not expect this person to ignore the force of the collision up!

Caught off guard, Lu Li was knocked to the side.

When Lin Jianzhou's hand was on the door handle of the security door, he was suddenly pounced on by Lu Li who came up from behind, and his fat face was knocked heavily on the solid wood security door panel.

Thud!

Both of them fell to the ground, and the sound of pain resounded through the whole room.

Qiziang slowly bent over and picked up the phone that happened to slide to his feet, then walked next to Lin Jianzhou and borrowed his finger to unlock the screen and began to look through it unhurriedly.

After two minutes, he squatted down again and turned the screen to the man's face: "Mr. Lin, can you give a perfect explanation for the behavior of just calling the same phone number?"

Hearing the question, Lin Jianzhou, who was originally lying there in the basement, simply closed both eyes, looking like he was planning to completely swing.

"Don't want to talk?" Qiziang used his phone to dislike the man who was playing dead on the ground, however, the only response he got was the fat meat that was shaking.

He spread both hands: "I actually do not care, turn around just to check the identity of your lover, and then go to trial her, I believe that also be able to get the desired answer."

"Although the matter of making Xuanxuan 'disappear' should be planned by the two of you together, but shouldn't you be the one to show up for all the links, right?"

"That's even better, your lover, the lady whose name is still unknown to the police probably wouldn't choose to get involved in a criminal case because of a man who hasn't divorced his wife yet, right?"

"Mr. Lin, you are already a mature-minded adult, can you not know why the other party would have an affair with you?"

Lin Jianzhou, who was closing his eyes at the moment, became a little short of breath, but that was all.

Qiziang shook his head wordlessly and continued to fiddle with the phone in his hand.

“The case, the police can slowly investigate, there is no hurry. But Mr. Lin better think about it, we can wait, your son wait or not.”

“Don’t tell me that the ransom call Ms. Wu received earlier was also pre-arranged by you.”

“Five million na can you still be sure now that the other side will send your son back after the deed is done?”

Hearing this, Wu Han, who had been sitting on the living room floor, suddenly came to life, only to see her crawl on her hands and knees to the front of the door, tears falling down in big drops.

“Lin Jianzhou, count me begging you, the matter between the two of us do not involve Xuanxuan

“You just tell the police the truth! The people here can testify for me, as long as Xuanxuan back, I can net out of the family, I do not want your money!”

“Xuan Xuan is only four years old, if it is really like the police said, the person who took him lustful please, please, he is also your son ah!!!”

For a while, the only thing that could be heard in the room was the woman’s vague and bitter pleading voice.

Lin Jianzhou remained silent, but the look on his face was slightly relieved.

Qiziang continued to squat there looking through the other party’s phone, after which he let out a soft sigh and got up to make a call: “Hello? Technical section, I will send you a few micro signals later, let people investigate the information related to the owner of the number

“Hey! I warn you not to mess around!”

Hearing these words, Lin Jianzhou is like a rat whose tail has been stepped on, and immediately sat up in a sit-up: "My WeChat are colleagues and customers, the police are great? The police can't just hara.ss people, right?"

It seems to be the face, but the face at the same time do this kind of thing, I have to say that people are really a very contradictory creature.

The company's main goal is to provide a good solution to the problem.

The police do not have much time, if you insist on not talking, we can only use the most simple and brutal method."

"And you have to think clearly, the longer this process is delayed, the more dangerous Xuan Xuan will be."

Lin Jianzhou looked at the few indifferent police, and looked at the next almost to cry broken Wu Han, finally a gritted teeth a ruthless: "I say still can not?!"

"But before I say it, I want to tell you that Xuan Xuan is my son, I can't possibly joke with his safety."

"Yes, my son was taken away by me, but Wu Han you also reflect on yourself, right? If it weren't for your indifference to the child, how could others have the opportunity to do it?"

"This incident proves that you are not a qualified mother at all, I divorce you, it is reasonable!"

The more he shouted, the louder he was, the more justified he was.

When he finished, Qi Ziang stopped Wu Han who wanted to argue with him with his eyes and said with a sullen face, "So Mr. Lin, can you now explain who is your accomplice?"

"You give me back the phone, I'll ask him to send Xuan Xuan back, won't that be enough?" Lin Jianzhou said he sat in place and stretched out his hand, his gaze also seemed to glance at his wife twice: "Don't forget what you said before, the car, the house and the savings, that is all I have earned, you don't want to take away a dollar after the divorce!"

Wu Han was shaking with anger, but because he had not yet seen the child, he could only hold his tongue.

Qiziang used the tip of his tongue against his upper jaw, after handing out the phone, he finally opened his mouth without holding back: "Mr. Lin is so sure that the person who took Xuan Xuan will obediently send him back?"

“Of course, that that five million call, he also just to make the situation look more realistic.” Lin Jianzhou said, then lowered his head to dial the phone.

In this regard, Qiziang and others are naturally skeptical.

If that accomplice out there was really this thoughtful, how could all the many calls made from the man’s side before be missed?

