0 8 minutes read

Jiang Tianyu stood in front of the window of the observation room, through the gap in the middle of the curtain, watching several police cars drove out from the compound overnight.

The whistling sirens cut through the night sky, so that people listen to the tip of the heart began to follow the trembling.

Suddenly, there was a knock at the door behind him, and the man who came in was a male police officer who didn't look familiar: "Hello, is this reporter Zhou? The police suspect that you are the key person involved in the case of Ma Gengzhong's death, so if it is convenient, please stay at the bureau to continue to cooperate with the investigation."

"Okay, I understand." In this regard, Jiang Tianyu did not feel surprised.

It can be said that the second she saw Gao Yongchang in the Public Security Bureau, she already smelled some kind of unusual atmosphere.

In the end, she was guided by the male police officer and went back to the lounge again.

After slightly eating some bread to fill the emptiness in her stomach, she slumped on the table and fell asleep in a daze.

In the early morning, Jiang Tianyu was shaken awake by the phone in her pocket.

She put the phone to her ear while raising her head to look at the clock on the wall, but it was almost eight o'clock in the morning.

The office building of the Municipal Public Security Bureau was bustling with activity, but the interrogation room was located on the first floor, which was still clear and cold without any extra movement.

"Sister Man Ting?" Xu's voice came over the receiver: "Personnel told me that you took the day off? What's wrong? Is it because you're not feeling well?"

"Yes, I heard that Brother Tian was called by the police for questioning, so he couldn't come today."

"Sister Yang is still in the hospital, Tian in the Public Security Bureau, and you took leave ....." said here, the girl subconsciously lowered her voice: "I just arrived at the

company, the little Wang General threw a tantrum, without your three generals sitting in the company, he seems to have no bottom in his heart.”

“These two days in the company can be talking about you and sister Yang that thing, some gossip spread around to become outrageous!”

“Let them be, it’s all fake anyway.” Jiang Tianyu shallowly yawned, not much care back.

“Also, like the matter of you and Yang, the police even called Tian to go over, what can be asked?” Xu continued to mutter.

Jiang Tianyu raised her eyebrows at this, feeling that people in the company still think that Tian Gang came to the Public Security Bureau because of Yang Xian Yi’s case?

In terms of time, the case of Ma Gengzhong’s death has already passed the fresh period, and it is expected that people will focus on Yang Xian Yi.

As things were not yet clear, she did not want to say much, so she vaguely coped with a couple of sentences.

“Oh, I didn’t know until I graduated and started working that people are so complicated!” Xu count did not because of her perfunctory and reduced the interest: “Like before I only think that Yang sister is fighting with you, but also did not think that she would hate you hate to stab themselves ah!”

“Also, I’ve always felt that Tian and Sister Yang have a good relationship in private, and the two of them occasionally go out to dinner together, but as a result, didn’t Sister Yang still steal Tian’s news some time ago?”

“Isn’t it?” Jiang Tianyu also sighed along.

Suddenly, she heard movement from the corridor, so she lied that there was something else to do and hurriedly hung up the phone.

Sure enough, not long after, the figures of Qi Ziang and Lu Li appeared outside the door.

The company’s main goal is to provide a good solution to the problem.

“I’m starving! I’m still late, and there wasn’t even a soup base left in the canteen when I got back.” Because he was chewing the food in his mouth so hard, his cheeks were bulging on both sides, and his speech was not particularly clear.

Qiziang walked straight to the table where Jiang Tianyu was, pulled out a chair and sat down.

After raising his hand and catching the bread that Lu Li threw over with force from a few meters away, the same is also a few bites down, the bread in his hand is gone.

“Well? Did you find anything at Tian Gang and Gao Yongchang’s home?” Jiang Tianyu didn’t wait for the two men to catch their breath before asking directly, “Also, why did you let someone leave me here? Officer Qi, you don’t still suspect that Ma Gengzhong was killed by me, do you?”

The other side of the lounge, Lu Li reacted fiercely waved his hands, but unfortunately this time the mouth has been stuffed with bread, dead can not say a word to.

After tilting his head and drinking a few mouthfuls of mineral water, Qi Zion said indifferently, “It’s not that serious.”

“We just speculate that Ma Gengzhong’s death is related to you.”

“Or to put it more simply, reporter Zhou, have you ever thought that the whole matter of Ma Gengzhong’s death and his corpse appearing in your trunk, from beginning to end, is a bureau set up against you?”

Jiang Tianyu’s eyebrows twitched and instantly just felt a chill down his back: “What Officer Qi means is .....

“Gao Yongchang and Tian Gang teamed up to kill Ma Gengzhong, just to frame me?”

“But it’s not right .....” she frowned tightly, always feeling that something didn’t quite make sense: “Even if Tian Gang was upset with me because of work, what about Gao Yongchang?”

“I accepted Hu Hasa’s request and reported on the conflict between the couple, the incident was only two weeks past, but Ma Gengzhong died two months ago!”

At that time, the original owner Zhou Manting did not even know him, and where did the hatred and resentment come from?

“For this point, it will require the joint efforts of you and our police, which is why I suggest you stay.” Qiziang’s fingers on his lap tapped once or twice.

“Now the technical section has already started working on the trace evidence brought back from Tiangang and Gao Yongchang’s home to see if we can find any clues from it.”

“To be on the safe side, I hope to find out the intersection of Gao Yongchang and you from even longer ago before the technical section comes to a conclusion. And this is something that undoubtedly requires the help of reporter Zhou.”

Hearing this, Jiang Tianyu raised his eyes to the steely face across the table, then nodded gently.

.....

In the afternoon conference room, the air was filled with a different kind of anxiety.

The company’s main business is to provide a wide range of products and services to its customers.

Qi Ziang and Lu Li and other people are not here with her, right now everyone in the serious crime unit is busy to fly.

The workload is undeniably heavy, busy testing traces of evidence, busy mapping the overlap in social relationships between Gao Yongchang and Tian Gang.

Every person who passed by the door of this small conference room was in a hurry, and did not even have the time to stop and exchange pleasantries.

A silent sigh, Jiang Tianyu knows that the police are so busy all because she failed to find the crossover point between Zhou Manting and Gao Yongchang.

But in the original owner’s memory, there are memories of this person Gao Yongchang, really just the husband of the news subject Hu Hasa, that’s all.

Other than that, there is nothing else.

But like Qi Ziang said, there must be some kind of connection in between.

There is a cause and an effect for everything in the world, and she must find that cause now.

After taking a deep breath, Jiang Tianyu put her legs off the chair and put her hands on the keyboard of the laptop for a long time, but finally chose to hold the mouse next to her.

The company’s main business is to provide a wide range of products and services to the market.

A large part of them are published by the major accounts of the whole network of fast search world.

The remaining small part, is the woman investigated, wrote but for various reasons did not pass the draft, are also classified and stored in the computer.

From this can be seen Zhou Manting this person's attitude towards the profession of journalist, is cautious and intense love.

A round of looking down, is still clueless a state, under the helpless Jiang Tianyu can only once again find the Gao Yongchang wife Huasa in the domestic violence suffered after the interview video.

Double click play, not big conference room suddenly resounded two different styles of female voice.

"..... thank you Zhou reporter you can promise to help me ..... oooooo, this kind of day, I can't live a day!"

The video begins with Zhou Manting and Hu Hasa sitting together on a sofa, Hu Hasa is crying lowly while showing the camera the appalling bruises on her body.

Her voice was hoarse with despair, and the whole person looked quite helpless and pitiful.

Looking at the surrounding decoration and furnishings, combined with the original owner's memories, Jiang Tianyu judged the location where the video was shot, which should be the home of Gao Yongchang and Hu Hasa.

Next, Zhou Manting asked some details about Hu Hasa and Gao Yongchang's daily life together, her voice was calm and highly rendered.

Between one question and one answer, the image of a grumpy, alcoholic and often violent wife was successfully portrayed and pushed before the eyes of the netizens.

When the crying and blaming session shown to the audience was over, Zhou Manting on the sofa got up and walked to the camera.

After a burst of intense shaking, the camera once again regained its relative stability.

At this time, Zhou Manting should be holding the camera, quickly sweeping through every corner of Huasa's home. A proper environmental display can not only side-by-side corroborate the words of the person concerned, but also deepen the viewers' definition of Gao Yongchang's image as a scum, which can be said to be a multi-benefit.

Suddenly, Jiang Tianyu seemed to notice something, a pair of beautiful eyes slightly narrowed.

She used the mouse to repeatedly drag the progress bar of the player and watched the small video that captured the environment of Hu Hasa's home over and over again.

When she finished watching it for the last time, she fell into a dumbfounded state for a while, and only reluctantly came back to her senses when someone passed by outside the conference room again.

Afterwards, Jiang Tianyu went straight to the e-disk she had looked through not long ago, and darted through the piles and piles of reports looking for something.

Finally, she stopped frantically pressing the mouse and read the document on the screen repeatedly, and focused on confirming a few pictures in the report.

So that's it .....

She seemed to have found that cause.

Picked up the side of the phone, took a few pictures to the screen to Qi Ziang passed over, Jiang Tianyu only felt a blockage in his chest.

Exhaling a long breath, she turned her head to look out the window, but was surprised to find that the sky had floated snowflakes at some point.

Winter has come.

On the other hand, Qi Ziang in the first time after receiving Jiang Tianyu information, led people directly down to the floor where the interrogation room is located.

In the elevator, Lu Li deliberately asked: "Qi team, we start with the two of who? Or should we do it together?"

"Let's start with Gao Yongchang first." Qi Ziang look a little tired, raised his hand and pinched his brow: "Tian Gang's mind is much more complex than Gao Yongchang, deal with him still have to wait for Sister Zhang's technical section to come up with some solid evidence, otherwise it is difficult to pry his mouth open."

Lu Li nodded in agreement.

With the elevator doors open, Qi Ziang suddenly put away a rare tiredness on his face, a big step forward to push open the door of the interrogation room where Gao Yongchang.

The man in the interrogation chair was sleeping with his head hanging low, and was awakened by the sudden movement with a confused expression.

However, he soon regained clarity under his eyes and cautiously stared at the two sitting across from him.

From the faint traces around his mouth, it can be judged that he is now in a somewhat nervous mood.

“Gao Yongchang.” Lu Li looked down at the material in his hands, and opened his mouth in a normal tone: “Tian Gang this person, you know, right?”

As expected, a trace of panic flashed under the man’s eyes.

The company’s main business is to provide a wide range of products and services to the market.

“Why did you two want to kill Ma Gengzhong?” Qi Ziang tapped his fingertips on the table, and after seeing Gao Yongchang hang his head even lower, as if he intended to carry out the silence to the end, he raised a meaningful smile.

“Now Tian Gang is next door to you, is being interrogated by the police, we have also gone to the home of the two of you, found a lot of evidence.”

This is said with great skill, as if everything is said, but also seems to say nothing.

In the ears of different people, it will produce different associations.

If Tian Gang was on the other side, it might not have any effect at all, but it was Gao Yongchang they were facing.

Only to see the other party’s forehead began to seep out fine beads of sweat, and his hands kept clenching into fists, releasing, and then clenching into fists and releasing again because of the tension.

“Let me guess, it started with the three of you getting together and conspiring to somehow ‘execute’ a common enemy: Zhou Manting.”

“And then what happened? Did you disagree with each other over a disagreement? Plus the deceased Ma Gengzhong had some wine that night, and as a result the conflict escalated instantly.” Qiziang said this, a slight pause of a few seconds, to the other side set aside sufficient time to respond.

“You ..... you ..... are not like this, I don’t know any Zhou Manting at all!” Gao Yongchang’s response had absolutely nothing logical to say.

“Oh? That news reporter who caused your husband and wife discord and was poked by relatives and friends, you actually say you don’t know?” Qiziang leaned back on the back of his chair, and his whole person looked more and more lazy.

