

A World 101

Chapter 101: , The Most Wonderful Picture

Number two is in a bad mood recently.

Like his dignified Inner Sect disciple of the Wilderness Sect, he was bored some time ago and went to Feiyun Country to play with Zhao Anhe, the master of Wufu. It was said that it was to pretend to be X, to abuse birds, and to show off one's power, and as a result...

No. 2 couldn't help but touch his face, as if his cheeks still hurt slightly.

pain?

The face, of course, does not hurt.

However, the slap on the face was the shame and shadow of No. 2's life.

"My dignified disciple of the sect was slapped by a country boy who didn't even come here? Besides, I heard that the boy stepped on our head and achieved the name of 'hand god'?"

Therefore, after returning to the Wilderness Sect, No. 2 worked hard all day long, hoping to avenge the face slap one day.

"Based on the relationship between that kid and Gu Hanmo, he will definitely come to the Wild Wilderness Sect! If there is a chance in the future, I will definitely defeat him!"

Just, can you beat it? No. 2 has no bottom in his heart.

"However... the innate profound energy in my body is already full and overflowing. In the past few days, breaking through the middle stage of the innate should be a natural thing! Hmph, when I break through the middle stage of the innate..."

No. 2 wanted to come up with some crazy ideas, such as breaking through the middle stage of the innate, and looking for Xu Ming to take revenge and slap in the face; but after thinking about it – uh, it seems that even if the middle stage of the innate is broken, it is not yet. Xu Ming's opponent...

Being crushed ruthlessly and ruthlessly by the mighty and invincible Xu Ming has become an indelible shadow in No. 2's heart.

“Um?”

Suddenly, a subpoena pulled Number Two back from his thoughts.

“Brother Hao, where are you, I'm about to be bullied to death!”

Tiger No. 2 was shocked.

What?

How dare someone bully my little lover?

Is this still great?

I went to that small place in Feiyun Kingdom by myself, and was slapped in the face, so it was fine. How come there are people who dare to bully my woman even in the wild city, the site of the Wilderness Sect?

In the end, do you still care about me, a disciple of the Inner Sect of the Wilderness Sect?

Dry!

“Where are you?”

“Brother Hao, I'm in the wild Tujia cuisine! Come on, Shaobai has been beaten so much that I can't even recognize his sister...”

“I’ll be there soon!”

No. 2 was about to rush out in a rage, but suddenly became alert.

Since being slapped in the face by Xu Ming, No. 2 has not learned another lesson, but he has learned one thing—be low-key.

“By the way, what’s the background of the other party?” No. 2 added involuntarily.

What if something goes wrong? I was so angry, I rushed over in a hurry, didn’t I want to slap my face!

“Just a little countryman, not even innate!”

I go!

It’s just a little countryman who didn’t come here, dare to touch my woman in the wild city? Moreover, he beat my brother-in-law so much that even his sister didn’t recognize him.

It’s the opposite!

Who do you think you are, this little countryman, dare to be so wild in the wild city! Could it be, do you think you are Xu Ming?

No. 2 stepped on the fire under his feet and went straight down the mountain.

...

Wilderness home cooking.

Xu Ming was still eating and drinking on the ground, as if the six people kneeling around him, and the one standing not far away, Ma Weibai, whose eyes were about to kill him, had nothing to do with him.

“Just be arrogant! When my brother Hao arrives, it’s too late to see you kneeling down and begging for mercy!”

“If you don’t want to be turned over like them, it’s best not to interfere with my meal.” Xu Ming said lightly.

Ma Weibai’s face was ashen with anger, but he really didn’t dare to say any more.

She used this face to seduce No. 2. If her face is ruined, if No. 2 doesn’t want her anymore, wouldn’t it be too late to cry?

There are also new customers who came into the store. When they saw Xu Ming’s scene, they couldn’t help but stagnate – oh, I’m going, what game are you playing here, playing such a high-end game?

Playing as the emperor’s micro-service private visit?

Playing the role of Jianghu Shaoxia to punish the wicked and eliminate evil?

I don’t understand, it’s too high-end!

Huh—the one standing next to him with a blue face, isn’t that Ma Weibai? Why do I feel so murderous about her?

The new guests are getting more and more confused – they really don’t understand!

They sat quietly beside the old driver, and the old driver immediately explained.

“The kid who was sitting at dinner beat Ma Shaobai...”

“Ma Shaobai? Where, I didn’t see him!”

“Hey, it’s the one with the most swollen face! Yes, it’s just him...”

“He?... Really Ma Shaobai?”

“It’s normal that you don’t recognize it! He was beaten, and I’m afraid even his sister won’t recognize it!”

“Then, with Ma Weibai’s temper, can you bear it?” The Ma family, because of Ma Weibai’s recent encounter with a disciple of the inner sect, was very popular in the wild city.

Of course, the limelight of the Ma family is also aimed at those middle- and lower-class people in the city. The real upper-level forces and families in Wilderness City disdain to deal with forces like the Ma family.

But in any case, the Ma family’s prestige in the eyes of the little people in Wild City is needless to say, and it is not even weaker than those top forces.

“Of course I can’t bear it!” the old driver said, “No, I heard that my brother was beaten, and Ma Weibai rushed over immediately. He also brought Wang Jinglong and Zhang Hu, two disciples of the Wilderness Sect... that’s right. , they are also sitting on the ground!”

“Awesome!” All the new guests sighed, “But I still don’t understand...”

“Say, what you don’t understand, I will enlighten you!”

“That man beat up Ma Shaobai and the disciples of the outer sect, why did he sit there to eat so calmly? Ma Weibai should have called someone?”

The old driver sighed: “This is exactly what I don’t understand, no, I’ve eaten everything for a long time, and I’m still sitting here watching, don’t I just want to see the results? – By the way, you new Come, I told you so much, you help me buy the bill!”

“Yes, yes, it should be.”

In a quarter of an hour...

boom!

The congenital warriors are rushing at full speed, how fast they are. In just a quarter of an hour, No. 2 had rushed from the Wilderness Sect to the Wilderness Tujia Cuisine.

Before anyone entered the door, the powerful innate momentum swept in, causing many customers in the store to straighten up.

“Number two is here!”

For the disciples of the inner sect, people admire them from the bottom of their hearts – admiration for their extraordinary talents.

Every Inner Sect disciple is undoubtedly the most talented person in the entire Wilderness Sect region~www.readwn.com~ and will also be a man of the year in the future!

As soon as No. 2 stepped into the door, a confident and calm genius temperament naturally spread out.

The customers in the store are all lingering in their hearts – this is the genius!

The genius of the inner sect has come, this Xu Ming is miserable – the guests sighed in their hearts.

This young man Xu Ming, although his strength performance is very good, but no matter how good he is, can he have a good Neizong genius?

impossible!

“Brother Hao!” Ma Weibai screamed and rushed towards No. 2.

“Big brother!” Wang Jinglong and Zhang Hu also stood up excitedly. Being threatened and kneeling on the ground is too suffocating.

“Brother-in-law!” Ma Shaobai was already crying – the real savior, finally here!

However, Ma Shaobai, Wang Jinglong and Zhang Hu just stood up.

Snapped! Snapped! Snapped!

Three slaps pulled them back to the ground again.

But Ma Shaobai's three younger brothers, because of their weak cultivation, and when they saw No. 2, were not as excited as Ma Shaobo, so they stood a little late and avoided the slap this time.

However, the three little brothers were all stunned – isn't it? The geniuses of the inner sect are here, this kid, how dare you be so arrogant?

It's not just the three little brothers who are confused?

It can be said that in the entire store, except for Xu Ming, everyone else is in a state of daze—this kid... he is so arrogant to the point of death!

Immediately, the first reaction of the onlookers was to subconsciously look at No. 2's face. Because they felt that at this time, No. 2's expression should be the most exciting!

“Damn it! Who the **** dares to be so arrogant!?” No. 2 glared at Xu Ming.

However, at this sight, the muscles on No. 2's face immediately trembled. A series of expressions changed rapidly on No. 2's face.

As expected by the onlookers, No. 2's face was the most exciting scene in the audience.

Chapter 102: , Ming Ge

No. 2's expression was stunned at first—what's the situation? I came in person, how dare he hit someone in front of me?

Immediately after switching to rage – too arrogant! Too arrogant! Too arrogant! Who dares to be so arrogant! ?

Then, No. 2's red eyes focused on Xu Ming.

At this time, his expression returned to a stunned – huh? Who is this...

Immediately, No. 2 was as if someone had poured a basin of ice water from head to toe, his whole body was shaking, and his facial muscles were twitching in shock – it was this Lord! ?

Tiger No. 2 was shocked: “This master's hobby has not changed at all...”

No. 2 looked at the red and swollen face on the ground, and seemed to feel that his face was also aching.

Without thinking about it, No. 2 took three steps and took two steps, and walked towards Xu Ming quickly.

As he walked, the muscles on No. 2's face were still trembling, and he thought: “This master, it's okay to do it, save me some face, don't come up and beat me...”

Although No. 2's strength has improved slightly recently, he still knows the gap between himself and Xu Ming.

If Xu Ming hit him, he would definitely be powerless to resist.

However, Xu Ming continued to eat his own dishes as if he hadn't seen No. 2.

“It's crazy...you're so crazy when you're about to die...” The other guests around looked at Xu Ming speechlessly.

You said that you pretended to be X, and people were fighting, and the drama was enough, so you should keep your tails in a low-key way? However, now that the genius of the inner sect, Er Hao, has been killed, are you still eating so lightly?

