

Every Time I Wake Up, I Become A Suspect - Chapter 41 - Tips

Creak –

Jiang Tianyu, who was asleep in the interrogation chair, slowly raised her head after hearing the movement coming from the doorway.

The soreness coming from the back of her neck stimulated her nerves to quickly become active, lifting her eyelids to glance at the clock on the opposite wall, after 3:00 am.

“Ren Yumeng.” Qiziang took Lu Li to sit down and tapped the desk with his pen, signaling her to wake up.

“Yes.” She answered, because she had not drunk water for several hours, and spoke with a hint of dryness.

“You really can’t remember why you ran to Sun Tianyang’s tent before the crime?” Lu Li frowned slightly, a serious face asked.

Jiang Tianyu sniffed and half-closed her eyes, this time is not like the previous two times, the original owner’s memory is completely missing, need to rely on certain items or environment to trigger the relevant memories.

But for her, the difficulty is not reduced, or can be said to be higher.

Ren Yumeng is missing the most important memory, no matter how hard she tries, her mind flashes through only some shaky, colorful and distorted images, even the face can not be seen.

Obviously, this is the aftermath of a hallucinogenic overdose.

Silence for a while, she maintained her eyes half-open state shook her head twice: “Do not remember, there is about that night, my last clearer memory is sitting under a tree, because the night mosquito bites, itchy calves so I have been scratching around.”

The answer seems to have been expected by Qiziang, only to see his eyebrows did not move, has maintained the posture of hanging eyes to read the report sheet in the hands.

Lu Li saw that he was not prepared to make a sound, so he could only continue to open his mouth: “Through the questioning of the dozen people in the street dance club, many people said that the relationship between you and Sun Tianyang is unusual, so you are in love?”

“.....” Jiang Tianyu seriously thought for a moment, cautiously returned: “barely ambiguous period, I have a bit of a crush on him, as for whether he has for me, I am not very clear.”

At this point, Qiziang took over: “We also found a certain dose of hallucinogens in the body of the deceased, if you are a police officer today, what do you think about this phenomenon?”

She heard the question but did not respond at first, instead, she seriously surveyed the two people sitting across the interrogation table at this time.

The fact that the interrogator next to her had changed from Xu Lida to Lu Li was proof enough of the police’s attitude, thinking that they had found something suspicious in the evidence they had brought back.

Although not so much that she has no more suspicion, but at the very least represents her suspicion is gradually shrinking, at least has not had to pull Xu Lida scare.

“Views?” Jiang Tianyu habitually repeated the last two words of the other party’s words, said with deliberation, “may think that Sun Tianyang and I are a sweet and loving little couple, when others are having a campfire party, privately met to go to the tent and knocked the drugs.”

“I did not expect the dose calculation failed, accidentally knocked too much, causing too much hallucination, and then I instantly lost my mind lost my hand on the tragedy.”

Hearing her speculation, Qiziang eyes flashed a trace of imperceptible smile, then he did not have too much nonsense explained a few sentences: “After the technical section of the calculation, remember the case at the time of your body hallucinogenic content is likely to have long exceeded the maximum line you can withstand this weight, so “

“So I rolled both eyes and became a dead dog at the mercy of others.” Jiang Tianyu raised her eyebrows.

For this description of hers, Lu Li instantly tightened his lips, and his face looked a little distorted because of the strong hold of laughter.

He had never seen anyone who could joke in front of the police after such an encounter, and originally thought that Xu Lida was exaggerating, but this time he believed a few points.

The people who dare to insinuate the police at the first interrogation are indeed real.

“..... right.” Qiziang nodded: “And then based on some other evidence that is not convenient to disclose, ultimately if you have no objections, look at these two interrogation transcripts, confirm that there is no error to sign, you can leave.”

While speaking, Lu Li has gone over and opened the handcuffs on the interrogation chair.

After slightly moving the slightly sluggish wrist joints, Jiang Tianyu quickly and carefully read through the transcripts handed over by the other party, and then painfully signed and pressed her fingerprints on them.

The actual fact is that she thought the original owner was innocent, and always believed that if the original owner was really not the murderer, the police would eventually be able to clear her name.

I just didn't expect that the action of the Major Crime Unit would be so fast.

Qiziang stood up, handed the phone back to her, and also quite thoughtful instructions: “See if you can contact classmates or family members, let them send you a set of clothes, the previous set as a key exhibit in the case, a moment is not able to take out the evidence room.”

“Even if you can get it out, I think there is no way to continue wearing it.”

The company's main business is to provide a wide range of products and services to the public.

The eyes flickered slightly, Qi Ziang face as usual light nod, turned around and walked away.

The company's main business is to provide a wide range of products and services to the public.

After the original silence was restored in the interrogation room, Jiang Tianyu opened her cell phone screen, looking at the rows of names in the address book thought and thought, and finally dialed a phone number.

By the time she walked out of the Jiangcheng Public Security Bureau office building, it was already after 5:00 a.m. The sky was slightly bright, and the air carried the unique aroma of moist soil by the river.

The two roommates who came to pick her up were the two roommates of the original director's dormitory where Yu Meng was located, both around 20 years old and curious enough to make people a bit overwhelmed.

Simply answer a few questions, the two girls may also see her exhaustion and weakness, will be a left and a right half-assist her in the roadside waiting for a car.

In a few minutes, the three managed to stop a cab, you push me to push you to get into the car, and soon lost track of.

He Qi Ziang, Lu Li and Xu Lida three people are standing in front of the office window watching the scene, Xu Lida while chewing bread, while muttering: "Qi team, just put the people back, will not be a bit rash?"

"Not counting the dead a total of eighteen people, why not detain them all to grind, to ensure that some people can not hold on to the inconsistency of the statement, and then our opportunity will come?" Remember

"If we do, our headache is still ahead." Qiziang opened his mouth as if with emotion.

"Parents, the school, the media which is not enough for you to drink a pot, anyway, are the students of the Teachers College, as long as the school and timely communication, control in place, one can not run."

"Moreover, the night of the crime, the dozen people have been drinking, you ask twice they can say three different statements. Sometimes more information is not a good thing, we distinguish between the true and false to waste how much time and effort?"

After listening to the explanation, Lu Li and Xu Lida both showed an expression of approval.

After seeing him still standing at the window, Lu Li poked his head downstairs and saw Jiang Tianyu and the two roommates get into the car: "Qi team, you don't have to worry about it, although this Ren Yumeng once knocked the drugs, but the basic has been metabolized almost, the doctor also gave her a checkup, go back to rest for two days and then it will be fine."

"Besides, she has someone around to take care of her, nothing can happen."

"I'm not worried about her." Qi Ziang withdrew his eyes, his tone surprisingly had a slight uncertainty: "I just don't remember telling Ren Yumeng, my last name is Qi."

Lu Li froze, but did not put too much thought into this matter: "Did not tell? Maybe when she was out at the scene, she heard which colleagues called you!"

The crime scene environment is always chaotic and busy, many people, who said something out loud that is not necessarily the case.

This, Qiziang does not deny, just another sentence: "At that time she should have just 'finished killing people', not only did not have a distracted also can spare the mind to listen to the conversation between others, really quite surprising."

"And the concentration of prohibited drugs in her body at that time should not be low, the whole person's mind should not be so clear."

"Speaking of sobriety, she was able to open her eyes and knew to hold the dagger in her hand and not let go, and subsequently kept the murder weapon from being damaged by environmental infection as much as possible, where as the brain of a chaotic person can make things."

Lu Li heard these words, some consternation: "Qi team, you do not still suspect her"

Qiziang did not respond, but raised his hand to slightly stretch a wide back, and then walked straight back to his desk.

Only Lu Li and Xu Lida were left in place, looking at each other.

.....

After returning safely to Jiangcheng Normal College, Jiang Tianyu spent a whole day in the dormitory to recuperate her body, which had been injured by an overdose of drugs.

During this period, the school leaders and her class instructors came over to visit and condole, but they were just going through the motions.

The school authorities did not seem to pay special attention to her since she was able to come out of the public security bureau and must be no big deal. It is only after indicating that they will further communicate with the original owner's parents, they left.

After all, what really makes them feel anxious is Sun Tianyang's side, a good child had this kind of accident during school, although it did not happen in the school, but the family side still will not easily rest in peace.

The third day after the murder, Ren Yumeng's parents rushed to Jiangcheng City.

This is the first time Jiang Tianyu used someone else's body to cope with the 'parents', the experience is more or less novel.

But the good thing is that the Ren family couple are very calm, just heartbroken daughter met this file thing to pick her up in the rental house rest, but not in front of her face to say some of the things that are not.

Finally, in the morning of another day, Ren Yu Meng's cell phone received a message from the street dance club.

Within the group named 'Dazzling Street Dance', the head of the club proposed a simple farewell ceremony for Sun Tianyang, which was unexpectedly echoed by many people, who started discussing the details.

After much deliberation, Jiang Tianyu still dressed properly and left the door after saying hello to the original owner's parents.

Following her memory, she groped around the campus and found the secondary building of the activity center where the street dance club was located, and after entering, she followed the corridor on the first floor to the end.

She was just about to push open the fancy glass door when she suddenly heard the sound of talking coming from inside.

She moved her hand and tilted her head with an inexplicable expression.

Every Time I Wake Up, I Become A Suspect – Chapter 42

0 8 minutes read

“So what the hell was going on with you guys that day?”

“Yeah, a few of us had things to do and didn't go, so how did

“Is it like the rumors in the school now or not? Ren Yu Meng really killed Sun Tianyang?”

“You guys keep your voices down!”

“What are you afraid of? If you do not let others talk about it? I think she may be hate out of love, who can't see that she loves to get close to others in the club?”

“Yes, knowing that he has a girlfriend

Girlfriend?

Jiang Tianyu is really curious, in the original director Yu Meng's memory, but there is no such thing.

“Really fake? She is actually this kind of person?”

The glass door full of graffiti suddenly popped open with force.

Everyone’s eyes subconsciously looked at the door, and when they saw the face of the visitor clearly, the atmosphere at the scene once became a little strange.

Everyone looked awkward, especially the ones who spoke just now, their eyes wavering, not daring to look in the direction of the door again.

At this time Jiang Tianyu’s face hung with a faint smile, she first surveyed a circle of street dance club room.

After seeing that the large floor mirror has been filled with fake small white flowers, next to a circle of candles, she realized that this is the ‘temporary venue’ for the farewell party as stated in the WeChat group.

The company’s main business is to provide a wide range of products and services to its customers. What kind of person am I?”

“Yu Meng, everyone is just curious, and did not say anything else” originally sitting cross-legged on the floor of a short-haired girl stood up, face expression with a few pleasing, stretching out his hand to come over to grab her arm.

The girl’s head is also wearing a dark hair band, with the overall dress styling, especially to highlight the personality.

Jiang Tianyu barely pulled out the identity of this one from the original owner’s memory, which should be called Guo Tao.

The previous president of the street dance club has just left the club for a short time because she is already a senior, and Guo Tao is her successor.

“In your mouth, I am almost a junior, what else do you want to say?” She turned slightly sideways, without much wasted effort to avoid the other party’s hand.

The air around her became more and more stagnant.

Just then, another girl with dyed yellow hair and wearing a revealing dress stood up violently and rushed to the middle of the two, blocking Guo Tao behind her in a protector stance.

“Ren Yumeng, what do you mean? If you have the ability to come at me, what kind of ability is it to get angry with Tao Tao?!”

The person with long yellow hair with umbilical nails is called Deng Boen, although his name sounds a bit boyish, but his body type is real hot.

Of course, the temper and appearance of the hot degree are proportional.

