

A True God 1591

Chapter 1591 - God Sealing Cube

Ye Chen very quickly calmed down and persuaded Mu Xueying not to be angry with him anymore.

Ye Chen assured Mu Xueying that nothing would happen, everything would be fine and nothing would happen to Ning Xia.

Mu Xueying quickly believed what Ye Chen said, she easily believed Ye Chen's words.

Ye Chen took Mu Xueying inside the fairy gate, Mu Xueying didn't refuse Ye Chen, she didn't refuse to come with Ye Chen into the fairy gate.

"Where do you think Lord Peak will take us?" Ye Chen immediately asked where Ning Xia would take them.

"I don't know much about that matter either, master never talked about this matter, what she did was also very sudden" Mu Xueying also didn't know what Ning Xia was planning, to be honest she didn't know the details of what just Ning Xia talked about.

"So it's like that" Ye Chen was a little disappointed, it seemed he couldn't figure out where they were going.

Ye Chen took out the cube that he had obtained, to be honest he wanted to know and find out about this cube.

"Yuechan, where did you put the cube I bought earlier?" Ye Chen couldn't find the cube he had bought that's why he asked Chu Yuechan.

"This, I kept it." Chu Yuechan appeared while carrying a cube filled with carvings.

"Why is it in your hands?" Ye Chen asked Chu Yuechan, why was the cube in Chu Yuechan's hands.

"I'm researching it." Chu Yuechan said that she was doing a research for this cube.

"Did you get a clue?" Ye Chen asked Chu Yuechan, he asked if Chu Yuechan had gotten a clue from the cube.

"Honestly I didn't get anything, I've used many ways to try to open or destroy this cube, unfortunately it's too strong" Chu Yuechan said that he couldn't do anything to open this thing.

Whereas within Chu Yuechan could feel something extremely, very strong, this feeling couldn't be wrong.

Ye Chen couldn't feel anything, honestly an enormous power was trying to block Ye Chen from seeing what was inside this cube.

"Is Huang Ying able to do something about this matter?" Ye Chen wanted to know if Huang Ying was able to open it or even he knew about this.

"I've discussed this matter with him several times, to be honest he also doesn't know what it is, all he knows is that this thing is made of a material that is very, very strong, even a true god would find it

difficult to destroy it." Chu Yuechan informed that she had already discussed this matter with Huang Ying, and as a result Huang Ying knew nothing about this matter.

"What exactly is this?" Ye Chen was quite curious, to be honest he was curious about this cube.

"what's that?" Mu Xueying asked Ye Chen and Chu Yuechan, she asked what Chu Yuechan and Ye Chen were discussing.

"This is a cube that we bought by chance." Ye Chen said that this was a cube that he happened to buy when he was in the White Rose Star Realm.

Mu Xueying tried to look, she looked closely at the cube in Ye Chen's hand.

"Do you know anything?" Ye Chen asked Mu Xueying, Ye Chen wanted to know if Mu Xueying knew anything about this thing.

"This is the God Sealing Cube" Mu Xueying told Ye Chen about this, she said that it was the God Sealing Cube.

"God Sealing Cube" Ye Chen and Chu Yuechan both said what Mu Xueying just said.

"How did you know about this matter?" Chu Yuechan directly asked Mu Xueying, she wanted to know how Mu Xueying knew about this kind of matter.

"On earth I have found records of objects that have a shape and image similar to the carvings on this cube." Mu Xueying told how she knew the name of this cube.

"Is there anything else you know?" Ye Chen asked Mu Xueying, she wanted to know more.

Mu Xueying seemed to know a lot about this, so Mu Xueying definitely knew how to open it.

"The God Sealing Cube is a special cube made to seal an item or artifact that is very dangerous and might destabilize the world's balance, the God Sealing Cube is locked using a special spell, to open it requires a word" Mu Xueying told Ye Chen about how to open the thing in his hand.

"So the way to open it is with a word" Ye Chen said to Mu Xueying.

"That's what I know." Mu Xueying nodded, she told what she knew.

"Hmm, I didn't expect you to know about this." Chu Yuechan was quite surprised, she didn't expect Mu Xueying to know about this matter.

"Back then I also discovered this by accident, nor did I expect that one day it would be useful" Mu Xueying said to Chu Yuechan.

To be honest, MU Xueying didn't expect that the note she found at that time would be related to the cube in Ye Chen's hand.

"Earth does contain a lot of interesting things, it seems that there are still many things that have not been solved." Chu Yuechan felt that the modern Earth was very amazing, it was filled with things that were impossible to find easily in the Stars or Strong Realms.

"Okay, now that I know how to open this thing, I just need to find the words that can open this thing right?" Ye Chen only needed to use words to open the thing in his hand.

"Do you know what words can be used to open this thing?" Chu Yuechan and Mu Xueying asked Ye Chen.

"Not really, I don't know yet, I will try everything." Ye Chen didn't know yet, he was still thinking.

Mu Xueying and Chu Yuechan almost fell down when they listened to what Ye Chen said, they thought Ye Chen had figured out how to open this thing.

"O God Sealing Cube, on my orders, quickly open it." Ye Chen tried to use words to open this thing.

"." too bad nothing happened, nothing changed or anything happened after Ye Chen said those words.

"_ _" Chu Yuechan and Mu Xueying were helpless when they listened to what Ye Chen said, what Ye Chen said was very easy to guess.

"Strange, why can't open" Ye Chen looked at the God Sealing Cube in his hand, nothing changed or something happened.

"Of course there is no change, there is no way it will work" Chu Yuechan scolded Ye Chen, she said that what Ye Chen did would not be able to open the God Sealing Cube.

"Okay, then I will use other words." Ye Chen tried various words, he used a lot of difficult words and some jokes to open the God Sealing Cube.

Mu Xueying and Chu Yuechan shook their heads, Ye Chen actually used so many words to open the God Sealing Cube.

Several hours had passed, until now nothing had happened, everything Ye Chen did nothing worked.

"Here give it to me" Chu Yuechan took the God Sealing Cube in Ye Chen's hands, it's useless, Ye Chen probably wouldn't be able to open the God Sealing Cube.

Chapter 1592 - Looking For Items That Can Raise Inheritance

Chu Yuechan took the God Sealing Cube from Ye Chen's hands, he started to try to open the God Sealing Cube by trying all kinds of words she knew.

Too bad Chu Yuechan failed, nor was she able to open the God Sealing Cube.

"It's useless." Chu Yuechan didn't think that opening the God Sealing Cube would be so difficult, what kind of words would be used to open the God Sealing Cube.

"I'll give it a try too." Mu Xueying decided to give it a try, herself deciding to try opening the God Sealing Cube.

Mu Xueying tried what she knew, Mu Xueying used various languages ??and vocabulary to open the God Sealing Cube.

Too bad Mu Xueying couldn't do much either, she couldn't open the God Sealing Cube.

Ye Chen, Mu Xueying and Chu Yuechan tried their best, they tried their best to open the God Sealing Cube.

The three tried their best to open, they tried for several days to open the God Sealing Cube.

Too bad their efforts failed miserably, they were still unable to open the God Sealing Cube.

The God Sealing Cube was indeed very difficult to open, Ye Chen, Mu Xueying and Chu Yuechan did not know what kind of spell was used to open the God Sealing Cube.

"this is much more difficult than finding the key from this thing." Ye Chen felt that it was much more difficult than finding the whereabouts of the key.

"You are absolutely right, this is indeed very difficult." Chu Yuechan agreed with what Ye Chen said, to be honest opening the God Sealing Cube was very difficult to do.

"Husband, let's go back, it's been a while since we opened the God Sealing Cube." Mu Xueying invited Ye Chen to come back, maybe Ning Xia was ready to take the two of them away.