“Is this guy a foodie reincarnated?”

“Maybe he knew he was going to die, so he wanted to be full so he could hit the road!”

“Too...”

However, no one would have thought that even the geniuses of the inner sect in their eyes were slapped by Xu Ming. And this Er Hao is one of them.

At this time, Ma Weibai had already wrapped herself around No. 2 with tears in her eyes.

Seeing that No. 2's expression was a little weird, she thought it was the expression of No. 2's extreme anger, and even cheered: “Brother Hao, it's him! It's him who beat Shaobai so much that I don't even know... woo woo, If Brother Hao hadn't arrived in time, I'd be beaten like that by him!”

Ma Weibai burst into tears, as if she was really bullied, as if she would be beaten to death and maimed by Xu Ming if No. 2 didn't come.

Sure enough, Ma Weibai saw that the effect of his crying was very good.

After hearing this, No. 2's face changed again, and he raised his hand.

“Brother Hao, help me teach him a lesson!” Seeing that No. 2 was about to do something, Ma Weibai laughed bitterly in his heart – brat, aren't you crazy? Now that Brother Hao is about to start, I see if you can continue to go crazy.

Ma Weibai glanced at Xu Ming's eyes, cold and murderous.

However, the pair of icy eyes immediately became inexplicable and frightening – Ma Weibai caught a glimpse of a palm shadow slapped directly at his face; and the owner of the palm shadow was her brother Hao.

Snapped!

No. 2's slap landed heavily on Ma Weibai's face.

"Hao... Brother Hao, why are you beating me?..." Ma Weibai was really stunned by the beating.

Number two, isn't she the rescuer she brought in? Why did you come up and slap yourself first?

But immediately, the inexplicable and grievances in Ma Wei's eyes turned into panic.

She saw that her brother Hao didn't even care about himself, but hunched over cautiously, walked to Xu Ming's side, and said in a low voice, "Ming... Brother Ming, are you eating here in person?"

Ming brother! ?

Ma Weibai was completely stunned, and even forgot the hot slap print on his face.

Wang Jinglong and Zhang Hu were stunned. Just now, they seemed to have provoked a figure that even the eldest brother was in awe of—Oh, no, I was just about to provok them, but before they could put it into practice, they were slapped to the ground by this brother Ming. .

Ma Shaobai was even more stunned—I... I just want to be a little dandy, why did I run into such a great god.

The other onlookers in the store also sucked in a breath of cold air – it turns out that this kid is not courting death, not in a hurry to reincarnate, but a great man! Even the genius of the inner sect, Er Hao, had to humiliate in front of him.

Xu Ming glanced at No. 2: "I don't eat the rice myself, can you still eat it for me?"

"No... that's not what I meant." No. 2 was silent.

This scene made everyone even more horrified – when did the inner sect disciple of the Wilderness Sect become so lowly? In front of others, he didn't even dare to say a word.

It's just that the people around don't know that in front of Xu Ming, No. 2 really has no qualifications to be proud!

Xu Ming did not continue to embarrass No. 2, but said lightly: "Since you are here, sit down and eat together."

There was a flattered expression on No. 2's face, but he still waved his hand and said, "No, Brother Ming, eat it, I'll just wait for you to finish eating."

The attitude of No. 2 scared Ma Weibai, Ma Shaobai, and the crowd of onlookers who didn't know the truth all at once. He didn't have the guts, so he could only stand by and wait for him to finish his meal!

In a low voice like this~www.readwn.com~ No. 2 actually felt very embarrassed. However, it is very shameless, it is better than being slapped to the ground by Xu Ming, right?

"That's up to you."

Xu Ming shook his head secretly in his heart, thinking that this child seems to be really afraid of being beaten by me. Since he wants to stand, let him stand.

"Hao... Brother Hao..." Ma Weibai tiptoed over and said tremblingly, "Did I mess with something I shouldn't mess with..."

"Shut up!" No. 2 snorted softly, "Stand honestly, don't affect Brother Ming's appetite!"

Ma Weibai didn't dare to say another word.

"And you!" No. 2 pointed to Ma Shaobai, Wang Jinglong and the others, "Kneel and be punctual for me – this is scattered all over the ground, sitting on the ground, lying on the ground, what does it look like? All behind Ming brother. Go, kneel neatly in a row, don't affect Brother Ming's sight while eating!"

ah?

Kneeling in a row? Kneeling behind Brother Ming?

Although Ma Shaobai, Wang Jinglong and others were wronged in their hearts, they dared to contradict the angry brother Hao, so they had to crawl behind Xu Ming cautiously, intending to kneel in a row there.

“Forget it.” Xu Ming put down his chopsticks, “I’ve almost finished eating this meal, so let’s do it!”

No. 2 thought that his service was not attentive enough, and continued: “Brother Ming, are you dissatisfied? What dissatisfaction do you say! Do you want to smoke them? I’ll do it right away, don’t bother your palms.”

“Forget it, what should be taught has also been taught, so let’s end this matter.” Xu Ming said, “I’m not so careful, and care about such trivial matters with them.”

“Yes, yes! Brother Ming is generous! – Thank you Brother Ming soon!”

Ma Shaobai and the others immediately gave a respectful voice.

Xu Ming got up and said, “By the way, No. 2. Take me to find a place to live, please be quiet; by the way, I have something to ask you.”

Chapter 103: , Also Give...

Imperial Court.

The absolute quietest inn in the wild city.

Because, the Imperial Court only receives one group of guests at a time.

After the guests came, it was as if they were in the palace, and there were hundreds of royal banquets of mountain and sea delicacies, and thousands of beautiful women and handsome guys were allowed to choose and play. Here, what you can enjoy is no worse than the real palace!

Only one thing – expensive!

At least 10,000 taels of gold a day, not the real local tyrants dare not enter the door.

However, is Xu Ming short of money?

Moreover, No. 2 did not dare to let Xu Ming pay! To him, this expense was just a small amount of money; in order to resolve the conflict between himself and Xu Ming, No. 2 rushed to pay the fee.

In the living room of the Imperial Court, “Sihai Palace”, Xu Ming waved his hand to screen away the left and right maids, looked at No. 2, and asked, “You returned from Feiyun Kingdom to the Wilderness Sect, did you return with Zhao Anhe?”

“No.” No. 2 said, “Master Zhao seems to have some personal business to do, so let the seven of us come back first – what’s the matter, do you have anything to do with him?”

“It’s alright, just ask.” Xu Ming said, “There is nothing else to do, you can go back! There was a little festival between us, and that’s it for now.”

No. 2 was overjoyed: “Thank you, Brother Ming, thank you Brother Ming!”

Xu Ming waved his hand.

In fact, between him and No. 2, there is really not much of a festival.

At first, it was a group of No. 2. They were idle and bored, and followed Zhao Anhe to Feiyun Country for “vacation” and pretending to be X. Just imagine, as No. 2 and the others are arrogant Inner Sect disciples of the Wilderness Sect, going to a small place like Feiyun Country, it is understandable to pretend to be X.

At that time, Xu Ming was in the limelight in Feiyun Kingdom, and he also had a holiday with the First Prince, so he naturally became the best choice for No. 2 and others to pretend to be X.

However, the result of pretending to be X is that Xu Ming has drawn them into stupid X one by one.

And now, it was the second time that No. 2 met Xu Ming, and there was a conflict. But this time, No. 2 was completely lying; he didn't know anything, and his little lover Ma Weibai and her younger brother had unknowingly provoked Xu Ming.

This time, Xu Ming also did not suffer any loss, and also taught the other person to be a man with a slap.

Since it was all a little contradiction, Xu Ming naturally didn't bother to delve into it. After all, he was very tired after hanging up to practice!

Xu Ming pondered: "It seems that Zhao Anhe colluded with the Hidden Killer Sect to ambush and assassinate us. No. 2 they should really be completely unaware..."

Xu Ming specially called No. 2 to come over, mainly to confirm the matter.

"It's fine if you don't know, if you know... hum!" A cold light flashed in Xu Ming's eyes.

The second leaves.

The maids came in again: "Your Majesty, it's getting late, please go back to the bedroom to rest!"

All the services of the Imperial Court are to restore the life of the emperor as authentically as possible. Even the title for the male guest of honor is "Your Majesty".

"it is good!"

Xu Ming walked to the "bedroom" under the stars.

But as soon as he got to the bedroom, he was dumbfounded.

"This... what's the situation?"

Xu Ming was stunned to see that in the huge palace, hundreds of young beauties lined up in a square formation.

The beauties in the house, although they all have one thing in common, “beauty”, but in terms of temperament, they are dazzling and different – there are royal sisters, loli types, cute and cute, noble and glamorous, and a suit. Uniformed, with a book of poetry in their hands...

“This...this...this...”

Even if Xu Ming is now of extraordinary strength, and has an invincible trump card—the plug-in is in his hand, he is no longer the little **** when he first came to another world. But, how has he ever experienced such a scene?

For a time, Xu Ming froze in place, at a loss.

“Please choose your majesty’s concubine tonight!”

When the maid said this, the hundreds of “concubines” who were waiting to be selected, all cast a captivating look at Xu Ming. Their eyes were full of anticipation and longing. , It is still rare to meet such a young and handsome “Your Majesty” Xu Ming, so everyone’s heart is sprouting.

Hundreds of autumn waves were sent at the same time, and no matter how strong Xu Ming’s willpower was, he also appeared in a trance for a moment. In addition, Xu Ming was a little curious, and couldn’t help asking: “Can you choose more than one?”