Quietly watching the other party's mouth open and close, Jiang Tianyu judged by the sound of this Deng Boen in front of him is exactly the same person who just said that the deceased Sun Tianyang had a girlfriend.

"Well, then I would like to ask, which of your eyes saw me baba to Sun Tianyang's side came together?" Jiang Tianyu's gaze swept over the people present, many even vainly did not dare to look up with her.

In Ren Yumeng's memory, it was clear that she and Sun Tianyang were only ordinary to the point of ordinary interaction, and even if there was occasional ambiguous joking, it was the boy who took the initiative.

How come things have become something else in other people's mouths?

"You know very well whether you're getting together or not! If you really don't have any thoughts, why did you get into someone's tent during the camping trip?" Deng Boen yelled even louder, as if he really had some solid evidence, and his eyebrows were all smug.

"What's wrong with drilling the tent? We are single, in your way?" Jiang Tianyu seemed to be a bit furious, emotional response.

"Single?" The other party seems to have heard something funny, hands around the chest, look at her, look cynical: "I alone have seen Sun Tianyang and that foreign language sister Wang eating together in school more than once, don't tell me you don't know!"

The girl's contempt was evident as she spoke, and the way she looked her up and down was as if she was saying, 'Are you worthy'?

Department of Foreign Languages, Sister Wang.

Jiang Tianyu silently wrote down the key information, after getting the answer she wanted, the whole person instead quickly eased up, and a few seconds ago can be said to be judged like two people.

Deng Boen obviously also noticed her change, and a trace of caution was added to his eyes.

The two of them have told you personally that the two are boyfriend and girlfriend?”

“.....”

Everyone in the practice room was stunned by her words, and a few of them were considered to be ‘in the know’ like Deng Boon, all of whom looked at me and me at you, but apparently no one could be sure of this.

Deng En Bo stubbornly raised his head, trying to deepen his own bottom line through his actions: “Anyway, the night of the accident, so many of us witnessed you covered in blood and walked out of Sun Tianyang’s tent with a knife!”

“Facts speak louder than words, of course we believe more in what we saw with our own eyes!”

“So you’re questioning the police.” Jiang Tianyu calmly watched as the people across the street began to become progressively more manic.

“I did not you bloody mouth!” Deng Bo’en was furious and raised his finger to point at her, his voice sharp and harsh: “Who knows if you are jealous of Sun Tianyang and Sister Wang, so you laid a deadly hand out of love and hatred?”

“Anyway, no one saw what happened in the tent, so you can say whatever you want!”

“I can say whatever I want? Then I also said that someone was jealous of me and Sun Tianyang, so they killed me out of love and hatred and then framed me with a black heart!” Jiang Tianyu said this is very meaningful, straight hooked on the girl’s gaze represents what is even more self-explanatory.

As a matter of fact, the other party instantly rose up and tried to rush up to the theory.

The best thing about this is that Guo Tao was quick to see and hold Deng Boen’s waist, and shouted for others to come up and help.

In an instant, the practice room was a scene of soldiers and chaos.

The company’s main business is to provide a wide range of products and services to its customers.

The actual who will give Ren Yu Meng and Sun Tianyang both drugged that night, and how Ren Yu Meng entered that tent?

There were so many people present, did no one really notice some unusual conditions before the crime?

Since someone noticed, he could be the black hand behind the scenes? If not the murderer, why would the other party lie?

After a while, finally, under the persuasion of several male students from the street dance club, Guo Tao dragged Deng Boen to the side to calm down.

The company's main business is to provide a wide range of products and services to its customers.

"It's almost time, the reason we are gathered here today, is not to send A Yang on his last journey properly?" A male student wearing a tight-fitting undershirt with a sturdy body opened his mouth and spoke in an unpleasant tone, "If you guys make a scene like this, how can A Yang be happy when he sees it?"

Hearing this, the crowd quickly quieted down, and although the atmosphere was a bit off, they still followed the pre-determined plan and offered a white chrysanthemum one by one to the picture that was placed in front of the floor mirror.

Immediately after that, the practice room was caught off guard by the sound of sobs that were not too obvious.

This sound is like contagious, and within two seconds, it was all over the place.

The company's main business is to provide a wide range of products and services to the public.

Xu because she is calmly too out of place, only after two cries Deng Boen turned his eyes to forget the loss he had just eaten, expression mean again opened his mouth: "Some people usually seem to have a good relationship with Sun Tianyang, but the result is really at this time, not even a red eye circle!"

"Murderers are not as cold as her!"

The words were extremely pointing, causing the guys to turn their heads and look towards the back of the practice room.

The company's main business is to provide a wide range of products and services to the market.

"It can't be that you killed someone and feel regretful and weak, right?!"

"Damn" Deng Boen once again regardless of the direction she was rushed up, mouth still cursing.

The good thing is that this time the people around are prepared, stopping, persuading, pacifying a one-stop service, quite in place.

In the midst of this noise, the glass door of the practice room was suddenly pulled open, and then several people came in.

When Guo Tao saw the visitor, she let go of her hand around Deng Bo'en and greeted him with a smile, "Teacher Xing, why are you free to come here?"

The one who was called 'Teacher Xing' was a middle-aged man with a shiny combed oil head and a long face that didn't look very happy at the moment: "What are you guys up to?!"

He gestured at the mess in front of the floor mirror: "And so many candles were lit? What about the school's fire safety regulations, have you all eaten into your dogs' stomachs?"

"Why don't you clean it up quickly!"

When the street dance club members rolled their eyes while reluctantly bending down to pick up the things on the ground, Teacher Xing had already turned around and walked to the door, smiling politely at the corridor, "Officers, please."

The community members obviously heard the words and froze in place for a moment.

Then there was a whisper: "Oh my God, why are the police here again?"

"That's right, didn't we say everything we needed to say that day? This time it is not to catch the murderer, right?"

"Maybe the police found out that the wrong person was released."

This last sentence, Jiang Tianyu did not even need to look sideways to know that it came from Deng Boen's mouth.

The person is also persistent enough to say that this person is simply a typical representative of repeated defeats and repeated failures.

In the midst of the chatter, Qiziang and the rest of the police officers have entered the fish.

The sudden appearance of a clear uniform in front of the eyes, for the students, or very visual impact.

Jiang Tianyu slightly stunned stare, memory seems to be the first time she saw Qi Ziang wearing such a formal police uniform.

The eyes moved to the side, she noticed the trace inspection box carried by the familiar female officer's hand, and slightly narrowed her eyes.

Is it that the police have made some new progress?

Every Time I Wake Up, I Become A Suspect - Chapter 43 - Tips

“All students must not be nervous, we came here today for what matter, I think everyone is clear.” Qiziang faced a crowd of whispers, face unchanged to show everyone a search warrant.

“Next, please actively cooperate with the students, but just some of the procedures that must be fulfilled, will not delay too long.”

The words fell, before the members of the street dance club to respond, the police have quickly divided into two teams.

One team is the technical section, led by Mr. Xing and others to the locker room located next to the practice room, where a lot of personal items are stored.

The other team is the familiar face of the Major Crime Unit, by two other school staff to guide the students temporarily to the corridor to wait, and then two groups of two into the practice room for questioning.

During this period, leaning against the somewhat dilapidated wall in the corridor, Jiang Tianyu's eyes skimmed over each face with different expressions without a trace.

There is an unknown sound coming out of the locker room from time to time, but because the door is half hidden, so people can't see the situation inside.

The members did not dare to be too aggressive because there were still people from the school, and they shut up after a few words.

Some of them were bored pacing in the corridor, some looked down and swiped their cell phones, and some simply squatted there with their hands picking up the wall skin that looked like it was going to fall off at the root of the wall.

At this time, Mr. Xing is guarding the practice room outside the glass door, turned around and saw them this look, they back up the hand and began to teach: “stand no phase, sit no phase, your generation

While chanting, he also shook his head: “are already adults, have to be responsible for their own actions!”

“You want to set up a club, the school has never stopped, but also very supportive well! What happened? And you took it upon yourselves to go on a camping trip out of school?”

“When you went out, you didn’t say hello to the school, and when you had an accident, the parents held the school responsible, and the school was innocent, right?”

He should not be a native of Jiangcheng City, speaking with some accent, causing several girls to roll their eyes.

There were also several male students who were turning their backs on him, their mouths moving slightly, their expressions sneering as they imitated his manner of speaking.

Their quirky behavior naturally drew sharp and restrained laughter from the others, after which they could no longer control themselves and soon fell into a tizzy of laughter from east to west.

The teacher Xing probably also sensed what was going on, and his already long face looked longer because of his displeasure, but in the end, he just sighed and walked back to his position outside the practice room door, without saying another word.

Jiang Tianyu looked at the smiling faces around her, feeling as if this should be the original appearance of youth.

It is only lies and human lives that have completely clouded it with a layer of blood.

As the time passed, the people in the corridor were slowly decreasing.

As Jiang Tianyu expected, she was the last one.

When she once again pushed open the wobbly and graffiti-covered glass door of the practice room, there were only two scattered people and the school representatives led by Mr. Xing left outside the door who had not yet had the chance to walk out of this sub-building.

I don’t know if it’s because I’m wearing a police uniform today, but Qiziang looks more upright than usual, and he seems to be looking down at the transcripts of the previous people, not noticing that someone else has come in.

Still on one side, Lu Li smiled and gestured for her to sit on the chair directly in front of her: “Ren students, hello again.”

“Hello, two officers.” Jiang Tianyu behaved very well and sat there in a disciplined manner, blinking at them.

“Your side” Lu Li flipped through the information in his hand and stretched his voice: “Actually, what should be asked two days ago was also asked.”

After all, physical evidence is more convincing than human evidence, at least in the matter of Sun Tianyang's death, the female student in front of him is not suspect of anything.

In fact, they came here for two main purposes.

The first is to see, so long ago, the testimony of the dozen people and the day of the crime will produce any large discrepancies.

Because if someone is really lying at that time, then with the passage of time, the other side may appear to relax the psychology, easier to be caught in the loophole.

The second well

Looking back, Lu Li hung up a friendly smile: "Ren students, these two days have not recalled some specific details of that night? Any details will do."

Regretfully lowering her eyes, Jiang Tianyu looked a bit astringent: "Sorry, still no"

Whenever she closes her eyes and tries to invade the original owner's memories of the time of the incident, all she gets is endless dizziness and a colorful nothingness.

"It's all right." Lu Li hurriedly opened his mouth to comfort, perhaps in his heart has taken Ren Yumeng as another victim of this case, so the attitude is extraordinarily affectionate: "This kind of thing, can not be rushed"

Suddenly, there was a knock at the door.

Qiziang finally spared to look up from the pile of transcripts and answered in a deep voice: "Enter."

The one who came in was the female officer wearing glasses from the technical section, Zhang Ye.

After handing the evidence bag to the man, she leaned down and whispered a few words in his ear.

Jiang Tianyu saw this and frowned.

For some reason, she only felt that the other party looked fiercely at herself, and the gaze that fell on her, became more and more meaningful.

"Okay, I know, thank you Sister Zhang."

After the female officer went out, Qi Ziang held up the evidence bag in his hand, as if he was showing it to her: "Ren Yumeng, does this thing look familiar to you?"

That is a familiar shape of plastic with paper shell outer packaging, wrapped in a transparent evidence bag, looks very ordinary.

Just a glance, Jiang Tianyu has a guess on the origin of this thing, but the face but still blankly shook his head: "Never seen."

This answer seems to be in Qi Ziang's expectation, he did not change his face to put the evidence bag to the side, crossed his arms in front of his body, slightly leaned forward the upper body: "These two days, the police have traced the source of the murder weapon that killed Sun Tianyang."