"Come on" Ye Chen agreed, he totally agreed with what Mu Xueying said, maybe Ning Xia had been waiting for them.

"Yuechan, I leave that thing to you" Ye Chen handed the God Sealing Cube to Chu Yuechan, to be honest it would take a very long time to crack.

"Alright" Chu Yuechan nodded, she would save and try to open the God Sealing Cube.

Ye Chen and Mu Xueying left the fairy gate.

"Looks like you are in trouble" when Ye Chen and Mu Xueying just left, Chu Ning'er came over, she came and said to Chu Yuechan.

"This thing is very difficult to open." Chu Yuechan said that the God Sealing Cube was very difficult to open.

"There is indeed something good inside, but from what I heard it requires a password to open it, it seems like this will be a little difficult to do" said Chu Ning'er .

Chu Ning'er understood that the God Sealing Cube would definitely not be easy to open, they might take a very long time to open.

Plus they currently don't know what kind of language was used to lock the God Sealing Cube.

"Help me already, just use all the language you can." Chu Yuechan told Chu Ning'er to help herself.

"Okay, you always do this kind of coercion." Chu Ning'er didn't really like Chu Yuechan's coercion, even though she didn't like it, Chu Ning'er had to keep doing what Chu Yuechan said.

Chu Yuechan and Chu Ning'er worked together, they did their best to open the God Sealing Cube.

.

.

After leaving the fairy gate, Ye Chen and Mu Xueying went to look for Qi Yunzhi's whereabouts, honestly Ye Chen wanted to see Qi Yunzhi's progress.

Qi Yunzhi was currently training together with the female disciple who was at the Jade Lotus Peak, she was even wearing clothes from the Jade Lotus Peak, it seemed that one of the disciples had lent Qi Yunzhi an outfit.

Ye Chen and Mu Xueying saw the progress of Qi Yunzhi, Qi Yunzhi began to show her fighting ability, although still weak, at least Qi Yunzhi had done her best to continue training.

"She's quite talented." Seeing Qi Yunzhi, Mu Xueying could immediately conclude that Qi Yunzhi was very talented.

"She is quite talented, maybe I will find more resources for her" Ye Chan will find more resources for Qi Yunzhi, he wants Qi Yunzhi to become strong as soon as possible.

"You can ask Sister Fei for it, she has a lot of connections and can give Qi Yunzhi everything she needs for training" Mu Xueying suggested Ye Chen to ask Yan Fei to find more resources for Qi Yunzhi.

"I have some, meanwhile I will also ask Fei for it." Ye Chen also thought the same thing as Mu Xueying.

"Before leaving I will tell her" Ye Chen said that he would tell Qi Yunzhi, Ye Chen couldn't make Qi Yunzhi wait for him, Qi Yunzhi could go home whenever she wanted.

Ye Chen went to see Qi Yunzhi, he gave some words to Qi Yunzhi and some basic resources to Qi Yunzhi.

Qi Yunzhi just nodded, she knew that Ye Chen was a busy person, so she didn't bother Ye Chen.

Ye Chen was very happy with Qi Yunzhi, Qi Yunzhi was a kind and obedient girl.

"I'll go, you stay here and just treat this as your own home." After instruction farewell to Qi Yunzhi, Ye Chen immediately left together with Mu Xueying.

The two of them waited for Ning Xia in front of the Jade Lotus Peak entrance, Ye Chen and Mu Xueying waited for a while, the two chatting about where Ning Xia would take them.

Ye Chen and Mu Xueying started to guess where they were going, where Ning Xia would take them.

"So you're here already." While Ye Chen and Mu Xueying were talking about Ning Xia, Ning Xia came to Ye Chen and Mu Xueying's side.

"Hello Lord Peak" Mu Xueying and Ning Xia both greeted Ning Xia.

Today's Ning Xia exuded a strong charm, she looked different from before, the current Ning Xia looked even more beautiful and moist than usual.

Mu Xueying was the one who saw Ning Xia's change, she had already guessed Ning Xia's rapid change like this.

"To think it would have this effect on Sister Xia" Mu Xueying did not expect that Ning Xia would show this kind of effect when she received Yang Qi Ye Chen, it seems that Yang Qi Ye Chen has a very good effect on women.

"let's go" Ning Xia took Ye Chen and Mu Xueying away, Ning Xia immediately took out a small profound ark, it could accommodate dozens of people.

Ye Chen and Mu Xueying followed Ning Xia, they both entered Ning Xia's private profound ark.

After everyone entered, Ning Xia immediately ran her profound ark to where they were going.

"Lord Peak Ning, where are we going?" Ye Chen asked Ning Xia again, he honestly wanted to know where Ning Xia would take him and Mu Xueying.

"We are going to a Little Star, I heard there is an item that can fully awaken one's inheritance." Ning Xia finally wanted to tell them where they were going.

"What do you need that thing for?" Ye Chen asked Ning Xia, to be honest Ye Chen was curious about what Ning Xia needed, what Ning Xia wanted from an object capable of awakening one's inheritance.

Chapter 1593 - Pirates Attack

"You'll know when we get it." Ning Xia said that Ye Chen would know when they got the item.

Ye Chen looked more and more curious, he wanted to know what Ning Xia wanted to do, Ning Xia became more and more mysterious in front of Ye Chen.

Mu Xueying was also trying to guess what Ning Xia would do, to be honest she was curious about what Ning Xia wanted, what Ning Xia wanted whether she was looking for this for herself, Ye Chen or even Mu Xueying, this became a matter which is very difficult to predict.

The profound ark began to fly away from the Jade Lotus Peak, it flew at an unbelievably fast speed towards its intended destination.

Since the ark is very small, the power consumption will be minimal and it won't require too much fuel.

"The trip to that place takes a few days" Ning Xia said that the trip took a few days.

"Why not just go through the dimensional flow, it will be faster" Ye Chen said to Ning Xia, if Ning Xia decides to go through the dimensional flow, then they can arrive quickly.

"There's no need to be so hasty" Ning Xia said that they didn't need to be in such a hurry.

It just so happened that Ning Xia was still trying to cultivate the Yang Qi she got from Ye Chen, so traveling along was the perfect time to cultivate it properly.

Ning Xia also had her own business not to use dimensional currents.

Ning Xia started to enter her room, she started to cultivate in her room.

Ning Xia left Ye Chen and Mu Xueying behind, she looked very busy and couldn't be bothered.

Ye Chen and Mu Xueying had no choice but to wait, the two of them took turns guarding around the profound ark, lest any pirates try to ambush them.

The journey using the profound ark also has its own risks, there are some pirates who will attack the profound ark and carry out plunder or even murder.

Dimensional flow travel has risks, as well as traveling using a profound ark, both have their own risks.

Previously Ye Chen used Dongfang Xiu's profound ark, this made the pirates out of the way and didn't dare to show themselves.

Ye Chen was in charge of keeping an eye on the surroundings, Ye Chen did his best to keep an eye on the surrounding area.

Ye Chen closed his eyes, he started trying to blend in with the surroundings.

As Ye Chen blended into the surroundings, Ye Chen discovered something was hiding in the shadows.

Ye Chen immediately opened his eyes, from Ye Chen's palm began to come out a sword, Ye Chen threw this sword towards the place where he found the thing that was hiding.

"BOOM" an explosion occurred, this huge explosion made a sound that made Mu Xueying come out.

"What happened?" Mu Xueying asked about what happened.

"It seems that there is an uninvited guest." Ye Chen informed that an uninvited guest had come.

Sure enough a profound ark appeared beside Ning Xia's profound ark, this profound ark launched several attacks towards Ning Xia's profound ark.

Mu Xueying waved her hand, as Mu Xueying waved hers, an attack was turned into a lump of Ice and stopped in place.

