

HE IS A WOLF Chapter 2

Damien

I couldn't get her off my mind, her scent were driving us mad by us meaning Damon and I and the thought of what happened earlier came back to me.

We almost kissed!

I smile spread across my face as I join my beta (second in command) who happens to be my best friend, I sat across from him sniffing the air my mate wasn't here but I could still smell her but her scent was faint, I wonder where she is.

"Will you stop sniffing the air? Ya acting weird" Liam chuckles.

"So am only the weird one around here huh" I smirk at him, he just looks at me closely.

"Why, you seem to be in a good mood" Liam teased.

I nearly choke on my food when I perceive another smell...a male scent mixed with my mate, this got me angry and I growl Damon was in charge already dashing towards the area the scent was coming from and did I mention Alphas being possessive over their mate.

"Mine" Damon growls again, he wanted to be in charge so I look around the area making sure no one saw me I shifted into my wolf and dash off.

I stop abruptly when I saw him, bully my mate, pulling her hair and calling her all sorts of names.

"How dare he touch what's mine" We both sneered I wasn't in control now so I just watch Damon growls loudly and dash towards them.

When the human saw Damon I shivered, my wolf can be very intimidating very huge with black and white colors with a tip of gold mixed with it.

My mate's eyes widen on seeing me and took a step backward I could see she was shivering with fear and Damon is going to make that human guy pay.

He jumps on him sinking his sharp canines into his arm drawing out blood, he begins to yell out in pain calling for help.

"That enough Damon you will kill him and you don't want to scare her off" I warned.

“He bullies what’s mine” He sneered at me.

“Ours!” I corrected “But that enough”

“Fine” He growls one last time at the human guy and dash into the woods, I need to shift and get back to school.

ADVERTISEMENT

Liam was waiting for me luckily he brought me my other uniform, I shifted and put it back on.

“So you find your mate? She’s pretty” He remarks.

“Mine” I growl at him making him chuckle.

He raise his two hands “Sure I know” He laughed.

I am going to protect her with my life I vowed.

“Anyone who touches her will pay with his life” Damon growls then block me out am sure he meant every sense of it so do I!

Mara

I didn’t bother looking back or going back inside the school I ran out as soon as the wolf dash off God knows I would have been killed and eaten by a real-life wolf!

Have never seen one before and it scares the s*** out of me! It all looks like a dream but am sure it will all go away as soon as being home with my granny.

Jordan has always bullied me and I don’t know how I guess he just finds it fun to bully a weak girl.

Of course am weak, fragile, and broken my mom’s death change that and I know I could never be the same.

I dash into the small apartment granny and I shared and catch my breath Thank God am home...I haven’t got eaten by a real-life wolf.

"Mara?" Granny said looking at me confused.

"Granny did you know I saw a real-life wolf today? It was so huge but its furs were beautiful I was so scared" I stop talking when I saw the look on my granny's face.

"Oh, Mara! Are you sure you're not coming down with a cold or something?" She asked worriedly giving me water and sat me down by the dining table.

I guess no one would believe Mr anyway so I should just shut my mouth" Am fine granny you

ADVERTISEMENT

know I love you right" I hugged her.

"I love you too now what do you want" She chuckles.

"You got me! I want lasagna for dinner I miss having them" I whines.

"Anything for you princess" She replied walking away.

I smile happily and dance my way to my room happy the wolf earlier already forgotten.

I switch on the light in my room and close my eyes, I could see his face green eyes, pink

lips, sharp jaw those features which set my skin on fire.

I blush again remembering the time I almost kissed him, Mara! You're going out of your mind! I mentally scolded myself and decided to face my homework.

Damien

"Didn't know a mate could make you this exciting and wait isn't she a human?" Liam mind link me as we go for our usual run...we already shifted so it was easier.

"Yeah she is human but I wonder why the moon goddesses pair us together" I replied then I could hear my dad in the background so I block Liam out to listen to him.

"Don't go near the north border...they were rogues spored there" He warned.

“Okay”

Rogues are very dangerous, they are wolves who were banished from their land (the bond pack already left them) so they move in groups attacking packs and wanting to take over them.

Real danger...

ADVERTISEMENT

We decided to go to the west border when than smell hit me again rose and apples drove my Damon crazy but since he's in the control he dash off.

“Mate nearby” He growls.

“You might scare her”I warned but he wasn't listening then suddenly he stop and growls.

I could see her, crawl up behind a tree writing, she look around and Spotted Damon then gasp suddenly standing up.

She was shaking with fair but I couldn't hold Damon back he was in control and he happens to be walking towards her.

Mara

While waiting for granny I decided to go out in the yard to enjoy the evening cool air and listen to bed sing while I finish off my homework I was so lost in thought I didn't realize a wolf was dashing towards me.

It gave a loud growl causing me to jolt up, I shivered in fear I couldn't move it was the same wolf and it was here to finish me off.

Tears ran down my face and the wolf growls again, okay I better run now or else am dead I made a run for it but fell flat on my face and stuck duck into my flesh...I couldn't move as the wolf slowly stop in front of me and observe me for a few seconds probably thinking of a way to start tearing me apart.

“Please don't kill me”I pleaded.

This time it growls softly then moves over me, I close my eyes waiting for him to tear me apart instead I felt his hot tongue lick my leg where blood was trailing down.

My eyes s*** up then I chuckle, he looks so much like a puppy right now so adorable...those green eyes were pulling me towards it...I couldn't resist I bend down towards it and strokes his furs.

He growls in approval but this time I wasn't scared anymore if my granny would let me keep it am surely going to.

"Mara!...Mara!! Where are you? Dinner's ready"Granny yelled.

He growls again and slowly steps back allowing me to stand up, I smile at it and limp towards the house...well I just made friends with a dangerous animal...

Damien

Wow! I thought as I walk into the school the next day, my whole life has changed in a good way and I was so happy she wasn't scared of Damon anymore but I will give her time before pulling her into my world she's too fragile and I don't want to do anything to damage her more.

