

Every Time I Wake Up, I Become A Suspect - Chapter 19 - Tips

A few minutes later, the police officers from the police station in the area arrived at the scene first.

They have a clear division of labor, a few people are responsible for protecting the scene inside the ktv, the rest are responsible for calming the crowd and doing a good job of initial questioning.

It didn't take too long for two more police vans to arrive here, and soon the perimeter was cordoned off.

Jiang Tianyu buckled her hood and stood at the outermost edge of the crowd, watching with her own eyes as the forensic and technical section-like police entered the ktv.

Originally she was going to see on the slip, did not expect at this time a few familiar figures came into view.

The height of Qiziang is really to where is the existence of the cranes, let people want to ignore can not be, followed by the Lu Li is tilted head and Xu Lida said something, from time to time will also raise the hand to point around.

"Hiss" Jiang Tianyu felt more and more uncomfortable.

In the end what is the matter ah, even the Jiangcheng City Public Security Bureau's Major Crime Unit have come?

She had thought it was just an ordinary fight and b.rawl, but now it seems to be much more serious.

And Qi Ziang instructed Lu Li and other people a few sentences, suddenly began to seriously survey the crowd of onlookers, seeing that the sharp line of sight is about to sweep to their own bodies, Jiang Tianyu subconsciously wanted to lift his hand down to pull the hood.

But quickly reacted to this action is a little inappropriate, not to mention that she is now not Zhou Ya, but Guan Miao Miao.

The idea of a turn, she simply pulled down the hat, the line of sight is landed in front of the ktv people, let Qi Ziang's gaze swept over his face.

"What the hell is going on, such a big battle? The first thing you need to do is to get rid of it. A grandpa in front of the crowd curiously opened his mouth.

The next one is carrying a few pockets of vegetables in her hands, and the mother opened her mouth to respond: "I think it's either for people to hit the bad, this is not always this kind of thing? The police have to come a few times a year."

The moncler nodded in agreement: "Drinking more wine is easy to confuse."

"That's not true." Another younger middle-aged man turned around, mysteriously lowered his voice and pointed to the men and women who rushed out from the ktv: "I just heard the police ask them, they said that someone died!"

"A human life?"

The words led to the surrounding people's alarm, but because they did not see the scene of the crime, so everyone looked not much afraid of the look.

The company's main business is to provide a wide range of products and services to its customers.

The company's main business is to provide a wide range of products and services to the public.

Originally thought of as a matter of concern, but recall their own previous inexplicable into Zhou Ya body and then inexplicably detached from the psychic event, Jiang Tianyu suddenly some indecision.

Assuming that the entry of the soul into another person's body is not permanent, what are the conditions for detachment from it?

With a head full of questions, she smoothly returned to the original owner Guan Miaomiao's current temporary residence of a small broken house.

After making a dish and a soup with the few ingredients piled up in the corner and the induction stove on the windowsill, the sky outside was already completely dark and the sound of kicking and screaming footsteps finally came from outside the door.

A dozen seconds later, Lara walked in with slumped shoulders, but after seeing the meal already prepared on the dining table, she instantly regained some of her spirits.

Feigning surprise, Jiang Tianyu handed her a bowl of white rice that was still steaming while asking, "Why did you come back so early today? I was thinking of leaving the rice in the pot for you as a midnight snack."

"Don't mention it!" Lara had already picked up her rice bowl and was about to use her chopsticks to take a big bite of rice and stuff it into her mouth, when she heard her

words, as if she had remembered something disgusting, she put the bowl and chopsticks back on the table.

“The new Lucy brought back by Brother Chicken doesn’t know what wind, after going over there must and Brother Chicken to break up the matter of commission.”

“Think also know, chicken brother angry very. A few of us were in the lounge at the back of the concert hall, and Chicken had her up on the wall with her chin squeezed.”

“And then what?” Jiang Tianyu showed a palpitating expression, because according to Lara, the original owner Guan Miao Miao was also cleaned up by Chicken not long ago, it is reasonable to be afraid of hearing such things.

In any case, it was certainly not Chicken who killed the Lucy by mistake in his anger, after all, outside the crime scene, she also saw the group of people led by Chicken standing there properly.

“Then the wall was broken by the two of them!” Once again recalling the scene, Lara also felt outrageous: “Sister Miao Miao, you also don’t know that the wall in our lounge is actually separated out with wooden boards, right?”

Jiang Tianyu shook her head cooperatively.

“We were so scared that we all ran to the door side and huddled together, and the result was even scarier to come.” Lara said here gulped a mouthful of saliva, expression horrified: “inside that wall, actually fell out a corpse!”

“A corpse, my God, Lucy’s back is still leaning on that thing!”