"Looks like we were attacked by pirates" Seeing this sudden attack, it was certain that these people were pirates trying to loot Ye Chen and Mu Xueying.

"They really made a mistake by attacking this ark" Ye Chen said that these people had made a mistake by attacking Ye Chen, they had made a very fatal mistake by daring to attack Ye Chen.

"attack" the group of pirates charged towards Ning Xia's profound ark, they boarded Ning Xia's profound ark and came face to face with Ye Chen and Mu Xueying.

"Wow, there's a beauty here" Everyone was instantly mesmerized when they saw Mu Xueying, they were all mesmerized when they saw Mu Xueying's goddess-like beauty from the sky.

Even though she was wearing a veil, Mu Xueying's beauty was very difficult to hide, Mu Xueying had a very great beauty because her body was very special.

The group of pirates drooled when they saw Mu Xueying's beauty, they couldn't wait to get hold of Mu Xueying's beauty.

"Give yourselves up well, then we won't do anything bad" the pirate group told Ye Chen to surrender himself.

"Are you talking to us?" Ye Chen didn't seem to listen to what the pirates said, he didn't seem to really care about these people's threats.

"Bastard, how dare you" all the pirates were angry when they heard the answer given by Ye Chen, they were all furious with the answer that came out of Ye Chen's mouth.

"we kill this man and catch the woman beside him" the pirates didn't want to waste any words on Ye Chen, they would kill and capture Mu Xueying and make her as loot.

The enemy's arrival was very well received by Ye Chen, Ye Chen used ***Nine Shadow Steps and Breaking Meteor Blow*** to fight the enemy.

The enemy was confused by Ye Chen's ability, they couldn't see Ye Chen's ability, Ye Chen's ability was too strong for them to fight.

By using ***Nine Shadow Steps and Breaking Meteor Blow***, Ye Chen killed all the pirates present.

On the other hand Mu Xueying was also being targeted, she was targeted by pirates because of her extraordinary beauty.

"She is mine" All the pirates are trying to get Mu Xueying, they are trying to get the beauty that belongs to Mu Xueying.

They all looked like hungry wolves trying to just find some very tasty prey, they really, really liked Mu Xueying.

Mu Xueying didn't make a move, she didn't look like she was trying to dodge or put up any resistance, Mu Xueying was still standing where she was.

Just as the pirates were about to approach Mu Xueying, their eyes suddenly turned white, the pirates' bodies were now shrouded in thick ice and made them unable to move.

"Crack. . ." The ice shattered into tiny grains and disappeared in a very strong wind.

people in the distance stopped, they stopped when they saw what was happening, Ye Chen and Mu Xueying were both strong and terrifying, their strengths were both strong and not easy to deal with.

"they are both strong, should we retreat" the pirate group began to lose spirit, they began to lose the fighting spirit they had.

"We can't retreat, we have to loot everything they have." They had already boarded this profound ark, so there was no turning back for them.

"Let's get this over with as soon as possible" Ye Chen wanted to finish this quickly, he wanted to get rid of people as soon as possible.

"BOOM" suddenly from above descended a person, this person descended with great force, this made the profound ark shake slightly due to this person falling in an unreasonable manner.

"Looks like the leader of this group has arrived." From the power that this person had just displayed, it could be said that this person was the leader of the pirate group.

The leader of the pirate group was a man with a stout build and carried a spear in his hand, from his appearance alone he was already extremely terrifying.

This person is very worthy of being a leader of pirates, he has the fearsome capital to frighten everyone he will rob.

"Bam. . . ." This person knocked on the floor of the profound ark with a spear, the moment this man did this, the profound ark started to lose control and the floor started to crack.

Chapter 1594 - Overcome Pirates Easily

"How dare you destroy someone else's profound ark." Ye Chen was displeased when he saw Ning Xia's profound ark being destroyed by this person.

"You give up right now, otherwise you will lose your heads and your lives" this person said in a hoarse voice filled with great pressure, the threats made by this person were no joke, he showed his abilities in front of Ye Chen and Mu Xueying.

"Are you bragging in front of us?" Ye Chen thought that this man was bragging in front of him.

This man gave off an extremely terrifying aura, he gave off an extremely terrifying black aura, one can't imagine how angry this person would be when he heard Ye Chen's words.

"You really provoked him" Mu Xueying shook her head, Ye Chen actually provoked this man in front of her, the man in front of her must be angry with Ye Chen.

"My name is Cao Pi, you have dared to insult this person, be prepared to accept your death" Cao Pi said in a loud and domineering voice, he showed his strength in front of Ye Chen.

"Boss, kill him!" Everyone shouted, they all shouted and said to Cao Pi to kill Ye Chen, Cao Pi must immediately avenge their comrades who had died at the hands of Ye Chen.

"You really tried to provoke him" Mu Xueying did not expect that Ye Chen would provoke Cao Pi.

"Hahaha, I did that on purpose" Honestly Ye Chen did that on purpose, he wanted to make this person regret that he was looking for trouble with them.

Cao Pi raised his spear, he immediately walked towards Ye Chen, he immediately swung his spear at Ye Chen.

"Be careful" Mu Xueying tried to warn Ye Chen to be careful in Cao Pi's attack.

Mu Xueying's warning was too late. Cao Pi's spear had already swung his spear at Ye Chen, it was very difficult to dodge Cao Pi's imminent attack.

"dieeeee ! ! !" Cao Pi roared, he roared at Ye Chen and said that Ye Chen would soon die in his hands.

"Slash" An extremely powerful slash landed on Ye Chen's body, this slash landed directly on Ye Chen's body.

The impact of this slash was so great that it caused a very strong blow, even some of the boulders floating in the sky split apart when facing this slash.

"Boss is indeed the greatest." Everyone admired Cao Pi's strength, he was able to make a very powerful and terrifying attack.

Ye Chen didn't move from where he was standing, he seemed to stand up after receiving the powerful attack that Cao Pi had just launched.

Ye Chen held Cao Pi's spear he lifted Cao Pi's spear that was on his shoulder.

"Is this all you can do" Ye Chen said to Cao Pi, Ye Chen looked bored with the strength Cao Pi showed, Cao Pi's attack was not as strong as Ye Chen imagined.

Cao Pi and the pirates present were extremely shocked when they saw what happened, they couldn't believe Ye Chen was resisting the attack from the big Boss with just his body, it was an unreasonable and unacceptable thing for all of them.

Mu Xueying was quite surprised when she saw Ye Chen who was able to withstand Cao Pi's extremely powerful attack, Ye Chen's physical strength seemed to be so strong that he was able to do such an extraordinary thing.

"You are very strong, you are able to withstand the strong attacks that I have" Cao Pi Acknowledging Ye Chen's ability, Ye Chen's ability is indeed very strong, Ye Chen was able to withstand his attacks with only his body.

"I am really strong." Ye Chen smashed Cao Pi's spear, he instantly shattered Cao Pi's spear into two pieces.

After that Ye Chen used his feet to kick towards Cao Pi.

"Bam" Ye Chen's punch landed on Cao Pi, Cao Pi was instantly sent flying out of the profound ark.

Cao Pi was flown quite far, he was flown thousands of miles away by Ye Chen's kick.

The group of pirates fell silent when they saw Ye Chen defeat Their Boss with just one kick.

Ye Chen actually used one strike to defeat Cao Pi, Ye Chen's one strike was enough to defeat Cao Pi.

Ye Chen's attack just now was very strong, Ye Chen didn't hold back when he attacked Cao Pi, rather Ye Chen didn't want to hold back against Cao Pi and wanted to end this as soon as possible.

Ye Chen doesn't like what Cao Pi did, he has destroyed Ning Xia's profound ark, Ye Chen will not forgive him.