So next, the people watched the other party sitting on the ground in the foyer, repeatedly calling the same number over and over again, but all he got was a cold and heartless ‘Hello, the phone you are calling is off’

And Lin Jianzhou himself from the very beginning of the confidence, to gradually white a fat face.

But he still didn’t look very dead, and after struggling to get up from the floor, he walked around the spacious living room quickly, cursing while continuing to fiddle with his phone.

At this time, Jiang Tianyu came out from the shadows and suddenly came to say, “Lin Jianzhou, that accomplice of yours, wouldn’t it be Cui Yongfu?!”

Only this result made the place that had been unexplained before instantly become reasonable.

From just when the police forced the man to cheat, she felt a little strange, the other side did not seem to be curious about the ‘eyewitness’ who provided information to the police.

Then there is only one explanation, Zhang Baozhu saw Lin Jianzhou cheating on someone else at the gate the day the man did not find her present.

So it circles back again to the previous suspicion, why the other side will be several times at her to make eyes, but also a special warning to her.

Because Lin Jianzhou thought she was informed about the matter to ‘kidnap’ Xuan Xuan, but here comes the problem, Zhang Baozhu pressed nothing!

Cui Yongfu

Before Jiang Tianyu felt that there was something wrong with this person, feelings because of the ghost in his heart did not count too much on his wife’s anomaly?

Zhang Baozhu has been working in this home for as long as two years, her husband is a virtue, Lin Jianzhou and Wu Han is also clear, the other party is definitely a person who can do anything for money.

“???”

She just asked the words out, others are a reaction to put aside, Lin Jianzhou is a real surprise: “What are you pretending to be? Obviously it is you two couples

Halfway through the sentence, he realized that he blew himself up again, want to close the mouth but it was too late.

I wanted to bite the Xuan Xuan is a friend to take away, there is no monetary transactions between the two sides, at most is a thought of a false police report caused a waste of police power, never thought things would be bad in Zhang Baozhu’s body.

The matter has come to this, Lin Jianzhou eyes, simply raised his finger to Jiang Tianyu: “Comrade police, it is she and her husband took Xuan Xuan away, quick! Quickly catch her!”

“It must be these two people who forget righteousness and want to take advantage of the opportunity to blackmail us with the child for money!”

Jiang Tianyu: “.....”

Day!

The previous barely cleared the suspicion, and then a sh!t pot fell on her head precisely.

Life, really up and down fall down fall down.

The next action is deployed clearly understood, he ordered people to withdraw everything arranged for this side.

Since the object is Cui Yongfu, then he must have known Wu Han alarm thing, know also dared to call loudly, is bound to have something to rely on.

But right now, the police are not sure what that reliance is.

Late at night, the silence in the neighborhood was broken by a few police bells, from the nearby police station pulled over a few police cars to send them all back to the Jiangcheng City Public Security Bureau.

When they got out of the car, compared to Lin Jianzhou and Wu Han, who were in a state of confusion, Jiang Tianyu was much more calm.

Public Security Bureau of this process, she is not bragging, the world is more familiar than her, except for the police, should not exist.

But to her surprise, the upward elevator skipped directly over the floor where the interrogation room was located and eventually stopped at a floor further up.

Looking at the 'cage' used to temporarily hold the suspect in front of her, Jiang Tianyu's right eyelid jumped hard, suddenly understanding the meaningful gaze that Qi Ziang landed on her when she just got off the train.

In a police gesture, the corners of her mouth twitching obediently into the 'cage', after choosing a corner to sit down, a calm face watching Lin Jianzhou two families also walked in behind her.

The good thing is that it is spacious enough, the three can each be scattered in a corner, do not disturb each other.

The three walls of the cage are tightly wrapped with soft bags, the three of them also went through a strict search procedure before being sent in, which has minimized the danger.

The surrounding area is very quiet, 'cage' outside the end of the two police officers sitting, a serious look, not a moment's stare at the three of them.

The back of Jiang Tianyu's head gently leaned against the very flexible wall, through the wall-wide iron fence, bored looking at the small TV hanging on the wall, which is repeatedly playing a variety of news and current events.

At first, perhaps because of the two police officers, Lin Jianzhou did not dare to say anything.

But as time went on, he gradually began to get restless, his mouth began to curse, not loud, making it difficult to hear the central idea he wanted to express.

Or maybe it was just to vent his emotions, there was nothing central to the idea at all.

This excessive behavior was soon stopped by the police, and eventually the man could only continue to nestle in the corner reluctantly.

The narrow bench seemed to be unable to withstand his big b.uttocks, Lin Jianzhou's posture at this point was very ridiculous and looked quite aggrieved.

After another moment, Wu Han trembled and opened his mouth: "Zhang Sister Zhang my husband he just said is true? It was really you and brother-in-law who took Xuan Xuan?"

“Before the dismissal of your matter, it is indeed my fault, can you contact brother-in-law to send the child back?”

“Five million, we certainly can not take, what is the situation at home you know. The actual situation of the family you know. How about this, as long as you send Xuanxuan back, we can give you a million! or two million? Any more we really can't get out of woo woo woo

“Xuan Xuan at least is also you single-handedly brought up, how can you bear to

Saying that, Wu Han's legs went limp, slipped off the bench and fell to his knees, hands folded, his expression humble.

