

Every Time I Wake Up, I Become A Suspect - Chapter 21 - Tips

After coming out from the small private room, Jiang Tianyu felt her knees go weak.

I have to say that when Qi Ziang is black-faced, the aura around him is really very blustery.

If she hadn't been empty-minded, she would have had no more impression of that Lu Tong, and would not have thrown out such a breathless answer.

The two old men pulled down their faces together, Jiang Tianyu scratched his head a bit vaguely.

It is estimated that if it were not for the fact that the police are still uncertain about some of the details of what happened four years ago, they would have to take her back to the bureau and throw her in the interrogation room for a serious grind.

The first thing is that the police are not sure about the details of what happened four years ago.

The company's main business is to provide a wide range of products and services to its customers.

It seems that someone is coming straight to her.

The body turned around pretending to be unaware, and was greeted by a large hand, and Chicken unceremoniously yanked the ponytail behind her head, forcing her entire upper body to bend downward into an uncomfortable arc.

The sudden change of events immediately attracted the attention of several cabaret waiters in the second floor lobby, and they let out a small cry of alarm.

But apparently, everyone here is afraid of Chicken, watching the violent scene in front of the eyes, but no one dared to go forward to discourage one or two.

As for the music room not far away, is still a happy and peaceful scene, even if the occasional customer out of a bathroom accidentally bumped into all this, but also just smiled playfully, no one is willing to meddle.

"Stinky biaozi, dare to contact the police in private?" Chicken gripped the cigarette in his mouth, viciously cursed: "I let you eat inside and outside, it seems that the last time the suffering has not been enough?"

As he spoke, he increased the force in his hands, and dragged Jiang Tianyu, who was crying and struggling, directly to the direction of the bathroom.

In fact, everyone knows in their hearts that the man is not angry at all because Jiang Tianyu was questioned by the police, these days there are many employees who were approached by the police to ask questions, but I have not seen him catch them all and beat them up.

The other side felt embarrassed because of her 'disobedience' in the break room earlier.

After all, if you don't clean her up today, tomorrow there will be other girls under the hand dare to follow the same example, so down the business also do not have to do, in the hearts of those people, where men still have what 'majesty' to say?

The other party will be dragged into the men's bathroom, in the door was closed at that moment, she glanced outside to follow the two people guarding the door, the corners of the mouth seemingly hooked up an arc.

One of the people outside the door saw this and subconsciously rubbed his eyes, suspecting that he had been shaken by the purple strip of lights on the wall.

The bathroom was soon filled with one painful hum after another, accompanied by the vague sound of clattering water, which seemed oppressive and dull.

"Isn't Chicken a little too hard on the hands, it's not going to kill anyone, is it?" One of the dyed green hair of the boy worried to open the mouth, indeed dry their hands and feet in this line are not clean, but a human life is another matter.

The other one with short purple hair lit a cigarette and took two puffs before responding with uncertainty: "It should not be so."

After all, seeing that the ktv just had such a mess, and then what a big mess, it must not be the police completely focus on?

Two people looked at each other, the next second very tacit understanding together pushed open the bathroom door.

Then there was a six-eyed encounter with the only person standing inside, and the atmosphere at the scene once became very strange.

Just because the person standing at this moment is somewhat unexpected, but it is the woman who was pulled in by Chicken's hair.

The chicken is now a white face kneeling on the washstand, hair, face and even body clothes are dripping water downward. A closer look at not only a look near the air more out of the air less, how the face seems to be swollen?

“Brother Chicken!”

As a fighter’s self-consciousness is stimulated, green hair and purple hair shouted after, wheeling fists straight to the direction in which Jiang Tianyu was standing.

Seeing this, Jiang Tianyu’s face showed a wry smile, a spin shifted to the back of the two, lifted his foot and kicked the bathroom door hard.

With a loud ‘bang’, the door closed tightly again.

The commotion attracted the attention of other people, several waiters at the end of the corridor poking their heads around, softly discussing: “Damn, Chicken is making too much of a scene today, right?”

“How about we call the police?”

“Don’t get involved, offend the chicken is not just a simple job loss!”

“.....”

The outside is on the police and not the police argue fiercely, but on the contrary, the situation in the bathroom, is a rare harmony.

He was sitting in the corner of the wall, and from time to time with the corner of the eye to sneak a glance at the woman sitting on the marble countertop of the sink.

For some reason, the face that used to look scowling, at this time under the roof spotlight, for no reason more than a few bloodthirsty and horrifying meaning.

As for the green hair and purple hair is now holding his head with both hands squatting directly opposite him, from time to time also forcefully pumping snot, it seems to be crying.

Sitting on the washstand Jiang Tianyu look at this, look at that, and finally heaved a sigh, took out the phone and threw it in front of the chicken.

In the other party’s puzzled eyes, she raised her chin: “Call the police.”

As a good young man with good roots, the mistake must be admitted, standing up to be beaten is always right. If the original owner, Miao Miao Guan, was still around, she would have preferred to be dealt with by the police as a brawl, rather than continue to go back to drink with those bald, big-bellied, horny people.

Besides, just chicken first to her hand is a lot of people have seen with their own eyes, not sure she only counted a self-defense it?

This is not an ordinary petty fight, one is not careful but will be choked to death by water.

“Report report what police? We did not do anything, is not?” Chicken tilted his head and carefully observed the face of the man on high.

The two opposite also busy following nodding their heads.

For them, it doesn't matter if they get a beating, they can't even cry if they get the attention of the police.

These people do not want to bother, Jiang Tianyu naturally will not rush, only to see her from the marble countertop jumped down, bending down ready to pick up the phone on the ground.

I didn't expect just such a simple action to provoke three big men to subconsciously raise their arms to protect their faces, skilled to make people heartbroken.

“.....” Jiang Tianyu looked complicated, and finally simply squatted there, opened his mouth bitterly to the man in front of him: “I told you I'm not doing it, why did you disagree? Look at how things have come to this point now, who will be happy?”

Chicken heard this, lips wriggled twice, and finally did not hold back a small voice retort: “You you owe me money ah!”

“But no need to pay back, Sister Miao Miao said not to do I certainly have no second thoughts.”

“Owe” Jiang Tianyu nearly choked on his own saliva, changed his previous arrogant attitude and asked cautiously, “How much do you owe?”

“With interest more than 100,000 it!” The chicken brother said halfway and raised a pleasing smile: “Of course, our relationship what to talk about interest, Miao Miao sister want to pay back, return the principal forty thousand yuan is good.”

More than a hundred thousand instantly became forty thousand, this heart is really dark.

But even so, Jiang Tianyu is sure that the original owner Guan Miao Miao must not have so much money to pay the bill.

“Is there an IOU?”

The chicken brother nodded aggressively: "Yes, but it's not on me now, I'll find someone to send it to you later."

"No need, let's wait until I pay back the money." Jiang Tianyu was a bit downhearted, 40,000 yuan, with the basic salary level in Jiangcheng City, it would take half a year to save up without eating or drinking.

Not to mention the original owner Guan Miaomiao's own conditions, want to find a high-paying job, it is not really possible for a while.

Thinking about it, she stood up, then kicked the tip of Chicken's shoe: "Okay, get up, and you discuss a matter."

"OK, Miao Miao sister said not to return this money I do not want!" The man is very insightful, although his heart is dripping blood because of the 40,000, but the surface still want to play generous.

Who could have imagined that a few days ago, a woman who was as soft as a rabbit suddenly became so tough, three old men were beaten by her crying wolf.

"You don't want me to return it? What kind of person do you take me for?" Jiang Tianyu glared round.

Chicken shrunk his neck: "Then you said again not to accompany the drink"

"I can't work here as a waiter, huh? In the future, give me a little living expenses every month, the rest of the salary counts I pay you back until it is paid off." She paused here and looked across the table as if asking for advice: "Do you agree?"

"The same agree or disagree ah?" Looking at the green and purple hairs behind the woman shaking their heads at him frantically, Chicken was a bit indecisive.

Jiang Tianyu clapped her hands: "Then it's settled."

Then she stood in front of the mirror, very serious and careful to flatten the red vest on her body, to make sure that the image is correct after waving to the three people and then pulled open the door and walked out.

Outside, she was naturally greeted by a crowd of astonished eyes.

No one could have predicted that the person who was dragged in by Chicken in a fierce manner would be able to walk out of it unharmed and with her face as normal and steady.

Jiang Tianyu swept past the waiters without looking at them, and in the midst of their veiled glances, crossed the second floor lobby and went down the stairs.

As for whether or not Chicken and the other three came out, how they came out, and how they explained to the big guys after they came out, it was completely out of her consideration.

And the receptionist downstairs said hello, she walked outside the ktv looked up at the half moon in the sky and worried.

It seems that this job is the best solution, if the original owner really has a relationship with the death of a former colleague Lu Tong, want to check something, stay here is undoubtedly much more convenient.

Of course, for her the most important thing at hand is only two things.

First, what is the situation of the disappearance of Lu Tong, and the original owner Guan Miaomiao in the end there is no relationship.

Secondly, the 40,000 yuan, where in fact spent!

Every Time I Wake Up, I Become A Suspect - Chapter 22 - Tips

It was night.

After cleaning up, Jiang Tianyu took the drunken LaLa back home with her.

The girl had not slept very well and kept getting up to go to the bathroom to vomit, so she got up and made a bowl of hot noodles and called out to the girl to eat.

The company's main business is to provide a wide range of products and services to the market. I see he is really angry this time."

The hand movements a meal, Jiang Tianyu heard the question some heart weakness, but soon she continued to clean the dishes put aside, and smoothly wipe the water beads on the hands with a rag: "No, I and he said clearly in private, after the Starlight ktv as a waiter to pay back the money."

"A long time is a little longer, take your time."

"Chicken brother actually willing?" The company's main business is to provide a wide range of products and services to its customers.

It's not that she wasn't curious about what kind of agreement Chicken had reached with the woman in front of her, but she had been in the business for a long time and knew the truth that the less you know, the better.

After a few seconds, she pursed her lips and laughed: "Waiter ah? That's good too."

The conversation came to a screeching halt.

Then the two of them chatted about something else, and then Lara climbed into bed and went back to sleep.

Jiang Tianyu fell into bed after her, but after squinting for a while, she was suddenly jolted awake by the cell phone on her pillow, looking at the familiar and unfamiliar string of numbers flashing on the screen.

After answering the phone, she gingerly got up and packed up, and then left the house with her bag on her back.

An hour or so later, Jiang Tianyu stood at the roadside blowing the hot summer breeze of the river, slightly tilting her head to look at the office building of Jiangcheng City Public Security Bureau across the street.

The last time she came here the weather was still slightly cool, and for a while there was a sense that things were different.

She resigned herself to walking in the direction of the gate.

After she reached the floor where the interrogation room was located, she was received by an old acquaintance, Lu Li.

The other party's face was as serious as when they first met, and without saying anything more, they led her to a lounge.

"There are more people coming to cooperate with the investigation today, so please wait here for a while, Ms. Guan." After saying this in a formulaic manner, Lu Li turned around and left.

Through the glass door of the lounge, Jiang Tianyu saw that there were already several people sitting or standing inside at this moment, and vaguely they were still chatting about something.

She thought about it and pushed the door open with her hand.

The movement made by the door naturally led to the house turned their heads to look over, several people in seeing her, the face of different expressions.

Jiang Tianyu, on the other hand, stood there quietly, trying to rummage through Guan Miao Miao's memory to find the personal information of the group of people in front of her.