Yesterday she was so pretty bending down towards me and stroking my furs, it was the best thing anyone has ever done to me in a long time.

"Hi Damien"

I flinch as I look at my ex-girlfriend Janiel well I thought she was my mate since we happened to be childhood friends but she later finds her mate and that was the end of the relationship.

"Hey.."I reply in a very dull voice hoping she would just go away.

"I'm D...we are still friends right...and I heard you find your mate"She let out a laugh
"She's human to do you want a weak human as your Luna?"

"That is none of your business" I sneered at her using my Alpha voice which made her scared cause she shivered right away.

She quickly masks it and smiles at me, a very slow smile"Any way you can do yourself a favor by rejecting her before she does cause the moment she finds out about you then she's going to reject you I mean who will want to spend a lifetime with a beast? Well, not a human if anything happens...I will be here" She peck at me and walk down the hall.

I decided to ignore her and walk into the cla**, of course, her scent hit me immediately, she look up at me as if noticing my presence and our eyes met.

“Mine!”Damon growls.

“Ours!”I corrected then block him out.

She look back and look down her hair converting her entire face luckily we were the only ones in cla** while staring at her I didn't look where I was going and fell on the floor.

“Arrrrgh” I groan.

She shot up immediately reaching for me, kneeling beside me she inspect my entire body looking for where I was hurt.

“You okay,” She asks staring at me, but I look away I don't want her staring at me too much or

else she's going to find out the truth.

“Yes..just help me up will you”I ask.

She blush a little then help me up but immediately jolted back when she felt the sparks again.

ADVERTISEMENT

“Why...did..that happens anytime I touch you”She blush and look down at her foot, she look so cute.

She lift her chin forcing her to look at me, she did, her lips parted as if in surprise, her cheeks were bright pink and her blue eyes were staring deeply into mine.

“My name's Damien”

“Really? That so dump”Damon taunted in my head.

“Then maybe you should do it”I tauted back then before I could block him out he took control, I look away from her, my eyes are gold now since Damon is in charge and if she sees it...it will scare me me her since my eyes are green.

Mara

He look away from me I felt my heart clutch why? doesn't he want to look at me? Well I guess am not pretty after all and this hurts but he is just a stranger why am I feeling this way?

I couldn't stop myself from hugging him from behind, who is this stranger am becoming around him?

"My name's Mara" Without waiting for him to turn around, I ran out of the cla** embarra**ed so help me God!.

As soon as I was out of the cla** I breath out...which I didn't realize I was holding I wanted to go back, I need to be with him gosh I think am going crazy, I look around the hall oops cla** would soon begin and I would have to face him.

I want to but am too embarra**ed especially after what I did yesterday and a few minutes ago.

"Damien" I pronounce the name loud and clear, I love it, I blush shyly and decided to go back to cla**.

"Hey nerd," Jordan said pushing me against the wall.

I whimpered making no move to get away from him if I did it will just make it worst I wish my wolf friend was here it could have thought him a lesson which remained me he was supposed to be in the hospital.

"Oh...my wound is going to heal soon but a nerd is going to make you pay" He pull me by the hair and bang my head against the wall.

"Please" I pleaded almost close to tears.

ADVERTISEMENT

"You're eating lunch with me get that" He pushes me away anwalkslk off.

I saw Damien dash towards me before collapsing on the floor.

"Mara? Who did this to you" He sounded angry.

I just hug him crying against his chest I don't care if he was a stranger or not I just felt safe and calm and honestly, I want him to keep holding me.

He pulls me closer to him, squeezing me a little but I don't care, I wrap my arm around his waist and bury my face on his chest listening to his heartbeat while he strokes my hair.

I could lay here forever...

"You have to tell me who hurt you princess" He murmured pulling me away from him.

It felt like a part of me have been torn away from me.

He just stare at me in concentration he hit the wall behind me making me jump.

"Why...did...you do that" I shutters grabbing his hand but he pulls away I could swear his eyes were green but they are gold now and...I took a step back.

"Jordan did this right? I will kill that human!" He growls.

I don't understand whatever he is saying but I have the urge to help so I grab him and begin to run

my fingers through his hair.

He stare at me surprised then his gaze soften going back to green.

"Your...eyes...changes...when..you're angry," I ask nervously.

"Yes, princess but it's nothing to worry about okay" He kissed the top of my head making me blush.

I cover my face getting ready to flee.

"Will you have lunch with me?" He asked.

I wanted to say yes but Jordan? To hell with him"Ye..yes" I blush and ran back inside the cla** I heard him chuckle.

ADVERTISEMENT

Great I just continue to embarra**ed myself.

Damien

I stare at her from across the table watching her as she eats shyly her head down as much as I love her dark long hair, I don't like the fact that it's keeping me from staring directly at her face.

I can't still believe this beautiful girl sitting across from me is my mate, this made Damon and I so happy.

Anger bloom my face as that human boy walk towards her Mara had managed to stop me from killing him and this time is not sure I will be able to keep my hands to myself.

"Hey, nerd! Didn't I order you to have much with me" He pushed her head?

"Mine!" Damon growls wanting to be in control but I immediately block him out, I don't want him scaring our mate.

"Touch her one more time and I will cut your hands off" I sneered.

"Who is this pretty face? It's better you f*** off it none of your business" He sneered back.

Too bad the worst mistake a person or a werewolf could make is challenging an Alpha over his mate.

Alpha male hates to be challenged.

I grab him and threw him away, sending him flying across the room, Mara stood up immediately standing in front of me.

"Damien" She whisper tugging at my arm since am way taller than her I have to lean down thinking she wanted to tell me something instead she stroke my hair.

Damn! She's so adorable!

Damon purrs softly as she ran her fingers through my hair.

"Next time he won't go easily" He growled enjoying the feel of our mate.

Mara

I wonder why my touch seems to calm him down but either way is glad I could calm him down it made me feel useful and for some sort of reason I want him to like me.