"Unfortunately, the dagger style ordinary, random street a small supermarket can buy, want to find the source is very difficult."

"Do you say coincidentally, just when our investigation was at an impasse, the outer packaging of the murder weapon turned up."

"It was placed in the locker with your name on it."

Hearing this, Jiang Tianyu's pupils instantly shrank slightly, and her eyes were filled with astonishment and uncertainty as she looked at the opposite duo.

Sun Tianyang was not killed by her hands, a fact that was clear to all three people present.

"I'm sure I didn't buy this thing, how could it be?" Her reaction was extremely normal, portraying an innocent young girl who had been framed in the best possible way.

Lu Li at this time has that contains the dagger outer packaging of evidence bag in their own hands, slightly looked at two eyes before turning his head rushed to his own captain whispered: "Qi team, it seems that we put Ren Yu Meng back in advance that day really has an effect, someone can not sit still."

The right time to find the right evidence, the suspect has not been a little anxious.

Such a clumsy planting tactic, only people who do not know what evidence the police already have, will be hiding in the shadows to gloat after doing such a thing, right?

"When people are anxious, they will confuse themselves, and the breakthrough we want is not delivered right in front of us?" Qiziang pointed to the evidence bag in his hand: "originally said it, the source of the murder weapon is very difficult to trace."

Lu Li fixed his eyes, almost happy out loud: "Qi team, this outer packaging has a supermarket price tag, and so back to the bureau to let Zhang simply carry out a

recovery and comparison work, may really be able to find the relevant purchase records.”

“Maybe not so much trouble, in case of luck, the other side in this outer packaging or Ren Yu Meng’s locker accidentally left a fingerprint?” After saying that, Qiziang stood up from his chair and simply put all the piles of transcripts into the file bag.

After that, he nodded slightly at the girl who was still sitting upright in the chair, “Ren, that’s all for today, thank you for your cooperation.”

“Good.” Jiang Tianyu obediently answered, picked up the bag at her feet and got up and went out.

Following the long corridor, she slowly walked towards the door of the activity center sub-building.

The intermittent communication between Mr. Xing and Qi Ziang could be heard behind her, and the man’s distinctive, slightly low voice made her a little lost in thought.

When she stepped out of the dimly lit secondary building, Jiang Tianyu was subconsciously skewed to the left by the warm sunlight of early autumn in the sky, and her eyes were unconsciously squinted into a slit.

However, the next second, a figure rushed to her body, the other party without saying a word reached out and grabbed her shirt collar, the mouth also unceasingly cried: “Murderer ! ! ! ! Murderer ! ! ! ! ”

“You return my son, return my son!”

Pulled straight shaking, Jiang Tianyu barely saw the face that had tended to distort.

The woman was in a haggard state, looking at the age of about fifty years old, I do not know if it is because of excessive sadness, now shouting out the voice hoarse and hard to hear.

The company’s main business is to provide a wide range of products and services to the public.

Retracting his sight, Jiang Tianyu steadied his stance and tried to reason with the other party: “Auntie, I’m sorry about your son, but I didn’t klll”

“You bullsh!t! So many people saw it with their own eyes, and it was you who took my son’s life!” The middle-aged woman yelled and raised her right hand high in obedience, looking as if she was actually planning to make a move.

This intense scene, of course, caused many students to cry out in alarm.

Barely control the reflexive impulse to protect themselves, in the moment of the slap down, Jiang Tianyu very skillful to make the woman's left hand let go of her collar.

The whole person slightly back half a step, the slap will graze her nose continued down, lightly landed on the chest position.

From a distance, it looked as if the other party had pushed her hard in anger.

The momentum stumbled and sat on the steps behind her, the corner of her eyes glanced at the figures that had just come out of the sub-floor, Jiang Tianyu simply also covered her face and howled dryly: "Beating people! Anyone help me to call the police!"

Lu Li immediately took a step and rushed over, stopping the middle-aged woman who wanted to go forward to continue the violence, trying to criticize and educate her.

And Qiziang went to the side of the steps, half squatted down and nodded with his finger on her left shoulder: "Play, over, right?"

"....."

Hearing that, Jiang Tianyu instantly the whole person froze there.

Every Time I Wake Up, I Become A Suspect - Chapter 44 - Tips

"After the suspected murder, you were able to maintain a degree of calmness and delicacy at the scene of the crime despite the ingestion of hallucinogens." As if not noticing her brief discomfort, Qiziang continued on his own.

"And how could it be that the locker was put into the locker because of the pointing obvious evidence and the difficulties of the family of the deceased and became a cry for help."

Jiang Tianyu's eye muscles twitched uncontrollably twice, the other side said this when the tone is obviously very normal, but she hard to hear a few sneers.

So it's because of this.

The first thing you need to do is to get a good idea of what you're getting into.

This is also a light explanation, the reason why she behaved very different before and after the fundamental reason.

In Jiangcheng City Public Security Bureau, in order to clear the body of suspicion as soon as possible she had to try to calm down.

And after returning to school, facing the suspects hidden in the shadows, she had to fight to behave like the rest of the people.

This is the only way to keep the other party from noticing anything obviously unusual and thus lower their guard.

The enemy is dark, I have to do something to turn this situation around.

“Oh” Qiziang face does not show surprise stood up, looking at the two people who are at this moment in front of the fierce debate.

The company has been trying to reason with Sun Tianyang’s mother, but the middle-aged woman has always been a ‘I’m not listening’ approach, making him very headache.

“Lu Li.” The company’s main business is to provide a wide range of products and services.

The company’s voice is not very loud, but it seems to be very penetrating, and even some of the nonsense Sun mother also subconsciously shut up and look over.

“Contact the district police station, let them first take people back. There are many witnesses here, there are roadside surveillance, the fact that the conflict is very clear.”

Lu Li instantly comprehended the meaning of the captain of the family, could not help but raise his chest: “Well, since you two had a physical conflict, it is better to take the formal way to solve it!”

As he spoke, he took out his cell phone.

“You unilaterally hit someone, the monitor must have captured, if the beaten party does not understand, detention for a few days is always necessary.”

As soon as she heard this, Sun’s mother obviously panicked a little, but still in the mouth hard: “I beat her how? She is the one who wants my son’s life!”

At this time, Qi Ziang has walked down the steps, hearing this narrowed his eyes, although with a smile on his lips, but the feeling is not gentle: “Now there are specific details about the case of Sun Tianyang are still under investigation, everything is still unknown, how can you be sure that Ren Yumeng killed your son?”

“Many people saw her with a knife, who else could it be?” The mention of this, Sun’s mother came to life again, her tone obviously plucked up a knot: “I haven’t even looked for you guys yet? Just let this murderer out?”

After saying that, she started sobbing sadly.

The one who seems to be vulnerable always seems to attract extra pity.

Seeing this, the surrounding students' faces showed an intolerant look and not only started whispering, but also reached out their hands and pointed.

"Since you have questions about our police procedures, why don't you come back with us and have a good chat about what happened today and the doubts in your mind." After speaking, Qi Ziang took two steps forward to block Sun's mother's retreat, after which he extended his right hand in an inviting gesture.

Sun mother's heart is weak, naturally is not dare, this moment sobered up raw fear that he will be locked in.

The scene was momentarily frozen in place.

Suddenly, the female police officer Sun Ye, who had been standing on the steps watching the situation, received a phone call, after which she walked quickly to Qi Ziang's side and said something in a voice that only two people could hear.

Then the man's eagle-like sharp gaze shot straight at the group of students who were watching.

Jiang Tianyu, still sitting on the steps, saw the situation with a heartbeat, and followed the other party's line of sight also looked over.

A crowd of students were staring at the unknown, most people's faces were full of curiosity, only

Suddenly, someone in the crowd moved, long after receiving police questioning Deng Boen somehow appeared here, and now is pulling Guo Tao trying to walk through the crowd to the outer circle.

The company's main business is to provide a wide range of products and services to the market.

The actual fact is that you can find a lot of people who are not able to get a good deal on this.

The next second, Lu Li reacted very quickly and led the people to quickly rush into the crowd.

The reason is that people in police uniforms are respectable in the eyes of students, and the crowd of onlookers consciously made a way for them.

It's not much effort, Lu Li blocked in front of the two girls, hands around the chest to enjoy the two people not quite the same reaction.

Guo Tao is a face of confusion.

She seems unclear why the people around her suddenly pulled her away, but also do not understand why the two police officers are blocking their way.

The performance of Deng Boen is more intriguing.

Her eyes fluttered, not daring to meet Lu Li's eyes.

"If I remember correctly, your name is Deng Boen? Just now we also met in the practice room." Lu Li bared her teeth and smiled.

"Hello, I suddenly remembered that I still have homework to finish, if there is nothing else I will leave first." Deng Boen smiled awkwardly and returned a sentence, pulling Guo Tao's right hand has not been relaxed, after finishing to go around the side of the two people.

"Deng students, the homework thing can be slowed down for a while, if convenient to take a trip back to the bureau with us?"

Deng Boen acted as if he did not hear what he said, and even the steps of his feet moved faster.

On the contrary, Guo Tao broke free of her grip and stopped, turned her head and asked suspiciously, "Why should we let En En go back with you? Haven't you already asked everything you want to ask?"

In response, Lu Li showed a meaningful smile, "That also has to ask Deng students themselves."

Just when Guo Tao returned to the right body intended to ask, a sudden change!

Deng Bo'en suddenly drew her legs and ran, the speed of which was beyond everyone's expectation, with a head of half-length golden hair fluttering in the air, the reflected sunlight making people's eyes hurt.

"What is she running for?"

"Wouldn't"

In a sound of uncertain speculation, Lu Li and colleagues did not take much effort to hold the girl down.

The other side of the struggle while the other side actually issued a harsh scream: "I did not kill! People were killed by Ren Yumeng, why do not you arrest her instead of me!

"Wrongly accused!!!"

"Is the police so great? Can the police just arrest innocent people?"

Although Deng Boen's hands were pinned down, her mouth didn't stop.

Hearing her more and more outrageous, even began to insult the police, Lu Li also did not give face.

While walking in the direction of the army, he asked as if to scold: "You think you're innocent? Then why were your fingerprints extracted from the outer packaging of the murder weapon found not long ago?"

"You are afraid to forget, the night of the crime we have completed the collection of DNA and fingerprints of more than a dozen of you, just a little comparison results will come out."

"I I", Dunboyne hardened his mouth: "My fingerprints on it only prove that I touched the thing, and not in my locker found!"

"Besides, when Sun Tianyang died, I and Tao Tao and many others were outside the tent, they can all testify for me!"

The two of you and I have returned to this place where Qi Ziang and others are.

Deng Boen is still struggling unconvincingly, during the corner of the eye unintentionally skimmed this moment is sitting on the steps of Jiang Tianyu, naturally is to notice the other party's face that is full of sarcasm expression.

Stupid.

Then, she saw the shape of the other party's mouth.

Just before she could react, Qi Ziang next to her had already opened his mouth lightly: "We only mentioned that we found the outer packaging of the murder weapon involved in the case, but we didn't say where we found it, how are you so sure it wasn't found in your locker?"

Dunboyne blushed and stammered, "Because because"

"By the way, the police also found your fingerprints on the inside of Ren Yumeng's locker door, not to mention that it was accidentally touched."

“We can also find the corresponding supermarket according to the label on it and retrieve the payment and other related records to find the purchaser’s.” Qiziang sharply cut off all the other party’s retreat, and raised his chin at Lu Li and the others, signaling them to take the person away.

