

## Every Time I Wake Up, I Become A Suspect - Chapter 9 - Tips

Early the next morning.

Just after getting off the elevator and walking into the door of Zhongyuan Design, Jiang Tianyu keenly noticed that the atmosphere in the company was a bit unusual.

She was a little late to work today because she had received a call from a client after waking up, so she was not sure what was going on.

Before she returned to her workstation and sat down, the phone at her hand came with a beep, picked it up and looked at it, she immediately turned her head to look in the direction of the pantry.

She saw that Duan Jianna was picking on the door frame, waving towards this side.

Jiang Tianyu lost her smile and obediently walked over with her own coffee cup, and as expected, she saw Zhao Xuan standing next to the refrigerator at a glance.

Duan Shina carefully brought the door closed, and because the pantry is not particularly soundproof, deliberately pressed the voice can not be lower: "Ya Ya, have you heard?"

"Heard what?" Jiang Tianyu was dumbfounded.

Duan Shina raised her eyes and glanced at the wall with the hour hand pointing in the direction of the number '10', and mysteriously opened her mouth: "About an hour ago, several police officers suddenly rushed into our company and directly took Deng Si Bo away!"

"Now everyone is guessing, he was taken away and Ding Tianlang died there is no relationship."

At that, Jiang Tianyu was really a bit surprised, but surprised is that the action of the Qi police officer is too fast some.

From last night's meeting to the present full count only twelve or thirteen hours, this will find some clues?

"If it's not because of Ding Tianlang, what else could it be? If something happens to the company, the first one to be taken away is definitely the boss, where is his turn." Zhao Xuan stirred the coffee in the cup, while saying coolly: "But the boss has just stressed that the private discussion of this matter is not allowed, Duan Jianna you want to be deducted from the year-end award?"

"He is not in the company now, twenty minutes ago I witnessed him out of the building." Duan Jianna looked smug, then frowned delicately: "Then again, since Ding Tianlang's accident I feel that the police have come many times, his killer would not really be our company's people, right?"

"The key is why?"

Zhao Xuan took a sip of coffee, still maintaining the same tone: "Either for love, or for money, or for a breath of air."

After that, she looked sideways at Jiang Tianyu, who hadn't made much noise: "Ya Ya, you don't want to be like Duan Jianna, the relationship between Ding Tianlang and you is complicated, so it's not in your best interest to say too much."

Duan Shina heard this and was displeased, her bright red lips pouted: "Zhao Xuan, I have not provoked you recently, right?"

Then the two of them ridiculed each other with one sentence and another.

The company's main business is to provide a wide range of products and services to its customers. After all, in Zhou Ya's limited memory, these two people have always been in this mode of getting along, if she goes forward to persuade, but easy to go wrong.

The two of them had a tacit agreement to stop, and Zhao Xuan again looked at Jiang Tianyu, who was watching, and opened his mouth helplessly: "Ya Ya, I actually think you should continue to rest at home for a while."

"The case is not solved, our company will not stop for a day, plus you were hurt so badly before, I'm afraid you can't take it."

"We can't lose our careers because of a dog man, we are all adults, which will be so pretentious." Jiang Tianyu met the concerned gaze of the two people across the table, and shallowly hooked up a smile: "Don't worry, I have a sense of proportion."

Seeing her respond like this, Duan Shina and Zhao Xuan naturally could not say anything more.

The door of the pantry was just opened and two more colleagues walked in. After chatting for a while about work gossip, several people quickly dispersed.

Unlike what the people of Zhongyuan Design imagined, Deng Si Bo returned to the company just after the lunch break.

It seems to be no big deal, but inevitably the curious will come forward to try to find out some great news from him, the party's mouth.

With a curious gaze, Deng Si Bo said what can not be quiet to continue working, and finally can only sink a face, head into the fire escape located in the west side of the company.

With a loud bang, the heavy iron door leading to the stairwell was heavily closed, followed by a trance-inducing silence.

Deng Si Bo's whole body seems to be suddenly exhausted general hand outstretched to hold the railing, slowly sat down on the steps, recalling the police sharp and inside the colleague that the unsuspecting scowl, he only felt breathless, forehead corner throbbing pain.

When he came back to his senses again, he was shocked to find that he had unknowingly oozed a cold sweat and wanted to wipe away the sticky face, but he felt all over his body and couldn't find a tissue.

The next second, he looked at the tissue suddenly handed to his eyes, instantly widened his eyes.