So that’s what happened.

The police are still talking about how they cooperated with the police after they came.

Jiang Tianyu took the time to interrupt her, pushing the rice bowl forward to indicate the other party to eat first.

Even though she was still feeling uncomfortable, she still ate the bowl of rice cleanly.

But when it was time to go to bed, the girl still looked a bit scared, and with a pleasing smile on her face she couldn’t refuse to go under Jiang Tianyu’s blanket, making her laugh and cry.

The cramped and worn out wooden bed creaked in protest because it was cold and bore twice the weight.

With the soft body of a young girl in her arms, Jiang Tianyu stared at the ceiling.

This time, unlike Zhou Ya, the police came to the door as soon as he opened his eyes, did he say that the prerequisite for leaving each body was to help the original owner through his immediate predicament?

What is the plight of Miao Miao Guan? The first thing you need to do is to get out of Chicken's control?

Just listening to the description of the body found in the KTV by Lara, the victim's death time should be years, Guan Miao Miao only came under Chicken not long ago, this time always involved in what is the relationship.

"Hey"

Once again a light sigh, Jiang Tianyu slowly closed his eyes, it sounds like this chicken is not very good-tempered look, for the time being can only take one step to see.

I don't know if it's because the body was found in the concert hall that day, the next two days, the two of them did not receive the call to work.

Finally on the third day, Jiang Tianyu and Lara both got a message from Chicken early in the morning.

After having lunch, Lara started to clean herself up and put on heavy makeup as usual, and suddenly glanced through the mirror at Jiang Tianyu who was sitting on the edge of the bed, her face still clear.

"Sister Miao Miao, Brother Chicken said we must be at Starlight KTV before three o'clock today, you"

The first thing you need to do is to get to the next level. Although I do not know what you came under him to make a living, but it is so, early death and early life."

Jiang Tianyu still smiled at her.

The two of them went downstairs together and took a taxi to Starlight KTV.

The light inside was unexpectedly dark, and it took two seconds to see the path underneath.

After walking through a narrow corridor, a turn in front of him led to a fairly spacious room, which should be the staff lounge at the back of the concert hall that Lara mentioned.

The room has several leather benches by the door, and there are a few women sitting sporadically on them at the moment, all playing with their phones, not even raising their heads when they notice someone coming in.

The other side of the door is a row of tin cabinets for storage, the cabinet door or open or closed, some of the personal items inside are clearly visible.

Directly opposite the door is placed on several beds, the above messy, the bottom of the bed also put a lot of miscellaneous items, the whole room is filled with sweat, cigarettes and perfume mixed together with the pungent smell.

Lifted his hand and wiped the tip of his nose, Jiang Tianyu's heart was clear, no wonder the corpse was sealed in the wood-paneled walls for so long no one found anomalies.

Even if the smell occasionally escapes, the people are afraid that they will only think that the house originally smells bad and will not pay much attention to it.

"It's all here." Not long after, chicken came in from outside, after counting the number of people is very satisfied nodded: "night skin are tense a little, this month's performance is not ideal, if the end of the month still can not complete the words do not blame me not to give face."

The man put up ruthless words not the slightest bit soft, although the few people present in this business have their own reasons, most of them are also voluntary, but there is a sense of embarrassment that people have to bow under the eaves of the house.

Jiang Tianyu leaned in front of the tin cabinet, took the opportunity to carefully observe the person.

The other party is dressed like a human being, a casual black suit with shiny shoes, but the loose jacket and shirt with several buttons set off the whole person more than a few incestuous atmosphere.

The hair shaved close to the scalp plus the scar on the chin made his aura more blustery.

Soon, after the fierce words of Chicken turned to go, but accidentally noticed the figure in front of the tin cabinet. When he got a good look, he walked up to her with a sullen face: "You're dressed like this for the ghosts?"

"The skin is itchy again, isn't it?"

As he spoke, the man stretched out his hand to pull her t-shirt.

Snap!

The crisp sound caused everyone in the room to look over in shock, and it was Jiang Tianyu who raised her hand and unceremoniously slapped Chicken's hand back hard.

"I don't want to do it." Facing the fierce gaze of the person opposite, Jiang Tianyu lifted her head and calmly uttered these words.

"What kind of fart are you putting!" The chicken brother angry a black face directly rose into purple, raised his hand high, looking at the stance is to call Jiang Tianyu's slap.

However, before the slap fell, the door of the lounge was pushed open, and the visitor's tone was urgent: "Brother Chicken, the police are here again!"

"Damn it! I'll deal with you later!" Chicken cursed, and pointed a warning finger at Jiang Tianyu, then turned his head and walked away quickly.