Jiang Tianyu saw the situation to the side and moved a little, avoiding the direction of the woman kneeling, cold eyes watching the police rushed in to forcefully drag people up from the ground, before saying coolly: “I said, this matter I do not know.”

Lin Jianzhou smiled and snorted out on the side: “Cui Yongfu is your man, and you told me you didn't know?”

“I can see, I want to divorce Wu Han out of this kind of faint trick, is stupid, you two are really fvcking bad!”

Jiang Tianyu crossed his legs with his arms around his chest: “Mr. Lin is really modest, if not for your whims, how could Cui Yongfu have a chance?”

“Either that or following you can grow in insight and open your eyes? In the past, this kind of drama of hurting the original spouse and children for the sake of the mistress was only seen inside the news and novels.”

“Now it's really happening in front of my eyes, not to mention, it's even more exciting than the news and novels!”

“Stinky bltch, where do you have the right to speak

 Lin Jianzhou was stimulated by her eyes red under the bottom, get up to go forward.

The scene became a little chaotic, two police officers while stopping Lin Jianzhou, while also to the other two people to pacify, is very anxious.

The two police officers were sitting in the same place, Jiang Tianyu withdrew his eyes from Lin Jianzhou's body and moved to Wu Han, then lowered his eyes and seemed to be thinking about something.

Suddenly, the door outside the iron railing was pushed open and Qi Ziang walked in.

Lin Jianzhou was instantly quiet.

Looking at the expectant eyes of the couple, the man's expression was not very good:
"Cui Yongfu did not find."

Every Time I Wake Up, I Become A Suspect – Chapter 108 - Tips

"Ahhh!!!" Wu Han, after a brief daze of two seconds, rushed to Lin Jianzhou's side like a madman, reaching out his hand and unmercifully grabbing the other man's half-length hair, slapping the man several times in quick succession.

"You return my son! Give me back my son!"

Lin Jianzhou wanted to fight back, but the police officer who was in front of him to prevent the conflict from escalating, went to the back and wrapped his arms around his fat waist, which undoubtedly greatly limited his room to play.

"You heartless!!! For a lover to be able to put his own flesh and blood in danger, how in the end do you think? Wu Han hissed accusations, the sound of slapping is incessant.

Finally, after about a minute, the chaos was brought under control.

By then, Lin Jianzhou's face and neck were covered with horrific red marks, and some places were even scratched out with blood streaks.

And the original meticulous elite parting of the head, now it is a mess as if a dry grass.

Look at Wu Han side, still shivering with anger, the right hand is clutching a handful of half-length hair, even the hair is with hair follicles.

Silently inhaled a breath, has been quietly watching the side of Jiang Tianyu subconsciously raised his hand to touch his own scalp, only to feel all followed by a vague pain.

"Wu Han! Have you gone crazy!" Lin Jianzhou covered his cheek and wanted to cry.

"I am crazy! Driven crazy by you!!!" Wu Han was not willing to give in and tried to move on, but unfortunately the police did not give her a chance this time, blocking her way tightly.

"Lin Jianzhou, Xuan Xuan in case there is really something wrong, I'll kill your whole family!"

Lin Jianzhou's face quickly flashed a trace of weakness, and then, perhaps thinking that the police could control the scene, he shouted again: "You're mentally ill! Take a good look at yourself now shrew-like, I really can't live with you for a day!"

In the midst of all the noise, suddenly a phone rang abruptly.

The ringing sound was like pressing the time pause button, and the people in the room focused their eyes on the table outside the 'cage', where the screen of a cell phone was flickering on and off.

"It's mine! It's my phone! It must be Xuan Xuan, it's Xuan Xuan!" Wu Han stomped his feet in anxiety.

Qiziang, on the other hand, walked quickly to the table, and after informing the technical section to make preparations, picked up the phone and handed it to the woman who stumbled to follow him.

Wu Han took a deep breath and cautiously pressed the answer button, "Hello"?

"Five million are you ready?" The familiar eerie electronic voice came out of the receiver once again.

However, before Wu Han could open his mouth to respond, Lin Jianzhou, who was a few steps away, came to his senses and started howling, "Cui Yongfu! You son of a bitch! Took 50,000 yuan from me, and still want 5 million? Why don't you die with such a big fucking appetite?"

"Cui Yongfu, I'm warning you, I've called the police! If you don't hand over Xuan Xuan, wait for the police to dig your family's ancestral grave!"

He wanted to say something else, but he was stared at by Wu Han's poisoned gaze that made the back of his spine hairy, and finally turned his head to the side in abject fear.

Wu Han hurriedly back to find a complement: "Cui Mr. Cui, you do not see eye to eye with him"

"I know you guys called the police ah, but the police did not find me? Want the child to live? Give you five hours to prepare the money, don't tell me that you can't raise, there are difficulties to find the police ah!" Speaking of this, the electronic voice also issued a 'Jie Jie Jie' laughter, and then cut off this call sharply.