“As long as Your Majesty likes it, it’s fine even if it’s wet with rain and dew! Our imperial court’s bed can accommodate hundreds of people!”

puff!

Xu Ming almost sprayed out.

Hundreds of people at the same time? That can’t be...

But Xu Ming also had to sigh with emotion. If he were an ordinary man here, he would really sink into this gentle village.

“No need, all retreat!” Xu Ming waved his hand.

The concubines and concubines couldn't help but feel disappointed for a while, and many of them still showed sorrow in their eyes, as if they were regretting missing a “good man” like Xu Ming. However, they did not dare to go against the meaning of “Your Majesty”, and went out one by one in an orderly manner.

Wait until the bedroom is clean.

Xu Ming shook his head and smiled: “Although I'm not a decent gentleman, how can I give my precious first time to these vulgar fans? Even if I give it, I have to give it...”

...

Compared to Xu Ming's sassy and comfortable side, in the Ma family's courtyard, everyone in the Ma family was restless.

The head of the Ma family paced up and down the living room, sometimes sighing, sometimes he couldn't help but raise his cane and stab Ma Shaobai fiercely.

“You, you, you... idiot!”

The head of the Ma family was so angry that his beard was fluttering.

In the past, the Ma family could only be regarded as a small family in the wild city, and it was not much different from the Zhou family next door. Also recently, because of Ma Weibai's good luck and good means, the Ma family “flew into the sky” on the thigh of No. 2. All of a sudden, the family's strength got rid of the Zhou family next door, and even surpassed the Zhou family. The courtyard was swallowed.

Just when the head of the Ma family was smug, planning how to further take advantage of Erhao to revitalize the family, he got such an Erhao – Ma Shaobai got into a big shot!

“Big man?” When the family master Ma first heard the news, he was full of disdain, “How big a man? Go, inform my future son-in-law, and settle it!”

Then, when Patriarch Ma learned the details, he was so frightened that he almost sat on the ground: “What? Even Er Hao bowed and kneeled in front of him, and didn’t dare to put a fart!?”

Is this still great?

The master of the Ma family really wants to beat this rebel to death and give birth to a new one: “You are really capable, even such a big man can offend him!”

“Father...” Ma Shaobai was aggrieved, “He dresses in a rustic way, I just think he’s a little countryman, how did I know he’s so big!”

“You’re still stubborn! You’re still stubborn!” Master Ma was so angry that he picked up his cane and smoked.

“Dad, Daddy!” Ma Wei said whitely, “Don’t blame your brother anymore! Don’t worry, Brother Hao will definitely find a way to help me put this matter down!”

Patriarch Ma glanced at his daughter, sighed heavily, and really stopped fighting.

After all, Ma Weibai, the precious daughter, now has a very high voice in the family, and even his father, the head of the family, should respect her three points. After all, without Ma Weibai, there would be no family today.

“Ma Weibai!”

At this time, a cold drink came from outside the door.

“Brother Hao!” Ma Weibai rushed out immediately.

“Brother-in-law!” Ma Shaobai’s eyes also lit up.

“Oh, my good son-in-law, you are here!” The Ma family head immediately greeted him at the door.

No. 2 stood coldly at the gate and did not go in. When Ma Weibai was about to pounce, he was even more surging with innate profound energy, blocking him.

“Brother Hao? What’s wrong?” Ma Weibai remembered that Brother Hao usually hurts him a lot. Even if she was slapped by Brother Hao in the restaurant just now, she thought it was a bitter trick used by Brother Hao in order to protect herself.

“Don’t call me Brother Hao!” No. 2 said coldly, “I’m here to officially inform you that we’re done here! Don’t come to me in the future.”

Ma Weibai’s face turned pale: “Brother Hao, why Brother Hao?”

The head of the Ma family even said: “Good son-in-law, if Xiaobai does something wrong, I will scold her and beat her. You must not want her! Without you, she will not be able to live!”

“Without me ~www.readwn.com~ will I not be able to live?” No. 2 smiled disdainfully.

He is not a fool, how can he not see that Ma Weibai is sticking to himself, more for his own power, not for himself.

“Okay, the notice is here, I’m leaving!”

“Why!?” Ma Weibai said stubbornly, “Is it because of that brother Ming? What is his origin? Why are you afraid of him!?”

“Yes, it’s because of him! Don’t worry about what’s going on! I’m scared by you, but fortunately, Brother Ming doesn’t have the same knowledge as me; You don’t even know if you’re in it!”

Let go of this sentence, and No. 2 will leave without looking back.

“what?”

Patriarch Ma was stunned for a while, before he swung his cane and smashed it at Ma Shaobai without thinking, as if he was really going to smash him to death: “I’ll kill you! I’ll kill you, you rebellious son! The family business...just This is ruined in your hands! Today, I have to kill you!”

Ma Shaobai held his head and didn't dare to say a word at all.

"Dad, Daddy, stop fighting!" Ma Weibai stopped.

"Get out of the way! Otherwise, I'll beat you together!" Ma Weibai has been abandoned now, how could the Ma family master give her so much face?

...

Outside the Ma family compound, in a corner.

The two Zhou family spies whispered.

"Ma Weibai, seems to have been abandoned by Er Hao?"

"That's right, it seems that it's because he provoked some very powerful people!"

"Quick, go back and report this to the Patriarch!"

"Yes! How dare the Ma family occupy the compound of my Zhou family! Hurry up and report to the head of the family to settle this account as soon as possible!"

There were also several groups of spies hiding in other corners outside the Ma family compound.

Since the Ma family gained power, it has expanded wildly and crushed its former competitors; during this time, there have been many forces that the Ma family has offended...

Chapter 104: , Devil May Cry Gun

The night is cold as a wash, and the moon is like a plate.

Xu Ming screened out all the servants, and the huge “bedroom” suddenly became empty. He put his hands on the window sill and greeted the evening breeze.

“Hey!” Xu Ming sighed softly.

The moon is the hometown of Ming!

After coming to this world for nearly three months, Xu Ming occasionally felt emotional.

But then again, Xu Ming’s life is really pretty cool now.

Just like this imperial court, if he wants to, he can live for a long time. Even, let alone “fake palace enjoyment”, even if it is a real palace, if Xu Ming wants to live, it is not so difficult.

In the eyes of ordinary people, Xu Ming has completely reached the height of “wielding a murdering sword awake and lying on the knees of a beauty drunk”; money, beauty, power... For him, it is at his fingertips!

If you are someone who is greedy for pleasure, when you reach a realm like Xu Ming, I am afraid that you will be too lazy to continue on the road of martial arts.

However, Xu Ming...

“The road to martial arts, are you tired? Don’t you just lie there to eat, eat, sleep, and then level up?”

It’s not too easy to upgrade!

“But... this world is really big!”

As far as Xu Ming knew, the area controlled by the Savage Sect alone was several times larger than the entire earth.

The Wild Wilderness Sect is only a yellow-level force; around the Wilderness Sect, there are other yellow-level forces such as the Hidden Killing Sect, the Mirror Flower Sect, and the Seven Star Sword Sect. What's more, above the Huang-level forces, there are more mysterious-level forces, earth-level forces, and even heaven-level forces!

Xu Ming does not know how vast this world is, and neither does Gu Hanmo; I am afraid that even the Sect Master of the Wilderness Sect will not know either.

“Since I came to another world with such an awesome plug-in, I should at least walk around this world? A journey of a thousand miles begins with a single step, then—first go through the level 2 artifact store and arm yourself! ”

As soon as he said it, Xu Ming stopped staring at the moon on the windowsill in a daze, but sat down and strolled around the artifact store.

The artifact store has been upgraded to level 2, and all treasures that can be purchased with level 2 hanging points—that is, innate-level treasures, are all open!

Innate runes, innate pills, innate materials, innate puppets, innate array plates, low-grade treasures, medium-grade treasures...

Dazzling.

Xu Ming flipped through the level 2 treasures a little, and the only thought in his heart was—missing! money! what!

Originally, Xu Ming had four thousand level 2 hanging points around his waist, and he felt a little rich. However, when he saw the upgraded artifact store, he immediately knew that he was still far away from poverty alleviation!

There are so many treasures to buy!

There are only 4,000 level 2 hanging points in the district, and you can't buy a few items at all!

“Middle-grade treasure: God of War suit? After wearing it, it can directly cross a small realm and crush it? This is a bully!”

The more a small realm is crushed, that is to say, after the ordinary innate early stage warrior wears it, it can directly crush the innate middle stage. If Xu Ming wears it, his combat power will definitely soar directly.

Good or good, but Xu Ming took a look at the price: “I’ll go, 3,000 level 2 hanging points? So expensive!?”

Is it expensive?

Actually not expensive.

This complete set of God of War suits, from head to toe, from inside to outside, is composed of more than ten pieces such as weapons, armor, inner armor, helmets, boots, knee pads, heart protection goggles, etc.; even the teeth, also consider the wearer It may be necessary to bite in an emergency, so a pair of golden braces is specially equipped to ensure that when it bites, it will be fiercer than a dog!

These more than ten pieces, each of which is the best among the middle-grade treasures; more than ten kinds of equipment are equipped at the same time, and there are special enhancements. So, is it expensive?

It’s not expensive!

But Xu Ming can’t afford it!

“Nima, I only have 4,000 hanging points in total. If I spend 3,000 here, should I buy other treasures?”

Just skip this flashy God of War suit.