“I really didn’t kll anyone! Woohoo!!!” Seeing that the police were going to come for real, Deng Boen’s knees went weak, if not for the fact that her arms were cut behind her back, I’m afraid she would have sat on her knees at this point.

She snotted a tear a cry so sorry miserable, choking again for their own defense: “knife is I bought before going out camping, but that day shortly after arriving at the camp, I found the backpack do not know who opened, the knife is also lost.”

“But we brought those things, which are supposed to be available to anyone, so I didn’t care until

“Until you found Ren Yu Meng out of the tent, still holding the knife you lost?” Lu Li went on down her words.

Deng Boen nodded vigorously and sucked in the snotted that was about to run out: “Originally I didn’t feel anything, but, but Ren Yumeng was let out by you guys!”

“I was afraid that I would be involved, thinking that people were killed by her anyway, so I

This time not only Lu Li, everyone present felt speechless to the extreme.

Eventually, Qi Ziang still opened his mouth: “First bring back to the bureau.”

The falsification of evidence, obstructing the investigation of the case, seriously pursued, is not a trivial matter.

So instead of letting Deng Boen argue, the two police officers quickly took her away from the place and disappeared from the public’s view in no time.

When relative silence returned to the surrounding area, Qi Ziang turned to look at Sun’s mother who was already dumbfounded: “The beginning of every case does not represent the end, so I hope you can understand the way the police handle cases.”

Sun’s mother smiled sarcastically, “The officer is right.”

“Now” Qiziang raised an eyebrow in the direction of the steps, the meaning is self-evident.

The woman was still a little reluctant, perhaps feeling unable to pull off the face, her posture squirming and refusing to go forward.

Jiang Tianyu did not care, before everyone did not react quickly took out his cell phone, dialed a phone.

“110? I want to call the police.”

Sun’s mother: “!!!”

Qiziang: “.....”

Every Time I Wake Up, I Become A Suspect - Chapter 45 - Tips

The police station in charge of security in this part of the university city came to the police when they saw several people in police uniforms standing there, the mood is a little confused.

But after a preliminary understanding of the situation, they took Jiang Tianyu and Sun’s mother, the two parties involved, back to the police station.

In an office, the two sat opposite each other, and next to them, the old police officer was sitting leaning on the desk, persuading bitterly.

Through the air vaguely diffuse a thin layer of smoke, Jiang Tianyu eyebrows are all cold, while the mother of Sun is always squirming, wringing his body refused to speak first.

“I said old sister.” The police said half a day, feel some dry mouth, picked up a cup and drank two large mouthfuls of tea, then again out: “We are this age, how to be so impulsive? I do not look like the young girl also want to claim compensation for the look

“You apologize first, her side understands, we go through a procedure to sign a letter you can go back.”

“My son because of her” Sun’s mother still wants to hold on to the matter of Sun Tianyang’s death, but fiercely into the cold eyes of the person opposite, suddenly felt some weakness.

The other half swallowed back, she lowered her head and opened the bag she was carrying: “I’ll pay for it, how much compensation do you want?”

“One hundred thousand.”

“!!!” Sun’s mother thought she had heard wrong, after seeing the old police officer was also stunned, she instantly stood up, arms crossed and yelled: “One hundred thousand?”

You might as well go to the robbery? I see you are young, how can you have such a black heart!"

"How do you not feel black-hearted when you casually say some untrue news in front of so many people at school?" Jiang Tianyu sneered back.

"Either apologize, or be detained."

"You!" Sun's mother looked like she was about to rush up again, but halfway through the old police officer was pushed and shoved into the corridor outside the office.

Because the door was not closed, so Jiang Tianyu could clearly hear the conversation between them.

Through the gap, she looked coldly at the two figures in the corridor, no half ripples in her heart.

It's not that I don't pity the other side's pain of losing a son, but even grieving people have to be reasonable.

If people are really killed by Ren Yumeng, then the mother of Sun even swing a hundred slaps, she will stand there motionless hard.

But what if it's not? Everything still has to wait for the police to confirm the news.

In her opinion, Sun's mother does not care who killed Sun Tianyang. No matter who the target is, what the other party wants right now is just to selfishly vent their frustration.

The company's main business is to provide a wide range of products and services to its customers.

In the end, this drama ended with an apology and a standard ninety-degree bow from Sun's mother.

After fulfilling the relevant formalities and walking out the door of the police station, she saw two people waiting anxiously outside to greet Sun's mother.

A man and a woman, it seems to be a father and daughter.

The company's main goal is to provide a solution to the problem.

Jiang Tianyu walked to the side of the road without looking away, ignoring the three people who were whispering together not far away, and who were occasionally stealing glances at her side, waved and stopped a cab, got in and left.

After returning to the house Ren Yumeng's parents rented temporarily, located near the school, she ate a beautiful home-cooked meal, and then chatted with the two old people for a while before going into the bedroom.

Ren Yumeng's parents had wanted her to take a long vacation to go home and rest after such a terrible thing happened to their daughter, but Jiang Tianyu refused, so they had to stay here and take care of her closely for a while.

The night was dreamless.

The next day, Ren Yumeng's class schedule was full.

Jiang Tianyu packed up early, carrying her bag with her books, and stepped into the door of the teacher training college in a hurry.

However, she did not run in the direction of the Department of Biology, but chose a fork in the road and arrived at the downstairs of the complex five or six minutes later.

After pulling out her cell phone to determine her class schedule, she put on her mask and walked into the building with her head slightly hanging down.

Then she climbed the stairs to the third floor, passed through a few closed doors, and finally entered a classroom with a capacity of about 200 people.

At this moment, there are only a few students sitting in the classroom, Jiang Tianyu walked to the penultimate row, found a convenient position to run from the back door at any time, and put down his backpack and books.

It didn't take long for the crowd to grow.

Although Ren Yumeng's name is quite famous in the teacher training college, but the number of people who have actually seen her and know what she looks like is very limited, plus Jiang Tianyu used a mask to cover most of her face, so it was quite safe for the time being.

To be on the safe side, she put the hood on the back of her short sleeves on her head again.

Finally, amidst the chatter, two girls walked into the classroom through the front door.

Jiang Tianyu unobtrusively put away the books she used to occupy her seat in advance, with headphones in her ears, she lay down on her desk.

As expected, when the two girls found that there were still empty seats at the back of the classroom, they rushed over at a run.

After asking the students on the other side of the outside, the two of them settled down with a happy face.

Once seated, the girl next to Jiang Tianyu's side, with two twisted braids, put her cell phone on the desktop, took out some cosmetics and a small mirror from her bag, and opened her mouth briskly: "I told you, there is an advantage of coming late, this position today, is simply perfect."

The other girl smiled warmly and softly, a long dark chestnut curly hair draped behind her head, big eyes and small mouth, a standard beauty.

"Yes, yes, yes, everything you say is right."

Jiang Tianyu's eyes were slightly narrowed, and with the corner of her eyes she saw the real look of the legendary Sun Tianyang's girlfriend, Sister Wang of the Foreign Language Department.

The first time I saw him, I was able to see that he was the only one who had ever been in the room.

The classroom discipline of the big class has always been more difficult to manage, as long as the teacher with a microphone in front of the hissing imparting knowledge, the second half of the classroom is still chaotic.

And the first twenty minutes or so of this class, the twisted braided girl spent in makeup.

When she finally finished a complete makeup look, she looked in the mirror to admire and adjust the details while opening her mouth, "By the way, Pan Pan."

"As soon as I took this elective class I remembered that heel of yours, the man was gone cold, and I felt creeped out just thinking back to him accompanying you to this classroom."

"What are you talking about?" Wang Pan Pan frowned slightly, even if the words of reprimand, through her soft voice said like a petulant: "After such an accident, everyone feels sorry"

The actual fact is that you can find a lot of people who are not able to get a good deal on a lot of things.

"I heard that he was stabbed to death by a girl from the street dance club."

“What’s the grudge? Pan Pan, it’s a good thing you didn’t say yes to his pursuit, I think this person’s character is definitely not good.”

“Typical central air conditioner, eating from the bowl and watching the pot. He is chasing after you on one side, and on the other side he is attracting a girl from a club, this is called self-inflicted evil.”

Jiang Tianyu: “.....”

She was about to believe what she said, and indeed dangerous gender relationships have been talked about from ancient times to the present.

The police have clearly used the release of this practical action to prove the innocence of Ren Yumeng, but these people actually all choose to turn a blind eye, gossip is how to catch people’s eyes how to spread.

“We are just ordinary friends.” Wang Pan Pan softly explained a sentence, and then did not want to talk much.

The company’s main business is to provide a wide range of products and services to its customers.

The one-hour class passed quickly, and with the teacher’s ‘class dismissed’ on the podium, more than a hundred students were like wild horses that had escaped from the reins and instantly took the door.

Jiang Tianyu still seems to be asleep, lying motionless on the table.

Wang Pan Pan and twisted braid may be too lazy to squeeze, but also has been sitting on the seat and waiting.

The next second, the twisted braid suddenly whistled and then joked, “Yo yo yo yo, Pan Pan, here comes another one of your followers.”

Jiang Tianyu smiled and looked towards the front of the classroom after changing her posture.

Only to see a boy standing by the door, all h/p and with a head full of dirty braids. His features were ordinary, but the clothes he was wearing set off the whole person who did not look ordinary.

“Oops, I’ll leave you guys alone, remember to bring me a cup of fruit tea when you go back to your dorm room.” The most important thing is that you can’t be afraid of the world.

And Wang Pan Pan seemed to be angry back, “We are just friends.”

The company's main goal is to provide a comprehensive range of products and services to the public.

The company's main business is to provide a wide range of products and services to its customers.

The two people are really on par with each other and each other.

The two of them walked out of the classroom one after another, and she packed up her things and followed them.

The campus is full of people, so Jiang Tianyu did not deliberately hide her figure, so not far behind the two, the pace is leisurely as in a walk.

Finally, the two people in front of them entered the cafe located on the first floor of the library and chose a window seat to sit down.

Jiang Tianyu naturally had to follow, after paying the price of \$28 for a cup of iced American, she sat in a position diagonally behind the two, always paying attention to the movement there.

But before she could get any useful information from Wang Pan Pan and the male student, she found that many people in the cafe were discussing the murder of Sun Tianyang.

Helplessly hold forehead, this case must be solved as soon as possible.

The real Ren Yumeng is a child with a soft and fragile personality, and the damage caused by these untrue statements to her psychologically may be irreversible.

After all, from the original owner's point of view, she did not do anything wrong, only accidentally fell in love with a boy, only to get involved in such right and wrong.

"By the way, I asked you to go hiking last week, fortunately you didn't have time."

A male voice coming from behind her managed to bring Jiang Tianyu back to her senses.

Climbing a mountain?

When she was suspicious, the boy continued, "I wanted to take you to the city's most famous Hong Mountain, but I never thought something would happen there."

"You should have heard about the news of our school's street dance club, right?"

Every Time I Wake Up, I Become A Suspect - Chapter 46 - Tips

"I heard." Wang Pan Pan took a sip of coffee and then responded softly, "It's strange and pitiful."

The dirty braid boy subconsciously let out a 'snort', but quickly collected a slightly unrestrained expression: "Pan Pan, you are also too kind."

"Sun Tianyang ignored your rejection and harassed you for a long time, isn't it to blame for this kind of thing to happen?"

Jiang Tianyu 'dong' swallowed a large mouthful of iced coffee, then frowned, this is the second time she heard this argument today.

Wang Pan Pan smiled helplessly: "He's actually not a bad person."

Then, the topic was led elsewhere.

The two people who looked back and laughed, Jiang Tianyu could not help but feel that this Wang school sister to get along with the opposite sex to grasp the degree of very precise, simply a whole pinch.

