

## Every Time I Wake Up, I Become A Suspect - Chapter 5 - Tips

“How is it possible to argue for three hours.” Jiang Tianyu shook her head in denial: “After coming out of Ding Tianlang’s side, I coincidentally received a phone call from a company that said the party responsible for the project I was in charge of was not very satisfied with the program handed over.”

“I was in a bit of a hurry and I happened to have my computer with me, so I modified it in place downstairs and waited until it was all taken care of before I returned home.”

“Oh, yes. Instead of focusing on me as an ex-girlfriend, you should check out Ding Tianlang’s rotten emotional relationship. The reason why we both broke up in the first place was because he cheated on me.”

“If I were a police officer, I’d check to see if he’s messing with people he shouldn’t.”

“How is Miss Zhou going to prove the truth of what you said?” Lu Li opened his mouth with a very dissatisfied face.

“Unfortunately, the phone I used before was torn apart when I was in a car accident, but for the police, it shouldn’t be difficult to retrieve the call records from not long ago, right?” Jiang Tianyu asked rhetorically.

“Then again, I have said everything you asked me, since you don’t believe me, it’s none of my business to prove the truth of the words, right? Isn’t this the strong point of the police?”

“.....”

Lu Li felt bored, but because the woman across the street is not a finalized suspect, so she swallowed back the sarcastic words that had come to her lips.

The folds between the eyebrows of Qi Ziang, who had long received the sight of Lu Li, had even been stretched out, and reached out to take the tablet computer on the desktop and then said slowly: “Thank you for your cooperation today, and I hope that Miss Zhou can keep her phone open afterwards, so that the police can contact you at the first opportunity.”

This paragraph once exported, undoubtedly represents the end of this informal interrogation, is to sit beside him Lu Li suddenly hard to hide surprise, but very good eyes did not say anything more.

The company’s main business is to provide a wide range of products and services to the market.

Jiang Tianyu bent down and picked up a bag of marinated duck goods from the ground and refused with a smile.

“Just don’t bother Officer Qi, I’ll place an order on my phone now, the car will be outside the gate in a few minutes, you guys get busy first.” With those words, she walked to the door and pulled open the door of the interrogation room, her slender figure soon disappeared behind the cold metal door.

With a ‘bang’, the metal door closed again, and the interrogation room had a moment of complete silence.

But soon, the silent atmosphere was broken by Lu Li: “Qi team, you think Zhou Ya just said, how much truthfulness?”

Who knows that Qi Ziang just raised a good-looking thick eyebrows, firm and handsome face showed a cunning not quite match with the appearance, but did not answer his question, but a slight movement of the lips: “Remember what we said before entering this room?”

Lu Li collected his expression: “You said that Zhou Ya this time to our bureau is a figure.”

Speaking of which he frowned: “But she did not get what ah? At most, we know that we have her in the hands of the night of the crime in and out of the Ying Hua Yuan surveillance video.”

In fact, the police have done a lot of investigative work against Zhou Ya, but regardless of the other party’s social background or working relationships were not found to be abnormal.

“Suppose she wants to see the video of that night, but what did she give us?” Lu Li some annoyance raised his hand and scratched his chin: “Does it mean that she thinks tell us Ding Tianlang is a private life chaos even if the exchange of equality?”

The police of course dug deeper into the social relationships of the deceased, indeed there are several similar to Zhou Ya’s ex-girlfriend and several ambiguous ambiguous relationships between men and women, but only Zhou Ya is the most suspicious.

Most of the rest have an alibi, there is a small number of although there is no strong alibi, but also the police have no evidence that they had interactions with the deceased Ding Tianlang.

It can be said that Ding Tianlang private life of this road, in eight out of ten is not going to work.

“Zhou Ya wants to tell us, should not only this.” Qiziang’s fingers unconsciously tapped a few times on the tablet computer, recalling the micro-expressions of Jiang Tianyu when she answered those questions, and finally turned his face sideways and said hesitantly, “Before saying that she was admitted to the hospital because of the car accident?”

“That’s right, I heard that before also into the ICU, the recovery is still quite fast .....” Lu Li affirmative answer: “By the way, the day after the discovery of Ding Tianlang’s body investigated to her head, I went to the hospital when I also heard the doctor said I went to the hospital and heard the doctor say that it was a hit-and-run, the hit-and-run vehicle had not been found at that moment.”

Hit-and-run?

Qiziang eyelids jumped, as if suddenly caught what: “Lu Li, you go to contact the traffic police team responsible for that hit-and-run case, see if the case is closed.”

“..... yes.” Lu Li subconsciously answered, he scratched the back of his head with a puzzled look, suddenly a flash of light, plucked up the tone of voice: “Qi team you are not suspecting ....., these two cases are related, right?”

“The situation is still unclear, can not rashly draw any conclusions.” Qi Ziang heard his question neither affirmed nor denied: “Assuming Zhou Ya did not lie, then one has to admit that this does count as a direction.”

As we all know, the Ying Hua Yuan campus facilities are not perfect, until the day of the murder, except for the monitoring at the gate, all the probes inside are virtually useless.