“However, as for the weapon, I really should change it!”

Although the long spear Xu Ming is using now is the best among ordinary iron, it is obviously unable to keep up with Xu Ming's needs. Even, because of the practice of the unicorn arm, Xu Ming felt that even with his bare hands, he was not much weaker than holding a weapon.

Therefore, it is time for Xu Ming to change to a good gun.

In the weapons category and spear category, Xu Ming clicked on the "Medium-grade Treasures" level and selected them.

Flower Shadow Spear – The spear head is extremely fast, and it can be dazzling when you dance at will; when used by spear masters, the spear shadows are all over the sky, and there is no way to prevent it!

"Not bad! But...it doesn't seem to suit my style!" Xu Ming thought for a while, and he didn't seem to have won the fight with such subtle moves before, but by forcefully crushing his opponent.

"Look at it for another shot!"

Heavy Profound Spear – The power explodes on the watch, a spear stabs through it, like a sledgehammer, the enemy can't stop it at all.

"This is too heavy!"

A dozen guns look down.

"Devil May Cry Gun? It's a good name, it's a bit of an X!" Xu Ming continued to read, "A spear that is relatively balanced in all aspects, and can disturb the opponent's spirit when attacking – hey, disturbing the opponent's spirit? This is good!"

What weapon can best cooperate with Xu Ming who is on the hook?

Undoubtedly, the weapon with its own "vulgar" attributes is the best – such as this Devil May Cry gun, when fighting, it will consciously help the master to harass the opponent's spirit, it is a small and obscene long gun .

“That’s it!” Xu Ming looked at the price, “Yo~www.readwn.com~ Two hundred and fifty hanging points? Even the price is so obscene! Well, I like it!”

I bought this Devil May Cry gun directly, and Xu Ming took it out and played with it for a while, feeling quite satisfied, so he put it back into Na Jie.

“Second-level attribute stone?”

There are still only three secondary attribute stones: Strength, Agility, and Wisdom.

Each attribute stone is limited to 1,000 pieces! After all are used up, the added attributes are equivalent to all the attributes of the warriors who have just entered the Pill Condensation Realm!

“Nima, one 100-level 2 hanging point!” Xu Ming looked at his shabby hanging point, obviously he couldn’t buy a few.

“Although the attribute stone is good, for me now, the price/performance ratio is a bit low! – Let’s look at other things!”

Xu Ming’s eyes swept away.

Quickly eliminate those treasures that are not cost-effective enough.

There are also some treasures, and the price/performance ratio is good. Xu Ming likes it, but he is too shy, so he can only put it away first, and then make a choice after visiting the artifact store.

“Huh? “The Body of the Holy Beast”?”

When Xu Ming scanned the classification of secret skills, he saw the first layer of this set of heaven-level secret skills.

The whole set of “The Body of the Holy Beast” is composed of five parts: Qinglong, White Tiger, Suzaku, Xuanwu and Qilin. The “Kirin Arm” that Xu Ming bought when he was buying at Leapfrog was one of the five parts.

“have a look!”

Whether or not to buy other parts of the first floor, Xu Ming has to read it before deciding. But now, Xu Ming really seems to know, in this set of secret skills, what is the part corresponding to Xuanwu?

Xu Ming opened it and looked at it.

Qinglong Body: After the completion, you can have a powerful body comparable to the divine beast Qinglong, which greatly enhances the body’s defense. This is the first tier “Second Learning Edition”, priced at 200 points and level 2 hanging points.

Suzaku’s Blood: After he is completed, he can have a strong resilience comparable to the divine beast Suzaku. This is the first tier “Second Learning Edition”, priced at 200 points and level 2 hanging points.

Xuanwu...

Chapter 105: , Soaring Strength

Xuanwu Soul: After the completion, you can have a powerful soul defense comparable to the divine beast Xuanwu, which greatly enhances the spiritual defense; and can use the spiritual power to form a layer of “tortoise defense” on the body surface to enhance the physical defense. This is the first tier “Second Learning Edition”, priced at 200 points and level 2 hanging points.

White Tiger Head: After the completion, it can have a powerful soul attack comparable to the divine beast White Tiger, which greatly enhances the spiritual attack power; and has a certain bonus to agility and speed. This is the first tier “Second Learning Edition”, priced at 200 points and level 2 hanging points.

Xu Ming studied the first layer of “The Body of the Holy Beast” for a long time, and finally made up his mind: “I bought it!”

Xu Ming had already felt the power of the “unicorn arm”; he believed that the other four parts of this set of heaven-level secret skills should not disappoint him!

As long as you have learned the first level of “The Body of the Holy Beast”, then you will get all-round improvements in physical strength, physical defense, mental attack, mental defense, resilience, and speed, which is equivalent to a direct cultivation base. up a grade.

Moreover, as a heaven-level secret skill, “The Body of the Holy Beast” not only has a significant increase in strength now, but also has a strong developability.

Of course, the most important thing is that “The Body of the Holy Beast” is very cost-effective! The first floor is all added up, and it is only one thousand 2-level hanging points, which is completely within Xu Ming’s tolerance range.

“purchase!”

After buying the Azure Dragon Body, White Tiger Head, Suzaku Blood, and Xuanwu Soul, Xu Ming felt that a lot of information was forced into his mind, all about the use of secret skills.

Immediately afterwards, the first thing Xu Ming felt was that the mental power in his mind suddenly swelled in a large circle, and his thoughts suddenly became extremely sharp and clear; even the world seemed to slow down in his eyes.

Only then did Xu Ming realize that his physical body had also strengthened a bit.

The blood in the body also felt hot and boiling – Xu Ming knew that this was because a trace of the artistic conception of “Suzaku bathing in fire” had already been integrated into his blood.

Mighty body!

Powerful spirit!

Powerful recovery!

Based on these alone, even if Xu Ming does not use plug-ins, it is enough to leapfrog and fight!

“I really want to find someone to slap in the face, so I can try the power of the body of a holy beast!” Xu Ming geared up.

But in the middle of the night, there was obviously no place to find someone to slap in the face. Xu Ming had no choice but to calm down his restless desire to fight and continue browsing the artifact store with peace of mind.

“Huh? Essence of mystery?”

Seeing the Essence Mystery Technique, Xu Ming suddenly thought that although he already has a strong mental power, the means of using mental power seems to be very superficial!

Light has a strong mental power, but does not know how to use it, isn't it a waste of time?

In the end, Xu Ming chose a mysterious method called “Storm” among the fine and mysterious methods.

“Uh, I've even learned the essence and mystery, so should I also have a set of marksmanship?”

Xu Ming had never learned any powerful marksmanship.

As a result, even if he fought a perfect battle, all he could do were some basic moves in marksmanship—perfection was indeed flawless, but he couldn't bring out any killer moves.

If Xu Ming is only training outside and inside, then it doesn't matter if he doesn't learn marksmanship. Because the marksmanship of the external training and internal training level were only some basic marksmanship; whether Xu Ming learned it or not, after a perfect battle, the difference in strength was not big.

However, the innate-level marksmanship is different!

Innate-level marksmanship will incorporate innate profound energy, realm and other aspects into the spear through special methods, thereby bursting out a powerful formidable power.

For example, in “Exploding Spear Technique”, where the spear reaches, the spear head will explode with profound energy, and its lethality is astonishing; another example is “One Line of Heaven”, where the spear is pierced, and a special penetrating effect will be attached – and these special

marksmanship, if Xu Ming had never learned it, so even if a perfect battle was launched, it was obviously impossible to perform it.

“You also need a set of marksmanship!”

Xu Ming originally thought to buy a set of the first level of the sky-level marksmanship, but after looking at it, the sky-level marksmanship did not seem to suit him. In the end, he had to choose a more suitable Xuan-level marksmanship – “Ripple Spear” .

After picking out a few more treasures, Xu Ming finally focused on the realm.

“Heaven and man are one...”

A thousand hanging points, a little expensive!

However, the realm is an ethereal thing. If you comprehend slowly by yourself, you can comprehend it without knowing the year of the monkey and the month of the horse...

Xu Ming gritted his teeth: “I bought it!”

One thousand 2 hanging points smashed down.

Immediately, Xu Ming felt that he seemed to melt into the heaven and earth.

Originally, even if Xu Ming started a perfect battle, he could only vaguely feel a sense of intimacy that came from the nature of heaven and earth. Although it is very friendly, it has no other substantial effect except the disappearance of air resistance.

but now!

However, Xu Ming melted into the natural world. Every move he made at will, was actually boosted by the power of nature.

For him, the realm is no longer just an exquisite move, but a real power!

Xu Ming felt it carefully.

It seems that no matter what you want to do, heaven and earth will naturally help you.

If you want to walk, you only need to lift your foot, and there will be an invisible force that makes your steps extremely light.

If you want to punch yourself, the fist will be wrapped with a layer of natural power, and the power will increase greatly.

In short, no matter what you think, the nature of heaven and earth will give you power!

“It turns out... this is the feeling of the unity of nature and man, the natural communication between heaven and earth!” Xu Ming secretly marveled, “It really is powerful! No wonder Gu Hanmo relies on the realm of the unity of nature and man~www.readwn.com~ to be able to cultivate at the mid-innate level, It is comparable to the late congenital!”

“It’s just... I don’t know if there is any stronger realm beyond the unity of heaven and man?”

After buying and buying for a while, the 4,000 level 2 hanging points on Xu Ming’s body suddenly shrunk to 1,000...

“It’s easy to spend money and it’s hard to make money!”