Sun Tianyang is certainly not bad, otherwise there would not be so many people in the street dance club have seen Wang Pan Pan and him in various corners of the campus in pairs.

The only thing that can be said is that Wang Pan Pan has never explicitly rejected the other side.

It is just like Sun Tianyang to the former director Yu Meng general no two.

The girl looks the most pitiful after all.

A silent sigh, Jiang Tianyu lifted his hand and gently patted his shoulder, as a comfort to another soul in the body.

The two people talked to each other after that, most of them were somewhat mushy, specious love words, not long after Wang Pan Pan took a phone call, and got up with an apologetic face to say goodbye.

Jiang Tianyu tugged her backpack and planned to follow, but she didn't expect another person to push the door, making her hesitate for two seconds before sitting back down again.

“Hey, buddy!” The person who came straight to the dirty braided boy’s table, warmly greeted, and then nonchalantly sat down on the opposite seat.

This person looks extremely familiar, it is the same male member who opened his mouth to persuade Jiang Tianyu and Deng Boen to stop fighting in the practice room of the street dance club yesterday.

The other side is still wearing a tight undershirt wrapped around a strong body, in the campus, walking everywhere is very eye-catching existence.

A little recollection, Jiang Tianyu sure that this male member named Zhou Yu, usually no matter the club inside and outside the performance are very active.

Originally, the old president stepped down, everyone thought he could become the new president, but I did not expect to end up being Guo Tao to interfere and spoil the good thing.

Thinking of this, she felt slightly headache, although this time the body is only a student, but the people around, no matter the number or relationship, surprisingly more complex than Zhou Ya and Guan Miao Miao.

“Where is Wang Pan Pan? Didn’t you send me a WeChat to come over and see my soon-to-be girlfriend?” Zhou Yu sat in a bold posture, his legs were spread wide apart, and he also put his left hand on the back of the chair next to him.

“Got an emergency to go first.” The dirty braided boy drained the rest of the drink in his cup.

“Tch, it’s fvcking hard to get.” Zhou Yu looked disgruntled again, “Chen Qihao, don’t take her too seriously, I don’t think this girl is a good fighter.”

“Now there are rumors in our street dance club that she is Sun Tianyang’s girlfriend.”

“I know what’s in my heart, dead people are still so busy?” The dirty braid boy was very impatient.

Zhou Yu skimmed his mouth, then as if suddenly remembered something, his body slightly leaned forward: “You did not want to ask Wang Pan Pan and our street dance club to climb the mountain camping together last week, I sent you the location, why did not you come ah?”

“But fortunately did not come, came things are not necessarily turned into what it is.”

“Right, go out at night, by the way, pick up the wind for me, go to bad luck!”

“Okay.” The dirty braid boy agreed to be quick.

“Or is it the same place?”

“Don’t, go to the other side of the flower today, I’ll make a phone call to book a loose table.” As they spoke, the dirty braid boy and Zhou Yu both got up.

Within a few seconds, their figures disappeared inside the cafe.

Jiang Tianyu did not follow him this time, but continued to sit at the table for a while, looking serious, as if he was thinking about something.

From what Zhou Yu said just now can barely get a few information.

First, the original street dance club went out camping day, the dirty braid boy also intended to take Wang Pan Pan to go, just do not know why ultimately did not make it.

Second, the dirty braid boy is called Chen Qihao.

Third, the two were going to a place called ‘Pisanhua’ at night.

Since the day of the murder, Zhou Yu sent the location of the campground to Chen Qihao, the other party is sure to know the whereabouts of the street dance club.

There is no surveillance camera near Hongshan, he went in the end, who can say.

As for the ‘other side of the flower’ if she remembered correctly

Jiang Tianyu took out her cell phone and searched a little, to determine the other side of the flower is indeed a nightclub in the city.

She naturally thought of the hallucinogenic agent found in the bodies of the deceased Sun Tianyang and the former director Yu Meng.

There are not many kinds of prohibited drugs that contain this ingredient, and although the state has long stepped up its efforts to control them, they are still circulating in the black market privately.

Contemporary young people will also occasionally buy such soft du products, the name says not addictive and can be high.

The nightclub, sounds like a place where you can get access to such things.

The eyes flickered slightly, Jiang Tianyu after a return to his senses, picked up his bag and quickly walked away.

.....
It was night.

A whole street is illuminated by neon lights as bright as day.

Jiang Tianyu stood by the roadside, breathing in the slightly moist smell of car exhaust mixed with various perfumes in the air, lowered the brim of her hat and turned to walk forward.

When she passed the entrance of a bar, she looked at the flashing signboard with the word 'bl00d' and inevitably felt absurd in her heart.

She stopped for a moment, and only after a few seconds did she blink slowly.

For a while, there was a sense of time and space dislocation.

By the time she arrived at the nightclub called 'The Other Side of the Flower', the time had come to 7:30 p.m. She chose a loose table near the entrance, ordered a signature cocktail, and then began a long wait.

Finally, at nearly nine o'clock, Jiang Tianyu saw two familiar figures in the increasingly crowded crowd.

Zhou Yu and Chen Qihao, the dirty braided boy, were at first just sitting in front of the pre-arranged table, drinking beer and chatting.

As the atmosphere in the store gradually heated up, coupled with the body's alcohol levels climbing, the two men's eyes also began to become wandering.

The dj and dancers on the stage also quickly pushed the scene to another high chao.

After bouncing around the dance floor for a while, the two returned to their seats, moving away from the crowd.

During this period, Jiang Tianyu's face was expressionless throughout, and she even wanted to yawn a little.

But in the next second, she instantly brightened up a little spirit.

Only to see a small man with a thin figure, wearing a hood to see his face, came to the side of Zhou Yu and Chen Qihao. The two seemed to be no stranger to this person, after greeting each other, quickly chatted into a ball.

On the surface of the past, it seems nothing worthy of special attention.

Until the small man half a bottle of beer down, and left and right after observing some, sneak out of the trouser pocket to feel something, in a lightning-fast moment to stuff things into Chen Qihao's hand.

Chen Qihao took advantage of the cover of the small table in front of him to look down, then smiled and gave Zhou Yu a wink.

Immediately afterwards the three raised their beer bottles together and clinked them to each other.

Jiang Tianyu tilted his head, and the bottom of his eyes, which were leaking outside the mask, flashed a glint of light.

Ten minutes later.

She sat on a bench on the roadside opposite the Pisan Flower nightclub, watching with a satisfied face as two police cars crossed outside the store, and a team of police officers rushed in one after another in a very orderly manner.

“What's going on here? A fight?”

“It seems not, fight not early movement out, I see more like public security inspection.”

“Which time the inspection is not the whole street together, and then also to sample a few, I think this other flower should not be what the whole work, let people to focus on it?”

It is human nature to watch the hustle and bustle, and soon the crowd gathered around in twos and threes and began to talk about it.

After a while, a man in his early twenties glanced down at his phone and uncovered the mystery for everyone: “I happen to have a friend who works at the other side of the flower, and it was reported that there was an illegal trade in prohibited drugs inside the store.”

“Fvck? Shake tou, wan or something else?”

“This is not very clear, only that the police did arrest a few people, in their bodies also searched for things, estimated that a while should come out.”

“Abortive life oh, is the store to steal and sell?”

“I do not know”

“Eh? Is not out?!”

In a noise, not long ago the team of police rushed in to escort several people came out.

The onlookers saw the situation are crowded forward, trying to get the first-hand news in the first time.

Through the gap between people, Jiang Tianyu sat on a bench and managed to spot Chen Qihao's trademark dirty braid among the few people brought out, as well as Zhou Yu's invariably tight-fitting undershirt.

Satisfied with a smile, she got up and turned her head toward the bus stop not far away.

I have to say, 110 is really a good thing.

The recent movement about Jiangcheng City Teachers College, think Qi Ziang they are in the serious crime unit will certainly focus on, as long as the police take people back later, Jiang Tianyu sure that the city bureau side will soon get the news.

As for the day of the crime Chen Qihao in the end to the crime scene, Ren Yumeng and Sun Tianyang body hallucinogenic ingredients in the hands of Chen Qihao is consistent with the inconsistency, that is the police to worry about things.

She believes that Qiziang's meticulous work, will be able to Sun Tianyang, Chen Qihao and Wang Pan Pan between the situation smoothly.

She suddenly remembered Deng Boen, who was taken away yesterday, and wondered what the situation was now.

"Station ahead, University City"

The mechanical female voice on the bus announcing the stop brought Jiang Tianyu back to reality, she organized her messy thoughts and got off the bus after the other passengers in turn.

Unexpectedly, as soon as she got off the bus, she heard the sound of sirens coming faintly from the distance.

She narrowed her eyes suspiciously, because the distance is too far, and there are several colleges and universities in the east of the university town, so for a while she was not sure where the commotion was coming from.

At this age, most students are young and vigorous, and it's not strange to have a fight once in a while.

With a shrug, she turned around after identifying the direction and prepared to return to the house that Ren Yumeng's parents had temporarily rented.

But at that moment, the phone held in her hand suddenly rang.

“Hello?” After pressing the answer button to his ear, Jiang Tianyu unconsciously stopped in his tracks.

On the other side came the somewhat shrill voice of the original owner’s roommate: “Meng Meng, where are you? Our school is dead again!”

Every Time I Wake Up, I Become A Suspect – Chapter 47 - Tips

0 8 minutes read

Jiang Tianyu is from the university city bus station all the way back to the Jiangcheng City Teachers College.

This distance is not close, but far away at this time can not stop a cab.

During the period she also did not forget to call Ren Yu Meng’s parents, casually pull a classmate party reason to muddle through.

The first thing you need to do is to take a shortcut through the woods.

In less than five minutes, Jiang Tianyu saw the flashing police lights ahead, reflecting the entire library building in front of her in blue and red.

“Meng Meng! This way!” The two roommates who went to the Public Security Bureau to pick her up that day were on the outermost side of the crowd, bouncing while waving their hands vigorously this way.

After slightly adjusting her breathing, she took a quick step over: “What’s the situation?”

“I’m not really sure ah, or in the class group saw the news before running out.”
Roommate shook his head.

“The result to this side, people have been surrounded by several layers, simply can not squeeze in, only from the mouth of those students in front of the general heard some.”

Another roommate nodded in agreement: “said the man was found full of blood, the first to see the scene of the students were directly stunned past!”

“Anyway, there are seven or eight versions of what is said, I do not know which one to believe.”

Jiang Tianyu heard, subconsciously held her breath until the phone in her hand rang again.

She looked down at the caller ID on the screen, there is no special expression on the face of the connection: "Officer Qi."

"I'm at okay." After hanging up the phone, she and her two housemates gave a brief explanation, and then walked around to the west side of the police line.

There, Lu Li was waiting for her.

The man's expression looks very serious, and the tightly furrowed brow fully illustrates the seriousness of the matter.

When walking forward behind Lu Li, Jiang Tianyu saw the officers and forensics of the technical section busy back and forth not far away, the original calm thoughts surged up again.

Is it a coincidence? Or is it the same person who did it in the Hongshan camping area?

If it is a coincidence, then Qi Ziang will not find her, so from the obvious point of view, the two cases must be related.

What about Deng Boen and Chen Qihao, who was just taken away by the police not long ago? When it really has nothing to do with the death of Sun Tianyang? Or is it that from the beginning she has been completely wrong direction?

The first thing you need to do is to get a good idea of what you're doing.

The two of them would point to the ground in front of them from time to time.

"Qi team." The company's main business is to provide a wide range of products and services.

Qiziang again instructed Zhang Ye two sentences, then stood up and took off his gloves and walked over.