I blush and step back, going back to my food when Jordan stood up and limp towards us, gosh didn't he get it...he gotta run and this time I won't stop Damien from killing him if he want to.

"You will pay for this Mara and you too pretty face" He sneered and before walking out of the cafeteria.

"Are you okay?" Damien asks staring at me.

I blush and look down at my food "Yes...I guess" I shuttered.

"Damien" Before I could sense what was happening the girl already jump on him hugging him

and he hugs her back.

I couldn't watch this, my whole body seems to be on fire and my eyes they were trying to bring out water geez what is this guy doing to me? I have no right to feel jealous or anything he's not even my boyfriend, I stood up ready to walk out.

"Won't you meet my sister before you leave?" He asked.

Uh? Oh? So...they are siblings! My bad!

"Luna! My God Damien is this your mate? She's so pretty...hi my name is Alison nice meeting you" She gushes I seriously have no idea what she's talking about.

Okay, what Luna?

What's Mate?

And why did she think am Damien...whatever she calls this...I hate being around people I can't understand.

"Am Mara...nice meeting you too" I blush a little as I looked at Damien "See you later" With that, I

ADVERTISEMENT

hurried out of the cafeteria.

As soon as I was out of the cafeteria I Inhale thank God Damien hadn't seen my reaction when his sister hug him, what will he think of me? Am possessive and I shouldn't be he is nobody and I wonder why I feel this way...when I get home am going to ask granny what all that stuff means.

Mate....

Luna....

“Oh you’re here...have been looking everywhere for you,” Damien said walk towards me.

I Couldn’t help but stare at his tall figure, men he was tall and cute too those green eyes I frown I think I have seen it somewhere...

Well anyone could have green eyes silly me.

“Uhm. I was just leaving” I blush looking down on my toes.

“As much as I love seeing blush but you gotta look at me Mara...stop putting your head down” He sounds hurt.

“Sorry, I...”I look down again, good he’s going to hate me now.

“Alright, will you skip me with? Please” He pleaded to give me a puppy face.

I giggled “Sure but we must get back before school close okay?”

“Sure princess” He held my hand and we both walk out of the school, I could tell my cheeks are as red as a tomato right now cause I couldn’t help but keep blushing the whole time.

Whatever he is doing to me...it feels good and right.

ADVERTISEMENT

Damien

Since the north border is always full of rogues I decided to take Mara to the west border which is close to the house I have no plans to take her back to school after we are done with the picnic.

“How do you have all this plan out,” She asked looking at me with a puzzled expression.

“It’s a secret now shh...let enjoy it” I chuckle.

"This...place...is pretty never been here....do you live around"

"Yes" I reply not wanting to go further on the subject I might split something out, I think she notice cause her face fell and she went quiet.

"Great...you've ruined it" Damon came again.

"Then maybe you should do it" I was kidding but Damon already took charge leaning towards Mara who stare at me with wild eyes.

"Don't you dare...you might scare her" I warned.

"Coward" He taunted back, I also wanted to kiss Mara...of course, have been dreaming about it ever since I saw her but now isn't the right time not when a filthy smell suddenly fills the air.

Damon was too distracted and I saw Mara leaning towards me too.

"Rogues" I sneered at him.

He shot back immediately, then I look around blocking him out, Mara gasp and stood up seeing three huge wolves around us.

"They...are not going to kill us," She said calmly only if she knew this isn't me...those are rogues but I cannot tell her that.

"They will," I told her as the three growls at the same time.

ADVERTISEMENT

The Alpha in me came out as soon as one of the wolves dash towards Mara...I already vow to protect her same goes for Damon.

I can't shift in front of her which made this fight more deadly, I push Mara aside as the wolf landed on me sinking his canines deep into my skin.

I flinch...then fling it over, while the other dash towards me at once.

They started digging their canines into me, they wanted to weak my wolf part so they could easily kill me.

I saw Mara clutching the side of her stomach where the wolf at bitten me at that same place.

s***, she's feeling the pain, this made Damon mad, he block me out then brought out his sharp paws dig them into their flesh, and tear them apart one by one.

"You killed them" Mara's voice made me turn around to look at her, I realize I just killed three huge wolves in front of my mate with a snap how am I going to explain that to her?

"Mara..." I call reaching for her but she steps away.

"Don't...come closer" She was scared, scared I will hurt her.

This made Damon whine then he block me out, gosh I was feeling the pain is she rejecting me?

"Mara please no! Don't" I pleaded feeling the pain spread through my body.

"You killed them...just like that" She cried looking at me as if I was a monster.

"They were going to kill you" I sneered using my Alpha tone, she shivered in fear and started to cry.

My vision was getting blur by the second.

"Damien...what are you" That was the last thing I heard before collapsing on the floor.

Mara

I panicked, what happened to him? I don't know what to do and am too scared to go near him geez what do I do?

"I will never hurt you Mara" Should I trust him? Will, he hurt me?

Well, I can't let him die, can I? I bend towards him pulling my shirt then tear it into two and wrap it around his torso, I couldn't help but stare at his abs and packs.

Geez, Mara! He dying and all you can do is drool over him...I watch in fascination as his wounds begin to close leaving only a fan scar...what the hell...I couldn't step away from him as he open his eyes.

"I want to go home" Am scared now Damien is just strange and I don't think I can cope with it.

"Mara..please listen to me" He pleaded as he stood up, a large part of me wanted to go to him, to hug him but a tiny part is afraid...scared of this creature I thought I knew...I don't think he's human I mean what type of human kill three huge wolf with a snap of his fingers?

“Not now...I will see you at school tomorrow”Turning around I hurried down the path luckily for me w had a picnic where it was close to my house, I wrap my jacket tightly around me looking back but he didn't follow me.

I stop dead in my track and look back but he was gone, I suddenly wanted to go back and look for him but I didn't instead I walk home still thinking about what had happened today.

“Mara! Don't dare creep up on me like that”Granny yell startled as I dash into the house.

I chuckled “Granny I don't mean to”

“Sure you don't...tell me why are you home early same as yesterday”

“Because school is getting strange” I admitted, Granny pay no attention to me she just carries on sewing.