"How do I do?" Wu Han held the phone and looked at Qi Ziang beside him as if for help.

In fact, this situation, Qi Ziang has long expected, the reason he just did not block Lin Jianzhou's nonsense, in order to test what Cui Yongfu's bottom card actually is.

Since the other side already knows the news that Wu Han and his wife have called the police, then this is certainly not care.

From just a few words can be seen, not only do not care, is simply contempt.

"Comrade police, count me begging you, the other side only gave us five hours"
Wu Han desperately prayed: "You just let us contact the mortgage company, right? We sell our house!"

"I know, you police must have their own ideas, but this is not a conflict ah! We as parents prepare first, it's also considered a precautionary measure, right?"

This time, Lin Jianzhou didn't say no again, although it was a meaty look.

"Yes." Qi Ziang did not refuse, after signaling the officers around him to keep an eye on the couple, he said to another colleague, "Take Zhang Baozhu to the interrogation room downstairs."

This scene did not make Wu Han and Lin Jianzhou suspicious, Zhang Baozhu is Cui Yongfu's wife, the police want to start from her, there is nothing wrong.

In this way, Jiang Tianyu out of the door of this temporary detention room, and then was brought to the same floor of a view monitoring room.

The company's main business is to provide a wide range of products and services to its customers.

Carefully step away, Jiang Tianyu slowly walked to his side.

When she could see the figures of Wu Han and Lin Jianzhou on the display, she opened her mouth in some confusion: "Officer Qi, I am the suspect's wife even if I am not the suspect, don't you want to conduct a serious interrogation on me?"

"There are many different kinds of interrogation situations, and no one rules that it has to be done in an interrogation room." Qiziang shrugged his shoulders and responded with mirthlessness.

As for the other people sitting in front of one monitor after another in the monitoring room, they all seemed to be uncomfortable with this.

Obviously, including Lu Li, the people of the Major Crime Unit, have been very used to the captain's capricious attitude towards the people involved in the case in recent months.

The company's main business is to provide a wide range of products and services to its customers.

"Well." Qiziang didn't deny it.

"Watching the three of us get into a conflict, Officer Qi felt happy?"

Hearing this, the man just laughed out lightly, "I haven't interviewed you yet, and after observing their pattern of getting along after the crime up close, there's no thought?"

Hmm?

Jiang Tianyu's heart jumped, a pair of eyes slightly narrowed, suspiciously twisted his head to look at the other side of the face.

The couple came together like two fighting chickens, hating to peck each other's eyes, what ideas can they have?

The slap a little more loudly on the good?

The actual fact is that you can find a lot of people who are not able to get a lot of money from the internet.

Uncertainty pursed her lips, finally Jiang Tianyu still shook her head: "There is no idea."

The company's main goal is to provide a solution to the problem.

In response, Qi Ziang has not opened his mouth to answer, next to Lu Li opened his mouth first: "How is it possible? This is not to call you over?"

"Me?"

Qi Ziang raised his eyebrows affirmatively, "Ms. Zhang, it's going to be light outside soon, are you interested in going home?"

Jiang Tianyu quickly reacted to his meaning, this is to let her cooperate to set a trap for Cui Yongfu.

Zhang Baozhu is Cui Yongfu's wife, a trip back may be able to lure each other out, even if the final result is still nothing, then she may also be able to find something at home the police can not find, useful clues.

"You can rest assured that the surrounding police have done a thorough deployment to ensure your personal safety."

The words have come to this point, Jiang Tianyu agreed after a little thought.

Due to the time constraint, she quickly clutched the large cloth pocket returned by the police, exited the office building, and smoothly got into the cab that Qi Ziang had contacted for her in advance at the roadside.

The car drove along the riverside highway, and the sunrise, which had just shown half its head, reflected a blinding orange glow on the already frozen river.

It was not until the sun broke free from the horizon that the cab slowly arrived near the lanes where Zhang Baozhu's house was located.

Jiang Tianyu got out of the car and walked deeper into the alley while looking down for her keys from her cloth pocket.

Just as she tried to insert the key into the lock hole on the courtyard door, the door of the house next to her made a faint sound, followed by the woman who had talked to Cui Yongfu before coming out.

The other party looked fully dressed and had a small bag on her arm, as if she was about to go out.

"Good morning, Sister Ma." Jiang Tianyu's eyes flashed slightly and she took the initiative to open her mouth to greet her.

"Yo, good morning, good morning!" Ma Yanqiu raised a smile and waved her hand enthusiastically, then looked at her curiously: "You two weren't home last night? Did you go out together? How come I haven't seen your man?"

"Oh, he drank too much", Jiang Tianyu responded vaguely.

Ma Yanqiu suddenly showed a look of understanding, smiling and still want to say something, did not expect the courtyard behind but suddenly came out of a crackling sound.

Her face changed, with a very fast speed rushed back to the front of their own courtyard, forked wa!st full of curse two.

But it was just some words such as "I'm dying, early in the morning," and then forcefully closed the courtyard door, and hurriedly said goodbye to Jiang Tianyu, then twisted his wa!st and left.