Looking at the other party's back, Jiang Tianyu gave a rather regretful 'tsk'.

Every Time I Wake Up, I Become A Suspect - Chapter 20 - Tips

She found that the others were looking at her with a caring and retarded look.

The first thing you need to do is to get a good idea of what you're doing.

"A few days ago Lucy because and chicken backtalk out of such a file, the next day was scared of high fever, you forget the taste of being pressed into the water head?"

Jiang Tianyu deflated her mouth as if she had something to hide: "Lara, I really don't want to do it anymore."

The response to her was an unimpressed look and a long sigh.

The reason is because they heard that the police had come outside again, so many people in the lounge did not dare to move the place, Jiang Tianyu took the opportunity to go around the house twice, and finally found a few benches behind the wall there is a renovation repair traces.

As time passed, a few women looked obviously a little impatient, one lit a cigarette and then had a chat.

The topic of conversation is basically the work of the matter, at first okay, slowly some meat and vegetables are not taboo meaning.

Xu Miao Miao Guan has not been here long, Jiang Tianyu's excessive silence did not cause others to be alerted. She once again touched back to the tin locker, according to the feeling of this body finally found a small locker belonging to Miao Miao Guan.

The door of the locker was closed properly, and the key was hanging on it.

Open the door, there are not many things inside, only a pair of high heels, two pieces of clothing and a gray and abrupt makeup bag.

She felt the touch of the soft fabric in her hand, and several memories of the original owner suddenly flashed through her mind, most of which were scenes from the previous work of Guan Miaomiao at this KTV.

The last scene was when Chicken slapped her with all his might and pressed her head directly into the bathroom sink.

Bang!

The sound coming from the doorway made Jiang Tianyu successfully break away from that uncomfortable choking feeling, and she looked up to see several people including Lara coming out of the restroom one after another in the yelling of the visitor.

She took a look at the phone screen, it was already nearly seven o'clock at night.

From the faint ghostly cries coming from outside, we can tell that the nightlife in this city should be officially starting.

When only Jiang Tianyu was left in the lounge, the thin man in his thirties standing at the door couldn't help but take two steps forward and scold: "What are you doing? Brother Chicken told me to inform you that it's time to start work, why don't you go out quickly?"

"I already told him to quit, where else?" She put her hands around her chest, her expression was calm, and her tone was even more cross than the other party.

See her this straightforward look, the skinny man in turn is a little uncertain, touching out the phone would have liked to call Chicken to ask a question, then like remembering what gave up.

"That that chicken brother also did not say let you go, so let's just after that thing two days ago there are two Gu field waiter resigned, you first come out to the box to send some wine and fruit or something." The man waved at her.

For this proposal, Jiang Tianyu did not refuse, followed the other party to the front desk, casually put on a waiter uniform dark red vest, then began to work upstairs and downstairs.

The customers who came today were more than she thought they would be.

I thought that the news of the discovery of the corpse in the concert hall that day spread quite widely and would scare customers from coming to the door, but I did not expect these people to look like they did not care at all.

Even after a certain room door, she also heard a few old men drunkenly nestled in the sofa bragging, what is not a dead person and so on.

After two hours of work, Jiang Tianyu took the time to go to the bathroom.

Standing in front of the sink with cold water wiped a handful of face, she looked up at the person in the mirror, by the way, scattered on both sides of the face hair are gathered up combed a smooth ponytail.

Guan Miaomiao's skin is very white, looks at first glance in the past is not very outstanding, the features are small and clean. Fine eyebrows with some thin lips, I do not know if it is because of the temperament, making the whole person looks a little timid and cowering.

Jiang Tianyu used her hand to prop up the corner of her eyes, then frowned again, after some efforts to finally make the face in the mirror look a little less aggressive.

After drying her hands, she tidied up her red vest and walked out with her head down, not realizing that she had just left the bathroom and nearly bumped into someone around a corner.

"Sorry, customer" raised his head just want to apologize to the other party, the rest of the words but after a clear look at the face of the person, swallowed hard back into the stomach, replaced by the corner of the eye muscles twitching madly.

Quickly lowering her head, Jiang Tianyu tried to go around the other side.

But just as she took a few steps out, the person behind her suddenly opened her mouth, "Guan Miaomiao?"

Stopping in her tracks, Jiang Tianyu breathlessly closed her eyes and took a deep breath, organized her expression and made sure her face was just right with surprise before turning back: "Are you"?

The man very dry light up the law enforcement card, a serious look, a formal tone: "Ms. Guan hello, Jiangcheng City Public Security Bureau, my surname is Lu."

"Officer Lu, may I ask what is the matter?"