“Granny?”

“Yes, dear?”She answered looking up at me.

ADVERTISEMENT

“What is a mate? And what's a Luna”I ask watching as her expression change from normal to...surprise or shock I can't tell then she flares up.

“How dare you ask such a question? And don't ever ask ever again okay? Now get out of here...to your room”Granny yell at me and hurriedly walkout.

I stood there stunned cause Granny had never spoken to me in that tone before, I didn't know when I start crying so I dash out to the yard to have a good cry. I hate to be yelled at.

And I only asked a question.

What did I do wrong now?

First, it was Damien then Grannyl feels so confused right now.

Damien

"Nobody talks to me" I growl as I dash into the park house, all the park members just stare at me and make the way I dash to my room and slump down on my bed I feel so restless what am I going to do now?

Should I tell her the truth? I don't want to hurt her and it will be too much for her to take in...what if she rejects me after finding out the truth.

Rejection from a mate is the worst thing a werewolf could go through and am scared I love her already and if she rejects me...am going to be broken I may lose most of my power as an Alpha and I may never be able to be in contact with Damon again.

"Damien are you okay" My mom asks poking her head through the door, I groan and turn over.

"I just told you guys not to talk to me" I whine.

ADVERTISEMENT

"Damien! Where are your manners" She chided as she walk into my room followed by my sister then Liam and Tricia who happens to be Liam's mate?

"I don't need a crowd in here" I groan

"Of course not and Mom do you know Damien find his mate? She's so pretty and she's human" Alison said.

Mom beams from ear to ear "I can't believe you hide this from us! Wait till I tell your father" She hurried out.

"I think I will go for a run"

"Am coming with you?" Liam said, I didn't object and I think I need a company we both shifted and run into the woods I decided to go to the west border since it close to my mate house I scent hit me immediately making me go wild...I dash towards the area...Liam just stroll behind me not bothering to ask me where am going cause he already smell her too.

"Stay back" Damon growls at Liam as Mara came to view.

"That offensive" Liam grumbled but stay where he is looking around as I made my way towards her.

She was crying...who made her cry? I will kill that person...another scent hit me a lone wolf?

Does a wolf stay nearby?... I will check around later in the night to make sure my mate is safe.

Hearing her cry made me growl, her head shot up and she stop crying immediately she saw me.

"Oh you come back...here come" She stretched her hand towards me and gladly hug me...wow that feels nice she isn't scared of my wolf anymore she made it a good thing.

"Am so upset right now" She marble as she release Mr and begin to stroke my furs.

"Granny yelled at me cause I asked her what a mate is.." She said softly as if she's talking to someone but am glad she's sharing this with me.

ADVERTISEMENT

"And Damien...the new guy at my school" My body grows still at the mention of my name.

"He is so cute...like really dreamy and he got the same eyes as you...green and it changes when he's angry" She laughs softly looking at me.

Oh, she thinks am cute!

Oh, dreamy...I couldn't help but pur...

"She's talking about me, "Damon said.

"Geez it's's Damien she mentions...so stop being a jealous a**"

"But am cuter I will show you" Damon stuck up his tongue and lick her face just like a puppy would.

Mara laughs..."You're cute too"

"See?" Damon taunted."Am going to show her how cute I am just watch" He continues to lick her face while Mara laughs.

"Who is there with you" Oh that must be her Granny as she step closer I could smell her...her scent.

"Oh that my granny...if she sees me playing with you..she'd have a heart attack" Mara giggled standing up.

My body grows still like the scent draw nearer.

I growled.

Her Granny is the lone wolf?

Mara

Hearing my granny's voice I quickly stood up as my granny came to view she look around and frowned, well I think am going to be yelled out again I turn around to look at the animal standing beside me a while ago but it was gone.

I get sad but it was good that it left I don't want to give my granny a heart attack.

"Who were you talking to? And is there an Alpha wolf here" She asks still glancing around she looks a bit scared well Granny is never scared of anything but what on earth is Alpha wolf?

Maybe another name for a specific wolf I wanted to ask but shut up immediately before she yelled at me again.

"No it was a puppy from a nearby house and I will be going inside now" I mumbled trying to walk past her.

"Oh..fine but I don't want you staying out here on your own okay? It could be very dangerous" She said pulling me inside the house.

Damien

"So are you saying that Mara's's's's's's's's grandmother is a lone wolf" Liam ask surprised when I told him about what had happened earlier for the lord of God I am surprise too?

"Hope you didn't do anything to scare the poor woman"

ADVERTISEMENT

"I didn't even let her see me but...this got me thinking does that mean Mara is a werewolf" Damon jump at the thought of our mate having a wolf.

"I don't think so...I smell nothing of sort on her and...are you sure her Granny is her real

grandmother" Liam asked.

Well that is a good question but am not ready to work on that, what I plan to do now is work on our bond, making it stronger I want her to accept me as soon as possible am dying to make her mine but what will happen if she finds out about me being that wolf she played with?

What she had said flash through my mind ..there's a lot of secret around here but I can sure if her granny is her grandmother cause she got no wolf gene in her.

I couldn't sleep that night I kept replaying to everything that had happened today in my head maybe its was high time I tell Mara the truth then if she wants to reject then she better go right ahead.

Walking into the school the next day I didn't catch her scent anywhere she must be on her way, as I made to leave the cla**room she walk in immediately seeing me she blush and look down on her toes like always.

"Hey nerd" That human boy again!

Until I kill him he won't stay away what kind of a guy finds pleasure in bully girls?

"Didn't I warn you to stay away from her" I sneered taking a step towards him but he stepped back which made me sus***ious, he would have challenged and face me as usual but what changed?

"Am just here for friendly chit chat with the nerdy Mara right" He smirked looking at her.

She said nothing she stood there with her face down.

"Get lost" I push him off.

ADVERTISEMENT

"Next..time you...should just Ignore him...he isn't worth it" Mara said tugging at my arm, there go the sparks again then I look at her properly...she was wearing a crop top, her neck, and shoulders were bare I couldn't control it.