There are only 1,000 hanging points left, so Xu Ming can save some money; because for the time being, Xu Ming has not figured out how to earn the hanging points.

Fortunately, Xu Ming is not under a lot of pressure at the moment, so he doesn’t need to rush to earn points.

“Go to sleep first!”

With soaring strength, Xu Ming happily prepared to take a good sleep.

“and many more!”

Suddenly, Xu Ming remembered that there was another thing he had forgotten.

“Dao Demon Bead!”

Xu Ming took out this inconspicuous black bead and remembered the information he had found: the realm of the unity of nature and man can be absorbed and used, which has great benefits, but also has no small risks.

Great benefit?

Not a small risk?

“Xiao Hang, help me investigate in detail!”

The exploration function is actually divided into several levels. The more detailed the information detected, the more hanging points are consumed.

“This in-depth exploration requires 32 levels of hanging points. Do you want to explore?”

Thirty-two hanging points, converted into gold, is three million taels, which is really expensive!

“Explore!”

Xu Ming didn't dare to use it casually without determining what “great benefits” and “no small risks” were.

“Exploration completed! Dao Demon Orb: A special treasure produced in the Demon Realm of Seeking Dao. The host can absorb it and use it. After absorbing it, you will get the ‘magic evil spirit’, and there is no risk when absorbing it!”

No risk! ?

Xu Ming was startled.

Didn't it say that there is a lot of risk? There is no risk, why do I want you to investigate in detail!

Chapter 106: , Does Anyone Have An Itchy Face?

Immediately, Xu Ming got the answer.

“Devil's Qi: A special evil spirit unique to the Dao Demon Domain. After absorbing it, the spiritual attack will contain the evil spirit effect! If the absorption fails, it will be eroded by the evil spirit. The host's current mental power is strong enough, and there is no risk of evil spirit erosion!”

“So it is!” Xu Ming was stunned, “It turns out that whether there is a risk has a lot to do with mental strength.”

During the day, Xu Ming's mental power was only at the level of ordinary innate early stage.

But now, Xu Ming has not only cultivated the entire first level of “The Body of the Holy Beast”, but his spiritual power has been greatly improved; he has also realized the realm of “harmony between man and nature”, and his spiritual will is protected by the natural protection of heaven and earth.

It is no wonder that during the day, the investigation results prompted Xu Ming to say that there was no small risk, and now he changed his mind and said that there was no risk at all – the Dao Demon Bead is still the Dao Demon Bead, but Xu Ming is no longer the Xu Ming in the daytime.

“Since there is no risk, let's try to absorb the evil spirits in here!”

Xu Ming sat cross-legged, arousing innate profound energy, lingering around the black Dao Demon Orb.

The Dao Demon Bead was held by the congenital profound energy and slowly rose, level with Xu Ming's Niwan Palace.

A trace of black demonic energy, under the agitation of the innate profound energy, seeped out from the Dao Demon Bead and led to Xu Ming's Niwan Palace – also the spiritual sea.

hiss-

The first trace of evil spirits that entered Xu Ming's spiritual sea was like a bear child who broke into a clean and tidy room.

The first reaction of this “bear boy” is – destruction! destroy! destroy!

The demonic suffocation was very excited and went to the depths of Xu Ming's spiritual sea.

Bang!

Xu Ming's spiritual sea felt some very subtle shocks, and then, there was no more.

The devilish energy that first entered the spiritual sea was directly swallowed and refined by Xu Ming's spiritual sea.

After confirming that this demonic energy was no threat to him, Xu Ming also accelerated his absorption.

...

The next day, Xu Ming went to other places in Wild City that he had never been to before.

When they went out, the “harem beauties” in the imperial court were eagerly looking forward to Xu Ming taking them out to play; in this way, they could take the opportunity to pick up some valuables and come back. However, how could Xu Ming take them out.

While wandering around, Xu Ming received a message from Gu Hanmo: “Is it still a habit to live in the wild city?”

“Uh... habit, habit!” Xu Ming continued.

For some reason, Xu Ming couldn't help feeling a little guilty when he heard Gu Hanmo ask, "Have you gotten used to it?"

"If Gu Hanmo finds out that I live in the imperial court, I wonder if she will be so angry that she ignores me..." Xu Ming felt a guilty conscience of "carrying his mother-in-law outside to steal fishy", "Even if I was last night I slept alone, but who would believe it? Would Gu Hanmo believe it?"

Yes, who would believe it!

A vigorous young man slept all night in Huadu, you said nothing happened?

Ha ha!

But Xu Ming was wronged – I really didn't have anything happened!

At this moment, Xu Ming couldn't help scolding No. 2 – I was just looking for a quiet place to live, why did you take me to the Imperial Court! If Gu Hanmo misunderstood this, he would not be able to wash it out if he jumped into the Yellow River!

Immediately, Xu Ming thought in horror: "Isn't No. 2 a scheming bitch? First, I deliberately arranged for me to live in the Imperial Court, and then went to Gu Hanmo to report me?"

Thinking about it, Xu Ming really broke down in a cold sweat.

"Damn it, if he was so rectified by him, then I really want to cry but have no tears!"

If No. 2 knew what Xu Ming was thinking at this time, he would definitely be very heartbroken.

What do you mean by treating a kind heart as a donkey's liver and lungs?

What is the heart of a villain and the belly of a gentleman?

What is fluttering on the horse's leg?

No. 2, it's really not as despicable as Xu Ming thought! He just expressed his respect for Xu Ming with the highest reception standards.

"Hey, what's wrong with you? Why do you feel a little strange?" Gu Hanmo messaged again.

Xu Ming was so shocked that cold sweat broke out, thinking that a woman's sixth sense is really terrible, he was just a little stunned, and Gu Hanmo over there had already smelled something abnormal.

"Should I confess to her? Fight for leniency..." Xu Ming thought wildly.

bah bah bah!

To be honest, I didn't do anything wrong! I am not afraid of shadows!

"It's alright!" Xu Mingqiang calmed down and changed the subject, "By the way, you said you were entangled by the Liang family, are you alright? Do you need my help?"

help?

Gu Hanmo smiled bitterly: "How can you help!"

Can't help?

Xu Ming didn't know what trouble Gu Hanmo encountered, but if the murder could be solved, Xu Ming felt that he should hopefully be able to help.

After all, with Xu Ming's current strength, if the plug-in is madly opened, it can even threaten the Pill Condensation Realm!

There was a tacit silence on both sides.

Gu Hanmo said: “The ‘Shanmen Pass’ of the Wilderness Sect will open in three days!”

Xu Ming’s eyes lit up: “Shanmenguan, is it finally going to open?”

In the wild sect, no idlers should enter.

If you want to enter the Wilderness Sect, you must first pass through the mountain gate. This is a rule passed down by the Wilderness Sect for countless years, and even Gu Hanmo dare not break it.
UU reading www.uukanshu.com

However, the mountain gate is not open when you want to.

Every year, the mountain gate is only opened once. To put it bluntly, it is the way the Wilderness Sect recruits new disciples.

If you pass all the gates, you are a disciple of the inner sect; if you pass half of it, you are a disciple of the outer sect. If you can’t pass... I’m sorry, you are not qualified to enter the Wilderness Sect, come back next year!

“Yes.” Gu Hanmo replied, “The approximate time for the opening of Shanmen Pass is around this time of the year; however, because countries have a long way to go to the Wilderness Sect, the specific opening time is usually when the geniuses from all countries are almost gathered together. Now, the geniuses from all over the world have arrived, and the time for the opening of the mountain gate has been set.”

“Um!”

These, Xu Ming has long known.

The Wilderness Sect recruits new disciples, and naturally recruits them for the entire Wilderness Sect area. Every time the mountain gate is opened, the top geniuses of hundreds of countries, as well as the geniuses of the wild city, will go to try it.

If you can pass all the gates of the mountain and become a disciple of the inner sect of the Wilderness Sect, then you will really fly into the sky.

Unfortunately, even being a disciple of the outer sect, in the eyes of many geniuses, it would be better than being a top genius elsewhere.

“Since you are entangled in people and it is not convenient for you to go down the mountain, then you should wait in the Wilderness Sect. After three days, I will be here!” Xu Ming said.

Xu Ming naturally had no pressure at all to pass through the mountain gate.

If even Xu Ming couldn't get through, then the Wilderness Sect wouldn't be able to recruit a single disciple.

“Yeah!” Of course Gu Hanmo also believed in Xu Ming's strength, but he still reminded him, “But you should also be careful. I'm afraid that when you break through the mountain gate, someone will deliberately trouble you.”

“Did you bother me on purpose?”

Xu Ming's strength soared last night, and his hands were itching.

I don't know, does anyone have itchy faces?

Chapter 107: , Xu Ming Of Feiyun Country?

The Wilderness City was built next to the Wilderness Sect.

In fact, when the Wilderness Sect first moved here, there was no city at the foot of the mountain.

However, because of the strength of the Wilderness Sect, many people came to vote for it. In addition, the Wilderness Sect itself really needed a nearby city to facilitate life. So over time, there will be today's prosperous wild city.

At the foot of the wild mountain, thousands of warriors have gathered.

Of course, these warriors are not all here to break through the “Shanmen Pass”.

If you want to break through the mountain gate, you must be under the age of 20, and your cultivation must at least be accomplished through internal practice.

At this time, among the thousands of warriors at the foot of the mountain, there are probably only a thousand people who meet this condition. Other more warriors either came to “accompany the test” or came to watch.