If the woman is telling the truth, she really was delayed in the park for so long because of her work, from the time, in the Ding Tianlang and the murderer fell after the fight that moment, it is very likely that she unknowingly heard something, or saw something.

Perhaps not heard and not seen, but someone thought she saw?

If not, the first foot Ding Tianlang just fell to his death, the second foot Zhou Ya was hit to the ICU, how things are so coincidental.

And Lu Li in listening to Qi Ziang’s explanation, and did not ask any more questions, with a very fast speed out of the interrogation room to contact the traffic police.

.....

By the time Jiang Tianyu returned to Zhou Ya’s home with the brined duck goods, the sky had already begun to glow with fish belly white.

Just now she passed downstairs again, before the police placed here to keep an eye on the car has long disappeared, just do not know whether the two police comrades did not have time to return or the Public Security Bureau side decided to cancel the surveillance of her.

Simply heat up a cup of milk as breakfast, she sat on the sofa gradually out of mind.

The original thought was that if Zhou Ya was really the murderer of Ding Tianlang, she would have to turn herself in, but at the moment, according to the memories that came out of Ying Hua Yuan last night, Zhou Ya's murder was not very likely.

Naturally, Jiang Tianyu associated with the car accident that the woman suffered before she crossed over.

Although the brain does not have too many impressions about the car accident, but so many days from the doctors and nurses also heard a lot of news.

For example, Zhou Ya is not far from the company in the Bureau of a traffic flow is not too big road was hit, such as the hit-and-run vehicle did not choose to call the police and chose to escape, such as if it did not happen to be a half hour within the accident someone passed by the 120, perhaps Zhou Ya has long been broken.

After she also took the time to ask Duan Shina and Zhao Xuan, learned that Zhou Ya in the day of the accident did work late at the company until midnight, as to why they went to the path, they are not very clear.

Jiang Tianyu thought of this some regretful long sigh, in fact, she is not sure where the original soul in this body in the end, is not after all did not survive thus dissipated in the world.

Barely peeling away from some low emotions, Jiang Tianyu drank the last bit of milk in her cup.

With her current status as an ordinary citizen, trying to figure out what exactly happened in that car accident was like a fool's errand.

So she quickly decided to remind the police officer Qi in a friendly way, although even if she did not say, the police will certainly find out, but why not to do something mutually beneficial?

Not to mention that she also got what she wanted.

The company's main business is to provide a wide range of products and services to the public.

The company's main business is to provide a wide range of products and services to the public.

In the sofa to find a comfortable position, Jiang Tianyu slowly closed his eyes, emptying his mind of complicated thoughts, breathing also try to maintain a regular frequency, gradually invaded the memories belonging to Zhou Ya.

Soon, she only felt that the picture in front of her eyes turned, as if she had been in the night of the crime in the small area of Ying Hua Yuan, even the feeling of the evening breeze blowing through the calf is so realistic.

The head moved slightly, Jiang Tianyu found herself with a laptop computer on her knee, and the document on the screen, the top of the "Jiang Tiangeli design plan" a few big words look particularly attention.

At this time she seems to be sitting on an ordinary bench in the park of Ying Hua Yuan, the surrounding dimly, there is not even a street lamp nearby, raise your eyes to look over a hundred meters away to see a little sporadic light.

The next second, the phone placed in the purse around suddenly rang.

Jiang Tianyu let Zhou Ya's memory control her actions to pick it up. The voice that came to her ears was a familiar one, supposedly the boss of Zhongyuan Design, who was chattering on and on about the requirements of the A side for the program.

She tried hard to ignore the noisy male voice coming from the phone receiver and slightly raised her head to survey the surroundings.

Because there are no owners officially moved in yet, a high-rise residential building hidden in the boundless darkness, like a beast that has been dormant for a long time, making people frightened for no reason.

With the brightness of the distant street lights, Jiang Tianyu finally saw the building number of the building located diagonally in front of her, Building 21.

And 1903 of Building 21 was the scene of the crime where Ding Tianlang was pushed down the stairs and died.

To here, Jiang Tianyu finally incomprehensible crooked head, Zhou Ya sitting bench is located in the side of this building, completely unable to see the other side of the flower garden whether someone fell.

Similarly, from the 1903 side want to see the bench sitting on the person, is also basically no such possibility.

And the most important thing is, Zhou Ya in Ding Tianlang fall, why did not hear a sound? Even if the thick soil in the flower garden can minimize the movement of the body falling to the ground, but Ding Tianlang is a living person, before falling to the ground will issue a short shriek is not very normal?

Also, in Zhou Ya's memory, from the beginning of doing the program to get out of the gate of Ying Hua Yuan, she was sure she hadn't seen anyone except the security guard inside the door booth.

Assuming that the car accident is really related to the death of Ding Tianlang, the night of the crime so dark light in the park, fifty meters away are going to be indistinguishable from human and animal, how did the killer determine her looks?

It seems that the person who killed Ding Tianlang not only knew Zhou Ya, the two should have been in the same small space at one time in Ying Hua Yuan that day.

Jiang Tianyu on the sofa slowly frowned.

Where in the end could it be .....