Damon was arching to mark her already I just stood there gazing at her while she stare at me puzzle.

My canines started to form, I took a step back wanting desperately to stay away before I gave in and mark her she looked hurt that I seem to be running away from her but it was for her good.

Without saying another word, ran out of the cla**room into the words shifting on my way, Damon whines and growls but there is nothing I could do...he just have to wait before we scare her off.

Mara

Oh, why is he stepping away from me? Have I done something wrong? Or do I bore him already as he dash out of the cla**room I felt dizzy as if a part of me had been rip away from me?

I hope I haven't done anything wrong, I was about to walk away when Jordan pull me back and push me against the wall am in no mood for this.

"Let go," I said calmly, he look at my in surprise cause I have never spoken any words to him before no matter how much he tortured me.

"Wow...you have a nice voice say it once more" I felt disgusted as he move closer to me his breath fanning my face, it looks like am going to poke.

"Get your hands off me," I said weakly geez am going to poke and honestly as soon as he step back my breathing went back to normal.

ADVERTISEMENT

Like what just happened?

"Are you okay?" He asked looking at me shocked.

Like he cares!

"How dare you touch her" A new voice growls whoa seems Damien is back and I love it when he acts all possessive who wouldn't? I mean he's so hot and there are the sparks I feel each time am close to him...am not scared of that anymore it feels good.

I hurried towards him hugging me unlike Jordan his touch didn't make me feel sick, instead I wanted to continue holding him.

He hugs me back to my surprise I thought he was mad at me.

“You...are...not mad at me” I blush I look down on my toes.

“No, but am going to kill him” He put me aside and stroll over to Jordan grab him and push him against the wall the evil side of me wanted him to beat him up...or probably kill him.

“What is going in here” Alison asks walking towards us.

Then Alison stop and stare at Jordan in surprise and shock and some other emotions I couldn't understand.

“Mate!”She suddenly growls

What with everyone and the word mate?

Damien

What did she just call this jerk mate? Jordan is my sister's mate am going to kill him I don't Care!

I grab him pushing him against the wall I raise my hand to punch him but Allison pushes me away standing between me and him.

“I won't let you kill him not right after finding out he's my mate” She defended oh it was a natural reaction but still I won't forgive this b*****.

“Why are you...all saying mate?”Mara's voice made me release him gosh I forgot she was here.

“Come with me” I pull her with me and out of the school, I still don't trust that human guy if he makes any wrong move I won't hesitate to kill him I won't give it a second thought about him being my sister's mate.

“Where are we going” Mara ask breathlessly, I must have been walking too fast, I smile at her then carry her she blush and look down not meeting my gaze I won't take her out in the wood this time it's too dangerous especially when the pack guards are not in patrol I decided to take her to a human restaurant.

“McDonald's!”She gasp in excitement luckily the restaurant wasn't very far from the school.

“You love McDonald's?”I ask watching her eyes lit up.

“Get out of my head! Of course, I do...but I don't come here every day my granny is old fashion” She laughs, well she hadn't chitted chat with me ever since knowing her...well except in my wolf form this made me happy at least we are making progress.

“Your granny? How come you leave with her” That was a stupid question I just hope she doesn't get uncomfortable with it.

“Well since my parent's death...she became my only family...nobody talk about my parents especially granny” She marble as if lost in thought.

“Alright let order then,” I said wanting desperately to bring her out of her thoughts.

Mara

Even if he acts strange at times he's fun to be with I secretly steal glances at him as we walk home, I told him earlier it more fun to walk than to take the bus, and am glad he listened to me.

Honestly, because I don't want him to leave I want to spend time with him and be with him even though there are so many puzzles about him but something tells me to wait that he's going to tell me soon but whatever that thing is am going to listen to it as long as I get to be with him.

I look at him again then held his hand, he look at me in surprise then smile, I smile back feeling the spark each time our hands touch the spark isn't scary at all he gave me pleasure all over my body I had to admit that.

“You seem to be woolgathering” He smirked.

“Well, nothing just enjoying the feeling of being close to you” Wait what?

Did I just say that out loud? Oh no I did not just say that...I blush and look down really embarra**ed, great did I have to ruin the moment.

“Hey look at me” He lifts my chin meeting those green eyes...well from now on green is going to be my favorite color.

“I love it when you blush and I enjoy your company more than you think”

I couldn't help but blush and look up at him, my heart started beating so wildly as he move his face closer to mine and unconsciously I move my lips closer to him wanting him to kiss me, yeah am glad he's going to be my first.

But instead, he kisses the top of my head and steps away, I look at him disappointed...

"Why...didn't you kiss me? You don't like me?"What am I going to cry now?

I wanted him to kiss me but too bad he doesn't like me enough.

"No Kitten please don't think like that...of course I want to kiss you...I want to do a lot more than that...but this isn't the right time and you're still too young 16 right" He asked, like geez do I look that young?

Am 17 duh...and my 18th birthday is in a month" I corrected, glaring at him playfully.

ADVERTISEMENT

"Oh...you look so cute when you are angry" He smirked.

"Yeah, I do" I reply sarcastically.

He just only laughs and we walk on.

Unknown

Oh soon!

So very soon am going to have my revenge on them my first plan works quite well and I look over at the witch who was busy chanting something under her breath.

She works for me...

I used her and am going to over and over again, am going to take my revenge on Mara and her so-called mate.

"I think you should change your palms...what I see in the future is very...hmm confusing," The witch said finally coming back to earth.

What can I say about myself?

Am a vampire...a bloods***er.

“So what do you think I should do,” I ask annoyed that I had to change my plans.

ADVERTISEMENT

“Mate her instead”

Damien

I look over at Alison who just sat there glaring at me because I had almost killed her mate today if she happens not to arrive on time.

“Oh so go ahead and shoot laxers out of your eyes,” I told her if she thinks am going to apologize for her actions then she’s surely mistakenly.