But the more relaxed he was, the more tense the man across the table became, his brain becoming a complete muddle: “Hmm? I mean, when that whatever Ma Gengzhong died, I didn’t even know her!”

“Is that so?” Qi Ziang narrowed his eyes.

On the side, Lu Li was very dry and dumped several photos on the table, giving the final blow to break through the other party’s psychological defense: “Four years ago, there was a female college student’s suicide case in our city.”

“The reason for the suicide of this female college student is also very simple, because she herself during the school there is theft of other people’s property, but also by the district police station according to the law.”

“But for some reason, the matter was suddenly exposed by a news media, because of the bad impact, the school decided to expel her after research.”

“The student herself, after learning the result, could not think straight and ended her life one night by slitting her wrists in the student dormitory where she lived.”

Speaking of this, he reached out his hand and clicked a screenshot of a news report, “The female college student who committed suicide that year was named Huang Yun, your own sister, but because your parents divorced early in life, she took her mother’s name.”

This is the fundamental reason why the police and Jiang Tianyu were not able to discover the connection in the first place.

“By a good coincidence, the reporter who reported on the theft of property from female college students and the suicide of female college students that year was Zhou Manting.” As Lu Li spoke, he pushed all the evidence one by one under the man’s eyes.

Gao Yongchang’s breathing began to become rapid.

“You think, your sister’s death is Zhou Manting’s crime?” Qi Ziang raised his eyebrows.

Although in Zhou Manting’s memory, there was absolutely no impression of Gao Yongchang as a person other than a domestic violence man, Jiang Tianyu, while carefully and repeatedly watching the video of Gao Yongchang’s home, found a photo of the brother and sister together placed in the corner of the desk in the small bedroom.

When interviewing Hu Hasa, Zhou Manting Xu did not care at all, but when Jiang Tianyu noticed the youthful face on the photo, all the dusty memories of the past came flooding out.

After comparing the group photo in the video and the interview photo four years ago, she was almost certain.

“Isn’t it?!” Gao Yongchang raised his head with red eyes, even though he was trying to control his emotions, the muscles on both sides of his face were still trembling: “If that bitch hadn’t published that story and made my sister suffer the shame of the whole school, she wouldn’t have been able to think?”

“As a result, that bastard surnamed Zhou didn’t even spare my sister after her death, is she still human?! Doesn’t she deserve to die?!”

“It was Tian Gang who found you?” Qi Ziang face unchanged at this point in the interrogation chair on the over-excited man, continued to ask.

Ma Gengzhong and Gao Yongchang’s social ties did not cross parts, the only possibility is Zhou Manting’s colleague Tian Gang.

He and Zhou Manting work in the same fast-search world, the woman had released what news, he did not even need much effort to be able to find out.

In response, Gao Yongchang was silent, as if he acquiesced.

“I still have one more question, you, Ma Gengzhong and Tian Gang came together, should not be studying how to deal with Zhou Manting? Why is it that Ma Gengzhong ended up dead?”

Qi Ziang remained calm and analyzed the possibilities, “Instead of killing Ma Gengzhong and then framing Zhou Manting, wouldn’t it be less difficult and less complicated to operate by directly killing Zhou Manting?”

“.....” Gao Yongchang’s lips moved slightly, his expression was somewhat complicated, and finally let out a low sigh, “We didn’t kill him.”

“That night, the three of us agreed to meet at a barbecue restaurant near the Le Xing district. But I didn’t expect that once we met, Ma Gengzhong was already drunk, and I didn’t know how, and he got into a fight.”

“Later, the community often pass by, I know that not far from a relatively hidden oil well, so he took him over.”

“Not long after that, Tian Gang also came, and the quarrel turned from two people to three people.”

“Ma Gengzhong really drank too much wine that day, he was so emotional, he kept walking around, and as a result, he accidentally stepped on a stone on the ground and knocked his head on a large iron block in the oil well!”

“Tian Gang and I hurriedly carried him to the side, but before we could react to call the emergency services, he ran out of breath .....

After listening to his confession, Lu Li twisted his head to look at Qi Ziang, and then frowned as if he did not believe: “You two do not call 120, even if the dead are exempted from the police?”

“We were also faint-headed and thought that if we reported to the police, then the three of us might be discovered by the police.” Gao Yongchang looked a little aggrieved: “So Tian Gang encouraged, I agreed, and he worked together to get the person to the commercial building’s power control room.”

“But the body always put there is not a way, it so happens that Zhou Manting that b!tch and committed to my head, so I met with Tian Gang again, simply do not do two things on the death of Ma Gengzhong framed her forget .....

“I ..... I did not k!ll anyone.” Finally, he added with emphasis.

Qiziang fiddled with the pen in his hand, and did not know whether to believe it or not.

A few minutes later, the two walked out of the interrogation room without much rest, followed by a headlong dive into the one where Tian Gang was.

It was still the same small conference room.

Jiang Tianyu waited inside from dawn to dark.

The snow outside the window was still falling, and the ground had long been covered with a thick layer of white.

Suddenly, there was some faint movement in the corridor, and it didn’t take long for Qi Ziang to walk in with Lu Li, Xu Lida and others.

Lu Li placed the bag he was carrying on the conference table and pulled out a few boxes of still-hot food from it, and immediately greeted her to come up and eat.

Jiang Tianyu said thank you, sitting across from a few big men with a mouthful of sticky rice in the mouth, and finally did not hold back the open mouth: “That .....

“You want to ask the high Yongchang and Tian Gang abandoned not? Sort of left it.” Lu Li responded vaguely while dazzling shredded pork into his mouth, while the situation is

generally recapitulated: “In short, Tian Gang and Gao Yongchang’s statement is more or less the same, individual places a little difference is normal.”

“That is to say, Ma Gengzhong’s death was an accident?” It is false to say that not surprised, Jiang Tianyu habitually rounded a pair of beautiful eyes.

“Qi team has instructed the forensic side of Ma Gengzhong’s body for re-examination, to see if there can be any new findings, these two people if the group lies, it is really quite difficult to do.” Lu Li skimmed, too much time has passed, the crime scene can not find any useful evidence to prove the specific circumstances of the crime.

Jiang Tianyu blinked, always feel as if they had forgotten something.

The meeting room was once again plunged into a silence, and she braced herself to eat the boxed lunch in front of her.

Suddenly, Qiziang’s phone on the desktop rang, and after he picked up, something was said on the other side.

The traces between the eyebrows gradually deepened, after hanging up the phone to face the curious eyes of the crowd, he said faintly: “Sister Zhang side trace test results came out, said that in Tian Gang’s home in addition to the discovery of Ma Gengzhong, Gao Yongchang and his own fingerprints and DNA, there is another person’s, DNA shows that male.”

So this case isn’t over yet!

“Sister Zhang has thrown that unknown set of DNA and fingerprints into the database, so I guess it will take twelve hours to get any news.”

“But I do have some idea about the fourth person who suddenly appeared, reporter Zhou, what about you?” Qiziang sat there and raised his chin at her.

Between lightning and fire, Jiang Tianyu seemed to have suddenly remembered the details that had been overlooked by herself all along.

“The person who hit my car that day!”

Early the next morning.

Jiangcheng city compulsory drug rehabilitation center.

After getting off the police car, Qi Ziang shook hands with the director of the compulsory drug rehabilitation center who welcomed him out the door.

“Qi team, the person you said on the phone earlier, is indeed with us now. The actual fact is that you can find a lot of people who have been in the business for a few days, so you have to be prepared.” The chief who speaks is tough-looking, with a face of a Chinese character, looking at the upright posture should have been a soldier before.

The first thing you need to do is to get a good idea of what you want to do.

“Thanks to Zhang, he is now mainly involved in a murder case, so we can’t wait any longer on this side.” Qi Ziang responded while walking inside with Chief Zhang.

First, after a long corridor, the end of the corridor there is a very strong-looking electronic iron door.

After the director opened the door with face recognition technology, the group entered the interior of the drug rehabilitation center.

The first thing they saw was the wide area outside the window, which was roughly divided into three parts with a high iron net, surrounded by monitoring probes, with uniformed officers making rounds from time to time.

This time there are a lot of strong security officers outside in the wind, a glance at the past is quite lively.

At this time, Qi Ziang suddenly caught sight of a familiar figure, subconsciously stopped in his tracks, pointed to the open space between the iron net and the iron net outside, and asked: “Zhang, those people are .....?”

“Oh? Oh!” Zhang chief in a clear look at the figures, smiling open mouth: “those few is a famous media company called ‘fast search the world’ journalists well, before dawn contacted our side of the leadership, said recently is planning to organize a ‘police world’ The light of ‘the column, asked whether it is possible to come over here to shoot.”

“The leaders felt that this was a good opportunity to show our own style, and also to play a good role in alerting the community of those who s.uck, so they agreed.”

“That’s not .....” behind Lu Li also saw, raised his hand to point over there, but quickly reacted, closed his mouth and did not continue to say.

Qiziang is quite feel helpless to bite the back of the teeth.

This person was only out of the public security bureau nearly midnight yesterday, right, only one night to run to the strong prison to shoot what ‘police light’?

The company's main goal is to provide a good service to its customers.

The light of the police?

The company's main goal is to provide the best possible service to its customers.

"The actual fact is that you can't get a lot of money for your own personalized products. The other side of the Zhang is not sure, puzzled call.

The first time I saw him, I had to go through two more iron gates before I reached the daily living area of the facility.

"That side is the centralized living area for people who have basically surrendered from DU addiction, the people inside are roughly the same as normal people, just waiting for the time to come to return to society to live a normal life." Zhang said, and pointed to the other side: "As for here is some of the more serious du addiction of the temporary residence and activities of the personnel."

"Zoning management is also to better help them return to society."

Nodding, Qiziang expressed his understanding, and the crowd entered the slightly quieter side one after another.

Both sides of the corridor are on the iron door of the house, through the glass on the door can completely see the situation inside.

The walls are soft-clad, the room does not have any sharp objects, completely eliminating the possibility of various accidents.

"This is the one." Zhang stopped in front of a door, to make sure that the inside has been prepared for everything, before letting the people under his hand open that door.

Qiziang walked in first, the room is only about seven or eight square meters in size, a glance to be able to see the whole picture.

A simple to the head of the bed is not a wooden bed, at this time the du driving accident driver is nestled against the wall at the foot of the bed, after noticing that someone came in, carefully raised his eyelids to look.

At this moment his hands are handcuffed to the only decorative object in the room: a rounded iron handle fixed to the wall.

“Du Yuqi, these two are Officer Qi and Officer Lu of the Jiangcheng City Public Security Bureau’s Major Crime Unit, and now they want to ask you some questions, so answer them properly.” After introducing them at the door, Chief Zhang exited the small room.

After circling around the wooden bed twice, Qi Ziang finally stopped and looked at the other party carefully with downcast eyes.

The man does not look old, twenty-five or sixty years old, but is tortured by the drug addiction, sunken cheeks, and under the eyes of the blue-black lined the whole person is very haggard.

This time his body is still trembling inconspicuously, the look of some nervousness.

Without too much nonsense, Qi Ziang turned back and took the file bag from Lu Li’s hand, pulling out three photos and placing them one by one in front of each other’s eyes.

“These three people, you know them, right?”

Du Yuqi’s pupils shrank slightly, shaking a little more, even between the handcuffs and iron handles issued a shattering sound.

“No…… don’t know.” He turned his head to the side.

“Since we were able to find you here, it means that we already have conclusive evidence, and now Tian Gang and Gao Yongchang both have all given a truthful account, including the ‘plan’ between several of you.”

“So you were there at the time of Ma Gengzhong’s death, weren’t you?”

“And the car accident that day, it was not an accident at all, everything was in your hands?” Qiziang said this, looking at the man who was almost shrinking into a ball, said softly: “What? Is such an unpleasant taste at the moment also in your plan?”