"The deceased Wang Pan Pan, our foreign language department in the third year of study, the body was found in the warehouse behind the first floor of the library." He did not have too much nonsense, straight to the point: "The time of death preliminary judgment about eight hours ago."

Boom!

It was as if something instantly exploded in Jiang Tianyu's brain.

"Wang Pan Pan's was also killed by someone stabbing him in the heart, and the murderer's modus operandi seems to be exactly the same as Sun Tianyang's case."

“The difference is that this time the murder weapon was not left at the scene.”

“You just got out of the police station on the first foot, and another case with such a high degree of similarity appeared in the school on the second foot, if you are the police, what do you think?” Qiziang’s scrutinizing gaze had fallen on her body without moving as he spoke.

“..... should feel that you have misjudged and let a murderer go, right?” Jiang Tianyu returned tentatively, frank as ever.

“This afternoon, the time between two and four, where were you?” After the drama of Sun’s mother during the day yesterday, Qi Ziang seemed to be able to calmly ignore whatever she was doing, and then asked.

After thinking back carefully, her expression suddenly became somewhat fantastic, but finally she opened her mouth, “I was in the lib.rary.”

Originally, Ren Yumeng had an elective class in the afternoon, but because of an accident last week that delayed the progress of her major class paper, and the class group happened to be pressing, she had no choice but to skip class and go to the lib.rary.

The words fell, Jiang Tianyu watched the expressions of the two big men opposite.

They didn’t seem surprised, they obviously already knew about it.

So she then stretched her hands: “Since you already know my whereabouts at the time of the crime, you must have checked the surveillance, I was in the study room on the eighth floor most of the time, and only went to the bathroom twice in the middle.”

“Each time about three or four minutes away from the seat, from the first floor to the eighth floor, even by elevator round trip is not so fast, let alone I have to take time to kill a large live person.”

Surprisingly, after hearing what she said, the reaction of those two was quite fantastic.

Qiziang lowered his eyes and frowned, as if he was thinking about something.

And Lu Li is more simple and straightforward: “The lib.rary’s monitoring suddenly broke down this afternoon, so the monitoring only captured the picture of you entering the lib.rary, and nothing else.”

“Now the only thing that can be determined is that Wang Pan Pan in the library half an hour after you entered the library, came to the entrance of the library to brush their student cards.”

The case of Sun Tianyang’s death, Jiang Tianyu was relying on the murder weapon to finally be able to clear the suspicion on Ren Yumeng.

This time it is not known whether the killer intended or not, directly did not leave any evidence and obvious traces at the scene.

This makes the evidence that the police had deduced from the murder weapon become precarious.

As expected, the next second Qiziang again opened his mouth: “Before we killed Sun Tianyang based on the murder weapon fingerprints and your body hallucinogenic dose and other evidence, proved that you were in a coma at the time of the crime, is completely incapacitated.”

“But what if, you took the drug containing hallucinogenic ingredients on your own only after you did it?”

“And before passing out or after waking up, you erased the original fingerprints on the murder weapon and changed the grip.” The more the man said, the more silent the look on his handsome face, as if it was a moment of peace before the storm.

“After all, your willpower after the crime exceeded everyone’s imagination, and thinking has been clear, it is not difficult to do this.”

After this long speech of his, Lu Li nodded approvingly and took over, questioning in a very authoritative tone, “Ren Yumeng, what are you going to take this time to prove your innocence?”

Jiang Tianyu blinked calmly, a ‘I don’t know what to do’ look on her face, then raised her eyelids and looked over.

For some reason, a sense of foreboding suddenly emerged in Lu Li’s heart.

Sure enough, the next second the girl snapped crisply: “Strange, why do I have to prove, is not this the work of your police?”

“.....” Lu Li was choked by her almost did not come up with a breath.

After a few seconds, he barely maintained the surface calm: “Then please Ren students to go back to the bureau with us tonight, after that we will talk about things later.”

The implication is that no one can say what the outcome of this second visit will be.

"It's not that I don't want to prove it, I really think I'm pretty suspicious too." Jiang Tianyu helplessly spread his hands: "After that if the police want to investigate my trajectory in detail this whole day, they will find that I have been running behind Wang Pan Pan's a.ss like a pervert."

Adhering to the principle of 'first to speak is strong', she said something that made everyone present very shocked.

Lu Li even repeatedly confirmed with some disbelief, "Ren, you know the name of the latest victim is Wang Pan Pan, right?"

"I know." Jiang Tianyu nodded her head.

She also knew how risky it was to tell the truth, the police would soon find out the entanglement between Sun Tianyang and Wang Panpan, so that Ren Yumeng's motive for the crime would become more and more obvious.

And Lu Li that face 'you're hopeless' expression is different, Qi Ziang a few minutes ago after issuing those soul questioning, turned his head and find up the technical section of female officers Zhang Ye continue to exchange the basic situation at the scene of the crime to go.

At this time, he finally spared a trace of afterglow on Jiang Tianyu's body.

The next second, the man suddenly stepped away and walked to her side.

Under several surprised gazes, a large hand grabbed her right wrist.

The bony fingers formed a stronger, visual contrast with the overly slender wrist, and the warm sensation coming from the wrist bone made Jiang Tianyu's eyebrows jump.

"You've been to a nightclub?" Qiziang raised his eyebrows and looked down at the luminous seal on the back of her hand.

"Yes....." Jiang Tianyu was about to open her mouth to answer when she suddenly seemed to remember something important, breaking free from the other party's not-so-forceful grip and slapping her head with her right hand: "Tonight at a nightclub called Pisan Flower, the police received a report and went out to the police, bringing back a number of people who were privately trading in prohibited drugs."

"Among them are two students of the Teachers College, you say coincidentally, one of those two students, who also happens to be a member of the street dance club."

"The other one is even more remarkable, and today's deceased Wang Pan Pan is an ambiguous relationship, that is to say, with the last deceased Sun Tianyang is a love rival relationship."

“I seem to have suddenly found a way to prove my innocence.” Jiang Tianyu said a big step forward, directly under the eyes of Qi Ziang: “Officer Qi, I can cooperate with the police investigation and go back to the bureau with you later.”

“So can you guys take a small trouble to check the two students who bought the prohibited drugs to see if they have anything to do with the hallucinogen in my body or not?”

“In case there really is that slight connection, don’t you think my suspicion of tampering with evidence will be cleared?”

Qi Ziang did not respond, but after two seconds of silence, he raised his chin at Lu Li.

The other party will understand, instantly took out the phone and went to the side to contact someone to go.

“The first thing you need to do is to get a good understanding of this matter. The two people who went to the other side of the nightclub together?” Qiziang narrowed his eyes and opened his mouth to inquire.

Then he frowned a little incomprehensibly, as if talking to himself: “And the sale of prohibited drugs this kind of thing, the police is easy to receive a report with a statute of limitations, unless

The police can’t easily receive a time-sensitive report unless they are in the presence of his eyes, Jiang Tianyu slightly raised her chest: “I reported it.”

“Maintain social stability and harmony, everyone is responsible!”

Every Time I Wake Up, I Become A Suspect – Chapter 48 - Tips

0 8 minutes read

Without surprise, Jiang Tianyu returned to Jiangcheng City Public Security Bureau in the latter part of the day.

When she arrived, she coincidentally saw the former director Yu Meng’s parents waiting in the courtyard, their faces full of worry, and they hurriedly greeted her when they saw her.

All she could do was to keep her tone light and try her best to calm them down at least a little.

But they refused to leave, insisting on waiting for news in the car downstairs.

The company's main business is to provide a wide range of products and services to the public.

When the elevator door slid open again, she did not use others to open the urging, straight towards the direction of the interrogation room.

And after wandering a bit in front of several interrogation rooms, she finally jumped headlong into room number 3.

The last time you were quickly cleared of suspicion, it was in this interrogation room 3, she felt here for herself, more or less tainted with a bit of luck.

"....." has been following her, will be her whole self-help trial action in the bottom of the eyes of the Lu Li quite feel speechless.

The company's main business is to provide a wide range of products and services to its customers.

The first thing you need to do is to think about it for a few seconds, and then he lifted his feet and went in.

The first thing you need to do is to get back to the bureau before they come back in this car, and now you don't see anyone, maybe they are busy.

And Lu Li does not know if it is because she appreciates the two good use of 110 actions, attitude has been very kind.

From she can move freely without being handcuffed on this point can be seen.

Because the captain did not receive the next step on what to do instructions, Lu Li looked a little bored, two people in the interrogation room wide-eyed for a long time.

Close to the early hours of the morning, people are prone to sleepiness, even if it is often overnight in the city office building, also fell into a quiet.

In the corridor, along with a 'ding' sound, a tall figure came out of the elevator.

Qiziang stopped in his tracks and looked at the four open doors of interrogation room No. 3 and the empty Xiao Xie inside, he was slightly stunned.

Immediately, he heard the sound of talking coming faintly from the end of the front.

Walking to the front of the lounge, he saw the scene inside the glass door. He saw Jiang Tianyu and Lu Li standing in front of the windowsill, one left and one right, holding a bowl of bubble noodles that were still steaming, sucking on them with great pleasure.

Lu Li, while eating, also asked vaguely: "The brown car below, is your home? Your parents are sitting inside right now?"

"So old, strange not easy, a little later in the afternoon I persuade for you, let them go back to rest early."

"These two people are very stubborn in character, you might as well let me out early." Jiang Tianyu responded casually, in passing, also took a bite of ham in his hand.

"Investigate the case well, can not rush young people, more patience is the virtue." Lu Li began to shake his head, then his tone was full of curiosity: "So you heard about Sun Tianyang and Wang Panpan's relationship in the street dance club, and then ran to approach people?"

"Approaching her is fine, and what are you doing following that Chen Qihao?"

"To prove my innocence." Jiang Tianyu's mouth was stuffed, but she didn't delay in speaking: "I usually have to go to school anyway, so it's just a matter of passing by. You are so busy with the Major Crime Unit, it takes time to figure out these relationships."

"Besides, do you know what it means to have the perspective of the person involved in the case? I can see things that you police officers can't even see by scratching their heads."

"So powerful, why don't you take the police academy?" Lu Li scoffed at this.

". I'm obsessed with biological sciences can't I?" Jiang Tianyu refused to suffer and retorted.

As she spoke, she slightly turned her head sideways and then glanced at the dark figure standing at the door.

"Officer Qi." She raised her hand to wipe a handful of grease stains on the side of her mouth, and then raised the standard toothy smile: "You really work hard, it's almost 4:30 in the morning, want to come over and eat together?"

One side has been dumbfounded Lu Li will hang in the mouth half of the noodles quickly ate in, look to the people around the eyes of full ten amazement.

It is as if to say: brother, how do you dare to smoothly shoot the horse's a*ss like this?

Qiziang glanced at her with a smirk, did not answer and went to the coffee machine, took a disposable paper cup and gave himself a cup of paste coffee.

Jiang Tianyu nodded at Lu Li, and the two had a very tacit understanding to quickly eat their respective noodles clean.

“By the way, Qi team, where have you been?” Lu Li came forward and asked, “I just went upstairs to look for you, but I couldn’t find.”

“Went to the district anti-drug brigade.”

“Thanks to Ren’s law-abiding and firm character of absolutely not bowing to the forces of evil, the anti-drug brigade was too busy to send the people we wanted tonight, so I simply went over there with Xu.” Qiziang said.

Jiang Tianyu sniffed heartily down pursed his lips, although the other party’s tone of voice as always calm and no ups and downs, but it somehow felt very relevant.

A time can not help but feel a lot of emotion.

Since when did this person actually learn to be yin and yang?