I decided to leave her alone...I have to see Dad and ask him a lot of questions since he’s older and more experienced.

“Dad” I call as I walk into his office, he looked up at me blankly he seems distracted in what’s he’s doing so this might not be a good time.

“Busy”

“The rogues are getting more and more by each day and we haven’t found out their hideout...you need to mark your mate as soon as possible so we can continue the whole process and begin with the ceremonies”

“Am trying to but she needs to get used to me first...I meant comfortable” I corrected.

“You don’t have the whole time...the pack is counting in you son” He patted my shoulder and went back to what’s he’s doing.

Well, then I have to make it up to Allison after all.

But Jordan I will never accept him as my sister’s mate knowing very well he once made life miserable for my mate.

Mara

Yesterday I had so much fun with Damien I was looking forward to going to school today, waving my grandma goodbye I dash out catching the bus, made my way to school and look around for him but couldn't find him.

Am too early today that because I was excited to see Damien.

"Oops, "Someone said bumping into me, I look down as he packs Hus's books then straighten up, he look at me with a wide eye then smile.

Honestly, he had such a cute smile, I look at him from the head, his hair was pitch black, unlike Damien whose hair is light brown, and this guy's eyes his so dark it was almost black...why is everything about him black? He was wearing black too oops did someone died in his family.

"By the way am Josh...I think we are going to make good friends I see the way you look at me" He Winked.

Oh geez! Is he flirting with me? Am not interested in bring anything to you, you puke.

Instead, I gave him a fake smile and hurried down to cla**, I felt like punching him and I hate the way he looks at me.

Gosh, what's wrong with me? I find other boys disgusting except Damien, I blush and lol down on my fingers.

"What are you blushing about"A familiar voice said making my heart dance in excitement.

"Damien, "I said excitedly...then I remember I must sound out of character I blush and look down again.

"Hey I'm on it okay," He said sitting beside me.

I nodded then looked down at my feet...the bell ring oh that great things are getting awkward right now but I hated that the bell ring, Damien gave a brief smile before walking away.

After the periods were sat down in the cla**room waiting for Damien the teacher had called him into his office earlier while I decided to wait for him, Josh wink at me as he walk out of the cla** I just ignored him and waited.

“Alright let go it’s lunchtime”He smiled at me then held my hand as we walk into the cafeteria, he choose a table and we both sat down a girl and another boy was sitting across from us...I think I have seen the guy somewhere.

“Mara, meet my best friend Liam and his girlfriend Tricia” Damien introduce.

ADVERTISEMENT

“Girlfriend?”Tricia snorted and glad at Damien “Am his mate duuh...that much more than a girlfriend”

I stare at her puzzle then look at Damien who avoids looking at me, I could tell he look uncomfortable right now and I wonder what he’s keeping away from me, he isn’t even my boyfriend but I can tell there’s something fishy going on I mean the first day he saw me...he said “mate” Allison said the same thing and now Tricia.

“Tricia...Uhm...can you tell me what a mate is”

“Oh...I...”She suddenly looks uncomfortable too.

“You don’t need to think about it”Damien smile kiss in the top of my head but I push him away, I had enough already I hate it when people lie and keep things away from me.

“If you’re not going to ever tell me who or what you’re then forget it! Am done with you...the first day you arrived you called me your mate and you fought two wolves, then your wound started to close up by itself am not a fool”Tears well up to my face but I don’t care if he doesn’t trust me enough to tell me then am done trying to put up with it.

I hurried out of the canteen and bump into Josh, he just smiles then frown when he saw me crying.

“Hey are you okay” He reach for my hair, I slap his hand away and walk on but he followed me anyway.

“I know am a jerk but I hate seeing girls cry...will you tell me”He sat down close to me on the floor.

“I don’t know”I begin to cry again.

“It’s okay doll face” He grinned petting me.

“Don’t you dare call me that...we are not friends” I warned

“Oh really? But I just saw you cry and made you feel better”He smirked.

“Stay away from her”Damien growls.

“Oh sorry...I...”Josh look so scared poor boy ran off without looking back.

“You can’t just scare my friend away and how did you find me? Let me guess another secret” I said sarcastically, I hate the girl Damien is turning me into.

Just a few days ago I could barely look anyone in the eye except my grandma and now... is acting differently.

“So! Because I refuse to tell you stuff you ran off to the arms of another guy? Is that what you will keep doing in”He yelled and punch the wall behind me making me jump.

He lol so angry have never seen him this way and it scares me.

ADVERTISEMENT

“And to think I was protecting you! Do you know how it feels to see you crying on him like that...when am I here? You made me feel so worthless and right now I don’t care if you reject me or not”He growls.

Geez, what is he talking about? He sounded wounded and hurt.

“You are not my boyfriend yet you made me cry...who are you”

“Oh...I should tell you? So it will be your perfect opportunity to reject me? Well very well then cause right now I don’t care! Go to he’ll for am I care I f***ing hate you”

That it I can’t listen to it anymore I felt and screaming...Omg! Have finally done it...he hates me now I can’t stand here and listen, I look around and ran out without looking back.

Damien

“What happened, “Liam asked staring at me as I slide down to the fault, it’s not Mara’s fault I just wish Damon could understand before taking over and lashing out at our mate like that.

I knew he didn't mean it, he was just kind of hurt that she ran away from me then he saw her with

someone else.

"Damon lost it and now he has blocked me out" I inhale I feel so restless and I can't sniff her anywhere which means she probably left.

"You should tell her"

"Do you think I don't want to f***ing tell her? How do I say it? Her whole life is going to change, like telling her "hey Mara...am a werewolf and I happen to be your mate! I doubt if she would believe me at all" I hit the wall again and walk out.

I just wish Tricia had kept her ducking mouth shut when I introduce her as Liam's girlfriend but I can't blame her.

"Having troubles" Janiel giggled as she join me, I just glared at her.

"I wonder why you're wasting your time with her...Damien, you got me, just reject her and I promise you won't regret it I will be here for you" She rant on.