“Blessed are you tourists who come to Wilderness City, just in time for the grand event of breaking through the mountain gate!” Wilderness City is the core of the entire Wilderness Sect area, and naturally many people will come here for sightseeing. . At this moment, a thin and weak tour guide was holding a small red flag and shouted loudly, “You can see the geniuses in the central area! They are all the most talented geniuses in the entire Wilderness Sect!—Hey Hey, auntie, what are you kneeling in the direction of those geniuses!?”

The tour guide was also stunned. He had never met such a tourist before – seeing a bunch of geniuses from a distance, he actually knelt down and kowtowed?

The aunt ignored the tour guide, but solemnly made three kneels and nine kowtows, and finally stood up and said shyly: “Kneel and kneel, touch the aura of these geniuses, go back and bring these auras to my family. Brave boy!”

The tour guides and other tourists were all stunned when they heard it – it’s a good way!

Get some aura and talent of a genius, and then take it home, you can’t guarantee that the baby in the family will become a genius in the future!

Immediately, there were uncles and aunts kneeling down, and like the aunts before, they knelt three times and nine times.

While kneeling, some uncles and aunts still recited something in their mouths: “Bless the genius! Bless my second dog when he grows up, he can also come to this gate...”

The tour guide didn’t kneel, but his eyes were twitching, and he wondered whether it was necessary to open a “Shanmengan Worship Line” in the coming year to fool those uncles and aunts to worship, and then charge a high price!

As for the worship of geniuses, will it work?

The tour guide just wanted to say: “Nima! If it works, I can’t afford to kneel at the foot of the wild mountain, and I will eat and drink here! If it works, I still need to be a small tour guide?”

Xu Ming happened to pass by these strange people, and looked at the uncle and aunt who were kneeling on the ground in horror: “The current uncle and aunt are really good at playing...”

Through the crowd, various voices came.

“I heard from my grandfather that this mountain was not called Wilderness Mountain before the Wilderness Sect moved here! I forgot what it was called, but it was renamed later...”

The person next to him asked, “Didn’t your grandfather die long ago?”

“Yes, my grandfather died when he was eight years old!”

“Your grandfather died when he was eight years old?...” The person next to him was thoughtful, but he couldn’t figure it out after thinking for a long time.

...

“Hey, front, please don’t stretch your neck so long, okay? If you block it like this, I can’t see it...”

“Melon seeds and peanuts, watermelon ice water!”

...

“Stop! Only the warriors who break through the mountain gate can enter, and no idlers can enter!”

When Xu Ming was about to walk there, a handyman disciple of the Wilderness Sect stopped him.

“I’m here to break through the mountain gate.”

“Oh...” The handyman disciple didn’t ask much, and let him go. He didn’t worry about any trouble, anyway, as long as he entered this area, he had to go through the mountain gate; whoever pretended to go through the mountain gate and sneaked in would be miserable when he was discovered.

Xu Ming was about to walk in—

“Ming... Brother Ming!” Suddenly, a slightly familiar voice sounded behind him.

someone calling me?

Xu Ming turned his head, but saw Ma Weibai.

Beside Ma Weibai, there were also Ma Shaobai and Ma Jiazhu.

At this time, Ma Weibai, Ma Shaobai, and the Ma family head were all described as haggard, and if they weren’t familiar with them, it would be difficult to recognize them.

“Anything?” Xu Ming frowned slightly.

“Ming... Brother Ming.” Ma Weibai stepped forward and said, “My brother and I are here to ask for your forgiveness!”

Master Ma also hurriedly stepped forward, cupped his hands and said apologetically, “Young Master Ming! These two disobedient things accidentally offended Master Ming; please also ask Master Ming to take a lot, don’t care about them in general!”

General calculation?

Xu Ming was speechless – when did I ever bother with them? After the slap was over that day, I never bothered them, so why bother?

“I forgive you, is there anything else?”

“Really? Brother Ming, have you forgiven us?” Ma Weibai said in surprise, “That’s great, Brother Ming, please tell Brother Hao for your help and say that you have forgiven us and ask him not to Take care of me, okay?”

“What, what?” Xu Ming was speechless, “I’ve already forgiven you, Naer Hao ignores you, I don’t think I can handle it?”

“Brother Ming, but because of you, Brother Hao ignored me!” Ma Weibai said aggrieved.

Xu Ming now understands that Ma Weibai came to beg him today because he wanted him to go out and help her repair her relationship with No. 2.

“But, what does this have to do with me? I didn’t let No. 2 ignore you...” Xu Ming said.

“Why is it none of your business?” Ma Weibai’s unruly temper came up again, “If it wasn’t for you, why would Er Hao ignore me?”

Xu Ming glanced sideways: “Then you mean to blame me?”

After speaking, without waiting for Ma Weibai’s reaction, he turned around and walked into the “Carriage Area”.

“You... you stop!” Ma Weibai yelled angrily.

After Ma Weibai knew about Xu Ming’s identity and origin, he was sure that Xu Ming would definitely come to the mountain gate. Therefore, she specially brought her younger brother and father together, and came here early in the morning to squat.

After squatting for a while~www.readwn.com~ finally got Xu Ming to squat, but before he said a word, Xu Ming didn’t let them go. This made Ma Weibai cry out in anger.

The head of the Ma family watched Xu Ming leave, his face ashen: “It’s over, our Ma family is over! If Xu Ming refuses to help to convince Er Hao and make Er Hao change his mind about you, our Ma family is really over!”

When Ma Weibai approached Er Hao, the Ma family thought that they had a big thick leg firmly in their arms, so they were eager to expand, and they offended many forces.

With Er Hao's backing, those forces did not dare to do anything to the Ma family. But since Ma Weibai was abandoned by Er Hao, the revenge of those families has come!

"It's over... Our Ma family is over..." Ma Wei looked mad and disheartened, "It's all Xu Ming! It's all Xu Ming, ruining our entire Ma family!"

However, what about the upcoming decline of the Ma family, what about Xu Mingbird?

Xu Ming slapped a few times just because Ma Shaobai and others were aggressive. Besides, he didn't do anything else.

The Ma family will have today, and Xu Ming cannot be blamed at all; to blame, they can only be blamed for their misbehavior on weekdays, and now they are killing themselves.

"Xu Ming!" Ma Weibai stared at Xu Ming's back viciously, "My mother curses you, you fell and fell to your death when you were breaking through the mountain gate!"

A young man who happened to be hiding under a green robe passed by: "Xu Ming?—Xu Ming of Feiyun Country?"

The blue-robed man's tone was flat, but for some unknown reason, Ma Weibai, Ma Shaobai, and the Ma family shuddered involuntarily.

Even the unreasonable Ma Weibai was honest at this time: "Yes, it's him!"

"It's really fate, I didn't expect that if you just go out for a walk, you can meet it!" The narrow eyes hidden under the green robe flashed a sneer, "Since we met, let's play with you!"

Chapter 108: , Talent Gathering

Xu Ming came late.

When he arrived, there was only one stick of incense left until the start of Climbing the Mountain Gate. Other geniuses have already arrived and are ready.

“In the entire Wilderness Sect, more than 80% of the talented young people are already here!”

Seeing the thousands of geniuses on the field, all gearing up to face this gate, Xu Ming secretly muttered: “Don’t you just break through the gate, do you need to be nervous like this?”

Why don’t you break through a mountain gate?

Xu Ming is completely standing and talking without back pain.

He is young, has a high level of cultivation, and has plug-ins. For him, it is basically no different from shopping. Of course, there is no need to be nervous!

But what about others?

Xu Ming’s eyes turned to the ten thousand-step stone staircase that led directly to the top of the mountain. This stone ladder is the “Shanmen Pass”!

Usually, stone ladders are just ordinary stone ladders.

When a foreign country invades, the stone ladder will become part of the Protector’s Great Array.

When the mountain gate was opened, the stone ladder was the place for the assessment.

After walking the ten-thousand-step stone ladder and reaching the top of the barren mountain, you can become a disciple of the inner sect!

After walking the three thousand stone stairs and reaching the middle of the mountain, you can become a disciple of the Outer Sect!

If you can't even finish the three thousand steps... then you can only welcome you to come again next year.

At this time, the geniuses in the field have been automatically divided into two areas.

In an area, close to the stone ladder at the foot of the mountain, there are only sixty or seventy people. However, these 60 or 70 people are all innately cultivated; if there is no accident, they should all become disciples of the inner sect.

In the other area, there are thousands of people, all of them have completed internal training and semi-innate cultivation. Among these people, it is already very good to have a dozen or so disciples of the inner sect.

Now Xu Ming hesitated: "Which area should I go to?"

In terms of strength, Xu Ming is undoubtedly the number one among all the geniuses!

However, Xu Ming's exercise method is special, and there is no innate profound energy fluctuation in his body; if he stands with innate geniuses, it is inevitable to have a high-profile "chicken standing in a group of cranes".

After thinking for a while: "It's better to be a gangster in the back area! Anyway, it's not about who can run faster than the other, just to see who can walk higher."

However, Xu Ming had just plunged into the crowded area when he heard someone call his name again.

"Hey? Isn't this Xu Ming?"

I go! Why is someone calling me again? I'm here, are there so many acquaintances?

Xu Ming looked in the direction where the voice came from, but saw three unimpressive faces coming towards him.

"Who are you?" Xu Ming asked.

“It’s normal that Brother Xu Ming doesn’t have an impression of us, but we are very impressed with Brother Xu Ming!” The gentle and polite young man in the middle clasped his fists, “I still remember Brother Xu Ming’s performance in the birthday battle. Look at it!”