Lu Li seemed oblivious, continued to ask: “people brought back? How is it? Did the trial take place?”

The company’s main business is to provide a wide range of products and services to the market.

“The district anti-drug brigade said that before they took people back, the two from the Teachers College had taken part of the prohibited drugs. When Xu and I arrived, two people were there excited, not over the energy.”

“Although the confession asked in the case of the person’s delirium does not count, but with the audio and visual information, when the retrial is easier to break down his psychological defenses.”

“So they do have a connection to the Hong Shan camping area case?” Lu Li’s eyes widened.

“Chen Qihao admitted that the hallucinogens in Ren Yumeng and Sun Tianyang’s bodies were related to him.” Qi Ziang said, drinking the coffee in the paper cup that had cooled slightly.

It turns out that on the day of the murder, Chen Qihao had planned to go camping with the street dance club, but was refused by Wang Pan Pan.

His idea is also very simple, if Wang Pan Pan can agree to go with him, basically will be a solid relationship between each other.

In addition, Sun Tianyang can also see who Wang Panpan actually likes in his heart.

But the sky is not as it should be, disillusioned and struck by the memory of Chen Qihao see the sweetheart this road does not go, so he has a plan.

So, he followed the location sent to him by Zhou Yu, and groped his way to the camp area at the foot of Hong Shan Mountain.

At that time, the street dance club was preparing the campfire and dinner, plus it was getting dark and the surrounding woods were thick and dense, so no one found him.

After that, Chen Qihao took the opportunity to mix the hallucinogenic drugs into the disposable cups used by Ren Yumeng and Sun Tianyang when everyone gathered at the campfire to play music and dance.

“Hiss” Lu Li listened to some hard to believe frown: “Such a big action, it is hard to believe that so many people in the street dance club did not find his?”

“That side is open to the public camping area, may occasionally appear a strange face, and no one will care.” Qiziang analyzed.

Jiang Tianyu also ended his silence at this moment: “So Chen Qihao wanted to put me and Sun Tianyang together, so that everyone in the street dance club could see that the two of us were living in a tent, and wanted to use this opportunity to block the possibility of Sun Tianyang and Wang Panpan continuing their contact?”

“It seems he still doesn’t know Wang Pan Pan very well as a person.” When she said this, her tone was clearly mixed with a hint of sneer.

Wang Pan Pan just wants to raise fish, whether it’s Sun Tianyang or Chen Qihao, she enjoys the thrill of being courted, and has nothing to do with whether that fish is single or not.

Maybe with a boyfriend or girlfriend, she would be more excited?

“No, then how did he make sure you two would be in a tent?” Lu Li asked the most crucial point.

Probably because Jiang Tianyu’s memory of the time of the crime had been vague, so Qi Ziang opened up for her: “According to Chen Qihao, Sun Tianyang should have been mistakenly thought to be drunk by the crowd after the drug effect came up and carried into the tent in a joint effort.”

"This point, Zhou Yu's statement also side by side to confirm the authenticity, he has the impression that Sun Tianyang was drunk, indeed two male members of the community to carry him in."

"What about Ren Yumeng?" Lu Li asked again.

Qi Ziang looked at Jiang Tianyu: "Chen Qihao said he bumped into you in the woods who had lost his wits a bit, and told you that Sun Tianyang was waiting for you at the tent, and you ended up wandering off on your own."

"....."

Jiang Tianyu suddenly leaked out an expression of incomprehensible words.

"He gave you two with the black market commonly known as 'listening water' prohibited drugs, a small amount of taking will have a kind of vain high feeling, an overdose will make people appear temporary amnesia symptoms, and then serious point eating death is also there."

By the time Qi Ziang's words fell, she rubbed her brow with her hand, and some not-so-clear images flashed in her mind.

"I remember that Sun Tianyang did drink a lot of wine that day, I guess he passed out directly because of the excessive amount of intake at once."

"I didn't finish the wine in the cup, and when I was halfway through it I felt some chest tightness and shortness of breath so I thought of going to a less crowded place to get some air." She explained a little.

This is probably why the original director Yu Meng is the last memory of the night of the crime is sitting under a tree to fight mosquitoes.

At that time there were no mosquitoes are not sure, that moment is likely to have begun to hallucinate.

"This also explains why you woke up early and were able to walk into the tent by yourself because the intake was much less than Sun Tianyang." Qi Ziang's eyes were deep, then turned around and rushed to Lu Li to instruct: "Although Chen Qihao said he had not approached Sun Tianyang's tent, it does not mean he is not suspected."

"I remember that many sets of footprints were collected around the crime tent in the Hong Mountain camping area, and two of them were not successfully compared with those of the street dance club."

“In a moment, you and Zhang Ye take someone to Chen Qihao’s dormitory, find the shoes he was wearing on the night of the crime, turn around and compare them again, see if you can get any results.”

“Roger, team Qi.” Lu Li looked a little excited: “I know, everything is still let the evidence speak to be safe!”

Jiang Tianyu, who was on the side, slowly lowered his eyelids after listening.

Could it be that could really be Chen Qihao?

The investigation has progressed to this extent now, she is in turn a little uncertain.

After making sure that Qi Ziang has no other orders, Lu Li quickly left the lounge.

Jiang Tianyu returned to her senses, looking at the man who was rummaging in front of the refrigerator for some food to fill his hunger, she asked tentatively, “Officer Qi, is it possible that I can leave when the results of the footprint comparison come out and Chen Qihao and Zhou Yu return to normal and smoothly undergo a second interrogation?”

“Theoretically, yes.” The first thing you need to do is to get a good idea of what you’re getting into.

The other side of the words a little hidden meaning, Jiang Tianyu puzzled raised an eyebrow: “Qi officer has any idea, why not say.”

“The interval between the two murders is not even a week, which for the murderer, the cooling-off period is very short.” Qiziang three bites will be a bread to finish, and drank a bottle of mineral water, which then said: “Given that the other two have intentionally pointed the suspicion to you

She skimmed her mouth and interjected, “So Officer Qi is thinking, I just don’t go out, he will not continue to k!!! people?”

“Or, if he can’t find a backstabber anymore, his actions will be somewhat restricted, thus buying the police some time.”

“The murderer of these two murders cannot yet be characterized as a serial k!!!er, because from the evidence available so far, there is a certain connection between Sun Tianyang and Wang Panpan.” Qiziang said, chose a chair at his side and sat down.

“Currently, the police prefer to start from the common points that exist between the two deceased, including but not limited to interpersonal relationships, daily life, hobbies and so on.”

“What I mean is that there may not be a third victim.” He finished, raised his eyes to look at the people who have returned to the window.

After two seconds of silence, Jiang Tianyu opened his mouth with a somewhat hoarse voice: “There are two things you are worried about now.”

“First, if this person is a serial killer, he succeeded in framing me in place when he killed Sun Tianyang. After that, he happened to find that I had contact with Wang Pan Pan, so he simply made a second move to create the illusion that I was a suspect. If I go out, the other side can not guarantee that they will choose to do it a third time.”

“Second, if he is not a serial killer. Officer Qi, you are not suspecting that this killer’s ultimate target is me, right?”

“Are the police afraid that I’ll go out with my first foot and get killed with my second?”

Fingers unconsciously tapped the desktop beside him twice, Qi Ziang smiled faintly: “It’s not as serious as you say.”

“Is there any other better way?” Jiang Tianyu side face, very sincere question: “A short period of time to stay in the Public Security Bureau can indeed, but Qi officers think, how long can the case be solved?”

“Three days? Five days? Or a month? Two months?”

“This will not drag on for long.” She expressed her opinion, “If the other party is a serial killer with a short cooling-off period, whether I go out or not, he will eventually not be able to control his impulse to strike again.”

“If that person’s final target is me, and the deaths of Sun Tianyang and Wang Panpan didn’t leave too many strong clues and evidence for the police, is this case going to be shelved?”

“It’s not fair to anyone.”

No matter what happened to the victims during their lives, they and their families should have the right to know the truth. And those who have deprived others of their lives should be sanctioned justly by the law.

As her words fell, there was complete silence in the lounge for a good half day.

Qiziang posture is very relaxed leaning on the back of the chair, crossed legs, an arm on the desktop, a hand against the chin. The black eyes are slightly drooping, I do not know what is being calculated in the heart.

The police have no right to restrict your person even if you are a free man.”

“But still, please Ren students will set my phone to speed dial, the next period of time is not recommended that you act alone.”

“Of course, it’s perfectly fine to make good use of 110, and I’m sure this is something you’re very good at.”

The corners of Jiang Tianyu’s mouth twitched untraceably twice when he was coldly shaded, and was about to speak but was interrupted again.

Only to see Qi Ziang rose from his chair, after glancing in the direction of the door, opened his mouth and said, “If there is nothing else, you can leave now, there are still people waiting for you downstairs, right?”

“Older, let them go back to rest early too.”

She froze, and then glanced out the window, the sky had already penetrated the not very obvious fish belly white, but the brown car is still visible inside the dim light.

The heart suddenly became soft, the good news is that Ren Yumeng still has a loving mother and father, I believe that even after she woke up, surrounded by love every day will be easier to be cured of psychological trauma, right?

This, she is much more fortunate than Zhou Ya and Guan Miao Miao.

Those two can live a better life, so she must be able to.

After taking the backpack that had been placed on the chair next to her and carrying it, Jiang Tianyu thanked the man and walked briskly out of the lounge door.

The company’s main business is to provide a wide range of products and services to its customers.

Suddenly, the man tilted his head in a small way.

Short hair, tall and slim back, and a completely different look of sophistication.

Why does Ren Yumeng make him feel somewhat familiar? Is it the personality?

But they are the same and yet different.

Double shoulder bag?

Qiziang uncertainly raised his hand and pinched his brow hard, and then shook his head helplessly.

The streets are full of people who like to carry shoulder bags, and the sudden emergence of this idea makes him feel too ridiculous.

Perhaps the recent work pressure is too much, people, once the spirit is tense, it is easy to think about some of the things that are not.

After moving his head back and forth and feeling more comfortable in his shoulders and neck, he also took a step forward and prepared to return to the office to take a nap while the sky was still light.

When you open your eyes again, it will be another battle of wits, a new day.

.....

After returning to the rented house with the parents of the former director Yu Meng, she first ate a big bowl of egg noodles, sent a weibo to the guide to ask for half a day off, and then went back to her bedroom to sleep in the dark.

Obviously, Qi Ziang's words were not without impact on Jiang Tianyu.

No matter who the murderer behind these two cases really is, always let the other side know that staring at her is the worst choice it has ever made in its life.

First, she has to get well, after all, there is a tough battle waiting for her ahead.

When she woke up again, it was already one o'clock in the afternoon.

The first thing you need to do is to get yourself cleaned up and take a look at your class schedule, there happens to be a professional class at 3pm.

When she walked into the classroom, there were many eyes instantly focused on her, and of course, there were also some indistinct whispers.

This, Jiang Tianyu is able to completely ignore.

The two roommates of Ren Yu Meng had long ago occupied seats for her, and were now waving their hands frantically with joyful faces in the last row of this small classroom.

She walked up to the two and sat down, and answered a few simple questions about the two curious babies.

“Harm, it turned out to be a false alarm.” The girl who spoke also had short, floppy-eared hair, the difference being that her hair was not curly, but black and straight: “Meng Meng, I’ll be honest with you, when you were taken away by the police for the second time last night, I was once really a little suspicious of you.”

“Not to mention Xu Ge, I was also guilty of muttering in my heart, good thing they called you over just to confirm with you the details of the two cases.” Another girl opened her mouth, she wore a ponytail, her skin was white and somewhat chubby, and her name was also very nice, called Li 00.