"Oh my god, it's Miao Miao!" Suddenly, a middle-aged man who was sitting against the window stood up and greeted him, with an intimate attitude: "It's been so many years since we've seen each other, and I just didn't think we'd get together again, it would be at the Public Security Bureau. "

"Good day, Boss Xu." Jiang Tianyu greeted in a cold tone.

That's right, right now in this lounge are four years ago and Lu Tong together in the Chunhua Seafood Hotel work colleagues, and in front of this body type slightly fat, dark skin, small nose and small eyes is the owner of the Chunhua Seafood Hotel, named Xu Chunhua.

The other party is not tall, only barely half a head higher than Guan Miao Miao, a smile up temperament more or less with a little lewd.

"Aiya, still call what boss, call Xu brother." Xu Chunhua speaks to pull her hand, the bottom of the eyes of that little calculating let people look very uncomfortable.

In this regard, Jiang Tianyu a untraceable dodge let the other party's calculations fall short, self-consciously walked to a table to sit down, she also did not intend to greet with several other people.

In Guan Miao Miao's memory, Chunhua Seafood Hotel is not a warm place, the staff is only two dozen even every day also hooked up.

With her introverted personality, she rarely made friends with others at that time, and Lu Tong barely counted as one.

Lu Tong's personality and Guan Miao Miao are just two extremes, the other person is warm, and many colleagues are very close to the relationship.

For her cold face, Xu Chunhua does not care, others care even less.

The hotel's staff turnover rate was still quite fast four years ago, and the people who can stand here today are basically all that the police were able to map in a short time.

Xu Chunhua again turned to continue talking with others, the words still with the arrogance of those in a position of authority, every time after hearing the recent situation of these people, the face will be extremely fast flash a trace of disdain.

Jiang Tianyu looked at the people gathered together, thoughtfully moved his eyes elsewhere and began to survey the lounge.

It was only after seeing the camera in the corner of the ceiling facing them that she feigned indifference and dropped her gaze outside the window.

The early summer sun is just right, shining the leaves outside are bright green green, just looking at it can make people feel infinitely more alive.

The body of Lu Tong was artificially sealed in the wooden panel wall of Starlight ktv, but Starlight ktv only opened three years ago, look at this, the police seem to have initially ruled out the suspicion of ktv side personnel.

I have to say, the murderer's luck is really good, who could have thought that three years ago Starlight ktv in the opening before the renovation, but did not demolish the wooden wall.

So the police shifted the investigation target to the social connections of Lu Tong four years ago?

She bet that at this moment Qi Ziang and Lu Li they must be standing in front of the monitor, silently watching the performance of their group.

With the slow passage of time, even the originally particularly active Xu Chunhua felt a touch of fatigue.

Two hours later, someone finally began to hold back, striding to the lounge door to poke his head out and ask a passing police officer, and claiming that he had only taken half a day off and would have to leave later.

Ten minutes of restlessness followed.

Finally, some police officers came to the lounge and took the people one by one to the interrogation room or questioning room on this floor, and conducted basic questioning on them almost at the same time.

Looking at the two unfamiliar faces in front of her, Jiang Tianyu also felt quite sorry for pursuing her l!ps.

Just don't know if Qi Ziang and Lu Li were angry with her response last night and didn't want to see her, or now there is a bigger object of suspicion than Guan Miao Miao, they can't care about her anymore.

It is easy to adapt to the rhythm of the interrogation of those two people, cold change a fight, she really is not very adaptable.

Of course, the more uncomfortable perhaps the two new faces on the opposite side.

After about forty to fifty minutes, Jiang Tianyu finally seriously finished answering the few questions from the police and came out from the interrogation room.

This process should be described as torture not only for her but also for the other two police officers.

Because she was too serious, she kept trying to find the exact answer in Guan Miao Miao's memory, so she delayed a question-and-answer session that could have been completed in 20 minutes for so long.

Jiang Tianyu swore that she heard two long, long sighs coming from behind her the second she just got out of the door.

When she got on the elevator, she was surprised to find that Xu Chunhua and another man and woman, who should have finished their questioning long ago, were standing in the shade of the compound, and waved their hands enthusiastically when they saw her coming out of the building.

After a moment's hesitation, Jiang Tianyu took a step and walked over.

"Miao Miao ah, I think we have not seen each other for several years, why not invite you to go to your own place to get together." Xu Chunhua hands clasped in front of his body, as he spoke both hands also rubbed each other twice: "Unfortunately, the rest of the people are busy, but even if only a few of us, it is good to chat and catch up."

The man's tone at first sounded fine, but a closer look at his contempt could be felt, as if chastising the others for not knowing better.

"Good wow, then thank you, Boss Xu." Jiang Tianyu answered without politeness.

The other man and woman also looked happy, and while sitting in Xu Chunhua's car, she took the time to observe the two.

Both of them also did not look older than thirty, so they were basically the same age as Guan Miaomiao and Lu Tong four years ago.

The woman's name is Mao Lili, originally worked in the Spring China Seafood Hotel as a greeter.

The man's name is Chen Peng, is a helper chef.

The two seemed to be very familiar with each other, the road has been talking to each other, but talking about the topic turned to Lu Tong's body.

"Chen Peng, what mood were you in when you first received the call from the police?" Mao Lili expression smiling, after asking with the corner of the eye glanced at the man

next to him, then said: "I can remember that at that time you liked Lu Tong, must be very sad, right?"

Chen Peng uncomfortably raised an awkward smile: "Just feel quite sudden, did not expect to know people around so suddenly gone."

"And again like not like that are old calendar, you mention the previous thing what?"

Mao Lili somehow tone a little sour: "Who let the person long beautiful."

But Chen Peng did not continue to take the next straw, making the atmosphere in the car instantly quiet, and even a little awkward.

Jiang Tianyu raised her eyebrows when she saw this. At this moment, Mao Lili was sitting in the back with her, while Chen Peng was sitting in the passenger seat.

She lifted her eyelids, trying to look at the other party's face through the rearview mirror.

The man is a good-looking man, now is frowning at the window, does not look very happy.

She wanted to withdraw her eyes, but she unintentionally glanced at the expression of Xu Chunhua, who was driving, with a smirk at the corner of his mouth, making his face, which was not very upright, even more annoying.

The first thing you need to do is to get a good idea of what you want to do.

Soon, Xu Chunhua parked the car at the roadside.

As soon as you get out of the car, Mao Lili became cheerful and said: "God, brother Xu, can ah, here look and before the difference is too big!"

Jiang Tianyu looked up, even the name of the restaurant has changed, now called 'Chunhua Seafood Restaurant'.

Xu Chunhua received a compliment, smugly led the three into the door of the restaurant, now is not the meal time, so the store in addition to a few in the front desk to play cell phones, chatting waiters, and no customers.

Mao Lili and Chen Peng as soon as they entered the door and wandered around, while wandering around also lamented the change really big.

At this time, Jiang Tianyu was motionless and fixed in the doorway, frowning slightly digesting a messy memory that suddenly appeared in his mind.

When he raised his eyes again, Jiang Tianyu only felt that the scene in front of him began to change, and soon changed from today's elegantly decorated Chunhua Seafood Restaurant into the glorious Chunhua Seafood Hotel four years ago.

And one day four years ago, Miao Miao Guan was requested by the back kitchen cleaning sister to stay after everyone was off work to help cover a shift.

Mostly because she was not familiar with the finishing work of the back kitchen, she was not able to finish at the time she was supposed to leave work, and dragged on for more than an hour.

In her body and mind tired from the back of the lobby ready to go home, suddenly heard a thin whimpering sound from the front desk.

I do not know what happened, thought the store was burglarized Guan Miaomiao hid in the corner of the stairs, through the faint light coming in through the floor-to-ceiling windows, saw the faces of two people overlapping.

It was Lu Tong and Xu Chunhua.

Lu Tong was pressed against the other side of the countertop, hands resisting, expression pain, it does not look like voluntary.

The first thing you need to do is to make a sound and then shout as if you had just walked out of the kitchen: "Who? Who is there? Brother Zhang? You're not off work yet?"

Xu Chunhua should be shocked, let go of the unkempt Lu Tong, panicked towards the back door of the hotel.

Afterwards, Guan Miao Miao raised the police, but was stopped by Lu Tong, saying that after all, the other party did not really have their way.

The young girl living alone is always extraordinarily difficult, and this matter also involves Lu Tong's reputation, Guan Miao Miao can only remain silent.

Later, not two months later, Lu Tong suddenly disappeared, Xu Chunhua's statement is that the other party resigned.

At that time, Guan Miao Miao thought that Lu Tong was unbearable harassment before leaving, but now it seems that this matter is doubtful.

Immediately after, not to a month, Guan Miaomiao also resigned.

The reason is no other, Xu Chunhua that day he was broken by the scandal, at first is nothing to find fault. After some reason, picking a fight gradually escalated into xing hara.ssment, she was not embarrassed to this point today and with the arrogance of young people, angrily left the place.

The memory is not followed up here, Jiang Tianyu back to God, the frown between the eyebrows deeper some.

It seems that the original owner really did not have any more contact with Lu Tong, so that she came to work at the ktv where her corpse was hidden, it was really just because she owed money to Brother Chicken?

All of it is really the same as the reason you said yesterday in order to cope with Qi Ziang and Lu Li?

It's all fate.

“Guan Miao Miao? What are you thinking about? Come over and sit down!” Mao Lili has pulled Chen Peng to sit on a window seat, see her expression dazed also joked: “The store is just redecorated, you are so surprised ah?”

Xu Chunhua shy stomach expression smug, should be to Mao Lili implicit compliments and Jiang Tianyu this ‘surprised’ look are feeling a hundred thousand percent satisfied.

So he waved his hand: “How we are considered old acquaintances, today I am the host, you must not be polite.”

After the words, non- dragging three people to the lobby of the big glass jar before ordering food.

Mao Lili and Chen Peng were not too kind to order two ordinary seafood and river food, and when it was Jiang Tianyu’s turn, she nonchalantly pointed to the largest king crab and a very expensive-looking lobster.

Xu Chunhua’s face turned black at that time.

Jiang Tianyu turned her head and smiled at him, “Oh, I ordered a little too much, didn’t I?”

The expressions of Mao Lili and Chen Peng next to him were written with the four big words ‘you think so’.

"Boss Xu how not to remind me of the well, I thought I could really eat whatever I wanted today." Jiang Tianyu almost smiled into a flower.

Xu Chunhua looked at her, a breath of air in the chest not up and down, finally looked her up and down two eyes, do not know what calculations in mind, but simply waved his hand and called over the waiter, really fished out the king crab and lobster.

After that, the four of them returned to the table, drinking tea and chatting at the same time.

She reached out and grabbed another handful of melon seeds.

Soon, customers began to patronize the store one after another. Xu Chunhua was unable to, and got up to greet the three after saying a few words to them.

While he was chatting with his acquaintances, Jiang Tianyu's table's dishes were brought up one after another, and Mao Lili couldn't stop smiling as she looked at the tender king crab legs.

In the absence of Xu Chunhua, the other two were obviously much more at ease.

The company's main business is to provide a wide range of products and services to its customers.

"You say, she actually offended what people ah?"

"Weird ruthless, the people killed and sealed in the place where the sun is not seen for so many years"

Chen Peng listened to listen to suddenly put down the chopsticks, but did not say anything heavy: "The dead are big, you say less two words!"

But Mao Lili is not happy, the tone of voice immediately tinged with a little sour: "These are the police said, what has it to do with me? You are the only one who cares about people, they put you in their eyes in the first place? The first thing you need to do is to get your hands on her, but in private, who doesn't know that she is having an affair with Xu Chunhua?"