Du Yuqi shook his head uncontrollably, and his gaze mixed with strong hatred fell on the bodies of the two people beside the bed.

Half an hour later, Qi Ziang and Lu Li walked out of this room with a serious expression, while a beast-like howl came from behind them.

“Kill me!!! I beg you! Either give me a puff or kill me ! ! ! ! I can’t take it anymore, I just can’t take it anymore ……”

With the staff of the strong rehab facility rushing towards this side, Qi Ziang and Lu Li also finally exited from this area.

On the way out, Lu Li uncertainty 'hissed': "He said surprisingly and Gao Yongchang and Tian Gang are similar eh ..... how I so do not believe that Ma Gengzhong is drunk and fell to his death? "

"Just because the three people's confessions are too similar, so it proves that there is a problem." Qiziang kept his footsteps and sneered.

"This can only mean that the three of them had prepared beforehand and had already conspired to make a confession. You know, Gao Yongchang and Tian Gang have never mentioned this Du Yuqi, what does it mean?"

Lu Li frowned: "It means that the three of them are very righteous, before the police found out that one can protect one is one?"

The words fell, he himself felt that this explanation is quite outrageous. These three people which can have that friendship, the police interrogation, a put down than a fast.

"So this case, still early ....." Qiziang next words abruptly stopped, cover because saw the front corridor of those few figures.

Jiang Tianyu, after explaining to his colleagues how to shoot a good scene, walked quickly to the two, then spread a smile, casually ruffled the delicate long curly hair draped behind him today: "Officer Qi, Officer Lu, such a coincidence."

This situation, Lu Li looked at the corners of the mouth are twitched: "Zhou reporter, coincidence or not ..... your own heart can not be clear."

The woman in front of you is a woman who has been in the same position for a long time.

The other party has returned to the exquisite and competent appearance that we first saw, but why does it look like there is a strong sense of incongruity? It is as if a layer of skin does not belong to her, or the other day the body of casual clothes, shoulder bag dress looks more comfortable.

Jiang Tianyu cheekily, after laughing uncomfortably twice, glanced in the direction of the two of them walking over: "Is it still going well?"

Qiziang glanced at the Fast Search World staff a few meters away and gave her a wink, then swirled a pair of long legs and took Lu Li away without a second thought.

She stood blinking in place, really confused for two seconds, followed by a few colleagues and greeted, then turned around to chase out.

As expected, the police car that was parked outside of the strong security facility was still parked in place and hadn't left yet.

Lu Li is standing not far from the garbage can next to smoking a cigarette, while Qi Ziang is leaning against the car with his back to her, head down and fiddling with his phone does not know what to read.

“Coming over.” Qiziang noticed the movement behind him, obediently put away the phone and opened his mouth to greet.

“What does Officer Qi want to ask me?” The two people will not deliberately wait for her to grin.

I did not expect to know for so long, together through so many cases, they are still only a cold trading relationship, really think about it is very sad ~

“Du Yuqi, the driver who rear-ended you, just admitted to knowing Ma Gengzhong, Gao Yongchang and Tian Gang. But he also bit the bullet that Ma Gengzhong’s death was an accident, and the three of them framed you just by the water.” Qiziang stated the relevant facts with a light tone.

“Hate me so much? And what is Du Yuqi because of?” Jiang Tianyu said this as if she was feeling emotional.

As for what she was lamenting, only she herself would know.

“He said that two years ago, you reported on an unannounced visit to a small food processing plant production environment failed news? That factory is their family, since the news came out due to poor business closed down, his father died of illness, he also gave up on himself and became addicted to DU.” Qiziang said this with a somewhat fantastic expression.

Jiang Tianyu opened her mouth, for a long time before asking a question back: “This also blame me?”

Zhou Manting’s sister was miserable.

The duty of journalism practitioners is to tear apart the darkness, if each news party does not look for reasons from their own body, not to reflect on themselves, only to think about looking for revenge on journalists, then the industry is really finished.

“Now it is known that both Gao Yongchang and Du Yuqi were searched by Tian Gang, so the question arises, what exactly is the conflict between you that makes him hate you so much?” Qiziang finally got to the point, with a rare hint of curiosity in his eyes.

Jiang Tianyu: “.....”

You ask me, I ask who to go!

Jiang Tianyu is really a bit bewildered.

The relationship between the original owner Zhou Manting and Tian Gang has always been light, work competition there, but those things always feel not so much as to make people rise out of this kind of mischief to kill.

“The most important thing is to find a reason, recently we are in the rush kpi, because the recent comprehensive performance of the best, there is an opportunity to promote the editor-in-chief.” She said hesitantly.

“But this thing how to count can not turn Tian Gang ah, his column reading volume has been .....” said this, her breath stalled.

Look at the person in front of you obviously seems to remember what look, Qi Ziang untraceable tense lips, did not speak to urge.

After more than ten seconds, Jiang Tianyu blinked slowly: “The position of editor-in-chief, the company’s leadership not only talked to me before, but also to Yang Xian Yi.”

“The company is full of people saying, in the end, it’s either me or her.”

Because Zhou Manting is willing to suffer, the whole day outside is to run the news, digging hot spots, quite desperate three girls of the frame.

Every press release that has a hot spot on the net is her own work, and her reputation has always been good in the industry.

Yang Xian Yi, on the other hand, likes to attend various dinner parties and has accumulated a wide network of resources after so many years of work.

The news coming out from her men is no less hot than Zhou Manting’s, because she is used to using some eye-catching headlines, and the content inside is also mixed with the truth, how to attract traffic on how to come.

But now, on the contrary, they are both lawsuits.

This matter is the most beneficial who, now seems to have been self-evident.

Although Zhou Manting has been cleared of suspicion, but when Yang Xian Yi exploited the loopholes published in the extremely obvious news, in the network after the wild, it

has been destined to the company will no longer consider her to do the position of editor-in-chief.

Although Fast Search World is not a big company that occupies half of the journalistic world, it is at least a listed company and has to consider a lot of aspects.

Although Yang Xian Yi and Tian Gang are now being watched by the police, the company has placed a gag order on this, so no word has gotten out yet.

Without the supervision of public opinion, there is no fear of the netizens publishing any rumors, and the position of editor-in-chief is an internal matter of the company.

“I always thought it was a bit strange that Yang Xian Yi stabbed herself in the first place .....,” Jiang Tianyu began to think.

Besides, Xu said that Yang Xian Yi’s relationship with Tian Gang has always been good, since the death of Ma Gengzhong press release happened after the incident seems to have drifted apart?

“So you now suspect that Yang Xian Yi is also related to this matter? In other words, Tian Gang is behind the control of all of them?” Qiziang’s brows were locked.

A few steps away, after hearing this, Lu Li quickly extinguished the cigarette in his hand and rushed over with a single arrow step: “Damn, Tian Gang seems to be decent, but is he actually so powerful? This should be the old saying, people are ruthless, not much.”

“This matter is still open to debate, but it’s not a problem to go over to Yang Xian Yi’s side again to take a look.” Qiziang did not easily make a conclusion, the words fell and then ready to turn around and get into the car.

After sitting on the driver’s seat and fastening the seat belt, he slowly lowered the other side of the window after starting the car: “Thank you for the enthusiastic cooperation of reporter Zhou.”

“We still have things to do, so we’ll go back first. It seems that reporter Zhou still has to stay here to continue filming the material needed for the ‘Light of the Police’ column.”

“Bye.”

The words, along with a hiss of the engine, the police car instantly leapt out, and in the blink of an eye, there was no shadow.

Only left Jiang Tianyu in place looking at the dust flying in the sunlight, a face of indignation spit out the small grains of sand stuck on the lips.

Immediately, her eyes dropped in thought.

Assuming that Yang Xian Yi is also involved in the case of Ma Gengzhong's death, what role is she playing?

Is Tian Gang really just for the position of editor-in-chief?

When she came back to her senses again, Jiang Tianyu just got out of the cab. Looking at the tall building in front of her and the three big words 'Inpatient Department' shining on the building, she sighed silently.

Although reason told her that she should trust the police and wait for news.

But the faint doubt that had been lingering in her mind had driven her to find the answer herself.

Besides, she didn't come over to add to the mess.

The original owner, Zhou Manting, should be considered the trigger of this murder case and the core of this incident, she came over and could always help.

After some mental construction, Jiang Tianyu raised her head slightly and stepped onto the marble steps in front of the inpatient department with a strong chest.

However, before her feet fell, a teasing male voice suddenly came from behind her: "You see, team Qi, I told you that reporter Zhou would definitely come."

"....." Jiang Tianyu took a deep breath and nearly stepped out of the air with her feet.

As soon as he turned his head, he really saw Lu Li's dangling face, and Qi Ziang beside him also had a 'really so' expression.

"Reporter Zhou, are you here to visit a patient or run the news?" Qiziang asked while going up two steps, the already noticeable height now even more so that people have to tilt their heads up hard to communicate with it.

Before she could respond, the man spoke again and continued, "Because Yang Xian Yi's behavior has violated the law, so under normal circumstances the district public security bureau will definitely have restrictions on her, you may not be able to see people even if you go up."

"Naturally, I can't, but you can!" Jiang Tianyu did not hide her intention to borrow the east wind, she smiled incomparably in this moment: "Officer Qi, just admit it, I am still very useful."

“Otherwise, you two wouldn’t have topped this sluggish east wind and purposely waited for me downstairs, wouldn’t you?”

“Who waited for .....

I don’t know if I was poked in the heart, Lu Li subconsciously about to open his mouth to retort, but halfway through the words after noticing the look of the captain of the family, and then closed his mouth stiffly.

Jiang Tianyu in fact is not quite understanding the other party’s various probes in recent days, she somewhat guessed that this person ultimately want to confirm what, the key is that she has never wanted to deliberately conceal.

This kind of shocking thing, people dare to believe, she has what dare not admit?

The actual fact is that you’ll be able to find out more about the actual person that you’re going to be able to be able to get to know.

After a long time, Qi Ziang opened his mouth with a smile, “Follow me.”

Lu Li skimmed his mouth when he passed by her, and when Jiang Tianyu returned to her soul, the two men had already walked out some distance.

Resigned to exhale a breath of turbid air, she followed with a huff and a puff.

.....

The corridor of the inpatient department seems unusually clean at this time of day, with no patients coming and going for examinations, and few people ringing the call bell to make people’s brains hurt.

The nurses are quietly busy with their own tasks at the nurses’ station, and the warm feeling around them is in stark contrast to the cold, biting weather outside.

Jiang Tianyu is sitting quietly on a bench, small and delicate chin buried in a high-collared shirt, the body of the cashmere coat also because of the heat and open the front of those few buttons.

Qiziang and Lu Li have been inside that ward in front for a while, she surveyed the surroundings of the doorway and did not see anyone else from the police.

Such a stark contrast is already enough to illustrate the degree of importance the police attached to her at the time, people home on the doorstep of a no, she was then a good thing, every day out can see four different faces.

I have to say, the police issued a limited-time experience card, feel quite good.

The time passed quietly in her messy left and right thoughts, until the sun gradually sank in the west, orange light through the window at the end of the corridor poured on her when the door finally had a little sound.

Click!

The next second, Qi Ziang and Lu Li walked out of the ward.

Qi Ziang's brow was locked, his mind seemed to be pondering something, while Lu Li had a wonderful expression and rolled a not-so-subtle white eye the moment he came out.

Immediately after, a mournful cry reached Jiang Tianyu's ears from inside the not-yet-closed door behind them.

Lu Li disgustedly stretched out his hand and quickly brought the door shut, isolating all the sound within the ward.

"Well?" Jiang Tianyu got up and asked.

Lu Li spread his hands: "Yang Xian Yi said that she did have a part in the very first plan of Tian Gang and the others, which was to discuss how to deal with you."