Soon after she left, the door of the house next door was also pulled open from the inside and a head peeked out from the courtyard.

Jiang Tianyu felt familiar with the other side, but could not call his name.

The person may also think she looks familiar, can only uncomfortable smile: “Ma sister early in the morning again fuming?”

“She

“Hi yo, I know your husband’s, he did not talk to you?” The neighbor said this, subconsciously lowered his voice: “You seem to be because you do live-in nanny so do not often come back, right? Sister Ma has a daughter who is mentally ill!”

“Usually not much fuss, but if you catch a fit, it’s a bit noisy.”

“Hey, I’ll go back and take a nap.” The other party finished, retracted his head, and heavily closed the door.

After standing in place for another moment, Jiang Tianyu returned to her senses and opened the courtyard door and walked in.

The bungalow was still in the same shape as when she left yesterday, even the quilt on the bed that she hadn’t had time to put away was still in the same shape as at that time.

The space around the cramped, not to mention a child, even a cat can not hide.

Inch by inch, looking around, Jiang Tianyu’s eyebrows have not been loosened since just now.

If she were Cui Yongfu, where would she choose to hide the child?

Every Time I Wake Up, I Become A Suspect – Chapter 109 - Tips

Around and around the house, there is limited space and not many items, there is really nothing

Suddenly, Jiang Tianyu noticed something sitting behind the curtain.

Two steps forward, she bent down and tugged the black bucket on the ground, and dragged the thing out with force.

There is nothing special about it, the bucket is filled with some fishing tools, the long fishing rod looks a bit old, the surface is very worn.

Jiang Tianyu hesitantly touched the fishing rod with her hand, thought carefully for a while, then her face sank and she rushed out quickly.

When she passed by the courtyard, she could still vaguely hear the tinkling sound coming from the next courtyard.

There was no time for her to wonder about Ma Yanqiu's house, Jiang Tianyu went out and remembered to lock it, but out of the corner of her eye she suddenly saw another figure wandering in the alley.

At this time, that not long ago by Ma Yanqiu from the outside of a lock on the courtyard door is four open wide, she had a few guesses about the identity of this person.

It seems that the jingling sound is the other party trying to find a way to take down the lock hanging on the door issued.

The next door was opened and closed by a small window above the bolt.

Because Ma Yanqiu left in a hurry, and did not put the lock on the door, so the other party was able to come out without difficulty, is not much strange.

"Huh? Pretty Aunt ~" originally in the alley as if a ghost floating back and forth the girl heard a voice, stopped and turned around, with a simple smile on her face, talking in a tone more like a five or six year old child.

The girl looks about twenty years old, her body is cleaned up, just words and actions have a heavy sense of incongruity, so that a glance at the past can find her abnormal.

"Aunt, buy candy to eat." The girl said, twisting and turning towards her.

At this moment, the direction of the alleyway entrance suddenly came an angry shout: "Xiao Jie, why did you run out by yourself? Didn't I tell you that you are not allowed to go out by yourself?"

Ma Yanqiu hurriedly and quickly stepped forward, carrying hot doughnuts and tofu brains in her hand.

Although the woman's expression was angry because she was concerned about Jiang Tianyu, her tone of voice was still okay: "Little Jie is good, mommy went out to buy your favorite doughnuts, let's go home and eat, okay?"

"Bye with Auntie."

The girl obediently waved her hand at Jiang Tianyu, and after Ma Yanqiu threw down an awkward to the extreme smile, the mother-daughter duo went back home together.

Jiang Tianyu retracted his eyes, and did not continue to delay, quickly out of the alley to the right, and then forward about a hundred meters, finally saw a silver car parked on top of the road teeth.

This side of the dense trees, there are also many other vehicles around, is a good inconspicuous place.

When she arrived at the car, she did not hesitate to pull open the rear door and quickly got in.

Lu Li and Xu Lida, who were sitting in front of her, both turned their heads and their surprised eyes fell on her.

“What’s the situation? Didn’t we agree on an intercom contact?” As Lu Li spoke, he raised his hand and nodded at the mini intercom he had tucked in his ear.

And Jiang Tianyu’s ears, which were hidden under her long hair, also had an object of the same type.

“I probably know where Cui Yongfu is likely to be, time is of the essence, you drive quickly!” She stretched out her hand and hammered the back of the main driver’s seat with force.

Seeing that she looked serious and her tone of voice was anxious and did not seem fake, Lu Li also started the car with his hands and feet.

When he returned to his senses, the small car has been driven out of a block, according to the low soft female voice coming from the ear, he naturally hit the steering wheel again, turned to another road.

The heart feels a little wrong, but things have been so but also can not say anything more, and finally can only use the eyes to indicate the co-driver Xu Lida to Qi Zion a phone call.

Xu Lida will understand, dialed the phone and briefly explained the situation.

“Yes okay got it

Putting away the phone, he looked slightly sideways at Lu Li who was concentrating on driving, “Qi team said let us go over first, he will take the technical section from the bureau here, as long as the positioning in the car is always on, Sister Ye will be able to determine our location.”