Ho!

Jiang Tianyu was eating a crab leg while staring round-eyed at the exchange of words between the two people opposite.

It could not be helped that Guan Miao Miao's previous personality caused her to be extremely closed-minded about this gossip information, and her memory was basically only left with going to work, leaving work and eating, except for the incident that night.

“You!” Chen Peng fiercely stood up, a face rose red.

At this time Mao Lili also not willing to show weakness followed by up: “What you you, people take you as a spare tire it! Not all from this resignation time on the side of the big money, if I say it may be that the original spouse to see her disagreeable only!”

“You have enough, Mao Lili!” Chen Peng finally could not help but shout angrily.

This voice, naturally, attracted the attention of everyone in the restaurant, Xu Chunhua slightly pacified the acquaintances then quickly walked over.

“What’s wrong with this?”

“Chen Peng ah, not as a brother to educate you, stinky temper change, change!” The man acted as a peacemaker.

Chen Peng smiled a face, not good to brush off the other side of the face, an a.ss sat back.

And Mao Lili because just mentioned Xu Chunhua, feel some weakness, also did not say a word back to pick up the chopsticks, puffed into the mouth a mouthful of vegetables.

After such a small incident, Xu Chunhua simply stayed over here, the atmosphere at the table with him at least eased some.

The man began his long-winded speech, but the words are some grand theories of life, sounding quite serious, but in fact, in the ears of the other three, every sentence is a subtle self-aggrandizement.

Until Jiang Tianyu who buried his head and ate hard noticed a strange feeling coming from his right thigh, and once he lowered his eyes he saw a short thick fat hand tentatively touching over.

“Crap! Ah!”

A sudden, somewhat harsh scream once again drew everyone’s attention to the table.

‘Bang’ sound, the table plate are followed by a shock of the sound directly across the Mao Lili and Chen Peng were stunned silly eyes.

Only to see Xu Chunhua slightly bowed body standing at the table, a face of pain, while his left hand turned over, palm facing up, wrist is now being a white slender hand fiercely pressed on the table.

Judging from the color of the hand engorged with blood, the strength is beyond the imagination of bystanders.

In contrast to Xu Chunhua's dilemma of not being able to struggle, Jiang Tianyu is still sitting peacefully on the chair, with a smile on her brow and soft voice: "After so many years, how come Boss Xu has not grown much?"

"Taking so much advantage, not afraid of rotten hands, huh?"

For a while, the people present who could hear these words all had different expressions.

The customers were fine, Mao Lili and Chen Peng, who knew Xu Chunhua's background, reacted in a very intriguing way.

Mao Lili looks somewhat gloating, while Chen Peng looks complicated emotions difficult to understand, some inscrutable.

The two small movements and micro-expressions are all in the eyes, Jiang Tianyu feel almost a hand to let go of the man's wrist, let the other side of the wrist to run to the side to continue to wail.

Xu Chunhua skin is black, even so under the eyes of the left wrist is also clearly visible purple bruises, pain he is more snot and tears paste a face.

"Little jian man, I want to call the police!" He shuddered and drank, but because of the lack of breath, it seemed little momentum.

"As you wish." Jiang Tianyu shrugged indifferently, picked up the backpack placed next to him and walked to Xu Chunhua's side, frightened the other side took a big step backward.

"As long as you're not afraid that your little sh!t will end up being known to everyone."

After saying that, she walked towards the door, leaving Xu Chunhua, who was still cursing in place but didn't dare to take any real action.

When out of the hotel, Jiang Tianyu side face through the glass window to look at the scene of chaos inside.

The crowd, including Mao Lili and Chen Peng, surrounded Xu Chunhua and seemed to be doing their best to comfort him.

After the line of sight hit the three, she turned and disappeared into the streets of the people.

On the way back to the dilapidated house where the original owner Guan Miao Miao lived, Jiang Tianyu mentally mulled over the people she had contacted today, thinking about what acceptable way to tell the police about what happened back then.

After all, after last night's 'karmic theory', she feels that she now has little credibility in Qi Ziang's eyes.

It's not easy to get back to your soul, you just see two small vegetable stalls on the side of the road in front of you, she went up and picked and bought some greens before continuing to walk back.

Finally wandering downstairs, Jiang Tianyu took a long breath and was about to pull out her keys to go upstairs when a male voice suddenly came from behind her.

"Sister Miao Miao!"?

????

She turned her head back in surprise and was greeted by a clean-looking boy with a tall, thin body.

"You"

But before she could get the words out of her side, the other side suddenly rushed up in a big stride and took him directly into his arms.

"Sister Miao Miao, I miss you so much, how come you haven't contacted me in the past few days?"

Listening to the aggrieved voice coming from above his head, Jiang Tianyu was as stiff as if he had been struck by lightning, and all he could think of was one thing.

Shit.

The 40,000 yuan is not spent on this, right?

"Sister Miao Miao? What's wrong with you?" The young man sensed that something was wrong, pushed her away slightly, and asked in a low voice.

Jiang Tianyu shook her head quickly, smiled gently at the person in front of her, raised the dish in her hand and invited: "Since we are here, let's have a meal before we leave."

The other party naturally agreed readily.

After getting the teenager's response, she turned around and went upstairs first, climbing the stairs while sighing with relief.

The young man's name is Hu Fan, is and the original owner Guan Miao Miao a welfare institution grew up brother, now in the city of a technical college study, the two are very frequent contacts.

The two of them are very frequent. When Miao Miao Guan sees Hu Fan, she may think of her regret of not being able to go to college, so she has been sponsoring him off and on in recent years.

Not what is expected 'adoption' relationship, Jiang Tianyu is also considered to have lifted the burden of the heart.

The only thing is, these years to support Hu Fan's expenses is not at all to let Guan Miaomiao debt of 40,000 yuan, so where exactly did that money go?

The key to open the door, she looked at a wreck of a simple small ramshackle house, want to sigh but held back.

The actual fact is that you can find a lot of people who have been in the business for a long time, but you can't be sure of what you're doing.

The Lara who should have been sleeping in the bed was nowhere to be seen, and the strong smell of alcohol that filled the air made Hu Fan frown in slight discomfort.

Taking a glance at the time, Jiang Tianyu estimated that the girl should have gone out with someone to play.

"Sister Miao Miao, the room you rented this time, the environment is too bad, right?" Hu Fan politely only sat on the chair next to the dining table, but a pair of eyes but the surrounding environment to measure a thorough: "Roommate people okay?"

When asking this question, his eyes have been glued to the hangers next to a variety of sexy dresses, did not move.

"Very good, I am now in the ktv as a waiter, roommate is a colleague." Jiang Tianyu's hand washing dishes did not stop, think Guan Miaomiao does not want to let the brother who grew up together know too much.

"I have to go to work in two hours, so I won't send you back to school today."

Hu Fan nodded, his expression hesitant, and finally hesitantly opened his mouth: "Sister Miao Miao, I can now go out part-time to earn tuition, you do not have to work so hard."

“No hard work, originally I was to support myself.”

“When you graduate, I’ll support you.”

Jiang Tianyu suddenly stuttered in her heart and side-stepped her face to see the teenager’s unconcealed hot gaze.

The company’s main business is to provide a wide range of products and services to its customers.

The young love is the most difficult to get, Jiang Tianyu is not sure what kind of feelings the original owner Guan Miaomiao has for this brother.

Besides, when she was still in her own body, she had lived a full twenty-eight years without ever having fallen in love, and this rah-rah thing, she did not understand ah?

So I can only choose to avoid talking about it, until one day in the future, Miao Miao Guan returned to this shell, want to get married.

I don’t know if it’s because of the impulse to say that word after the regret, Hu Fan in the meal seems unusually quiet, until finally see a bowl of rice to the bottom, he only opened his mouth again: “By the way Miao Miao sister, you owe the money before finished?”

The hand ready to clean up the bowls and chopsticks a beat, Jiang Tianyu barely pressed down the surprise in his heart, vaguely returned: “Soon.”

The matter of Guan Miao Miao’s money owed, Hu Fan also knew about it?

“By the way, are your friend’s parents all right?” The young man asked another question in passing.

Friends, parents?

“Much better.” Jiang Tianyu lowered her eyes to collect the dismay in her eyes.

It sounded like the other party didn’t know particularly well, so to avoid arousing suspicion, she didn’t pursue the matter further and steered the conversation elsewhere.

Afterwards, before the sky grew dark, Jiang Tianyu stood at the roadside and looked at Hu Fan’s gradually distant, thin back, and turned her head in the direction of Starlight KTV.

Late at night, the ktv business is still booming.

After a busy round, she stood near the front desk, and the man behind the front desk had a chat.

This man is the one who let her work as a waiter first yesterday, and everyone calls him Brother Liang.

Although Brother Liang is nominally the boss of the ktv, in fact, what exactly is the bend between him and Chicken, no one can say clearly.

“How come I haven’t seen Chicken’s people today?” Jiang Tianyu dangled her arm on the front counter top and asked in passing.

Brother Ryo raised his eyes to see clearly that it was her, and his face eased a lot more than it had just done in the face of the others.

Although he did not know how this woman was able to handle Brother Chicken, past experience told him that the people who could not be skinned at the end under Brother Chicken should not be underestimated.

“Chicken seems to have taken someone out on an errand.” The man came around from the back of the front desk to the front, and took out a pack of cigarettes from his pocket as he spoke, and actually handed them over after lighting one himself.

Jiang Tianyu did not refuse to take one, but shook his head at the lighter that followed the other hand, very natural cigarette pins in the ear.

“Our ktv has also been open for three years, right? What did this place do before?” She asked seemingly unintentionally.

The first time it was an entertainment||city, then because of something happened, it has been empty, empty for several years until three years ago, the chicken brother fell in love with this place.”

Entertainment||city?

No wonder.

The company’s main business is to provide a wide range of products and services to the market.

So that means, when Lu Tong’s body was sealed into the wall, this side was empty.

It’s a bit tricky.

No video, no witnesses, vacant place can be said to be anyone can access, Jiangcheng City is so big, for the police is like looking for a needle in a haystack.

Xu from the look on her face at this time to see some clues, Liang put out the cigarette after the tone of complaints: "Who could have expected to hide such a thing in the wall, I can now close my eyes at night and still remember the scene of the day, the heart strange creepy."

"But then again, how did you convince Brother Chicken to let you out as a waiter? The money you owe is paid off?" The man turned curious to gossip.

To know the previous even if a woman paid off the debt, is not able to easily get out, most of them may have adapted to this kind of days feel that they can no longer go back to the old days, the remaining small part of Chicken will try to make it continue to do a few years.

"Friendly consultation, convince people with reason." Jiang Tianyu slightly narrowed her eyes, leathery smile.

For her words, Brother Liang obviously did not believe half of them.

The other people in the ktv don't know, he can't not know how the Chicken three came out of the bathroom on the second floor last night, but this matter is sealed in his mouth, it is impossible to let others know.

"I'm going to get busy." Top the other party's slightly derisive eyes, Jiang Tianyu raised his chin as a farewell, turned around and went upstairs.

Until the back of the woman could not be seen, Liang stood in place and lit another cigarette, smoke, thin face look inexplicable.

.....

The first thing you need to do is to get back to your house.

The actual people are not very clear where they have gone.

The actual place where the person has gone is not clear to her. Sitting on the bed, she took out bread to comfort her hungry stomach, and then began to recall the words of Hu Fan during the day.

She suddenly thought of something, she took out Miao Miao's phone, trying to find traces of it.

But until her eyes were a little sore, she couldn't find anything out of place.