"Tian Gang and she said that as long as you are pulled down, the position of the subsequent editor-in-chief is good for the two of them to discuss."

"However, Yang Xian Yi claimed that she initially thought that those few people just wanted to teach you a lesson, she did not understand their plans in detail, but only agreed with Tian Gang to step in and cooperate when necessary."

"She was not present on the day of Ma Gengzhong's death, and knew nothing about Tian Gang's handling of the body, but did participate in setting you up for the accident that night."

"A few of them thought it would work, but I didn't expect the police to release you after two days, so Tian Gang persuaded her to frame you again, and even took her involvement in planning the accident as blackmail."

"Originally she did not want to agree, but it just so happened that you just got out of the hospital to rob her of the report, so in a fit of pique ....."

The corners of the mouth twitched, Jiang Tianyu raised her eyes to the opposite side of the Qiziang who had not said much: "So you are now going back to the bureau to arraign Tian Gang again?"

“Also, do you need to find a doctor to look at the one inside, I feel that she is crying and is going to break the stitches on the wound.”

Who knew that Yang Xian Yi in the ward was quite cooperative, and before she could finish, she started another wave of wailing, as if she felt deep remorse for her previous actions.

“Rather, there is no rush to try anyone, there are still some details of this case that have to go back to repeatedly push.” Qiziang faintly returned a sentence.

Jiang Tianyu keenly heard a hint of unusual from his words.

She opened her mouth to ask a follow-up question, but was interrupted by the sudden ringing of the phone, suspiciously took out the phone from the satchel, she picked up.

But before two seconds had passed, her eyebrows were filled with dismay.

Keeping the posture of the phone, Jiang Tianyu blinked at the two people in front of her: “The officer of the district public security bureau said that Hu Hasa wanted to see me.”

“Huasa? Is that the wife of Gao Yongchang who stabbed you with a knife in the hospital before?” Lu Li’s face was full of confusion: “Has she been discharged from the hospital? If the body is almost recovered, shouldn’t it be detained by the district police station according to the law?”

“I should not be discharged yet, I heard from the hospital that the ribs are broken, it takes time to recover.” Jiang Tianyu also frowned.

“Could it be that she knows about Gao Yongchang? The company’s main business is to provide a wide range of products and services to the market. Lu Li asked again.

Jiang Tianyu pursed her lips, her expression looked a bit strange, and only after a long time did she open her mouth slowly: “That ..... after knowing that she asked the police to do mediation for her and Gao Yongchang, I blacked out her contact information.”

Speaking of which, Zhou Manting is also a temperamental person.

“I’m going to go to the police station, two officers you busy.” She threw down these words and disappeared at the end of the corridor like a gust of wind.

The company's main business is to provide a wide range of products and services to its customers.

It was really her, wasn't it?

This is too similar to the character of the unprofitable, throw away after use.

But she didn't care and went straight to the cab parked at the entrance.

Forty minutes later, she walked quickly into the district police station, and smoothly met Hu Hasa in an office.

What Jiang Tianyu didn't expect was that as soon as she entered the room, the woman who was sitting on the sofa instantly rushed to her and without saying a word 'flopped' and knelt down.

"Reporter Zhou, I was wrong, you forgive me!" The other party's tears came quickly, only a second before the teary eyes.

Although she was armed with a knife with the intention of hurting people, but Jiang Tianyu is not even a hair less, so this case is only an ordinary security case, the remarkable punishment for her is also administrative detention plus some civil compensation.

Jiang Tianyu for the other party's intention today, the heart has a few bottom.

The police saw the situation and hurriedly went forward to pull people up from the ground: "Since people are willing to come to Ms. Zhou, that is to have their own thinking, you apologize properly apologize, what society is still moving to kneel?"

"Kneeling down does not mean that you are sincere in your heart, on the contrary, if you really know repentance in your heart, I believe that Ms. Zhou is also able to see it."

These words down, or very effective, only to see Huasa choked and wiped a tear: "reporter Zhou, I feel deep regret for my previous behavior, the recent days of police comrades to my criticism and education I also remembered in my heart, always feel that I should say sorry to you face to face."

"Really special thanks to you for being able to agree to meet with me."

Without raising an eyebrow, Jiang Tianyu nodded as a greeting to the police officer across the street, and then looked at the crying woman beside him: "Ms. Hu, what you have in mind is to say it directly, but let me forgive you, it's a bit difficult."

"After all, you really wanted to kill me with a knife, this situation I really can't understand, let alone forgive."

She was not a saint, much less one who could smile at someone who had tried to hurt her.

“I understand, I understand.” Hu Hasa hurriedly interface, after two steps forward, knees a soft actually to kneel down again: “What detention, detention for a few days I admit punishment! Just can you please ask reporter Zhou to consider not to prosecute me ..... related compensation to my current situation really can’t afford ..... woo woo woo woo!”

Jiang Tianyu originally wanted to bite back, but suddenly remembered what, the expression also from the very beginning of the cold become pleasant to the face.

“You do not cry first, compensation or something, something to discuss.”

“If you say ah, the two of us this little thing is not worth bothering people here police officers, you are discharged from the hospital? How come you came to the police station? Do you want me to send you back?”

The police officer at the police station stared in dismay, and was obviously a little confused about the direction of events.

Hu Hasa, however, did not find it strange, but rather felt flattered by her sudden enthusiasm.

Dazed, she was dragged into a cab, and by the time she reacted people were already back at the hospital, and Jiang Tianyu’s hands were still carrying the fruit she had just bought from the supermarket downstairs.

“The body is your own, you have to take good care of it, don’t go out without permission in the future, so that the little nurse is also worried about you.” Jiang Tianyu moves naturally, as if the two are close friends that kind of fragmentation.

“Eh? Yeah, okay.” Hu Hasa dumbly responded.

Looking at the other party’s heartless appearance, Jiang Tianyu’s eyes quickly flashed a trace of consideration.

It seems that her intuition is correct, this one is really not very smart, so why the woman would seek out Shang Manting in the first place is very intriguing.

In other words, if Hu Hasa is this kind of character who knows how to stand up for herself, then how will she put up with it until today?

What's more, the time when Zhou Manting reported the domestic violence case was a long time after Ma Gengzhong's death was confirmed, and given that Hu Hasa's husband is Gao Yongchang, Jiang Tianyu doesn't think everything is just a coincidence.

This matter just occurred to her when she received a call from the district public security bureau.

Huasa this person, seemingly inconspicuous, but it is highly likely to be the only blind spot in the case investigation.

After all, the woman is brainless, not deep enough in mind, acting with special impulsiveness, whether it is the police or Jiang Tianyu, are not put in its eyes at all.

Next, she then cared a bit more about the other party's health.

Caused Hu Hasa once again full of eyes touched, and swore to her that he really knew he was wrong after many criticisms and education from his police comrades.

Jiang Tianyu face not much care waved his hand, then curiously asked: "Your husband ..... surprisingly did not come over to see you recently?"

The woman shook her head somewhat bitterly: "He is going to divorce me, it is estimated that he does not want to see me again."

"In fact, these days I often think, if the report came out, I did not forgive him, now will not be the same."

"Speaking of which, how did you get in touch with me in the first place?" Jiang Tianyu took out an apple from the plastic bag and handed it to the person who was sitting on the edge of the bed with a sad face at the moment.

"This ah, or that day after Gao Yongchang beat me in the street, threw myself on the roadside, I was crying, a woman suddenly came over and handed me a tissue." Huasa was grateful as soon as she mentioned the situation that day.

"After she understood what happened to me, she gave me a business card, and she also said that you, reporter Zhou, are the best reporter in the industry, and that you will definitely help me if I will try to beg you."

A woman?

"So I have to thank her too, what does she look like do you remember?" Jiang Tianyu asked a follow-up question with a leathery smile.

“Short hair, a little thin, eyes quite big.” Hu Hasa could only give a vague description of her appearance: “Her name is Yang Shan, we also left each other a phone number, she often contacted me miles!”

“This time I was beaten like this by Gao Yongchang, she sent me to the hospital after she found out, saying that this hospital has her good friends, and also gave me a lot of fee waivers!”

Yang Shan?

Jiang Tianyu took out the phone in her bag and quickly flipped out a photo: “Is that her?”

“That’s her! You know her? No wonder she recommended you to me.” Hu Hasa took a bite of the apple, the smile was still full of silliness: “At that time, I was angry because of your follow-up report, she also spoke towards me to come, but nowadays, I think, it should just comfort me.”

Boom!

Jiang Tianyu only felt as if something in his brain instantly exploded.

The car accident, now we know that it was premeditated, then Hu Hasa entered this hospital, and then met with Zhou Manting?

Now it seems surprisingly not innocent either.

Since Gao Yongchang is sure to participate in the frame-up of Zhou Manting this matter, then the calculated time to beat his wife into the hospital, and then verbal humiliation and the threat of divorce, to stimulate the other party to lose their wits, is not at all difficult, right?

The location of the car accident predestined 120 to pull Zhou Manting to the nearest general hospital, and just now Hu Hasa said that it was Yang Xian Yi who sent her here.

And Yang Xian Yi also fanned the flames in front of Hu Hasa, so much so that she met Zhou Manting in the corridor that day who had been worn by Jiang Tianyu and returned to the ward in a fit of anger and picked up the knife.

If it were not for Jiang Tianyu, the original owner would not have died?

If the original owner died, she naturally did not have the opportunity to defend herself, so much evidence to prove her innocence will also be buried.

In this way, the case of Ma Gengzhong in the end will be how really hard to say.

As for all the people involved in the case, Gao Yongchang was unharmed, Tian Gang was able to stay out of it, Du Yuqi was just sent to strong discipline, Yang Xian Yi is no such person.

Even now, the police investigation has progressed to the present, the least affected on the surface is still Yang Xian Yi.

Obviously, the whole thing seems to have nothing to do with her, but her figure is hidden everywhere.

But if Yang Xian Yi is really the person behind all this, why would Tian Gang and the others listen to her manipulations? Unless, these people have some handle in her hands.

With the new development, Jiang Tianyu no longer have the intention to stay here, perfunctory and Hu Hasa chatted a few words, pick up the side of the find an excuse to leave.

But before she could walk out of the hospital door, the phone she was holding in her hand began to vibrate violently.

Glancing at the caller ID, she breathed a small sigh of relief: "Officer Qi, I was just about to ....."

"Have you recently been tracking the illegal acts related to Lianmei Chemical Group?" Qi Ziang didn't wait for her to open her mouth, chopped her head and asked a question.

Opened her mouth, Jiang Tianyu carefully searched in her memory and finally determined that she had indeed seen the word 'Lianmei' in that USB drive of Zhou Manting.

"It's ....."

"Yang Xian Yi and the boss of Lian Mei Group have a long term inappropriate relationship between a man and a woman, you should not know this, right?"

Listening to the other party's words, her eyelids jumped: "Yang Xian Yi and Hu Hasa know each other, this point you should not know, right?"

Hurting each other!!! Who's afraid of who!!!

" ....."

" ....."

“Where are you, I’m just coming out of Lianmei Group now, I’ll pick you up by the way, we’ll talk more about it after we meet.” In the end it was Qi Ziang who opened his mouth first.

After quoting the address of this hospital, Jiang Tianyu found a sheltered place on the roadside and waited, letting the night engulf her figure.

At less than eight o’clock in the evening, Jiang Tianyu finally got into the car that came to pick her up.

After she pulled open the door and sat down in the back seat, Lu Li turned his head from the passenger seat: “Wow, reporter Zhou you can very well, see an enemy can also see some clues?”

“But our Qi team is also in the trial of Yang Xian Yi felt a little bit wrong, went back with our whole group to mapping her social relations, which found her and even the boss of the United States Biochemical Group between the fishy.”