Seeing that he didn't react, Jiang Tianyu politely shoved the tissue into his hand, then leaned on the staircase handrail next to him, opened the sandwich bag in his hand, and ate it in big bites.

Deng Si Bo reflexively stood up, turned around and wanted to leave.

However, he hesitated after his hand was on the iron door handle, which was a bit prickly. On the one hand is always a bad relationship with Zhou Ya, on the other hand is a colleague who hates to pick off his skin, it is really a step forward a million ruin, a step back a million abyss.

Just when he was wavering, Jiang Tianyu behind him suddenly opened his mouth.

"At the risk of asking, when did you and Ding Tianlang start?" Because she still had a sandwich in her mouth, the words she asked were still somewhat ambiguous.

But this ambiguous sentence, for Deng Si Bo is like a thunderstorm on the head, between the ears suddenly buzzed, subconsciously want to retort: "No ....."

"So you think I'm a third party who is destroying your relationship." Jiang Tianyu swallowed the last bite of her sandwich, stroking her chin with a definite tone.

In the past two days she had carefully analyzed the traces in Zhou Ya's fragmented memories and found that the relationship between the two was actually okay at the time when Deng Si Bo first joined the company last year.

The real deterioration is in Zhou Ya and Ding Tianlang in the company after the public love, a project meeting, Deng Si Bo caught Zhou Ya's a fault on the spot, a very ugly.

From that time on, the relationship between the two became worse and worse, during the small friction constantly, and finally became a mutual glance are feeling bad.

The hand holding the doorknob is too hard and bruised, and finally Deng Si Bo still drops his arm in dismay, turning around and leaning on the wall next to him.

He lifted his eyelids and quietly looked at the woman directly across from him, and at the end revealed a self-deprecating smile: "I know that actually the whole thing has nothing to do with you, because at that time there was no third person in the company who knew about the relationship between us, and strictly speaking, you were just a deluded victim."

"It's just that ....." he said, his tone had begun to tremble slightly.

It's just that he is also human, will hate, will be jealous. Jealous of Zhou Ya can be in the arms of Ding Tianlang in front of everyone, jealous of the two of them can be next to no one in the pantry fight.

At that time, he had just graduated into the Zhongyuan design work, if not for playing with that hometown dating software, it would not .....

The police found me through the records of my exchanges with Ding Tianlang on the software, but how did you know about it?"

After breaking off with Ding Tianlang, he developed a healthier relationship, and only then did he see through that the other party was nothing but a trash who liked the same sex but was afraid of the world's eyes, thus using one heterosexual relationship after another to cover up his true self!

With Ding Tianlang's virtue, he must not show any clues in front of others.

"Guess." Jiang Tianyu responded vaguely, "We broke up also because we found him cheating, you know, he this person ....."

Deng Si Bo heard this wordlessly pursed his lips, subconsciously thought it was Ding Tian Lang himself played off, after all, often walk by the river, which there is not wet shoes.

“So the police took you back today just to ask about what happened between you and him?” Jiang Tianyu saw the situation and asked, then muttered: “You do not have to care too much, I have long been to the Public Security Bureau to cooperate with the investigation, before the company is not still circulating is that I killed Ding Tianlang and then deliberately rushed to the car martyrdom gossip?”

“Snort .....” Deng Si Bo was really relieved by what she said, wanted to laugh but felt unable to tense the face, and finally could only let out a short but strange airflow sound, the corner of the mouth muscle twitching, complex look.

“Anyway, I didn’t kill him.” After adjusting his expression, Deng Si Bo rolled his eyes silently.

He was now in a beautiful relationship and happy life, and frankly there was no need to do anything that would break the law for that scum.

Jiang Tianyu nodded with a lot of empathy.

After a short period of harmony, an awkward silence once again spread through the stairwell.

Jingle Bells Jingle Bells .....

Buzz... buzz... buzz...

The two were very quick to pull out their respective phones, her side is Duan Shina notice immediately to meet, it is estimated that Deng Si Bo side is also which good colleagues to call over Lai to inform the news.

After hanging up the phone one after another, there was still a breathtaking silence.

Eventually or Deng Si Bo first went over and pulled open the big iron door, went straight back to his station to prepare for the meeting to use the relevant materials.

Jiang Tianyu was not far behind the other side, but when he passed by the other side’s workstation, he inadvertently caught a glimpse of something and instantly stopped.

Xu because the nearby colleagues are busy for the upcoming meeting, including Deng Si Bo, several people did not even notice her strange, soon went to the conference room one after another, this place suddenly cold down.

The company’s main business is to provide a wide range of products and services to the market.

Well .....