The company's main business is to provide a wide range of products and services to the market.

A note book?

Her eyes instantly lit up, the memory of Miao Miao Guan seems to have put some important matters in a dark blue-covered notepad, so where are the things?

The backpack that she carries with her everyday has been turned upside down, and she has not seen the notepad.

Then, as if remembering something, Jiang Tianyu stood up from the bed and moved the pile of clothes at the end of the bed.

After that, her hands felt around on the wooden bed, and finally felt an anomaly under the mattress on the side next to the wall.

She lifted it up and saw that it was really the dark blue notebook.

The first thing you need to do is to take it into your hands and slowly flip through the pages, Jiang Tianyu's brows knitted slightly, and no memories flashed in her mind as expected.

She sank her heart and began to read every word of the notepad with extra concentration.

In it, a lot of Miao Miao's life trajectory and memo matters were recorded piecemeal, but they were all completely unrelated to each other.

This book was mostly used, and it didn't take long for Jiang Tianyu to flip to a blank page.

She was bored and continued to flip back, and to her surprise, there was an unexpected discovery.

It is neatly written on the penultimate pages of several rows of words, looking at the format should be the address of a certain place, compared to other pages of messy notes, from this simple dozens of words can completely feel the intention of the person writing.

After taking a picture of the page with the phone, Jiang Tianyu returned the notebook to its place and simply cleaned up before going to sleep.

The next morning, Lara still hadn't returned, so she simply sent a message of concern to the other party and left the house with her backpack.

According to the address she found in the notepad yesterday, Jiang Tianyu quickly came to an old neighborhood located in another district.

After wandering around for a while, finally confirming the building number and unit door, she fought to bury her head and climb up to the top floor.

703

According to the door number marked with red paint above the door frame, Jiang Tianyu walked up to the door of 703 and was about to raise her hand to knock when she unexpectedly found that the security door was open.

Holding her breath and listening intently, she could even hear the not-so-clear human voice floating out from the doorway.

“About working”

“These”

“You still remember”

The more she listened, the more Jiang Tianyu felt that this male voice inside sounded familiar.

Slightly moved the body, she tilted her head along the small gap to look in, immediately collapsed a face.

This can also fu**cking meet?

“Who?” Suddenly, a stern cry came from inside the house.

The next second the security door was pushed open, if not Jiang Tianyu dodged in time, afraid to be bumped into the tip of the nose.

The door handle is still held in the hand of Lu Li after seeing the face of the person outside the door, apparently also extremely surprised, the tone of voice more or less with a little questioning and suspicion: “Guan Miao Miao? How come you are here?”

Jiang Tianyu actually wanted to ask where this place is, but after thinking about it, she held it back.

The question is that she still thinks that Guan Miaomiao is not suspicious enough?

The two of them were staring at each other when the old lady who was sitting in the living room suddenly stood up and greeted her with small steps, and called out in a cordial manner, "Miao Miao is here"

"....." let the old lady pull her in, Jiang Tianyu carefully surveyed the other party's looks, the heart gradually emerged a bold speculation.

The first thing you need to do is to sit down on the sofa, she inadvertently glanced through the half-open door of the bedroom and saw the old man lying on the bed inside, and a trace of understanding quickly flashed across her eyes.

After thanking the old lady for the cup of water filled with warm water, and trying to ignore the gazes of Qi Ziang and Lu Li that fell on her, she cleared her throat and opened her mouth: "Auntie, how is uncle's health?"

Combined with what Hu Fan said before that Guan Miaomiao was lending money to her friend's parents, she thought it should be the old couple in front of her.

And the police will appear here, this side is actually whose home, the answer seems to be obvious.

"You know, it's the same old story. The old lady had a sad face, then glanced at the two old men still standing there, but also strange enthusiastic introduction up: "Good boy, these two are police, two days ago they suddenly came to the door, said that is Tong Tong her"

The two of them suddenly came to the door two days ago and said that it was Tong Tong who..." She choked on her words and began to wipe her tears.

"The first thing you need to do is to get a good idea of what you're doing. The old lady rambled on, but did not notice how much the atmosphere in the living room had changed instantly because of her words.

Jiang Tianyu's scalp tingled as she listened, and she felt that the two lines of sight that had been staring at her were like sharp swords that were piercing her flesh and skin.

The old lady may be a little older, and her voice is unclear, but Qiziang and Lu Li are deaf and clear and have a good understanding.

The original owner, Guan Miaomiao, knew the address of their home and suddenly sent 40,000 yuan a year ago.

The reason for this is to deceive the old man and the old woman, how can a dead person ask for help?

"The two police comrades came to the door today and asked me about some of Tong Tong's previous affairs. You are aware of my physical condition, so many years to take care of that old man care of people are stupid, the brain is not clear really can not remember anything."

Lu Tong's mother held Jiang Tianyu's hand supplicatingly, as if she had grabbed some life-saving straw: "Besides, Tong Tong has always been independent, since she went out to work, she doesn't tell me anything, you are her good friend, you know what to tell them!"

Jiang Tianyu smiled almost did not let himself choke on his saliva, the corners of his mouth twitched wildly twice before responding, "..... good"

Until this moment, Qiziang surface still maintain that calm and wave-free expression, lightly said: "Ms. Guan willing to cooperate that is naturally the best, but our problems may be a little too much, in order not to disturb the rest of the elderly, you might as well cooperate with us to go back to the bureau?"

What should come is always coming.

It is a blessing not a curse, it is a curse that cannot be avoided.

Resigned to her fate, Jiang Tianyu stood up, and after comforting Lu Tong's mother with two words, she obediently followed Qi Ziang and Lu Li downstairs.

When the building of Jiangcheng City Public Security Bureau came into view again, she heaved a sigh of relief.

The familiar interrogation room, the familiar interrogation table, the familiar interrogation chair.

Feeling the cold touch coming from under her b.uttocks, Jiang Tianyu even rose up with a sense of absurdity that she had never left this place.

This time, Qi Ziang did not choose to use time to wear down her mental defenses.

On the contrary, the facts suspected to have been concealed for years were spoken in public by Lu Tong's mother just a short time ago, and in the police's view, Guan Miaomiao at this moment should be at her most psychologically vulnerable, and it would be relatively easier to get the results they wanted.

"Tell me about it!" Lu Li stretched out his hand and knocked on the table, full of energy: "Last time when we found you for routine questioning, you didn't mention knowing Lu Tong's parents."

"You guys didn't ask either, right?" Jiang Tianyu stretched her hands.

Disliked, Lu Li instantly raised his eyebrows, "Good, then please also ask Ms. Guan to explain why you kept visiting Lu Tong's parents after her death, and to pay for Lu Tong's father's surgery out of your own pocket when you learned that he was seriously ill?"

"Four years ago Lu Tong died, during which you occasionally went to her home, and four years later also falsely claimed that in the field Lu Tong entrusted you to get back 40,000 yuan"

"As a result, the place where you work now is still the location where Lu Tong's body is hidden."

"So did you actually work at Star ktv because you owed someone forty thousand dollars, or did you owe the forty thousand dollars because you wanted to work there?"

"Do you know what what you did counts as in the eyes of the police now?"

After listening to the other party's long series of pointed questions, Jiang Tianyu blinked, her lips moving tentatively back: "Counted as a weak heart? To make up for a mistake?"

Xu did not expect her to answer so frankly, Lu Li again choked.

The best thing is that Qi Ziang, who is on the side, spoke up next, only to see his hands around his chest, his tall body sitting there with a bit of condescending meaning: "So it is indeed a weak heart, is it compensation?"

"Of course not." Jiang Tianyu explained somewhat helplessly, "Lu Tong and I are colleagues who have a pretty good relationship, isn't it normal to know her home address?"

"A good relationship?" Qi Ziang smiled, "But when we told you the news of Lu Tong's death, Ms. Guan didn't seem to feel too sad."

"A relationship that can help take care of the other parent for several years as one day should not be your reaction, right?"

"Then what does Officer Qi think I should do? Cry bitter tears in front of all of you?" Jiang Tianyu asked rhetorically, raising her eyebrows.

After a pause, she continued, "Officers, people are all different individuals, with different personalities naturally treating what has happened differently."

"I just have an introverted personality and do not like to show any emotions in front of outsiders, that night when I returned home I cried all night under the covers, and had to let you see before it counts?"

"As for knowing the address of Lu Tong's home, it is because I accompanied her back to her home when she was working in the Chunhua Seafood Restaurant."

"Later she suddenly left the restaurant, did not say hello to any, I felt strange and have not been able to contact him, only to go to her home again. Asked her parents to know that she went to work abroad."

"I think she went to the field, must not be convenient to go home to take care of the elderly, I only occasionally go over to see."

"These years, I have not tried to find Lu Tong, but her parents do not have her contact information, and finally I gave up."

The latest memories of the original owner, Guan Miaomiao, were recounted in Jiang Tianyu's mind, but she suddenly stopped talking, but quickly lowered her eyes to hide the shock in her eyes, and remained motionless on the surface.

The company's main business is to provide a wide range of products and services to its customers.

The next thing you're going to say is that going to work at Starlight KTV is indeed just a coincidence." "Lu Li is going to squeeze a snort out of her nose.

"Lu Tong left four years without a word, her father was suddenly seriously ill and needed life-saving money, the old lady found me and what can I do? I'm not sure what to do. Jiang Tianyu weakly raised his hand and rubbed his brow.

"To save someone else's father thus getting herself into a lawsuit, Ms. Guan is so kind?" For what she said, Lu Li obviously did not believe a word of it.

Jiang Tianyu, like hearing some kind of joke, grinned silently, her eyebrows filled with these Xu's disdain: "I have been sponsoring a younger brother's education since I came out to work, until today, do you think I have been so kind?"

Although the current situation is not clear to her, but the original owner Guan Miao Miao has done alone, she does not think the other side will kill.

Of course, there are no absolutes in the world.

Just now, the police have a police position, she naturally also has.

If at the end of the day, Guan Miaomiao is really the murderer who killed Lu Tong, Jiang Tianyu will certainly not help her to escape the law.

The situation at the moment, the police publish the police view, she publishes her view, everything is very reasonable.

But back to God, Jiang Tianyu subconsciously pursed her lips, just got a rather critical information from Guan Miaomiao's memory, and this information is the root cause of her shock.

The point she is torn between is whether to tell all that she knows or not, because once she informs the police of this matter, Guan Miaomiao's suspicion will be even greater.

If she chooses to hide it, she can't pass the hurdle in her own heart.

Finally, Jiang Tianyu secretly made a decision in his heart, anyway, it seems that the police will not let her off as easily as the previous two times, there is plenty of time to observe the situation before it is too late.

As a matter of fact, the interrogation seems to have come to a dead end here.

In the face of the suspect's 'obstinacy', Qi Ziang gave a wink to Lu Li, the two got up one after another, it seems that they are ready to go.

And for Jiang Tianyu's next stay, they did not reveal half a point.

When Qi Ziang was about to walk out of the door, a female voice suddenly came from behind him: "Officer Qi."

He turned around and raised his chin slightly at the woman at the interrogation table, signaling that he was listening.

"Here's a suggestion for you, instead of expending most of your energy on my side, why don't you check out Xu Chunhua and Chen Peng, there might be some surprises." Jiang Tianyu withdrew her eyes after she finished speaking, but listening carefully she could still hear her muttering something in a low voice.

"Forty-eight hours, and I don't know if I can let go out for a walk in the middle."

The company has been very calm Qiziang after hearing her words clearly, also rare sunken face, turned to leave by the way heavy bring the interrogation room door.