Birthday battle?

Xu Ming tried his best to recall: “Are you from Feiyun Wuge?”

“Haha! That’s great, it seems that Brother Xu Ming still has a little impression of us!” The gentle and graceful young man joked, “Introduce yourself: Feiyun Wuge, Yuxuan!”

Another man and woman also said:

“Ji Chunrui.”

“Sun Haoran.”

Xu Ming smiled awkwardly: “I’ve heard of your names; however, I’ve never had the chance to get to know them.”

“Failure, failure!” Yu Xuan exclaimed exaggeratedly, “The three of us are all the top three geniuses in Feiyun Martial Pavilion; I didn’t expect Brother Xu Ming to have only heard of us, and have no idea what we look like. Sample!”

“Haha!” Ji Chunrui and Sun Haoran also laughed.

When Xu Ming and Yuxuan met at the foot of this wild mountain, it was considered that they met fellow villagers in a foreign country, and they were naturally cordial. In addition, there is no arrogance in the three of them, so after a few words, Xu Ming also chatted happily.

“Brother Xu Ming, what about you people from the Wild Martial Mansion? Why did I only see you until now?” Sun Haoran asked curiously.

“Yue Jian and the others are not coming!” Xu Ming said.

The geniuses like Yue Jian, after listening to Gu Hanmo's words before, felt that instead of going to the Wilderness Sect to be a disciple of a foreign sect, it would be better to travel around the world to find opportunities! So, very consistently, none of them came.

In the entire Feiyun Nation's wild martial mansion, only Xu Ming came alone.

As for Xu Ming, he made it clear that he was going to crush the geniuses of the Inner Sect of the Wilderness Sect.

"By the way, Xu Ming, why are you standing in our area?" Ji Chunrui continued, "You should go to the area in front, so that you can be the first to climb the ten-thousand-step stone ladder!"

"Is there a reward for the first one to reach the top?" Xu Ming asked.

"Reward? No... But if you become the first one to reach the top among all the geniuses in the entire Wilderness Sect area, how majestic it will be!"

"Prestige?" Xu Ming smiled and shook his head, "Forget it, I'm not interested."

The chat on Xu Ming's side aroused the disdain of other geniuses around him.

"Yo? He still wants to be the first to reach the top just because of his cultivation level that he didn't even reach innately?"

"Which small country did you come from? Haven't you come out before, and then you have a good talent in your own small country, so you think you are invincible in the world?"

"Haha! You guys are so funny, you made me laugh to death!"

Ji Chunrui was not weak, took a step forward and said proudly: "Feiyun Kingdom! Have you heard of it!"

Flying Cloud Country...

To be honest, it's really just a small country.

Those powerful countries usually have Pill Condensation masters in charge!

Not only did Feiyun Kingdom have no masters of condensing pills, but its territory was not large, so it was naturally a well-deserved small country.

However, the geniuses present today heard the three words "Feiyun Kingdom", but no one dared to laugh at them, but asked in surprise, "You guys...are from Feiyun Kingdom? Is this...is Xu Ming? ?"

"Exactly!" The three of Yuxuan shouted in unison, not to mention how arrogant they were.

"It's really Xu Ming!"

Many geniuses couldn't help but take a deep breath, and at the same time they cast awe-inspiring eyes at Xu Ming~www.readwn.com~ Palm God" Xu Ming's prestige is not limited to Feiyun domestic!

Even the top geniuses of these other countries have heard the legend of Xu Ming madly slaughtering the inner sect disciples of the Wilderness Sect.

The palm god, Xu Ming, is truly famous all over the world!

After learning that the young man in front of him was Xu Ming, all the geniuses pushed him forward in awe, to the area close to the ten-thousand-step stone ladder – this is the palm **** Xu Ming, why? Can stand in the back area? Of course, we have to go to the front to compete for the first summit!

The appearance of Xu Ming also attracted the attention of the innate geniuses in the front area.

"Who is this?"

"How dare you come to our side if you haven't arrived before God?"

These innate geniuses are all very cold. Some of them even look down on the geniuses who are not born in the back.

“It seems... it’s Xu Ming!”

“Xu Ming? The legendary Xu Ming who made a row of inner disciples dare not say a word?”

“Is he the palm ***** Xu Ming?” Song Jiahan from Martial God Kingdom looked over curiously.

The Kingdom of Martial God is a very tyrannical country, and there are several masters of the Pill Condensation Realm in charge!

Any place in the Martial God Kingdom is stronger than the entire Feiyun Kingdom!

This talented beauty, Song Jiahan, is the most outstanding genius in the kingdom of Wushen.

“Palm God?” The handsome young man beside Song Jiahan was disdainful, “Didn’t you just pick a few disciples from the inner sect? Could it be that I can’t do it?”

“Luo Feng...” Song Jiahan glanced helplessly.

Luo Feng, the first genius of the Martial God Kingdom! The talent is extremely high, and he also has a urination – that is, he refuses to accept people who are more talented than him.

“Hmph, I’m going to meet Xu Ming!”

“really!”

Song Jiahan was speechless, and Luo Feng’s old problem of fighting for strength and winning has committed again.

Moreover, he was already terminally ill, and he couldn’t stop him.

Chapter 109: , Break Through The Mountain Gate

“Old Chen, if you can stop him, go and persuade him!” Song Jiahan said to the old-fashioned young man beside him.

“If you don’t go, let him suffer!”

Song Jiahan, Luo Feng, and the old-fashioned young Chen Wansong, the three most talented people in the Martial God Kingdom, have all entered the middle stage of the innate.

Among the three, Luo Feng is the youngest and the most talented.

“Are you Xu Ming?” Luo Feng walked up to Xu Ming with his nostrils turned upside down, and the word “provocation” was almost written on his face.

What’s the matter! ?

Xu Ming just wanted to go through a mountain gate quietly, why did he encounter a situation along the way!

Who is this arrogant young man in front of him? This girl ran over with an arrogant face, did she want to be slapped in the face, or did she want to slap me in the face?

Could it be that you want to be famous through me?

“It’s true that people are afraid of being famous and pigs are afraid of being strong...”

“I am! What’s the matter with you, kid?” Xu Ming smiled deliberately.

Sure enough, Luo Feng’s face turned blue when he heard it – kid?

Luo Feng is just a little short, but his age is actually similar to Xu Ming, and he is definitely not a child.

At least he couldn't be called a child by Xu Ming.

"I..." Luo Feng was looking for him aggressively, but Xu Ming's words "children" made him lose his momentum.

After being embarrassed for a while, Luo Feng said: "I heard that your slap has swept away many inner sect disciples of the Wilderness Sect? Is even Erhao one of them?"

"Really." Xu Ming asked again, "What's the matter with you, little kid?"

It's a kid again!

Luo Feng was so angry that he went berserk: "I want to challenge you!"

"Oh." Xu Ming seemed to have no answer, "Is there anything else?"

"No!" Luo Feng said, "You agreed, right? Let me tell you about the challenge rules..."

"Promise?" Xu Ming bypassed Luo Feng, "I'm not interested in playing with children..."

"You!..." Luo Feng was so angry that he almost rushed to start, but he held back.

"Don't dare to accept my challenge?" Luo Feng sneered, thinking, "This is up to you! I don't believe that you won't break through the mountain gate! Then let me see, is you the first to reach the top, or me? Be the first to reach the top!"

Shanmen Pass will have different levels of difficulty depending on the age of the challenger's bones. Generally, the sooner you pass the mountain gate, the higher the talent.

than talent?

Luo Feng is very confident and will not lose to anyone!

Because he has grown up and has never seen a talent better than him! Even the Inner Sect disciples of the Wilderness Sect were dismissive in his eyes.

“Xu Ming, I hope you can make me feel some pressure!” Luo Feng’s heart was full of the loneliness of a genius.

Xu Ming found a place to stand, and waited for the mountain gate to start.

At this time, Chen Wansong and Song Jiahan walked over with a smile.

“Brother Xu Ming, that kid Luo Feng has such a temper, don’t know him in the same way.” Chen Wansong said with a smile.

“Uh, who are the two of you?” He reached out his hand without hitting the smiling person, and the other party approached Yan Yuese to chat. Of course, Xu Ming would not lose face.

“Chen Wansong and Song Jiahan of the Martial God Kingdom!”

Wushen Kingdom!

Xu Ming was secretly surprised.

The Martial God Kingdom is the largest country in the Wilderness Sect region!

There are more geniuses who came to break through the mountain gate this time in the Martial God Kingdom than in other countries. There are ten innate geniuses alone, and three of them are in the middle stage of the innate.

“Xu Ming!” Song Jiahan said with a mischievous smile, “I’m just curious, how did you slap Fei Erhao without your innate cultivation?”

“Uh...” Xu Ming said modestly, “It wasn’t just a slap in the face – No. 2 also resisted a few moves before being slapped by me...”

“I resisted a few moves...” Song Jiahan and Chen Wansong were speechless.

They really didn’t know whether to call Xu Ming modest or arrogant.

When Er Hao went to Feiyun Kingdom, he was already close to the mid-Xiantian cultivation level. Such a genius was swept away after only resisting a few moves, but Xu Ming still made it seem like a failure...

mountain top.

Above the 10,000-step stone ladder—that is, the end of Shanmenguan.

“Aaaaaaaee!” No. 2 standing here couldn’t help sneezing.