The man said this, the expression suddenly became serious: “That is even the United States ah, Zhou reporter, you even dare to investigate them?”

At this time, Qi Ziang also took over: “Lian Mei biochemical problems are very serious, now although the surface seems calm, but as far as I know the province has been watching for a long time, the near future may have to start the investigation. In this sensitive moment, of course, they do not want to have any wind was burst out, you are typical of the tiger’s mouth to take food.”

“.....” Jiang Tianyu raised his hand and scratched the corner of his forehead: “If journalists succumb to the power and wealth, then what is the point of this industry.”

The original owner Zhou Manting is really a very faithful journalist, but unfortunately, since she crossed over, has been busy with Ma Gengzhong-related matters, even the United States investigation has been shelved for a long time.

But she also believes that Zhou Manting must prefer to complete the news with their own hands.

“So it seems that Yang Xian Yi is the culprit who made so many things happen? So Ma Gengzhong was also killed by her?” Lu Li asked, puzzled.

Qi Ziang shook his head as he drove: “Not necessarily.”

“To make Tian Gang and others obedient, Yang Xian Yi must have something in her hands that makes them feel more dangerous than risking planting me.” Jiang Tianyu frowned uncertainly: “For example, the evidence that the three of them collaborated to kill Ma Gengzhong, compared to the conclusive murder charge, would you be willing to risk a future that is likely to be peaceful?”

Success, the death of Ma Gengzhong is over, the charge is all Zhou Manting.

Not, the worst is only so, that is the crime of murder, how other crimes are not as big as it, right?

Lu Li suddenly realized like ‘oh’, then some strange glance at the woman in the back seat, recently really saw the ghost.

Ordinary office workers, ktv waiters, biology students, and the female reporter in front of him, how each reaction is faster than his dry criminal police some.

The company’s main business is to provide a wide range of products and services to the market.

“Qi team, then we are going to trial Tian Gang? Or simply die-grinding Yang Xian Yi? Gao Yongchang character is more impulsive, Du Yuqi has a DU addiction, so willpower should be weaker than others, right?” Lu Li almost counted the people one by one with his fingers.

This way of thinking is actually no big problem, the breakthrough has been made, the rest is probably just a matter of time.

These few people but where there is a first loose mouth, then the next is much better.

“How about taking a shortcut this time.” Qiziang focused on driving, through the rearview mirror can vaguely see his resolute eyebrows: “Since Yang Xian Yi can threaten them, there must be real evidence, we just need to find that thing, everything will be solved.”

Tian Gang and the others are not fools, just by Yang Xian Yi’s upper lip touching his lower lip, they believe it?

“Send people to control Yang Xian Yi and Hu Hasa first, to avoid any unexpected situation.” He quickly hit the steering wheel, the black car then in the middle of the road at the end of the guardrail a tail, dazzling turned around: “Zhou reporter, thank you for the police provide another important clue, now want to return to where? I’ll give you a ride home or to the office.”

The unloading of the mill to kill the donkey.

Jiang Tianyu said want to knife a person's eyes can not be hidden, after two seconds, she responded in a muffled voice: "The company, thank you."

Not long after, the car stopped at the building where Fast Search World is located underneath, she slowly got out of the car after watching the red tail lights of the black car gradually disappear into the night.

No hurry.

She took a deep breath to comfort herself.

The police still have to investigate Yang Xian Yi, right? There are several places they must go, Yang Xian Yi's residence, Lian Mei Biochemical Group, her love nest with Lian Mei's boss, and the company.

She can't wait for the rabbit?

Thinking of this, Jiang Tianyu wrinkled her nose and pressed a carrot, sooner or later the Major Crime Unit will have to turn to her territory.

Blinked, she retracted gradually drifted away thoughts, turned to meet the building sporadically came out of work crowd, all the way back to the elevator smoothly fast search world.

It was just as well that several colleagues who had gone with her to the rehab facility during the day were still working overtime, so they got together and discussed cutting out the footage.

After finishing the work, the time was not particularly late, and the colleagues began to discuss whether they wanted to go for a late-night snack later.

Her eyes kept drifting uncontrollably in the direction of Yang Xian Yi's workstation, very subtly measuring every inch of the table and guessing where the other party would hide things.

"Man Ting, is hotpot okay?" A colleague suddenly rushed to her and asked.

She withdrew her gaze without a trace and smiled back very casually, "I can do it, I was called away by the police today because of a temporary matter, leaving you all to work hard in the strong rehab, this meal is on me."

"Wow! The big reporter Zhou bleeding, then I will not be polite!"

“Hahahaha the opportunity is rare, how to choose a place that usually can not afford to go!”

The crowd began to joke, the atmosphere was very relaxed and happy, at this time, a young female colleague wearing glasses suddenly opened his mouth: “By the way, sister Manting, the police looking for you would not be the matter of two days ago Yang sister, right?”

“I can’t figure it out, it’s just a report, right? How could she do that to herself? Now she deserves it.”

She couldn’t explain to the crowd that Yang Xian Yi had deliberately stabbed herself in order to reduce her suspicion and divert the police’s investigation, so she could only make some perfunctory remarks: “I didn’t expect she would choose to stab herself in the end.”

“The good thing is that those who are clean are clean.” The female colleague kind of draws a conclusion to this sensitive topic.

Then, another male colleague gave a puzzled ‘Huh’: “Speaking of which, I haven’t seen Tian for the past two days, what’s he doing there?”

“Heard from the personnel side seems to have taken a leave of absence?”

“Is it something at home? A few months ago I heard that his family had a serious illness, it seems to be in urgent need of money.”

“I don’t think so, a while ago I also heard him say a mouth, the family surgery are finished, what is the name of the operation? I also checked afterwards, it costs a lot of money!”

Lack of money?

Jiang Tianyu frowned, only to feel some idea flashed in her mind, but she failed to catch.

Next, the few of them went out of the company in a frenzy to have a hot pot, after which they each went back home.

When she arrived at the company early the next morning, she was not surprised to see the two police cars parked downstairs.

Inside the company, Qi Ziang was leading Zhang Ye and others from the technical section to conduct a detailed search of Yang Xian Yi’s workstation.

Other employees automatically gave up a circle of space around them, standing in piles at a distance curiously looking towards this side.

“Good morning, Officer Qi.” Jiang Tianyu walked up to the man’s side with a smile on her face and raised her hand in greeting, “So hard, still no progress after all night?”

Qiziang gave her a sidelong glance with a smile, and raised his chin in the direction of Yang Xian Yi’s work station: “I’m sorry to bother you, but Officer Zhang just found a suspicious URL in her office laptop, and we’ve seen this URL when checking the computer of the boss of Lian Mei Biochemical Company.”

“The account number and password to access that webpage are now being cracked, and I believe we’ll have the results soon.”

Just as the two of them were going back and forth, female police officer Zhang Ye’s slender and good-looking hands were tapping on the keyboard rapidly, so fast that her fingers almost appeared as stigmata.

Finally, she heavily pressed the enter key and raised her head with a happy face: “Qi team, go in!”

Qiziang smiled and quickly stepped forward, because of the height, the upper body slightly bowed, a pair of black eyes focused on the computer screen for a long time.

Then in the many curious eyes, he said with a light expression, “Take the things back to the bureau.”

Zhang Ye responded, got up extremely skillful to pack the laptop into a large evidence bag, a set of movements flowing, called a pleasing to the eye.

The company’s main business is to provide a wide range of products and services to its customers.

The actual fact is that the actual person is not a person, but a person who is not a person.

The company’s main business is to provide a wide range of products and services to its customers.

Eventually Jiang Tianyu got what she wanted and got into the car.

The first thing is that after returning to the Municipal Public Security Bureau, Qi Ziang did not have any extra time to chat with her, and left her in an inquiry room, and then completely disappeared.

She was just standing by the window counting the number of cars parked in the compound downstairs, until the familiar sound of footsteps finally came from the corridor.

“What was found in Yang Xian Yi’s computer was an encrypted network storage space, and a video was found in it.” Qiziang said openly after walking in and taking a few printed pictures from Lu Li: “This is a screenshot of that video.”

“The evidence related to the case can not be fully released to the outside world, and the content of the video is suspected to induce discomfort, so you will have to settle for it first.”

“The video captures the whole process of Tian Gang, Gao Yongchang and Du Yuqi killing Ma Gengzhong with their hands in the oil well operation area on the night of the crime. The three men punched and kicked the deceased, eventually forcing him to the pumping machine, and in the confusion Ma Gengzhong fell and hit the back of his head.”

“After that the three men also did not want to call the police until Ma Gengzhong was confirmed dead.”

“Tsk.” Jiang Tianyu took those screenshots, lowered her eyes and looked at them carefully, and her expression was suddenly a little off.

After two seconds, she flicked the paper in her hand, “This angle, it doesn’t look like a secret shot.”

If it is not a secret shot, then the police’s previous inference that Yang Xian Yi threatened Tian Gang and others with relevant evidence only after Ma Gengzhong’s death does not seem to be valid.

Qiziang was noncommittal and raised his eyebrows at her, “So what do you want to talk to me about?”

“I heard that Tian Gang needed a large sum of money for his family’s illness a few months ago, but the result was suddenly resolved. I suggest you check Gao Yongchang and Du Yuqi’s past financial situation again.” Jiang Tianyu said with deliberation.

“Du Yuqi is known to have a history of sucking DU, he must be short of money.” Lu Li rubbed his chin and came up with a sentence.

"If Gao Yongchang is also in this situation, it is very likely that from the very beginning, it was Yang Xian Yi who brought them together." Qiziang eyes flashing, slow analysis: "Yang Xian Yi ..... or Yang Xian Yi behind the people want to find a few scapegoats God unaware of you to solve."

"Because of your company's continued tracking reports on the accidental death of workers at the construction site, Ma Gengzhong has also fallen into a difficult situation, so he must also be short of money."

"As for what really happened on the night of the crime, now that I think about it, Ma Gengzhong called you that phone call, there may not be no regret."

"Maybe he temporarily reversed himself, want to quit, but others need the money urgently. Once he does not go with it, it is the same as placing several other people in danger, others will not be able to give up."

Jiang Tianyu nodded gently: "I just don't know if the death of Ma Gengzhong has Yang Xian Yi add vinegar to the credit, she first photographed the crime scene to coerce, and then use money to lure, Tian Gang, high Yongchang and Du Yuqi natural nowhere to escape."

"The evidence is there, the next step is to see, this Yang Xian Yi in fact to even the United States biochemical group how loyal." Qi Ziang put away a few video screenshots on the coffee table, turned around and wanted to take Lu Li away.

Now the police are no longer considering whether Tian Gang and others will be truthful, with this video in hand, they simply do not have any room for sophistry.

Suddenly, he stopped in his tracks and turned his face slightly sideways: "The province has long wanted to take action against the Lianmei Group, but it has not been able to find a suitable entry point because of the extensive involvement. If this time can be successful from Yang Xian Yi side of the trial out of what, no doubt for all is a good news."

"Even the exclusive information of the United States Group, not congratulate the reporter Zhou got what he wanted."

The company's main business is to provide a wide range of products and services to the market.

Lu Li is now thinking about Yang Xian Yi, only to see him pull open the door first, rushing out in a hurry.

Qiziang's hand gently rested on the door handle, and finally looked thoughtfully at the woman who was sitting on the sofa at the moment: "Will we meet again?"

Jiang Tianyu's heart fluttered and she struggled to control her face muscles and squeezed out a smile: "Naturally, I will."

"Officer Qi forgot about 'Light of the Police', a newly opened section of Fast Search World? The interview you promised me hasn't been fulfilled yet." She tried to keep her tone as light as possible.

"Reporter Zhou, I'll see you next time then." After throwing down these meaningful words, Qi Ziang turned his eyes and disappeared in front of the inquiry room door.