Every Time I Wake Up, I Become A Suspect – Chapter 26 - Tips

At this moment, Lu Li, who was standing in the corridor, also heard Jiang Tianyu's last words and couldn't help but spit: "Who does she think she is?"

"You don't want to account for your own bad debts, but you're starting to bite others!"

"Do we need her to teach us how to do things?"

Qiziang stood by the window quietly listening to Lu Li's slightly manic complaints, the fingers of his right hand tapping on the marble windowsill, not knowing what he was thinking about.

"Also walking around? I do not need to give her a massage again? After venting, Lu Li finally noticed the excessive silence of his own leader, and came to his side: "Qi team, I think this Guan Miaomiao is a tough one, this time say what can not easily let her leave from the bureau!"

"Well." The company's main business is to provide a wide range of products and services to the market.

The expression on Lu Li's face became beautiful, but soon felt something wrong, suspicious side of the face: "Qi team, are you planning something?"

"When it comes to the deceased Lu Tong's social relations before she was born, most of them were in the Chunhua Seafood Hotel back then, and the two people just mentioned by Miao Miao Guan happen to be also involved with that hotel." Qiziang stated his plan.

"No matter what actually happened to Lu Tong before she was born, and what kind of grudges exist between Guan Miao Miao and the others, it's not a bad opportunity right now."

These plausible words in Lu Li's head a few turns, suddenly his eyes lit up: "You mean, want to use Guan Miao Miao to pry open the mouth of those two people?"

"You can also use those two people to in turn break down Guan Miaomiao's psychological defenses." Qiziang said in a deep voice.

"Before we just call people over to simply ask a question, this time" the rest of the words, he did not say, just turn around and order the people around: "Lu Li, tomorrow morning to call people over again. "

The words fell, he took a big step in the direction of the elevator went.

Staying in place, Lu Li is through the door on the small glass window is quite relieved to look at the woman is buried on the interrogation table motionless after a glance, condensed voice should be a 'yes', then also lost track of.

A night of peace and quiet.

The next morning, Lu Li had breakfast and could not wait to rush to the floor where the interrogation room was located.

However, when he arrived at the interrogation room where Jiang Tianyu was located, he was surprised to find that the door was wide open and there was no one inside.

Just as he was about to look for someone to ask, Jiang Tianyu wobbled and appeared from the corner of the corridor ahead, walking extremely slowly, swaying like a duck taking a leisurely stroll from afar.

“Yo! Officer Lu, good morning~”

The first time I saw the person standing in the doorway, Jiang Tianyu raised her hand in greeting with great enthusiasm.

“What’s going on?” Lu Li asked with a frown, but when he spoke his eyes did not fall on her body, but looked at the female police officer behind her.

Before the policewoman opened her mouth, Jiang Tianyu took over again: “People have three urgent ah, Officer Lu, have you eaten this morning?”

“.....” looking at the very refined and beautiful face in front of him, Lu Li only felt that the bun he had just eaten was stuck in his chest, and even his breathing was a little more difficult.

How does it seem to be not quite the same as expected?

The interrogation room tables and chairs are cool and hard, but after a long night, the other side not only did not depressed spirit but also so broken mouth, reasonable?

Is it because the nature of its original work is to often stay up late?

He began to seriously analyze the various possibilities.

But Jiang Tianyu did not give him any chance to think, turned and continued: “Gee, I have to say that the food of your Public Security Bureau is still very good, that bun in the morning, it really is !p-smacking”

“By the way, there is also the view outside your bureau, that is also quite good-looking.”

“I just went to the bathroom and saw through the window a quite spacious green grass in the backyard with a lot of fruit trees planted on it.”

“Can they produce peaches or pears in autumn?”

Lu Li: ????

This one is on vacation?

“Keep an eye on her.” He had a black face, rushed to the female police officer whispered a word of advice, as a gust of wind quickly walked away.

“Eh can I ask” Jiang Tianyu that slightly raised hand just hanging in mid-air, and swept past her side of Lu Li obviously does not want to take care of, back dashing, head are The back is dashing, the head is not back.

The company’s main business is to provide a wide range of products and services to its customers.

An hour or so later.

The company’s main business is to provide a wide range of products and services to its customers.

“Guan Miao Miao is still sitting in the interrogation room, in condition,” he said, his expression and tone became somewhat fantastic: “The condition looks very good.”

Qiziang did not seem surprised, nodding slightly to indicate him to go on.

“Xu Chunhua and Chen Peng also just now both came, I did not separate the two of them in time, so they must have already met downstairs. At this moment the two are in rooms 3 and 4, team Qi, shall we start now?” Lu Li inquired.

“..... go to the observation room first.” Qi Zion was silent for a while before saying in a deep voice.

This is the closest observation room to the elevator entrance, because the curtains are half drawn, so the light inside the room is not really bright.

On the two tables directly opposite the door, there were several monitors, and the images playing on these screens were the instant surveillance videos of the various interrogation rooms, questioning rooms and lounges on this floor.

Sure enough, the two saw Xu Chunhua and Chen Peng on the monitors marked with 3 and 4 in the upper right corner.

The day before in the end was with a good number of colleagues from that year, these two people at that moment are nothing special reaction, from their first interrogation transcript, there is nothing worth noting.

But right now, from Xu Chunhua and Chen Peng's body movements and looks, but really can vaguely see some clues.

After all, it is the second time to receive a call from the police, but only the two of them, and Lu Li arranged for the two of them to meet downstairs in advance also have the meaning of probing in it.

The people, once they feel weak or uneasy, the whole body will reveal the cracks.

"Hiss" Lu Li took a breath of disbelief, his eyes went back and forth between the two monitors: "Does it mean that really let Guan Miaomiao to the right? These two people can't really have anything to do with Lu Tong's death, right?"

Qi Ziang raised his eyebrows, his eyes never left Xu Chunhua and Chen Peng.

The two people in the surveillance seemed to form a clear contrast.

Xu Chunhua looks a little restless, hands clasped together and rubbed, although sitting on a chair, but is continuously looking up at the door, fat face is obvious worry.

As for Chen Peng, it seems to be much more stable, but if you look closely you will find that he is sitting upright muscles are in a tense state, also very intriguing.

The next second, he looked at another monitor.

Jiang Tianyu was skating back and forth in the interrogation room, and from time to time he would make some stretches and move his muscles, looking like he was in his own home, very calm and relaxed.

"How do you know that Guan Miaomiao is masked? Putting aside the matter of Lu Tong's death, what must have happened in the Chun Hua Seafood Hotel that year to make her so sure." Qi Ziang finished turning around and pulled open the door of the observation room.

"Now let's go to the arraignment of Xu Chunhua."

Lu Li followed closely, asking in passing, "What about Chen Peng? Do I need to ask Xu and the others to come down?"

"Not yet." Qiziang shook his head to refuse, along with a slight explanation: "Do not look at the surface of these two people, Xu Chunhua has been in a relatively high position, but in fact, it may not be. Sometimes the more you have the more you are afraid of things, it's called human nature."

"First from Xu Chunhua side to obtain a breakthrough, so that the next Chen Peng side will be much easier."

Lu Li naturally would not disagree.

They have entered the interrogation room where Xu Chunhua is located, against the other side looked over the slightly frightened line of sight, heavily closed the door of the interrogation room.

This trial, is a morning.

Then, Qi Ziang and Lu Li looked serious head into another interrogation room, which is sitting in the Chen Peng has been hanging out for a small half day.

The time passed by minute by minute.

When it was completely dark outside, the door of the interrogation room where Jiang Tianyu was located was finally pushed open again from the outside.

The company's main business is to provide a wide range of products and services to its customers.

After gulping down the food in her mouth, she greeted warmly: "Good evening, officers! Have you eaten?"

Lu Li looked at her this kind of virtue, ears listening to that déjà vu 'eaten', only to feel tired a day some sore forehead actually began to throb.

The company's main business is to provide a wide range of products and services to its customers.

The company's main business is to provide a wide range of products and services to its customers.

Jiang Tianyu blinked at the words, the bottom of her eyes were not half surprised, her lips moved, but the words that came out were completely unrelated to the man's question.

"Lu Tong's father is also my biological father."

This is the reason why she was shocked yesterday after reading the original owner Guan Miaomiao's latest memories and thus.

"Who is your biological father has anything to do with what Qi team asked you" Lu Li subconsciously spoke out to refute, but after reacting to the amount of information contained in this sentence, stunned and stared round.

"Why didn't you say so yesterday?"

Jiang Tianyu embarrassedly raised her hand and scratched the back of her head: "If I said it, wouldn't I be more suspicious?"

An illegitimate daughter, a legitimate daughter, it can be said that the deadly feud brought out from inside the mother's womb.

"You have already interrogated Xu Chunhua and Chen Peng? Then my suspicion should be that much weaker now, right?" After asking, she raised a textbook, only eight shell teeth smile.

Qiziang: "....."

Lu Li: "....."

What is this called? Distracting the police?

"So how did you know that before Lu Tong was born, Xu Chunhua and Chen Peng both had the crime of forced jian on her?" Qi Ziang asked again, completely unperturbed by the sudden news that disrupted the rhythm of the interrogation.

Jiang Tianyu shook his head: "I do not know ah, guess."

Whirl like some surprised slightly widened his eyes: "They two are really so beastly?"

"You don't?!" Lu Li wanted to slap the table, but the hand raised and felt that this action is not quite right, it was stopped in mid-air, and finally only slightly embarrassed to touch their own head.

"Before I was a waiter at the Chunhua Seafood Hotel, I happened to see Xu Chunhua was hara.ssing Lu Tong, but that Lu Tong did not suffer any substantial injury, so at her request I did not call the police." Jiang Tianyu finished, a silent sigh.

"As for Chen Peng, or the day you all called us to the Public Security Bureau, I always felt that something was not quite right between him and Xu Chunhua, did not expect ah they should not be in cahoots, right?" She seems to be lamenting.

She, Mao Lili, Chen Peng together with an invitation to Chunhua seafood restaurant for dinner, to go on the road, Jiang Tianyu felt in reference to Lu Tong, Xu Chunhua's reaction strange and strange.

Later, Xu Chunhua was taught a lesson by her because of her salty hands, and in the confusion of hearing the words she threatened Xu Chunhua, Chen Peng's face became quite complicated.

A little bit of shock, a little bit of incomprehension, and a little bit of regret and fear.

At that moment she was still a little confused, why she threatened Xu Chunhua's words, Chen Peng heard would be that reaction, now it seems that everything can make sense.

The other side is feeling weak because of the viciousness committed together with Xu Chunhua back then.

Qi Ziang during this period, a pair of black eyes have been staring at her did not relax, after lightly opened his mouth, is considered to acquiesce to her speculation: "Currently Xu Chunhua and Chen Peng two people only admitted to the crime of forcing Lu Tong to have se.x with them together back then."

"According to Xu Chunhua's confession, the technical section found a video taken four years ago in his hotel office."

The faces of the three people in the video are very clear, the facts of the crime are irrefutable, so Chen Peng had no choice but to put down.

"Tsk." Jiang Tianyu some speechless, after all, normal people can never understand the brain circuit of these perverts.

"Well, Miss Guan, I have satisfied your curiosity, now why don't we talk about your business." Qiziang slightly raised his chin.

What should come will always come, things have progressed to this point, Jiang Tianyu has no intention to hide anymore.

It is because she was slightly silent for two seconds and slowly opened her mouth after organizing her language: "I arrived at the orphanage at the age of six. As far as I remember, my mother's mental condition has not been particularly stable, and finally disappeared one day when I got up."