No. 2 looked puzzled: “I am a congenital martial artist, but I still sneeze? Could it be that someone is calling me handsome behind my back?”

At this time, No. 2 saw a figure hidden under the green robe coming, and even bowed: “Elder Liang.”

There are several Liang elders in the Wilderness Sect, and this green-robed man is one of them.

The man in green robe didn’t even look at No. 2, he passed him directly, walked over to Hu Zhenyu, who was in charge of the mountain gate assessment, and said with a grim smile, “Xiao Hu, come here, I have something to tell you. .”

“Yes, Elder Liang!”

...

At the foot of the mountain, thousands of talented warriors have already stood in an orderly manner.

The hour is approaching, and on the ten thousand-step stone staircase that leads directly to the top of the mountain, every step of the stone staircase actually shows a mysterious formation rune.

“Shanmenguan, it’s about to start!”

Xu Ming now understands the realm of the unity of man and nature, and his understanding of the surrounding natural world is naturally very keen. He can feel that every step of the stone ladder at this time contains double oppression on the mind and body; the ten thousand-step stone ladder, the first step is more oppressive than the first!

A disciple of the Inner Sect of the Wilderness Sect stood on the top of the mountain~www.readwn.com~ running his inner strength and shouted: “The gate of the mountain is open! The time limit is two hours!”

Immediately—

Whoosh! Whoosh! Whoosh! ...

The innate geniuses of the first group all rushed towards the ten thousand steps stone ladder.

The sooner you cross the mountain gate, the better your talent will be, and the better your future training will be. These geniuses, of course, have to fight!

“Damn it! What’s the situation?”

Xu Ming only felt that dozens of winds blew past him, and then there was no one around him.

“Is it necessary to be in such a hurry?”

Just as Xu Ming was stunned, the geniuses who had completed their inner training and were half-born behind him had already rushed up.

“Xu Ming, don’t stand there, rush!” Yu Xuan’s voice came from behind.

“Come on!” Sun Haoran also shouted, “If you rush slowly, you will be snatched away first!”

Xu Ming had no idea about competing for the first place, but the other innate warriors had already run out. He was left behind, but stood out from the crowd. Immediately, he no longer hesitated, and let go of his feet and chased after the innate geniuses in front of him—not asking for any first place, but at least not falling behind.

rumbling...

Soon, the army of geniuses who had completed their internal training and were semi-innate also rushed to the ten-thousand-step stone ladder at Shanmenguan.

only...

puff!

puff!

Bang!

...

Some weak inner-training geniuses, just standing on the first stone ladder, were caught off guard by the gravity formation and spiritual attack on the stone ladder. Kneeling on the stone ladder.

The ten-thousand-step stone ladder is more than ten feet wide, but because of the obstacles of these geniuses, it also caused a “traffic jam”.

“A bunch of idiots!” A genius scolded, “How dare you rush so fast without strength? It’s just courting death!”

Chapter 110: , The Sky Is High And The Earth Is Thick

Mountain Gate Pass, the ten thousand stone stairs, the higher you go, the more terrifying the oppression.

but!

This does not mean that the first step stone ladder is completely useless.

On the contrary, from a certain point of view, the first stone staircase is the most dangerous.

Like some geniuses who have completed their internal training, their foundations are unstable and their strength is weak, but they have a contempt for the first stone ladder; I thought, isn't it just the first stone ladder, will it threaten me? Then, when they saw the innate geniuses in front of them "whoosh", they rushed up, thinking that they could do the same, but the result was – vomiting blood! Kneel down!

On the contrary, the hundreds of stone stairs starting from the second step are much safer.

Because the difficulty of the stone ladder at this stage is not much higher than that of the first stage; and the geniuses at this time have put down their contemptuous attitude and treated it with caution. Naturally, it is not a big problem.

However, for the congenital geniuses, the first thousand steps of the stone stairs are completely no different from walking on the ground.

When some martial artists who had completed their internal training were still coughing up blood on the first step stone stairs, the congenital geniuses had already rushed to the thousandth step like the wind. At this time, they only felt a little bit of pressure.

Just a trace.

"Wow! Innate geniuses are innate geniuses, and they really are not comparable to those geniuses who have completed their internal training and are semi-innate!"

"Aren't you talking nonsense?" Immediately, a martial artist laughed and scolded.

“Who said that? Whoever said that a genius who has perfected his inner training and is semi-innate must not be able to compare with an innate genius?” said a young man with a shirtless upper body.

“Oh? Xiongtai, what’s your opinion?”

“Look – there is a warrior there, there is no innate aura on his body, but he is chasing the innate geniuses ahead!” The naked young man pointed and said.

Everyone looked over.

“I’m going, really!”

“Is that young man consummate in internal training or semi-innate, why is he so perverted?”

“It’s really perverted! He’s about to catch up with the innate geniuses in front of him!”

At this time, the swordsman with a bucket hat said with contempt, “A group of blind people! That person is Xu Ming!”

“Xu Ming?”

“Oh! It turned out to be Xu Ming!” Immediately, many people were stunned.

There are also melon eaters who don’t know the truth: “Who is Xu Ming?”

Immediately, the legend about the “God of Palm” Xu Ming angering the disciples of the Barbarian Sect was brought up again.

...

At the end of the mountain gate, many disciples of the inner sect stood here, watching the lively from a condescending height.

“I don’t know if there will be a few truly stunning new disciples this year!” said a blue-robed inner sect disciple.

Those amazing new disciples can easily become the friends of the old disciples.

After all, a peerless genius is equivalent to a peerless master in the future. Old disciples, naturally, we must seize the opportunity to establish a good relationship while the peerless genius is still weak.

“There must be!” Immediately, other disciples of the inner sect said, “As far as I know, there are three in the Martial God Kingdom! Chen Wansong, Song Jiahan, and Luo Feng are all in the middle stage of Xiantian!”

“Luo Feng must be a peerless genius, there is no doubt about it. Although Song Jiahan is slightly inferior to Luo Feng, he is also a peerless genius!” Song Jiahan is sixteen years old, while Luo Feng is only fifteen years old, “As for Chen Wansong...I think, his talent is on the same level as ours, right? After all, Chen Wansong is already twenty years old!”

“You’re only in the mid-innate at the age of 20, so there’s really nothing unusual about it!”

“It’s strange to say that Chen Wansong has already entered the innate, why did he not come to the gate until this year? If he had become a disciple of the inner sect a few years earlier, his current strength must be more than the middle stage of the innate!”

“Who knows! Maybe people like to waste their talents?” There was a voice of schadenfreude.

“Except for the few people in the Martial God Kingdom, other geniuses don’t seem to be amazing, right?”

“It doesn’t count!”

“Hey, have you forgotten someone?” A yin and yang strange voice sounded.

The one who spoke was a handsome young man in white.

“Who?”

“Who?”

The disciples of the inner sect did not react for a while.

With a mocking smile, the white-clothed boy glanced at the second, first, and third disciples of the inner sect who had been to Feiyun Kingdom, and his voice became more and more yin and yang: “You forgot, but there is a genius whose cultivation is not even congenital. Arrived, but slapped several inner disciples of our Wilderness Sect...”

The other disciples suddenly realized that they couldn’t help but cast a sneering look at the number two.

“Shut up, Wu Jun!” No. 2 shouted angrily.

Wu Jun, a young man in white, is still yin and yang: “Hey? I’m not telling the truth at all? – If you want me to tell you, it’s really useless; going to a small country in the countryside, you will lose all the face of our wild sect!”

“Shut up!” No. 2 iron fist was already clenched.

“What? Want to do it?” Wu Jun was not afraid at all, “I advise you to save your energy and see how I can help you get back the face of the Wilderness Sect~www.readwn.com~ Help me earn back the face of the Wilderness Sect. ?

No. 2 laughed dumbly: “You want to challenge Xu Ming?”

“Challenge? Even a martial artist from a small country is worthy of me to challenge him?” Wu Jun smiled disdainfully, “Please pay attention to the words, I just want to teach him an idiom – the sky is high!”

“Haha! It’s just you?” No. 2 laughed, “I might as well leave it here! If you can beat Xu Ming, I will immediately kneel down and kowtow three times to you, and from now on I will walk around when I see you in the Wilderness Sect. go!”

“Ha...” Wu Jun also laughed, “I’m not as useless as you! If I can’t even win a country boy, I’ll immediately kneel down for you and kowtow three times, and I’ve seen you around since then. Walk!”

...

Xu Ming didn’t know that, he honestly broke through a mountain gate, and was targeted again.

It really fits the saying: people are afraid of being famous and pigs are afraid of being strong. Since Xu Ming became famous, there have been many people who don’t know the sky and the earth. They think they are talented and want to step on Xu Ming to become famous – for example, Wu Jun, who is watching the battle at the end of the mountain gate.

However, Xu Ming is so easy to step on?

The first 3,000 steps of Shanmen Pass are not stressful for the innate geniuses; for Xu Ming, it is even less stressful.

Xu Ming slowly shortened the distance with the innate geniuses. When he crossed the watershed of the 3,000th order, Xu Ming finally ran together with the other innate geniuses.

“Finally followed!” Luo Feng, who was leading the front, glanced back, “I don’t know if this kid is really not interested in the ranking of Shanmenguan, or he is deliberately avoiding me, not daring to compete with me. !”

“Humph! Coward!” Luo Feng hated the feeling of being rejected for this challenge.

“Want to avoid me? You can’t avoid it! Even if you dodge the mountain gate and are in the same door, I will have the opportunity to challenge you in the future!”