Along with the door that closed gently, Jiang Tianyu even heard a light laugh that seemed to be absent.

The company's main business is to provide a wide range of products and services to the public.

Qiziang did not keep her waiting for too long.

The next afternoon, Jiang Tianyu was in a meeting at the company when the phone screen at her hand flashed unexpectedly.

She was going to hang up, but after seeing the phone number on the caller ID, she instantly changed her mind.

After carefully avoiding the sight of the leaders at the front of the conference room, she quickly slipped into the corridor and flashed into a meeting room diagonally opposite, she pressed the answer button: "Officer Qi."

"Yang Xian Yi confessed to the boss of Lian Mei Biochemical, the police have gained preliminary control over him, the details need further investigation." Qi Ziang's voice was low and magnetic: "These two are now dog-eat-dog, and it is estimated that they can still grip each other with a lot of evidence."

"According to Tian Gang and others, the day Ma Gengzhong died, they just want to get together to discuss how to deal with you, did not expect the other party to drink too much want to quit."

"At that time, Tian Gang has received Yang Xian Yi's deposit, the family's surgery have all been scheduled on the date, post-operative recovery is also a considerable amount of expenditure, naturally can not easily give up."

"As for Gao Yongchang also paid back part of the loan shark, Du Yuqi side is close to squandering, three people need follow-up money to support their lives."

“All three claimed that at first they just wanted Ma Gengzhong to change his mind, but they didn’t expect an accident to happen during the conflict, and it was Yang Xian Yi who finally forbade them to call the police.”

In this regard, Jiang Tianyu was not surprised.

Ma Gengzhong’s temporary retreat must have alerted Yang Xian Yi, and the passing of a human life was naturally the best way to be able to bind the remaining three tightly together.

“Thank you, Officer Qi, for your information.” The familiar feeling of soul pulling suddenly hit her as she tried to quickly cut off this call, “I happen to be in a meeting on my side .....

Qi Ziang also did not dwell on it much, and the two of them hung up after roughly making an appointment for an exclusive interview.

The eyelids are a little heavy, Jiang Tianyu lying on the desktop, if you look from the door, will only think she is asleep.

After an unknown amount of time, someone spotted the figure inside the parlor and took two steps forward to call softly, “Sister Mantine? Sister Man Ting?”

The person lying on the table moved, raised her head in a slight daze, and reacted for more than ten seconds before her eyes regained their clarity.

Other people in the company did not seem to notice anything unusual.

It was not until two days later that Qiziang met Zhou Manting again in the office building of the city bureau for an interview.

Looking at the familiar face in front of him, with the woman’s charming posture, inexplicably he had a feeling that the person had disappeared again.

Next, the fast search world published one after another the trunk dry body case follow-up, triggering a wave of discussion across the network.

Netizens have said that they never thought before that the evil of human nature could reach such a point.

The response to the company’s new ‘Light of the Police’ column was also quite good, and while a bunch of people clicked the screens of the little brothers and sisters of the police in the video, they also learned that police work is not easy.

Not long after, a phrase about ‘Lianmei Biochemical Group suspected of several violations of the law’ burst the hot search of major portals.

And the name Zhou Manting was also known to many people overnight.

.....

“Ahem!”

Jiang Tianyu opened his eyes again, only to feel that his nose and throat were a bit itchy, and the air was filled with a musty dusty smell.

After coughing softly twice, she used the faint light to see her surroundings clearly.

Then she realized that she seemed to be squatting in an alley, surrounded by boards, garbage cans and some messy things that could cover her body shape.

For a brief two seconds, she then sneezed uncontrollably.

At that moment, two male voices suddenly sounded at the other end of the alley:

“There!”

Jiang Tianyu’s body reacted faster than her brain, and without much thought, she scurried out of the gap in the pile of planks like a bolt of lightning, running in the opposite direction of the voices without saying a word.

“Stop! Niu Xiaoting!”

The movement from this side naturally attracted the attention of the two men, the two of them were busy chasing up, while chasing also shouted.

Niu Xiao-ting?

Jiang Tianyu frowned, the brain is still empty, the key is not to give her time to react to what is going on ah!

This opening, more and more t outrageous!

Although the thoughts are very complicated, but her foot movements not only did not stop, but also speed up a lot. The walking position is nimble like a rabbit, turning constantly within the alley, trying to get rid of the people behind her.

Unfortunately, those two people also seem to be quite familiar with the terrain in this area.

The distance between her and them did not narrow, and kept chasing quite tightly.

Hoo ..... Hoo ..... Hoo ..... Hoo ..... Hoo .....

The company's main business is to provide a wide range of products and services to the market.

At the same time, in the back of the two big men is also an instant bright eyes, the two looked at each other, both from the other's face saw a trace of joy.

But the next second, let them never thought of the scene is so real staged.

I saw that the speed of the slender figure in front of me did not reduce the speed as they had expected, but instead took several steps one after another and leapt up!

Jiang Tianyu very athletic hands stepped on the iron gate on a few horizontal bars on the sharp over, the door is visually measured but two meters and five-six height, for years to do obstacle training for the special police, is simply a sprinkling of water.

The two men could not believe what was happening in front of them.

Those two people simply can not believe what is happening in front of them, but they also have little time to be surprised, can only be hard to follow both climbing up the iron door.

The good thing is that both of them seem to have good hands, both with a very fast speed through the barrier, but just a few seconds of work, Jiang Tianyu and pulled away a short distance.

Gritting his back teeth, one of the men with a flat head c0cked his head at the portable walkie-talkie clipped to his collar and yelled, "The suspect fled down Nanling Lane in the direction of Wujiang Road, the second group hurriedly drove over to block people for me!"

With the headset opposite a mid-air received, the flat-headed man's body muscles immediately tensed up, the speed of their own to the limit.

Jiang Tianyu did not dare to stop for a moment to run forward, just when she vaguely saw the exit of the alley, where unexpectedly crossed a white car.

Immediately after, from above also down two people.

Subconsciously, she stopped and listened to the sound of shouting from behind and in front of her, her brain began to run at breakneck speed.

Seeing that people are about to be dumplings, Jiang Tianyu determined to grit her teeth, directly to the left a turn, borrowing the outside of the building about ten centimeters wide diameter of the sewage pipe, flexible climb up.

Only a blink of an eye, people climbed to the second floor and a half.

The flat-headed man was a bit furious, and one of the youngsters who just got off the car opened his mouth and yelled: “Niu Xiao-ting! Yunzhou City Public Security Bureau! I’ll shoot if you don’t give up resistance!”

Public Security Bureau?

Yunzhou City?

Isn’t that the place right next to Jiangcheng City? How did .....

With one foot on the corner protruding from the outside of the wall, Jiang Tianyu glanced down very vainly. At first glance, she found that it wasn’t someone from Jiangcheng City’s Major Crime Unit, and she thought that this body had caused some kind of trouble!

Now it seems that it is indeed trouble, but not the kind she imagined.

Just as the figure that originally continued to climb upward suddenly stopped, and then even slowly slid down the pipe.

After landing, Jiang Tianyu surveyed a circle of people who surrounded her impermeably, and finally fixed her eyes on the flat-headed man’s body.

She justifiably yelled at the other party: “Why didn’t the Public Security Bureau say so earlier? You guys just called my name, I thought it was some kind of bad guy!”

The flat-headed man was stunned by her words, then turned his head towards his colleague and asked with uncertainty: “Didn’t we tell you at the very beginning?”

The colleague also scratched his head: “I did, but she ran away? Did she not hear you?”

Jiang Tianyu smiled, a faint trace of weakness flashed across her face, and then she puffed up her chest again.

No matter what, she didn’t hear it anyway.

Boing~

## **Every Time I Wake Up, I Become A Suspect – Chapter 78 - Tips**

0 8 minutes read

In the end, Jiang Tianyu was still controlled by the police in Yunzhou City, stuffed into the inconspicuous car that came.

The flat-headed man who just chased her most fiercely is now sitting in the passenger seat, observing her in the back seat through the rearview mirror from time to time.

Jiang Tianyu was sandwiched between two young interrogators, some uncomfortable shrinking legs.

The car smoothly on the road for a while, the flat-headed man suddenly opened his mouth: "Niu Xiao-ting, you are so good, practiced?"

He sounded a little puzzled, the police have been watching this one for some time, but in the past investigation records, and she will also climb the wall of relevant information ah.

The reaction speed, the standard action of climbing over the iron gate, the skillful posture of climbing up the pipe.

If not for the complete mastery of the other party's basic identity, he would have mistaken the girl for a military or special police.

"No." Jiang Tianyu heard the question, slightly raised his eyelids, denied very crisp.

She is now sulking in her heart, should have known that these people are police she still run what to run?

Although I do not know what kind of trouble this body named Niu Xiao-ting is involved in, but according to past experience, the body is only minus points for her, not plus points.

Obviously not so suspicious, once you see her hands, the suspicion will automatically expand to infinity.

Because originally in the police seem some unreasonable place, will instantly become reasonable up.

For example, the unarmed take down a strong man of one meter eight, ordinary young girl is impossible, but she may.

"No?" The flat-headed man looked like he had heard some big joke, and the two male policemen sitting at her side also had a look of disbelief.

"You're sizing up to hoodwink me? You just climbed up the second floor with the tube with a whoosh, is that something you can do casually?"

Jiang Tianyu subconsciously wanted to raise his hands to touch his nose, but unfortunately, his hands were already handcuffed, so he just forced an awkward smile: "What is the name of this officer?"

“My name is Shi.” The flat-headed man, Shi Ge, said back.

“Officer Shi, human potential is unlimited, in a critical situation the explosive power beyond your imagination.” She began a lull: “To be honest, I am now thinking about my own performance just now, I feel very surprised.”

Her expression was unusually sincere when she said this, almost convincing herself.

As for others, believe it or not.

The thing has already happened, she can't turn back time, anyway, they can't find out anything on Niu Xiaoting's body.

In contrast to the soul shuttle such a mysterious thing, Jiang Tianyu felt that the Yunzhou City police are more willing to believe in the 'human potential' set of rhetoric.

Xu felt that she was full of talk without a word of truth, Shi Ge and the others remained silent for the rest of the day.

About forty or fifty minutes later, two cars, one in front of the other, stopped at the downstairs of a rather old-looking office building.

Jiang Tianyu got out of the car and saw the sign hanging in front of the building, only to know that this is the office building of the Yunzhou City Public Security Bureau, compared to the Jiangcheng City Bureau also with an independent compound environment, here is obviously not so grand.

The office building is next to the roadside, even the parking place is very cramped.

The environment inside the building is also more in line with the outside, the ground is littered with cracks of varying depths, because the building has only seven floors, so there is no elevator type of facility.

Yunzhou City is located in the west of Jiangcheng City, because of the area and geographical location, unlike the rapid economic development of Jiangcheng City over the years, is still a lukewarm third-tier city.

These can be seen from every aspect.

Jiang Tianyu buried her head and climbed to the fifth floor in one breath, and eventually was unexpectedly thrown in an interrogation room alone.

While no one was around, she carefully observed the environment of the interrogation room, and in passing raised her head to glance at the dilapidated surveillance probe in the corner of the ceiling.

I have to say, this place really exudes a strong sense of age everywhere.

Take the interrogation chair sitting under her buttocks, it is still the old-fashioned, her hands are fixed in the small table in front of her chest.

This interrogation room is divided into two parts, in front of the interrogation chair about two meters, installed a strong iron fence, from the surface traces, should also be some years old.

On the other side of the iron fence, there is a table, a computer and two chairs, which should be used by the police to carry out interrogation work.

After a few minutes, she slowly withdrew her eyes and began to observe the hands of this body with boredom.

Thin and small, but the hand shape is slim and good-looking, ten round nails through a healthy tender pink.