"Some say she left me, a little dragger, and ran away, and some say she died, but whether she ran or died didn't have much effect on me."

Jiang Tianyu calmly recounted, outsiders may feel that Guan Miaomiao very tragic to hear. But for the original owner herself, years of unfortunate life, has long made these old crap seem less important.

Later she met Lu Tong, because that night to save each other once, so the relationship between the two became very close and logical contact with the Lu family's old couple.

After listening to Lu Tong's father occasionally talk about some things from his youth, Guan Miao Miao suddenly noticed that many things she seemed to have heard when she was very young.

In her rare moments of lucidity, Guan's mother spent a large part of her time chanting bits and pieces of her biological father.

The next thing seems to be expected, Lu Tong suddenly no trace, Guan Miaomiao in order to contact Lu Tong plus determine the relationship between her father and herself, then frequent trips to the Lu family.

And after determining that the old man is indeed her biological father, with the character of Guan Miaomiao is even more impossible to ignore, so there is the previous 40,000 yuan incident.

The words fell, Jiang Tianyu lifted her eyelids to look at the two big men across the room.

She did not expect to be able to use the sad story to arouse the sympathy of the two, but after seeing the intolerant face of Lu Li, the corners of the eyes still twitched uncontrollably twice.

"You really don't have any impression of why Lu Tong suddenly left the Chun Hua Seafood Hotel back then?" Qiziang finally asked this again.

"I don't know." Jiang Tianyu shook her head truthfully: "About this, aren't those two next door more vocal? Who knows if Lu Tong was bullied by them and couldn't take it anymore, or if they simply killed him."

In this regard, Qi Ziang did not express any opinion, he just stood up while cleaning up the things on the table, while saying, "Miss Guan, thank you for your cooperation."

Lu Li also followed up, only to give the impression that has been the desire to speak, and finally he silently went outside to get a glass of warm water on the interrogation table, which shook his head and sighed and left.

Jiang Tianyu took a sip of water with just the right temperature, as if the newcomers who have not long joined the police are always extraordinarily rich in emotions.

The company's main business is to provide a wide range of products and services to its customers.

Time passed quietly in her thoughts, and finally at ten o'clock in the evening, someone came to inform her that she could leave.

When she walked out of the Jiangcheng City Public Security Bureau office building, Jiang Tianyu took out her cell phone from her backpack and looked at a long list of missed calls with some dismay.

Then she clicked on WeChat, and as expected, she received more than twenty messages of concern and urging from Lara.

The first thing I did was to remember that I was now a working person and that I had forgotten to say hello to Starlight KTV after suddenly coming to the Public Security Bureau yesterday.

The company's main business is to provide a wide range of products and services to the public.

When the cab drove away that instant, she twisted her head as if she was aware of it, and looked through the car window towards the office building.

In front of a window on the floor where the interrogation room was located, there seemed to be a vague black shadow standing there.

The next second, with a roar of the cab engine, the blue and yellow car quickly disappeared into the traffic.

When Jiang Tianyu arrived at the Starlight ktv, it was already forty to fifty minutes later, when Lara was standing outside with two escorts smoking and sobering up, she hurriedly greeted her when she saw her get off.

"The first thing you need to do is to get out of the car. She looked her up and down and breathed a sigh of relief: "If you don't come back, I want to call the police!"

"Went out to do some business." Jiang Tianyu responded vaguely.

The company's main business is to provide a wide range of products and services to the public.

Jiang Tianyu nodded and said thanks, walked up the steps and pushed open the glass door to enter.

The two people behind the front desk and the few waiters hanging around on the first floor all subconsciously looked over when they heard the commotion, and when they saw that the person coming was her, the waiters all showed their expressions of watching the show.

"Brother Chicken." Jiang Tianyu stepped forward and called out politely.

Chicken stared at several 'expectant' gaze, pressure is quite hard to pull over a red vest casually thrown on the front table, riveted the strength to drink: "still do not quickly go to work?"

But I don't know if it's because his heart is weak or what, the onlookers didn't sound as shocking as expected.

The company's main business is to provide a wide range of products and services to its customers.

The company's main goal was to make a decision on whether or not to go in the direction of the lounge.

"Wait!" The chicken may also feel that he did not play well, or in front of many waiters can not afford to lose this person, so again opened his mouth.

Jiang Tianyu stopped in his tracks, stood still and slowly turned his head, smiling slightly: "Oh?"

For some reason, at this moment Chicken fiercely recalled the miserable experience of that night, so the words that came to his lips became, "Next time something happens remember to ask for a leave first."

"

"

In a crowd of waiters and Liang that uncomprehending gaze, chicken finally got Jiang Tianyu affirmative answer, the expression sarcastic as a goon.

Regardless of how the others really feel, Jiang Tianyu has returned to the lounge and changed into her work clothes.

After closing the tin door of the locker, her eyes once again fell on the wooden panel wall where Lu Tong's body was originally hidden, looking at the obvious renovation marks on it, she fell into deep thought.

The murderer will really be Xu Chunhua and Chen Peng?

She does not think it may be, just look at Xu Chunhua was scared twice today by the police and confessed to the performance, not at all like having the guts to kill.

As for Chen Peng

Buzz – buzz –

Jiang Tianyu came back to her senses and took out her cell phone from the pocket of her red vest, raised her eyebrows in surprise when she saw the caller ID and pressed the connect button, "Xiaofan?"

"Sister Miao Miao." On the other side came the teenager's youthful and embarrassed voice: "I I am now outside the ktv you work, today's part-time job place asked to work overtime, and as a result, the door of the school dormitory has been left unlocked "

Powerless forehead, Jiang Tianyu can only hang up the phone and go outside, through the glass door really see this moment is standing on the teeth of the road tall thin boy.

The company's main business is to provide a wide range of products and services to the market.

After instructing the other party not to move around in the ktv while she was working, Jiang Tianyu went to the second floor and got busy.

Until nearly four o'clock in the morning, finally the last music room hygiene cleaned up, she only pounded some sore waist and colleagues to say hello downstairs.

As soon as she pushed open the door of the lounge, she saw Lara lying unconscious on a bed, habitually going up to help her up, she greeted: "Little sail, let's go back."

Hu Fan wrinkled his eyebrows at the wobbly girl, not very happy to open his mouth to complain: "Miao Miao sister, this is not without a bed, let her sleep here overnight can not?"

"In the past, but now " Jiang Tianyu explained in passing, "A few days ago a corpse was found in this house, LaLa is timid, tomorrow she may be able to get up and cry."

"A corpse?"

"Yes." She gave a perfunctory response and walked in front with Lara, not noticing the somewhat strange look of the teenager behind her at the moment.

After returning to the rental house, Jiang Tianyu carefully put LaLa in place, and then took Hu Fan to a nearby hotel and opened a room.

The good thing is that although the hotel looks small, the room is still neat and clean. She sent Hu Fan in and gave him a few simple instructions and then was about to leave.

The young man suddenly hugged her waist from behind, and said in a sultry voice: "Sister Miao Miao, stay with me for a while longer? Okay?"

The other party's eyes were no doubt surprised when Jiang Tianyu broke free from his embrace and said, "It's almost dawn, so hurry up and get some sleep, then pack up and go back to school."

The original owner, Guan Miaomiao, was already in debt, and this room was out of a hundred dollars, which is simply adding insult to injury.

The company's main goal is to provide the best possible service to its customers.

Noticing the intimacy and not-so-obvious possessiveness in the other party's words, Jiang Tianyu only felt the corner of her forehead twitch.

The original owner, Guan Miaomiao, was not very clear about what kind of mentality she had when facing Hu Fan, but with what she knew about the original owner over the past few days, a woman would most likely not have had a bad thought about the child she saw growing up.

The first thing you need to do is to give a lesson to this little kid who has gone a bit off the rails.

"Before is you are still young, now you are already this age, so some actions will not be appropriate." The fact is that the company's business is not a business.

"Get some rest." The company's main business is to provide a wide range of products and services to the market.

The only thing left behind was a room of silence, and Hu Fan stood forlornly motionless by the bed, and for a long time he suddenly let out a low laugh.

As for the can be counted back to the rental house to lie down Jiang Tianyu but tossed and turned in bed for a while, seeing the sky has penetrated the light, she still half sleep.

There is no other reason, she can't sleep because she is poor.

Every day when you open your eyes is 40,000 yuan of debt, but also to face the daily expenses, Jiang Tianyu always feel that this is not a way to continue.

Why not take advantage of the time during the day to go out and get a second job?

Having made up her mind, she fell asleep in a daze.

The company's main business is to provide a wide range of products and services to the market.

"Miao Miao Guan?" The voice that came from the receiver was a somewhat familiar female voice.

Her brain, which was working slowly because of sleep, reacted for several seconds before she asked suspiciously and tentatively, "Mao Lili?"

"I forgot to leave your contact information last time I had dinner, so I thought I'd try my luck by dialing the number you used four years ago, but I didn't think you'd really change it." Mao Lili first said a bunch of things, and then showed the real intention: "I heard that Chen Peng was arrested by the police, do you know?"

Rubbing his eyes, Jiang Tianyu regained some energy: "Who did you hear from?"

"It's like this, I wanted to find him out for dinner yesterday, but I didn't expect his phone to be turned off. So I went to his place early this morning, just in time to meet his family to help him pack up his things, an inquiry to "said this, Mao Lili sighed quietly, and then asked: "Is it true that he killed Lu Tong? "

"That's not necessarily." Jiang Tianyu replied while stretching her back.

The person on the other end of the phone breathed a sigh of relief and asked, rather keenly, "Guan Miaomiao, do you know something?"

She had no intention of hiding it, and admitted it bluntly: "Oh, I also went to the Public Security Bureau yesterday."

The situation at hand is that as long as there is contact with Lu Tong four years ago, almost all of them have certain suspicions.

The last time they had dinner with Xu Chunhua she inadvertently dug up such a big thing, Jiang Tianyu thought it would be better to have more than one, after all, who can't say which cloud will have rain.

As a matter of fact, Mao Lili couldn't sit still when she heard this, and said that she had to ask her out for breakfast.

She did not push back, so the two met at a nearby congee store.

Half an hour later, when Jiang Tianyu wandered over to the congee store, Mao Lili had already been sitting at a table waiting.

There were two bowls of congee and a few buns on the table, and the other party waved very enthusiastically the moment she saw her.

When she sat down on the empty seat opposite, Mao Lili couldn't wait to open her mouth: "Miao Miao Guan, tell us what the police asked you yesterday? And why is it that Chen Peng was arrested, but nothing happened to you?"

"....." Jiang Tianyu took a spoon to drink porridge action just stopped in mid-air, this person's emotional quotient is really low as always, but she did not care, swallowed the food in her mouth and responded, "It is just Lu Tong That little thing."

"The police said that Xu Chunhua and Chen Peng both hurt Lu Tong."

She said this cryptic, but are adults, Mao Lili instantly understood the meaning contained therein, immediately blushed white, as if in disbelief screamed: "lie, right?"

"Since the police were able to tell me the news, it should be true."

At that, Mao Lili's shoulders collapsed with a fleshly look, a tearless look: "So, it was the two of them who killed Lu Tong?"

Jiang Tianyu shook her head: "Who is the murderer, the police should still be under investigation."

After that, she buried her head and ate happily, while eating also raised her chin at the opposite side: "The porridge is getting cold, what are you thinking about?"

Mao Lili pushed the porridge forward and looked devoid of appetite: "If you can eat it, eat it all, I now think I used to like Chen Peng, I feel straight disgusted."