“Good.” Lu Li won a cry, the right foot gradually sank, the silver minivan flexible in the traffic shuttle.

It didn't take long for the car to leave the main road, and after continuing to drive on the small roads in the suburbs for about twenty minutes, it reached a bumpy yellow dirt road in the countryside.

Just a few people in the car is about to be shaken dizzy, in front of finally appeared a small area of the pond, surrounded by dead grass, looks like it should be a place off the beaten track.

Lowering the window, Jiang Tianyu pointed to a small grass shed opposite the pond: "Cui Yongfu every day in addition to drinking with that group of foxes and friends, occasionally out fishing, I am not very clear about his daily whereabouts because of work, this is one of the few places I have followed."

This pond is unmanaged, remote, there is no farmland for miles around, and there are no households.

And because the water quality is not good, looks dirty, smelling and a pungent smell, so usually nothing will come over the wild fishing.

Lu Li and Xu Lida played a wink between each other, before getting off, Lu Li also gave a special instruction: "Stay in the car, no down!"

"....." Jiang Tianyu sat there, and the next second she heard the sound of four car doors falling out of the lock.

She looked at the two people touching the gun on the waist one left and one right towards the small grass shed across the pond to encircle the past, actually also subconsciously followed and held their breath.

Soon, the two of them rushed to the outside of the hayloft, Lu Li gestured at Xu Lida, and the next second they rushed in one after another.

After a few seconds, the curtain of the hayloft was lifted.

Jiang Tianyu exhaled silently, it looked like Cui Yongfu and Xuan Xuan were not here.

Soon, Qi Ziang with the technical section also arrived, looking across the grass shed inside and outside a busy scene, she quietly rolled the car window to the lowest, pricked up her ears to listen to the bitter north wind sent over, the intermittent sound of talking.

"Team Qi, there are indeed traces of someone having lived here in the grass shed, we found a child's sock, a case of mineral water, a few loaves of bread and a defecation bucket used to solve physiological problems." Zhang Ye, the head of the technical section, came out of the shed, walked to the few people standing by the pond and opened his mouth to report.

"In addition to those mentioned above, a chain suspected to be used to restrict people's movements was also found in the corner, we extracted a bit of human skin tissue from the chain, and later on we will be able to go back and compare it with the DNA of the missing child Xuan Xuan."

Qiziang nodded gently: "According to the traces at the scene, it seems that Cui Yongfu did take Xuan Xuan to stay here."

"But where is the person? And right here?" The expression under Lu Li's eyes brought more or less a bit of disgust, it is really hard to imagine how Cui Yongfu is in such a place to call out the words of provocation of the police.

Probably seeing through his mind, Qi Ziang converged his eyebrows: "Sister Ye, didn't you say before that the two calls for ransom were made via VoIP?"

"Yes, IP both show foreign, can not be located."

"Does this environment Cui Yongfu look like such a high-end person?"

Still know to use the network to hide their true location, the other party even if they have this awareness, they simply do not have the relevant conditions.

At this time, a technician who was busy working near the hayloft suddenly shouted, "Qi team! Sister Ye, there are bloodstains here!"

The crowd went over and took a look, and sure enough, a few drops of dark red circles were faintly visible on the yellow dry grass leaves.

The technician took a little bit with a cotton swab and put it into the reagent, after which he affirmed, "It's human blood."

Lu Li took a breath of cold air backwards: "The child was injured?"

This is a very reasonable association, children like to be noisy, Cui Yongfu if angered, the hands are not light and heavy is very normal.

Qiziang has a different view on this, he squatted down and carefully observed some grass traces, then waved his hand and instructed the technician to extract the shoe prints on the soil.

"Sister Ye, after the results of these groups of DNA, promptly notify me."

When Zhang Ye answered, he turned around and walked across the pond, and after a turn his sight coincidentally collided with the head that poked out of the car window.

“Well? Any news of the child?” Jiang Tianyu cared not to be embarrassed, still maintaining this slightly ridiculous posture asked.

“We found evidence in the hayloft that suspected Xuan Xuan had stayed here.”

The implication is that although it was not found, but at least it came to the right place.

“But the situation around the hayloft is a bit suspicious, with more than one set of shoe prints and some dragging traces.” Qiziang frowned, turned around and leaned on the car, looking at the opposite side of that still busy crowd, deep gaze.

Fiercely, Jiang Tianyu’s mind quickly flashed through something.

Her expression instantly became odd: “The mantis catches the cicada, the yellow bird is behind?”

Although Qi Ziang did not look at her, but his face was full of appreciation: “Ms. Zhang, you have the most right to speak about whether Wu Han, the mother, is ‘doing her duty’ or not. How about saying, do you think she is someone who will decisively give up the legal division of divorce property for the sake of her children?”

Her lips moved, and although Jiang Tianyu did not want to admit it, she eventually shook her head inconspicuously, “No.”

In Zhang Baozhu’s memory, Wu Han’s daily routine is beauty, shopping, playing mahjong, not to mention the company of the child, sometimes Xuan Xuan can not see her a day.