"Now let's clean up the rest of the annoying people." Ye Chen couldn't wait to clean up the annoying people.

"Wait a minute please forgive us" these people begged Ye Chen for mercy, they knew that they were wrong for looking for trouble with Ye Chen.

"Hahaha, do you think I'll let you go that easily?, that won't happen" Ye Chen said that he wouldn't let go of these people.

Ye Chen couldn't possibly let go of people who tried to do bad things like pirates, they deserved to be eliminated because they themselves often killed others and even looted goods and women they met to sell.

Seeing that Ye Chen didn't want to let them go, the only way for the pirates to leave was to escape, that was the only way they could do it right now.

These people started to scatter, they all tried to outwit Ye Chen by using distraction.

Ye Chen intended to chase after these people, he wouldn't let them off so easily.

"You don't need to chase after them." Mu Xueying told Ye Chen not to chase these people.

" why?" Ye Chen asked Mu Xueying, Ye Chen wanted to know the reason Mu Xueying stopped Ye Chen from chasing the criminals who were causing trouble.

"They won't be able to escape their fate, so there's no need to chase after them anymore" Mu Xueying said to Ye Chen.

Their fate was already determined, so they would not be able to escape the punishment they had to endure.

"Oh, I see." Ye Chen finally understood something, he understood what Mu Xueying was doing.

Mu Xueying was one step ahead of Ye Chen, when Ye Chen fought Cao Pi, Mu Xueying had already taken advantage of the opportunity to implant an Ice crystal in the pirates' bodies.

With just a snap of a finger, all the Ice crystals will instantly explode and freeze the bodies of the pirates.

By now the pirates' bodies should have become Ice statues and will be traveling into a very dark and long space.

"Lord Peak Ning didn't come out even after what happened" Ye Chen didn't know what Ning Xia was up to, Ning Xia didn't come out even after such an attack happened.

"Lord Peak won't come out because of a small matter like this." Mu Xueying said that Ning Xia wouldn't leave just because of a small matter like this, Ning Xia could leave this matter to Ye Chen and Mu Xueying.

Ning Xia was much more busy cultivating in her room and couldn't be bothered by simple things like this.

"Forget it, why don't you repair the broken part of the profound ark, you can definitely do it, here it is." Mu Xueying took out the wood and iron, she gave this to Ye Chen.

"You're not going to help me?" Ye Chen asked Mu Xueying.

Chapter 1595 You can get information in the Guild association

"Can't you do it yourself" Mu Xueying said to Ye Chen, Mu Xueying was sure that Ye Chen could do this alone.

"How can it be like that, you have to help me" Ye Chen said to Mu Xueying, Mu Xueying should have helped Ye Chen repair the profound ark.

"This is a man's job, so you are responsible for this matter." Mu Xueying refused, she refused to help Ye Chen.

"-_- " It seems that Ye Chen will not be able to force Mu Xueying, he will not be able to force the will that Mu Xueying has.

Ye Chen started repair the profound ark, while Mu Xueying helped prepare the materials for Ye Chen, she got the materials that Ye Chen needed to refine the profound ark.

The damage inflicted by Cao Pi was quite large, there were countless parts that Ye Chen had to repair.

It was fortunate that this profound ark was small, so Ye Chen didn't need to refine too much, if only Ning Xia used a much wider profound ark, then it was very likely that Ye Chen would take a long time to repair.

"It's finally done" After several hours of work, Ye Chen finally finished repairing the profound ark, himself finished refining everything, the profound ark returned to a smooth and flawless state.

"It's finally over" Ye Chen was relieved that everything was over, everything was back to the way it was, now he can rest.

Mu Xueying had now gone to the same room as Ning Xia, she seemed to be cultivating in the same room as Ning Xia was cultivating, it was the most peaceful place to cultivate.

It seemed like Mu Xueying was trying to avoid Ye Chen, if she was with Ye Chen things might happen that was not desirable, Ye Chen's nature was like that, so being in the same room was the best for Mu Xueying.

Ye Chen could only take a relaxing mattress, he lay down and started to enjoy this trip, this trip would not end quickly, while Ye Chen had time, he could enjoy his time to rest his mind for a while from all the busyness.

This profound ark was already set to arrive at the destination point, so there was no need to control the profound ark anymore.

.

.

A few days quickly passed, it shouldn't be long before they arrived.

Ye Chen was sleeping lazily on the chair, he was enjoying his time very well.

"Husband, how are the conditions around this place?" Mu Xueying finally wanted to come out, she went out and met Ye Chen who was outside.

"Everything is fine, nothing happened for the past few days" everything was very peaceful, no criminals or obstructions on the way.

"From the set time, in 5 minutes we will arrive at the star said by the master" Mu Xueying said that in 5 minutes they would arrive.

"So 5 more minutes, it's time to get up" because it was almost at the destination, Ye Chen got up, he tidied up all the things he used to relax.

In the distance Ye Chen saw a star that was quite large in size, at least 8~10 times the size of the earth.

"Is this the little star that Master said?" Ye Chen asked Mu Xueying.

"Of course" Mu Xueying informed that this was the star they were likely aiming for, this was the only habitable star in the vicinity, while the others were extremely small in size and unfit to live in or be made to cultivate.

"Isn't this a pretty big star?" From its size alone Ye Chen estimated that this star was very large and might take quite a long time to explore all of its parts.

"To the master, a star like this can be said to be a small star, there are still stars with a much larger size and much more terrifying power" Mu Xueying said to Ye Chen.

Ye Chen just nodded, there really are a lot of powerful stars scattered around The entire God Realm, the numbers are so huge that it's hard to count them

"So we're here" Ning Xia finally came out, Ning Xia's aura was getting more intense, she looked even more charming and difficult for men to resist.

"Lord Peak, where is it the whereabouts of the item that can awaken the inheritance ?" Ye Chen asked the exact location.

"I don't know either, I only know this from rumors, we have to find out ourselves" Ning Xia said to Ye Chen.

"looks like it will be a long journey" Ye Chen felt that this trip would be a very long journey.

"We will start looking for the location of the item." Ning Xia said. ordered Ye Chen and Mu Xueying to find the whereabouts of the item.

"Should we split up?" Mu Xueying asked Ning Xia.

"We will split up and communicate with each other" Ning Xia said that they should split up and look for information on the whereabouts of the item they were looking for.

Walking together would be very suspicious, so they had to split up and look for clues.

"Okay" Ye Chen and Mu Xueying both nodded, the two of them would split up and look for information.

"Let's go" Ning Xia put back her profound ark, after which she was the first to dash forward, Ye Chen and Mu Xueying took the intersecting route, Ye Chen to the right and Mu Xueying to the left.

Ye Chen dashed into the star, Ye Chen still doesn't know the name of this star Ning Xia hasn't explained clearly about the place they visited.

"Okay, time for information" It was time for Ye Chen to find the information he needed.

Ye Chen looked for the nearest settlement in this place, who knows he might get a information.

Ye Chen finally arrived at a small town that looked very lively, Ye Chen entered and started looking for some information that might be in the city.

Ye Chen looked for information in the city, he asked the merchants who were in this city, merchants were people who traveled a lot, they definitely knew the information Ye Chen was looking for.

"Sorry, I didn't know about this information, I never heard of it. . ." when Ye Chen asked about items that could raise inheritance, all the merchants seemed to know nothing about this matter, they knew nothing about this matter.

"Why doesn't anyone know about this matter?" Ye Chen shook his head, he couldn't find any information about what Ning Xia was looking for.

Ye Chen didn't give up, he didn't want to just give up, Ye Chen should be able to find useful information.

Ye Chen again asked the customers who were around this place, he kept looking for information about what was needed.