She said, she crooked her head incomprehensibly: "You said that when we were working at the Chunhua Seafood Restaurant, Lu Tong did not show any abnormal ah, encountered this kind of thing, how she is still like nothing?"

Then she hung her head and muttered to herself: "But girls, it is indeed a little difficult to say, I was how to mistakenly think that she hooked up with two people at the same time"

Now it seems that it was clearly Xu Chunhua and Chen Peng's one-sided harassment of Lu Tong that was right.

Subsequently, Jiang Tianyu finished two bowls of congee and two meat buns without any problems amidst her intermittent confessions and memories of the past.

“Eh, Miao Miao, you said” Mao Lili was still gushing.

Just then, the phone Jiang Tianyu put in her hand rang, glanced at the screen, she frowned slightly to connect.

Soon Hu Fan's voice came from the phone, the teenager rambled that he had gotten up and checked out of the room, and said he would buy a breakfast and bring it over to her.

“No, I've eaten with my friends.” Jiang Tianyu coldly rebuffed.

Hu Fan was obviously stunned, but didn't continue to pester, and mentioned that he was going back to school soon, like a big dog waiting for his master's compliments.

And Jiang Tianyu just said 'be safe', after which very dryly ended this call.

Mao Lili saw this and slightly narrowed her eyes, leaned forward and gossiped in her tone: “Boyfriend? A quarrel?”

“A younger brother only.”

“What brother? Little wolf dog? Guan Miao Miao did not expect you to be good at this?!” Mao Lili became more and more excited, swept away the previous gloom, round eyes continued to be curious: “Is there a photo, let me help you gatekeeper!”

Jiang Tianyu indifferent from the phone album flipped out a recent photo of Hu Fan, will turn the screen for the other party to take a look at, re-emphasized: “really is and I grew up together with my brother.”

Mao Lili had an 'I understand' expression, but after seeing the photo, she gave an uncertain 'Huh'.

“How does it look so familiar?”

Look familiar?

Jiang Tianyu didn't care much at first, but after seeing the woman's seriously recalling look, she was more or less unsure.

She opened her mouth in a light tone: “He is a student of the city's technical college, but also occasionally part-time jobs off-campus, perhaps you go to the technical college near the time to see it is not certain.”

“I go to what kind of technical college ah” Mao Lili subconsciously out of retort, but in the next second snapped his hand: “Right well, I remember.”

"Some years ago when we were both working at the Chunhua Seafood Restaurant, I always saw this child outside."

???

Jiang Tianyu's pupils shrank slightly, and then smiled as if nothing had happened: "Could you be remembering wrong."

"How could it be? I, Mao Lili, am famous for recognizing faces!" By her a question, the other party immediately some displeasure pouted: "I remember that at that time I was responsible for the daily purchase of the hotel, basically every morning more than nine o'clock, I will go out and door-to-door delivery of people to sign the list well!"

"He, on your little wolf dog, many times stood on the side of the road, more times I also remembered."

"I even talked to him, but the boy was introverted and ignored me."

"So many years have passed, it seems that the size is a lot taller, but the face has not changed much." Mao Lili said, as if suddenly rang remembered something, and again raised his hand and slapped his head: "By the way, one day after work, you and Lu Tong seems to have agreed to go to do what together."

"I left the door behind you two, and saw this child following you from afar."

The words fell, she also giggled out: "So this is your brother, siblings really good feelings, when they were young, sticky you, grew up this affectionate I see no change!"

The left hand on the thigh unconsciously folded into a fist, Jiang Tianyu lowered her eyes and stared at the phone screen again and again, the mind is rapidly replaying the several times with Hu Fan contact drips and drabs.

The first thing you need to do is to get a good idea of what you're getting into.

The frown between the eyebrows gradually deepened, Jiang Tianyu began to wonder, so many years Guan Miao Miao surprisingly did not notice even a hint of wrong, Hu Fan at a young age, the mind has been deep to this point?

The ear still hears Mao Lili's slightly shrill voice, her mouth perfunctory response, while looking out the window with a sideways face.

The pedestrian traffic, vehicles in a hurry.

Inexplicably, she only felt a slight chill down her backbone.

Every Time I Wake Up, I Become A Suspect – Chapter 29 - Tips

This breakfast can be said to be very rewarding.

Not only did Jiang Tianyu further determine that Hu Fan did have abnormalities, but also let her find a part-time daytime job.

The place where Mao Lili is working now is a beauty salon, just short of a daily responsible for cleaning up the hygiene of the cleaning.

Although the money given a month is not much, but the winning time is relaxed, every day only need to go near noon, to ensure that the hygiene qualified, four or five o'clock can go.

Dirty and tired is not in the scope of Jiang Tianyu's consideration, anyway, in the Starlight ktv she is also mainly responsible for cleaning hygiene.

This way the income from the beauty salon can balance the daily expenses, the ktv salary can be taken to pay off the debt.

Forty thousand, she calculated with her fingers, about another six months can be completely paid off.

Mao Lili gave a phone call to the owner of the beauty salon to help her make an appointment for an interview, and then the two of them said goodbye to each other at the congee store.

On the way home, Jiang Tianyu pondered about Hu Fan. The original owner, Guan Miaomiao, still cares a lot about her brother in terms of personal emotions, which makes her feel a little tricky.

The company's main business is to provide a wide range of products and services to its customers.

The idea came to an abrupt halt here, she did not dare to continue to think deeply, hesitated for a while or went straight to the bus stop not far away.

The city of Jiangcheng Vocational and Technical College is located in the local university city.

After getting off the bus, Jiang Tianyu took a step after slightly identifying the direction, and took out her phone to send a weibo.

Nearly eleven o'clock at noon, the technical college gates began to increase the number of people in and out, the faces of young boys and girls who came and went, are overflowing with the best look of youth.

The first thing you need to do is to get a good idea of what you are getting into.

This is the first time that she has encountered such strong emotions after tossing two bodies.

Soon, there was a surprise cry in her ear: "Sister Miao Miao!"

Hu Fan quickly rushed to her body, with a slightly pleasing look: "How can you come? This is the first time you've come to me since I went to college."

The tone of voice, a fine taste and imperceptible aggression and petulance.

Jiang Tianyu raised a smile, only the smile did not reach the bottom of his eyes.

Guan Miao Miao usually struggles to be busy with survival, where there is little extra time and mood to run this way, plus the memory of the teenager will suddenly appear from time to time, naturally there is even less need for this.

"In the morning you left in a hurry, and last night slept too late, I was afraid you would not eat well and be hungry." She opened her mouth lightly, measuring the obvious green and black under the other party's eyes, and proposed, "How about I take you to a good meal at noon?"

"I thought Sister Miao Miao you were angry with me." Hu Fan grew up in the orphanage since childhood, is a sensitive personality, earlier in the morning her cold tone, let him apprehensive all morning.

But he didn't want to upset his Sister Miao Miao again because of these things, so he went up and grabbed the woman's hand intimately, "Sister Miao Miao, then where are we going to eat?"

Jiang Tianyu twisted her head to look at a street of snacks not far away and nudged her mouth towards the side of that note: "Barbecued meat? Hot pot? Or go over to see it!"

The words, smoothly untraceable break free of the teenager's hand.

Looking at her back in front, Hu Fan lowered his eyes and stared at his right hand for a while, his eyes flashed with doubt and incomprehension, after two seconds back to his senses then hurried to follow.

Finally the two chose a barbecue restaurant.

The fatty and lean, oily beef on the grill plate emitted a tantalizing sound, Hu Fan held a clip in his hand and diligently grilled the meat for Jiang Tianyu.

Looking at the plate in front of her, she gradually stacked a lot of meat, she picked up chopsticks and ate a large mouthful, noticing that the other party's eyes did not move away from her from the moment she sat down, she uncomfortably pursed her lips.

The next second, she put down her chopsticks.

Hu Fan was a bit stunned and asked cautiously, "Sister Miao Miao, is this not to your liking?"

"No." Jiang Tianyu adjusted the expression on her face to the best, then shook her head: "Do you remember what I mentioned to you last night, a corpse was found in the lounge of that ktv where I work."

"Now when I think about it, I feel a hard panic in my heart." She said this, as if to corroborate what she just said, wrinkling her nose in discomfort.

"The deceased I still know."

Hu Fan blinked and asked incomprehensibly, "Sister Miao Miao know? Your ktv colleagues?"

Shaking her head again, Jiang Tianyu suddenly raised her eyes straight to the person across the table, "It's my colleague who worked in the hotel four years ago, called Lu Tong, about two or three centimeters taller than me, long and beautiful, a smile and dimples of that."

"You should also know, right?"

The hand that was flipping the roast meat gave a beat, Hu Fan then looked puzzled: "Four years ago I was still in high school, how would I know your colleague?"

"You always followed me, how could you not know?" Jiang Tianyu said with a smile.

Time seemed to have stood still at this moment, Hu Fan's hand holding the clip instantly tightened, because too hard, the back of the hand even began to bruise exposed.

He reluctantly pulled the corners of his mouth and tried to respond with a light tone: "Sister Miao Miao, what are you talking about? How do I hear"

"When we both spoke this morning, you were outside that congee store, right?" Jiang Tianyu's smile at this time is cold, there is little temperature of the voice is the

teenager's whole body like falling into a cave of ice: "Hu Fan, exactly how long do you want to continue this?"

"How did you know that I went to the congee store this morning? Or did you stay under my house after I came out of the hotel yesterday?"

"Don't you think it's really scary to do that?"

Hu Fan heavily closed his eyes, not daring to look at the woman's expression full of disappointment, how things turned out this way, he could not figure out.

Obviously everything is very careful ah

After a long time, he heard his dry and hoarse voice: "Miao Miao sister sorry I just"

Just too much like you, like so much that I can't wait to be with you all the time, so that your world is left with me alone.

But the rest of the words, he simply did not dare to say.

"Hu Fan, I just want to ask you a question now, Lu Tong's death back then, did you have anything to do with it?" Jiang Tianyu red lips almost pursed into a straight line, straight &30340 note; stared at the teenager.

Four years ago the other side was only sixteen or seventeen, although Jiang Tianyu think this is not very likely, but still asked the mouth.

"No" Hu Fan sniffed a shocked expression, hastily shook his head to deny, and some anxious from the table to explore the body on trying to clutch her hand: "Miao Miao sister, I swear I just because I miss you too much to go occasionally I swear I only go to see you once in a while because I miss you so much, what does anyone else have to do with me?"

After hearing his loyalty-like words, Jiang Tianyu was about to open her mouth to say something, but she was suddenly interrupted by the ringing of her cell phone.

She picked up the phone, and when she picked it up, there were panicked voices on the other side, interspersed with ear-splitting cries and screams.

"Lara, what's wrong? Don't be in a hurry, tell me clearly!" Jiang Tianyu rubbed his aching temples and tried his best to calm the girl on the other side of the phone.

When she finally heard what was going on, she hurriedly picked up the backpack on one side and once again took a deep look at the teenager who was full of prayers at this

moment, "Hu Fan, I hope you can know that what I have always expected from you was never like this!"

"You said you have no relationship with Lu Tong's death, I believe you one last time, in the future you take care of yourself."

The words fell, she disregarded the other party's retention, quickly walked out of the barbecue restaurant, and soon disappeared into the slightly crowded flow of people.

Hu Fan, on the other hand, has been sitting at the table, not moving.

.....

Normally, Starlight ktv does not officially open until about 5:00 pm.

When he got off the bus, Jiang Tianyu took a look at the time, it was not yet one o'clock.

Looking at the half-raised roll-up door, even though the glass door inside was tightly closed, she still felt something was wrong.