Could it be that the child was lost, the mother’s love in the woman instantly awakened?

This explanation is a bit too far-fetched, just because of her identity as Xuanxuan’s biological mother, so how she broke down again, in the eyes of outsiders are reasonable.

“Since when did you notice that something was wrong?” Jiang Tianyu asked softly.

“At their home, when you showed me that picture of the bracelet.” Qiziang wrapped his arms around his chest, his tone light: “At that time, I just felt a little strange, and didn’t think too much about it.”

“What really makes me feel wrong is her reaction after she learned that Lin Jianzhou was looking for someone to bang Xuanxuan.”

“She accepted it too quickly, and when she said she could net out, there was no hint of hesitation and hesitation, just like

“It’s like having rehearsed it a thousand times in your mind beforehand.” Jiang Tianyu took over the conversation, and his expression became more and more quiet: “In that case, her series of operations after receiving the kidnapper’s blackmail call are also quite worthy of speculation.”

Every Time I Wake Up, I Become A Suspect – Chapter 110 - Tips

Qiziang nodded in agreement.

When Wu Han took the two blackmail calls, not once did she try to care about Xuan Xuan’s situation. The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

It can be said that from beginning to end, the woman cared only to mortgage the house out quickly to the kidnapers five million.

The original police are still in doubt, the kidnapers of the five million is how to calculate, now it seems, with Wu Han this ‘mole’ in, everything will make sense.

Five million, just to empty Lin Jianzhou’s fortune, he had to mortgage the house and car, using the savings to successfully come up with the money.

It can be said that this figure accurately pinched Lin Jianzhou’s seven inches, even if a little more than the other side will not be able to afford to completely flip out, but did not leave him any leeway.

“Lin Jianzhou wanted to calculate Wu Han net out of the family, did not expect her wife more ruthless, this is to make him the rhythm of the blood.” The company’s main business is to provide a wide range of products and services to the market.

The company’s main business is to provide a wide range of products and services to its customers.

The company’s main goal is to create a perfect environment for Cui Yongfu to do his job, and then find someone to play a blackmail trick?

“But all this is only the police based on the traces of the scene to make speculation, there is no substantial evidence, right? So how are you going to break Wu Han’s psychological defenses when you get back to the bureau?” The company’s main business is to provide a wide range of products and services to the market.

“The first thing you need to do is to get a good idea of what you’re looking for. Now the DNA results are not yet available, and who can say whose blood it is?” Qiziang said,

with his left hand gently patted the door of the car, after stepping away from the legs will walk away.

This is intended to use Wu Han's heart that little motherly love left to awaken her conscience?

The company's main goal is to provide the best possible service to its customers.

At the end of the day, and feel that this description is not quite right, she is not also a police officer?

After a short time, the pond only left Xu Lida and a team of technical police officers to continue to deal with the scene, the rest of the people have returned to the Municipal Public Security Bureau, which of course also includes Jiang Tianyu.

Just after Qi Ziang and others entered the temporary detention room, Wu Han instantly rushed up, clutching his arms with both hands, his face anxious: "Comrade police, the mortgage company's people are already waiting downstairs, as long as you let us go down to sign the contract, the money can arrive at any time!"

"Still no news from Xuan Xuan? There is no time! Or else or else we should deliver the ransom as the kidnappers demanded, right? As long as Xuan Xuan can come back safely, we'll admit to everything."

Lin Jianzhou nodded breathlessly in the 'cage', "I only have this one fvcking son, if the money is gone, it's gone, we can still earn it later"

Instead of agreeing, it's more like trying to convince yourself.

Qiziang face as usual placated: "Ms. Wu need not be anxious, how about this, you first come with me for a moment."

Wu Han didn't doubt it and couldn't wait to follow his a.ss out.

Lin Jianzhou, who was left in the detention room, was not happy and shouted at the top of his lungs, "Hey! I'm the owner of the house, I can't sign a contract with the mortgage company without me, hey! ~~~Hey!"

The result was that no one paid any attention to him.

On the other hand, Wu Han followed Qi Ziang and others to the elevator, but she didn't expect the elevator door to open just after the first floor, and she seemed to vaguely sense that something was wrong.

She refused to go down in the elevator, and she forced a smile at Qi Ziang who looked over: "Comrade police, aren't we going to see the mortgage company?"

"Ms. Wu, please."

Without a trace of swallowing a mouthful of saliva, Wu Han could only silently get off the elevator and walk all the way to the front of that one interrogation room.

Biting her lower lip, she finally walked in obediently without saying a word.

The company's main business is to provide a wide range of products and services to its customers.

The man then took another colleague from the major case team into the interrogation room.

At this time, was arranged to stay in the observation room with Jiang Tianyu's Lu Li face reluctantly from the water fountain received a glass of water handed to the woman.

The leader of the family recently seems to like to arrange the people involved in the case into the observation room to observe the interrogation, this habit in the end when it was developed?

He scratched his ears, but could not recall how.

The person next to him looked at the quiet side of his face, he just felt a little bit of pain at being left here to do escort work.