"If you really need information, then just go to the Guild Association in this city, for a small fee, you can get the information you want" one of the people finally told Ye Chen to find information in the Guild Association, there is a place which was great for finding the information he was looking for.

"Is there such a place" Ye Chen did not expect that there was a Guild association, if Ye Chen knew, then he could directly ask for information for a small fee.

Ye Chen got the whereabouts information from the Guild Association, after getting the information he wanted, Ye Chen went straight to the Guild Association.

"Is this the place?" Ye Chen saw an association Guild that was quite large, the building was quite large and could accommodate many people.

Ye Chen walked in straight away, Coincidentally, when Ye Chen entered, he saw that a large number of people had arrived at this place.

Chapter 1596 Legacy Awakening Fruit

After Ye Chen entered, he saw that there were several people sitting, it seemed that they were sitting and waiting for the work that would be given by the people who used their services.

When Ye Chen came, naturally a lot of people were looking at Ye Chen, they were looking at Ye Chen with curious eyes.

Ye Chen ignored these people, he ignored these people and started to head towards the Guild receptionist who was in charge of work and information.

"Young master, is there anything we can help you with?" a female receptionist received Ye Chen, she asked what Ye Chen needed to come to this place.

Several receptionists said to Ye Chen at the same time, they said to Ye Chen at the same time.

Ye Chen's arrival naturally made the receptionists in this place feel excited, they were trying their best to get Ye Chen.

"I need information" Ye Chen said that he needed some information.

"What information?" the receptionist asked what Ye Chen needed, it seemed that Ye Chen needed some important information.

"I wonder if there is any information about an item that can awakening inheritance" Ye Chen asked the receptionist.

"Of course there is information about it, but it's just a rumor , until now the clarity is still unknown" the female receptionist informed that the clarity of this information is still unclear & not yet fully known, this news is still quite confusing.

"It's okay, please tell me the details" Ye Chen ordered to tell him these details.

Honestly Ye Chen didn't care about rumors or anything, as long as he got the necessary information, then he need

"Wait here" one of the female receptionists told Ye Chen to wait, while the rest invited Ye Chen to have a casual chat, they wanted to get closer and get to know Ye Chen more.

Ye Chen was very attractive to these people, to be honest Ye Chen's good looks are something they can't ignore as a woman.

They don't care about their background knowing Ye Chen's strength, they could support Ye Chen with their job as a guild receptionist.

The pay for being a receptionist was quite large, which was why they had the confidence to take care of Ye Chen.

Ye Chen was quite friendly, he was quite friendly with the receptionist who was near this place, to be honest.

After waiting for a while, Ye Chen finally got the information he needed, the receptionist handed him a paper that contained various information about rumors that Ye Chen needed.

Ye Chen started to look at the paper the receptionist gave him, he saw that there was a lot of information about the existence of the suspected place of existence of items capable of awakening one's inheritance.

On this paper is written the name of the object that Ye Chen is looking for, it turns out that the object that Ye Chen is looking for is called the legacy Awakening Fruit.

"Looks like I have a lot of places to visit" Ye Chen might have to work hard, looks like he should go and figure this out himself.

"Thank you, this is your payment." Ye Chen thanked all receptionist, he gave the receptionist a proper fee.

"handsome, wait a minute, why don't you stay here and accompany us a little longer" All the women tried to stop Ye Chen, they all didn't want Ye Chen to leave.

"Sorry, but I have to go and find out about this matter" Ye Chen apologized, he apologized because he had to go find the information Ning Xia needed.

Ye Chen couldn't let Ning Xia receptionist at Ye Chen, so Ye Chen had no choice but to quickly go and look for the legacy Awakening Fruit.

From around this place began to emit some unpleasant aura, this aura was emitting from the bodies of the people around this place, they didn't like it when Ye Chen flaunted his affection in front of them.

Most of the people in this place were single men, so they naturally put the hearts of the receptionists in this place.

From appearances, the female receptionists who serve this place are indeed quite beautiful, they have a beauty that can attract the opposite sex to accept them as guides.

The pay of a receptionist is determined by the number of people they guide, the more followers they have, the higher they will get paid.

"Bastard, quickly get out of this place, otherwise you will die" one of the people raised his ax towards Ye Chen, he ordered Ye Chen to get out of this place immediately.

"I will do it, so don't say it again" Ye Chen said that he would be out of this place soon.

Ye Chen's words made the situation worse, people disliked Ye Chen more and more.

"no need to waste words like that, not worth throwing words like that on a man like this" since Ye Chen was trying to find trouble with them, they would show Ye Chen who they were.

The adventurers took up weapon, they prepared to attack and fight Ye Chen, they had to show that they were not worthy of being offended.

Ye Chen started to ignore the people who tried to provoke him, Ye Chen walked out of this place.

The moment Ye Chen took a light step, everyone started to attack Ye Chen, their target was to beat Ye Chen.

"All of you stop it quickly" the receptionist, trying to stop the riot that was going on, they all stopped the riot that was happening in this place.

It would be terrible, if this riot wasn't stopped soon, there would be a lot of damage done to this place.

Ye Chen continued walking, Ye Chen had no intention of serving these people, to be honest Ye Chen didn't have much time to deal with adventurers who were provoked for no apparent reason.

"God Domination Pressure" Ye Chen used God Domination Pressure, a very strong pressure spread out and enveloped everyone who tried to attack Ye Chen, almost everyone who attacked Ye Chen lost consciousness instantly.

The stronger Ye Chen's strength, the stronger the pressure Ye Chen could release, as a result, everyone fell on the floor unconscious.

The receptionist and the people who were still sitting were dumbfounded by the scene unfolding before their eyes, their eyes widening and their jaws opening extremely wide.

they had just seen something so extraordinary that they could not have imagined.

The strong people who tried to attack Ye Chen all fell down for no apparent reason, it was obvious that this was a very unreasonable matter for all of them.

"Tap. . ., Tap . . ., Tap . . ., Tap . . ." Ye Chen walked out and ignored what just happened, everything that happened was not Ye Chen's doing.

"What a troublesome group" Ye Chen encountered such a troublesome and unreasonable group of people.

Ye Chen saved his time, fighting with those people would not be good and would only be a waste of time.

"Yuechan, it seems I need your help to find the whereabouts of the legacy Awakening Fruit." Ye Chen needed help from Chu Yuechan, Ye Chen really needed help from Chu Yuechan because Chu Yuechan was able to have the ability to find items that had high value.

"I will definitely help you, how could I let my master get into trouble" Chu Yuechan was happy to help Ye Chen, Chu Yuechan couldn't bear to see Ye Chen search various places on the paper.

Ye Chen and Chu Yuechan left, the first place they visited was the Blue Mountain of the Hundred Caves.

As the name implies, this place has a lot of caves which in total reach a hundred.

Chapter 1597 Find a crowd of strong people in the middle of the forest

"Did you find anything in this place?" Ye Chen asked Chu Yuechan, Chu Yuechan's answer would determine whether Ye Chen would continue or not.

"I didn't find anything special around this place, you better go ahead and take a closer look." Chu Yuechan ordered closer and took a closer look, Chu Yuechan still didn't feel anything from this place.

"Okay" Ye Chen stepped forward, he went straight into the cave and charged forward at full speed.

Inside the cave there are many monsters, it seems that these monsters use this cave as a place to live.

Ye Chen met several monsters, he attacked the monsters around him, it could be said that Ye Chen knocked all the monsters away.

Ye Chen continued to advance, he had already mapped out this entire place and found out if he could get the Legacy Awakening Fruit.

"I've seen all the places around this place, it seems that there is nothing around this place." Chu Yuechan didn't feel anything special, almost nothing special in this place.

"So this is not the place" Ye Chen was disappointed, the second attempt failed, he did not find the Legacy Awakening Fruit in this place.