"Ms. Guan should know that two days ago the police found a deceased in our concert hall, right? Now the police want to conduct a routine questioning of all relevant employees in the concert hall, and I hope you can cooperate." Lu Li explained.

Liar.

Jiang Tianyu resisted the urge to roll his eyes, like this kind of large-scale questioning, the police should inform the person in charge of the concert hall in advance for coordination, so that everyone is more convenient.

Other than that, just look at today's chicken to inform the girls under the staff to come to work, you know it is certainly not the other side said so.

She just doesn't understand how this Guan Miaomiao is related to the murder again.

Thinking of this, she deliberately opened her mouth: "I did not come to work that day, so I do not know exactly what the situation is, and now is a busy time, if I delayed work should be scolded"

The company's main business is to provide a wide range of products and services to the market.

"It won't take long, Ms. Guan, please." Lu Li is very tough, side by side slightly blocked her way, after extending his hand to indicate her to go into the small private room a few meters away.

The company's main business is to provide a wide range of products and services to the market.

"Team Qi, people are here."

Qi Ziang put down the microphone and slightly raised his chin to indicate Jiang Tianyu to sit on the sofa.

"Guan Miaomiao, right? We came over today and just simply asked a few questions, don't be nervous." Without any personal feelings of comfort, Qi Ziang went straight to the point: "On May 24th, you didn't come to work?"

Jiang Tianyu nodded: "I had a bad cold the day before, so I took that day off to stay home."

"But then I found out that my roommate, Lara, forgot to bring her makeup bag, and I thought of sending it to her, but I didn't expect that a police cordon was pulled outside the concert hall."

She didn't do anything to hide her whereabouts that day.

After all, Qiziang was at the scene at that moment also more than once scanned the surrounding crowd, for this person's ability she still recognized, not guaranteed just at the moment she came in, the other side recognized her.

The question is regret, had I known that Guan Miao Miao would have something to do with this case, she specified that day to wear the hood as tightly as possible.

"So you left? The first foot is still thinking of sending something to the little sister, the second foot because see the store out of the way and left?" Lu Li eyes glare, out questioning.

"I thought also thought" Jiang Tianyu suddenly became a little squirmy, even the words can not speak.

The two people across the street associated with the police's initial grasp of the woman's occupation in front of them, so that her stammering at this point and her actions on the 24th can barely make sense.

Seeing that she was unable to say anything for half a day, Qi Ziang did not bother to continue to dwell on this issue, first raised an eyebrow without a trace, then opened his mouth and asked: "Lu Tong, this name should not be unfamiliar to you, right?"

Jiang Tianyu was at a loss.

The woman in the photo did not look very old, just in her early twenties, and there were dimples on one side of her cheek, and she was very pretty.

The corner of the forehead ache, Jiang Tianyu to cover his face with a hand, really convinced this soul wear to others only specific scenes or items to trigger the memory of the setting.

A slight adjustment of emotions, she gently nodded: "a little impression, should be my colleagues a few years ago."

About four years ago, the original owner, Guan Miaomiao, was also a young woman of just 20 years old, and because of her education, she could not find a job that was too much to her liking, so she worked as a waitress in a restaurant first.

The photo of Lu Tong is her acquaintance at that time.

For some reason, Jiang Tianyu's right eyelid jumped twice, and the feeling of unease in her heart grew stronger.

"The body found inside the wall in the lounge downstairs a few days ago was confirmed to be Lu Tong after DNA comparison, and the forensic doctor determined that the time

of her death was about four years ago.” Qiziang as if to confirm the speculation in her heart, mercilessly spat out these two words.

“

“According to our investigation, we learned that four years ago, Lu Tong was reported missing by her family, and not long after that you also left the hotel.” Qiziang said while pulling over a chair and sitting down, the long legs that were crossed in obedience were extremely oppressive.

“Four years later, not long ago you came back to work at this KTV where Lu Tong’s body was hidden

“Ms. Guan, what do you think about this matter?”

The police are suspecting that Guan Miaomiao had something to do with Lu Tong’s death and questioning whether she came to work at this KTV for another purpose.

For example, find the opportunity to transfer a body or something?

Away from a big spectrum on

Well, when you think about it, it doesn’t seem that outrageous.

The atmosphere in the small private room was somewhat stagnant for a while.

At this time Lu Li took two steps back and accidentally touched the touch screen switch on the wall, and the next second the whole room was floating with the childish song ‘Daddy’s father is grandfather, Daddy’s mother is grandmother’.

The deliberately serious atmosphere collapsed almost instantly.

When the other party handily cut off the children’s song, Jiang Tianyu only then opened her mouth stiffly: “How do I look?”

“Coincidence, right means we both kinda have a connection?”

“

“