From just climbing the wall when Jiang Tianyu felt, this body is not tall, it is really hard to imagine what kind of vicious case she will be involved in.

Well ..... say so is not quite right.

The world's malice is not half as bad as your weakness.

Anyway, idle, Jiang Tianyu simply sat there quietly closed his eyes to see if he could find any useful information from the empty head of Niu Xiaoting.

I do not know how long it took, the door opposite the iron fence was pushed open from the outside.

Shi Ge walked in with a young male police officer, the two sat at a long table, his hands also held an enamel cup.

At this moment, the enamel cup is smoking hot, filled with amber-colored tea soup.

First, he took two bald sips of tea, after which Shi Ge opened his mouth unhurriedly, "Name."

"Niu Xiaoting."

"Age."

Jiang Tianyu tilted her head and thought back seriously before returning with certainty: "21 years old."

"Do you know what we brought you back for?" Shi Ge put down the enamel cup in his hand and raised his eyebrows to ask.

Honestly, she shook her head, her face blank, at this point Niu Xiaoting's memory still failed to give her any effective feedback.

"Then when you see us, what are you running for?"

"Not said, you guys look too fierce, I thought they were bad guys." Jiang Tianyu bites the bullet, did not hear the police routine to inform, or did not hear.

Shi Ge had a speechless face, and he wasn't going to talk any more nonsense, and turned to take a few photos from the colleague beside him.

After showing the photos one by one to the girl opposite, he said with a sharp gaze, "Two months ago and half a month ago, two murders occurred successively in the local area."

"What you just saw is the crime scene of those two murders, don't you feel familiar?"

Jiang Tianyu looked bewildered: "Should I feel familiar?"

Shi Ge was disliked by her a backwards tilt, hard deep breath, he still decided to open up, directly took out two more video screenshots: "Then tell us, why in the vicinity of the two crime scenes, we found your figure?!"

"As far as I know, you should not be a local of Yunzhou City, and why do you appear in the city frequently?"

More coincidences are bound to be not coincidences, and those who are police officers are convinced of this.

"Wow, no? The police are still in charge of people's tourism?" Jiang Tianyu seemed to be surprised, seemed to be emotion.

And her performance fell in the eyes of the two opposite people, it became not to say serious words.

"Every time you come to Yunzhou City, you happen to catch a murder case? Travel is travel, why do you still hang around the scene of the murder?" Shi Ge's tone was sneering.

As early as the moment the other party pulled his leg and ran, he had already defined it in his heart, there must be some unknown fishy inside.

“I didn’t know that was the crime scene.” Jiang Tianyu glared round innocently, ready to use logic to defeat logic.

As expected, both Shi Ge and the other male police officer’s expression at this time could not be called much more wonderful.

They are at least engaged in the criminal police profession for many years, what kind of suspects have not seen, only a little contact, already know that the girl in front of you is not a good fight.

And her lovely appearance does not match, is that cunning and dark heart.

The two of them stood up, looking like they were going to suspend the interrogation and leave for the time being before making the next plan.

Bang!

The opposite door was closed with force, Jiang Tianyu was habitually shrugged.

In the corridor outside the door, the young male police officer was muttering and complaining, “Team Shi, the man was easily caught and brought back, but he didn’t say anything.”

“Why don’t you put on a black face and scare her? I think this Niu Xiao-ting is so young, the gender is also there, maybe it will work.”

Shi Ge first enamel cup has become slightly cold tea a drink, and then smashed smash mouth: “I have taken you for so long, when you can learn to use your brain? Just that little fox inside, you scared to death she may not even know afraid!”

Just kidding, a person who can climb the second floor with his bare hands, what else can scare her?

“Then what to do?” The young policeman was a little worried.

“I remember about a month ago, Jiangcheng City, there is not method, and our two cases similar to the murder case?” Shi Ge’s eyes twinkled and he thought, “And this Niu Xiao-ting’s registry is in Jiangcheng City, have someone contact the city bureau there to see if there are any new developments.”

The male police officer nodded and answered.

The next day early morning.

Jiangcheng City Public Security Bureau Serious Crime Unit.

Qi Ziang walked into the office with snowflakes still hanging on his shoulders that hadn't completely melted.

Now the north has entered the deep winter, outside nearly minus 20 degrees weather, freezing people open mouths to talk is difficult.

"What are you guys looking at?" Qiziang glanced at Lu Li and Xu Lida, who were huddled in front of a computer at the moment, and asked a question in passing.

"Oh, this ah ....." Lu Li returned his head, and casually responded: "is me, yesterday after working with you in WeChat said that the Yunzhou City Bureau sent over the notice of investigation ah, in order to facilitate our work, they also The suspect's basic information and a video of the scene of the arrest were sent over."

"Qi team, you have to see, this goods old bully!"

Qiziang face as usual, walked up two steps, said in a flat tone: "Is that the murder case that happened last month in the He'an District ....."?

As he spoke, his eyes fell on the computer screen, just in time to see the figure in the video leap violently through the large iron gate.

Just as the shaky law enforcement recorder caught the so-called suspect climbing up the second floor with his bare hands, Qiziang's hand hanging at his side moved slightly, then slowly squinted his eyes.

## **Every Time I Wake Up, I Become A Suspect – Chapter 79 - Tips**

"Crap!"

"Crouch crouch crouch!"

Lu Li, Xu Lida and the two members of the Major Crime Unit who just came around all unconsciously sighed.

"How about it, it's really awesome, right? But they have problems with the tactics of the police in Yunzhou City, I heard that they have lost one time in the middle." Lu Li 'tch' a, anyway, not their Jiangcheng City Bureau of fun, how to laugh at it.

"You can stop talking, just like this, change you you also lost!" Xu Lida could not help but sneer back at him.

How can Lu Li eat losses, instantly retort: “Oops, I accidentally forgot, when Xu lost a ..... right, the person involved in the case called what to come? Zhou Ya, right?”

“Miss Zhou is also quite fierce, unarmed subdued knife-wielding criminals have not? Xu don’t worry, you and Yunzhou City buddies, not a shame.”

“Lu Li! Your skin is itchy, isn’t it? The first thing you need to do is to get a good idea of what you’re doing.

“slightly slightly slightly .....

The majority of Qiziang’s attention has been on the computer screen, and the arrest video has been played until the female suspect slid down the sewage pipe obediently.

After that, the computer came out the other side of the crisp and justified voice: “Public Security Bureau how not to say earlier?”

This person’s smooth hands, in the face of the police when the ultra-high degree of cooperation, as well as articulate and cunning look, let him feel unusually familiar.

The last case of the corpse to today, just about two months.

This and the previous several cases he felt involved in the case of unusual people occurred in the same time pattern.

Originally he was thinking these days, will not see this person again, but did not expect the other side this time actually ran to Yunzhou City?

The first thing you need to do is to take a look at the suspect’s personal information.

Received the thin two pages, he lowered his eyes and carefully read through each line.

Niu Xiaoting, female, 21 years old.

Below is the ID number, household registration for Jiangcheng City Liaocai County, now unemployed.

Finally, his gaze fell on the photo in the upper right corner, the girl in the photo short hair, long a round face, ordinary features and not very attractive.

Then, Qiziang once again looked at the computer screen of the suspect who was arguing strongly with the police in Yunzhou City.

The mysterious and mysterious feeling came again, he only felt that obviously the video and the photo is the same person, but they look like and not like.

“What is the meaning of the Yunzhou City Bureau side?” The emotions under his eyes were collected, and Qi Ziang asked lightly.

Lu Li did not notice anything unusual and responded with a long voice: “Yunzhou City Bureau said that two murders occurred in Yunzhou City two months ago and half a month ago respectively, and it is worth noting that the modus operandi of these two murders is highly similar.”

“The first victim was a male, a native of Yunzhou City, named Liu Kai, forty-three years old, a small self-employed business owner.”

“The second victim was a female, a native of Yunzhou City, named Pu Xiuxiu, twenty-seven years old, an ordinary company receptionist.”

“From the apparent identity information and the life trajectory and social relations of the two, the two victims did not overlap. But the forensic pathologist determined after the autopsy that they both drank a lot of alcohol before they were born, and both died of asphyxiation, and most importantly were stripped naked after death and dumped in the garbage in the city nooks and crannies of the alley.”

“The first crime scene has not yet been found, but the police in Yunzhou City, after repeatedly checking the surveillance near the dumping site, are found this Niu Xiaoting figure.”

Qiziang pondered.

Lu Li will take out from his drawer last month’s Jiangcheng City murder case file, raised his hand and handed over: “Initially, the two murders in Yunzhou City and we have this is really similar, the specific details do not know, but our victim can also be found in the garbage.”

Roughly flipped through the contents of the file inside, Qiziang frowned: “The victim Qiu Feiyang, thirty-one years old, the former occupation of a company’s mid-level leaders ..... body did find a certain concentration of alcohol, the cause of death is asphyxiation, there are obvious traces of fractures at the throat bone. “

“Lu Li, you and Xu on the body dumping site near the monitoring once again to check, focusing on whether there is this Niu Xiaoting figure.”

“Yes!”

.....

Jiang Tianyu, who was still locked up in the interrogation room, was counting the time with his fingers.

At present, it seems that the police in Yunzhou City should not have more evidence, or else they would not have left her hanging over here for forty or so hours, and no one ever appeared again.

She turned back to her senses and twisted her head hard to look at the white steel door behind her, and from the glass above she vaguely saw the shifting figures outside the door.

That should be the female police officer sent over by the Yunzhou police to conduct body control on her.

In another seven or eight hours, if there is still no new evidence, it is estimated that this body will be able to regain freedom.

Jiang Tianyu thought of this forceful sigh, in Jiangcheng City are used to stay, never thought it would be possible to change a new map.

It is also a bit sad to leave the Jiangcheng City Bureau of Major Crime Unit.

People well, together for a long time will always produce some feelings, although she is unilateral.

The significance of the people in her major crime group has been infinitely close to colleagues, even when originally working in the special police, the cold change of a partner will have to break in for a while.

And this time that officer Shi, it does not look like a good way to talk.

Just as she messed around with her thoughts, a loud sneeze suddenly came from behind the door opposite the iron fence.

“Ah-choo!!!” Shi Ge, still holding the enamel cup with red peony flowers in his hand, pushed open the door while cursing, “This sh!tty day, it’s too cold.”

Then, he turned his head toward the back of the look, the tone of pleasant: “from Jiangcheng City to this side, the drive will take nearly four hours, I did not expect you to receive the letter the next day came directly over .....

The interrogation chair of Jiang Tianyu once heard the word ‘Jiangcheng’, instant pupils slightly shrink, but from her face expression is not visible what obvious changes.

Sure enough, the next second, the tall figure that was just spinning twice in her head appeared at the door.

Remember that even, Yunzhou City, the facilities of this antiquated interrogation room, the man actually had to slightly hang his head in order to smoothly walk in.

When he looked up again, Qiziang had a four-eyed encounter with the girl on the other side of the iron fence.

It was that pair of crystal-bright and steely eyes.

Perhaps the appearance will deceive, but the strong and unyielding soul inside will not.

The bottom of the eyes quickly flashed a trace of inconspicuous smile, Qiziang followed Shi Ge's wishes and sat down on one of the wooden chairs.

Shi Ge is casual around to the front, leaning on the side of the long table desktop, blew the hot tea s.ucked a mouthful before opening: "Niu Xiao-ting, this is the Jiangcheng City Public Security Bureau, Qi police officers, but they are specifically for your ..... case, driving all the way over here. "

He said, revealing a face 'I see how you have to sophistry this time' expression.

"Come to our Yunzhou City, you say it is a tourist, then in Jiangcheng City a murder case dumped body site, how we also found your figure?!" Shi Ge said, with the other hand that did not hold a cup of tea knocked hard on the table under the b.uttocks.