"Have you gone mad? how about your mate" I eyed her sus***iously.

ADVERTISEMENT

"Mate?" She snorted but said nothing "one way or the other you're still going to come back to me"

I watch as she walks away, she must be out of her mind if she thinks am ever going to reject Mara for her or anything.

I need to find her anyway.

Mara

"I f***ing hate you"

"And to think I was doing this for you"

"I f***ing hate you" I screamed, luckily for me or not granny happens not to be around, or else what should I have told her?

I don't like this feeling at all, I should never have left and he saw me with Josh now I ruin everything with my childish be for what if that was the reason why he didn't want to tell me

anything.

"I won't bother you anymore just don't hate me" I cried.

"Who said I did" I look up, Damien is here standing by the door.

I don't care how he got here I jump on him and cries we'll I guess I like him now.

"Okay am sorry I knew I was a jerk earlier but am sorry you deserve to know the truth and I will tell you"

"What no! If you're not ready to...it okay"

"Am ready why don't you sit down, am sorry for making you cry"

I smile "So what the truth?"

Mara

"Please don't hate me okay? And believe whatever I told you is not faking or lying okay" He smooth down my hair, what could make me hate him?

Never like him too much but I guess the a**urance" Am never going to hate you okay? You can trust me please" I pleaded.

"Am a werewolf Mara..."

Oh geez, he's trying to pull my leg? I burst out laughing werewolf don't exist my granny told me that cause I once had a fascination with them and now Damien says he is what?

Werewolf!

"Well am a vampire then" I laugh so hard tears drop out of the corner of my eyes.

"See I know you won't believe me" He sounded hurt so I stop laughing and look at him.

"Damien I know you're joking...what are you? Derek in teen wolf" I tried not to laugh again.

"Am serious! A fought with two wolves right in front of you any normal human can do that huh? I wound close up right after I was bitten that because the wolf in me heals it faster than any doctor...think about it that green-eyed wolf you thought was cute as a puppy is me! Me"

I quiet down I one he was right or so I thought but it just too had to take in like werewolf doesn't exist and this is not a teen wolf.

"You still have doubt? Okay at you ready to see me shift?"He asks staring at me.

"What does that mean? Anyway do so if it means I believe you or you're telling the truth" I answered not looking at him I don't want to hurt his feelings by telling him I don't believe a word he said.

I heard bone-cracking, what the hell is that? Fear grip me and I lol around only to see Damien on the floor all crawl up in a dog position, his eyes were staring blankly and he look as if he was in pain.

I wanted to help him but ran back when I see furs coming out of this body...no no no what going on am getting dizzy the last thing I saw was Damien turning into a huge wolf...yes the green eye wolf is Damien? I fainted!.

I finally woke up with someone shaking me, I look up at Damien am so glad he didn't run away.

Isn't the fact that he is a wolf bothers me? We'll maybe a little but I don't care since I like him already.

"Am glad you didn't run away...will you take me on a ride with your wolf form?"I said excitedly he just look at me surprise written all l've his face.

ADVERTISEMENT

"You're not angry? You're not going to reject me knowing am a wolf"He asks shakily.

"Why do you want me to" I ask wanting to cry again.

"Hell no" For the first time Damien kiss me, wow his lips his so soft! Enough get out of my head.

But soon enough he pulls away and I blush looking down, hold habit back.

"What more do I need to know about mate," I asked him.

“Well mate is someone the moon goddess pair together...that why you feel the sparks each time I touch you, it the mate bond and all that is left now is the marking”He smirked.

“What does that mean”

“Who wants to go for a run”He laugh making me forget about the question I asked earlier.

“Me”.

Damien

Things went easier than I thought and now Damien his back his so happy well that makes the two of us when I shifted in front of her and she fainted I panicked, I thought about running away so I won't have to face her rejection.

But then running never solves anything, it better to face I Noe than later and to my at most surprise, she'd understand perfectly and didn't reject me.

Am so lucky, right now am in my wolf form running to the packhouse while the sat on my back laughing and enjoying the ride.

“My granny should see this! She's going to die of a heart attack”She laugh as I stop at the packhouse and shifted.

Her eyes went wild and she quickly turn around making me chuckle.

“Damien you...are...naked”

ADVERTISEMENT

I laugh as I struggle into the clothes I told her to hold for me.

“You may turn around now, “I told her.

She turn around and mumbled something under her breath of course I heard her.

It was; “I should have look”

Geez, my mate has a naughty side.

“Where is this place? So many wolves am scared”Mara hides behind me.

“This is the packhouse, you don’t need to be scared okay? Am right here”

Mara

I followed Damien into the house what is it calls again? “Packhouse” the house was huge more like a castle the areas look out to trees and forest but of course It’s pretty.

“Hey, guys”The girl I recognize as Tricia said as she approach us Allison was with her too.

“Will you stay with them? I will be back soon” I nodded, kissing the top of my head he walked away leaving me with the girls.

I hope Allison isn’t mad at me.

“Mara I kind of sorry for the way Jordan treated you...he was a d***”He laughed.

“Yeah” I couldn’t also help but laugh, all three of us sat down on the sofa.

“So...you finally know the truth huh,” Tricia asked.

ADVERTISEMENT

“Yeah...hold on what that bite on your neck” I pointed, it was a bite but it looks more like a tattoo.

Tricia started to blush.

Allison smirk at her “Tell the girl you also went down and dirty”

“Allison” Tricia laughed, I look at them feeling out of place.

“That my mate mark”She finally told me.

“You call this mark? He bit you like an animal” I was freaking out!

Will Damien bit me like this? Oh no, I don't want that!.

"Calm down you look so pale" Allison laugh I wonder what was so funny about what I said.

"It's nothing like that...at first it's painful but believe what happens next will be total pleasure then you can go down and dirty" She winks at me.

I don't know what down and dirty but it must be another werewolves thing.

"What if we don't" I asked.