"Okay, since it's not here, let's go out" Since what Ye Chen was looking for wasn't in this place, Ye Chen decided to leave this place.

Ye Chen went to the second place, the second place is called the bottomless void lake, as the name implies, this lake is very deep and it is very difficult to reach the bottom of the lake.

"Did you find anything?" Ye Chen asked Chu Yuechan again, he wanted to know what Chu Yuechan found.

"Nothing" Chu Yuechan shook her head, she didn't find anything in this place, only a few low rank items at the bottom.

"Looks like it's going to be a very long time." Ye Chen felt that it would be a very long and long journey, Ye Chen had to go to various places to find what he was looking for.

"Cheer up, it's easier because I'm with you, if you are alone, then it will be even more difficult" Chu Yuechan said to Ye Chen, currently Chu Yuechan is with Ye Chen, if Chu Yuechan is not with Ye Chen, maybe Ye Chen would need some more time.

"Luckily I have you, then let's continue again" Ye Chen decided to continue the search, Ye Chen and Chu Yuechan kept coming to the place on the paper.

Ye Chen spent a lot of time going to various places worth visiting, himself going to various places that were all over the paper.

"We've been to a lot of places, but so far we haven't found anything." Ye Chen had searched all kinds of places, but until now Ye Chen couldn't find what he wanted.

"It seems that the rumors are lies, I didn't find anything interesting earlier." Chu Yuechan concluded that what had just happened was a lie, it seemed that all the rumors were lies.

It's not strange that until now no one has been able to get the Legacy Awakening Fruit, maybe from the start the Legacy Awakening Fruit didn't exist on this planet.

"I also don't know if this is just a lie or for real, I definitely can't go back because Lord Peak Ning believes in this" Ye Chen said that if he couldn't come back, Ning Xia probably wouldn't be happy with Ye Chen's failed invention. in finding what he wants.

"You have tried to surround this entire star, the most important thing is that you have struggled" Chu Yuechan told Ye Chen to go around this star.

"Looks like that's the only option left" Chu Yuechan's suggestion was indeed the best, that was what Ye Chen could do in the current situation.

Ye Chen went around this star, if I'm not mistaken the name of this star is Green Dwarf Star, The Green Dwarf Star is a place that is still very well preserved, almost 75% of its area is a very large forest.

Ye Chen flew at full speed, while Chu Yuechan continued to use the strength he had to find the precious items that were on the way.

"Master, there are a lot of people on the right, it's quite strange to see people gathering in the middle of the forest like this." Chu Yuechan informed that there were a lot of people gathered in the middle of the forest.

"where?" Ye Chen used his Spirit Sense, he did find the presence of several people in the middle of the forest.

"What are they doing in this place" Ye Chen became curious, to be honest Ye Chen was curious about what was going on.

In order to find out what was going on, Ye Chen immediately went and saw for himself, he wanted to see for himself what was happening.

As Ye Chen approached, he saw that there were countless people from all kinds of different places, they all seemed to be waiting for something.

"Isn't that the young master of the Shin Clan." Ye Chen looked at an old acquaintance, he saw that Shin Ba was in this place.

This time Shin Ba came with several old men with quite a lot of strength, it was obvious that he was with the elders of the Shin Clan.

With the resources of the Shin Clan, Shin Ba could recover, he could recover from the wounds he had suffered in the past.

Apart from seeing the Shin Clan for the second time, Ye Chen also saw the people from the Heavenly Spear Kingdom, they also came with some of the best generals at their disposal.

"Why are they gathered in this place, something must have happened." Ye Chen became more and more curious.

"Master, under us there is something quite powerful, I can't be sure what it is, maybe this is the Legacy Awakening Fruit you are looking for" Chu Yuechan said to Ye Chen, he said that the Legacy Awakening Fruit might be beneath them.

"Is that true" Ye Chen looked pleased when he heard what Chu Yuechan said, what Chu Yuechan said was very good news.

"Yes, there is something good down there" Chu Yuechan said to Ye Chen, Chu Yuechan felt that if there was something good down there, it was possible that the Legacy Awakening Fruit was below.

"Okay, I will call Xueying and Lord Peak Ning" After receiving this news, Ye Chen immediately called Ning Xia and Mu Xueying, Ye Chen just happened to have found the place Ning Xia was looking for.

When Ning Xia and Mu Xueying heard this, the two of them immediately rushed over to where Ye Chen was.

With the speed that Ning Xia and Mu Xueying had, the two of them only needed a moment to get near Ye Chen.

"Chen, what did you find?" Ning Xia asked Ye Chen, she asked if Ye Chen found anything good.

"Look at that, there are a lot of high-ranking star people there, it seems they are looking for something in this place" Ye Chen said to Ning Xia.

Ning Xia looked in the direction where the crowd had gathered, from what she could see, what Ye Chen said was indeed true, there were a large number of people with fairly high cultivation gathered around this place.

"What are they doing?" Mu Xueying guessed what these people were up to, what they were waiting for.

"They must be waiting for something very important." Ye Chen said that these people were waiting for something.

Chapter 1598 Hai Ming arrival

"This is probably the place." Seeing the huge crowd of people, Ning Xia could immediately conclude that this was the place she had been looking for.

"Chen, you did a very good job" Ning Xia praised Ye Chen, Ye Chen had done a very good and good job, he was able to find the place he was looking for.

"Hehehe" Ye Chen rubbed his nose, feeling satisfied when he received Ning Xia's compliment.

Ye Chen, Mu Xueying and Ning Xia didn't come out right away, to be honest they were all waiting for what would happen next.

It was useless for Ye Chen, Mu Xueying and Ning Xia to rush too much, it seemed that people were still not ready to enter the bottom.

"bang. . . ,bang. . . ,bang. . . ,bang. . . ," the sky suddenly became very dark, the sky darkened and it started to rain around this place.

The phenomenon that occurs is very strange, I wonder what is going on, who made something like this.

Ye Chen waved his hand, he made an Ice umbrella to protect Mu Xueying and Ning Xia, so they wouldn't get wet in the rain.

Ning Xia looked up at the sky, Mu Xueying also looked up at the sky, she felt a great power above the sky.

Apart from Mu Xueying and Ning Xia, several strong people looked up at the sky, they all looked up at the dark sky filled with very heavy rain.

Several people descended from the sky, they were enveloped in water that felt extremely pure.

Ye Chen looked at one of these people, he saw someone he hated enough.

Everyone was shocked when they discovered the whereabouts of the people who had just arrived, they looked surprised when they saw the people who had just arrived.

"Hai Ming from Immortal Profound Sea Realm" Ye Chen still clearly remembered the figure of Hai Ming, he was the one who took Dongfang Xiu away.

It wasn't strange that everyone was surprised when they saw the arrival of these people, they were quite surprised to learn that the Immortal Profound Sea Realm was willing to participate in this event.

The Immortal Profound Sea Realm was one of the great powers, they rarely took part in small expeditions like this.

If indeed they all interfered in this matter, then it was certain that there was a precious item that the Immortal Profound Sea Realm was after.

Everyone lowered their heads, it was obvious that if they didn't dare to be too presumptuous in the face of Immortal Profound Sea Realm people, they might be wiped out if they faced people from Immortal Profound Sea Realm.

Ye Chen showed an aura of hatred when he met Hai Ming, to be honest Ye Chen didn't like Hai Ming the most.

Mu Xueying instantly saw Ye Chen's change, Ye Chen's mood didn't look good when he saw Hai Ming.

If Mu Xueying remembered well, Ye Chen had a problem with Hai Ming, so it wouldn't be strange for Ye Chen to be like this when he faced Hai Ming.

"Calm down" Mu Xueying told Ye Chen to calm down, she held Ye Chen's hand to calm him down and not lose control.