"Do not think to stay up to forty-eight hours we can not do anything with you, you know that the night before yesterday your behavior strictly pursued, we can be resisting arrest ....."

Listening to the other party's crumbs in her ears, Jiang Tianyu's heart had no ripples and even a little sleepy, she untraceably twisted her head to the side and carefully opened her mouth to yawn a little.

Seeing this, the corners of Qi Ziang's mouth twitched as he sat there.

In fact, there was nothing wrong with this officer's interrogation style, even he and Lu Li and others had eaten a lot of defeat, both explicitly and implicitly, when they first faced that person.

But after the previous few times, he has gradually acc.umulated a lot of experience.

The other side is actually very happy to cooperate with the police, just sometimes do not know what the reason, will show a certain amount of resistance, or even choose to look around.

As expected, Shi Ge said the mouth are dry, the opposite side of the person is still nothing extra reaction.

The actual fact is that the actual person is not a person who is not a person.

The man first froze, and then slightly raised his left hand, indicating that he could play at will.

Receiving an answer, he turned around and exited the interrogation room.

When Jiang Tianyu and Shi Ge were both confused, there was a sound from the door behind Jiang Tianyu, and then before a breath was taken, Qi Ziang walked in from there with confidence.

From the file bag he carried with him, he took out a few screenshots of the video in color, and he gently handed them to Jiang Tianyu: "Niu Xiao-ting, right? So you really have nothing to explain about your frequent appearance at the body dumping site?"

Rubbing the textured colored paper in her hand, Jiang Tianyu suddenly frowned, struggling to digest the large amount of memories that suddenly appeared in her mind.

What the hell.

Before Shi Ge showed her the same video screenshots of the crime scene, but there was no response, did it mean that the memory activation set of procedures, the distance of the evidence and requirements?

Remember raised her eyelids slightly as she estimated the distance between this interrogation chair of hers and the interrogation table over the iron fence, which was conservatively estimated to be nearly four meters.

It may indeed be far away, after all, in Jiangcheng City are facing each other, the width of the table is not more than one meter and a half.

The side of Qiziang seems very patient, back and forth slowly pacing around her, did not make a sound to urge.

A few meters away, Shi Ge is not good eyes staring at the two of them, although some do not understand, but also did not easily speak.

Finally, Jiang Tianyu had some reaction, she roughly looked through the screenshots, and then said softly: "I admit to having seen the three dead, but that was all because of work!"

Qi Ziang narrowed his eyes, "Work? Aren't you jobless?"

"I ..... I ....." mentioned this, Jiang Tianyu is a little weak, stumbling half a day after she clenched her teeth: "I now work for an investigation company, an investigation analyst."

Investigation company?

Qiziang's face instantly darkened by half: "You are a private detective?"

"Hehe ..... hehe ....." Jiang Tianyu laughed dryly.

Qiziang said: "Do you know that private detectives in the country is in the gray area of the profession? Once accidentally violated the privacy of others, is to break the law!"

"That's a bit hard to say ....." she peeked at the man's face, saw something wrong immediately turned: "But it's true, but I really have not done anything illegal ah! I've only been in the job for less than four months."

The implication is that it is not yet time to break the law.

The girl on the interrogation chair stared fixedly for a while, Qiziang opened his mouth again: "Then these three dead people are the subject of your investigation? This is the reason for your frequent appearance around the three of them and the dumping site?"

"....." Although reluctant, but Jiang Tianyu nodded.

"Since you appeared near the site of the dumped bodies, that means you already know that the three died, so well-informed?" Qiziang hands around the chest, eyes scrutinizing, and not because of any factors that affect the objectivity of the case.

Speaking of this, she really is a bit difficult to say: "The first time ..... that is, two months ago when I came to Yunzhou City to check Liu Kai, that night I surprisingly found myself lost with people."

"As a result, the next day also did not find, it so happened to hear that a murder occurred in the city, so out of curiosity wanted to go to see the action."

"I did not know that the deceased was Liu Kai, or later the company told me that the customer canceled the order, I only know."

"The second well ..... investigation object is still a male, I did not expect to investigate and suddenly disappeared. The next thing I thought was that there was a murder in Jiangcheng, and I thought it was not such a coincidence that the location was not far from the company, so I ran over to see."

If not for the handcuffed hands at this moment, Jiang Tianyu would like to cover her face, because the truth to say not to mention fall in the ears of others, she herself feel thin and pale.

“As for the third .....

Qiziang simply help her out: “missing again, and then you ran to see?”

Jiang Tianyu cleared her throat, reluctantly ‘hmm’: “Actually, at that time I already had a premonition .....

“How did you manage to find the body dumping site with precision every time?” Qiziang this sentence is also considered to ask the opposite Shi Ge’s doubts.

“The two officers may not understand our industry, the most important thing is to be well-informed, the company has a variety of channels to obtain a variety of information .....

At the same time, she couldn’t help but think of Zhou Manting, journalists want to be the timeliness of the news.

Really count up, the media company and the investigation company in this point does not seem to be much difference. Just after acquiring the corresponding information, the secondary processing of its methods and use of the way is very different.

Shi Ge heard here, couldn’t help but speak out: “Let you say, feel that the major media are not as powerful as your company.”

How do you know that this nature of the investigation company’s sources of information has nothing to do with the media?

Heart secretly muttered a sentence, Jiang Tianyu face closed his mouth tightly, obviously does not want to ink too much on this topic.

“So what did you come to Yunzhou City for this time?” The company’s main business is to provide a wide range of products and services to its customers.

The other side of Shi Ge like also suddenly thought of a possibility, the expression suddenly changed, holding the enamel cup hands are subconsciously tightened.

That’s right, originally they did not know that Niu Xiao-ting’s occupation is a private detective, now that they know that the three victims are related to her .....

"Of course it's work." Jiang Tianyu swallowed: "But this time I'm here to help people find cats."

"After all, after several incidents, the company is also quite evasive." She explained with an embarrassed face.

Although the three victims did not die consecutively, the original owner Niu Xiaoting also took over other cases in the middle, but in the eyes of onlookers, this incident is still quite amazing.

"Why didn't you choose to contact the police after the crime?" Shi Ge tone is not very good question: "Let's say you are not the real murderer, but the investigation object several times out of the question, you just think it is accidental?"

Jiang Tianyu lips moved, a small voice responded: "I'm just a working ....."

Of course what the boss says is what it is.

At this point, without a word, Qi Ziang came up and took the screenshot of the video she was holding, then shoved a white sheet of paper and a pen at her and raised his chin slightly: "The name and address of the company."

He didn't even intend to ask for the client's information, after all, it involved the client's privacy, and the company behind Niu Xiaoting might not reveal it to its employees.

The truth is that the first thing to do is to capture the thief.

He wrote down an address on the white paper, and thoughtfully included a contact number and an email address, Jiang Tianyu has never been ambiguous when it comes to cooperating with the police in case investigation.

After receiving the paper, Qi Ziang did not look at her any more and walked out of the interrogation room with quick steps.

The opposite side of Shi Ge saw this, also busy to go out.

The two met again in the corridor, just as the door of the observation room next to them opened, and Lu Li and the young male police officer arrived at their side one after another.

"Team Shi, do you have any other conclusive evidence in hand now?" Qiziang asked.

Shi Ge shook his head: "We first mapped out Niu Xiao-ting from the surveillance video, and when we checked her identity information, we just found that she came to Yunzhou City again in the past two days, so we planned to find her and ask a question."

“I did not expect the girl saw us and ran away, you say this is not a weak heart is what?”

“Qi team, what do you mean .....?”

“Release the person.” Qi Zion said these two words in a decisive and unhesitating manner.

Since there is no more substantial evidence, then even if the person is locked inside for half a year, a year, the case will still not have any greater progress.

The police will soon discover new clues as long as they are properly controlled.

After only two seconds of thinking, Shi Ge readily agreed.

Anyway, the current cross-city collaborative case mode has been basically determined, Niu Xiao-ting where the laborious investigation company and in Jiangcheng City, think after the pressure of control will also fall on the head of the Jiangcheng City Public Security Bureau, he noted that naturally does not matter.

The four of them got together again to discuss in detail the details of the follow-up, after not long, Qi Ziang and Lu Li will depart back to Jiangcheng.

In the afternoon of the same day, Jiang Tianyu also managed to get out of the office building of the Yunzhou Public Security Bureau.

She squinted at the sinking sun, thought about it and took out the original owner Niu Xiaoting's cell phone from her compact fanny pack and dialed a phone number with the memo 'head'.

There was no answer on the other side as expected.

The time she was released should have been discussed by the police in both places.

She stopped a cab on the way to the train station and quickly bought a high-speed train ticket, arriving at Jiangcheng Station at 8:20 p.m. on time.

Then, she rushed to the original owner of the investigation company.

And the orange and yellow road in the district belongs to the old street with its own style, along the street is very old brick walls hung with gray creepers, there is no high-rise buildings in the neighborhood, there are only twenty years ago residential areas and decades ago three-story buildings.

These small buildings or the kind of external iron stairs, because of the age of too long, look up to see some steps have even broken the hole.

After getting out of the car, Jiang Tianyu slightly raised her eyes to look at the red building across the road, hanging on the third floor of a light box sign with the words 'Henry Market Research' written in white letters on a blue background is still lit.

Knock knock knock.

The iron staircase beneath her feet made a dull sound, she went up to the third floor and then walked a little further along the outside corridor, and reached out and pushed open the door.

This is not a large room, about 40 to 50 square meters, a glance can see the end.

As soon as you enter the door, you will see three desks, which are filled with folders, file bags and scattered materials, showing the unusual chaos and crowding.

Walking inside, there is a cramped meeting area, facing two long fabric sofas, sandwiched between a small and old wooden coffee table.

The meeting area is next to two glass windows, next to a few pots of wilted greenery as a garnish.

At this time, the side of the sofa is sitting on a Jiang Tianyu incomparably familiar figure.

She pursed her lips with a stiff expression and looked at the middle-aged man with a slightly chubby body type directly opposite Qi Ziang, whose smiling face was hung with a pair of framed glasses, precisely Niu Xiao Ting's boss, whose name was Henry Zhu.

"Yo, the living king of hell is back?"

Suddenly, a snickering voice rang out abruptly.

Jiang Tianyu subconsciously rolled her eyes and twisted her head to look at the bathroom door.

The person with a thin figure, a half-length black hair messily scattered on the shoulders, the whole person looks like a walking bamboo pole.

His age is probably in his early thirties, his appearance looks remembered more or less unkempt.

The man is another employee of the company, called Luo Xu.

Once the three words 'living hell' were out, Luo Li, who was spinning in circles within the company, immediately turned his face to the side, forcing himself to control the smile that was almost diffusing to his mouth, trying not to let others notice anything unusual.

“Xiao Luo ah, Xiao Ting just returned from a business trip to Yunzhou City, you should not tease her.” Henry Zhu acted as the role of moderating the atmosphere, then raised his finger and pointed to the tin cabinet not far away, “Go, find out the information of the client of the relevant case that the two officers want.”

Soon, a folder with a dark blue skin was placed squarely on the coffee table.

After taking the folder and confirming the contents, Qiziang stood up from the sofa and nodded slightly at Henry Zhu: “Thank you for your cooperation, Boss Zhu.”

“As you should, as you should.” With a professional fake smile on his round face, Henry Zhu sent the two of them to the door with an attentive attitude.

Qiziang and Lu Li, on the other hand, quickly swept past Jiang Tianyu, not to mention greeting, not even a superfluous look to her.

Seeing this, Jiang Tianyu’s eyebrows jumped, as if in thought.

A minute later, Henry Zhu turned back into the company, by hand, the door closed, after measuring her twice, the first words opened his mouth was ‘cat found?’

What?

It is false to say not surprised.

What? The company does not even know that she was arrested in Yunzhou City into the Public Security Bureau?