"Then you will be I heat it going to be painful than anything even after getting down and dirty you will still be in the heat but it won't be that painful and when you're in hit geez you'd get f***ing h**** all the time" Tricia laughs Allison also join her.

I just blush suddenly feeling embarra**ed.

Damien and Liam walk in drinking a can of juice, they pa** it on to us and I took that opportunity to ask him what I wanted as he slide into a seat beside me.

I tug closer.

"Damien what is down and dirty," I asked.

He chokes on his juice coughing.

"Tell the damn girl" Liam winked while the rest laugh Damien just continues to look.

Mara

I stare at Damien worriedly what could the word mean that got them all laughing and made Damien coughing awkwardly.

"Damien are you okay," I asked.

"Oh am sure he is" Allison smirk at him, oh God I am so lost.

"Mara, will you come with me for a sec please" GE pleaded to pull me up.

"Oh..they are going to do the dirty already" Tricia remark making everyone laugh except me and Damien, of course, I plan to know what this is no matter what maybe later I will make sure one of the girls tells me.

“Shut up” Damien growls and pulls me out of the room upstairs I have no idea where he is going but I trust him enough to follow him.

He open the door to a room and I followed him inside, I could tell this was his room.

“So will you tell me what down and dirty means or is it just a werewolf code?”I asked staring at him, am so curious to know especially after seeing the way Tricia blush, it must be fun.

“You’re too young to know that okay? When the time is right you will”He smirk pulling me down on the bed with him.

“Am almost 18, so when will you mark me”

“I see those girls have been telling you stuff huh”He smirked making me blush.

“Well no...she just..er..told me about the marking”I blush looking down at my feet I feel so embarra**ed while all he does is chuckles then he kissed the top of my head.

“Don’t worry about whatever she says she doesn’t think before speaking”He replied.

Well isn’t this day great and strange? Well, I don’t care as long as being close to Damien.

Damien

ADVERTISEMENT

Mara and I walk hand in hand to school the next day, there is so much she needs to know about mate and other stuff but am too scared to tell her am sure she will understand as long as she understands me being a werewolf.

I want her to be 18 yet before things go further for now she just has to digest what I told her and I have to see Tricia and Allison I need them to keep their mouth shut.

“See you later princess”I kiss the top of her head and walk away looking all over for Allison.

“Who are you” I heard a yell from one of the cla**rooms, opening it I met face to face with Jordan.

“Well well, look who I found? The same human guy who has been bullying my mate” I sneered at him.

“Remember am your sister mate? She’s going to hate you if you hit me again”He smirked.

“Shut up!, so she told you already, I want you to know that if you come anywhere near Mara you will pay for your life” I warned.

“Oh, I won’t come near her but do yourself a favor by marking her soon”He smirked at me and walk away.

I frowned what does he mean by”Do yourself a favor by marking her? Did Allison also tell him that? That girl should also know how to keep her mouth shut before she put us all in trouble who knows what she might have told her human mate.

“Damien” Janiel yelled and jump on me as if we were lost, buddies.

“My...mate rejected me”She cried hugging me.

Really? That was so sad, I forgot about my anger and hug her back.

“But why did he reject you Janiel,” I asked.

“I don’t know, he just say he couldn’t live with me that am too weak to be his Luna”Oh so her mate is an Alpha.

But if an Alpha rejects his Luna this could result in him loading much power doesn’t he care about that one bit? I guess not.

Janiel hug me still crying, I pitied her then the door of the cla**room opened, students walk in staring at us curiously, and am*** the students, there’s Mara who stood there staring at me Janiel hugging me.

‘Aww are you two back together?’

‘They look so good together

“Mara”I push Janiel away.

ADVERTISEMENT

“Er.Uhm..”She said then hurried out of the cla** I went after her.

“Will you stop running away from me” I growl I don’t want her crying again.

"Why shouldn't I run? You should have just rejected me if you're with her" She mutters.

"Am not with her...am with you don't want to know the reason why I was hugging her?" I asked.

"No"

"No" I frowned.

"Yes"

"Yes?" Will you be more specific? You're driving me mad.

"I hope you run mad for doing that to me" Her voice cracks I hope she isn't about to cry.

Stupid me stupid me! Why did I even have to hug Janiel?

"But I only did that to comfort her, I swear her mate rejected her"

Understanding cross her face then she blushed.

"Er...sorry"

"Oh, it's okay, "I said hugging her, glad that she didn't cry.

Mara

ADVERTISEMENT

Gosh, I was so jealous of nothing Damien already left school saying there was an emergency he needed to be there.

I was already missing him and school was almost over, I decided to look for Tricia in other for her to tell me what down and dirty means and other important stuff I need to know about werewolves.

Am just so curious, I was lost in thought I didn't bother looking at where I was going not until I bump into a girl who glares at me then smirks as if knowing who I was yup! She was the girl Damien was hugging earlier the one her mate rejected.

I pitied her if Damien reject me what will I do? I push the thoughts out of my head and stare at the girl smirking at me.

“Am so sorry I didn’t do that on purpose” I quickly apologize.

“Sorry for what? For stealing Damien away from me or for making my mate reject me” She yelled at me.

I was completely taken aback “I beg your pardon”

“You heard me right! What are you sorry about? That you steal Damien away from me or that my mate rejects me” She yelled pushing me against the wall.

Men, she’s really strong.

“Neither” I answered while she glare at me.

“Oh, you will be sorry Human because I will make you pay! Damien is mine and if you think I will let you steal him away from me” She sneered.

“I don’t care cause I never stole him from you, he was mine and he is still mine so what the ranting about She-wolf” That made her explode, she bang my head against the wall making me wince.

“Stop it!” I cried pushing her as hard as I could but she didn’t budge gosh that how strong she is I wonder if her mate really rejects her or she’s just faking it.

“For now...watch out for me” She blew me a kiss and quickly walk away a moment later Damien

rushing in.

“Where are you hurt and who hurt you” He started to sniff me.

“No one I just bang my head against the wall” I lied.

“Don’t f***ing lie to me” He punched the wall beside me, making me jump.