Jiang Tianyu took out the book she was going to use in her major class from her bag, and said in a relaxed tone, as if she had no intention of doing so, “I can imagine what the rumors about me have become in the school now.”

“In fact, it’s not that serious.” Xu Ge’s soft tone of voice comforted: “was taken away once released from everyone think is not a police error, but the second time can still be released, then it proves that you must be nothing wrong.”

“But it’s just a bit unlucky.” Li 00 added.

Time passed quietly as the three talked left and right until the teacher walked into the classroom, then they shut up and began to focus on the lesson.

But halfway through the class, the teacher took a phone call and went out briefly for a while, and the classroom suddenly became lively again.

“I’m so curious, who did Sun Tianyang and Wang Panpan offend? Are the two of them really an underground couple like the rumors in the school group?” Xu Ge leaned on her chin with her hand, stretched her voice, and her words were somewhat ambiguous.

She said this matter Jiang Tianyu also know.

Since yesterday, after the police determined that Wang Pan Pan died, the group became more and more curious.

The campus should have been a calm and beautiful place, no one expected that in just one week, two such vicious cases occurred one after another.

It is said that it is human nature to gossip, and the same applies to these energetic students.

It didn’t take long after the incident for the fishy stuff between Sun Tianyang and Wang Panpan to be picked up, and in the various WeChat groups on campus, the versions were all over the place.

What is even more outrageous is that the things that happened when the two people were children were turned up, and the people who spread this information called it: trace the origin.

“The company’s main business is to provide a wide range of products and services. I would say that the feelings of such things are willing, but not to kill ah! Xu Ge continued to mutter.

Li Qiong was going to respond, but at that moment the teacher came back, so she could only purse her lips resentfully and continue to listen carefully to the lesson.

Jiang Tianyu, on the other hand, had a twinkle in her eye, always feeling that something was not quite right.

After the lesson, the three of them agreed to go to the cafeteria to eat together.

The company’s main goal is to provide the best possible service to its customers.

The five o’clock school building is no longer a shadow of a person, and the long and deep corridor seems to be able to hear an echo even if you say a word.

Suddenly, Jiang Tianyu’s pupils shrank slightly, and the muscles of her body tightened up in an instant.

She did not turn around, but her ears moved, holding her breath to listen to the not-so-subtle sound of footsteps coming from behind her.

“Ah! Ren Yumeng, it’s really you!”

Seemingly not expecting Jiang Tianyu to suddenly turn around, the visitor seemed startled, but at least the expression management was still there, and Guo Tao’s face still had a friendly smile: “Looking from the corridor, I thought it looked like you, so I thought I’d come over to say hello.”

Jiang Tianyu also raised a fake smile and asked politely, “How come you’re here?”

The other party is not a biology student, so appearing here at this time is a bit thought-provoking.

Guo Tao raised the milk tea in her hand and responded in a brittle voice: “I have a high school classmate who is from the biology department, and tonight the two of us have

agreed to go to the commercial street to watch a movie together, so I came over to look for her.”

The other party is still dressed in a casual and handsome style, Jiang Tianyu pretended to understand and nodded.

“Then we will not delay you, do not let your classmates wait anxiously.” She urged implicitly.

“It’s okay, we just contacted her to get a follow-on assignment in the classroom first, so there’s no rush.” Guo Tao obviously wants to talk a little more, expression some hesitation, but finally hesitantly opened: “I heard that you were taken away by the police again yesterday? And that and Sun Tianyang unclear Wang Pan Pan also you okay?”

Jiang Tianyu smiled, some smile: “I can stand here, of course, there is no problem.”

The girl like a sigh of relief, revealing a smile of relief: “That’s the best, but I heard from our society earlier today, Zhou Yu seems to have been taken away by the police yesterday.”

“Together with him, there was a junior named Chen Qihao.”

“The two of them are not because of the matter of Miss Wang, right?”

“I don’t know, yesterday I went to the Public Security Bureau was only asked a few questions and came back, did not pay attention to Zhou Yu in or not.” Jiang Tianyu shook his head, responding to the dripping water: “Besides, I’m just an ordinary student, the police will not mention this to me.”

“Is that so?” Guo Tao’s expression seemed a little strange, and the answer was a little reluctant.

Just at this time, Xu Ge and Li Qì came out from the bathroom, the two of them were joking and laughing, when they looked up and saw an unfamiliar face is a frost.

“Then we’ll go first.” Jiang Tianyu nodded politely at the person opposite and returned the bag hanging on her body to the two housemates before the three of them walked side by side towards the stairway.

After reaching the stairway, she turned her head to look at the other party, who was still standing there quietly.

The afterglow of the sunset shone in through the window, stretching the figure on the ground.

Because of the light, she was not able to see Guo Tao's expression at this time, in order not to arouse the suspicion of others, she withdrew her eyes to follow her roommate down the stairs quickly.

This meal, in the noisy canteen, Jiang Tianyu ate a little distracted.

But she hid it well, dealing with the topic of Xu Ge and Li Qian, while recalling all kinds of Guo Tao.

She always felt that this person's actions and expressions were strange.

It's like it's like she knows something.

But Guo Tao, in addition to being in the same club as Sun Tianyang, she should not have any connection with Wang Pan Pan.

Could it be that the focus is still on Sun Tianyang's body?

Jiang Tianyu was a little uncertain about this speculation, she always felt that Sun Tianyang's means of raising fish was not very outstanding, and his looks could only be barely considered ordinary handsome, so there should not be a situation where a girl would fall in love with him.

Although the ratio of men to women in the teacher training college is a bit out of balance, but Guo Tao gives the impression that it is not like she is interested in boys.

Blinking, Jiang Tianyu, who had returned to her senses, was about to eat the bowl of noodles clean in a few bites when she didn't expect a sudden burst of agitation in the cafeteria.

Everyone around seemed to let out a startled cry of dismay.

Xu Ge and Li Qian were also a little unsure, because Xu Ge has a large school-wide WeChat group, which has always been well-informed, so she took out her cell phone and took a look.

The first time I saw it, I was surprised when I saw it.

"What's that?" The group's chat records were refreshed so quickly that she had to reach out her hand and scroll up for a long time.

Until a photo appeared in front of her eyes.

"Another dead person?!"

When this came out, the three of them couldn't help but look at each other.

Jiang Tianyu blinked, and his first reaction was surprisingly to carefully recall his whereabouts this day.

In the morning at home, there is Ren Yumeng's parents as a time witness, although the testimony of the old couple may not be used in the police, but it is better than nothing.

After going out in the afternoon, the whole time with Xu Ge and Li 000 together, except for the few minutes to go to the toilet, there is no separation.

What's wrong with the killer?

The actual fact is that the murderer's cooling off period is extremely short, just like what Qi Ziang speculated yesterday?

Now it seems that it is not only short, this person is simply no calm period.

Or, what stimulated him to go crazy, and even gave up pulling Ren Yumeng down?

"Wow, where was the photo taken? This also can not see any dead people, just know that there are a lot of people watching."

Suddenly, she 'eeked' and tilted her head uncertainly: "This building, why does it look so much like near the activity center?"

Xu Ge heard this and moved closer, also wanting to confirm.

However, the next second, the two only felt a gust of wind blowing in front of their eyes, and then looked up, there was no longer a figure on the opposite side.

They glanced at each other with hindsight, but they were also busy picking up their bags and going after them: "Meng Meng, where are you going? Wait for us!"

By the time Jiang Tianyu ran to the activity center in front of the sub-building, there was really a sea of people there.

With a thick skin, she endured the complaints of the crowd and dawdled her way to the front.

The ambulance was parked at the side of the sub-building gate, and with a shout of 'out' from someone who didn't know, several medical personnel appeared in front of everyone's eyes carrying a stretcher.

As the paramedics rowed the direction of the stretcher over in preparation for getting it into the ambulance, Jiang Tianyu also finally got a good look at the face of the person lying on it.

“Guo Tao?!” She was now really surprised, so much so that she subconsciously blurted out the name of the other party.

Then she took two big steps to the front of the ambulance, said to the emergency medical staff: “I know the injured, I am her friend, her home is out of town, the family can not come over for a while. I’m not sure if I can follow you to the hospital.

“This

“I’m a teacher! The school sent me here to handle matters related to this student.”

Jiang Tianyu turned her head and saw Mr. Xing, who was in charge of the school’s club work.

The other side still wore oiled hair, only this time it did not look so shiny, obviously also received this news when caught off guard and rushed over.

The doctor immediately waved at him, signaling him to hurry up and get into the car.

For the hospital, a teacher who represents the school and can make the decision is certainly much better than a student who can’t make any decision.

“Teacher Xing!” Jiang Tianyu shouted at the man whose face was bloodless at this moment: “I can help!”

I don’t know if Mr. Xing was a bit disoriented at the moment, or if he thought he would have to call back and forth with Guo Tao’s parents and the school after he arrived at the hospital, but the other side only thought for a couple of seconds and nodded in agreement.

Jiang Tianyu smoothly on the car, because of the crowd, the carriage cramped can only shrink in the rear corner, she raised her eyes to take the opportunity to observe the situation of Guo Tao.

The girl’s chest, a dagger was inserted.

The heart, little by little, sank.

Surprisingly, it is really related to the first two murder cases, just do not know why, this time the murderer actually left the murder weapon.

A mistake? The actual fact is that the actual person is not a person, but a person who is not a person.

Move your eyes from Guo Tao's body to the window, eyes looking at the fast passing, blurred scenery of the street, ears listening to the roar of the ambulance, she only felt a stuffy panic at her chest.

Jiangcheng First People's Hospital.

The wide corridor outside the resuscitation room, Jiang Tianyu is sitting quietly on the bench with downcast eyes, occasionally using her cell phone in the street dance club group back on the members a few words.

Everyone seems to be very worried about Guo Tao's situation, but no one dares to go forward when they are at the scene.

Her fingers were constantly jumping on the screen, and her heart could understand the others.

Seriously calculating is also a big child it, suddenly a look at such a cruel scene, who will fight the heart of the fear.

Outside the sky is now dark, but the door of the rescue room on the 'rescue' red light is still always on, the entire corridor echoed by the voice of Mr. Xing that anxious phone calls, he seems to be very dissatisfied with the school's practice of leaving him alone in here.

At this time, along with the beep of the elevator arriving, there was suddenly a rush of footsteps.

Jiang Tianyu raised his head and looked at the sound, then saw a serious-faced Qi Ziang, followed by a fresh-faced police officer.

"Officer Qi." She got up from the bench, and after the man walked up to her, the first words that came out were surprisingly, "I have a sufficient alibi this time."

"The doctor judged that when the ambulance arrived, the knife in Guo Tao's chest should not have been inserted for more than ten minutes, when I was eating in the cafeteria with two housemates."

"I know." Qiziang face quickly flashed a trace of helplessness, but quickly returned to a serious look: "Officer Lu is now at your school, according to the police and called the 120 housekeeping said, she saw Guo Tao lying there when she reached the locker room next to your street dance club practice room."

“So at that time the murderer must have been shocked to fail to complete this crime, and in a panic did not even pull out the dagger.”

“Your classmate Yun Gas good also bad, if the murderer pulled out the dagger, she would have been killed at this moment.”

Jiang Tianyu frowned and said strangely, “The activity center is not open to the public after five o’clock every Thursday night, all club activities are even all stop, the school’s argument is to carry out a unified disinfection.”

“Guo Tao, as president, must be clear about this, how could he go there?”

Qiziang did not answer this question at first, but the conversation turned: “It just so happens that I have something to tell you.”??

She tilted her head suspiciously.