Slightly bent over, she pushed open the glass door from underneath the roll-up door and walked in, inside was the expected darkness.

After taking two steps forward, she heard the faint sound of sobbing. Subconsciously speeding up her pace, Jiang Tianyu crossed the corridor and pushed open the door of the lounge with force.

Bang!

The sound of the wood panel door hitting the wall managed to make everyone in the room flinch.

Taking this opportunity, she also got a good look at the scene inside the lounge.

Lara and several other girls who looked familiar were squatting at the root of the wall, all with snot and tears smeared on their faces, while Chicken was standing over them with his hands raised high, scaring everyone by holding their heads with their arms and trying to curl up into a ball.

"What are you doing here? This has nothing to do with you, go away!" The man was obviously angry and did not speak half politely.

Jiang Tianyu did not squeal, walked to the side of Lara, squatted down and carefully observed the girl's face that had obviously been swollen by the slap, and opened his mouth with a smile: "Lara, what happened? You guys are so angry with Chicken?"

From the time she received the call from the other party at the barbecue restaurant to the time she pushed open the door of the lounge, more than half an hour had passed during this period.

Looking at the situation, these few had long been ruthlessly cleaned up by Chicken for a round trip.

“A few stinky biaozi, dare to gang up to hide the tips given by customers, I think you are tired of living!” The man once again began to curse and swear, and as he spoke, he pulled a girl up by the collar, and the other party immediately let out a scream that could almost pierce the eardrums.

“Am I usually a little too nice to you? If you dare to fool me again, I will seal you in the wall, don’t think I haven’t killed anyone!”

After saying that, Chicken raised his hand again and began to force the question, “Say, whose idea was it?!”

The girl closed her eyes tightly, her lips were trembling slightly out of fear, and her exposed arms were even more bruised and purple, looking incomparably pitiful and miserable.

“Fvck!” Chicken cursed through clenched teeth and dropped his raised left hand with force.

However, the imagined incomparably crisp put applause did not ring out in the lounge.

After a few seconds, the crowd looked in the direction of Brother Chicken with fear and anxiety, just in time to see Jiang Tianyu faking a smile and using her slender arm to hold the man’s hand: “Brother Chicken, it’s almost enough, if the fight continues, in case there is a death, it will not be good for anyone.”

After saying that, she also bared her teeth: “You say, right?”

Every Time I Wake Up, I Become A Suspect – Chapter 30 - Tips

“Miao Miao Guan! You do not think that I give you some face to really get your turn to yell at me!” In front of so many people, chicken apparently some embarrassment, after shouting a full breath, clenched the back of the teeth, was blocked by the hand pressed down hard.

One second, two seconds, three seconds

The room in the lounge seemed to stand still at this moment, Lara and other people stared round, but more than half a minute had passed, the two people still maintained the same posture just now, did not move.

The only difference is probably that Chicken's face is getting redder and redder, and his neck is getting too hard, and his veins are all bulging out.

At this point, Liang finally came up from the corner, the mouth is still persuasive: "Brother Chicken, take it easy, never take it easy. If the girls' faces are blown up by you, we will lose money when the customers come at night"

The two of them were separated from each other by the chicken and Jiang Tianyu.

Jiang Tianyu smoothly picked up the girl who had just been dragged by the collar and scared, gently patted the back to show comfort.

Then she raised her eyelids to glance at the two men who had come together in front of her, not knowing what they were whispering about, and her eyes flashed slightly, not knowing what she was thinking.

Soon, the chicken again rushed a few girls put a wave of harsh words, and then took the bright brother out of this lounge.

After hearing the door was 'clang' thrown shut, all the girls who were scared to breathe instantly all emotional collapse.

The sound of crying and choking is incessant, with their wretched image and either sitting or standing posture, which makes people's hearts flooded with some acid bubbles.

Suddenly, I don't know who intermittently said: "We just leave some tips how? chicken brother is a beast! Daily draw to draw eighty percent not allowed to find our own way to mix a meal?

These words, quickly attracted the rest of the people echoed.

But just after being 'lectured', we all still have fear in our hearts, so the voice is not too loud, afraid to be heard through the not very soundproof wooden board wall.

In the midst of everyone's righteous anger, only Lara came up to Jiang Tianyu's side and gently rested her head on her shoulder as if seeking comfort: "Sister Miao Miao, thank you so much for today."

"But you've offended Brother Chicken once again, so I'm afraid it's going to be even worse in the future."

"Debt is not a worry." Jiang Tianyu lightly returned a sentence.

The same night, including Lara, the girls who had been beaten up went out to accompany the wine, Jiang Tianyu is also obediently put on the red vest, upstairs and downstairs busy.

During this period, still did not see the chicken brother.

Leaning on the front desk and exhaling a long breath, Jiang Tianyu cast a sidelong glance at Liang, who was holding a phone and playing a game, opened his mouth as if he had no intention: "Recently, Chicken seems to be very busy."

"I remember that he used to stay here to keep an eye on the field."

The company's main business is to provide a wide range of products and services to its customers.

Jiang Tianyu raised his eyebrows as expected and asked, "During the day, Chicken said he had killed someone, really?"

The other side pushed the tower, bright brother chagrin quit the game, smoothly lit the mouth has been holding a cigarette: "you now know afraid? When you go up against the people's family, why don't you think about the consequences?"

"Business, peace and prosperity." She skimmed her lips.

Ryo didn't respond, but just gave her a meaningful glance, his expression seeming to mock her naivety.

Although such a large fully licensed formal ktv here, but they are not very visible business, past is not without the police sweeping the field, but also talk about what harmony and wealth?

This kind of business, the heart is not black people how to do down.

"I'm not sure if Chicken has a life on his hands, but I advise you to stop when you're done, don't be a good boy when you get a bargain." The company's main business is to provide a wide range of products and services to the market.

In response, Jiang Tianyu just curled her lips and smiled.

In the next second, the voice of the foreman upstairs came over the intercom, saying that a drunken customer was causing trouble and asking Brother Liang to step in and solve it.

Put out the cigarette, the man quickly rushed upstairs.

Retracted to look at each other's backs, Jiang Tianyu wandered to the glass door, looking out at the night scene of the street, but there have been all kinds of thoughts in his head incessantly whirling.

Have you ever killed someone?

I don't know how long it took, but she came back to her senses and took out the phone from her vest pocket.

The screen just lit up and saw dozens of message reminders sent by Hu Fan, dropping her eyes for a moment to think about it, and she tucked the phone back in again.

The next day.

Near noon, Jiang Tianyu got up from bed, simply put down a bowl of noodles, ate and then left the door with her bag.

After backing up a bus, she finally found the beauty salon called Ke Yan Slimming Beauty Club, and gently pushed open the door, she politely said she was here for an interview.

The female boss sitting on the sofa at the entrance received her very warmly.

The actual process of this kind of place is not that formal, not to mention that she wants to apply for the position of cleaning, as long as she seems to be handy, there will not be any excessive requirements.

So the two of them finalized the job on the spot, starting today, and the salary can be paid weekly.

Jiang Tianyu touched the bank card with only three hundred dollars left and felt a sense of happiness that the clouds had opened up to the moon.

Without much delay, after receiving the appropriate cleaning supplies, she officially started the job.

Because all the employees in the beauty salon are women, it is not really dirty and messy, and the real work is much easier than previously imagined.

After working for a while, Jiang Tianyu felt that everything else was perfect except for the overly enthusiastic boss lady who was trying to persuade her to become a beautician.

It wasn't until around 1:30 p.m. that Mao Lili came to work.

The other party pulled her in for a small chat while changing into the store's pink work clothes, and in passing asked, "Miao Miao, what time do you get off work?"

Jiang Tianyu looked at the clean and tidy environment around her and hesitantly replied, "If there are no special requirements on the boss's side, it's about four o'clock."

"That's just right, we both can still chat for a while." Mao Lili said, suddenly seemed to remember something, first closed his locker, then twisted his head: "By the way, a little later at two o'clock I have an appointment &30 Remember 340; guest, guess who?"

"....."

Ever since the soul penetrated into the body of a stranger, Jiang Tianyu, who has been constantly guessing around, said her heart was so tired.

Not surprisingly, she naturally could not guess.

At two o'clock, Jiang Tianyu, who had been dragged into the separate beauty room by Mao Lili, stood by the beauty bed and looked at the woman lying on her back, who looked slightly familiar.

"You do not remember? This is also our colleague in the Spring China Seafood Hotel!" Mao Lili while for the woman on the bed to spread hair, while introducing her: "Her name is Meng Yu, this time you always have an impression, right?"

The woman lying on the bed smiled and laughed out loud: "Lili, don't give her a hard time, I just came not long ago, Miao Miao quit, right?"

"Why not long? I remember it was two months ago, right?" Mao Lili picked up warm water in a small basin and muttered.

Two months? Jiang Tianyu's eyebrows jumped.

Lu Tong had left only one month before Guan Miao Miao, didn't that mean this Meng Yu also had an impression of Lu Tong?

But why was this Meng Yu not present at the Public Security Bureau when the police were investigating Lu Tong's social connections before she was born some time ago?

Soon, she heard some clues from the other two's conversation.

It turns out that this Meng Yu simply did not work in Chunhua for too long, full count but three months. Such a short period of time, and so many years have passed, as the boss of Xu Chunhua may not be able to remember this number of people.

Even if the memory of the name Meng Yu, the other party may not be able to determine her and Lu Tong's work time has overlapped, the natural police have no way to know.

"Oh, yes, I told you about Chen Peng?" Mao Lili's hands move skillfully to help each other wash their faces, but the mouth does not stop for half a second.

"Him? What is it? He confessed his love to you? After so many years, the two people met again accidentally, and as a result both fell in love? Meng Yu for her mind is obviously very clear, the tone of voice unconsciously brought a trace of ridicule.

"Bullsh!t!" Mao Lili cried and laughed pinched the woman's cheeks, now mentioning this matter is still a little demoralized: "You came last time, I did not tell you that a colleague of Chunhua died?"

Meng Yu closed his eyes and squeezed out a soft hum from his nose: "Well, the one called Lu Tong? I also remembered such a person only after thinking about it for a long time later."

"The police are investigating this matter of her well, the results of the investigation to Chen Peng and Xu Chunhua that brute together to spoil people! Now I suspect that Lu Tong was killed by the two of them, think about it all feel sick to my stomach!" Mao Lili began to be indignant.

"Huh?" The person on the bed heard this, apparently also very surprised, after a long time to find the voice: "back then I see Chen Peng also does not look like this kind of person ah, Xu Chunhua that dog thing did this kind of thing is not much of a surprise to people."

At that time Chunhua seafood hotel in the good-looking female employees, there are a few have not been his harassment, both explicitly and implicitly?

"But"

"But what?" Mao Lili asked in passing.

Meng Yu slightly opened his eyes a slit, as if not quite sure: "That time Lu Tong from the hotel the night before the departure, I also saw her, I remember that I and she are late shift."

"After work, I have finished locking the door she is still standing on the curb did not leave, we both also said two words to each other."

"In retrospect, she did not look like she was going to quit."

"As a result, the next day to remember to go to work to hear that she quit, really dry."

At this point, Jiang Tianyu, who had been silent next to her, suddenly interjected, "You and Lu Tong spoke to each other, and then what?"

Meng Yu was coldly stunned by her question, slightly frowned seriously recalled: "What else then ah, my boyfriend at the time came to pick me up on his electric car, and then I left."

However the words fell not two seconds, she again 'eh' a sound.

"But I didn't go far, I think I saw her get into a car and go away."