Ye Chen nodded, he would try his best to calm down and not do anything reckless.

Ning Xia was currently looking at Hai Ming and the Immortal Profound Sea Realm, she was looking at them with a questioning gaze, it seemed that the Immortal Profound Sea Realm was aiming for the same thing as Ning Xia was aiming for.

"That's too bad, the Immortal Profound Sea Realm is after what I'm after." Ning Xia sensed that if the situation was very serious, Ning Xia might find it difficult to face the Immortal Profound Sea Realm.

"Immortal Profound Sea Realm looks like this is going to be a problem." Ning Xia told Ye Chen and Mu Xueying that if the Immortal Profound Sea Realm were here, it would put them in quite a bit of trouble.

"Looks like we're going to be in pretty serious trouble, we're going to be facing a power as strong as the Immortal Profound Sea Realm, it's going to be a pretty serious problem." Mu Xueying quite agreed with what Ning Xia had said, the Immortal Profound Sea Realm's strength was worth taking into account.

"We only need to fight them, there's no point in being afraid to fight them." On the other hand Ye Chen said not to fear the Immortal Profound Sea Realm, if they were afraid, then they wouldn't get what they were looking for.

Mu Xueying and Ning Xia looked at Ye Chen, they looked at Ye Chen with shocked expressions.

Ning Xia looked at Ye Chen, Ning Xia didn't know what Ye Chen was thinking, how could Ye Chen think in such a way.

"How can you think like that, they are Immortal Profound Sea Realm, it's quite difficult to face them" Ning Xia informed that it would be very dangerous to face Immortal Profound Sea Realm.

"If we're afraid to face the Immortal Profound Sea Realm, we won't get what we want." Ye Chen told them that they wouldn't get what they wanted if they didn't dare to face the Immortal Profound Sea Realm.

Ning Xia had to admit what Ye Chen said, honestly what Ye Chen said became the truth, if they were afraid, they would not get what they wanted.

"Let's get started." Ye Chen took out a robe and a mask to cover his appearance, he was going to battle Hai Ming and the people from the Immortal Profound Sea Realm.

Around Hai Ming there were some strong people, Ye Chen himself didn't know much about them, what Ye Chen wanted right now was to face these people.

Ye Chen was ready for battle and accepted the worst, he would fight and show his strength.

The last time Ye Chen was defeated with only one attack and ended up being very badly injured, fortunately the True God Body Technique protected Ye Che so that Ye Chen could recover as before.

What happened in the past would not be easily forgotten by Ye Chen, Ye Chen would definitely try to avenge the grievances of the past.

Seeing Ye Chen who was ready to fight, Ning Xia and Mu Xueying had no choice but to come along.

Both of them took out robes and a mask to cover their identities, their opponent was the Immortal Profound Sea Realm, they must not reveal their true identity in front of the Immortal Profound Sea Realm.

In order to fight over what Ning Xia wanted, Ning Xia would definitely be forced to do this, she would be forced to fight to get what she wanted.

No matter what happens Ning Xia has to be able to get the Legacy Awakening Fruit, she will do anything to get the Legacy Awakening Fruit, even if it has to be against Immortal Profound Sea Realm.

Hai Ming and a few people descended, they descended right at the edge of the crowd, everyone tried to stay as far away from the Immortal Profound Sea Realm as possible, they didn't want to get in trouble for getting too close to the Immortal Profound Sea Realm.

Prince Hai Ming was famous as a person who was difficult to provoke, if he angered him would get him into serious trouble, so everyone chose to go and stay away, they didn't want to get into trouble.

"So this is the place, where is the entry point" Hai Ming looked for a place to enter, he wanted to quickly get to what was at the bottom of this place.

Chapter 1599 The emergence of a high mountain from underground

"Looks like it still hasn't appeared, why don't we wait a little longer" beside a middle-aged man said to Hai Ming, the possibility of a place to enter the bottom is still not open.

"So we have to wait?" Hai Ming asked the elder beside him, Hai Ming was very lazy as he listened to what the elder beside him had to say, lazy enough to wait for the way down to open.

"Prince, you have to be more patient, everything will come in time, so please be more patient" Another elder told Hai Ming to be more patient, they should be more patient in dealing with this matter.

"I understand" Hai Ming nodded, he would listen to what the elders around him had to say.

Hai Ming with several elders, they were elders from the Immortal Profound Sea Realm.

As an important person, naturally those who accompanied Hai Ming to this place were passable people. they are 125th elder, 99th elder and 52nd elder, they are assigned to guard Hai Ming and ensure the safety of Hai Ming.

Immortal Profound Sea Realm has countless elders, each elder has a number and fewer and fewer numbers belong to elders , then it is certain that their strength is getting stronger and higher.

"There are quite a lot of people here too" the 125th elder looked around, around this place turns out to be a lot of people.

"They are just useless people, they can be used by us to pave the way for us." The 99th elder had an idea to get everyone to pave the way for them.

"What can you expect from them, they will definitely not do us any good" The 52nd elder said that these people would most likely be of no use to them.

"Let's see if they can be used or not." The 99th elder wanted to see if the people in this place could be used or not.

"Whosshhhh" suddenly a large vortex of wind covered the entire sky, a very large wind circled the area around this place.

Everyone immediately became alert, they became aware of what was happening, everyone started to look around and anticipate an attack that might attack them from all directions.

"Shakes . . . , Shakes . . . , Shakes" A huge shaking started to be felt around this place, everyone started to lose their footing due to the big earthquake that occurred in this place.

Because there was a big earthquake, everyone decided to jump and fly up into the sky, they all saw that the underground started to move.

The soil and rocks began to rise and fall like a very swift current of water, it was very obvious that something was starting to rise to the surface from the bottom.

What was rising was a very large rock, this huge rock looked like a very big and high mountain.

"Mountains that rise to the surface are getting higher and higher, reaching hundreds of kilometers high and the edges are very difficult to see with the naked eye.

Around this mountain there is a very strong and very dangerous wind current, it will be very difficult to get up by flying.

After a while, the mountain finally began to stop growing, it is estimated that the mountain is more than 150 miles long and very large in size.

Everyone looked at the mountain in front of them, they all didn't expect that the treasure they were looking for would instead rise by itself.

Now they will try their best to climb this mountain, what they want should be at the very top of this mountain peak.

"I'm going up." One of the people tried to break through the very strong vortex, it just so happened that this person had a wind shield that could dampen the force of the wind around him, so he wouldn't be hurt.

The moment this person tried to break through the extremely strong wind currents, this person's body instantly became a mist of blood, the force of the wind current being so strong that anyone passing by would feel like they had been crushed into a grinding machine.

Seeing this, everyone immediately gave up their intention to ascend, what happened made them all feel scared, they all felt scared by what just happened to the person who tried to forcefully penetrate into the vortex.

"Let's just go into the cave" Seeing what just happened, Shin Ba decided to take his people to go to the cave, it seemed that it was the safest way to climb to the top.

the elders of the Shin Clan agreed with Shin Ba's proposal, they all decided to go straight into the cave to climb to the top.

Other people also started to climb, they started to climb to even higher floors, their goal was to get treasures at the top.

"What do you think, is it possible to penetrate to the top?" Hai Ming asked the three elders around him, trying to find clarity on the matter.

"Looks like it's going to be a little difficult, the power of this vortex is quite strong, even if it was King Hai himself, he might still run into trouble" The 52nd elder gave an opinion about the huge vortex that was around the mountain.

The 99th elder and 125th elder agreed, they both also thought the same thing, this vortex would be extremely difficult to break through, even the profound ark with the strongest barrier might be destroyed by this vortex.

So Hai Ming and the elders had no choice but to use the existing cavernous pit, it was the only path they could use.