I wanted to say something, but before I opened my mouth, I keenly smelled a hint of something unusual, and finally thought about it, he chose to keep his mouth tightly shut.

Many times in the past experience is always reminding him not to mess with women, especially do not easily mess with the women involved in the case.

In his thinking, Jiang Tianyu has been holding a disposable water cup to look at the next interrogation room, the wall speakers also came Qi Ziang's familiar, magnetic voice.

"Ms. Wu, please also calm down a little, we just simply ask a few questions, it won't take long."

"But Xuan Xuan's side" Wu Han uneasily clutched her left hand with her right, and finally slumped her shoulders in compromise: "Go ahead and ask."

"We just found the place that Cui Yongfu used to put Xuan Xuan." Qiziang opened his mouth lightly.

“What?!” Wu Han’s pupils shrank slightly, and her face was even more shocked than surprised.

But she quickly reacted, full of expectation to ask after: “Xuan Xuan was rescued?”

“Unfortunately, when the police arrived, the scene is no longer the child and Cui Yongfu’s figure.” Qiziang’s pair of black eyes stared intently at the woman’s face, naturally not ignoring the other party’s obviously relieved expression.

“So who is that person?”

Wu Han froze, and only after a few seconds did he ask in confusion, “What person?”

Qiziang: “The person who followed your instructions and stepped in to take away Cui Yongfu and Xuan Xuan.”

“I can’t understand what you’re saying at all.” Wu Han turned his head to the side, with an appearance of refusing to respond.

Qiziang saw the situation and did not hurry, took the flat white computer from a colleague, after pulling out two photos, turned the computer around and put it on the interrogation table: “This is the blood found outside the shack where Cui Yongfu temporarily placed Xuan Xuan, it has been determined that it is human blood.”

“And judging from the relevant trace evidence at the scene, it is likely that there was a fierce struggle, in case a small child is injured, the situation is quite dangerous!”

“.....” Wu Han slightly rounded eyes, eyes full of incredulity.

“To divorce or not, the joint property of the couple in the end how to divide, this is all between you and Lin Jianzhou, Xuan Xuan is only four years old, is still just a child, adults and how to toss should not involve him, right?!” Qiziang’s tone gradually harsh, flexing his fingers to knock the desktop with a thud.

“What’s more, he was born from your hard work in October, you can really bear to see him in trouble?”

“The actual time you noticed Lin Jianzhou’s plan? The person who helped you make the blackmail call and took away Cui Yongfu and Xuan Xuan, who in the end is it?”

Wu Han was gasping for air, looking at the imposing man in front of her with a bewildered expression, obviously a little scared silly.

Now her brain had become a pot of mush, just now the other party said so much, she also barely remembered two things: Xuan Xuan may be in danger and how she found out Lin Jianzhou’s plan.

Although she does not treat her son like other mothers, the reason she chose to take advantage of Lin Jianzhou's east wind and pit him against him was because she was sure that Xuan Xuan would not be in any big trouble.

Now knowing that the child was most likely injured, Wu Han instantly panicked and kept rubbing her hands against each other all through the overwhelmed.

"I him blame Lin Jianzhou that b!tch careless, I found the car recorder in the recording, you let me how willing?"

"Hard work for him to take care of the family, gave him a son, the result is that he cheated on me, even if it is not enough, but also want to use my son to make me clean out the family? There is no such thing as a good thing in the world, so I thought, I must let him also taste the taste of being calculated."

"Isn't he a money-obsessed man who wants to hold on to his fortune and live with his mistress? The actual fact is that you can't get a lot of money from the company. I"

The company's main business is to provide a wide range of products and services to its customers.

Good thing, Qi Ziang timely called a halt, only to see him frowning, his voice low but powerful: "So exactly who took Cui Yongfu and Xuan Xuan?"

"Who?" The woman barely peeled away from the anger of being betrayed by her own husband, her lips moved slightly, her voice couldn't be lighter: "No one would take them at all! I also approached Cui Yongfu after Lin Jianzhou, promising to give him three times what Lin Jianzhou could pay before he agreed to help me make that five million dollar call and partner up to pit him for once."

Boom!

It was as if something exploded in Qiziang's head all at once.

Jiang Tianyu in the observation room next to him also suddenly froze, and even failed to control the force of his hand, directly pinching the paper cup to the deformation.

The water inside gushed out, wetly spilling her hands and body.

Qiziang took a deep breath and continued to ask in an urgent tone, "What did Cui Yongfu intend to use to make the blackmail call?"

"I asked someone to get a phone card with no identity information" Wu Han mumbled, even if she was slow to react, she sensed a hint of something wrong: "What? You did not rely on the phone signal to determine his location?"

The phone card clearly said on the technical section side that the first call last night was made through a hard-to-trace VoIP phone.

Does this not mean that before that Cui Yongfu and Xuan Xuan had already disappeared?!

The tightly furrowed brow has not been loosened, Qiziang hands on the desktop, slightly lowered his head carefully thinking.

The mantis catches the cicada, the yellow bird in the back, do not know the slingshot under the tree also.