"We're going in too" Ning Xia invited Ye Chen and Mu Xueying to come inside, they would go inside with the others.

"Why don't we just climb up, looks like it will be faster and safer" Ye Chen said to Mu Xueying and Ning Xia.

"Didn't you see what just happened, the power of the vortex is very strong, looking to die if it rises to the top" Ning Xia said to Ye Chen.

From what happened, Ning Xia concluded that the power of these whirlwinds was strong, they could not be reckless and make mistakes that could harm them.

"That's very easy" Ye Chen said that it was very easy, Ye Chen went up, he started to climb into the vortex and began to penetrate inside.

"Chen" Ning Xia was a little worried about Ye Chen, to be honest Ning Xia was worried if something happened to Ye Chen.

Ye Chen is currently fine, nothing strange has happened to Ye Chen, it's like Ye Chen has not been touched by the whirlwind.

"What happened?" Ning Xia was quite surprised to see that Ye Chen was fine, Ye Chen was fine and had not been hit by the deadly whirlwind.

Mu Xueying was also a little surprised, Ye Chen's ability was indeed very strong and great, Mu Xueying had to admit this.

After showing what happened, Ye Chen returned to Ning Xia and Mu Xueying's side.

"I told you that everything will be fine" Ye Chen said that everything will be fine.

"What did you just do?" Ning Xia asked Ye Chen, what Ye Chen had just done was quite shocking.

"It was just a small trick." Ye Chen said that what he had just done was a small trick.

Ye Chen's answer didn't make Ning Xia happy, Ning Xia was even more curious about Ye Chen.

Chapter 1600 Ning Xia goes forward and shows her strength

"Come on" Ye Chen took Mu Xueying and Ning Xia along with him, Ye Chen put his arm around Ning Xia and Mu Xueying at the same time.

"Wait a moment . . ." Ning Xia wanted to protest, unfortunately Ye Chen had already touched her waist and carried her upstairs.

To be honest what Ye Chen did was very brave, he felt that what happened was so embarrassing, Ning Xia actually let Ye Chen hug her, Ning Xia couldn't think of this.

On the other side, Mu Xueying looked normal, she didn't show any signs of resistance or rebellion while being hugged by Ye Chen.

Ye Chen was the happiest person, right now he was embracing the two beauties on the right and left, these two beauties were very difficult to grasp, Ye Chen was very lucky to be able to do something like this.

Ning Xia had the graceful beauty of a Phoenix, while Mu Xueying was more like an untouchable cold goddess, one would definitely have a hard time approaching the two women in Ye Chen's arms.

Ning Xia and Mu Xueying both exuded a sweet fragrance from their bodies, this fragrance made Ye Chen feel very refreshed.

Ye Chen carried Ning Xia and Mu Xueying upstairs, the three of them started to break through the extremely strong and deadly wind current.

Ye Chen had the power to block wind currents, so he could ascend quickly without the need to enter a cave and ride with the rest of the group.

Ning Xia tried to calm herself down, she tried her best to act like herself.

She didn't let what happened distract her and mess things up.

Ye Chen just hugged Ning Xia so she could go up, so Ning Xia had to respect what Ye Chen did, because Ye Chen was doing this for herself.

Ye Chen climbed up quickly, in a short time the three of them had already reached an altitude of tens of miles, this was almost half way from the peak.

As Ye Chen tried to climb even higher, Ye Chen found a barrier, he tried to break this barrier so that he could go even deeper.

"BOOM" the moment Ye Chen tried to break through the barrier, Ye Chen's attack was reflected by the barrier, the barrier only shook slightly when it received Ye Chen's super strong attack.

"So strong" Ye Chen didn't expect that there would be such a strong barrier blocking their way.

"I will destroy it" Ning Xia tried it, she tried to break the barrier that was in front of her.

Ning Xia raised her left hand, she made a large number of sparks, these sparks were aimed directly at the barrier.

"BOOM. . . , BOOM. . . , BOOM. . . , BOOM. . . , BOOM. . . "Several big explosions occurred, these huge explosions created tremendous fire and shaking.

Some of the flames were swept away by the wind and created an even more terrifying firestorm, fortunately, Ye Chen was able to withstand the attacks of this firestorm.

The barrier still stood firm, it was unwilling to be shattered by Ning Xia's attack.

"It didn't work" Ning Xia's attack was still not strong, her attack was still not strong enough to break the barrier.

"Looks like we can't go any further." Mu Xueying saw that their journey only ended here, they couldn't go any further from this place.

"Looks like we can only go up from the inside." Ye Chen began to conclude that they should currently ascend from the inside of the mountain.

Ning Xia and Mu Xueying nodded, maybe that was the only way they could go, they couldn't go up this way because there was a barrier blocking the way.

Ye Chen took Ning Xia and Mu Xueying to the mountain, they made a hole to enter the mountain.

With Ye Chen's strength combined with Ning Xia & Mu Xueying's strength, the three of them were able to break the wall and enter inside.

They went inside the mountain and landed on the ground, after landing on the ground Ning Xia immediately released herself from Ye Chen, she immediately released herself from Ye Chen's grasp.

Ye Chen was a little disappointed when he saw Ning Xia leave, Ye Chen knew that he wouldn't be able to hold on to Ning Xia forever, unless Ye Chen could get Ning Xia.

"Wow, the contents in this mountain are quite shocking." Ye Chen saw that the contents inside the mountain were quite shocking, inside the mountain there was a fairly large area with several glowing rocks that lit up this place.

Honestly this place is very bright due to the lighting from the crystal rocks, this place is more like a forest than a cave.

"This mountain has several layers, let's go and be a way to go up" Ning Xia ignored what was in front of her, they had to find a way to go up.

"Let's go, this place isn't too big, we can definitely find the way up." Ye Chen saw that this place wasn't too big, finding the way up would definitely not be too difficult.

Ye Chen, Mu Xueying and Ning Xia left, the three went to find a way to go upstairs.

here Ye Chen relied on the God Eyes he had, he was looking for the existence of the way to the top.

"where is the way up" Ye Chen looked for a way out, he did his best to find a way up.

"This place is still quite unfamiliar, so be patient." Chu Yuechan told that this place was mysterious and full of riddles, so Chu Yuechan wanted Ye Chen to be more careful.

Ye Chen nodded, he would be even more careful, this place is still very mysterious and still unknown.

"Roar. ." A monster roar sounded and drew near to Ye Chen, a huge monster with four legs and two arms appeared, from the appearance of this monster it was like a dinosaur with very large teeth and jaws to prey on its food.

"Gahhh" This monster started to let out a roar towards Ye Chen, it looked like it wanted to eat Ye Chen, Mu Xueying and Ning Xia.

The roar of this monster is quite strong, it can fly trees and rocks around this place.

"It's very loud." Ye Chen complained because the monster in front of him made a sound that was quite loud and made his ears hurt.

"It turns out that in this place there are monsters as well, it seems they are here to prey on anyone who tries to enter by force" Ning Xia concluded that this monster is in this place to prey on everyone who enters by force.

"Okay, who will come forward?" Ye Chen asked who would advance, he wanted to know who would advance against this monster.

Ye Chen himself was a little itching to hit this monster, he wanted to hit the monster who dared to scream at him.

"Just me" Ning Xia said to Ye Chen, she was going to face this Monster.

Ye Chen didn't expect that Ning Xia would step in to solve this problem, it seemed that Ning Xia wanted to try her strength.

"What a coincidence, I want to see Lord Peak Ning's strength" Ye Chen just so happened to want to know how strong Ning Xia is.

"master is Powerful , you should have a good look at what kind of abilities she has." Mu Xueying told Ye Chen to take a good look at Ning Xia's abilities.
